The Board of Commissioners of Lorain County, Ohio met this day in a regular meeting in the J. Grant Keys Administration Building, 226 Middle Avenue, Elyria, Ohio, with the following members present: Commissioner Michael A. Ross, Vice-president and Commissioner Betty Blair and Roxann Blair, Clerk. Commissioner Mary Jo Vasi, President, absent, attending a Welfare to Work Seminar, Columbus, Ohio.

The following business was transacted:

A.

JOURNAL ENTRY

Tom Kelley, EMA Coordinator and Carl Cook, LTC, EN-Corp of Army Engineers were present to request an agreement between the Commissioners and Corps of Army Engineers to discuss Advance Measure's Program for potential flood problems along Lake Erie.

Mr. Kelley stated there are flooding problems on Lake Erie due to high lake levels which are currently 2 feet above normal level.

He introduced Mr. Cook, Corp of Engineer, Buffalo District to discuss the Advance Measures Program at no charge to the county, to provide the Commissioners with an awareness program to help save property damages with regards to flooding.

Mr. Cook stated this was a supplemental program to the State, and the county's primary flooding is the Lake, no erosion problem but could be applied if government request.

There were one million sandbags unloaded to the State, which looks at this as a long term situation for Lake Erie. They are available to the county when requested from the state, but the Corps needs signed agreement that states the federal materials will be used as the Corps deems necessary.

All counties have signed off except for Lorain and Lake Counties. There is no cost to the county and several large portion sandbags are in the Columbus office and available for the Ohio River. There is no flooding now, unless the Governor comes forward and says we have general flooding from the rain, these sandbags are to apply only to the Lake flooding.

Commissioner Blair asked about the agreement, Mr. Kelley said a draft was available.

Mr. Cook stated this program is not specified for any specific groups but could be for homeowners, individual business, etc. as long as it is on the lakefront

Commissioner Ross said he needs to review before he signs.

Mr. Cook said the sooner we have this the sooner we can start to help, because with this weather and Elnino, the Lake is predicted not to freeze and if we get the rain and the wind it could cause damage, and delays the project.

Commissioner Blair said this could be looked at on Monday, January 12, 1998 at the organizational meeting. Mr. Cook said that is fine.

Commissioners thanked him for coming.

RESOLUTION NO. 98-9

13

In the matter of accepting on behalf of the Amherst Township)
Trustees the improvements to Hillside Subdivision No. 6,) January 8, 1998
Edward J. and Wanda Lee Gargasz, Developer's)

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated December 29, 1997 submitted the following:

"With respect to your letter of August 15, 1997 regarding the acceptance request letter of August 5, 1997 of Edward Gargasz for the above named subdivision, we submit our report. The Board approved the Subdivider's Agreement by Resolution No. 96-874 on October 31, 1996.

Hillside No. 6 contains 39 lots (126 thru 164.). The concrete payment and storm sewers were installed and approved by the Lorain County Engineer. Water mains and sanitary sewers were installed and approved by the City of Lorain.

Our records indicated that the review fee and inspection fees have been paid to this office by the subdivider. As of this date, our office has not received a set of as-build reproducible mylars of the improvement plans from the Subdivision's Engineer for our files. This item shall be addressed after acceptance.

This office recommends the Board pass a resolution accepting, on behalf of the Amherst Township Trustees, the improvements. The plat for Hillside No. 6, Amherst Township is recorder in Plat Volume No. 57, Pages 17-19, in the Lorain County Recorder of Plats as follows:

Deer Run Drive, with a road number T-230 extending westerly from the west line of Hillside Subdivision No. 4 to the center of a cul-de-sac, 342.99 feet or 0.065 miles in length.

Berry Ridge Drive, with a road number T-247 designation, southerly from the centerline of Deer Run Drive to the Southerly end of the Hillside No. 6 Subdivision plat, 1351.62 feet or 0.256 miles.

Moonstone Drive, with a road number T-233 extending westerly from the west of line of Hillside Subdivision No. 4 to the centerline of Berry Ridge Drive, 180 feet or 0.034 miles in length.

Dogwood Court, with a road number T-248 designation, westerly from the centerline of Berry Ridge Drive, 163.00 feet or 0.031 miles in length.

Please assign Deer Run Drive, Berry Ridge Drive, Moonstone Drive and Dogwood Court to be part of the Amherst Township road system. As soon as the necessary resolution has been passed, forward a copy to this office so that it may be inserted into Lorain County road records.

We also recommend that this acceptance be made contingent on the following items:

1. We have been working on a complaint from a downstream owner, John Eiden, regarding erosion in the outlet stream beyond the point where riprap was installed by Mr. Gargasz as part of Hillside #5 Construction. Mr. Gargasz preliminarily agreed to pay $1500.00 to riprap the 50 feet through Mr. Eiden's property. There is approximately another 150 feet that is also eroding. We have contacted the Soil Conservation Service and the EPA and they have agreed to install evergreen revetments on the additional 150 feet. We therefore recommend that this acceptance be made contingent on Mr. Gargasz paying $1500.00 towards these repairs.
2. The acceptance should also be contingent on the installation of street name signs and stop signs. The Amherst Township Trustees have been notified and indicated they accept the improvement based on contingencies as noted previously.

As soon as the necessary resolution has been passed please forward a copy to this office.

Please contact this office if you have any questions.

Sincerely yours, S/Kenneth P. Carney, Lorain County Engineer"

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the request from Kenneth P. Carney, Lorain County Engineer by letter dated December 29, 1997 we hereby accept on behalf of Amherst Township Trustees the improvements to Hillside Subdivision No. 6, Edward J. and Wanda Lee Gargasz, Developers.

FURTHER BE IT RESOLVED, said roads will be added to Amherst Township's road system as follows:

1) Deer Run Drive, with a road number T-230 extending westerly from the west line of Hillside Subdivision No. 4 to the center of a cul-de-sac, 342.99 feet or 0.065 miles in length.
2) Berry Ridge Drive, with a road number T-247 designation, southerly from the centerline of Deer Run Drive to the Southerly end of the Hillside No. 6 Subdivision plat, 1351.62 feet or 0.256 miles.
3) Moonstone Drive, with a road number T-233 extending westerly from the west of line of Hillside Subdivision No. 4 to the centerline of Berry Ridge Drive, 180 feet or 0.034 miles in length.

JOURNAL ENTRY

Linda Deitrich, parcel owner (PetMed, N. Ridge Rd.), said she sent letters to Roxann Blair, Clerk trying to understand what is going to be assessed to her property and when this was going to happen, but did not hear a response. She doesn't really understand what the assessments are going to be and when she spoke to the Engineers they said they would get back to her regarding this and some other people are here that are as concerned of what the amounts are going to be. How can this be finalized, we have no other say. She said in her opinion these amounts were excessive.

Fred Nelson, Sanitary Engineers Department said he went to the property and did reduce this amount of 250 feet by 32%.

Mrs. Dietrich asked if she would receive a letter, Mr. Nelson said yes.

Commissioner Ross asked if there were other property owners present. No response.

The following resolution was adopted:

The Board of County Commissioners of the County of Lorain, Ohio, met in regular session on the 8th day of January, 1998, with the following members present:

Mary Jo Vasi (absent-attending Welfare to work seminar, Columbus) Michael A. Ross
E. C. Blair

Commissioner Blair moved the adoption of the following resolution and Commissioner Ross seconded the motion.

RESOLUTION NO. 98-10

A RESOLUTION DETERMINING TO PROCEED WITH THE CONSTRUCTION OF SANITARY SEWER IMPROVEMENT NO. 106 WITHIN THE LORAIN COUNTY GENERAL SEWER DISTRICT.

WHEREAS, by Resolution No. 97-785, duly adopted on August 21, 1997, this Board determined it to be necessary to construct Sanitary Sewer Improvement No. 106 (the "Sanitary Sewer Improvement No. 106") as a part of the Lorain County General Sewer District and approved and ratified the detailed plans and specifications, the termini, the estimates of cost, the tentative assessments and the boundaries of the assessment district provided for Sanitary Sewer Improvement No. 106, and, notices having been given and a hearing having been held pursuant to law in connection with such improvement, this Board has denied written objections to Sanitary Sewer Improvement No. 106 heretofore filed; and

WHEREAS, this Board by Resolution No. 97-1062, duly adopted on December 4, 1997 determined that the resolution determining to proceed (improvement resolution) with the construction of Sanitary Sewer Improvement No. 106 would be considered by this Board at a meeting to be held at 10:30 o'clock a.m. on January 8, 1998, and notice of such determination has been given in accordance with Section 6117.07, Ohio Revised Code;

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of the County of Lorain, Ohio:

Section 1. That this Board of County Commissioners hereby determines to proceed with the construction of Sanitary Sewer Improvement No. 106 as a part of the Lorain County General Sewer District as provided for in the aforesaid Resolution No. 97-785 and in accordance with the plans and specifications, the termini, the estimates of cost, the tentative assessments and the boundaries of the assessment district provided for Sanitary Sewer Improvement No. 106, all as approved in Resolution No. 97-785.

Section 2. That bonds shall be issued in anticipation of the collection of special assessments levied against properties within the boundaries of the assessment district determined to be specially benefited for the purpose of preserving, protecting and promoting the public health and welfare and to pay costs to construct Sanitary Sewer Improvement No. 106 as described in such detailed plans and specifications; that notes shall be issued in anticipation of the issuance of such bonds and in anticipation of the levy of such special assessments; and any difference between the aggregate amount of the special assessments and the estimated cost of such improvement, after allowing for any available grants, shall be paid by the County at large from the proceeds of general obligation bonds or bond anticipation notes or other available funds of the County.

Section 3. That the County Sanitary Engineer, after the completion of said improvement, and the ascertainment of the actual cost thereof, is hereby directed to prepare, or cause to be prepared, revised assessments for such improvement based upon and in proportion to the tentative assessments therefor heretofore ratified and approved, the same to be payable in cash at the option of the property owners assessed or in installments over a period of twenty years.

Section 4. That on completion of the ten-day period required by Section 6103.07, Ohio Revised Code, the County Sanitary Engineer is hereby requested to cause advertisement for bids for the construction of such improvement at the earliest practicable date.

Section 5. That no requests for deferment of the collection of the assessments for Sanitary Sewer Improvement No. 106 were filed prior to the expiration of the five-day period provided by Section 6117.06, Ohio Revised Code, or prior to adoption of this resolution. Any requests for such deferment filed subsequent to the adoption of this resolution shall be considered individually as to whether good cause is shown with respect to the failure to file.

Section 6. That the Clerk of this Board is hereby directed to certify a copy of this resolution to the County Auditor within fifteen (15) days after its adoption.

Section 7. That it is found and determined that all formal actions of this Board concerning and relating to the adoption of this resolution were so adopted in an open meeting of this Board, and that all deliberations of this Board that resulted in such formal action, were in meetings open to the public, in compliance with the law.

Upon roll call on the adoption of the resolution, the vote was as follows:

Mary Jo Vasi "not voting"* Michael A. Ross "aye"

E. C. Blair "aye"

B.19 JOURNAL ENTRY

In the matter of awarding contract to K.E. McCartney &)
Associates Inc., in the amount of $7,200.00 for analysis of)
the existing storm water drainage system to determine) January 8, 1998
capacity and any needed work relative to the Colorado)
Avenue widening project)

Mr. Hamilton, Engineers Office said their office has been working with the City of Lorain to widen Colorado Avenue and the sewer and EPA have been approved. This office loaned them the money, coordinated the work and they in turn paid us $10,000.00 per year. Presently the EPA portion has been submitted to ODOT and we should receive word shortly then the storm sewers are the next step before final design.
Commissioner Ross asked if the $7,200 will cover cost to end or will there be additional cost. Mr. Hamilton said there will be additional cost, final design is $150,-200,000.
Commissioner Blair asked how will this be paid for, Mr. Hamilton said $10,000/year is to be received from Lorain but don't know if this figure would cover part of the final design.
Commissioner Ross asked how many payments have been received and how far the project was. Mr. Hamilton said around $30,000 has been received and they are still working on some requirements from ODOT
Commissioner Blair asked why the county was involved, Mr. Hamilton said at the time this started, City of Lorain was in bad financial status, so they worked with Mr. Prudoff, Mayor Olejko and Spitzers to fund project with ODOT agreeing to participate in local share of 20% construction if it would be completed. The County Engineer agreed at that time to front the money, if Lorain pre-paid $10,000.00 per year and the Commissioners have approved these steps all along.
Commissioner Ross stated he was not familiar with this project and would like to review. Mr. Hamilton said he would get all correspondence relating to this.

Commissioners placed this on hold for further review until Board meeting of January 12, 1998.

JOURNAL ENTRY

Cathy Bivens, District Representative to Paul Gillmor, District #5, was present to hear if anyone had comments or concerns she could take back to the District.

JOURNAL ENTRY

Tom Molich, asked how the County could consider co-signing the loan for the railroad, he said he was against this. He had worked 38 years for U.S. Steel in management and labor and at no time were there any discussions that we needed a third rail down there. CSX and Norfolk Southern are both union rails, if you fund the 3rd this would be non-union and it will knock union guys out of work. He stated he has lived and walked these lines often and not that many trains run. Rumor was to haul coal to W. Virginia don't use it, coal plants going out of business. The iron ore goes by boats, no need for raw materials in this county. Can not even haul garbage out of BFI, there is no line.

In todays paper it said there was a $2 million dollar loan on top of the $1.5 million dollar loan.

Commissioner Ross stated this is a new year and he will not use this form to discuss what people read in the newspapers. He told Mr. Molich his points can not be addressed by this board, he should discuss them with Lakeshore railroad, which we do not represent. His initial point about wheather we would or would not consider involvement with this project is valid.

Commissioner Ross asked the residents to please caution their remarks so that the Board can respond to them.

Mr. Molich said before we have this done, we should have an engineers report done, not mine, a specialist and get a financial report to see if this $4 million dollars can be paid.

Commissioner Ross said if the 2 reports were obtained and it shows that they can pay this back would you suggest we considered getting involved.

Mr. Molich said this would cost more than $4 million, go look at some of the bridges, ask the engineer what it would cost.

Commissioner Ross said he for one would have all information available as well as all comments to be considered.

Mr. Molich said the editorial in the paper stated not so fast, there is truth to this.

Commissioner Ross said we could set up a forum for this, but this is not the one.

JOURNAL ENTRY

Lola Robertson asked if the public could get a copy of the guidelines about how we should speak at these meetings. Commissioner Ross said certainly as soon as they are available.

Mrs. Robertson asked Mr. Innes, Asst. County Prosecutor if he had the right to curtail what we speak of and where we get the information.

Mr. Innes said the Commissioners have the right to set the rules and regulations regarding their meetings and if they have an issue, relating to a public hearing on annexation or tax issues, etc. they have to hear the public

The session at the end of the meetings, asking for public comments is at their total discretion.

Mrs. Robertson said thank you.

JOURNAL ENTRY

John Penton, resident of County for 73 years stated he got on this railroad thing when they started and he did his economic research with a paper here from Ashland. It describes how they got into the same thing similar to what is going on here and it ended up Ashland Chamber of Commerce is $150,000.00 only in debt since 1984-1994. His property is adjacent to this railroad and no matter if the Turnpike will accommodate or not, they will give him $680,000.00 for his property, but this does not make a difference to him. His stated his total interest in the county is the safety, lets clean it up, not go and allocate a loan. The railroad is allowed to be here and will lay here for many years to come, he had pictures of how it use to look.

Commissioner Ross asked him if his main concern was the safety and beauty of our county and if he would be opposed to Lakeshore railroad cleaning it up. Mr. Penton said yes but it would take a lot, widen all curves, need more crossings for the line and the money is not the issue.

JOURNAL ENTRY

Jeff Blackstone, Elyria Township Trustee, stated he understands the railroad will go through Dellfield Road which is the Township and asked if this was correct.

Commissioner Ross said the Noard couldn't answer this. Mr. Blackstone said he was asking because a lot of residents have a concern with this being in their backyards. It would run through Murray Ridge and across W. Ridge. If this Board has any decisions in this, please consider the concerns of these residents, because what is good for the county, sometimes is not good for the residents. Right now, we are talking about people and these trains are in their backyards and other people will be effected.

Commissioner Ross asked if there was any formal communication between Township and Railroad, Mr. Blackstone said no, neither one of us have contacted each other.

Commissioner Ross said get a hold of the railroad and discuss this matter with them and how residents will be affected.

JOURNAL ENTRY

Harry Bierlko, Avon said he felt the money is his concern, the Board, the community and the county, this is what makes the world go around. If we have to put money were it doesn't work we shouldn't put it there.

Commissioner Ross said this particular project is not asking for dollars. Mr. Bierlko said it is asking for a loan and those are his dollars. He said the money is a concern and the bottom line is always a concern. He felt not only money but the safety in our community. He said U.S. Kobe could be interested because this would save them money and bring a lot of money into community by employment, do you have facts or official correspondence that would bring money and jobs to our community. If it is not stated and documented, he said he doesn't think it is worth that much, he is totally against the project not only for safety but for economics.

Commissioner Ross said he appreciated his comments.

JOURNAL ENTRY

Mr. Kish, Pittsfield Township said the railroad is his neighbor and a bad one. He has a problem with the railroad and Mr. Hamilton is aware of the problem on Hughs Road where it floods, because the ditches have never been cleaned for years by the railroad. He said he has talked with the Township Trustees and they say they can't talk to the railroad because they are untouchable, but he has talked with them at the railroad station in Wellington. He took a video this morning canoeing across Hughs Road. You say money is no issue, but we have an evaluation and surplus in the County, a LORCO sewer district and airport that goes nowhere. He said he would love to see the airport do something, it was once suppose to be the replacement for Cleveland, Cleveland is not a major airport, we just think it is, they think it is. Most flights in this area fly over, no over sea departures what can and can't we afford, before we start putting sewers in we should take care of what is already here. Mayor Koziura has stated he would like to tax or charge water that would flow downstream so they can handle the flood waters. He said he didn't order the water it comes from above him, he has no control. He also stated he may not be able to get a permit to build on his 52 acres of farm because of the water problem on Hughs Road which is caused by blockage of water draining to Lorain County to the south of which they don't want. The only alternative he sees is to take the surplus and start building above ground reseviours and let the water down during dry periods.

Commissioner Ross said the railroad is your neighbor and a bad one, but how can we help make them a better neighbor to you.

Mr. Kish said one word, which no one will acknowledge is "responsibility", they are to maintain fences, ditches and obnoxious weeds.

Commissioner Ross said in a general sense we should apply pressure to owners of the railroad to clean it up.

Mr. Kish said another neighbor of mine, lives on Pitts Road and the railroad was taken out by the township. Now, this has been replaced and the drainage was improper and the man has a flooding problem. Sewers are nice but we are presently living in water that we can't get rid of.

Commissioner Ross said this is a critical issue and we need to take them one at a time.

Mr. Kish sated they are all related but don't know what the solution is and no one wants to take responsibility.

He also said there is a petition and the township will not petition for the entire watershed but he could which will cost him $750 but they could do it gratias and they won't.

JOURNAL ENTRY

Alan Chastal, VP, Public Affairs & Sales, Lakeshore Railway Association stated he had to rebut Mr. Kishs' statements on Hughs & Pitts Rd flooding problems. Pitts Rd crossing was re-installed with help by the LC Engineers and drainage was done properly but he couldn't speak for the other neighbors flooding problem. As for Mr. Kish's flooding problem every one likes to blame railroad but there are no substantial issues to his facts and have no determination from the county engineers claiming the railroad is causing this flooding, but if it would happen the railroad would rectify this situation.

Commissioner Ross asked if anyone knew what was causing this, Mr. Chastal stated he was not an engineer. Mr. Kish said there is a 16 ft culvert installed improperly and have hand dug this ditch and this is a railroad ditch.

Mr. Chastal said there is flooding in the culvert. Mr. Kish said look at the bottom of the ditch which is higher than the top of the culvert.

Mr. Chastal said the railroad needs a determination of the responsibility and we would look into this.

Commissioner Ross said who needs to determine this, Mr. Chastal said the County Engineer.

Commissioner Ross said we will solve this problem we will send a formal request to the County Engineer to assess the responsibility for the overflowing of these ditches and if it becomes the responsibility of the railroad we ask that they take care of it.

JOURNAL ENTRY

Mr. Godfrey stated his two concerns were reopening of 14 railroad crossings and regrets by his stupidity was hit by a train and they do break the rules. If they are running late they do not go the speed limit. 2) The money the state is giving to the railroad with support by county commissioners requires bonds to be floated and if not enough bonds are floated then the money has to come from somewhere and that somewhere is us as part of our taxes and can't see the county take this responsibleness at the risk of the taxpayers.

Commissioner Blair stated she was not sure where the newspapers got their information about the county floating bonds, this is interesting to her, this board has not discussed floating bonds.

Commissioner Ross said his analysis of their request of floating bonds is not part of the issue and many citizens do raise valued safety points.

He stated he is cautioning the citizens who are acting on bits and pieces of information, this is to try and make sure when you come in, this board will not be the target, please unload your guns and lets deal with the facts.

Mr. Molich said the railroad will cross W. River, Falcone, 254 and E. River. He said he can't walk his dog because there are to many drivers and many wrecks will happen with the train coming across and the traffic will be backed up continuously, this will be a nightmare. We don't need this headache and the only thing he found was that Spitzers downtown could use it but U.S. Steel and the people don't.

JOURNAL ENTRY

Glen Morris, 47344 Rt 511, Oberlin stated he knew for a fact you people are responsible for drains and he is being assessed for a ditch that is going though his property. He said the railroad and the ditch are being put on him at $1.97/foot/acre and they are responsible for drainage. What is our county's responsibility, to furnish money for railroad crossings. Commissioner Ross said he couldn't answer but will find out.

Commissioner Ross said he will research all inquiries and have Lakeshore rail here to discuss further details of their plans, and hold them responsible for what they do and whatever the law says.

Mr. Morris stated he was not sure our county is the bank, we shouldn't be in the banking business.

RESOLUTION NO. 98-39

In the matter of awarding contract to K.E. McCartney &) Associates, Inc., in the amount of $7,200.00 for analysis) of the existing storm water drainage system to determine) capacity and any needed work, relative to the Colorado) Avenue widening project) January 12, 1998

WHEREAS, Kenneth P. Carney, Lorain County Engineer, by letter dated January 6, 1998 requested the following:

"The County has been assisting the City of Lorain with the widening of Colorado Avenue from Henderson Drive to the corporation limits by coordinating the engineering work and loaning the City the funds for the Engineer. The City has been repaying the loan at $10,000.00 per year.

The Commissioners, by Resolution #94-824 authorized preliminary development at a costs of $26,940.555. By Resolution #97-138, the Commissioners authorized environmental work at a cost of $32,000.00. The City has made three payments of $10,000.00 towards this project. The next step in this matter is an analysis of the existing storm water drainage system to determine capacity and any needed work on the storm drainage system. This is especially needed because of the proposed development in this area. We have obtained a quotation form K.E. McCartney & Associates, Inc, in the amount of $7,200.00.

Lorain City Council approve the additional cost on January 5th. They would continue to repay the total loan at $10,000.00 per year.

Please take the necessary action to award this contact to K.E. McCartney & Associates, Inc., in the amount of $7,200.00. The funds are available in A&G Account –ENGCONSER. Thank you for your cooperation in this matter.

Sincerely, S/Kenneth P. Carney, Lorain County Engineer"

NOW, THEREFORE BE IT RESOLVED, the Lorain County Board of Commissioners based upon the request of Kenneth P. Carney, Lorain County Engineer by letter dated January 6, 1998 we hereby award contract to K.E. McCartney & Associates, Inc., in the amount of $7,200.00 for analysis of the existing storm water drainage system to determine capacity and any needed work, relative to the Colorado Avenue widening project.

Motion by Vasi, seconded by Ross to adopt Resolution. Ayes: All.
Motion carried.

JOURNAL ENTRY

Commissioner Blair stated she would like to make appointments to NOACA for the county's representation. She was nominated as Deputy Treasurer for NOACA last week.

She would like to appoint herself, Alternate Calvin Waite and Commissioner Ross to serve for the year 1998.

Commissioner Vasi said she would like to have a liaison representing her.

Commissioner Blair said that person will have no voting power.

Commissioner Ross said he will be serving himself, but will find an alternate.

The following resolution was adopted:

RESOLUTION NO. 98-40

In the matter of re-appointing Commissioner Betty Blair and) her Alternate Calvin Waite and appoint Commissioner) January 12, 1998 Michael A. Ross as Lorain County's representation to NOACA) for the year 1998)

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby re-appoint Commissioner Betty Blair and her Alternate Calvin Waite and appoint Commissioner Michael A. Ross as Lorain County's representation to NOACA for the year 1998.

Motion by Blair, seconded by Ross to adopt Resolution. Ayes: All.
Motion carried.

JOURNAL ENTRY

#2. Commissioner Blair stated a letter was received from Children Services regarding 3 appointments expiring 12/31/97; Timothy Boylan, Delbert Mason & Marie Robinson and 2 new appointments. The re-appointments should be done.

Commissioner Ross said he would like to look at this boards composition and talk with Dr. Crow. Commissioner Vasi agreed.
Commissioner Blair asked Mr. Innes if people on other boards could serve until their replacements are made,
Her concern is that they have a full board to operate on.
Mr. Innes said he didn't' believe anything is statutory about this and would look at what the resolution says, but their term probably ends
Commissioner Ross said the 3 vacancies could be filled within the next 2 weeks
Mr. Muntean said this board was expanded a few years back and more members are on then the statute calls for, so they could have the necessary quorum without these 3 members
Mr. Innes will follow up on this.
Commissioner Vasi said there are several other vacancies opened and talking about Board members she would authorize the Clerk to send a letter to all boards that the board members have to be sworn in each year, because a lot of them forget.

#3. Commissioner Blair mentioned Children Services board appointments.

#4. The Commissioners will hold their regular Board meting on Thursday, January 15, 1998 at 10:30 am.

G. BOARD CORRESPONDENCE

Motion by Blair, seconded by Vasi to waive the reading of the correspondence as follows: Ayes: All.
Motion carried.

#1. Notice from the PUCO of their findings on the Investigation Relative to the establishment of interstate access charges; application of the Ohio Bell Telephone Company for approval of an alternative form of regulation; and implementation of Substitute Senate Bill 306 or Substitute House Bill 734 of the 121st General Assembly.

#2. Monthly-itemized statement of the actual cost of keeping and feeding prisoners and other persons placed in Sheriff's charge pursuant to ORC Section 311.20, for the moth of December 1997; Number of meals served was 16,290 at a cost of $.94 per meal.
(Total includes purchases made for 3 weeks into January 1998)

JOURNAL ENTRY

Sandra Jordan said she lives next door to Lakeshore Railway station, Wellington and would like to ask the board to revoke the financing and/or guarantee a loan. The Commissioners should come and see what has been done, it's a dump. She has 2 small daughters and they have no consideration, they go through on school nights and just fool around. She urges the Board to consider this, because if you lived on this road you would do the same thing.

Commissioner Ross said he had good news, at meeting last week several people came in here and talked to us about the condition of this property and many issues were raised. Over the weekend he went out there and saw this himself. He contacted Lakeshore railway and one thing they have assured him that some of this money will be used for cleanup. Mrs. Jordan said 4 years ago they assured us this property would be cleaned up within 1 yr.
Commissioner Ross said he wasn't here 4 years ago and if we do or don't support this they are responsible for the plight out there and he will take it upon himself to continue to apply pressure to them to get it cleaned up.

Mrs. Jordan said she would appreciate this but this is just the start.

Commissioner Ross said this is the only place we have to start right now and in 6 months we will know whether or not they are living up to their assurances.

Mrs. Jordan said your decision has already been made. Commissioner Ross said yes, my decision has been made to help you clean this up.

Mrs. Jordan said it is a big mistake to get into financing hobbies. She said this Board is making a dreadful misuse of your majority and there are to many other issues in this county that need addressed and Children Services is a good example of one.

JOURNAL ENTRY

A Gentleman, stated he would like to see some financial paperwork, do they have an income, money to pay for this loan.

Commissioner Ross said you have to talk to them about this, Mrs. Jordan raised an issue that the Commissioners might be able to help her with. Your concern can't be answered here you have to contact Lakeshore railway this is not the place for this.

Commissioner Ross said if it was financial data for the county, I would in turn give it to you. Resident told him he is wrong, I am a taxpayer and as this he is guaranteeing this loan and he wanted to see if they could afford this.

Commissioner Vasi thanked everyone for attending this meeting today.

The meeting then adjourned:

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All.
Motion carried.

In the matter of accepting on behalf of Carlisle Township)
Trustees the improvements to Carlisle Woods Subdivision) January 15, 1998
Phase 1, Darryl Norris, Developer)

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated December 26, 1997 submitted the following:

"Carlisle Woods subdivision, containing twenty-one (21) lots and concrete pavement with drainage improvements were constructed. A final field inspection was made on December 23, 1997 and two areas of concern were noted at sublots 13 and 47, regarding guardrail placement adjacent to the ravine located at approximately Station 17+00.

In order to protect the west end approach (both sides) to the ravine, the developer has agreed to rework the forslope on the north side (S/L 13) to a 4:1 slope and to eliminate a gap on the south side by constructing a dike (3 feet in height) between the guardrail and the existing ground. These measures shall be taken instead of extending the guardrail to the west. The speed limit for the roadway shall be 25 MPH.

Due to weather limitations, it would be in the best interest to complete this corrective work in the spring of 1998. After completed said work; a field check will be done by our office and the township road superintendent, Bob Schworer. The Carlisle Township Trustees have given their acceptance of the improvements based on these conditions. Please see attached Township Trustee's letter. The inspection fee shall be paid by the developer from an escrow account with Northern Savings and Loan, Elyria, Ohio.

This office recommends that the Board pass a resolution accepting the improvements and to enter into a one year maintenance agreement on behalf of the Carlisle Township Trustees for the subject subdivisions as Recorded in Plat Volume 58, Page 58-60 on March 13, 1997, Lorain County Board of Plats as follows:

Mallard Creek Run, with a assigned Road Number T-249 easterly from the centerline of Nickel Plate Diagonal Road (C.R. 27), to the end of pavement, 2353,94 feet of 0.446 miles in length. A temporary cul-de-sac was installed.

Please assign Mallard Creek Run to be a part of the Carlisle Township road System. As soon as the necessary resolution has been passed, please forward a copy to this office so that it may be inserted into the Lorain County Road Records.

Also included are original maintenance bonds for the subdivision's improvements naming the commissioners as obligee.

If you have any questions, please contact this office.

Sincerely yours, S/Kenneth P. Carney, Lorain County Engineer"

Said Maintenance Agreement is as follows:

MAINTENANCE GUARANTEE AGREEMENT

This Agreement is entered into by and between the Board of Commissioners of Lorain County ("Board"), and Norris Builders Inc. ("Developer"),

WHEREAS, Developer is about to complete all pavement and drainage improvements in Carlisle Woods Lorain County, Ohio as recorded in Lorain County Record of Plats Volume 58 Page 58-60; and

WHEREAS, a maintenance guarantee is required by the Lorain County Engineer Specifications and Regulations for Subdivision Development at the time of final acceptance by the Board of the improvements within a subdivision; and

NOW THEREFORE, the parties agree as follows:

Developer guarantees that all improvements are in satisfactory condition and agrees that he will repair, at his sole cost, all failures due to faulty construction as soon as same become apparent. Developer shall also be responsible for repairing damage due to erosion or abuse by owners and utility or construction companies working with the subdivision.

All improvements shall be in a condition acceptable to the Lorain County Engineer at the end of the maintenance period, which period shall expire one year from the date of the execution of this Agreement.

As security for Developer's guarantees and covenants herein, Developer shall secure a maintenance bond, which is attached hereto in the amount of $ 31,295.00 bound to the Board, in compliance with Chapter 153 of the Ohio Revised Code. If Developer fails to perform the aforementioned maintenance of the improvements to the complete satisfaction of the Lorain County Engineer and if Developer is otherwise unable to pay for same, Board shall be entitled to enforce and invoke the provisions of the maintenance bond, payment therefrom to be utilized by the County Engineer in making any needed repairs.

The Board shall give at least ten (10) written days notice to the Obligor on the bond and Developer of any default by Developer in his performance of repair and maintenance. Obligor in the bond shall receive any such notice of default from the Board within one year of the date of this Agreement, and in any event, shall not be obligated for any costs over the aforementioned sum. Developer shall remain primarily liable for all maintenance expenditures, including any and all expenditures over and above the stated amount.

In Witness Whereof, the parties hereto have set their hands at Elyria, Ohio this 5 day of Jan, 1998.

RESOLUTION NO. 98-54

In the matter of approving in the inside telephone)
Connections and service on a monthly basis for the) January 15, 1998
Sheriff's substations in Eaton, Amherst and Pen-)
Field Township from the general fund)

WHEREAS, Sheriff Martin J. Mahony and Captain Joseph A. Bell by letter dated December 19, 1997 requested the following:

"Through the joint efforts of the Lorain County Commissioners and the Amherst, Eaton and Penfield Township Trustees we have been able to establish three (3) law enforcement sub-stations. This is a significant step in providing better law enforcement services to all 18 township s and several villages in Lorain County.

The townships have invested over $30,000 in this endeavor as well as the continuing cost of electric and natural gas. The County occupies and uses the out-posts without cost of rent or other remuneration.

The overall success of this project depends on the amount of services (workload) we are able to conduct at the sub-stations. Details on the operational profile of sub-stations is noted in the attached comment dated May 7th, 1997.

One of the most important tolls we need for conducting business at the sub-stations is the telephone. Said public utility will enable our officers to conduct business from their assigned areas and fax and/or modem the file reports to the Sheriff's Office on Murray Ridge. This will save valuable time and allow the officers to remain in the assigned districts, which makes them more available and reduces response times.

We request the Lorain County Commissioners fund the telephone service for the three (3) sub-stations (see attached cost estimates). We in-turn, will provide the best service we can with the tools you provide us.

Two lines are needed at each sub-station. One for general use and modem transfer and the second for the public emergency phone supplied by our 911 service (Greg Dixon).

Respectfully submitted, S/Sheriff Martin J. Mahony & Captain, Joseph A. Bell"

NOW, THEREFORE BE IT RESOLVED, the Lorain County Board of Commissioners based upon the request of Sheriff Martin J. Mahony and Captain, Joseph A. Bell by letter dated December 19, 1997 we hereby approve the inside telephone connections and service on a monthly basis for the Sheriff's substations in Eaton, Amherst and Penfield Township from the general fund.

Motion by Vasi, seconded by Blair to adopt Resolution. Ayes: All.

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby approve and enter into Agreement between the Board of Commissioners and the United States of America/Corps of Engineers for Advance Measurers-Self help/Flood Emergency Assistance Program at no cost.

Said Agreement is considered a part hereof to this resolution by reference thereto and can be found on file in the Commissioners/EMA Office as follows:

AGREEMENT BETWEEN
THE UNITED STATES OF AMERICA
AND
THE COUNTY OF Lorain, OHIO
FOR ADVANCE MEASURES--SELP HELP PROGRAM
FLOOD EMERGENCY ASSISTANCE

THIS AGREEMENT, entered into this 15th day of January, 1998 by and between the UNITED STATES OF AMERICA (hereinafter called the "Government"), represented by the Contracting Officer executing this Agreement, and the County of Lorain, (hereinafter called the "County") under provision of Section 5 of Public Law 84-99, approved 18 August 1941 as amended (33 USC, 701n);

WITNESSETH THAT:

WHEREAS, Public Law 99, 84th Congress, approved 28 June 1955, authorized the Chief of Engineers to flood fight and to protect federally authorized hurricane or shore protection being threatened when such is warranted to protect against imminent and substantial loss to life and property; and

WHEREAS, the level of Lake Erie has taken an aggressive rise from July 1996 to present, and the resulting potential for a substantial amount of property damage has increased dramatically; and

WHEREAS, emergency flood preparation is needed to combat potential damage by floods and storm induced flood waters; and

WHEREAS, the County has exhausted resources available to it for flood emergency preparation to the extent that in order to provide the necessary level of flood protection, it urgently requires flood protection construction materials and technical assistance from the Government; and

WHEREAS, the Governor of the State of Ohio has requested in writing, assistance under Public Law 84-99, for counties which qualify for assistance in accordance with the established policies of the U.S. Army Corps of Engineers.

NOW, THEREFORE, the parties agree as follows:

1. The Government will perform the work described in its scope of work which is made part of this agreement.

2. The County agrees, that in consideration of the Government providing flood protection construction materials and technical assistance under provisions of Public Law 84-99, to fulfill the requirement of non-Federal cooperation required by the U.S. Army Corps of Engineers regulations, to wit:

a. Provide without cost to the Government acceptable, secured storage areas (no more than two) for the receipt, storage, protection, and reissue of Government-furnished materials;

b. Hold and save the United States free from all damages due to the construction, operation, and maintenance of the authorized work, except where such damages are due to the fault or negligence of the United States or its contractors;

c. Assure that all flood protection works constructed hereunder, including flood protection works by local governmental entities are maintained intact through the end of the present, Great Lakes and Connecting Channels high water/storm flood threat;

d. That all materials furnished by the Government will be used to protect residential, commercial, and public facilities that are endangered by flooding due to the high levels of the Great Lakes. Areas susceptible only to erosion, but not flooding are excluded;

3. The County further agrees:

a. To furnish Use Location Plans for all flood emergency protection works to the Contracting Officer or his designee, for technical review and verification of the flood protection materials required;

b. When construction of the flood protection works requires participation or use by local entities within the County, the County shall provide Government-furnished materials to the local entities without cost;

c. That upon completion of all flood protection works, all Government-furnished materials not used shall be returned upon request of the Government;

d. To maintain records pertaining to the receipt, distribution, and use of all Government-furnished materials and provide such records to the Government upon request;

e. Comply with applicable provisions of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, Public Law 91-646, approved 2 January 1971, in acquiring lands, easements and rights-of-way for the project and inform affected persons of pertinent policies, procedures, and benefits in connection with said act;

f. Comply with Section 601 of Title VI of the Civil Rights Act of 1964 (PL 88352) and Department of Defense Directive 5500.11 issued pursuant thereto and published in Part 300 of Title 32, Code of Federal Regulations.

4. Definitions:

a. The term flood construction or Government-furnished materials shall include sandbags and plastic sheeting;

b. Technical assistance means guidance by the Government or its Contractors as to the proper methods for the construction of sandbag dikes and other temporary flood protection structures;

c. The Use Location Plan will identify each location in the County requiring sand bag placement. The Government is not responsible for securing any of the necessary interests in land which may be required for the placement of materials at the selected sites. Furthermore, the Government is not responsible for compensating any landowner for use of any land in connection with the project. Each plan shall include a map or drawing with the following information:

(1) Names of street (s) and highway (s), with subdivisions, and identification of township section (s) as applicable;

(2) Length and height of dikes to be constructed;

(3) Description of property by type and number of structures or facilities to be protected;

d. The Contracting Officer shall be the Commander, U.S. Army Corps of Engineers, Buffalo District, or his designee;

5. This agreement terminates when the authorized program and work performed by the Government, to include the return of unused Government-furnished materials, is completed.

C. COUNTY ADMINISTRATOR

Mr. Virgil J. Muntean had no issues for this day.

D. ASSISTANT COUNTY PROSECUTOR

Mr. Innes requested an executive session to discuss pending litigation.

E. OLD BUSINESS

JOURNAL ENTRY

Commissioner Vasi had a few things to discuss:
1) She stated she was unable to attend APL meeting Tuesday and wondered if Commissioner Ross attended. He stated no he did not.
2) As a reminder for distribution of Title XX money, maybe Mary Lou Golski, Director, Human Services can explain this better, but we should send notices out to the applicants and also current applicants (providers) should receive notice. Ms. Golski stated they normally put notice in newspaper to entertain any other provider that would like to contract.
Commissioner Vasi said this is now up to the Commissioners because the Board was dissolved, Ms. Golski said yes, the Advisory Board.
3) Commissioner Vasi said County Human Services Dept. received $385,658.00 in Medicaid outreach and money can not be spent unless we have a plan put together by February. Ms. Golski said the report needs to be in Columbus by March 31, 1998.

Commissioner Vasi said PIC also has $782,414.58 we can receive but we need a planning committee and plan in place, and this is by February 1998.

4) Also Ms. Golski has to submit 2 names of human service employees for the Welfare Reform committee as required by H.B. 408.

5) We should also meet with Teresa McCoy from PSI for the Welfare Reform project.

F. OLD BUSINESS

JOURNAL ENTRY

Commissioner Vasi said a senior citizen came in last week and he was concerned and upset about the parking deck while doing business in the county buildings and has to pay for parking. He stated his taxes have already paid for parking and maintenance of it and as a taxpayer he shouldn't pay for the parking deck.

G. BOARD CORRESPONDENCE

1. NOACA Project Notification & Response Forms

2. Report on Audit of Financial Statements for the year ended December 31, 1996 for the Lorain County Regional Airport, prepared and submitted by Frank, Seringer & Chaney

3. Request from the Ohio Division of Liquor Control to transfer license form Ashland, Inc., DBA Rich Oil #155, to Speedway Superamerica LLC DBA Rich Oil #155, Sheffield Township

4. Report of the Grand Jury – Judge Zaleski

5. Letter form the Ohio Dept. of Human Services on the quarterly report of CDHS Food Stamp Payment Accuracy

6. Notice before the Tax Commission, Dept of Taxation to authorize and direct the County Auditor of Cuyahoga County to proceed immediately to reappraise and reassess all the real property in said county as provided in Section 5713.01, ORC for tax year 2000.

JOURNAL ENTRY

Lora Whitman, Elyria Township asked about the railroad. Commissioner Ross directed her to a gentleman from Lakeshore Railway and asked Roxann to provide her with the information so she can contact them, since we are not here today to discuss this.
Ms. Whitman asked the board if they have agreed on co-signing the loan, Commissioner Ross said once this is public it will be on the agenda and at this time it will be acted upon in public, but we have not assigned a date, and we will notify the public when it is.

JOURNAL ENTRY

A Gentlemen stated that the Lorain County Alliance according to the Journals, Editorial which after he read, states they are working towards the flood plan but this goes back 10 years since the county has been talking about master flood plan for storm water. Commissioner Blair said the next Community Alliance meeting was Friday, February 6, 1998, 9:00am in Commissioners Public Hearing Room. 2 issues 1) flood plan issues can be directed to Patricia Knight, Acting Director Community Development Dept. and 2) drainage overall and have been working on master drainage plan and drainage will be used with Comprehensive Land Use Plan. Also Lorain Safety Service Director will attend meetings as a continuing interest. We can not solve all these problems unless we can all get together for forethought.

Commissioner Vasi said bids have been received for a consultant but they are being reviewed.

JOURNAL ENTRY

Mr. Baker, Pittsfield Township said the problem is homes are being built that are in low plains retention basis. We call the Trustees and they say this is health permit. There is no one policing these properties but $150-200,000 homes are being built on 1.2 to 5 acres and allowing the taxpayers with no break on their taxes for their properties to be used as retention basis. He said his home was featured on the front page of the Chronicle Telegram this weekend with 2.4 inches of rain and 3 lots flooded on the frontage with 700 ft wide, 500 ft from the road up to 3 ft of water because there is inadequate drainage. If they continue to allow these homes to be built, there needs to be policing because the Townships can't disapprove building permit because Health Dept. issued sanitary permit but the taxpayer has to live with these problems. There are no restrictions in deeds as the land is being used as natural retention, this land has flooded for 80 years and farmer can not farm, but can sell 9 lots of frontage with no adequate drainage.

Commissioner Vasi stated she came down 301 last week and it was terrible.

Commissioner Ross said this could be addressed in the drainage and comprehensive land use plan but you have to go to these Township Trustees meetings.

Mr. Baker said he has been to meetings, but no answers and Hughes Road does flood. According to ORC they are accountable for any drainage or culvert cleaning to the area and we can not get them to put a drainage pipe in on either north or south side of road but yet they chip and tar for the farmer for his equipment.
Commissioner Ross said he sympathies. Mr. Baker said no time for sympathies, this needs to be addressed, and the County Engineers even did this survey that stated a 24" culvert should be on the north side of road and 36" culvert on south side of road. Have talked with engineers and have an agreement with 7 other property owners to get this rectified and even a solution will be inadequate. Commissioner Blair said Mr. Kish is involved with Soil & Water Conservation and believes they are working on this. Mr. Baker said this is part of it and hopefully they will look at the ditches and clean it out and all for railroad getting money, good thing but issues have to be addressed.

Mr. Innes, Assistant County Prosecutor, stated in 1981 the did state townships would take care of drainage but in 1991 the Trustees oppose burdens on citizens and took power away from trustees with a strange petition process going with idea that they would allow the people to vote on how they wanted to assessed on issues. But if there is a drainage problem that is only affecting 5 people the others won't vote for it, so what do you do. Mr. Baker said that is correct, but posting the $750 bond to petition our commissioners, on a process to maintain 3 years and labor rates with an agreement but petition process inflates cost, these things need addressed before the homes are built and health and building permits are granted. The Health Dept. has to look at the whole situation because they look when it is a dry period.
Mr. Muntean stated the Health Dept. did issue sanitary permits and this was their only concern now they have adopted new sanitary permit regulations in fall of 1997 and now health dept. looks at both the sanitary septic permit, outlet or mechanism and type of sanitary permit they will issue as the storm water and drainage situation.
Mr. Baker said he was glad to hear this but it is frustrating to be living in a home for the last 2 ½ years, to have this problem rectified.

Commissioner Vasi stated as a suggestion to the Trustees, the National Corp of Engineer or National Guard will help come in to clean these ditches up and put new ones in.. Mr. Muntean said it is the Corp of Engineers. Commissioner Vasi said this is free learning experience and has been done in Columbia Township.
Mr. Kelley, EMA Coordinator said Columbia was done by the Civilian Conservation Club as part of Natural Resources, but if these people would like to contact him, he might have a source available.

JOURNAL ENTRY

Commissioner Ross moved, seconded by Blair to recess into an Executive Session to discussion pending litigation. Upon roll call the vote taken thereon, resulted as Ayes: All.
Motion carried.

The following business was transacted:

A. JOURNAL ENTRY

Mr. Greg Dixon, 9-1-1 Coordinator was present to address the Board and request Levy Renewal for 9-1-1 to be placed before the voters at the May 1998 Primary.

Mr. Dixon stated that the 9-1-1 has been in existence since 1989, serving the entire County in the beginning then in 1991 since a portion of Vermilion is in Erie County, Erie County is now entirely serving Vermilion.

The Lorain County 9-1-1 system is serving the remainder of the 495 sq. miles or 285,000 people of population. We are providing an enhanced 9-1-1 system that provides the 9-1-1 operators with the name, address and telephone number of the caller. There are still 6 counties in the State of Ohio that do not have any 9-1-1 services. This is important for Lorain County to take advantage of this increasing technology and serve people who have an emergency.

Mr. Dixon indicated that the 9-1-1 center is receiving about 350 calls per day. Services also provided are for poison control. 9-1-1 service is available from residential, business, pay phones and cellular phones. The operators all have TTY (Telecommunications Device for the Deaf) so equal access can be provided to those people who are unable to speak or hear. Language interpretation is also provided to break the barrier for up to 140 different languages – 24 hours per day. In 1997 over 50 interpretations were received, and those interpretations have available to 9-1-1 in less than 60 seconds and is a very valuable service. The 9-1-1 operators also provide pre-arrival instructions for those calling for an ambulance. The operator will stay on the phone and help the person calling 9-1-1 these instructions in no way delay the ambulance, the operator asks various questions about the situation and perhaps give them instructions to assist someone in breathing, deliver a baby, control bleeding and various other emergencies.

9-1-1 center is a contact point for Hearing Impaired interpreter services poison control, Lorain County Underwater Rescue Diving Team, Hazardous Materials Tem, The Critical Incidence Stress De-briefing Team, Lorain County Fire Investigators, LifeFlight, U.S.Coast Guard and we are working with the Nord Center to provide services to those who may be depressed or need additional counseling.

Mr. Dixon is requesting the commissioners renew the Levy to appear on the May 1998 ballot. The present levy was approved in 1989 at .35 mills. This is the second levy renewal request. The first renewal called for .25 mills with an addition of .10 mills. The options to be considered would be to renew at the current .35 mills, or reduce the levy to .25 mills.

Mr. Dixon stated that some of his concerns he has with the growing call line, and foresees the center would outgrow its capacity to receive
calls. If we chose to add additional operators in the center, renovation will be required, or to purchase a freestanding center. Reducing the levy will not hamper the operation in any way. The .35 mills would be able to give us a saving towards the addition of a freestanding structure. There are currently 4, 9-1-1 operators, but in the future this may be increased to as many as 6.

Commissioner Vasi thanked Mr. Rokasy, Budget Director and Mr. Dixon for their diligent work. She stated she was not aware of the consideration to an addition to the current building. The previous .25 mill levy was able to equip the entire building; then the County went to the .35 mill levy for the purchase of state-of-the-art equipment. Commissioner Vasi stated she personally feels we could reduce back to the .25 mills because she does not feel we will need new equipment for the next 5 years at least. She is talking into consideration some new full-time employees instead of part-time. Commissioner Vasi stated that if her colleagues agree she would like to move that this levy be placed for renewal on the May 1998 ballot for .25 mills.

Commissioner Blair said she was not prepared to vote at this time. There are a few unanswered questions. Commissioner Blair just received
figures prepared by the Budget Departments this wee, and she has some questions as follows:

1. Was there a review done over the past 5 years expenses that were projected when the levy was initiated.
2. A comparison of the income versus the expenses.
3. Was this looked at by the same scrutiny that was given tot he airport funding.
4. Have the next 5 years been plotted out in the same fashion.
5. Has any consideration been given to what Mr. Dixon said about the facility.

Commissioner Blair also stated that some levies carry a provision for a minimal carryover to fund that agency or department for another year in case the voters decide not to renew the levy. If this levy for some reason would not be renewed, what do we do with the operation. Commissioner Blair stated that she feels these areas need to be looked at a little more before any action is taken.

Commissioner Ross stated that there are a number of questions that need to be address, and Mr. Rokasy will need to respond because most of these questions fall within his department regarding this review and looking at the projections. These are valid questions and we do have some time to get this on the ballot, for which the deadline is February 19. Commissioner Ross agreed with Commissioner Vasi's comment on the diligence of Mr. Dixon in his operation at the 9-1-1 agency. This past year he has been able to view the operations and the facility and feel we have an excellent program. Lorain County has a lot to be proud of in the way we respond to an emergency.

Commissioner Ross stated that he is very much interested in the need to expand the facility. If we can reduce a levy at any time, we should
take an opportunity to do so, but we need to put all the information on the table in this consideration. We need to follow up on the questions Commissioner Blair has raised over the next week or so, we will be prepared to make an informed decision whether we go with the .25 or .35 mills.

Commissioner Vasi asked Mr. Dixon on the projections of the revenue and expenditures were where they. Mr. Dixon said they were correct.

Mr. Rokasy interjected that he and Mr. Dixon has reviewed this on two occasions and the revenue/expenditure numbers were obtained from the County Auditor and are correct.

Commissioner Ross stated that it would be good after the meeting to get together and discuss the potential of capital improvements and increase in staff, etc. and if we can tidy up these questions we will have our information.

Commissioner Vasi said that was a good idea, and she is withdrawing her motion.

Commissioner Vasi also commented that Mr. Dixon submitted his resignation and the Board accepts with regret his resignation, and presented Mr. Dixon with a certificate of appreciation in recognition of the valuable and devoted services rendered tot his Board and the citizens of Lorain County.

B.1 JOURNAL ENTRY

Mr. Ted Chmura, Assistant Superintendent, MRDD was present to address the Board on the purpose of the replacement levy. The purpose is to provide programs and services for the mentally retarded and developmentally disabled children and adults of Lorain County. The Board not having any further questions and/or comments the following resolution was adopted:

Resolution No. 98-59

A34-1

[1]RESOLUTION DECLARING IT NECESSARY TO LEVY A TAX IN EXCESS OF THE TEN MILL LIMITATION

Rev. Code, Sec. 5705.19, .195, .16

The [1] Board of Commissioners of

Lorain County, Ohio, met in regular (Regular or Special) session on the 22nd day of January, 1998, at the office of said Board with the following members present:

Michael A. Ross, President
Elizabeth C. Blair
Mary Jo Vasi

Mrs. Vasi moved the adoption of the following Resolution:

WHEREAS, The amount of taxes which may be raised within the ten mill limitation will be insufficient to provide an adequate amount for the necessary requirements of said [1] Lorain County, Ohio; *therefore be it*

RESOLVED, by the [1] Board of Commissioners *of the* Lorain County, Ohio, *two-thirds of all members elected thereto concurring, that it is necessary to levy a tax in excess of the ten mill limitation for the benefit of* mentally retarded and developmentally disabled children and adults of Lorain County (Name of Subdivision)

for the purpose of [1] providing programs and services for MURRAY RIDGE CENTER by operating and equipping the school, workshops and residential facilities and making capital improvements on the facilities of MURRAY RIDGE CENTER.

at a rate not exceeding 1.6875 *mills for each one dollar of valuation, which amounts to* sixteen and seven-eights (16 7/8 cents) (If tax is not expressed in dollars and cents)

for each one hundred dollars of valuation, for [1] a period of five years pursuant to Section 5705.19( ) and other sections of the law pertaining thereto. Said levy shall be submitted to the electors of Lorain County at the Primary Election to be held May 5, 1998.

(If the levy is a renewal of an existing levy, or an increase or decrease, insert as part of the resolution "and which levy is a renewal of an existing levy of ....mills" or "and which levy is a renewal of an existing levy of ....mills and an increase of .... mills to constitute a tax of..... mills" or "and which levy is a renewal or part of an existing levy, being a reduction of..... mills to constitute a tax of ..... mills")

[1] This levy is a replacement of an existing levy of 1.6875 mills.

RESOLVED, That said levy be placed upon the tax list of the current year after the February settlement next succeeding the election, if a majority of the electors voting thereon vote in favor thereof; and be it further

RESOLVED, That the Clerk of this [1] Board *be and he is hereby directed to certify a copy of this Resolution to the Board of Elections,* Lorain *County, Ohio,* [1] no later than 4:00 pm on February 19, 1998.

and notify said Board of Elections to cause notice of election on the question of levying said tax to be given as required by law.

Mr. Ross seconded the Resolution and the roll being called upon its adoption the vote resulted as follows:

B.12 RESOLUTION NO. 98-70

In the matter of authorizing an Addendum to the)
Standard Form of Agreement between the Board of)
Commissioners and Callihan Electric, Inc., for the)
Lorain County Juvenile Facility Project which will) January 22, 1998
Bring the agreement into compliance with Chapter 153)
of the Ohio Revised Code pertaining to public works)
contract retainage)

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby authorize an Addendum to the Standard Form of Agreement between the Board of Commissioners and Callihan Electric Inc. for the Lorain County Juvenile Facility Project which will bring the agreement into compliance with Chapter 153 of the Ohio Revised Code pertaining to public works contract retainage.

Said Addendum to the Standard Form of Agreement is considered a part hereof to this resolution by reference thereto and can be found on file in the Commissioners/Purchasing Office as follows:

ADDENDUM TO
STANDARD FORM OF AGREEMENT BETWEEN
OWNER AND CONTRACTOR
FOR LORAIN COUNTY JUVENILE FACILITIES PROJECT

This Addendum entered into by and between the Board of Commissioners of Lorain County, Ohio (Owner) and Callihan Electric, Inc., (Contractor).

WHEREAS, it has come to the attention of the parties hereto that certain provisions of an Agreement previously reached between the parties hereto for the construction of a Juvenile Facility on Murray Ridge/Infirmary Road in Elyria, Ohio may not be in compliance with Chapter 153 of the Ohio Revised Code pertaining to public works contracts;

THEREFORE, in order to bring the agreement into conformance with Ohio law, the parties hereto agree to modify the contract as follows:

ARTICLE 5

5.6.1 Take that portion of the Contract Sum properly allocable to completed Works as determined by multiplying the percentage completion of each portion of the Work by the share of the total Contract Sum allocated to that portion of the Work in the schedule of values, less retainage of eight percent (8%). Pending final determination of cost to the Owner of changes in the Work, amounts not in dispute may be included as provided in Subparagraph 7.3.7 of the General Conditions even though the Contract Sum has not yet been adjusted by Change Order;

5.6.2 Add that portion of the Contract Sum properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the completed construction (or, if approved in advance by the Owner, suitably stored off the site at a location agreed upon in writing), less retainage of eight percent (8%);

5.7.1 Upon completion of 50% of the contract, payments will be increased to 100% of Work completed thereafter, less such amounts as the Architect shall determine for incomplete Work and unsettled claims. Any sums previously retained in excess of the amounts designated by these amendments shall be paid to Contractor within thirty days of the Addendum.

ARTICLE 6

Delete:

8% retainage shall be held for one (1) year following substantial completion as defined on Page A-14 of the Project Manual in "Repairs for One-Year Period"

This Addendum entered into on this 2nd day of Jan, 1998.

RESOLUTION NO. 98-76

In the matter of awarding Contract to G.R. Osterland Co., in the amount of $257,858.95 for the LaGrange Road/Oberlin-Elyria Road intersection improvement project) January 22, 1998

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated January 14, 1998 recommended the following:
"We have reviewed and tabulated the bids that were received on January 13, 1998 for improvements to the intersection of LaGrange Road at Oberlin-Elyria Road. They are as follows:

G.R. Osterland Co., $257,858.95
2100 W. Third St., Cleveland, OH 44113
Osterland proposes to begin work on or before May 1, 1998 and to complete all work on or before August 31, 1998. They have included MBE participation of 10% with their bid. Their bid is 3.1% above estimate.

Kokosing Construction Co., $273,562.00
17531 Waterford Rd., Fredrickstown, OH 43019
Kokosing proposes to begin work on or before June 15, and to complete all work on or before September 30, 1998. They have included, with their bid, MBE participation of 9.3%. Their bid is 9.4% above the estimate.

S.E. Johnson Co., Inc. $290,534.70
1539 Lowell St., Elyria, OH 44035
S.E. Johnson Co., proposes to begin work on or before June 1, and to complete all work on or before September 1, 1998. They have included MBE participation of 8.7% with their bid. Their bid is 16.2% above the estimate.

This project is being partially financed with a grant from the Ohio Public Works Commission, with the balance of funding from the Engineer's MVGT account. The grant has already been received from OPWC.
We recommend that this bid be awarded to G.R. Osterland Co., in the amount of $257,858.95.
Thank you for your cooperation with this project.
Sincerely yours, S/Kenneth P. Carney, Lorain County Engineer"

Said bid was the lowest and most responsive bid complying with specifications.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that based upon the review and recommendation of Kenneth P. Carney, Lorain County Engineer by letter dated January 14, 1998 we hereby award Contract to G.R. Osterland Co., in the amount of $257,858.95 for the LaGrange Road/Oberlin-Elyria Road intersection improvement project.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All.
Motion carried.

JOURNAL ENTRY

Patricia Knight, Acting Community Development Director was present to address the proposed CSX/Conrail acquisition. Ms. Knight has been working with the Villages of Wellington, LaGrange and Grafton concerning this merger. Ms. Knight has reviewed the Draft Environmental Impact Statement covering this proposed acquisition. The commissioners have the opportunity to address these concerns to the Surface Transportation Board. NOACA is focusing on a regional response and recommendation. The Councils of Avon and Vermilion and others have adopted resolutions and made their comments known to the Surface Transportation Board. The Village of Wellington has forwarded comments as well, and the Commissioners will be providing a Lorain County response to this proposal. The Draft Environmental Impact Statement tends to be very objective and has used various formulas to calculate average delay time, average number of vehicles inline for crossings, average increase in accidents rates at grade crossings and a number of other variables.

The recommendations are focusing primarily on one of 2 segments in Lorain County. The first one is the Cleveland-Vermilion line and the comments will reflect the exclusions of this segment. The original proposal calls for an increase in trains from 13 to 31 trains which would run through Avon Lake, Sheffield, Lorain and down to Vermilion but this proposal is being reviewed.

These comments being made today exclude the City of Elyria because the majority of crossings in Elyria have over-passes and there is no increase in the number of trains per day.

The Berea to Greenwich line has a label referred to as "CO60" line, which runs from the tip of Columbia Township through Eaton, Grafton, LaGrange, Wellington, Vermilion and all Townships in between. In this segment there are 27 miles in length and proposal states that the number of trains increase per day form 14 to 54 and an annual increase in number of hazardous material to 16,000 carloads per year to 51,000 carloads per year. In Lorain County 35 at-grade crossings were analyzed for safety and likeliness for increased accidents. Of those 35 analyzed, 4 met or exceeded the Transportation Boards criteria and were also analyzed for delay time and number of cars in line at the time. These are located in the Village of Grafton, includes Elyria-Twinsburg Road/Main Street in Grafton and North Main Street (Rt58)/Herrick Ave(SR18) in Wellington. To be considered, there would have to be 5,000 vehicles or daily traffic that crosses to be analyzed.

Ms. Knight also stated that there are comments regarding hazardous material. Of the 35 crossings that were analyzed for Accident frequency, the one located at Pitts Road crossing, this one was the only one for significant increase in accidents. Flashing lights are recommended to be installed at that crossing.

Ms. Knight discussed other aspects of the analysis and suggested recommendations as to the emergency services in the County and how they will be affected. Tom Kelley, EMA Coordinator expressed concerns on the increase of hazardous materials and suggest they provide prior notification of nuclear shipments through the County. These shipments will be 3 1/2 times the number we currently have.

Mayor O'Keefe, Council Clerk, Karen Webb, Councilman, Mr. Alspach, Fire Chief Robert Walker from Village of Wellington; Mary Stewart from the Village of LaGrange; Rick Kowalski, Fire Chief, Grafton.

Mr. Alspach spoke on behalf of Wellington and expressed their concerns as well as Fire Chief Walker as how it will affect the Village's response time for accidents, fires, pedestrian accidents etc. Wellington would like to see a grade-separation installed because of the increase in trains and their speed. Mayor White, Cleveland announced that he is willing to work with CSX on their proposal to increase traffic if they take that increased traffic out of western Cleveland and put it on the Berea line, which runs through Wellington.

Chief Walker indicated that this would increase delay time for response. Especially in the rural area, travel distance and response time is higher. This track dissects our fire district significantly, which routes into Wellington, Penfield and Rochester Townships. Hazmat is a concern. We do not get pre-notification. Who and how often they will contact is very important. Operation LifeSaver should be put on the top of the list for the county to work together for education.

Mary Beth Derikito, Huntington Township Trustee stated that all rural areas do not have crossing guards at all tracks and it is difficult to see these trains at night, and would like to request if the railroad would be asked to put reflective paint or tape on these cars so you can see them.

Commissioner Ross commented that this issue has great impact on the County as well as on the entire region.

Mr. Peter Ogbuji, organizer for "BOLD"-Faith Based Organization for Northeast Ohio in Lorain County-sister organization in Cuyahoga County is called "United We Stand". At the time this merger was announced and the possible impact on the commuter rail on Lorain County is when this organization was formed and we suggest a regional response to the impact statement. BOLD has contacted all State Representatives and the Secretary of State for assistance. One of our suggestions is to extend the comment period because there has not been enough public hearing on this merger and we feel we deserve more from the Surface Transportation Board explaining what they have in place. We oppose this merger in its present form and call for a regional summit including all governments in the region coming to the table and work out a deal that would be fair for people who live in this region. There are four (4) buses leaving form Lorain County on Saturday, January 31, 1998 (3 buses will leave form St. Peters Catholic Church in Lorain, Ohio and 1 bus will leave from Zion Baptist Church on Lake Avenue, Elyria, Ohio) Box lunches will be provided and the transportation is free. Buses will leave at 12:00 noon, the meeting will be from 2-4pm at Mt. Sinai Baptist Church, Woodland Ave., Cleveland, Ohio.

Mr. Ogbuji thanked the Commissioners for their time and hope they can attend this meeting on Saturday.

Commissioner Ross thanked Mr. Ogbuji for his comments as well as comments from the Villages of Wellington, Grafton, LaGrange and Patricia Knight and Tom Kelley.

Commissioner Vasi commented that in the name of jobs often times health and safety issues have to be jeopardized or sacrificed and this issue boils down to this, it is clearly not in society's best interest and she opposes this acquisition. Commissioner Vasi stated that she has prepared a letter to be sent to the Surface Transportation Board, EPA Director, Congressman Paul Gillmor.

Commissioner Blair commended Patricia Knight and the people she has worked with in preparing this recommendation to the Board of Commissioners the reality of this situation is that there are 2 companies who have put this proposal together and we could say no but she doesn't feel they will listen. We can offer specific recommendations. Initially Lorain County Community Alliance sent a letter to the Surface Transportation Board patterned after the Metropolitan Planing Organization of NOACA. Commissioner Blair stated that she feels this Board should take the recommendations that Ms. Knight has prepared and send this letter to the Surface Transportation Board, Congressmen Gillmor and Brown, Dennis Kucinich, NOACA, Ohio Rail Development Commission, BOLD, Lorain County Community Alliance and all political subdivision in Lorain County.

Discussion was held and the following resolution was adopted:

Office of the Secretary
Case Control Unit
Finance Docket No. 33388
Surface Transportation Board
1925 K Street, NW
Washington, DC 20423-0001

Attention: Elaine K. Kaiser
Environmental Project Director
Environmental Filing

Dear Ms. Kaiser:

At the invitation of the Section of Environmental Analysis of the Surface Transportation Board, the Lorain County Board of Commissioners is taking this opportunity to register its concerns with regard to the proposed CONRAIL ACQUISITION as those concerns relate to cities, townships and villages located within its County borders. The comments are based on the review of the Draft Environmental Impact Statement (DEIS). The Commissioners acknowledge the thoroughness of the six volume, 3000 page document, particularly as regards the listing and identification of Lorain County Rail Line Segments which will be impacted with approval of the proposed acquisition.

Additionally, the Board of Lorain County Commissioners recognizes that the Surface Transportation Board is presented with a very challenging and complex decision, made difficult by the many issues involved, all of which must be given careful consideration prior to the final decision being made.

With regard to the DEIS generally, the attempts to be objective and to utilize the various formulas to calculate such things as "average delay time"; "number of vehicles in queue per crossing"; anticipated increase in accidents at grade crossings", etc. have resulted in a favorable conclusion for the acquisition's approval. However, we believe the conclusions are less than realistic when looked at logically.

The Board has been made aware that due to the construction projects undertaken and completed by CSX, many Lorain County Officials thought the opportunity to register concerns and request mitigation strategies did not exist. Furthermore, the County has not received sufficient information on the revised routing plan proposed by NS, which would eliminate additional trains on the Cleveland-Vermilion Rail Line Segment. Therefore we believe the comment period, which is set to expire on February 2, 1998, needs to be extended.

We will reserve comment on the Cleveland-Vermilion Rail Line Segment labeled *N-080* which we understand is under additional review based on the submission by Norfolk Southern, of an alternate route which would eliminate the originally projected increase in number of trains from 13 to 34. The focus of our comments relate to the Berea to Greenwich Rail Line Segment labeled *C-061*.

Within Lorain County, Rail Segment *C-061* is 27 miles with a projected increase in the number of trains per day from 14 to 54 and a projected increase in the number of annual hazardous Material carloads from 16,000 to 51,000. In our County 35 grade crossings were analyzed for safety/accident frequency. Four (4) of those crossings meet or exceed your criteria of 5,000 plus ADT and were analyzed for vehicle delay and queues. The four are listed below from North to South:

1. Elyria Twinsburg Rd. (RT 82) in Eaton Township - ADT= 6,020
2. Main Street in Grafton Village (Rt 57) - ADT= 5,750
3. North Main Street in Wellington Village (Rt. 58) - ADT= 8,120
4. Herrick Avenue in Wellington Village (Rt. 18) - ADT= 7,870

COMMENTS ON RESULTS OF ANALYSIS

A. Hazardous Material: the DEIS determined that the rail segment is currently a "Key Route" and that the increase warranted an up grade to "Major Key Route" and is in need of mitigation. The recommended strategies are not sufficient.

B. Safety/Accident Frequency: of the 35 crossings, one, Pitts Road was found to have a significant likelihood for increased accidents. The recommended mitigation is to install flashing lights. We believe that with increased opportunity (increase in number of trains per day) operating at speeds of 60 mph, more accidents will occur. The DEIS uses a one accident every 100 years as a norm, and sets a "significance" threshold for increase at 1 accident every 13 years. The Village of Wellinton has experienced four (4) accidents resulting in death in the last 8 years.

C. Vehicle Delay and Queues: A Supplemental Errata dated 1/21/98 has eliminated as significant and therefore not in need of mitigation, the crossings in Wellington Village. This document specifies that a formula was inaccurately formulated which determined that the "Level of Service (LOS)" at these crossings was "B" currently and would be reduced to LOS "D" after acquisition. That determination warranted a mitigation strategy increasing the speed of the trains from 50 mph to 55 mph. The new formula results in a current LOS of "A" and a post acquisition LOS of "B" and therefore is not significant.. It is not logical that an increase in the number of trains per day from 14 to 54; an increase in train length from 5,260 feet to 6,200 feet; an increase in the number of vehicles delayed per day from 145 to 583; an increase in the number of vehicles in line per lane (2) from 14 to 16; and increases in average delay per vehicle, could take place, and the result be a Level of Service determination of B. We understand that LOS A means "...free flow..." and that LOS B means "...Reasonably free, stable flow.... slight decline from LOS A".

The definitions of Level of Service (LOS) are found in the *Transportation Research Board Highway Capacity Manual, Special Report 209, 1985*

Our final comment on the DEIS is that it does not account for the geographic isolation from necessary emergency services, such as fire and ambulance protection, that is likely to occur, particularly at the crossings above highlighted. In addition, the Village of Wellington has a separate fire district and ambulance district that serves rural areas surrounding their borders.

The Lorain County Board of Commissioners generally opposes the approval of the merger because of the temendous adverse impacts to our County. However, in leiu of abject opposition the Board urges, in the strongest terms possible, that conditions mitigating some of the adverse impacts be placed on approval. The recommendations specified below represent those conditions we believe to be minimal to any approval of this proposed acquisition of Conrail by CSX and NS.

RECOMMENDATIONS:

A. REDUCE THE NUMBER OF ADDITIONAL TRAINS PERMITTED

B. PROVIDE FOR RAIL SEPARATION AT THE NORTH MAIN (WELLINGTON) AT GRADE CROSSING

C. LIMIT/RESTRICT RAIL CAR SWITCHING ACTIVITIES TO NIGHT HOURS TO REDUCE CONGESTION

D. CREATE A WRITTEN EMERGENCY RESPONSE PLAN FOR RAIL PERSONNEL AND LOCAL SERVICE PROVIDERS

E. INSTITUTE AND FUND AN ANNUAL JOINT TRAINING PROGRAM FOR RAIL PERSONNEL AND LOCAL PROVIDERS

F -PROVIDE PRIOR NOTIFICATION OF NUCLEAR SHIPMENTS

Please contact us with any questions regarding these comments or recommendations.

The foregoing resolution was introduced upon a motion by Commissioner Michael A. Ross, seconded by Commissioner E. C. Blair, and upon roll call: Ayes: All.

Motion carried

I, Roxann Blair, Clerk of the Board of Commissioners of Lorain County, Ohio, do hereby certify that the above Resolution No. 98-82 is a true copy as it appears in Journal No. 98 on date of January 29, 1998.

FURTHER BE IT RESOLVED, the Commissioners hereby determine this is to be for the benefit of the public convenience and welfare, and serves the general good to the territory and that this property to be Annexed is not unreasonably large.

BE IT FURTHER RESOLVED, a certified coy of the final transcript of this Board of Commissioners relating tot he finds and orders of this Board together with the accompanying map and petition and all other papers pertaining thereto shall be delivered to the City of Elyria, Ohio.

FURTHER BE IT RESOLVED, Commissioner Blair commented that urban sprawl means different things to different people. If this property would be developed in Carlisle Township it would be considered urban sprawl; if its developed after it is annexed to the City of Elyria then it becomes development. This is something that all of us in Lorain County at some point in time will have to deal with!

Motion by Vasi, seconded by Blair to adopt Resolution. Ayes: All.
Motion carried.

RESOLUTION NO. 98-94

In the matter of accepting the Bridge Inspection Report)
for 1997 as submitted by the County Engineer in accor-) January 29, 1998
dance with ORC Section 5543.20)

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated January 20, 1998 submitted the following:

"In accordance with Section 5543.20 of the Ohio Revised Code of the State of Ohio, effective June 11, 1968 we are transmitting herewith copies of the Bridge Inspection Reports.

The Bridge Inspection Report, from BR-86 is the current form complying with the requirements of the U.S. Department of Transportation, Federal Highway Administration and the Ohio Department of Transportation.

The coding guide used to prepare these reports is attached.

These inspection reports are for bridges that are over 10 foot span on county, township road systems and on former county roads within municipalities.

JOURNAL ENTRY

Lola Robertson commented that when she speaks, she is speaking as Co-Chair of the Concerned Citizens Watch Group and hopes that the Commissioners do not take what she says as a personal attack on them.

The Concerned Citizens Watch Committee is consultation with the American Civil Liberties Union respectfully submits that they believe they have found the Lorain County Board of Commissioners in violation of the Ohio Sunshine Law, Section RC 1.

Commissioner Ross interjected asking Mrs. Robertson if this is an item on today's agenda. Mrs. Robertson responded, yes sir. Commissioner Ross asked which item. Mrs. Robertson responded Item B, all the Resolutions and Item E, New Business. Commissioner Ross stated that if she wanted to make a general statement about one or all of the Commissioners, you could do it individually. You can not use that pulpit to make your accusations from the Citizens Watch Committee. If you have a specific issue you want to discuss that appears on today's agenda, the Sunshine Law is not on today's agenda. So we are not going to allow you to stand there and make statements about who is violating the law.

Mrs. Robertson said that the agenda itself as it was carried through today's meeting, as we understand it, is in violation of the law.

Commissioner Ross asked how it violates the law. Mrs. Robertson replied that all of these items are public issue matters, they have not been discussed in public, and decisions have been made. Commissioner Ross said they have been discussed today.

Mrs. Robertson asked if Human Services bills were discussed today, she did not hear the discussion. Commissioner Ross said that we are not going to allow her to come to the meetings and make them a circus. This is an issue to discuss at the Citizens Watch Committee meetings, not at the Commissioners meetings.

Mrs. Robertson responded that this Board will let this be on-going at each meeting and violate the Ohio Sunshine Law. Commissioner Ross stated that he feels that it is not alright for her to come to the meetings and make these blatant accusations that we violate the law, and use public time in this forum for that issue.

Commissioner Vasi asked Mrs. Robertson how does she feel we are violating the Sunshine law. Mrs. Robertson commented in several ways. Commissioner Ross recommended that if Commissioner Vasi would like to hear Mrs. Robertson's comments, she should do this in her office after the meeting. This is a Board meeting and we are not going to deal with this issue at a Commissioners Board meeting.

Mrs. Robertson said fine, then it is our hope that this Board from hence forth, appoints themselves with the following law outlined in ORC Section 121.22 (A-G) so that action will not be required.

Commissioner Ross stated that this Board is acquainted with the law, and does not feel this Board has violated the Sunshine law. Mrs. Robertson stated that Item F.1 is in violation, you can not do this. Commissioner Ross replied that this is an announcement that is made every week on the agenda. Mrs. Robertson stated that it violates Section Division G of ORC 121.22, all she is asking is to follow the Sunshine Law. Commissioner Ross indicated that he takes exemption to the comments that we are violating the Sunshine Law, he does not feel we are, but if we are the Assistant County Prosecutor is present as legal counsel, who will advise us if we are violating the law.

during an open meeting, this is when the Sunshine law is being violated; and there are only 6 reasons why an executive session can be called, and calling it for "personnel", is not legal – you must be specific.
Commissioner Ross replied that it is unfair to make accusations to us that we violate the Sunshine law, because you say you can not speak at the Commissioners meeting, because we try and limit your comments to specific items on the agenda.

Mrs. Robertson stated that she feels Mr. Innes (Assistant County Prosecutor) would agree that Item F, new business is illegal. Mr. Innes responded that if she would like to express her protests in writing, he would be happy to respond accordingly.

Discussion followed.

Commissioners reconvened from Executive Session and the following resolution were adopted:

RESOLUTION NO. 98-103

IN the matter of authorizing the purchase of real estate)
Located at Commerce Court, Elyria, Ohio in the) January 29, 1998
Amount of $45,000.00)

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby authorize the purchase of Real Estate located at Commerce Court, Elyria, Ohio known as Permanent Parcel No. 06-26-055-000-006, from Alltel, Ohio, Inc., in the amount of $45,000.00.

Said Purchase Agreement reads as follows:

REAL ESTATE PURCHASE AGREEMENT

THIS AGREEMENT made and entered in Elyria, Ohio, on January 8, 1998 by and between ALLTEL Ohio, Inc., an Ohio corporation ("Seller") and THE LORAIN COUNTY BOARD OF COMMISSIONERS ("Buyer").

WITNESSETH:

WHEREAS, Seller owns a certain parcel of real property located on Commerce Court, in the City of Elyria, Lorain County, Ohio, Permanent Parcel No. 06-26-055-000-006 which is further described in the attached Exhibit A (the "property"); and

WHEREAS, Seller desires to sell to Buyer and Buyer desires to purchase from Seller the Property under the terms hereinafter provided.

THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES OF THE PARTIES HEREIN CONTAINED AND FOR OTHER GOOD AND VALUABLE CONSIDERATION, THE RECEIPT AND SUFFICIENCY OF WHICH BUYER AND SELLER HEREBY ACKNOWLEDGE, THE PARTIES AGREE AS FOLLOWS:

1. Property to be Conveyed. Seller agrees to sell and Buyer agrees to purchase from Seller all of Seller's right, title and interest in the Property.

2. Purchase Price for Property. Buyer agrees to pay to Seller, as and for consideration of the transfer of the property described in Exhibit A, the sum of FORTY-FIVE THOUSAND, DOLLARS ($45,000.00) payable in cash at closing as hereinafter set forth.

3. Condition of Property. Buyer acknowledges and agrees that Seller has made no express or implied representation or warranty as to the condition, quantity or quality of the Property, or any portion thereof. Buyer agrees to accept the Property and all portions thereof "as is" on the date hereof, subject to ordinary wear and tear. Buyer hereby agrees that Buyer will hereafter assert no claim, and Seller will have no liability or obligation whatsoever to Buyer, its successors or assigns, and Buyer hereby releases Seller and its successors or assigns from any and all liability, with respect to any and all foreseeable or unforeseeable damage, loss, cost, liability or expense directly or indirectly arising from any condition which now exists or may hereafter be found to exist in, on, under or about the Property, or from a determination that the Property, or any portion thereof, violates any applicable law, ordinance, regulation or ruling, including without limitation those relating to environmental protection or the presence, use, generation, storage, release, threatened release, containment or disposal of any hazardous or toxic substances or materials.

4. Title Evidence. Seller shall convey title to Buyer by quitclaim deed vesting in Buyer title to the property. A copy of the form of quitclaim deed is attached hereto as Exhibit B and made a part hereof. Seller shall furnish an owner's policy of title insurance (the "Title Policy") to Buyer in the amount of the purchase price showing recorded title to be good in Buyer, subject to restrictions, conditions, reservations and easements of record, if any, encroachments, overlaps, boundary line disputes which do not materially or adversely affect the current use or value of the Property, limitations imposed by zoning ordinances and real estate taxes and assessments, both general and special, which are a lien but not yet due and payable.

5. Parking Agreement. Concurrently with the transfer of title, Buyer and Seller shall enter into a separate side agreement which shall set forth the agreement of the parties related to the use of the Property by Seller as a parking lot in the form attached hereto as Exhibit C and made a part hereof.

6. Closing. The parties will deposit all funds and documents necessary to complete this transaction in escrow with Lorain County Title Company on or before February 27, 1998 or earlier upon the parties' agreement. Title is to transfer on or before March 31, 1998 except Seller has 30 days after notice of the existence of a title defect to remove the defect. If Seller is unable to remove the title defect, Buyer may accept title subject to the defect or terminate this Agreement and receive the return of all deposits made hereunder.

7. Possession. Seller shall deliver possession of the Property upon transfer of title.

8. Allocation of Closing Costs.

A. Charges Against Seller. Seller will be charged and agrees to pay the following costs associated with this transaction:

1. All conveyance fees and/or real estate transfer taxes.
2. The cost of title examination and title guaranty.
3. Deed preparation.
4. One-half of the escrow fees and any related escrow charges.
5. Any and all real estate commissions owed upon the sale as a result of Seller's acts or engagements.

B. Charges Against Buyer. Buyer will be charged and agrees to pay the following costs:

1. The costs of filing the deed and mortgage.
2. One-half of the escrow fees and any related escrow charges.
3. The difference in the cost of the title insurance and title guaranty, if applicable.
4. All costs attendant to the acquisition of financing.

9. Prorations. The following will be prorated between Buyer and Seller on the basis of twelve 30-day months as of the date of title transfer:

A. Real property taxes levied or assessed against the Property as shown on the latest available tax bill.

B. Utility charges and similar expenses that are not otherwise attributed to Buyer or Seller.

10. Successor Benefit. This Agreement will inure to the benefit of and bind the successors and assigns of the parties hereto. This Agreement may not be assigned by either party without the express written consent of the other party.

11. Prior Agreements Superseded. This Agreement constitutes the sole agreement between the parties hereto and supersedes any prior understandings or agreements between the parties relating to the aforesaid subject matter.

12. Notice. Any notice required or permitted to be delivered under the Agreement will be deemed received three days following the date when sent by United States certified mail, return receipt requested, to the appropriate party at the address of the party in this Agreement.

IN WITNESS WHEREOF, the parties have set their hands to multiple originals hereof.

RESOLUTION NO. 98-104

In the matter of authorizing the purchase of real estate) Located at 348 Second Street, Elyria, Ohio in the) January 29, 1998 Amount of $300,000.00)

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby authorize the purchase of Real Estate located at 348 Second Street, Elyria, Ohio known as Permanent Parcel No. 06-26-059-000-026 and #06-26-059-000-007 from Bobel Building Company in the amount of $300,000.00 which includes all moving and relocation expenses.

Said Real Estate purchase agreement reads as follows:

102

OFFER TO PURCHASE REAL ESTATE

Now comes the Board of Commissioners of Lorain County, Ohio hereafter called "Buyer", and hereby offers to purchase from the Bobel Building Company hereafter called "Seller", the following property:

The parcel of property having permanent parcel number 06-26-059-000-006 and 007 in the City of Elyria, Lorain County, Ohio and being located at 348 Second Street, Elyria, Ohio.

The property shall include the land, together with all improvements thereon, and all appurtenant rights, privileges and easements.

I. PURCHASE PRICE

The purchase price for said property shall be the sum of Three Hundred Thousand Dollars ($300,000.00) to be placed in escrow and paid to Seller upon the closing of this transaction as hereafter provided.

II. INSPECTION

Buyer acknowledges that it has inspected the premises and accepts the same in its present condition, reasonable wear and tear excepted.

III. WARRANTIES

Seller shall warrant that it has good and marketable title to the property and there are no liens (excepting tax liens) or encumbrances concerning said property, or restrictions, easements or conditions except matters of record, and that it has not received nor is aware of any notification from the Building and Safety Department or Health Department of the City, County or State regarding any work done on said property.

Seller shall provide, at its own cost, title insurance in the amount of the purchase price showing said properties to be titled in Seller's name and free of all liens (excepting tax liens) or encumbrances or restrictions, easements or conditions except matters of record.

IV. TAXES

All real estate taxes will be prorated to the date of transfer.

V. ESCROW

The Title Company providing the title insurance shall act as escrow agent for this transaction. The parties will equally divide escrow fees.

Seller shall promptly upon acceptance of this offer order a title search as herein provided. Within thirty days of the acceptance of this offer, seller shall deposit a warranty deed in Escrow conveying its right, title, and interest to within properties to Buyer.

Buyer shall deposit in escrow the purchase price within 45 days of the acceptance of this offer.

VI. CLOSING COSTS

Seller shall pay the following:

1. ½ escrow fee.
2. Cost of title insurance.
3. Preparation of warranty deed and other documents necessary to complete transfer to the properties.
4. Real estate taxes as prorated to the date of transfer.
5. Any conveyance or transfer fee which may be payable.

Buyer shall pay the following:

1. ½ escrow fee.
2. Cost of recording the warranty deed.

Said closing costs shall be deposited in escrow within twenty days after the respective parties are notified the title examination has been completed.

Closing shall under no circumstances except by written agreement of both parties occur later than 45 days after the acceptance of this offer.

VII. POSSESSION

After transfer of title, Seller shall be entitled to remain in possession of the premises for a period not to exceed one (1) year. During said possession, Seller shall pay Buyer rent of Two Thousand Five Hundred Dollars ($2500.00) a month. Seller shall give thirty (30) day notice of its intention to vacate the premises. Seller shall deliver possession of the premises to Buyer substantially in its present condition, reasonable wear and tear excepted.

VIII. MISCELLANEOUS

A) This offer shall remain open until 30 days after the date indicated below as the offer date. If not accepted by said date, the within offer is withdrawn and any acceptance thereafter shall be null and void. Acceptance of said offer and all notices provided hereunder must be made in writing to Virgil J. Muntean, County Administrator, Lorain County Board of Commissioners, 4th Floor, Lorain County Administration Building, 226 Middle Avenue, Elyria, Ohio 44035.

B) TIME IS OF THE ESSENCE. In the event any of the conditions contained herein have not been performed within the time limits specified, any agreement herein formed shall be deemed null and void, unless the parties agree in writing to waive the performance of a condition, or to an extension of time.

C) This document contains the sole and entire offer of the Buyer, and there are no other representations, or warranties, which form the basis of this offer. This offer supersedes any prior written or oral understandings or agreements between the parties respecting the aforesaid subject matter.

D) This offer subject to formal approval by resolution passed in open public meeting as required by law, and shall not be cancelled after acceptance by Seller and approved by Resolution.

E) This document shall be construed under and in accordance with the laws of the State of Ohio.

RESOLUTION NO. 98-118

In the matter of approving and entering into Subdividers)
Agreement between the Board of Commissioners and)February 5, 1998
Bradley Development Co., Inc. for Redfern Farms)
Number 2 Subdivision in Columbia Township)

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated January 23, 1998 submitted the following:
"Please find enclosed the Subdividers' Agreement and Escrow Agreement for the Redfern Farm Subdivision Number 2.
With our recommended approval please pass a resolution entering into agreement with Bradley Development Company, Incorporated.
Sincerely, S/Kenneth P. Carney, Lorain County Engineer"

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the request of Kenneth P. Carney, Lorain County Engineer by letter dated January 23, 1998 we hereby approve and enter into Subdividers Agreement between the Board of Commissioners and Bradley Development Co., Inc., for Redfern Farms Number 2 Subdivision in Columbia Township.

FURTHER BE IT RESOLVED, said Agreement is considered to be a part hereof to this resolution by reference thereto and can be found on file in the Commissioners Office as follows;

SUBDIVIDER'S AGREEMENT

This Agreement executed on this 10th day of December, 1997 by and between Bradley Development Co. Inc., Subdivider, as evidenced by the Redfern Farms Number 2 Plat filed with the County Recorder of Lorain County and the Board of Commissioners of Lorain County, Ohio, is governed by the following conditions and considerations, to wit:

Subdivider shall not transfer any lot, parcel or tract therefrom nor proceed with any construction work on the proposed subdivision including grading that may affect the arrangements of streets or other public improvements until he or it has obtained approval of the plat from the Lorain County Planning Commission as authorized by Section 711.10 of the Ohio Revised Code, and further until the plat of said subdivision has been recorded with the County Recorder of Lorain County, Ohio.

Said Subdivider is to construct, install or otherwise make all public improvements shown and set forth to be done and performed in accordance with the engineering drawings and specifications, all of which are a part of this agreement, subject to the inspection and approval of the County Engineer.

Subdivider shall furnish a performance bond or is to have on deposit with an Escrow Agreement at an approved Bank or Savings and Loan Company sufficient funds to cover 100 percent of the engineer's estimated construction cost amounting to $187,754.07, and inspection fees amounting to $1,766.91 based on Engineer's estimate of cost of improvements furnished or acceptable to the County Engineer, see attached and to the satisfaction of the Board of County Commissioners to insure the faithful performance of the agreement. Aforesaid engineer's estimate of cost shall be attached hereto as Exhibit A. If Subdivider provides a deposit with an Escrow Agreement at a Bank or Savings and Loan, said account shall be assigned to the County of Lorain for the purpose of paying the construction costs and inspection fees.

The County Engineer will inspect the improvements as agreed and bill the Subdivider for said inspections. The total inspection fees must be paid to Lorain County Engineer prior to final acceptance of said improvements.

The Subdivider shall pay the entire cost and expense of said improvement. Should the amount of the deposit or bond be insufficient to pay the cost thereof, the Subdivider shall immediately, upon demand, deposit such additional sums as are estimated by said Engineer to be necessary. Upon completion and acceptance of the improvement, any unexpended balance remaining from such deposit or deposits shall be released to Subdivider.

The Subdivider shall hold Lorain County free and harmless from any and all claims for damages of every nature arising of growing out of the construction of such improvement.

The Subdivider shall begin work within 30 days from the date of this agreement and all improvements are to be performed within a period of one year from the date of this agreement, which is hereby fixed by said County as a reasonable period, but an extension of time may be granted if approved by the Board of County Commissioners.

The Subdivider shall furnish such insurance as is deemed necessary by the Board of County Commissioners which shall indemnify and save harmless the County from any and all liability arising by reason of conditions which may arise or grow out of the construction or installation of such facilities. The insurance shall be of such duration as determined by the Board of County Commissioners, but shall in no case be allowed to expire earlier than the effective period of any performance or maintenance bond. A copy of the insurance policy shall remain at all times with the Clerk of the Commissioners.

The Subdivider shall furnish a Title Guarantee to the Board of Commissioners to guarantee title of the lands to be dedicated to be as indicated on the final plat. A certification showing that current taxes are paid shall also be submitted to the Board of Commissioners.

Upon completion of all improvements, the Subdivider shall forward to the Board of Commissioners a written request for acceptance of said improvements.

At the time of final acceptance of the improvements within the subdivision, the Subdivider shall furnish the Board of Commissioners a maintenance guarantee for a period of twelve (12) months to insure that the improvements are in satisfactory condition. The amount shall be ten (10) percent of the engineer's estimate of cost of improvements and amounts to $ 19,200.00.

The Subdivider further agrees that any violation of or non-compliance with any of the problems and stipulations of this agreement shall constitute a breach of contract and the Lorain County Engineer acting as agent for the Board of County Commissioners shall have the right to stop the work forthwith and hold the bonding company responsible for the completion of the improvement, or use the assigned funds on deposit for such purpose.

Upon approval and acceptance of the improvement, the original construction drawings shall become the property of Lorain County and shall be on file in the office of the Lorain County Engineer.

In consideration whereof, the Board of County Commissioners of Lorain County, Ohio, hereby grants the Subdivider or his agent the right and privilege to make the improvement stipulated herein.

That the Subdivider shall indemnify and save harmless the County from any and all injury and damages which the County may suffer or be subject to from either adjoining property owners or downstream property owners, or new owners within the area of the subdivision by reason of the construction of said improvements; and that the Subdivider shall indemnify and save harmless the County from any and all injury and damages which the County may suffer or be subject to by reason of acts of the Subdivider, his agents, the condition of the incompleted or completed improvements, until said improvements have been completed / and have also been accepted by the Board of County Commissioners, Lorain County, Ohio;

E. Compliance with the terms and provisions of an executed Subdividers Agreement for the named development, between the Subdivider and the County dated February 5th 1998.

NOW, THEREFORE, in order to secure to the County the prompt performance of the terms, conditions and obligations hereinabove set forth, the Subdivider has deposited with Strongsville Savings of (address) 14092 Pearl Road, Strongsville, OH 44136 as Escrow Agent, cash or other securities, in the sum of One hundred ninety one thousand five hundred twenty one dollars, ($ 191,521.00) to be held and disbursed by said Escrow Agent as hereinafter provided and the Subdivider agrees and undertakes as follows:

1. Upon certification by the Lorain County Engineer of invoices for labor and materials and equipment furnished for the installation and construction of said improvements from time to time, during the progress of construction and installation of said improvements, the Escrow Agent shall pay to the person or persons designated in said certificate the amount so certified for payment by said Engineer. Prior to making any payments from the Escrow Funds under this provision said Engineer shall furnish a copy of such certification to the Escrow Agent.

2. Until final completion of the said improvements and acceptance thereof by the Board of County Commissioners, no certificate by the County Engineer or authorization of payment to any contractor, sub-contractor or person furnishing labor or materials for or upon such work shall operate or be construed as an acceptance of said improvements by or on behalf of the County.

3. In the event the Subdivider fails to perform any or all of the conditions or obligations herein required of him to be performed, then said Escrow Agent is authorized and directed to disburse any balance of said Escrow Account as authorized or instructed in writing by the Board of County Commissioners for the completion of said improvements and in the discharge of any obligations imposed upon the undersigned by this Escrow Agreement and by the Subdividers Agreement referred to in Paragraph E above. In the event that the balance in the Escrow Account should not have a sufficient balance to complete the improvements to the satisfaction of the County, this condition shall not release the Subdivider from his obligation to the County as stated hereinabove.

4. To be responsible for and to complete all the conditions set forth in Paragraphs A, B, C and D above.

5. The construction inspection fees shall be paid by the Escrow Agent to the Lorain County Engineer upon receipt of an invoice.

6. All costs and expenses in connection herewith, or with the Agreement aforesaid, including the fee of said Escrow Agent, shall be paid by the Subdivider.

7. The provisions of this Escrow Agreement and any acts thereunder by any of its officers or employees shall not constitute or be construed as constituting the County as the agent of the Subdivider the Escrow Agent or any Contractor, Sub-Contractor or person or persons furnishing labor or material on or for the improvement referred to herein, and said County and its officers or employees are hereby relieved and discharged from any liability or responsibility therefore except for fraud or willful misconduct in the performance of such acts.

Upon completion of all required improvements, the Subdivider shall forward to the Board of County Commissioners a written request for acceptance of said improvements. The County Engineer shall within 90 days of receipt of request either advise the Subdivider in writing of a final list of items needing completion or corrections, or shall forward his request to the Board of County Commissioners with a letter report certifying that all improvements have been completed in compliance with the County regulations and standards. If corrections were requested, said corrections shall be made by the subdivider within 60 days. If not made within said 60 days, the County may draw such funds as may be needed from the escrow agent to make any such corrections or completion of required improvements.

NOW, THEREFORE, If Bradley Development Company, Inc. shall honestly and faithfully perform all of the conditions herein and in said Subdividers Agreement required of it to be performed, then this obligation shall be null and void, otherwise to remain in full force and effect.

IN WITNESS WHEREOF, said Richard J. Baran President of Bradley Development Company, Inc. have caused this Escrow Agreement to be executed this 10th day of December 19 97.

B.16 RESOLUTION NO. 98-121

In the matter of awarding bid to Erie Gun Police Sales in the) amount of $20,675.00 for the purchase of 60 soft body) armor vests for the Sheriff's Department) February 5, 1998

WHEREAS, Sheriff Martin Mahony, by letter dated January 26, 1998 requested the following:

"This office has received the bid proposal submitted by Erie Gun Police Sales with regards to soft body armor for Deputy Sheriff's. It should be noted that this was the only proper bid submitted. Purchasing Coordinator, Yvonne Newton, also assisted Captain Phil Stammitti in checking State bids to determine if a better product for the price could be obtained.

After review it is recommended that the bid be awarded to Erie Gun Police Sales. This recommendation is based on the following reasons:

1). **COST**-the cost of a soft body armor vest from Erie Gun Police Sales in $342.50 per vest. This vest includes many options at no extra prices.

The above vest from Erie Gun Police Sales is form PACA (Protective Apparel Corporation of America) and was selected and recommend by a panel of deputy sheriffs form Lorain County as the best vest for the money.

It should be noted that earlier price quotes were given by a dealer for Second Chance with a price of approximately $700.00. This is a good vest, but the PCA vest in comparable and half the price with many added options at no extra cost, which proves to be a substantial savings for the County.

Erie Gun Police Sales has also advised Captain Phil Stammitti that should they receive the bid for the vests, they would not charge any upsizing of vests until the size reached 58" inches or above.

2). **WEARABILITY**-the PACA vest is warranted for a period of five (5) years and the carrier that comes with the vest is warranted for twenty-four (24) months. Should any problems occur with the warranty they will replace same free of charge. The materials are lightweight for comfort when wearing, but durable enough to withstand potential challenges that an officer may face.

The bid quote attached from Erie Gun Police Sales is for $20,675.00 for (60) sixty vests. With the opening of the jail anticipated being May/June of 1998, and the adding of additional officers, I am requesting that $23,000.00 be appropriated into a separate line item account for vest purchases only, this will cover any new officers, upsizing, shipping costs, etc., for the year of 1998.

I must remind you that these vests will have to be replaced every five (5) years. I will also request in my 1999 budget request any appropriation that I believe will be needed for the Sheriff's Office with regards to any new hire/replacements for vests.

I believe that by purchasing these vests for deputies that everyone's liability will be reduced.

Should you have any questions, please feel free to contact this department.

Thank you, S/Sheriff Martin J. Mahony"

This bid was the lowest and most responsive bid receiving complying with specifications.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the request and review of Sheriff Martin J. Mahogany by letter dated January 26, 1998 we hereby award bid to Erie Gun Police Sales in the amount of $20,675.00 for the purchase of 60 soft body armor vests for the Sheriff's Department.

Teresa McCoy, Director, Public Service Institute-Collaborative Committee on Smart Growth in Lorain County was present to address the Board on the Comprehensive Land Use Plan.

Ms. McCoy read a written letter of support as follows:

"The undersigned individuals and organizations offer this letter in support of your continuing efforts in formulating a comprehensive master plan for Lorain County. As you are aware and have demonstrated by your actions to date, there is a growing interest and awareness within the county for the need of such a plan and that the process needs to be initiated as soon as possible.

We the undersigned are aware and fully supportive of your resolution of commitment to the development of a comprehensive master plan and your authorization to seek qualified professional expertise to assist in this process. We feel certain, as you apparently do, that this effort is of such a magnitude and of such importance that outside professional assistance is essential.

Given the nature of this project it is obvious that it will impact, either directly or indirectly, every municipality, village and township—every industry, vocation and avocation—every social, religious and service organization—and ultimately every individual regardless of age or social status. It is, therefore, logical and necessary that this effort be supported by county funding and with the compete assistance of all aspects of county government.

We offer, additionally, the belief that since the process of developing a comprehensive master plan produces numerous opportunities for controversy and misunderstanding, it is essential that every step in this process be conducted with as such citizen input as is practical and prudent. For a comprehensive plan to be successfully implemented, it is imperative that citizens and their elected representatives participate in this entire process. To that end, we believe there would be benefit from involving a small, diverse group of citizens in the screening process for the selection of the professional assistance you are considering. This group would obviously serve in an advisory capacity only, with the ultimate decision being yours as Commissioners.

We, as a group of concerned individuals and organizations, stand ready and committed to assist you and the citizens of this county in the pursuit of a logical, well defined and generally accepted comprehensive master plan. We believe, as you obviously do, that the long-term gain from this endeavor will justify the expenditure in time, effort and resources.

Thanking you for your consideration in this matter, we are most cordially yours,

THE COLLABORATIVE COMMITTEE ON SMART GROWTH FOR LORAIN COUNTY

Ms. McCoy also stated they meet regularly once per month at 9:00 am, Spitzer Conference Center. Next meeting will be 3/20/98. To be placed on the mailing list, please call her at 366-4031(LCCC) and/or Fran Bostwick, 2020 at 366-2020.

Commissioner Vasi stated proposals have been received but they range from $67,000-154,000, will have to take a closer look into this.

Commissioner Blair asked the Board to give consideration to this Collaborative Committee on Smart Growth to serve as an advisory committee.

Commissioners thanked McCoy and everyone that is involved for attending.

Motion by Ross, seconded by Blair to adopt Resolution. Ayes: All. Motion carried.

B.8 RESOLUTION NO. 98-131

In the matter of authorizing various personnel actions as indicated on the summary sheet within the jurisdiction of the Lorain County Board of Commissioners) February 12, 1998

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby authorize various personnel actions as indicated on the summary sheet within the jurisdiction of the Lorain County Board of Commissioners:

Human Services:

Resignations;

Brenda Barker, Employment services counselor, effective February 19 1998
Kathleen Wildman, Income Maintenance Worker 3-E, effective February 25, 1998

New hires;

Asa Knowles, Security Officer 1, effective February 17, 1998 rate of $8.00/hr.
Kathleen Bower, Employment service counselor, effective March 2, 1998 rate of $11.31/hr.
Sharon Chapple, Investigator 1, effective March 2, 1998 rate of $10.12/hr.

Motion by Blair, seconded by Ross to adopt Resolution. Ayes: All.
Motion carried.

B.9 RESOLUTION NO. 98-132

In the matter of authorizing Lorain County Human Services Department to purchase a 1998 Ford Windstar 7-passenger mini-van from Mike Pruitt Ford in Lima, Ohio in the amount of $17,45000, utilizing State of Ohio Term Contract Index No. GDC-93-E) February 12, 1998

WHEREAS, Mary Lou Golski, Director, Lorain County Human Services by letter dated February 2, 1998 requested the following:

"I am requesting that a Commissioners Resolution be passed approving the purchase of a 1998 Ford Windstar, 7-passenger mini-van from Mike Pruitt Ford in Lima, Ohio. This purchase wold be made utilizing State of Ohio Term Contract Index No. GDC-93-E. The details can be found on page 42 of this index which is on file in the Lorain County Purchasing Department.

The unit price for this minivan:	$16,895.00
The following options are to be added;	
-rear window defroster	$ 170.00
-cruise control (includes tilt steering wheel)	$ 385.00
Total	$17,450.00

The agency currently owns a 1991 Plymouth Voyager which will be traded into this dealership at the time of this purchase. A new, reliable vehicle is needed to replace this older minivan, as transportation needs to be provided for our employees who need to travel off-site for various reasons including attending training session. This purchase will be a shared cost.

A Commissioners' Resolution is needed for our agency to participate in this State purchasing contract. The purchase is totally reimbursable/allowable through State and federal funds. No county general fund dollars will be needed.

Your prompt attention to this request will be greatly appreciated.

Sincerely, S/Mary Lou Golski, Director, LCHS"

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the request of Mary Lou Golski, Director, LCHS by letter dated February 2, 1998 we hereby authorize the Lorain County Human Services Department to purchase a 1998 Ford Windstar 7-passenger Mini-van from Mike Pruitt Ford in Lima, Ohio in the amount of $17,45000, utilizing State of Ohio Term Contract Index No. GDC-93-E.

Motion by Vasi, seconded by Blair to adopt Resolution. Ayes: All.
Motion carried.

B.10 RESOLUTION NO. 98-133

In the matter of appointing Patricia Knight, Acting Community Development Director as representative to Black River RAP Coordinating Committee with Tim Arra as alternate effective February 12, 1998) February 12, 1998

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby appoint Patricia Knight, Acting Community Development Director as representative to Black River RAP Coordinating Committee with Tim Arra as alternate effective February 12, 1998.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All.
Motion carried.

B.11 RESOLUTION NO. 98-134

In the matter of approving the Solid Waste Grant Amendment FY98-1730 for City of Vermilion in amount of $80,000.00) February 12, 1998

WHEREAS, Andy Andersen, Coordinator, Lorain County Solid Waste Management District by memo dated January 30, 1998 submitted the following:

"The City of Vermilion is approved for a 1998 Solid Waste Grant in the amount of $80,000.00. The City is requesting the amount of $18,000.00 be re-assigned under equipment for recycled carpeting in the amount of $9,000.00 in City Buildings. Another $9,000.00 for recyclable grates and trees to replace railroad ties in the downtown landscaping areas. These items will also promote Buy Recycled in the City of Vermilion.

The District Coordinator recommends the $18,000.00 be re-assigned in the equipment line item with no financial changes by the Lorain County Board of Commissioners.

Please contact my office at 329-5440 for any additional information you may require.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that based upon the request of Andy Andersen,, Coordinator, LCSWMD by memo dated January 30, 1998 we hereby approve the Solid Waste Grant Amendment FY98-1730 for City of Vermilion in amount of $80,000.00.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All.
Motion carried.

B.11b

RESOLUTION NO. 98-135

In the matter of approving the Solid Waste Grant Amendment)
FY98-1708 for Carlisle Township in amount of $4,000.00) February 12, 1998

WHEREAS, Andy Andersen, Coordinator, Lorain County Solid Waste Management District by memo dated February 5, 1998 submitted the following:

"Carlisle Township operates a Drop Off Recycling location for its residents at the Township Garage. Their request for a new recycling trailer was approved in the 1998 Grant in the amount of $8,000.00.

The contractor for the new recycling trailer was unable to reach an agreement at the specified price for this recycling trailer. The Trustees are now requesting an additional $4,000.00 for this recycling trailer.

This new trailer will simplify the way materials have to be sorted and will allow the residents to recycle items quicker. There will also be a reduction in man hours required for the maintenance and hauling which is done by Township employees. All these efforts should result in more efficient operations and an encouragement for residents to recycle more.

The population of Carlisle Township is 7,630 which is the largest Township in Lorain County.

As District Coordinator I recommend that the Board of Commissioners approve the amount of $4,000.00 for the new Recycling Trailer.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that based upon the request of Andy Andersen,, Coordinator, LCSWMD by memo dated February 5, 1998 we hereby approve the Solid Waste Grant Amendment FY98-1708 for Carlisle Township in amount of $4,000.00.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All.
Motion carried.

B.12

The Board of County Commissioners of the County of Lorain, Ohio, met in regular session on the 12th day of February, 1998, with the following members present:

Mary Jo Vasi Michael A. Ross

E. C. Blair

Commissioner Blair moved the adoption of the following resolution and Commissioner Vasi seconded the motion.

RESOLUTION NO. 98-136

A RESOLUTION APPROVING REVISIONS TO CERTAIN TENTATIVE ASSESSMENTS RELATED TO THE CONSTRUCTION OF SANITARY SEWER IMPROVEMENT NO. 106 WITHIN THE LORAIN COUNTY GENERAL SEWER DISTRICT.

WHEREAS, by Resolution No. 97-785, duly adopted on August 21, 1997, this Board determined it to be necessary to construct Sanitary Sewer Improvement No. 106 (the "Sanitary Sewer Improvement No. 106") as a part of the Lorain County General Sewer District and approved and ratified the detailed plans and specifications, the termini, the estimates of cost, the tentative assessments and the boundaries of the assessment district provided for Sanitary Sewer Improvement No. 106; and

WHEREAS, this Board by Resolution No. 97-1062, duly adopted on December 4, 1997 determined that the resolution determining to proceed (improvement resolution) with the construction of Sanitary Sewer Improvement No. 106 would be considered by this Board at a meeting to be held at 10:30 o'clock a.m. on January 8, 1998, and notice of such determination was given in accordance with Section 6117.07, Ohio Revised Code; and

WHEREAS, this Board adopted the improvement resolution as Resolution No. 98-10 on January 8, 1998, and by that resolution determined to proceed with the construction of Sanitary Sewer Improvement No. 106 in accordance with the plans and specifications, the termini, the estimates of cost, the tentative assessments and the boundaries of the assessment district provided for Sanitary Sewer Improvement No. 106, all as approved in Resolution No. 97-785; and

WHEREAS, by Resolution No. 98-10, this Board further authorized the County Sanitary Engineer, after the completion of said improvement and the ascertainment of the actual cost thereof, to prepare or cause to be prepared revised assessments for such improvement based upon and in proportion to the tentative assessments therefor; and

WHEREAS, by letter dated January 12, 1998, a copy of which is on file with the Clerk of this Board, in response to timely filed written objections to the tentative assessment for parcels 3-00-113-104-105 and 3-00-113-104-107, the County Sanitary Engineer has determined to alter the assessment frontage of those parcels and accordingly to revise the tentative assessments for those parcels as set forth in that letter;

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of the County of Lorain, Ohio:

Section 1. This Board of County Commissioners hereby acknowledges the receipt of the referenced letter dated January 12, 1998 from the County Sanitary Engineer, approves and ratifies the revised tentative assessments set forth therein, and authorizes the County Sanitary Engineer to utilize those revised tentative assessments pursuant to Resolution No. 98-10 in making further revisions to the tentative assessments for the improvement after the final cost thereof has been ascertained.

Section 2. It is found and determined that all formal actions of this Board concerning and relating to the adoption of this resolution were so adopted in an open meeting of this Board, and that all deliberations of this Board that resulted in such formal action, were in meetings open to the public, in compliance with the law.

Upon roll call on the adoption of the resolution, the vote was as follows:

Mary Jo Vasi 'aye' Michael A. Ross 'aye'

E. Broad Street, Elyria and 3841 Pearl Avenue,)
Lorain, Ohio)

WHEREAS, Mary Lou Golski, Director, Lorain County Human Services by letter dated January 29, 1998 requested the following:

"I am requesting a Commissioners' Resolution authorizing the renewal of the service contract between Lorain County Human Services and Dunbar Armored beginning February 1, 1998 through January 31, 1999. This contract is for storage and delivery of food stamps to North Shore Enterprises, Inc., 310 E. Board Street, Elyria, Ohio and 3841 Pearl Avenue, Lorain, Ohio. This is the second year of the original contract and is being re-signed with the terms and conditions remaining the same as originally stated. A signed annual renewal was a condition of the bid specifications of this service.

Please sign the enclosed signature pages. Please return the original copy to me for our file and keep the copy for your file. The original contract was bid through the Lorain County Purchasing Department and paperwork can be reviewed there.

Thank you for your cooperation in this matter.

Sincerely, S/Mary Lou Golski, Director, LCHS

Said renewal agreement is considered a part hereof to this resolution by reference thereto and can be found on file in the Commissioners/Purchasing Department.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the request of Mary Lou Golski, Director, LCHS by letter dated January 29, 1998 we hereby authorizing the renewal of service contract between the Human Services Department and Dunbar Armored for storage and delivery of Food stamps to North Shore Enterprises, Inc., at 310 E. B.14 RESOLUTION NO. 98-138

In the matter of awarding bids for the purchase of paper)
products, cleaning products and trash liners to various) February 12, 1998
County buildings)

WHEREAS, Yvonne Newton, Purchasing Director, by letter dated February 9, 1998 submitted the following:

"The bids received on February 5, 1998, for copy paper for the Lorain County Administration Building, Lorain County Correctional Facility, Lorain County Human Services and Lorain County Golden Acres are as follows:

Moelk Sales	-	Lorain County Administration Building and Lorain County Correctional Facility	$21,481.50
	-	Lorain County Human Services	$ 2,198.25
		TOTAL	$23,679.75
National Paper	-	Lorain County Administration Building and Lorain County Correctional Facility	$22,332.57
	-	Lorain County Human Services	$ 1,951.82
		TOTAL	$24,284.39
Lorain County Golden Acres	-	Various cleaning products, which are line items.	

After reviewing the bids with Ralph Smugala, Maintenance Supervisor in which we recommend that the Board accept the bid from Moelk Sales, in the amount of $23,679.75 for the paper products and trash liners, the cleaning products should be awarded to National Paper and Packaging for Lorain County Golden Acres as the best and lowest bid received.

Respectfully yours, S/Yvonne Newton, purchasing Director"

Said bid was the lowest and most responsive as complying with specifications.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that based upon the review and recommendation of Yvonne Newton, Purchasing Director and Ralph Smugala, Maintenance Supervisor we hereby award bid to Moelk Sale for purchase of paper products and trash liners in total amount of $23,679.75 for purchase of paper products and trash liners supplied to Lorain County Administration Building, Lorain County Correctional Facility and Lorain County Human Services Building. National Paper and Packaging will be awarded for cleaning supplies only to Lorain County Golden Acres as requested line items.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All.
Motion carried.

B.15 RESOLUTION NO. 98-139

In the matter of approving the proposed procedure and)
authorize the Lorain County Sheriff to collect fees for)
false alarms as permitted by the Ohio Revised Code) February 12, 1998
Section 505.511(B) commencing March 1, 1998 through)
December 31, 1998 subsequent years for invoice purposes)
will fund January through December)

WHEREAS, Sheriff Martin Mahony, by letter dated January 9, 1998 requested the following:

"Please find enclosed our proposed procedure for the collection of fees for false alarms. The Sheriff's Office responds to approximately 1,200 alarms each year. Of these 1,200 alarms, 10-15 involve criminal or suspicious activity. AS each alarm requires a response from two of our officers (one officer is the primary responder and one officer is the back-up), it is necessary to promote a proper and precise use of this technology. A fee assessment for false alarms which is permitted under the Ohio Revised Code 505.511 (B) has proven most effective in reducing the number of false alarms in other agencies. We, with your cooperation, desire to implement this procedure. A copy has also been forwarded to the Prosecutor's office of review and/or legal consideration.

Upon your review, please advise us as to your decision. Should the board have any questions, do not hesitate to contact this office.

Sincerely, S/Sheriff Martin Mahony"

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that based upon Sheriff Mahony letter dated January 9, 1998 we hereby approve the proposed procedure and authorize the Lorain County Sheriff to collect fees for false alarms as permitted by the Ohio Revised Code, Section 505.511 (B), commencing March 1, 1998 through December 31, 1998; subsequent years for invoice purposes will run January through December.

JOURNAL ENTRY

Commissioner Ross commented on the proposed Merger of 1st Merit and Premier Bank and Trust. He has spoken to Mayor Keys(Elyria) & Mayor Koziura(Lorain) on the impact it will have on Lorain county; loss of jobs and banking services and we should register our concerns to this impact.

Ms. Pat Knight, Acting Community Development Director stated the merger between 1st Merit and Premier Bank and Trust is pending approval by the Comptroller of Currency, Administrator of National Bank and Federal Reserve Bank. If the merger is approved it will have 100% ownership by 1st Merit over Premier Bank. If this happens in the county the merger will result in the closing of several locations as follows:
1st Merit, 3903 Pearl Ave., Lorain ; Premier Bank, 301 W. Erie, Lorain ; Premier Bank, 38695 Center Ridge Rd., N. Ridgeville ; Premier Bank , 672 Oberlin Rd., Elyria ; Premier Bank, 38473 Chestnut Ridge, Elyria / This merger will further result in consolidation of 21 branches into 10

City of Lorain was the 1st to file protest to this merger and objection was filed on the negative impact on Lorain, which included loss of jobs, access of banking facilities, by residents. The City has reevaluated the CRA performances both 1st Merit and Premier Bank in areas of redeveloping of services to low-moderate income person(s).

A Coalition of concerned impacted organizations and municipalities, which includes City of Lorain and Oberlin, has formed under Leadership of Grassroots Development Office. Coalition groups have specified their concerns and objections to the proposed merger. She stated she attended a meeting of coalition with representatives of both banks; where they provided information regarding the concerns of and additional members of the coalition made specific recommendations as to how some of those concerns might be addressed. 1st Merit bank did provide a proposal which is entitled 1st Merit Bank, Lorain County Investment Initiative and that document provided a 5 year outline of efforts to include; residential mortgage loans, counseling at home, buyers education, home improvement loan, consumer loans, small business lending, micro loan program, neighborhood development financing, branches and regional management, economic impact/philantrophy, marketing and outreach and establishment of an oversight committee to monitor goal attainment, etc. . There is an oversight committee, which would monitor the goals that are specified in document.
The Coalition has reviewed and feels it is inadequate by the concerns that have been raised; of the concerns based on review have to be with compliance of community reinvestment issues.

The Coalition contains representatives from; Grassroots Leadership office, Cityview Community Development Corporation, Lorain Opportunity Outreach program, Legal Aid, Lorain County Task Force for the Homeless, South Lorain Community Development Corp., Zion Community Development Corporation of Oberlin, Labor Council for Latin American Advancement, UAW Hispanic Council of Greater Lorain County, City of Elyria NAACP, The Charleston Village Community Development Corporation of Lorain, City of Lorain and the City of Oberlin Housing and Economic Development Division.

The Banks in questions have pledged their intend to response to specific concerns and recommendations as presented yesterday and will do in a worksession forum. This group anticipates the banks good faith to work through concerns to arrive at workable and acceptable solutions for all. It should be the Board of Commissioners recommendation at this time to pass a resolution supporting efforts of the coalition to ensure the results of this merger are advantages to this county and the residents, organizations and political subdivisions. This Board further expresses and acknowledges the banks right to make good sound, business and financial decisions while advising and insisting those decisions to include responsiveness to the needs of its service area, particular needs on low-moderate income persons and minority persons in those areas. The Resolution would further resolve to continue participation and designate the Acting Community Development Director in absence of board member to serve as a member and use this resolution as an accompany document.

Ms. Knight said for specific information, questions regarding recommendations as it may, Jack Kilroy, Grassroots Leadership 277-6504 has been designated as the spokesperson.

Commissioner Ross thanked Ms. Knight personally that on short notice got involved and responded to this board regarding merger. This board understands we can't stop things but would like to voice our concerns.

Commissioner Blair asked when concerns could be voiced, Ms. Knight stated Friday is the deadline.

The following resolution was adopted;

RESOLUTION NO. 98-146

In the matter of support for)
Grassroots CRA Coalition on)
proposed Merger of Premier)
Bank & Trust, Elyria, Ohio) *February 12, 1998*
and FirstMerit Bank, NA.)
Akron, Ohio)

WHEREAS, a Coalition has formed regarding Community Reinvestment Area Act and other issues connected to a proposed merger of PremierBank & Trust of Elyria, Ohio and the FirstMerit Bank; NA, Akron, Ohio. AND,

WHEREAS, that Coalition includes representation from Lorain County organizations and municipalities which have expressed serious concerns with the proposed merger and have made and will continue to make recommendations, to the Banks above referenced, which attempt to address those concerns in a unified manner; AND,

WHEREAS, the Board of Lorain County Commissioners shares the concerns expressed by the Coalition, particularly as they relate to loss of jobs, and services to the County as well as the provision of increased opportunity and improvement of the quality of life.

NOW, THEREFORE, BE IT RESOLVED THAT, the Board of Lorain County Commissioners supports the Coalition's efforts to ensure that the results of the above referenced Proposed Bank Merger, are advantageous to Lorain County residents, organizations and political subdivisions. AND,

BE IT FURTHER RESOLVED THAT, The Board of Lorain County Commissioners acknowledges the right and obligation of the Banks referenced to make sound business financial decisions. The Board also acknowledges the Bank's initial attempt to formulate an investment initiative. The Board is further, relying on the Bank's intent to continue negotiations toward an initiative which is truly responsive to the needs of its entire service area, with emphasis on the needs of low and moderate income and minority populations and areas where those populations are concentrated.

THE BOARD OF LORAIN COUNTY COMMISSIONERS agrees to participate in future negotiations and in the absence of a Board member, hereby designates the County's Acting Community Development Director to serve as its representative. This Resolution may be used as an accompanying document to future correspondence with the Comptroller of the Currency.

The foregoing resolution was moved by Commissioner *Ross, seconded by Commissioner Blair to adopt Ressolution. Ayes All.*
Motion carried.

JOURNAL ENTRY

Russ Johnson, Account Manager, Ohio Department of Human Services will address the Board on welfare reform.

Mr. Johnson said the Public Assistance Program, Welfare in Ohio and across the nation is under going a tremendous change and we are trying to move from under the Ohio Works First Program from Entitlement to Self-sufficiency and trying to get Ohioians off public assistance and into a good solid job through retention.

He said as an account manager in Region 8, he has 3 counties; Cuyahoga, Lake and Lorain with only 12 account managers throughout the state. Our primary responsibility is to provide support and facilitation to you as a board and to departments and work together, because this is a large problem and people who are on public assistance just don't live in certain sectors it is a community wide issue. By using private sector, business community and other social service agencies we can bring together for a final result at some point will be a partnership agreement we will have with the board. Also incentives can be used; meet certain participation rates for employment or activities, county can gain money and use towards welfare reform activities. Counties can also write their own programs; like Lorain County has and develop work-training programs.

Commissioner Vasi asked if he would attended our Welfare Advisory Committee meetings and stated he should get with Teresa McCoy, Pubic Service Institute, LCCC who is coordinating our Welfare Reform Committee.

Mr. Johnson said he would be more than willing to work with Ms. McCoy and the committee to bring ideas together and help facilitate programs, but possibly not attend all the meetings.

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby approve and enter into Contract between the Board of Commissioners and the City of Lorain, Ohio for incarceration of prisoners in Lorain County jail.

FURTHER BE IT RESOLVED, said contract has a 90 day cancellation clause by either party and is contingent upon acceptance of the City of Lorain as follows:

LORAIN COUNTY CORRECTIONAL FACILITY CONTRACT
FOR HOUSING MUNICIPAL ORDINANCE INMATES

This Contract made pursuant to the laws of the State of Ohio by and between the CITY OF LORAIN, OHIO, a municipal corporation, hereinafter referred to as MUNICIPALITY; and the BOARD OF COMMISSIONERS OF LORAIN COUNTY, OHIO, hereinafter referred to as COUNTY.

WITNESSETH:

WHEREAS, said MUNICIPALITY has limited quarters and facilities for the housing of persons confined or committed for the violation of its municipal ordinances and for those committed for the non-payment of fines assessed; and

WHEREAS, it is therefore necessary to confine certain of these persons in the County Correctional Facility of Lorain County, Ohio.

NOW, THEREFORE, it is mutually agreed by and between the parties hereto:

1. That on the basis of space being available, the COUNTY shall receive and safely keep, board and maintain in said County Correctional Facility, any person or persons lawfully committed by the Police of the MUNICIPALITY or by the Municipal Court having territorial jurisdiction over said MUNICIPALITY for violation of its municipal ordinances.

2. That said MUNICIPALITY shall pay monthly to the COUNTY for every person so classified as "ordinance inmate" and confined in said County Correctional Facility, a uniform rate of Thirty-Five and no/100 Dollars ($35.00) per day for board, clothing, and incidentals during said confinement and commitment therein. All expenses incurred for medical or dental services for such person(s) so confined or committed to the County Correctional Facility shall be the separate obligation of the MUNICIPALITY and shall be paid directly by said MUNICIPALITY. In the event that hospitalization is required by any such person(s) so confined or committed to the County Correctional Facility under the terms of this agreement, security shall be provided by said MUNICIPALITY within four (4) hours after notice of admission of such person(s) and shall be at the expense of said MUNICIPALITY.

3. That all persons confined or committed to the said County Correctional Facility for said MUNICIPALITY shall be held subject to the rules, regulations, and discipline, the same as any other person therein confined or committed.

4. Transportation of persons to be confined or committed to said County Correctional Facility, under the terms of this Contract, shall be provided for and paid for by said MUNICIPALITY.

5. Itemized statements showing the amount due from said MUNICIPALITY on account of persons confined or committed to said County Correctional Facility under this Contract shall be presented to said MUNICIPALITY by the COUNTY, as furnished by the Sheriff of Lorain County, Ohio, on or about the first (1st) day of each and every month and payment thereof shall be made by said MUNICIPALITY during the month in which said statement is presented.

6. It is mutually agreed by and between the parties hereto that should either party for any reason desire to cancel this Contract that the same may be canceled upon the giving of at least ninety (90) days' written notice to the other party of the intention to cancel the same.

7. This Contract shall be effective on the 1st day of March, 1998; and shall terminate on December 31, 1999.

RESOLUTION NUMBER 98-157

163

In the matter of recovering)
costs of confinement and)
related financial sanctions) February 18, 1998

WHEREAS, Section 307.93 of the Ohio Revised Code permits a board of county commissioners, inter alia, to recover the cost(s) of an inmate's confinement in a multicounty correctional center, as such costs may be imposed by a sentencing court in accordance with the provisions set forth in Sections 2929.18 and 2929.223 of the Ohio Revised Code; and

WHEREAS, Section 341.14 of the Ohio Revised Code permits a board of county commissioners, inter alia, to recover the cost(s) of an inmate's confinement in another County's county jail, as such costs may be imposed by a sentencing court in accordance with the provisions set forth in Sections 2929.18 and 2929.223 of the Ohio Revised Code; and

WHEREAS, Section 341.19 of the Ohio Revised Code permits a board of county commissioners, inter alia, to recover the cost(s) of an inmate's confinement in a county jail, as such costs may be imposed by a sentencing court in accordance with the provisions set forth in Sections 2929.18 and 2929.223 of the Ohio Revised Code; and

WHEREAS, Sections 341.23 and 753.16 of the Ohio Revised Code permits a board of county commissioners, inter alia, to recover the cost(s) of an inmate's confinement in another County's or another municipality's workhouse, as such costs may be imposed by a sentencing court in accordance with the provisions set forth in Sections 2929.18 and 2929.223 of the Ohio Revised Code; and

WHEREAS, Section 2301.56 of the Ohio Revised Code permits a board of county commissioners, inter alia, to recover the cost(s) of an inmate's confinement in a community based correctional facility, as such costs may be imposed by a sentencing court in accordance with the provisions set forth in Sections 2929.18 and 2929.223 of the Ohio Revised Code; and

WHEREAS, Section 2929.18 of the Ohio Revised Code permits a board of county commissioners, inter alia, to recover the cost(s) of an inmate's confinement in a correctional center that is not operated by the State of Ohio, as such costs may be imposed by a sentencing court in accordance with the provisions set forth in Sections 2929.18 and 2929.223 of the Ohio Revised Code; and

WHEREAS, Section 2929.18 of the Ohio Revised Code permits a board of county commissioners, inter alia, to recover the cost(s) of other financial sanctions, to recover the cost(s) of implementing any community control sanction, to recover the cost(s) of confinement and to recover any other financial sanction(s), as such cost(s) of sanction(s) may be imposed by a sentencing court in accordance with the provisions set forth in Sections 2929.18 and 2929.2223 of the Ohio Revised Code; and

WHEREAS, Section 2929.23 of the Ohio Revised Code permits a sentencing court, inter alia, to impose a sanction relating to the use of electronically monitored house arrest and/or electronically monitored house detention, including the adoption of a reasonable daily fee therefor and/or the imposition of the actual cost thereof; and

WHEREAS, Sections 2929.15 - 2929.23 of the Ohio Revised Code, inter alia, permit a sentencing court to impose other financial sanctions and penalties, in accordance with law; and

WHEREAS, it is in the best interests of the citizenry of Lorain County, Ohio to recover and collect lawfully imposed costs of confinement and/or all other lawfully imposed related financial sanctions and penalties, as are permitted to be imposed by a sentencing court in accordance with law, including, but not limited to those costs, financial sanctions and penalties, as are permitted and authorized by Sections 307.93, 341.14, 341.19, 341.23, 753.16, 2301.56, 2929.18, 2947.19, 2929.223 and 2929.15 - 2929.23 of the Ohio Revised Code, as are presently in effect, or may, from time to time, hereafter be amended; and

WHEREAS, the health, safety and welfare of the citizenry of Lorain County, Ohio will benefit from the recovery and collection of lawfully imposed costs of confinement and/or all other lawfully imposed related financial sanctions and penalties, as are permitted to be imposed by a sentencing court in accordance with law, including, but not limited to those costs, financial sanctions and penalties, as are permitted and authorized by Sections 307.93, 341.14, 341.19, 341.23, 753.16, 2301.56, 2929.18, 2947.19, 2929.223 and 2929.15 - 2929.23 of the Ohio Revised Code, as are presently in effect, or may, from time to time, hereafter be amended; and

NOW, THEREFORE, BE IT RESOLVED by the Board Of Commissioners of Lorain County, Ohio that as of the __ day of February, 1998, we do hereby resolve to recover and collect all lawfully imposed costs of confinement and/or all other lawfully imposed related financial sanctions and penalties, as may be lawfully imposed by a sentencing court, including, but not necessarily limited to: multicounty correctional center confinement costs (O.R.C. Section 307.93); inter-county jail confinement costs (O.R.C. Section , 341.14); intra-county jail confinement costs O. R. C. Section 341.19); inter-county and inter-municipality workhouse confinement costs (O.R.C. Sections 341.23 and 753.16); community based correctional facility confinement costs (O.R.C. Section 2301.56); non-state operated correctional facility confinement costs (O.R.C. Section 2929.18); workhouse confinement costs (O.R.C. Section 2947.19): the costs of other financial sanctions (O.R.C. Section 2947.19); the costs of implementing community control sanctions (O.R.C. Section 2947.19); fees and/or costs relating to the use of electronically monitored house arrest and/or electronically monitored house detention (O.R.C. Section 2929.33); and all other sanctions and penalties lawfully imposed by law (O.R.C. Sections 2929.15 - 2929.23).

BE IT FURTHER RESOLVED by the Board Of Commissioners of Lorain County, Ohio that we do hereby request the Prosecuting Attorney of Lorain County, Ohio to do all acts that are necessary and proper, as permitted by Chapter 309 of the Ohio Revised Code, and Sections 307.93, 341.14, 341.19, 341.23, 753.16, 2301.56, 2929.18, 2947.19, 2929.223 and 2929.15 - 2929.23 of the Ohio Revised Code, to recover and collect, on behalf of Lorain County, Ohio, lawfully imposed confinement costs and all other lawfully imposed related financial sanctions and penalties, as may be lawfully imposed by a sentencing court, as heretofore identified.

The foregoing Resolution was introduced upon a motion by Commissioner Blair, seconded by Commissioner Ross; and upon roll call the vote taken thereon resulted as follows: Commissioner Blair "Aye"; Commissioner Ross "Aye"; and Commissioner Vasi "Aye".

Motion carried.

B.11 RESOLUTION NO. 98-159

In the matter of accepting petition request as filed by Mr. Eric)
Severs, Oberlin City Solicitor and adopt resolution confirming) February 19, 1998
boundaries of Oberlin Township with the present corporation)
limits of the City of Oberlin, Ohio)

WHEREAS, on date of March 21, 1996 the Lorain County Board of Commissioners granted Annexation for approximately 41.53 acres in Pittsfield Township, Resolution No. 96-261 and then on March 20, 1997 granted Annexation of approximately 0.59 acres in New Russia Township, Resolution No. 97-215 to the city of Oberlin; and

WHEREAS, the City of Oberlin approved said Annexations of Pittsfield Township, Resolution No. 96-58 AC CMS on July 2, 1996 and New Russia Township, Resolution No. 97-63 AC CMS on July 3, 1997; and

WHEREAS, as a result of the Annexation proceedings, Mr. Eric Severs, Oberlin City Solicitor, has on September 15, 1997, filed a Petition request for adoption of a Resolution to conform boundaries of Oberlin Township with the present corporation limits of the City of Oberlin, Ohio; and

WHEREAS, said Petition along with Map was forwarded to the County Engineer and County Prosecutor for their review and findings.

NOW, THEREFORE BE IT RESOVLED, by the Lorain County Board of Commissioners that after review and recommendation of the Lorain County Engineer and Lorain County Prosecutor we do and hereby grant the request of Eric Severs, Oberlin City Solicitor and conform boundaries pursuant to Section 503.07 of the Ohio Revised Code: which Petition and Resolution of the City of Oberlin, Ohio reads as follows:

PETITION
TO CONFORM BOUNDARIES
PURSUANT TO SECTION 503.07
OF THE OHIO REVISED CODE

To the Honorable Board of Commissioners
of Lorain County, Ohio:

Now comes the City of Oberlin, Lorain County, Ohio, by and through Eric R. Severs, its duly appointed and acting City Solicitor, and, pursuant to Section 503.07 of the Ohio Revised Code, hereby petitions the Board of Commissioners of Lorain County, Ohio, to enter an Order conforming the boundaries of Oberlin Township so as to include recently annexed property and make the boundary of said Township identical with the corporate limits of the municipality.

Attached hereto and incorporated herein by reference is a certified copy of Oberlin City Council Resolution R 97-5 CMS, passed on August 5, 1997, petitioning the Board of Commissioners of Lorain County, Ohio, to extend said Oberlin Township boundary so as to include said recently annexed properties, and further designating the City Solicitor as the agent of the City of Oberlin in the matter.

Filed herewith is a certified copy of Ordinance No. 96-58 AC CMS which accepted annexation of certain property located in Pittsfield Township to the City of Oberlin, a certified copy of Ordinance No. 97-73 AC CMS which accepted annexation of certain property located in New Russia Township to the City of Oberlin, maps of the area annexed, and an accurate plat of the area included within the present corporate limits of the City of Oberlin.

RESOLUTION NO. R97-5 CMS

A RESOLUTION PETITIONING THE BOARD OF COMMISSIONERS OF LORAIN COUNTY, OHIO, TO EXTEND THE CURRENT BOUNDARY OF OBERLIN TOWNSHIP TO INCLUDE REAL PROPERTY RECENTLY ANNEXED TO THE CITY OF OBERLIN SO THAT THE BOUNDARY OF SAID TOWNSHIP CONFORMS TO AND IS IDENTICAL WITH THE CORPORATE LIMITS OF THE MUNICIPALITY

WHEREAS, annexation proceedings have recently been completed which annexed certain territory in Pittsfield and New Russia Townships to the City of Oberlin; and,

WHEREAS, Section 503.07 of the Ohio Revised Code authorizes a municipality to petition the Board of County Commissioners for a change in township lines in order to make them identical, in whole or in part, with the corporate limits of the municipal corporation; and,

WHEREAS, changing such boundary lines so as to delete said recently annexed properties from Pittsfield Township and New Russia Township and adding them to Oberlin Township, the boundaries of which are identical to those of the City of Oberlin, will simplify and clarify fire protection responsibilities, voting rights and tax levy jurisdictions.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Oberlin, County of Lorain, State of Ohio, a majority of all members elected thereto concurring:

SECTION 1. That Oberlin City Council, pursuant to Section 503.07 of the Ohio Revised Code, hereby respectfully petitions the Board of Commissioners of Lorain County, Ohio, for a change in township lines of Pittsfield Township and New Russia Township so as to delete from said townships certain real property recently annexed to the City of Oberlin and add said property to Oberlin Township, and make the boundary lines of said Oberlin Township conform with and identical to those of the City of Oberlin.

SECTION 2. That the City Solicitor is hereby designated as agent of the City of Oberlin to present said Petition to the Board of Commissioners of Lorain County and to do all things necessary and proper on behalf of the City of Oberlin to accomplish the purpose of this Resolution, such to be charged to the City of Oberlin as extraordinary services.

SECTION 3. It is hereby found and determined that all formal actions of this Council concerning or relating to the adoption of this Resolution were adopted in an open meeting of this Council, and that all deliberations of this Council and of any of its committees that resulted in such formal action, were in meetings open to the public in compliance with all legal requirements, including Section 121.22 of the Ohio Revised Code.

SECTION 4. That this Resolution shall take effect at the earliest date allowed by law.

RESOLUTION NO. 98-160

In the matter of awarding bid to Moore Document Solutions in the amount of $15,129.60 for the purchase of 160,000 Child Support program heat sealed checks) February 19, 1998

WHEREAS, Mary Lou Golski, Director, Lorain County Human Services by letter dated February 13, 1998 requested the following:

"I am requesting a Commissioners' Resolution to purchase 160,000 Child Support program heat sealed checks from Moore Document Solutions. A Commissioners' Resolution is necessary in order to receive State and Federal reimbursement.

The agency sent invitation to bid packages to Mehco Custom Printing, Moore Document Solutions, and M2 Forms and Systems. Moore Document Solutions was the only vendor to respond with a quote by the February 11, 1998 deadline. Last February an order for 300,000 checks was competitively bid by Yvonne Newton and Moore Document Solutions was the only vendor to submit a bid at that time also. The agency has dealt with Moore in the area of heat sealed checks for a number of years and has had no problems with the quality of the product or the delivery of the checks on a timely basis both of which help facilitate the issuance of the Child Support Checks.

The total cost of this package is as follows:

160,000 heat sealed checks	=	$13,030.40
delivery of above	=	$ 771.20
warehousing of above	=	$ 1,328.00
Total	=	$15,129.60

This order represents the last order of this supply item. The issuance of checks will no longer be a county responsibility with the full implementation of SETS (Support Enforcement Tracking System).

Thank you for your cooperation in this matter.

Sincerely, S/Mary Lou Golski, Director, LCHS"

This was the only bid received complying with specifications.

NOW, THEREFORE BE IT RSOLVED, by the Lorain County Board of Commissioners that based upon the review and recommendation of Mary Lou Golski, Director of Lorain County Human Services by letter dated February 13, 1998 we hereby award bid to Moore Document Solutions in the amount of $15,129.60 for the purchase of 160,000 child support program heat sealed checks.

Motion by Ross, seconded by Blair to adopt Resolution. Ayes: All.

The Board of County Commissioners of the County of Lorain, Ohio, met in regular session on the 19th day of February, 1998, with the following members present:

Mary Jo Vasi Michael A. Ross

E. C. Blair

Commissioner Vasi moved the adoption of the following resolution and Commissioner Blair seconded the motion.

RESOLUTION NO. 98- *162*

A RESOLUTION PROVIDING FOR THE ISSUANCE AND SALE OF $197,000 NOTES, IN ANTICIPATION OF THE ISSUANCE OF BONDS, FOR THE PURPOSE OF PAYING COSTS OF (I) CONSTRUCTING WATER IMPROVEMENT NO. 119 AND SANITARY SEWER IMPROVEMENT NO. 105 WITHIN THE LORAIN COUNTY GENERAL SEWER DISTRICT IN ANTICIPATION OF THE COLLECTION OF SPECIAL ASSESSMENTS, (II) CONSTRUCTING THE WEST ROAD-MELODY LANE SANITARY SEWER AND SERVICE CONNECTIONS TOGETHER WITH NECESSARY APPURTENANCES THERETO, AND (III) PREPARING PLANS AND SPECIFICATIONS FOR THE MURRAY RIDGE WATERLINE.

WHEREAS, pursuant to Resolution No. 97-142 adopted February 20, 1997, notes in anticipation of bonds in the amount of $207,000, dated February 28, 1997, were issued for the purpose stated in Section 1, to mature on February 27, 1998; and

WHEREAS, this Board finds and determines that the County should retire the outstanding notes with the proceeds of the Notes described in Section 3 and other funds available to the County; and

WHEREAS, the County Auditor as fiscal officer of this County has certified to this Board as follows: the estimated life or period of usefulness of the improvement described in Section 1 is at least five years; the estimated maximum maturity of the Bonds for the improvement described in clause (i) of Section 1 would be 40 years, but is 20 years because the special assessments anticipated are to be collected over a period of 20 years, for the improvement described in clause (ii) of Section 1 is 40 years, and for the improvement described in clause (iii) of Section 1 is 8 years; and the maximum maturity of the Notes described in clause (i) of Section 1 is five years from March 1, 1996, the original date of their issuance; in clause (ii) of Section 1 is 240 months from April 7, 1994, the original date of their issuance; and in clause (iii) of Section 1 is 180 months from June 7, 1990, the original date of their issuance.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of the County of Lorain, State of Ohio, that:

Section 1. It is necessary to issue bonds of this County in the aggregate principal amount of $197,000 (the Bonds) for the purpose of paying costs of (i) constructing Water Improvement No. 119 and Sanitary Sewer Improvement No. 105 in Lorain County General Sewer District in the location and manner set forth in Resolution Nos. 95-708 and 95-431 of this Board in anticipation of the collection of special assessments ($81,000); (ii) constructing the West Road-Melody Lane sanitary sewer and service connections together with necessary appurtenances thereto ($69,500) and (iii) preparing plans and specifications for the Murray Ridge Waterline ($46,500).

Section 2. The Bonds shall be dated approximately March 1, 1999, shall bear interest at the now estimated rate of 6% per year, payable semiannually until the principal amount is paid, and are estimated to mature in 20 annual principal installments that are substantially equal. The first principal installment is estimated to be December 1, 2000.

Section 3. It is necessary to issue and this Board determines that notes in the aggregate principal amount of $197,000 (the Notes) shall be issued in anticipation of the issuance of the Bonds and to retire, together with other funds available to the County, the outstanding notes. The Notes shall be designated "Sewer and Water Project Notes, Series 1998" and shall bear interest at the rate of 4.30% per year (computed on a 360-day per year basis), payable at maturity and thereafter at the rate of 9.00% per year (computed on a 360-day per year basis) until the County pays or makes provision to pay that principal amount.

Section 4. The debt charges on the Notes shall be payable in lawful money of the United States of America, or in Federal Reserve funds of the United States of America if so requested by the original purchaser and shall be payable, without deduction for services of the County's paying agent, at the principal corporate trust office of Star Bank, National Association, Cincinnati, Ohio (the Paying Agent). The Notes shall be dated February 27, 1998, and shall mature on February 26, 1999.

Section 5. The Notes shall be signed by at least two members of the Board of County Commissioners and by the County Auditor, in the name of the County and in their official capacities, provided that all but one of those signatures may be a facsimile. The Notes shall be issued in the denominations and numbers as requested by the original purchaser and approved by the County Administrator, provided that the entire principal amount may be represented by a single note. The Notes shall not have coupons attached, shall be numbered as determined by the County Administrator and shall express upon their faces the purpose, in summary terms, for which they are issued and that they are issued pursuant to this resolution.

Section 6. The Notes are hereby sold at private sale to KeyBank National Association, Cleveland, Ohio, as the original purchaser, at a purchase price of 100% of the principal amount plus any accrued interest, and in accordance with law and the provisions of this resolution. The County Administrator shall cause the Notes to be prepared and have the Notes signed and delivered, together with a true transcript of proceedings with reference to the issuance of the Notes if requested by the original purchaser, to the original purchaser upon payment of the purchase price. Any member of this Board, the Clerk of this Board, the County Auditor and other County officials, or appropriate, are each authorized and directed to sign any transcript certificates, financial statements and other documents and instruments and to take such actions as are necessary or appropriate to consummate the transactions contemplated by this resolution. The County Auditor is authorized, if it is determined to be in the best interest of the County, to combine the issue of Notes with one or more other note issues of the County into a consolidated note issue pursuant to Section 133.30(B), Ohio Revised Code.

Section 7. The proceeds from the sale of the Notes, except any premium and accrued interest, shall be paid into the proper fund or funds and those proceeds are appropriated and shall be used for the purpose for which the Notes are being issued. Any portion of those proceeds representing premium and accrued interest shall be paid into the Bond Retirement Fund. There is appropriated from the appropriate fund the additional amount necessary to pay the balance of the principal of and the interest on the outstanding notes when due.

Section 8. The par value to be received from the sale of the Bonds or of any renewal notes and any excess funds resulting from the issuance of the Notes shall, to the extent necessary, be used to pay the debt charges on the Notes and the Bonds and are pledged for that purpose.

Section 9. During the year or years in which the Notes are outstanding, there shall be levied on all the taxable property in the County, in addition to all other taxes, the same tax that would have been levied if the Bonds had been issued without the prior issuance of the Notes. The tax shall be within the ten-mill limitation imposed by law, shall be and is ordered computed, certified, levied and extended upon the tax duplicate and collected by the same officers, in the same manner, and at the same time that taxes for general purposes for each of those years are certified, levied, extended and collected, and shall be placed before and in preference to all other items and for the full amount thereof. The proceeds of the tax levy shall be placed in the Bond Retirement Fund, which is irrevocably pledged for the payment of the debt charges on the Notes or the Bonds when and as the same fall due. In each year to the extent the income from the levy of special assessments for or charges collected for connecting to the improvements identified in Section 1 hereof are available for the payment of debt charges on the Notes and Bonds and are appropriated for that purpose, the amount of tax shall be reduced by the amount of income and charges so available and appropriated.

Section 10. The County covenants that it will use, and will restrict the use and investment of, the proceeds of the Notes in such manner and to such extent as may be necessary so that (a) the Notes will not (i) constitute private activity bonds, arbitrage bonds or hedge bonds under Sections 141, 148 or 149 of the Internal Revenue Code of 1986, as amended (the Code) or (ii) be treated other than as bonds to which Section 103(a) of the Code applies, and (b) the interest thereon will not be treated as an item of tax preference under Section 57 of the Code.

The County further covenants that (a) it will take or cause to be taken such actions that may be required of it for the interest on the Notes to be and remain excluded from gross income for federal income tax purposes, (b) it will not take or authorize to be taken any actions that would adversely affect that exclusion and (c) it, or persons acting for it, will, among other acts of compliance, (i) apply the proceeds of the Notes to the governmental purposes of the borrowing, (ii) restrict the yield on investment property, (iii) make timely and adequate payments to the federal government, (iv) maintain books and records and make calculations and reports and (v) refrain from certain uses of those proceeds and, as applicable, of property financed with such proceeds, all in such manner and to the extent necessary to assure such exclusion of that interest under the Code.

The County hereby represents that the outstanding notes were treated as "qualified tax-exempt obligations" pursuant to Section 265(b)(3) of the Code. The County hereby covenants that it will redeem the outstanding notes from proceeds of, and within 90 days after issuance of, the Notes, and represents that all other conditions are met for treating the Notes as "qualified tax-exempt obligations" and as not to be taken into account under subparagraph (D) of Section 265(b)(3) of the Code, without necessity for further designation, by reason of subparagraph (D)(ii) of Section 265(b)(3) of the Code. Further, the County represents and covenants that, during any time or in any manner as might affect the status of the Notes as "qualified tax-exempt obligations," it has not formed or participated in the formation of, or benefited from or availed itself of, any entity in order to avoid the purposes of subparagraph (C) or (D) of Section 265(b)(3) of the Code, and will not form, participate in the formation of, or benefit from or avail itself of, any such entity. The County further represents that the Notes are not being issued as part of a direct or indirect composite issue that combines issues or lots of tax-exempt obligations of different issuers.

Each covenant made in this Section with respect to the Notes is also made with respect to all issues any portion of the debt charges on which is paid from proceeds of the Notes (and, if different, the original issue and any refunding issues in a series of refundings), to the extent such compliance is necessary to assure exclusion of interest on the Notes from gross income for federal income tax purposes, and the officers identified above are authorized to take actions with respect to those issues as they are authorized in this Section to take with respect to the Notes.

The County Auditor, as the fiscal officer, or any other officer of the County having responsibility for issuance of the Notes is hereby authorized (a) to make or effect any election, selection, designation, choice, consent, approval, or waiver on behalf of the County with respect to the Notes as the County is permitted to or required to make or give under the federal income tax laws, including, without limitation thereto, any of the elections provided for in Section 148(f)(4)(C) of the Code or available under Section 148 of the Code, for the purpose of assuring, enhancing or protecting favorable tax treatment or status of the Notes or interest thereon or assisting compliance with requirements for that purpose, reducing the burden or expense of such compliance, reducing the rebate amount or payments or penalties, or making payments of special amounts in lieu of making computations to determine, or paying, excess earnings as rebate, or obviating those amounts or payments, as determined by that officer, which action shall be in writing and signed by the officer, (b) to take any and all other actions, make or obtain calculations, make payments, and make or give reports, covenants and certifications of and on behalf of the County, as may be appropriate to assure the exclusion of interest from gross income and the intended tax status of the Notes, and (c) to give one or more appropriate certificates of the County, for inclusion in the transcript of proceedings for the Notes, setting forth the reasonable expectations of the County regarding the amount and use of all the proceeds of the Notes, the facts, circumstances and estimates on which they are based, and other facts and circumstances relevant to the tax treatment of the interest on and the tax status of the Notes.

Section 11. The Clerk of this Board is directed to deliver a certified copy of this resolution to the County Auditor.

Section 12. This Board determines that all acts and conditions necessary to be done or performed by the County or to have been met precedent to and in the issuing of the Notes in order to make them legal, valid and binding general obligations of the County have been performed and have been met, or will at the time of delivery of the Notes have been performed and have been met, in regular and due form as required by law; that the full faith and credit and general property taxing power (as described in Section 9) of the County are pledged for the timely payment of the debt charges on the Notes; and that no statutory or constitutional limitation of indebtedness or taxation will have been exceeded in the issuance of the Notes.

168

Section 13. This Board finds and determines that all formal actions of this Board concerning and relating to the adoption of this resolution were taken in an open meeting of this Board and that all deliberations of this Board that resulted in those formal actions were in meetings open to the public in compliance with the law.

Section 14. This resolution shall be in full force and effect immediately upon its adoption.

Upon roll call on the adoption of the resolution, the vote was as follows:

JOURNAL ENTRY

Patricia Knight, Acting Community Development Director, Kelly Clark-Oberlin City Auditor and Tim Andel of Alden Press, aka World Color Direct were present to request the Commissioners approve the Enterprise Zone Agreement amendment for Alden Press.

Ms. Knight briefly reviewed the project indicating that Alden Press is located on Artino Street, Oberlin, Ohio. The City of Oberlin and the School District have negotiated an amendment to the Tax Abatement Agreement with World Color Direct, formerly Alden Press. The previously Enterprise Zone Agreement was approved in 1994, which called for the company to invest $2 million for real property improvements, and $35 million in personal property including machinery, equipment and inventory. Taxes were abated per that agreement at 50% for a ten (10) year period. The original agreement called for the creation of 42 new jobs.

Ms. Knight stated that at the last review of this project in terms of the job creation, the company was only 5 jobs short of its goal and the real property improvement investment was met. The personal property investment that is being amended downward to the amount of $12,789,518.00. The Oberlin School District is impacted by this reduction, but has agreed to accept payment in lieu of anticipated tax revenues of $153,468.00 over a ten (10) year period. The Oberlin City Council passed on Ordinance approving this amendment on February 17, 1998 and is now requesting the Board of Commissioners pass a resolution also approving this amendment to the personal property abatement portion of the Enterprise Zone Agreement.

This amendment also includes an official name change form Alden Press to World Color Direct.

Representatives from the City of Oberlin and World Color Direct made brief statements regarding this amendment. Oberlin City is very happy with World Color Direct and has made a fine contribution to their community, and ask for Commissioners approval. Mr. Andel from World Color Direct also asked for Commissioners approval for the amendment.

Discussion followed and the following resolution was adopted:

RESOLUTION NO. 98-165

In the matter of approving the amendment to the Enterprise Zone)
Agreement between the City of Oberlin and World Color Direct)
formerly known as Alden Press) February 26, 1998

WHEREAS, Ohio Revised Code Section 5709.61 through 5709.66 authorized counties with the consent and agreement of affected municipalities and townships therein, to designate as Enterprise Zone; and

WHEREAS, the City of Oberlin entered into an Enterprise Zone Agreement on September 7, 1994;

WHEREAS, World Color Direct has submitted an application for an amendment to the Enterprise Zone Agreement for its project located at 235 Artino, within the City of Obelrin, Ohio; and

WHEREAS, this Board has reviewed the information submitted and desires to authorize execution of this amendment to the Enterprise Zone Agreement; and

WHEREAS, the Oberlin School District has been officially notified of the Oberlin City Council meeting and the Board of Commissioners meeting with in fourteen (14) days of these meetings, as required by substitute Senate Bill 19 (SSB); and

WHEREAS, World Color Direct and the Oberlin School Board have negotiated and executed a School Donation Agreement for the term of the next ten (10) years.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that after reviewing said agreements between the City of Oberlin and World Color Direct we hereby approve the amendment to the Enterprise Zone Agreement which reads as follows:

AMENDMENT TO OHIO ENTERPRISE ZONE AGREEMENT

This agreement is entered into by the City of Oberlin, Ohio, a municipal corporation with its main offices located at 85 South Main Street, Oberlin, Ohio 44074 (hereinafter referred to as City), and World Color Direct, formerly known as Alden Press (hereinafter referred to as World).

WITNESSETH:

WHEREAS, on September 7, 1994, Alden Press, the predecessor of World, previously entered into an Ohio Enterprise Zone Agreement with the City; and,

WHEREAS, said Ohio Enterprise Zone Agreement was subsequently approved by the Board of Lorain County Commissioners and the Oberlin Public Schools and is presently in effect; and,

WHEREAS, it has recently become apparent that certain targets and goals for the expansion of the business of World, as set forth in said Ohio Enterprise Zone Agreement, would not be fulfilled; and,

WHEREAS, for that reason, said Ohio Enterprise Zone Agreement needs to be amended to accurately reflect the actual expansion that has occurred since its approval; and,

WHEREAS, in consideration of an amendment to said Ohio Enterprise Zone Agreement, World is willing to provide payments to the Oberlin Public School District in lieu of taxes that would otherwise be received by said School District but for said incentives set forth in that Ohio Enterprise Zone Agreement.

NOW, THEREFORE, in consideration of the foregoing representations and the mutual covenants hereinafter contained, and the benefit to be derived by the parties from the execution hereof, the parties hereto agree as follows:

1. Paragraph 1 of said Ohio Enterprise Zone Agreement is hereby amended to reflect the total investment by World of Fourteen Million Seven Hundred Eighty-Nine Thousand Five Hundred Eighteen Dollars ($14,789,518), such including Two Million Dollars ($2,000,000) for construction of the facility, Eleven Million Two Hundred Eighty-Nine Thousand Five Hundred Eighteen Dollars ($11,289,518) to purchase machinery and equipment, and One Million Five Hundred Thousand Dollars ($1,500,000) for new inventory.

172-[redacted]

In consideration of said decreased amounts of investment by World, World does hereby agree to pay to the Oberlin Public School District, as a school donation in lieu of taxes that otherwise might be received, the sum of One Hundred Fifty-Three Thousand Four Hundred Sixty-Eight Dollars ($153,468), in annual installments which shall be paid directly to the Oberlin Public School District in accordance with the agreement attached hereto and in installments in accordance with the following schedule:

March 15, 1998	$22,365
January 15, 1999	$21,201
January 15, 2000	$19,381
January 15, 2001	$17,562
January 15, 2002	$15,744
January 15, 2003	$13,910
January 15, 2004	$12,298
January 15, 2005	$11,310
January 15, 2006	$10,341
January 15, 2007	$ 9,357

3. The said Ohio Enterprise Zone Agreement is further amended to substitute the name of "World Color Direct" for "Alden Press" throughout.

4. In all other respects, said original Ohio Enterprise Zone Agreement, as executed on September 7, 1994, is hereby ratified and confirmed.

IN WITNESS WHEREOF, the City of Oberlin, Ohio, by Rob DiSpirito, its City Manager, pursuant to Resolution No. R18-98 has caused this Amendment to Ohio Enterprise Zone Agreement to be executed on this 18th day of February, 19 98, and World Color Direct, by Timothy A. Andel, its Controller - CPA, has caused this Amendment to Ohio Enterprise Zone Agreement to be executed on this 26th day of February, 19 98.

SCHOOL DONATION AGREEMENT

This agreement is made and entered into on this 26TH day of FEBRUARY, 1998, by and between Alden Press, now known as World Color Direct, hereinafter referred to as "World", and the Oberlin Public School District, hereinafter referred to as "District".

WITNESSETH:

WHEREAS, on September 7, 1994, the City of Oberlin, Ohio, and World, entered into an Ohio Enterprise Zone Agreement which provided certain incentives to World in exchange for the promise of World to create and expand its production facility located in the City of Oberlin; and,

WHEREAS, it has become clear that due to policy and ownership changes of World, certain of the expansion goals set forth in that agreement will not soon be accomplished; and,

WHEREAS, for that reason it has become necessary for the City and World to modify that Ohio Enterprise Zone Agreement to reduce the expansion goals provided for in same, with a resulting decrease in the amount of revenue that will be received by the City of Oberlin, Ohio, and the Oberlin Public School District; and,

WHEREAS, because of said reduced revenues, a majority of which were to be received by the District, World has agreed to provide donations to the District to partially compensate and offset such loss in projected revenues as a result of the inability of World to meet the goals set forth in said Ohio Enterprise Zone Agreement.

NOW, THEREFORE, in consideration of the foregoing representations, and in further consideration of the District consenting to an amendment to said previously executed Ohio Enterprise Zone Agreement, World and District do hereby agree as follows:

1. World agrees to contribute the sum of $153,468 to District over the next 10 years, beginning with a payment on March 15, 1998, and continuing with one (1) annual payment each year thereafter for the succeeding nine (9) years, in accordance with the following schedule:

March 15, 1998	$22,365
January 15, 1999	$21,201
January 15, 2000	$19,381
January 15, 2001	$17,562
January 15, 2002	$15,744
January 15, 2003	$13,910
January 15, 2004	$12,298
January 15, 2005	$11,310
January 15, 2006	$10,341
January 15, 2007	$ 9,357

2. Said payment shall be compensation to District for District's losses sustained as a result of the tax exemption for personal and real property granted to World's plant located at 235 Artino Street, Oberlin, Ohio, as set forth in that certain Ohio Enterprise Zone Agreement between the City of Oberlin, Ohio, and World, and dated September 7, 1994.

3. If said Ohio Enterprise Zone Agreement should cease to be in effect for any reason whatsoever, whether due to the default of World, or any other cause, this School Donation Agreement shall automatically terminate, be of no force and effect, and payments to the District shall terminate in the year in which said Ohio Enterprise Zone Agreement becomes inoperative.

4. This agreement is contingent upon the approval of the attached amended Ohio Enterprise Zone Agreement by the City of Oberlin, Ohio, and the Board of Commissioners of Lorain County, Ohio.

IN WITNESS WHEREOF, this School Donation Agreement is executed on this 26th day of February, 19 98 by the undersigned duly authorized agent of World Color Direct, and on this 26TH day of FEBRUARY, 1998, by the Oberlin Public School District, by its duly authorized superintendent.

RESOLUTION NO. 98-174

In the matter of approving and executing letter of continuation for the Criminalistics Laboratory Contract for 1998 between the Lorain County Board of Commissioners and Lorain County Community College) February 26, 1998

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby approve and execute letter of continuation for the Criminalistics Laboratory Contract for 1998 between the Lorain County Board of Commissioners and Lorain County Community College.

Said continuation letter is as follows:

Subject: Criminalistics Laboratory Contract

The contractual agreement between the Commissioners of Lorain County and Lorain County Community College for the operation of the Criminalistics Laboratory is a continuing agreement and provides for annual renewal to be completed during the month of December and concluded with a memorandum noting acceptance of continuance or amendment as appropriate. The purpose of this letter is to inform you that the College recommends continuation of the subject agreement for the period January 1, 1998, through December 31, 1998, in the form and content as documented through this annual process since December 1982.

With regard to the financial situation, presently the Criminalistics Laboratory is operating with an annual budget of $179,000 and with an operating reserve of approximately $200,000. Revenue derived from the continuous levy supporting the Laboratory generates approximately $170,000 - $175,000 per year. Consequently, it appears the Laboratory will be able to continue to function at the current level for the foreseeable future.

We enclose for your information the Minutes of the 1997 Criminalistics Laboratory Advisory Committee, the Criminalistics Laboratory's Final Budget Report for Fiscal Year 1996/97 and the Inventory of Equipment completed in December 1997.

Since we are not aware of any operational or service issues which ought to be integrated into the Criminalistics Laboratory contract, we recommend continuation of the Criminalistics Laboratory contract for Calendar Year 1998. Please note your acceptance of continuation for Calendar Year 1998 by Resolution or through execution as noted below. Please return a copy of this letter or the Resolution to me.

Sincerely,

Joseph A. Sarnovsky

RESOLUTION NO. 98-175

In the matter of authorizing an increase in sanitary sewer waste-)
water service charges for the Sheffield Township sewer system)February 26, 1998
for the year 1998 through 2001)

WHEREAS, Fred Nelson, Lorain County Sanitary Engineer's Department by letter dated February 10, 1998 submitted the following:
"Enclosed is a copy of a recently passed Lorain City Ordinance increasing wastewater service fees for the year 1998 through 2001.
The contact with the City of Lorain for treatment of wastewater provides for charging the township properties no less than the Lorain County residences are charged.
Therefore would your Honorable Body pass a resolution increasing the sanitary sewer wastewater service charges for the Sheffield-Elyria Township sanitary sewer systems and make the service charge the same as Lorain City's as stipulated in the enclosed Ordinance; for 1998 through year 2001.
If you have any questions on this request, please call this office.
Sincerely, S/Fred Nelson, Lorain County Sanitary Engineer's Department"

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that based upon Fred Nelson, Lorain County Sanitary Engineer's Department by letter dated February 10, 1998 we hereby authorize an increase in sanitary sewer wastewater service charges for the Sheffield Township sewer system for the year 1998 through 2001.

FURTHER BE IT RESOLVED, said increases are as follows:

	1998	1999	2000	2001
Yearly increas/100 cu. Ft.	$.34	$.20	$.23	$.19
Total per 100 cu. Ft.	$1.96	$2.16	$2.39	$2.58

Motion by Vasi, seconded by Blair to adopt Resolution. Ayes: All.
Motion carried.

(Discussion was held on the above)

C. COUNTY ADMINISTRATOR

Mr. Vigil J. Muntean had no issues for this day.

D. ASSISTANT COUNTY PROSECUTOR

Mr. Innes, Assistant County Prosecutor requested an Executive Session on behalf of M. Robert Flanagan, Assistant County Prosecutor, with the Commissioners after completion of the board business, to discuss pending litigation regarding a health claim by one of the employees; and a matter concerning the county's health plan dispute with Metro Parks.

E. OLD BUSINESS

Commissioner Vasi stated that with the information received from the Prosecutor's Office regarding the charge for copies the public pays, she would like to move to reduce the charges as follows:

8 ½ x 11 size paper	=	$	.05/copy
8 ½ x 14 size paper	=	$	.10/copy
Journal size paper	=	$	.15/copy
Cassette tapes	=	$	1.50/tape

Commissioner Vasi feels that these prices are more realistic to the actual cost.

Commissioner Ross said that he is not sure what the current costs are, and would like time to review this, and place this time on the agenda for next week.

Commissioner Blair also stated she would like to review.

Commissioner Vasi agreed to withdraw her motion at this time.

JOURNAL ENTRY

Commissioner Ross asked if there was anyone present that would like to discuss any items that appears on today's agenda. Commissioner Vasi said there was a lady in the audience who has registered a complaint with this office regarding the Human Services Department. This complaint has been forwarded to the Human Service Department and they have responded, but she still has some questions she would like to be addressed by this Board. Commissioner Vasi stated she would like this Board to hear her concerns.

Commissioner Ross responded that this is not appropriate at this point. Until the paperwork has gone through the proper procedures and he has seen this complaint. Commissioner Vasi said this complaint has been circulated within the Board business. Commissioner Ross said he has not seen this information and felt this was not the appropriated time for discussion.

JOURNAL ENTRY

Mrs. Debbie Hovatter wanted to ask a question as a taxpayer. She is aware of the vacant position due to the recent resignation of Mr. Dixon, 9-1-1 Coordinator. She stated that she is aware that the position is still open and aware of the position being advertised in the Chronicle Telegram and Morning Journal and had a question relative to the fact that she knows a certain person has applied, that has 16 years of experience at the Lorain County Sheriff's Department and is very much qualified working as Communication Officer. Mrs. Hovatter stated she cannot see any reason why he was not called for the 9-1-1 Coordinator position and why would the Commissioners run an ad in the Plain Dealer, wouldn't the Board want to hire from within Lorain County.

Commissioner Ross responded that he appreciated her comment and directed her the personnel department.

Commissioner Vasi thanked Mrs. Hovatter for bringing this to the Board attention.

JOURNAL ENTRY

Judy Ferry was present and stated her husband is David Ferry, who is a veteran officer, as Communication Officer with the Lorain County Sheriffs Department for 16 years. Mrs. Ferry asked the Commissioners to look at his qualifications because he is qualified and also there have been some negative rumors about David Ferry, which are false. Mrs. Ferry said she is not here to speak for him, he speaks for himself, but she wanted to set a few things straight for him.

Commissioner Ross stated that he has not heard the rumors, so if she wants to spread the rumors.....Mrs. Ferry said there are two sides and just want the Commissioners to hear both sides.

Commissioner Blair interjected that she has not heard any side, and she is glad to this point!

Commissioner Ross thanked Mrs. Ferry for her comment.

JOURNAL ENTRY

Commissioner Ross, seconded by Blair to recess into Executive Session to discuss personnel and pending litigation. Upon roll call, vote taken thereon, resulted as follows: All voted in favor.

Motion carried.

JOURNAL ENTRY

Commissioner reconvened from the Executive Session and the following resolution was adopted:

JOURNAL ENTRY

Jan Rybarczyk, Director, Workforce Institute was here to update the Commissioners on the One Stop System of Lorain County through ETA.

Mrs. Rybarczyk discussed the One-Stop System concept. Recent studies have shown that as high as 45% of all employers can not find qualified workers; 61% of all manufactures are having a difficult time finding people who will go to work! In the urban core of Elyria-Lorain, there is a higher unemployment than the rest of the State, so there is a population of people who can not find work or are unable to connect their skills with employment. So the result is there are employers who have needs, job-seekers and people who are looking for work that have needs and we need to find a system that will better connect employers with people looking for work and find ways to give people meaningful work in their lives.

Mrs. Rybarczyk stated that this is what exists today, there will be demands in the workforce that will change in the future, that will be even more pressing in this County. Lorain County is aging at a rate faster than the State of Ohio, so there are going to be people existing the work force, and have to find ways to fill those openings. There will be a lot more temporary jobs that will be requiring skills that we do not even know are going to be necessary in terms of technical skills. We are training people for jobs that have not been named according to the dictionary of occupational titles. We have to begin to insure that people have the kind of skills they need for jobs that we do not know will be available.

Nine months ago a group of organizations in Lorain County got together and begun to prepare not only for the future, but for the issues already raised in the County and applied for a One-Stop grant through the State of Ohio. This is a movement underway through the Federal Government and through the State. Lorain County became one of the few Counties in the Country as a single SBA, to successfully receive money to put together this one-stop system to build continual services to aid employers/employees in the County.
The collaborative partners are quite a few, such as Human Services, Lorain County ETA, Children & Family First Council, Workforce Institute, LCCC, JVS, Ohio Bureau of Employment Services. El-Centro, Lorain County Chamber of Commerce, LEAP, Lorain County Community Action, Labor Agency, Veterans Services and the Urban League. These organizations have been very actively involved in creating this system. Any place a person would stop, they would be entered into this system via the technology systems available to this presently to link agencies i.e. the Internet, or some other kind of intra-net that we would build within the County.

The goals of this system are:

1. To empower job seekers and workers to achieve self-sufficiently and embrace life-long learning.
2. To link employers to world-class labor pool that meets current and future workplace needs
3. To connect individuals to career pathways and strategies that support personal development and upward mobility
4. To provide access to support services and transitional economic assistance that ensures workers permanent emplo9emtn and employers available labor
5. To assess the interest, skills and needs of job seekers, worker and employers and integrate those needs with education, training and service providers to deliver responsive, customized services.
6. To build linkages between the K-12 education system and workforce development strategies
7. To market and deliver high quality, cost effective services and explore opportunities to generate revenue that supports the delivery of these services to all potential customers.

Discussion was held.

Commissioner Blair stated that she went to Milwaukee, Wisconsin when the Greater Cleveland Growth association to look at a One-Stop Career Center and was impressed by their center, but also felt that we had the facilities right here in Lorain County and commended Jan. Commissioner Ross and the various organizations to bring this to fruition.

The Commissioners thanked Mrs. Rybarczyk for the updated information.

JOURNAL ENTRY

Patricia Knight, Acting Community Development Director was present to request the Commissioners approval for two Enterprise Zone Agreements for companies locating in the Village of Sheffield.

The first Enterprise Zone Agreement discussed was for HKM Direct Market Communications Inc., which has offices in Elyria and Cleveland, Ohio which will now be consolidated in the Cleveland Office. This company will expand one facet of their business to Sheffield Village in the Evergreen Industrial Park. HKM Direct will construct a 35,000 sq. ft. distribution company at the cost of $1,225,000.00; it will invest $200,000.00 for machinery and equipment; and approximately $30,000.00 for furniture and fixtures, for a total investment of $1,455,000.00.

Ms. Knight stated that the company expects the expansion will allow the creation for 20 new jobs over the next 3-year period. The Village Council has approved an abatement of 25% on Real Property taxes for 10 years, and 25% abatement on Personal Property taxes for 10 years. The Village is also requesting the Commissioners approve this agreement.

Ms. Knight introduced representatives from HKM Direct, Bob Slovenec, Rob Durham and Scott Durham and representing the Village of Sheffield; Mayor Darlene Ondercin and Leo Sheets, Safety-Service Director. Mayor Ondercin stated that Sheffield Village is very excited to have HKM Direct Market Communications present in their community and hope the Commissioners approve this abatement agreement.

Commissioner Ross asked in granting this abatement, what will this mean to the Village of Sheffield. Mayor Ondercin indicated that Sheffield Village is in a very unique situation, due to the Village being on the out-skirts of building boom taking place in Avon Lake and Avon. The Mayors of both cities have been very good to send companies to Sheffield Village. Sheffield Village has been able to work with these companies who very easily could have relocated in other areas, but chose Sheffield Village.

Mayor Ondercin stated that they are only granting 25% over 10 years which they feel is very workable, and they have a good relationship with the school district and they have supported anything the village has done up this point and hope to move in that direction. In the industrial parkway, thanks to these two companies, is now full and are starting two other industrial parkways to continue the growth in Sheffield Village.

Commissioner Vasi inquired about the letter from the School District. Mrs. Knight responded that there is no requirement necessary from the schools. The requirement is that the schools receive proper notification, i.e., specific number of days when Council takes formal action. The meeting of Council which she has the minutes of their meeting, included representatives of the school board, wherein they did not oppose any opposition to this abatement.

Ms. Knight introduced the company representatives, Robert Durham, President to HKM and was here to answer any questions, the Commissioners may have. The distribution side of their business has really grown and in Sheffield Village they have secured 14 acres to expand their company. The scope of their business has changed from the time they have applied for the abatement, instead of the facility being constructed with 25,000 sq. ft. we are building a facility of 40,000 sq. ft. with a change in project total amount of $1.6 million, plus the land. The company name will be HKM Distribution services, which is a full service advertising-printing-direct mail marketing and fulfillment distribution company.

Commissioner Vasi stated that when these new jobs are created, she would like to see their company consider some of the people who are presently on welfare.

Mr. Durham replied absolutely, they would have no problem considering people who are on Welfare, to give them an opportunity. When we employ, we are looking for people that posses skills, or if they do not have skills, they are willing to be trained and have the right attitude that they do want to work and take the responsibility seriously.

Scott Durham said that they have hired that way in the Cleveland office through Wirenet, West side industrial retention network. This is a local group in Cleveland that sends out of workpeople from the neighborhoods to work.

Commissioner Vasi asked who many people from Loran County would be employed in their facility. Mr. Durham replied approximately 25-30 people.

Discussion continued and the following Resolution was adopted;

RESOLUTION NO. 98-181

In the matter of approving the Enterprise Zone Agreement)
Between the Village of Sheffield and HKM Direct Marking) March 5, 1998
Communications, Inc.)

WHEREAS, Ohio Revised Code Section 5709.61 through 5709.66 authorized counties with the consent and agreement of affected municipalities, township and villages therein to designate areas as Enterprise Zones; and

WHEREAS, Lorain County did authorize Village of Sheffield to create an Enterprise Zone by Resolution No. 94-260 dated April 7, 1994 and the State of Ohio Department of Development certified said Zone on May 24, 1994; and

WHEREAS, HKM Direct Market Communications, Inc., has submitted an application for Enterprise Zone incentives for its proposed project located on 14 acres of land on Evergreen Parkway, an Industrial Park on Abbe Road within the Village of Sheffield, Ohio; and

WHEREAS, this Board has reviewed the information submitted and desires to authorize execution of this Enterprise Zone Agreement; and

WHEREAS, Resolution No. 90-627 identified specific policies concerning Enterprise Zones within Lorain County and the attached agreement complies with said policies; and

WHEREAS, the Sheffield-Sheffield Lake School District has been officially notified of the dates of both Village Council meetings and the Board of Commissioners meeting within fourteen (14) days of these meetings, as required by substitute Senate Bill 19 (SSB); and

WHEREAS, HKM Director Market Communications, Inc., and the School Board have negotiated and executed a revenue sharing agreement as provided for in SSB 19 for the

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that after reviewing said agreement between the Village of Sheffield and HKM Direct Market Communications, Inc., we do and hereby approve Enterprise Zone Agreement which reads as follows:

OHIO ENTERPRISE ZONE AGREEMENT

This agreement made and entered into by and between the Village of Sheffield, Lorain County, Ohio, a municipal corporation, with its main offices located at 4820 Detroit Road, Sheffield Village, Ohio (hereinafter referred to as "Sheffield" and HKM Direct Market Communications, Inc., an Ohio Corporation with its main offices located at 5501 Cass Avenue, Cleveland, Ohio (hereinafter referred to as "HKM").

WITNESSETH:

WHEREAS, Village of Sheffield, Lorain County has encouraged development of real property and the acquisition of personal property located in the area designated as an Enterprise Zone; and

WHEREAS, HKM is desirous of building and establishing a new business establishment, i.e., construction of a new (35,000 sf) thirty-five thousand square foot distribution center facility to further establish and permit expansion of its sales (hereinafter referred to as the "PROJECT") within the boundaries of the aforementioned Enterprise Zone, provided that the appropriate development incentives are available to support the economic viability of said PROJECT; and

WHEREAS, the Council of Village of Sheffield by Resolution No. 1193 and the Commissioners of Lorain County, Ohio by Resolution No. 90-439, designated the area as an "Enterprise Zone" pursuant Chapter 5709 of the Ohio Revised Code; and

WHEREAS, the Director of Development of the State of Ohio determined that the aforementioned area designated in said Resolution 90-439 contains the characteristics set forth in Section 5709.61(A) of the Ohio Revised Code and certified said area as an Enterprise Zone under said Chapter 5709; and

WHEREAS, the Village of Sheffield, Lorain County having the appropriate authority for the stated type of project is desirous of providing HKM with incentives available for the development of the PROJECT in said Enterprise Zone under Chapter 5709 of the Ohio Revised Code; and

WHEREAS, HKM has submitted a proposed agreement application (herein attached as Exhibit A) to the Village of Sheffield, Lorain County, said application (hereinafter referred to as "APPLICATION"); and

WHEREAS, HKM has remitted the required state application fee of $500.00 made payable to the Ohio Department of Development with the application to be forwarded with the final agreement; and

WHEREAS, the Mayor of the Village of Sheffield, Lorain County has investigated the application of HKM and has recommended the same to the Council (and Board of Commissioners) of the Village of Sheffield and Lorain County on the basis that HKM is qualified by financial responsibility and business experience to create and preserve employment opportunities in said Enterprise Zone and improve the economic climate of the Village of Sheffield and Lorain County; and

WHEREAS, the project site as proposed by HKM is located in the Sheffield-Sheffield Lake School District and the Lorain County Joint Vocational School District and the Boards of Education of the Sheffield-Sheffield Lake and Lorain County Joint Vocational School have been notified in accordance with Section 5709.83 and been given a copy of the APPLICATION; and

WHEREAS, pursuant to Section 5709.63(C), 5709.63(A) or 5709.632 and in conformance with the format required under Section 5709.631 of the Ohio Revised Code, the parties hereto desire to set forth their agreement with respect to matters hereinafter contained;

NOW, THEREFORE, in consideration of the mutual covenants hereinafter contained and the benefit to be derived by the parties from the execution hereof, the parties herein agree as follows:

1. HKM shall build a thirty-five thousand (35,000) square foot distribution center on 14 acres of land on Evergreen Parkway, an industrial Park in Sheffield Village, Lorain County, Ohio.

The PROJECT will involve a total investment by HKM of one million four hundred fifty-five thousand dollars ($1,455,000), plus or minus 10%, at the described site. Included in this investment are one million two hundred twenty-five thousand dollars ($1,225,000.00) for construction of the facility, two hundred thousand dollars ($200,000) to purchase first used machinery and equipment, and thirty thousand dollars ($30,000) for furniture and fixtures.

The PROJECT will begin construction November 15, 1997 and all acquisition, construction and installation will be completed by November 15, 1998.

The total investment of this EXPANSION project is greater than 10% of the market value of the facility assets already owned at the site prior to such expenditures as evidenced in Exhibit A.

2. HKM shall create within a time period not exceeding thirty-six (36) months after the commencement of operation of the aforesaid facility, the equivalent of twenty (20) new permanent full-time job opportunities according to the following schedule:

1st year - 12 employees
2nd year - 4 employees
3rd year - 4 employees

This increase in the number of employees will result in approximately four hundred thousand dollars ($400,000.00) of additional annual payroll for HKM by the end of the third years after commencement of operation. All jobs created are full-time permanent positions.

3. "HKM shall provide to the proper Tax Incentive Review Council any information reasonably required by the council to evaluate the enterprise's compliance with the agreement, including returns filed pursuant to section 5711.02 of the Ohio Revised Code if requested by the council."

HKM is required to supply a copy of the Ohio Department of Taxation State Tax return form 913 to the Tax Incentive Review Council for each year the agreement is in effect or required to be reviewed.

HKM shall file a financial statement with the Clerk-Treasurer of the Village of Sheffield annually covering the preceeding year. Said statement is to be filed no later than January 31, each year that the tax abatement is in effect.

4. The Village of Sheffield, Lorain County hereby grants a tax exemption pursuant Sections 5709.62, 5709.63 or 5709.632 for eligible new tangible personal property acquired in conjunction with the PROJECT and described as: 25% on the maximum of two hundred thousand dollars ($200,000.00) for machinery and equipment and thirty thousand dollars ($30,000.00) for furniture and fixtures for ten years. No exemption shall commence after ten years from the commencement of this agreement.

The exemption commences the first year for which the tangible personal property would first be taxable were that property not exempted from taxation.

5. Village of Sheffield, Lorain County hereby grants HKM a tax exemption for real property improvements made to the PROJECT site pursuant to Sections 5709.62, 5709.63 or 5709.632 of the Ohio Revised Code and shall be in the following amounts: 25% on the maximum of one million two hundred twenty-five thousand dollars ($1,225,000.00) in all building improvements for ten years. No exemption shall commence after ten years from the commencement of this agreement.

The exemption commences the first year for which the real property would first be taxable were that property not exempted from taxation.

[illegible] the State Department of Taxation to effect and maintain the exemptions covered in the agreement. The #913 Ohio tax form must be filed annually.

7. (This numbered paragraph left blank intentionally.)

8. "HKM exempted under this agreement and are charged against such property and shall file all tax reports and returns as required by law. "HKM fails to pay such taxes or file such returns and reports, all incentives granted under this agreement are rescinded beginning with the year for which such taxes are charged or such reports or returns are required to be filed and thereafter."

9. " Village of Sheffield, Lorain County shall perform such acts as are reasonably necessary or appropriate to effect, claim, reserve, and maintain exemptions from taxation granted under this agreement including, without limitation, joining in the execution of all documentation and providing any necessary certificates required in connection with such exemptions."

10. " If for any reason the Enterprise Zone designation expires, the Director of the Ohio Department of Development revokes certification of the zone, or Village of Sheffield, Lorain County revokes the designation of the zone, entitlements granted under this agreement shall continue for the number of years specified under this agreement, unless HKM materially fails to fulfill its obligations under this agreement and Village of Sheffield, Lorain County terminates or modifies the exemptions from taxation granted under this agreement."

11. "If HKM materially fails to fulfill its obligations under this agreement, or if Village of Sheffield, Lorain County determines that the certification as to delinquent taxes required by this agreement is fraudulent, Village of Sheffield, Lorain County may terminate or modify the exemptions from taxation granted under this agreement and may require the repayment of the amount of taxes that would have been payable had the property not been exempted from taxation under this agreement."

12. "HKM hereby certifies that at the time this agreement is executed, HKM does not owe any delinquent real or tangible personal property taxes to any taxing authority of the State of Ohio, and does not owe delinquent taxes for which HKM is liable under Chapter 5733., 5735., 5739., 5741., 5743., 5747., or 5753. of the Revised Code, or, if such delinquent taxes are owed, HKM currently is paying the delinquent taxes pursuant to an undertaking enforceable by the State of Ohio or an agent or instrumentality thereof, has filed a petition in bankruptcy under 11 U.S.C.A. 101, et seq., or such a petition has been filed against HKM. For the purposes of the certification, delinquent taxes are taxes that remain unpaid on the latest day prescribed for payment without penalty under the chapter of the Revised Code governing payment of those taxes."

13. HKM affirmatively covenants that it does not owe: (1) any delinquent taxes to the State of Ohio or a political subdivision of the State; (2) any moneys to the State or a state agency for the administration or enforcement of any environmental laws of the State; and (3) any other moneys to the State, a state agency or a political subdivision of the State that are past due, whether the amounts owed are being contested in a court of law or not.

14. "HKM and Village of Sheffield, Lorain County acknowledge that this agreement must be approved by formal action of the legislative authority of Village of Sheffield and Lorain County, as a condition for the agreement to take effect. This agreement takes effect upon such approval."

15. "Village of Sheffield and Lorain County has developed a policy to ensure recipients of Enterprise Zone tax benefits practice non-discriminating hiring in its operations. By executing this agreement, HKM is committing to following non-discriminating hiring practices acknowledging that no individual may be denied employment solely on the basis of race, religion, sex, disability, color, national origin, or ancestry.

16. "Exemptions from taxation granted under this agreement shall be revoked if it is determined that HKM, any successor enterprise, or any related member (as those terms are defined in Section 5709.61 of the Ohio Revised Code) has violated the prohibition against entering into this agreement under Division (E) of Section 5735.671 or Section 5709.62, 5709.63, or 5709.632 of the Ohio Revised Code prior to the time prescribed by that division or either of those sections."

17. HKM affirmatively covenants that it has made no false statements to the State or local political subdivision in the process of obtaining approval for the Enterprise Zone incentives. If any representative of HKM has knowingly made a false statement to the State or local political subdivision to obtain the Enterprise Zone incentives, HKM shall be required to immediately return all benefits received under the Enterprise Zone Agreement pursuant to ORC Section 9.66 (C)(2) and shall be ineligible for any future economic development assistance from the State, any state agency or a political subdivision pursuant to ORC Section 9.56(C)(1). Any person who provides a false statement to secure economic development assistance may be guilty of falsification, a misdemeanor of the first degree, pursuant to ORC 1921.13(D)(1), which is punishable by a fine of not more than $1,000 and/or a term of imprisonment of not more than six months.

18. " This agreement is not transferrable or assignable without the express, written approval of Village of Sheffield and Lorain County."

IN WITNESS WHEREOF, the Village of Sheffield, Ohio, by its Mayor and Clerk-Treasurer, and pursuant to Ordinance No. 1864, and the Lorain County Commissioners have caused this instrument to be executed this 5th day of March 1998 and HKM has caused this instrument to be executed on this _____ day of _____, 1998.

JOURNAL ENTRY

Ms. Knight briefly reviewed the Enterprise Zone Agreement for Innovative Metal Services dba Rock Creek Metal Services and Bluestone Partners. This company is headquartered in Atlanta, GA and produces sheet metal for uses in roofing and other industries. This business is expanding, in Evergreen Parkway in Sheffield Village by constructing a 35,000 sq. ft metal service center at the estimated cost of $950,000.00 with an investment of $265,000.00 in machinery and equipment and $1 million in inventory for a total investment of $2,215,000.00. The company will create 25 new jobs over 3 years. Sheffield village Council has approved a 50% abatement on real and personal property taxes for a period of 5 years.

Mr. Alan Churchmock, Attorney for Rock Creek Metal was present to answer any questions. Mr. Churchmock stated that Rock Creek Metal Services takes the large metal/steel coil that you see being hauled on semi-trucks, and slit the coils with knives. The slited coils are then sold to various industries for in making screen doors and windows, different uses in the aluminum and steel industry.

The operation is very clean and quit. This facility would house the slited steel for distribution throughout the North. The driving force behind this project is that we are located in Georgia and have a lot of customers here in this area, Ohio, Pennsylvania, Indiana, Illinois and this is a good opportunity to have this facility located here to better serve our customers. The owner and Chairman are both natives of Cleveland so they have a connection in this area.

Mr. Churchmock indicated that the work force would be within Lorain County, which is to be a semi-skilled work force.

Commissioner Vasi asked that Rock Creek Metal Services also work with Human Services Department so it could be worked out for the employment. Commissioner Vasi asked how many people would be coming from the Georgia plant to work in Sheffield Village plant. Mr. Churchmock said at this point he felt it would be only 2 from Management – an office manager and the plant manager.

Commissioner Ross asked Mr. Chuchmock what the pay range would be for these semi-skilled jobs. Mr. Chuchmock stated it would be in the neighborhood of $8-12.00/hr depending on experience level. The company does provide health benefits.

Ms. Knight also indicated that the Sheffield Village School Board has also approved this agreement.

With no further Jiscussion the following resolution was adopted:

10.	Epson photo paper/cables misc., software	$ 1,294.00	$ 1,294.00
11.	3.5 diskettes 1.44 mb (cameras)	$ 200.00	$ 200.00
		TOTAL	$45,550.00
		GRANT	$45,550.00
		BALANCE	$ 0.00

Sheriff Mahony discussed their objectives and responsibilities for the township areas along with the substations now in use.

Discussion followed; The Commissioners thanked the Advisory Committee for attending todays meeting and the Sheriff for his presentation.

Commissioner Ross asked for any comment from the advisory committee or the general public.

Commissioner Vasi thanked the Sheriff his staff and Advisory committee for putting together presentation and working on these grants

Mary Beth Derikito, Penfield Township Trustee was present and expressed the township's appreciation to the Commissioners and Sheriff for the new substations. The community feels very fortunate to have the sheriff's Department located in the rural area, which gives their presence a sense of security to the residents.

There being no further comments or questions, the public hearing was closed, and the following Resolution was adopted:

#1. Commissioner Blair read a statement with reference to the Ohio Railway Development Commission, which is as follows:
"The Ohio Rail Development Commission has received a competed copy of the real estate appraisal regarding the Coordinator owned by Lakeshore Railway Association, Inc., Elyria, containing a gross area of approximately 324.817 acres. ".... Based on the investigation undertaken and premise outlined, it is our opinion as of February 15, 1998 the market value of the fee simple interest in the property appraised is: $715,000...." (real estate appraisal associates, John F. Rossi, MBA, State Certified General Appraiser, Ohio License No. 380382)
Based upon this appraisal, the Ohio Rail Development Commission is advising the Lorain County Board of Commissioners that it is not necessary for the County to issue a letter of credit or to be a co-singer of a loan guarantee. The Ohio rail Development Commission will loan the necessary amount to Lakeshore Railway collateralized by the net liquidation value (LNV) of the rail property.
If the media would like further information from the Ohio Rail Development Commission, a conference telephone call can be arranged at the conclusion of the Commissioners' meeting this morning."

#2. Commissioner Blair moved requesting the board consider approving the appropriation of funds necessary for the department serves as a pass-thru for Family & Children Fist Council which was presented at the meeting of February 26, 1998 in the total amount of $867,482.00 which was appropriated to three (3) grants.
Commissioner Blair stated that she has had conversation with various members through the Council and the Wellness Block grant which is a major portion of this appropriation, needs to be spent by June 30, which effects several of the school districts and if the money is not spend by that date, it is to be returned to the State of Ohio.
With no discussion or second, the motion died.
Commissioner Blair wanted to make note that there was a letter from the Administrative Agent outlining the necessity of action on this appropriation. The Wellness Block grant is in the amount of $134,082.00 which services are needed.

JOURNAL ENTRY

Commissioner Blair requested the Board give consideration to funding the Lorain County Regional Airport Authority. The Airport's budget request for 1998 was $240,000.00 and in conversation with the Clerk regarding the Airport's funding, they are out of cash at this time.

Discussion followed and the following resolution was adopted:

RESOLUTION NO. 98-200

In the matter of appropriating the payment of $80,000.00) to the Lorain County Airport for operating expenses) for the year 1998) March 5, 1998

WHEREAS, Daniel A. Abfall, Executive Director, Lorain County Regional Airport Authority by letter dated January 15,1998 requested the following:

"The Lorain County Regional Airport Authority submitted the 1998 operating budget it the amount of $237,000.00 to the Lorain County Commissioners in November of 1997. This operating budget has been approved in the amount of $240,000.00 and included in the Lorain County Commissioners 1998 budget.

At this time the Lorain County Regional Airport Authority is requesting one third, $80,000.00 for operations of the airport. The balance will be requested in equal payment of $80,000.00. The next request will be on May 15, 1998 and the final request will be September 15, 1998.

The Airport Authority wishes to thank you for your support and look forward to the continued backing of the Lorain County Commissioners.

Sincerely, S/Daniel A. Abfall, Executive Director"

NOW, THEREFORE BE IT RE IT RESOLVED, by the Lorain County Board of Commissioners that based upon the request of Daniel A. Abfall, Executive Director, Lorain County Regional Airport Authority by letter dated January 15, 1998 we hereby authorize the appropriation of $80,000.00 to the Lorain County Regional Airport for operating expenses for the year 1998.

JOURNAL ENTRY

#2. Commissioner Ross discussed a computer firm to create WEB pages for all offices within the jurisdiction of the Lorain County Board of Commissioners and moved to accept the proposal and employee Erie Shore Computer, Inc., to develop these WEB pages to bring the County on-line.

Commissioner Ross stated that Erie Shores Computer, Inc., was the lowest proposal received.
Commissioner Blair said she had not problems with the concept or the proposal, but had questions as to who would monitor and keep up this system and have the information on the internet be kept up-to-date.

Commissioner Ross replied that each department head would be responsible for the information from their department. Some of the departments. Some of the departments included would be; Lorain County Commissioners, Budget Department, Personnel Department, County Dog Kennel, Purchasing Department and Solid Waste Management District.
Commissioner Ross stated that initial idea is to get it up, developed and running and this would give our offices the framework in place.
Commissioner Vasi said that the CCAO will be putting their handbook on the Internet and they will not furnish another paperback book. If we do not get on-board we will be behind. Commissioner Vasi agreement with Commissioner Blair her concerns about who would be responsible for each department input.
Administrator Muntean stated that he agrees with Commissioner Ross's concept that each department head would know when there is internal changes and that information would be updated by that department.

The following resolution was adopted:

RESOLUTION NO. 98-201

In the matter of awarding proposal submitted by Erie Shores) Computer, Inc., in the amount of $9,950.00 to develop WEB) March 5, 1998
Pages for the Commissioners Offices and all departments)
Within their jurisdiction and host the site for a period of 1 year)

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby award proposal submitted by Erie Shores Computer, Inc,, in the amount of $9,950.00 to develop WEB pages for the Commissioners offices and all departments within their jurisdiction and host the site for a period of one (1) year.

Erie Shores submitted said proposal on February 16, 1998 as follows:

ERIE SHORES COMPUTER

364 Griswold Rd., Elyria, Oh. 44035 (440) 322-7300 Fax # (440) 322-2708

February 16, 1998

Mr. James Cordes, Personnel Manager
Lorain County
225 Middle Avenue, 4th Floor
Elyria, Ohio 44035

Dear Mr. Cordes:

Thank you for the opportunity to provide this quotation of services. Erie Shores Computer, Inc. has been a long-time member of the County and the community, and we feel we are the perfect vehicle to provide the County with Internet services both short-term and long-term.

Erie Shores' Internet Specialists have the expertise to provide a secure web site for the County. We use the latest technologies in securing your information, such as Secure Sockets, HTTPS, SET, Firewalls, Packet Filtering and Encryption. Most other providers only secure the transmission of information, we secure the sights, servers and storage of information; resulting in a completely secure system.

Erie Shores is currently working with other local government agencies, such as, the City of Elyria and the City of North Ridgeville. Our services are specifically tailored to providing a wide variety of Internet services to organizations and businesses here in Lorain County. Our trained staff of web page designers, graphic artists, programmers, and network specialists has the experience necessary to provide you with a quality product.

Specifically, our goals for providing Lorain County with a web presence are as follows:

- Provide an easy-to-use web site that is accessible by the vast majority of browsers
- Maintain and update the web site on a regularly scheduled basis
- Provide an interactive web site that makes the process of disseminating information fun for the visitor
- Provide current, up-to-date information that citizens of the County will find essential
- Provide a forum for announcements and calendars for county officials and organizations.
- Keep the web site as current as possible with the latest technologies introduced on the Internet
- Provide a method for the citizens of the County to communicate with officials and organizations in the County

To provide these services, Erie Shores Computer, Inc. will:

- Design the web site for the County consisting of pages for:
  Lorain County Commissioners, including photographs and biographical information
  Budget Department
  Personnel Department
  County Dog Kennel
  Purchasing Department
- Maintain the web site on our high-speed web server, to provide maximum performance
- Provide e-mail addresses for all of the county officials and organizations as a part of our normal services.

The design stage of the web site will consist of a schedule devised by Erie Shores and a county representative who has been placed in charge of this project. We will set up a series of meetings with the officials of each department to determine what information they require to be placed on their area of the web site. These meetings will be part of the milestones put forth for the completed cycle of development.

After meeting with the departments, our team of Internet developers will begin the process of actually constructing the web site. The process will take place on the Internet, meaning the County will be able to monitor the progress of the development, as well as make suggestions based on the information as it is assembled. This guarantees a final product that meets the needs and level of quality that the County requires.

Erie Shores Computer, Inc. can also provide the County with a "domain name" on the Internet. This name gives the end-users an easy way to access the County's web site. A name such as "loraincounty.gov" or "loraincounty.oh.us" can be provided to the County. A discussion of the best name possible is a part of the design process.

The overall structure of the site will be as follows:

Lorain County Commissioners	4 pages
Budget Department	5 -10 pages
Personnel Department	5 -10 pages
County Dog Kennel	5 -10 pages
Purchasing Department	5 -10 pages
Estimated total	24-44 pages

We estimate the cost for development and hosting the site for a year to be $9,350. Also included in this price, we will provide an e-mail account for all county officials and organizations and regular maintenance (such as back-ups), but does not include updating. Erie Shores' Internet Personnel can provide updates and changes to the web site for an hourly rate of $65.

Erie Shores can begin the web development process during the first week of March.

If you have any questions, we will be pleased to answer them at anytime.

Regards,

Richard A. Brown (mgs)

JOURNAL ENTRY

Commissioner Ross stated that he received a letter from Ohio State Rep. Dan Metlesky regarding the Private Prison Guidelines and wanted to share this with the Board and consider a support to Mr. Metlesky in his opposition to the committee report, which should be further studied.

Commissioner Ross said that a committee was put together to review private prisons and make recommendations. Lorain County should be given sufficient time to study this report to see if a private DUI facility should be located within Lorain County. Commissioner Ross said that he feels this Board should at least send a letter of support to Dan Metelsky on behalf of this county. Mr. Metelsky is looking out for the best interest of Lorain County and consistent with our action in the past, we should join with our State Representative requesting the House and Senate allow Lorain County an opportunity to review and discuss this issue before it is passed as a bill.

Discussion followed, and the resolution was adopted:

RESOLUTION NO. 98-202

In the matter of supporting State Rep. Dan Metelsky efforts)
in urging the House and Senate to reject the Conference)
Committee Report and asking them to allow local discussion) March 5, 1998
with reference to private prison guidelines in locating a DUI)
Facility in Grafton)

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby support Rep. Dan Metlesky efforts in urging the House and Senate to reject the Conference Committee Report and request them to allow for local discussion including the Village of Grafton, Ohio with reference to the private prison guidelines in locating a DUI facility in Grafton.

FURTHER BE IT RESOLVED, that we urge the House and Senate to reject the Committee report based upon the following:

a. Guidelines and rules should be passed to oversee private prisons with respect to type of inmate population, location, security measures, and working relationship with local police agencies.
b. The privatization of Grafton DUI facility needs further study.
c. Originally a study commission was to review private prisons and make recommendations for expansion in the years 2000 and 2001
d. Ohio prisons currently rank in the top 5% in the Country with respect to efficiency
e. Some 800 employees work at Lorain County prisons and we should protect their jobs and working conditions.
f. Finally, Lorain County deserves a reasonable amount of time to study this issue.

Motion by Ross, seconded by Blair to adopt Resolution. Ayes: All.

JOURNAL ENTRY

Commissioner Ross asked if anyone was present to address the Board on items appearing on today's agenda.

Mr. Robert W. Kish was present to discuss a three (3) page letter he had prepared. Mr. Kish did not want to take the time to read the entire letter, with regards to the Railroad and flooding of Hughes Road.
Mr. Kish requested his letter be made a part of the record, which reads as follows:

Mr. Kish also commented on his rights to videotape a Township Trustee meeting. Mr. Kish indicted he was intimidated and would not tape the meeting that evening. Mr. Kish stated that the only Township he has ever been to that does not tape record or video the meetings is Huntington Township.
Mr. Innes, Assistant Prosecutor responded that he has discussed this with one of the Township trustees who misunderstood the rules governing the taping of any meetings. This matter has been resolved.

JOURNAL ENTRY

Commissioner Vasi distributed copies of the Lorain County Association of Township Trustees and Clerks Resolution 98-01, requesting considerations for proposed acquisition of Contrail by Norfolk Southern (NS) and CSX Transportation (CSXT) as follows:

Lorain County Association
of
Township Trustees and Clerks

RESOLUTION 98-01
RESOLUTION REQUESTING CONSIDERATIONS
FOR PROPOSED ACQUISITION OF CONRAIL BY
NORFOLK SOUTHERN (NS) AND CSX TRANSPORATION (CSXT)

WHEREAS, Norfolk Southern (NS) and CSX Transporation (CSXT) have proposed the acquisition and distribution of the assets of Consolidated Rail Corp. (Conrail); and

WHEREAS, the proposed acquisition is currently being considered by the Surface Transportation Board (STB), the federally constututed body authorized to act on the proposal; and

WHEREAS, a Draft Environmental Impact Statement has been made available for public review and comment as part of the STB process; and

WHEREAS, this document is currently being reviewed by numerous interested parties in the northeast Ohio area in order to determine the present and future impact the proposed acquisition may have on the region as a result of revised operations; and

WHEREAS, concerns have been expressed by the members of the Lorain County Association of Township Trustees & Clerks concerning this proposed acquisition,

THEREFORE BE IT RESOLVED, that the Lorain County Association of Township Trustees and Clerks hereby request that the Surface Transportation Board consider the following concerns in regard to the impact such an acquisition will have on the safety and welfare of our Lorain County residents:

1. Provisions should be made that require the railroads to negotiate with the affected communities to insure that appropriate protection is provided to all railroad crossings, particularly those that have more than 24 trains per day and that cross heavily traveled roads and highways.
2. It is imperative that the railroads develop a plan of deliberate implementation with clearly identified steps so that logistics and safety concerns can be addressed.
3. Railroad officials should be required to work with local officials to mitigate severe noise, vibrations and other "quality of life" impact on affected neighborhoods through measures ranging from green barriers to improved signal technology.
4. Provisions should be made to eliminate any possible disruption of emergency services within the local communities due to increased rail services.

Ralph A. Hayes, Secretary

Mary Beth Derikito had requested Commissioners to review this information. Mrs. Derikito stated that she attended a meeting in Wellington, Ohio on March 4, 1998 with Patricia Knight, the Mayor Grafton, Mayor of Wellington, Fire Chief and Ambulance Director, City Council members and members of the Clergy. The main problem is with the emergency vehicles getting out of Wellington. According to Mayor O'Keefe of Wellington, there may be as many as 100 trains per day going through Wellington. The railroad tracks will not be open for emergency vehicles. Consideration needs to be given as far as over passes or under passes or for the railroad to provide some sort of outpost buildings for emergency vehicles. There is approximately 125 sq. miles in the two districts and we are seriously concerned about the safety for the people in that area. this will also affect Sheriff Mahony and his deputies.

Commissioner Blair stated that is was here understanding that Tom O'Leary from the Ohio Rail Development Commission is going to be meeting with the Villages of Wellington, Grafton and LaGrange and the Townships that are along that line, within the next couple of weeks and are going to ask for crossing gates and lights and after that has been determined they will talk about an underpass.
Patricia Knight has passed these concerns on to the Railway Commission and is speaking on behalf of Lorain County and is very in-tune to the concerns of the villages and Townships along this lien.

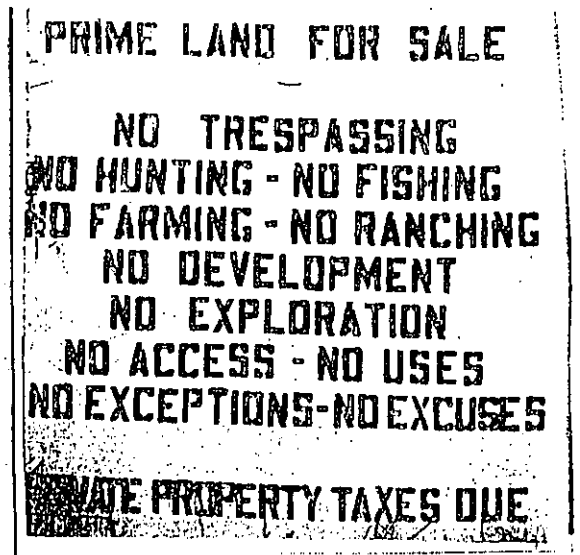
Discussion follows.

The Commissioners thanked Mrs. Derikito for her input on this issue.

Commissioner Ross asked Mrs. Derikito to contact Pat Knight and she can give her the schedule of up-coming meetings and agendas with Mr. O'Leary.

JOURNAL ENTRY

Mr. Robert Kish had a prepared statement he wanted as part of the minutes, to read as follows:



SEPT. 11, 1997

Dear Pittsfield Township Trustees:

Allow me to first introduce myself, my name is Robert Kish, my family and I are residents of Pittsfield Township and reside at 47992 Hughes Rd.

As you may be aware there is a problem on Hughes Rd., and with the fall rains coming soon, I feel this problem should be addressed immediately.

Enclosed you will find a copy of the guidelines governing drainage problems. Please note the highlighted area's, they apply to our particular situation on Hughes Rd.

I'm concerned about the underground waterway (Culvert) that runs under Hughes Rd., the basin is located on the South side of Hughes between Costello and Baker's properties. It's filled up with rock and debris and both the North and South end of the Culvert pipe is separating from the road. Two weeks ago when this was brought to your attention, your solution was to put asphalt on the separated ends, on the roads surface. Now the asphalt has been sucked into the bottom of the drainage pipe adding to the restriction of water flow problem. Obviously this is not the proper solution! The guidelines for drainage state that if there is flooding at the road or drainage at the roadway it's the responsibility of the township to repair and or replace said items. This situation on Hughes Rd. meets both criteria.

I realize that the repair will not fix the massive drainage problems on Hughes Rd., but this repair or replacement could only help in the future. Obviously I am a concerned homeowner, who is looking for a reasonable solution to these problems. Therefore I will request that a water flow/Engineering survey be done by the Township, after all, you permitted these lots to be divided and sold I'm sure you took all these factors (sanitation,runoff of water,drainage, etc.) into account, you must have had some idea of where you thought all this water would drain to. I also understand that mail has been undeliverable more than once each year because of high water.

In closing please let me remind you that children's school buses travel this road, and it soon will be that rainy season, and as it stands Hughes Rd. will be flooded again, this time maybe something should be done about it.

Sincerely,
Robert W. Kish

Attention All Flooded Pittsfield Twp. Residents
This fall the weather has been beautiful and DRY! So far. May it continue. However I believe there will be a change in the weather and rain and snow will once again return. Will your problems with surface water return? Can they be corrected? I am trying to alleviate flooding problems on Hughes Rd. One road at a time, I need your support at the Twp. meeting tonight at 7:30 P.M. Be there ! Together we have strength. Divided we remain submerged during the WET season. If you have a story that needs to be told, drop BUZZ a line at P. O. Box 393 Oberlin, Ohio. 44074-0393 We need to get the Buzz word out together. This is a start. Perhaps later we can work on other "unsolveable" problems that other residents do not know exist. Problems remain and with our effort they can be alleviated if not eliminated. Stand up and be counted. Be there. I will be there for you. One step at a time.

Thank You,

Buzz

Buzz says:

This edition is to let all RESIDENTS of Pittsfield Twp. know that small but very important safety issues are being corrected after many years of neglect. These changes are now occurring on Hughes Rd. between Pitts Rd. and Quarry Rd. All these changes have occurred after much debate over the cost of safety. Resident participation has made a difference. More safety issues are very slowly being taken care of ONE by ONE.

Visit the home of the Buzzards and see the new school bus stop ahead sign along with blind drive ahead and bump, all of which were brought to you for safety by the Buzzards of Hughes Rd. They roost on high overlooking a dangerous 18 inch culvert that is coming apart at all seams. They have seperated enough so that two holes had to be temporarily patched. Welling school children travel over this culvert as well as many JVS students. A pipe shift when the road is flooded and under water could send a student, resident or a complete stranger to a watery death. Must a death occur in order to correct this? It took 6 months just to replace the large stone on the North end of this culvert after it had been snowplowed into the culverts entrance. Enough about our efforts.

Do you have a safety or other simple problem that can and should be corrected? If so please Drop Buzz a line at;

After living here 22 years I was referred as a newcomer. At the Township meetings I am referred to as a Guest. What a way to treat a guest. How many more years does it take to become a (I do pay taxes) RESIDENT.

CITIZEN BUZZ

Do drop me a line of YOUR problems. Perhaps I (WE) can help. In unity there is strength.

Buzz says:

Election time is upon us and now is the time that all politicians should be at their peak . Unfortunately, up to now much of what has occurred on Hughes Rd. can best be paraphrased from the movie Cool Hand Luke. " What we have here is a failure to communicate".

Many words have been spoken but true communication has not yet been achieved . Minor steps have been taken. Great strides remain. However every journey begins with one step. The Buzz groups latest achievment has been a blind drive sign freshly installed on the WEST side of the railroad crossing on Hughes RD. All this after arguing the cost ($150) as opposed to a human life. Perhaps a night arrow can now be installed at the western end of Hughes Rd, where it deadends into Quarry. Twp. says "not our job, it's the counties" Same thing for trimming the tree that was "wrapped" around the TOWNSHIPS light located there. The good news? The county trimmed the tree after I , lowly resident citizen asked them to. These are your TAX dollars they are spending. YOU are entitled to say your say on when and where your TAX dollars are spent. Again stand up and be counted. They (Twp officials) want to count your vote for them November 4. Make your vote for a trustee be for a trustee that cares more about problems that exist than just getting your vote. VOTE VOTE VOTE VOTE VOTE VOTE

But only one vote per RESIDENT,

Lorain County Commissioers,

As you are aware, there has been an ongoing problem with Hughes Rd. flooding " as long as local residets can remember." No one can recall if it flooded prior to 1906 , the year the railroad installed a 30 inch culvert in MUD CREEK south of the Hughes Rd. crossing. I believe the flooding was caused by the inadequate and improper installation of this culvert. The size and installation needs updating according to Lorain CTY. engineers, as the present installation impedes the flow of water from properties located on the west side of the Lake Shore railroad. Local residents say this has always been a problem. I ask how many recall the flooding of Hughes Rd. prior to 1906 and the improper MUD CREEK culvert crossing? If you would note the size of MUD CREEK prior to and after the MUD CREEK railway crossing, it is evident the MUD CREEK crossing culvert IMPEDES the flow ow water from west to east. A round culverts water carrying capacity diminishes in ability, just the AFTER 1/2 FULL reverse as the capacity increases with water depth due to the V-shape of MUD CREEK . When a creek reaches capacity, it overflows spreading water over a wider shallow area. When the water entering the MUD CREEK culvert is deeper than the culvert, it backs up and the water upstream from the culvert continues to increase in depth, until a 4 acre LAKE forms upstream from the culvert and floods HUGHES RD. until it becomes impassable. A rising MUD CREEK unfettered as nature intended might not overflow it's banks. As it is now the flow of water through is restricted to a mere 706 cu. in., a far cry from a free, naturally flowing stream 44 inches deep. That was the depth of the water next to the SUBMERGED HUGHES RD. photo that appeared on the front page of the Jan. 8, 1998 issue of the Chronicle Telegram. Had the water had FREE access to the culvert, the water at the railroad would have been even DEEPER which might have rectified the problem by washing out the railroad bed, as has already occurred at the next railroad culvert located about 1/4 mi. south of the MUD CREEK culvert.

The FLOODING of the Hughes Rd. The FLOODing of Hughes Rd. has prevented the Wellington school bus from crossing this stretch of road while carrying CHILDREN to school which also crossing a further submerged Hughes Rd. culvert that is coming apart at each joint. which further impedes the flow of water off my property due to debris which has fallen through into the culvert at each joint.

There is NO WAY they can crossthe washed out culvert (also inadequate located 1/4mi. south of the MUD CREEK crossing. The equipment will be on site (I hope) to repair BOTH crossing culverts. Once past Hughes Rd. I doubt if the equipment will return to "REPAIR" a the MUD CREEK crossingthat may pass their muster for "SAFE" pasage,at " SPEED " of 15 miles an hour, their stated limit. Do you or anybody else think they would CUTthese rails ONCE CROSSED with a deeper, larger culvert/trestle? I believe once crossed (OR DOUBLE CROSSED) Hughes Rd. will continue to flood during future storms or heavy rains.Water has already flooded and blocked Hughes Rd. traffic and has also encroached onto the road a second time.THIS Y, This is not a " once in your lifetime 100 year flood".

THE PUBLIC HAS THE RIGHT TO KNOW.

Sincerely Yours,
Robert W. Kish

Meeting #11 March 12, 1998

The Board of Commissioners of Lorain County, Ohio met this day in a regular meeting in the J. Grant Keys Administration Building, 226 Middle Avenue, Elyria, Ohio, with the following members present: Commissioner Michael A. Ross, President, Commissioner Betty Blair Vice-president, Commissioner Mary Jo Vasi and Roxann Blair, Clerk.

The following business was transacted:

A. JOURNAL ENTRY

Bill Eltrich, General Manager, Lorain County Transit was present to address the Board on the Regional Food drive on March 18, 1998. He stated that the Lorain County Transit and the Second Harvest Food Bank of North Central Ohio will be teaming up on Wednesday March 18 for its annual Harvest for Hunger Food Drive. People using LCT's fixed route services will be able to ride for free by donating a non-perishable food item to the Second Harvest Food Bank of North Central Ohio. Donation bins will be available on the buses so that people can deposit their food donation when boarding. One donation of a non-perishable food item is good for a free one-way trip for a round; two non-perishable food items will be needed. Food donations will be taken from 5:30 am to 7:30 am. Come join us, and help fight hunger in Lorain County!

E. OLD BUSINESS

#1. JOURNAL ENTRY

Discussion was held relative to the Appropriation of $867,482.00 for Family & Children First Council. Various agencies received funding through the Wellness Block Grant as distributed by the Board of Mental health who is currently acting as the Administrative/Fiscal Agent.
Commissioner Ross moved, seconded by Commissioner Vasi to approve the appropriation contingent upon the Commissioners being named the Administrative/Fiscal Agent and that the Children & Families First Council are to convene an emergency meeting immediately to discuss the internal structure of the Board before funds will be released.

The following personnel were present who expressed their concerns to the Commissioners action:
Amy Levin, Director, Board of Mental health
Charles Neff, Fiscal Officer, Board of Mental Health
Lois Marshall, Family Services
Francine Toss, Director, Oberlin City Schools
Richard Simmons, Fiscal Officer, Lorain County Board of Health
Jackie Tramontana
Polly Barrett, Elyria City Schools
Mitch Carlisle, Alcohol & Drug Addiction Services Board
Kathy Boylan, Director, Elyria City Board of Health
Josephine Rhodes, Child Abuse & Neglect Advisory Board

All of the above representatives expressed concern for the continuation of the programs and services offer if these funds are not released, and how it will affect their agency. If these monies are not spent by June 30. 1998 they will be returned to the State of Ohio.
Commissioner Blair expressed her concern and displeasure with the Board's actions not to appropriate these funds. These departments are in needs of these monies to continue these services currently being performed by the various agencies. Commissioner Blair stated that not approving these appropriations is doing a great disservice to the constituents of Lorain County.

Discussion continued and the following resolution was adopted:

RESOLUTION NO. 98-216

In the matter of appropriating $867,482.00 for Family &)
Children First Council to be distributed to various locations) March 12, 1998

JOURNAL ENTRY

Commissioner Ross asked if there was anyone present who would like to address the Board on any items appearing on today's agenda.

Mr. Kish said that he did not get to finish his remarks at the meeting on February 5, 1998 referencing the LakeShore Railroad. Commissioner Ross asked Mr. Kish that with all due respect, postpone his comments on the rail issue. There will be another opportunity when this issue appears on the agenda and it will be more pertinent at that time in which you will have our undivided attention.

Mr. Kish stated he would just say that they are one-half mile from the crossing that needs to be repaired, because once they get beyond it, I do not think they are going to look back!

Commissioner Ross asked Mr. Kish to make a copy and we will have it for the record. Commissioner Ross said that he would like to speak with Mr. Kish later today or sometime tomorrow if time permits. Commissioner Ross has had a conversation with the Township Trustee and there is some information that he could pass on to Mr. Kish.

JOURNAL ENTRY

Tom Kelley, EMA Coordinator was present to address the Board on two issues. One, to receive a Proclamation proclaiming the week of March 22-28, 1998 as "Tornado and Flood Safety Awareness Week" in Lorain County. Commissioner Ross read and presented the proclamation to Mr. Kelley.

Mr. Kelley thanked the Commissioners for the proclamation and commented that in the last 45 years, Lorain County is second only to Franklin County in the number of tornadoes that have occurred. In the past 80 years, Lorain County death total is triple for many other County in the State of Ohio, with 95 deaths in the past 80 years. This is a number that is not acceptable. We are trying to educate the public for a better way to deal with this emergency. The EMA office has distributed 4,000 tornado safety brochures to all 5th grade students in Lorain County. They have received a grant from the LEPC that paid for 200 cable tv spots that aired last week, addressing the need for families to have "severe weather planning". Mr. Kelley said that he attended Children's Safety Week at the Midway Mall and handed out about 1,000 brochures in 3 days.

The Clerk indicated that the second item Mr. Kelley was present for today was the Agreement between the Lorain County LEPC and the Lorain County EMA for a two year period, effective April 1, 1998 through March 31, 2000.
Mr. Kelley stated that this agreement has been approved by the Commissioners in the past, every two years and allows the EMA office carry on the day to day efforts of the LEPC which is tasked by the County and State and asks the Commissioners to support the Sara Title III.

Lorain County EMA is usually number one leading the State in collecting and identifying facility that require reporting and hopefully will continue to perform those services.

The following resolution was adopted:

A.2

RESOLUTION NO. 98-219

In the matter of entering into Agreement between the Lorain County Local Emergency Planning Committee (LCLEPC) and the Lorain County Emergency Management Agency (LCEMA) for a two (2) year period, effective April 1, 1998 – expiring March 31, 2000

March 19, 1998

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby enter into Agreement between the Lorain County Local Emergency Planning Committee (LCLEPC) and the Lorain County Emergency Management Agency (LCEMA) for a two (2) year period, effective April 1, 1998 – expiring March 31, 2000.

FURTHER BE IT RESOLVED, that the LCEMA is required as a condition of said grant to provide or cause to be provided the sum of up to $71,000.00 received through the LCLEPC which is to be used by the County for hazardous materials training, plan update and development, on site facility inspections, hazard analysis studies, analysis, exercising and testing of the plan.

BE IT FURTHER RESOLVED, that said Agreement is considered a part hereto this resolution by reference thereto and can be found on file in the office of the Commissioners/Emergency Management Agency.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All.
Motion carried.

JOURNAL ENTRY

Commissioner Vasi said that since Mr. Kelley was present she had a few items to discuss. She stated that she has placed some flyers on the back table (in public hearing room) and these flyers are for people that want to report air pollution and water pollution. There is a telephone number on the flyer, but this is for the City of Elyria and the Ohio EPA.

Commissioner Vasi said that she has talked with Mr. Kelley about this previously and thought another telephone number should be added for the southern end of the County. Mr. Kelley will re-do the flyer with that additional telephone number, through the EMA office. The flyers will be handed out at the mall for government day at the Commissioners booth as well as the EMA booth. Commissioner Vasi stated that what they actually do is to take reports, it is not necessary for people to give their names, and EMA will turn this to the EPA. The EPA will come out to investigate and track this pollution problem.

Commissioner Vasi also indicated that when Carolyn Hanohoe was employed by the Commissioners as part-time Hazardous Compliance Officer we talked about putting her on full-time and include pollution and chemical awareness it the schools and the community to educate the public regarding pollution and chemical issues. Commissioner Vasi stated that at this time, she would like the board to consider putting Carolyn on as a full-time with her wages being of 25% being paid by the State, and possibly the Commissioners could seek funding from private foundation and wanted to share this information with the Board an Mr. Kelley and see if we can apply for some of this grant money and put together an even better program.

Mr. Kelley responded that Lorain County is the first County in the State to hire a person to do this type of service. When we started, we had about 140 facilities that reported, now after 2 years we have over 600 plus, so the good came with the bad. It takes approximately 2-3 hours per year to review each facility times the 600 plus facility it does not really work out well if that person is part-time.

Commissioner Blair asked if this was for the Board's consideration at this time. Commissioner Vasi said that it was only for the boar's consideration at this time, but would like a decision soon. Mr. Kelley commented that even though school will be over soon for the summer, in order to coordinate any programs next year with the schools, this would need to be done over the summer anyway.

Commissioners thanked Mr Kelley for the excellent job he and his staff are doing.

JOURNAL ENTRY

The Clerk introduced Louis M. Primozic, Principal, Orion Consulting, Inc. for a presentation on Medicare Outreach program. Mr. Primozic presented information for the Medicare Outreach plan required by the Ohio Department of Human Services. Mr. Primozic told the Commissioners of their experiences in Lorain County. Orion Consulting, Inc., designed and built the re-employment service center for the Lorain County Employment Training Agency and worked with their staff in training dislocated workers as well as a number of other JTPA clients. Orion Consulting, Inc., Has been working closely with the CCAO on this Medicare Outreach program. The presentation entitled "Health Start Eligibility Expansion" was distributed to the Commissioners for their review. Mr. Primozic stated that 3,000 children 18 years of age and younger are currently registered as Healthy Start eligible in Lorain County; ODHS estimates an additional 2,763 Healthy Start children will be enrolled in Lorain County based on eligibility expansion by June 1999; and Known eligible plus potential new enrollees will total 5,763 based on ODHS estimate.

26% of registered eligible Healthy Start children are currently enrolled in a Medicaid management care plan.

There are reasons to assume that the ODHS estimate for potential eligibility expansion is understated based on Lorain County demographics and the known under-count of census data in poorer neighborhoods.

Mr. Primozic advised that HB 408 Ohio Works First, provides Lorain County Department of Human Services increased latitude to establish emerging partnerships with private and not for profit service providers.

The Ohio Works First welfare reform initiative will direct a greater number of children into daycare as as funded support service for families migrating from traditional welfare. This is important based on data sources that suggest as heads of household within the assistance groups are removed from cash assistance, participation rates for Medicaid eligible children decline to nearly 38%.

Finally, Mr. Primozic recommended the following:

1. Encourage Lorain County Department of Human Services to develop and implement a "non traditional" public awareness campaign to market Healthy Start eligibility.
2. Develop a Strategic Market Plan to increase Healthy Start eligibly
3. Train TANF participants to become Outreach/Eligibility Specialties.
4. Dispel the stigma associated with Medicaid and promote Health Start as a health insurance benefit.

Mr. Primozic said he would be putting 20-30 people to work on this program on a full-time basis.

Commissioner Vasi asked with the $385,000.00 allotted from the State, will Orion Consulting, Inc., be able to produce brochures or whatever it is we need to market this program, and the cost of their services, plus hire 20-30 people full-time?

Mr. Primozic responded that their cost in the beginning would be to help perform the training, he would have to meet with the Director to find out where the County is with their plan. It may require minimal work, or may be extensive.

Discussion followed.

Commissioner Vasi suggested that Mr. Primozic meet with Mary Lou Golski, Director, Lorain County Human Services Department and put some figures together for this Board.

The Commissioners thanked Mr. Primozic for his presentation.

ASSISTANT COUNTY PROSECUTOR

JOURNAL ENTRY

Mr. Innes stated that he has circulated a proposed resolution on the compensation for the Law Directors, which has been corrected. Mr. Innes asked if the Board had no additional questions or comments, he requested the Resolution be adopted.

Commissioner Ross thanked Mr. Innes for his efforts in negotiating this final resolution.

The following reoslution was adopted:

RESOLUTION NO. 98-231

RESOLUTION TO ESTABLISH
COMPENSATION FOR LAW
DIRECTORS PROSECUTING
VIOLATIONS OF STATE LAW
IN MUNICIPAL COURTS;
O.R.C. 1901.34(C)

WHEREAS, Section 1901.34(C) of the Revised Code provides that law directors who prosecute violations of state law in municipal courts shall receive additional compensation paid from the County treasury as the Board of County Commissioners prescribes; and

WHEREAS, the Supreme Court of Ohio in the case of State ex rel. Botkins v. Laws, stated that the Board of Commissioners should determine said compensation based on an evaluation of evidence submitted concerning the reasonable value of these services; and

WHEREAS, during the course of 1997 law directors in the County have met with County officials and submitted information concerning the prosecutions of state law cases, including volume of cases, population of their jurisdictions, and fine disbursements to the County; and

WHEREAS, the Board of Commissioners and law directors have jointly reviewed this information and reached a consensus regarding the reasonable value of the services being performed by the law directors,

THEREFORE BE IT RESOLVED by the Board of Commissioners of Lorain County, Ohio as follows:

In compliance with O.R.C. 1901.34(C), the reasonable compensation for the law directors serving Lorain County jurisdictions is established to be:

	1998	1999
Lorain, Elyria, Oberlin	$7,500.00	$10,000.00
North Ridgeville, Amherst	$5,625.00	$ 7,500.00
Avon Lake, Avon, Sheffield Village, Sheffield Lake	$3,750.00	$ 5,000.00
S. Amherst, Wellington	$1,500.00	$ 2,000.00
Kipton, Rochester, Grafton, Vermilion, LaGrange	$ 750.00	$ 1,000.00

BE IT FURTHER RESOLVED, that the law directors of Lorain County be compensated from the County General Fund pursuant to the above schedule to be effected retroactively to January 1, 1998, and be paid on a bi-weekly basis. Said payment shall represent compensation as mandated by law, and/or wages to employees of the County; as such the County will not be providing benefits or implementing employee withholdings.

The County Auditor is directed to implement said upon receipt from the law directors of written designation to make payment directly to the law director or to municipal treasury.

The compensation schedule is established with consideration for the healthy state of the economy. The schedule will be reviewed yearly based on information received from the law directors and an assessment of economic conditions. As with any discretionary expenditure of the Commissioners, the compensation will be evaluated in light of available County funding.

Said motion was moved by Commissioner Ross

The motion was seconded by Commissioner Vasi

OLD BUSINESS

JOURNAL ENTRY

Commissioner Vasi asked if a meeting has been scheduled for the Children and Family First Council.
Commissioner Ross said the next meeting is March 25, 1998 at 1pm in the Commissioners Public Hearing Room.

Commissioner Vasi stated the Board needs to decide what to do on the comprehensive Land Use plan and she suggested that Patricia Knight, Acting Community Development Director select the top 4 proposals received and invite the 2 consultants at an evening meeting possibly on April 6 staring at 5:00 p. and have a public meeting with the Township trustees and other groups of interest. On April 7, at 5:00 pm have another meeting with the 2 other consultants.

Commissioner Vasi has the feelings that some of the Township would help pay the cost of the proposals and we could put together an even better plan. We could then set a date around April 16, 1998 the Board could make a decision to select a Consultant.

Commissioner Ross said that it would be appropriate to follow-up with our community Development Department to see where they are with this issue since we have given them direction. Ms. Knight has been acting in an interim capacity as it relates to this Planning, and it would be in order to get their ideas from their view of this situation.

Commissioner Vasi stated that she has spoken with Pat Knight, and has given a summary of each of the proposals to Ms, Knight, each Commissioner and County Administrator. Ms. Knight as discussed this with Commissioner Vasi and she has agreed that the Commissioner should conduct these meetings and select four of these proposals and go from there. Pat can not make this selection. The public wants input and we should have these people come in and give their presentation.

Commissioner Blair said that Pat Knight made a recommendation to this Board that there be a diverse committee wherein she named the organizations to work with her through this selection process and bring a recommendation to the Board for final approval.

Commissioner Vasi said she summarized every proposals received and they are basically all the same, except for the cost and the time of completion which starts at 13 moths and goes to 24 moths. The cost is from $67,000.00 to $154,120.00. They all encourage public hearings and public should be included. Commissioner Vasi stated she would like the publics input right from the beginning with the selection of the consultants. Let the public ask questions they may have of the consultants.

Commissioner Ross indicated that this Board can not decide today. Commissioner Vasi stated that this has been going on for years now. The Townships can not wait much longer – if they are challenged in Court their ordinances resolutions/comprehensive land use plan is so out dated.

Commissioner Vasi stated that she would like to see this Board's approval today of the process and call a meeting and have Ms. Knight select the 4 consultants for presentation based on their cost.

Commissioner Ross said he is in agreement that Pat should be going through these proposals, but I am no sure of the dates of the proposed meetings.

Commissioner Vasi asked if this Board would agree to have the public meetings and agree to have four of those consultants give presentations.

Commissioner Ross agreed that at some point in this process, yes.

Commissioner Vasi asked when is this point going to end. Commissioner Ross said that when the people directly involved in this process and find out what they are doing.

Commissioner Vasi said they are waiting on us, the ball is in our court. She is concerned about the Townships and she would like to see this process get started.

Commissioner Ross said there is a comprehensive plan going on in Carlisle Township and has it been completed. Mary Beth Derikito, Huntington Township trustee was present and stated that all the Townships had the opportunity to volunteer to be "Model" Township and Carlisle was selected.

Commissioner Ross asked if there was something this Board needs to do to speed this process along. Mrs. Derikito replied that it is in the works and at least they are thing about it. Commissioner Ross asked if Mrs. Derikito could speak collectively on behalf of the Township Trustees and are they satisfied with the pace the progress is going. Mrs. Derikito said she would never speak for the Township Trustees. There is a great deal of interest, concern and a lot of effort being put into this and at this point there is a little concern about the speed of how this is progressing, but the Township is aware that at least it is progressing.

Commissioner Vasi stated that if you look at these proposal it takes anywhere from 13 to 24 months to put one of these together. Commissioner Ross said that is a good idea. Mrs. Derikito responded that she appreciated that the fact that they may have some input in selecting these consultants and she would like to be involved in that process.

Mrs. Derikito said she would see what Carlisle Township had done so far. Commissioner Ross said that this was the whole purpose in selecting them as a proto-type to see what process they went through and we need to get that feedback. This may be a little premature, so we do not duplicate some of the things that have already been done.

Mrs. Derikito said she would get an update from Carlisle Township and bring back to this Board at next weeks meeting.

The Board thanked Mrs. Derikito for her assistance.

Commissioner Vasi thanked Jerry Innes, Assistant County Prosecutor for his opinion on Tax Abatements and companies using Welfare recipients for employment, which reads as follows:

Commissioner Vasi said she would talk with Patricia Knight so she can get together with the communities that have enterprise zones and let them know they can start inserting this language into their abatement agreements.

Mr. Muntean suggested the Board pass a resolution to have all local level enterprise zones include that participation in the first step in their agreements throughout the county. Mr. Muntean said he would draft a resolution for Board review. Commissioner Blair also suggested that Mr. Muntean work with Jerry Innes and Patricia Knight on this issue.

JOURNAL ENTRY

Commissioner Vasi said she received a letter from a Township Trustee regarding a Resolution by the Lorain County Community Alliance that was sent out on behalf of the Alliance, but sent out on Commissioners letterhead. The concern was that the Alliance does not represent the entire county and therefore Commissioner letterhead should not be used. Commissioner Vasi distributed a copy to the other Commissioners.

Commissioner Blair said the letter was dated October 10, 1997 signed by her as Chairperson of the Alliance by virtue of the actions of this Board of Commissioners which was a Resolution to the Surface Transportation Board. (Blair read the letter). Resolution that was attached was on letterhead of the Alliance.

Commissioner Vasi stated that the content of the letter/resolution was not in question, the concern was over the fact of using Commissioners letterhead for the Alliance. Mrs. Derikito said she came across this letter in material she received recently. Her concern was nothing to do with the stationary, it was that the letter was not signed by the Board of Commissioners.

Mrs. Derikito stated that had the Board of Commissioners brought this to the attention of everyone who attends these meetings back in October, we would have started acting on this sooner. Mrs. Derikito is very concerned about the rail situation. She has also spoken to a Councilman in Wellington who was not aware of this letter. There is a real breakdown in communication and we have lost 5 months of time we could have been working on this issue.

Commissioner Ross said there are 2 issues here, the first becomes the subject of the Alliance itself. The Township Trustees as a group are not generally in favor of the structure of the Alliance and he stated he has gone on record supporting the position of the Township Trustees on the structure. He has met with Dr. Church of LCCC and Fran Bostwick recently and there were discussions about them reviewing the issue of the Township participation in the alliance and that they were going to go back to the drawing board and see if they can adjust the structure of the Alliance to address the concerns of Township participation and other jurisdictions.

Commissioner Ross said that this Board ode snot disagree with the subject matter. We have gone on record regarding the issue of rail traffic in the southern part of the county and the Alliance has also dealt with that issue. Commissioner Ross asked Commissioner Blair as her role as Chair of the Alliance, to keep the issue straight so the people will not misconstrue an action on the part of the Alliance as an action from this Board.

Commissioner Blair said she accepted Commissioner Ross's comments, but did not know why we were having this discussion since we all agree on this issue. This memo was sent to a group of people, and one of the groups that received this memo was the Lorain County Association of Township Trustees and Clerks, so this was sent to the President. Commissioner Blair stated she takes exception to some of the comments made today. All of the Board members use the Commissioners letterhead to send out letters and it does list the Board of Commissioners names, and if a Commissioner signs the letter and is the recipient of that letter to construe that the letter is from the Board or from an individual Commissioner, this is a good point.

Commissioner Ross said that at some point when any Commissioner sends out a letter that represents the views of some other organization or agency that they are a part of, there could be some conflict. This time it could have been a misunderstanding that occurred. Commissioner Ross said that if there is some communication i.e. from the Alliance, then it should be on Alliance letterhead.

Mrs. Derikito stated her problem was not with the stationary, here concern was that they lost 5moths on this issue. Pauline LaBoda said that is she received a letter that came from Betty Blair and the other Commissioners are not part of the Alliance then she would assume they are, so it could be a problem.

Commissioner Blair gave a review of how the Alliance was formed as a point of information.

Attest: _____, Clerk

March 24, 1998

The Board of Commissioners of Lorain County, Ohio met this day in a special meeting requested by Assistant County Prosecutor Jerry Innes in the J. Grant Keys Administration Building, 226 Middle Avenue, Elyria, Ohio, with the following members present: Commissioner Michael A. Ross, President, Commissioner Betty Blair Vice-president, Commissioner Mary Jo Vasi and Roxann Blair, Clerk.

The following business was transacted:

JOURNAL ENTRY

Assistant Prosecutor Jerry Innes stated there was two (2) issues, which will need Commissioners action this day, the first discussion on the Law Directors compensation and action previously taken by the Commissioners relative to the Children and Families First Council appropriation.

Mr. Innes stated that the Children and Families First Council appropriation, as it was approved by Resolution No. 98-231, adopted March 12, 1998 was a violation to H.B. 215.

Discussion was had and the following resolution was adopted:

RESOLUTION NO. 98-234

In the matter of rescinding Resolution No. 98-216,) Adopted on March 12,1998 relating to Children) And Families First Council) March 24, 1998

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby rescind Resolution No. 98-216, adopted on March 12, 1998 relating to the Children and Families First Council.

FURTHER BE IT RESOLVED, in light of the potential violations of H.B. 215 no additional motion and funds will stand unappropriated at this time.

Motion by Ross, seconded by Vasi to adopt Resolution. Ayes: All.
Motion carried.

JOURNAL ENTRY

Commissioner Vasi commented on the Children and Families First Council appropriation. Commissioner Vasi suggested so as not to hold these agencies up for the funding that the Aboard give them the money out of the General Fund and have it reimbursed after the appropriation is completed.

Commissioner Ross said this Board could not assume at this time what the Children and Family First Council are going to decide at their meeting Wednesday, March 25, 1998.

Commissioner Vasi said this Board has to know what to do, what is the first step.

Mr. Muntean stated that Commissioner Vasi is saying that if we advance the agencies the money, and state on the appropriation that it is an advance this would be paid back.

Commissioner Ross said that is why we just rescinded the previous resolution because of the procedure was incorrect, and we will have to wait until the Children and Family First Council meets before we can take any further action.

Commissioner Ross asked if Mr. Innes could research the question, could this Board pay the service providers directly.

Mr. Muntean stated that we advance monies to a government agency, but not for a non-profit agency.

Mr. Innes stated that being the Administrative Agency does not give us the authority to determine who gets the funds, that is determined by the Council.

Discussion followed.

Commissioner Ross stated that this will have to wait until the Children and Family First council meetings on Wednesday, and this Board could take action on Thursday, March 26, 1998.

JOURNAL ENTRY

Mr. Innes discussed the Law Directors compensation issue. Commissioner Blair raised the question of paying Benefits and he has researched the law and drawn the conclusion the County does not have to pay benefits. Mr. Innes has spoken with the Law Directors who do agree with his conclusion, however, legally it appears to be correct, but the information he has received is that PERS will pursue the issue of benefits.

Since 1969 benefits have been paid to these Law Directors. Mr. Muntean asked if the County would pay this to the public entity would the Board still be responsible for PERS. Mr. Innes replied yes.

Commissioner Blair said these people are employees of someone. Mr. Innes said yes, but they are not our employees, we do not hire them, fire or direct them in anyway. They are initially employed by the City.

Commissioner Vasi asked if we could put a clause in there that says the money we pay them includes PERS. Mr. Innes said that this would mean re-negotiating.

Discussion followed and the following resolution was adopted:

RESOLUTION NO. 98-235

RESOLUTION TO ESTABLISH COMPENSATION FOR LAW DIRECTORS PROSECUTING VIOLATIONS OF STATE LAW IN MUNICIPAL COURTS; O.R.C. 1901.34(C)

March 24, 1998

WHEREAS, Section 1901.34(C) of the Revised Code provides that law directors who prosecute violations of state law in municipal courts shall receive additional compensation paid from the County treasury as the Board of County Commissioners prescribes; and

WHEREAS, the Supreme Court of Ohio in the case of State ex rel. Botkins v. Laws, stated that the Board of Commissioners should determine said compensation based on an evaluation of evidence submitted concerning the reasonable value of these services; and

WHEREAS, during the course of 1997 law directors in the County have met with County officials and submitted information concerning the prosecutions of state law cases, including volume of cases, population of their jurisdictions, and fine disbursements to the County; and

WHEREAS, the Board of Commissioners and law directors have jointly reviewed this information and reached a consensus regarding the reasonable value of the services being performed by the law directors,

THEREFORE BE IT RESOLVED by the Board of Commissioners of Lorain County, Ohio to amend Resolution No. 98-231 adopted 3-19-98 to reflect as follows:

250

In compliance with O.R.C. 1901.34(C), the reasonable compensation for the law directors serving Lorain County jurisdictions is established to be:

	1998	1999

Meeting #13 March 26, 1998

The Board of Commissioners of Lorain County, Ohio met this day in a regular meeting in the J. Grant Keys Administration Building, 226 Middle Avenue, Elyria, Ohio, with the following members present: Commissioner Michael A. Ross, President, Commissioner Betty Blair Vice-president, Commissioner Mary Jo Vasi and Roxann Blair, Clerk.

The following business was transacted:

JOURNAL ENTRY

Attorney Tom Wilson - Peck, Shaffer & Williams was present representing Dorah Properties and gave background information on Mortgage Revenue Bonds for a Multi-family housing project consisting of an 108 unit development on Lincoln Blvd., Sheffield Township.

These Bonds will be issued under 133.51 ORC, which are self-supporting obligations, there is no obligation by the County to make debt-service payments on the Bonds. This type of project needs to receive volume cap allocation from the State of Ohio and the application deadline from the Department of Development is March 31, 1998. A lottery system at the State level where they will pick projects at random to receive the volume cap allocation.

Last Year was the first time the State ran out of volume cap, so they have changed this process by taking these applications. This is the first step of the project. If the project gets volume cap, we will be back in front of the Commissioners for a public hearing required by federal tax law that will allow people to attend to express support or opposition for the project. Mr. Wilson stated that they would return one last time with the borrowing terms and final legislation for the Commissioners' approval.

Commissioner Vasi asked about the QTEO. Mr. Wilson indicated that this type of Bond is separate from any debt of the County.

Kathy Petrey from Squire, Sanders & Dempsey, Counselors-at-Law stated that Mr. Wilson is correct in saying these housing bonds have no affect at all on the County's ability to issue Bonds within the $10 Million QTEO category.

Mr. Wilson stated that there is land use restriction, use agreement recorded with the Recorder's Office, and there is reporting responsibilities with the Township Trustees to monitor this annually that the units are in compliance.

Commissioner Ross asked Mr. Wilson to give some information regarding Dorah Properties. Mr. Wilson introduced Dan Hopkins who is Vice-President for Sales & Marketing with Dorah Properties. Mr. Hopkins introduced other members of their firm who were present, Vice-President of Operations, Bob Steadly; CEO, Ken Crocker; and Vice-President of Construction, Gary Coins.

Mr. Hopkins discussed the project in detail. Dorah Properties are purchasing modular units for this project from Somers & Sons in Elyria in the amount of about $3.2 Million. These will be Townhouse units, the 2- bedroom units will be 916 sq. ft; and the 3-bedroom units will be approx. 1200 sq. ft. There will be accommodations for disabled residents with the units being on one floor.

Commissioner Vasi asked if they would be using Lorain County residents for the construction and also union people. Mr. Hopkins said yes they would be using local trades, and prevailing wage will be paid to meet your wage requirements. This location is convenient to local shopping and the Midway Mail.

Patricia Knight, Acting Community Development Director asked what if any actions would be required by the County's Economic & Industrial Development Corp.; such as a certification. Mr. Wilson responded that this type of project does not require certification from the CIC Board.

Commissioner Ross was concerned about this project in relation to other projects of this type and any "competition" factor that may be involved in this cap. Mr. Wilson said no, there was no way to prioritize this project with others. All projects are "equal" by the State level in the volume cap process. This is not a per County "set-aside" or maximum amount.

Kathy Petrey said there were two different pools that the County would be involved in with this "lottery". In the current form of rules, there is a "geographical" preference for multi-family housing bonds, they will have lower priority in getting another allocation for housing bonds during the following 2 - 3 years.

Commissioner Ross stated that it is of tremendous concern. We have a large need in this County to look at the housing "stock" and to determine where we can affect some long-term development.

Commissioner Blair stated that this property is properly zoned for multi-family development and want to make this statement publicly. She asked if Sheffield Township has been involved in this project. Mr. Hopkins responded that yes, they have been in contact with Mr. D'Agnese, Zoning Inspector. Mr. D'Agnese has reviewed the "site" plan and has given them a preliminary letter and welcomes this project.

The Lorain County Engineer is to review the project also as pertains to drainage, sewers, **etc.** They have met with **the** Engineer's Department. Additional monies will need to be expended once this project if they receive the approval from the State of Ohio.

Mr. Innes, Assistant County Prosecutor asked if there would be additional public hearings on this issue, since the County has not had sufficient time to review these documents.

Mr. Wilson said yes, there would be other documents will be prepared and presented to the county prior to the public hearings for which public notice will be issued.

Commissioner Blair asked if this is an annual offering of the volume cap and if they do not meet this March 31st deadline, then nothing will come to Lorain County.

Mr. Wilson said there is nothing for them in 1998, but we could apply again in 1999.

Commissioner Blair asked if Patricia Knight had any involvement in this project.

Mrs. Knight said she has not been involved with this project. She stated that Sheffield Township is one of the most distressed Townships we have, and a project of this nature would be very helpful for the Township. Her only reservation is that she has not had the chance to review this project and we are getting ready to look at the possibility of developing a Countywide Housing Allocation Plan for low-to-moderate income persons and this would be a part of that. The fact this is being offered and proposed by a for- profit developer is fairly significant. Mrs. Knight said that most of the affordable housing efforts are undertaken by not-for-profit organizations. There is sufficient time if the lottery does result in selecting this project for a great deal of further negotiations to take place.

Commissioner Vasi commended the efforts of the Developer. A title company performed research in the area and there is a real need in this County for smaller and more affordable housing especially with the elderly population in this County.

Mr. Wilson stated that the Inducement Resolution allows the borrower to make application for the volume cap. An agreement is attached to the Resolution, which states the County will work with the borrower and the various conditions that the County has to be satisfied with the **final** documentation. This allows the process to begin.

Mr. Wilson commented that the State requires a 1% deposit from the Developer, in this case would be $50,000.00, and if they get volume cap and fail to issue the Bonds it is forfeited to the State, so the Developer has to be pretty serious about completing this project on a timely basis!

Commissioner Ross stated that he commends any Developer wanting to come to our County and help to make it better, but has reservations simply because the County Prosecutor and Community Development Dept has not been involved or had a chance to review the documents.

Mr. Hopkins stated that they were not here today due to "inefficiency", the State rules to volume cap gave us a deadline and we are taking numerous risks in providing this housing and alot of us did not know about this program. We have spent alot of time, money and research to get to this point. We look forward in working with your Community Development Department

Discussion followed and the following resolution was adopted:

RESOLUTION NO. 98-238

RESOLUTION OF CONDITIONAL INTENTION TO ISSUE SELF- SUPPORTING MORTGAGE REVENUE BONDS AND AUTHORIZING EXECUTION OF AGREEMENT WITH DAN HOPKINS

WHEREAS, the County of Lorain, Ohio, a county organized and existing under the laws of the State of Ohio (the "County"), pursuant to the authority of Article VHI, Section 16, of the Constitution of the State of Ohio and Chapter 133 of the Ohio Revised Code, is empowered and authorized and desires to take certain necessary actions toward the issuance of its mortgage revenue bonds (the "Bonds") to finance the costs of the acquisition, construction, installation and equipping of a 108-unit multifamily rental housing facility, which facility to be located on a 6.7 acre site on Lincoln Boulevard in Sheffield Township, Lorain County, Ohio (the "Project"), which is to be owned by DORAH Properties, L.L.C., an Ohio limited liability company to be formed (the "Borrower"), the managing member of which shall be Dan Hopkins (the "Applicant"), for the purpose of providing decent, safe and sanitary housing for residents of the County; and

WHEREAS, the County has determined that an Agreement between the County and the Applicant, on behalf of the Borrower, in the form attached hereto (the "Agreement"), which is incorporated by reference herein, adequately sets forth the general terms and conditions upon which the County is willing to proceed with the fmancing of the Project; and

WHEREAS, the County and the Applicant anticipate that the Project would assist and provide for housing for residents of the County, and that the Project would improve the economic welfare of the County and its people;

NOW THEREFORE BE IT RESOLVED by the Board of County Commissioners of the County that:

Section 1. The County will undertake to authorize and issue its Bonds from time to time, in one or more series, in a principal amount currently estimated not to exceed $5,000,000 for the purpose of financing the Project, and both the County and its officers will take all further action necessary or desirable for that purpose, all subject, however, to the conditions stated in the Agreement, and upon the terms therein provided.

Section 2. The County intends that this Resolution, including the Agreement, shall constitute "official action" with respect to the issuance of Bonds to finance the costs of the Project, within the meaning of Treasury Regulations Section 1. 150-2.

Section 3. The law firm of Peck, Shaffer & Williams LLP is appointed as Bond Counsel in connection with the issuance of the Bonds.

Section 4. The Agreement be and is hereby approved and that at least two members of this Board of County Commissioners be and hereby are authorized to execute the Agreement on behalf of the County in the form attached hereto.

Section 5. This resolution was adopted, and all actions and deliberations of the Board of County Commissioners of the County of Lorain, Ohio relating thereto were conducted, in meetings open to the public, in compliance with all applicable legal requirements including Section 121.22 of the Ohio Revised Code.

Section 6. This Resolution shall take effect and be in force upon its adoption.

Commissioner Blair, moved the adoption of the foregoing resolution. It was seconded by Commissioner Vasi, and upon call of the roll the following vote resulted:

All voted in favor of the motion.

This resolution is approved outlining the conditions the Board of Commissioners wishes to have addressed.)

Motion carried.

Said Agreement is as follows for Resolution No. 98-238;

AGREEMENT

THIS AGREEMENT is entered into as of the 26th day 'of March, 1998, between the County of Lorain, Ohio, a county organized and existing under the laws of the State of Ohio (the"County"), and Dan Hopkins (the "Applicant"), under the following circumstances:

A. The Applicant has proposed that DORAH Properties, L.L.C., an Ohio Limited liability company to be formed, of which the Applicant shall be the managing member (the"Borrower"), shall acquire, construct, install and equip a 108-unit multifamily rental housing facility (the "Project") to be located on a 6.7 acre site on Lincoln Boulevard in SheffieldTownship, within the boundaries of the County.

B. The Applicant has evidenced a desire to have the costs of the Project financed with the proceeds of mortgage revenue bonds (the "Bonds") issued by the County pursuant to the authority of Article VIII, Section 16 of the Constitution of the State of Ohio and Chapter 133 of the Ohio Revised Code, in a principal amount currently estimated not to exceed $5,000,000.

C. The parties anticipate that the Project would assist and provide for housing for residents of the County, and that the Project would improve the economic welfare of the County and its people.

D. In order to assist and provide for housing for the residents of the County, the County desires to encourage and induce the Applicant to proceed with the Project.

NOW, THEREFORE, the County and the Applicant agree as follows:

1. At the request of the Applicant, and subject to **fulfillment** of the public hearing requirement under Section 147(f) of the Internal Revenue Code of 1986, as amended, and satisfaction of **the** conditions set forth herein, the County will enact the necessary resolutions to authorize the issuance of the Bonds and execution on its behalf of the Financing Agreement, as hereafter defined, and other necessary documents. The Bonds, the Financing Agreement, the resolutions and other necessary documents shall have such terms as shall be approved by Peck, Shaffer & Williams LLP and by the County, the purchaser(s) of the Bonds and the Borrower, and the County will deliver the Bonds to the purchaser(s) thereof and will cooperate to the fullest extent in consummating the transaction.

2. The Applicant agrees that upon issuance of the Bonds for the Project, the Borrower will enter into an agreement (the "Financing Agreement") with the County providing for the payment by the Borrower of amounts sufficient to pay when due the principal of and premium, if any, and interest on the Bonds. The County shall have no financial responsibility with respect to the Bonds or the Project except from the Proceeds of the Bonds or revenues produced pursuant to the Financing Agreement. It is understood that the Project shall be that of the Borrower and any contracts made by the Borrower with respect thereto or any work done by the Borrower on the Project are made or done by the Borrower in its own behalf and not as an agent of the County.

3. The Applicant agrees that all laborers and mechanics (if any) employed on the Project shall be paid as provided in 1765.05 of the Ohio Revised Code, so that laborers and mechanics shall be paid at the prevailing rates and wages determined in accordance with Chapter 176, Ohio Revised Code, by the Ohio Department of Industrial Relations (the "Department"); provided that if the Borrower or other non-public user beneficiary of the Project undertakes, as part of the Project, construction to be performed by its regular bargaining unit employees who are covered under a collective bargaining agreement which was in existence prior to the date of this Agreement, the rate of pay provided under such collective bargaining agreement may be paid to such employees. The Borrower shall comply, and shall require compliance by all contractors or subcontractors working on the Project, with all applicable requirements of Section 176.05 of the Ohio Revised Code. Karen Davis, the County's Contract Compliance Officer, shall serve as the prevailing wage coordinator for the Project.

March 26, 1998

4. The County agrees to provide for the authorization, issuance, sale and delivery of the Bonds for the purposes above stated and in a principal amount currently estimated not to exceed $5,000,000; provided that prior to the issuance, sale and delivery of the Bonds, the County shall have received:

a. A commitment to purchase the Bonds in a form satisfactory to the Borrower and the County;

b. The legal opinions of counsel to the Borrower, as to the enforceability as to the Borrower of the Financing Agreement and, in the event that the Bonds are offered for sale to the public, as to the disclosure concerning the Borrower in the offering documents used for the public offering of the Bonds;

c. The legal opinion of Peck, Shaffer & Williams LLP, as bond counsel, as to the validity of the Bonds as special obligations of the County and as to the federal income tax status of the interest on the Bonds;

d. Evidence of compliance with all applicable requirements of the Internal Revenue Code of 1986, as amended, relative to the tax -exempt status of the Bonds; and

e. Evidence of satisfactory financing for the entire cost of the Project.

5. In order to induce the County to execute and deliver this Agreement and ultimately to issue the Bonds, the Applicant hereby represents and agrees:

a. The Applicant and the Borrower will defend, indemnify and hold the Issuer and any and all officials thereof harmless against any and all loss, cost, expense, claims or actions arising out of or connected with the execution of this Agreement and the consummation of the transactions provided for herein and contemplated hereunder, including, without limitation, the preparation of proceedings for, and the issuance, sale or delivery of, the Bonds.

b. The Applicant will promptly advise the Issuer in writing, with a copy to bond counsel, if either the scope or nature of the Project as described herein changes in any respect or the maximum aggregate face amount of the Bonds to be issued will exceed that stated herein.

6. If the Borrower decides not to utilize tax-exempt fmancing, it shall notify the County, whereupon this Agreement shall terminate. Upon any termination of this Agreement under this paragraph, neither the County nor the Borrower shall have any further rights or obligations hereunder, except that the obligations of the Borrower under paragraph 5 hereof shall survive any such termination.

7. In order to induce the County to execute and deliver this Agreement, the Applicant hereby agrees to defend, indemnify and hold the County and its officials harmless from and against any and all loss, cost, expense, claims or actions arising out of or connected with the execution and delivery of this Agreement and the consummation of the transactions provided for herein and contemplated hereunder. The provisions of this paragraph shall be superseded by a similar agreement by the Borrower in the Financing Agreement.

IN WITNESS WHEREOF, this document has been executed by at least two of its County Commissioners, and the Borrower has caused this Agreement to be duly executed, as of the day and year **first** above written.

JOURNAL ENTRY

In the matter of approving the Tax Abatement Agreements as) Recommended by the Tax Incentive Review Council) March 26, 1998

The Commissioners placed this item on hold for further discussion.

Patricia Knight, Acting Community Development Director commented that the Tax Incentive Review Council met on 3/10-11-12,98 and reviewed 37 Tax Abatement Agreements currently in place. The recommendation of the Tax Incentive Review Council as to whether the Agreements should be continued, terminated, or altered is what the Board is requesting today.

Metokote Agreement had questions the Village of Sheffield had regarding the accuracy of payment of local income taxes. The company itself uses contract personnel in these positions and there is more than one contractor. The issue is whether or not each contractor is paying the appropriate payroll taxes on those employees. The investment or job creation commitments are not being questioned.

North Ridge Plaza Agreement has not been complied with in terms of the investment level, nor the job creation level and it is been determined that it does not appear as though the agreement can or will be complied with. Efforts have been made in communication with the Company and the City of North Ridgeville. The Company did not follow through appropriately in compliance with the Tax Abatement as granted. The City of North Ridgeville by Ordinance took action on March 16, 1998.

Ms. Knight stated that the Board would need to make the determination if they accept the recommendation of the Council.

Commissioner Ross said he would like additional time to review this recommendation.

Ms. Knight said the report is due to the state on the 31st of March. She can file the report with the State with action pending by the Commissioners giving the Board additional time for review.

Commissioner Vasi moved, seconded by Commissioner Ross to terminate the North Ridgeville Plaza agreement in North Ridgeville.

Commissioner Blair suggested the board approve the entire report and not approve this separately.

Commissioner Ross said he has no problem with holding this and approving the report as a whole. Commissioner Ross and Commissioner Vasi withdrew their motion.

E. OLD BUSINESS

#1. Commissioner Vasi stated that Commissioner Ross had asked Mary Beth Derikito, Huntington Township Trustee to contact Carlisle Township in regards to the Comprehensive Land Use Plan and that she would report back to this Board.

Commissioner Vasi said she would like to hear what Mrs. Derikito has found out.

Mrs. Derikito said that she has found out that the contact person is Patricia Knight. The County will probably hire a consultant in the month of April, and funds have been set aside $15,000.00 for Townships for education through the Black River RAP.

Commissioner Ross asked Mrs. Derikito if she is satisfied with the mechanisms in place to ensure cooperation. Mrs. Derikito has not seen this, but Ms. Knight would be the person to discuss this with.

Commissioner Vasi said that she is going back to her original comment from last weeks meeting, that Ms. Knight select the top four (4) proposals then we invite two (2) of the top consultants to present their proposals at a public hearing, and we select that date for an evening meeting, and invite the Township Trustees and all groups that showed an interest and this will begin the selection process.

Commissioner Blair stated that all the Commissioners are equally concerned about getting this process started, and are not far apart on how to proceed, but referring to Ms. Knight's letter to this Board dated February 23, 1998 wherein she recommends the appointment of a citizens planning committee. She also recommends the appointment of a sub-committee from that planning group to assist with the selection of a consultant.

There were eight (8) proposals received, which need to be evaluated and reviewed. The sub-committee would be convened by the Comm Development Department, to review the proposals and determine the best two (2) proposals. Those firms would be recommended to the Board of Commissioners and would be asked to provide an oral presentation. The Board of Commissioners would make the **final** decision and enter into a contract. Ms. Knight has suggested twenty (20) entities or people to be involved in this process and they include a wide representative of the agencies in Lorain County that have an interest in and comments to the development. Ms. Knight has also recommended nine (9) individuals to be appointed to the Land Use Planning Group. Commissioner Vasi suggested all of these people should be invited to the presentation along with the County Planning Department.

Commissioner Ross said that we would formerly place this on the Agenda for presentation by the Comm Development and Planning Dept to bring all the information relevant to discuss proposals based upon the memo. We will dedicate time in a public forum for a hearing on where we are going with the land use plan. Commissioner Vasi suggested an evening meeting, because it is easier for citizens to attend. Commissioner Ross said that was a good suggestion, but we first need to discuss here then we can schedule a follow up meeting in the evening.

Commissioner Blair stated that Ms. Knight has reviewed the proposals received, and is now waiting for Board direction as how to proceed. We need to establish a process, because the ultimate outcome of this will be a long-term plan for the County and we do need to have the involvement of the citizens and the public in the process.

Discussion continued.

Commissioner Ross said this item will be placed on the agenda within the next few weeks for a formal presentation.

A RESOLUTION
OF
COUNTY COMMISSIONERS

RESOLUTION NO. 98-257

Commissioner Blair *moved* the adoption of the following Resolution at a meeting of the Board of Commissioners of Lorain County, Ohio, to wit:

WHEREAS, the Public Utilities Commission of Ohio ("Commission") has determined that a certain highway-railroad grade crossing in Lorain County, Ohio is dangerous and hazardous to the traveling public.

WHEREAS, the Commission has determined, and the Lorain County Commissioners ("County") agrees, that the public safety and interest would be served by granting their consent to the PUCO/ORDC to facilitate a upgrade of the warning devices at the below identified grade crossing:

NOW THEREFORE, BE IT RESOLVED, that the County Commissioners of Lorain County, Ohio hereby take the following action:

1. **RESOLVED** to install lights and roadway gates where the track(s) of Conrail meet the highway intersection at CR30/Quarry Road grade crossing being more specially identified by a US AAR-DOT No. 518-504K, consent is hereby given to the Commission to proceed.
2. **FURTHER RESOLVED,** that the County agrees to place all advance warning signs and pavement markings on the approaches to the grade crossing in conformance with the Ohio Manual of Uniform Traffic Control Devices (OMUTCD) as adopted under 45 1 1.11 of the Ohio Revised Code at such time as the Improvement described above is completed and maintain same thereafter.
3. **FURTHER RESOLVED,** that the County agrees that in the event the County is responsible for causing the suspension of termination of the Improvement, the County hereby agrees to reimburse the Commission for all costs incurred up to said time of suspension or termination. Said reimbursement shall be made to the Commission within sixty (60) days of receipt of an invoice for the costs incurred resulting from said suspension or termination.
4. **FURTHER RESOLVED,** that the County agrees to arrange for the relocation, rearrangement or alteration of all utilities of any nature which are located on public right-of-way and which will be affected by or interfere with the construction of said Improvement. Said relocation, rearrangement or alteration will be done at such time as requested by the Commission and will be performed solely at the expense of the utility and at no cost to the Improvement or the railroad. To the extent that the installation of curbing is required in conformance with *OMUTCD* requirements as part of the improvement, the County agrees to install and maintain such curbing at its sole expense.

THEREUPON, Commissioner Vasi, seconded said motion to adopt the foregoing resolution and the vote of the County Commissioners was as follows:

Commissioner Blair 'aye'
Commissioner Vasi 'aye'
Commissioner Ross 'aye'

Adopted on this 29th day of March, 1998

Appropriation in the amount of $867,482.00 for Family & Children's First council to be distributed as follows:

$434,082.00 to Wellness Block Grant
$373,400.00 to Early Start
$ 60,000.00 to Trust Fund RC

Commissioner Ross said there was a meeting held with the Family & Children's First Council and they have designated the Department of Human Services as the Administrative/Fiscal Agent. In the event the Department of Human Services is unable to serve in that capacity, then the Administrative/Fiscal Agent will be the Board of Commissioners, and in light of that this money has been awarded by Grants some time back in the fall. Commissioner Ross stated that he would be willing to appropriate these dollars that ends the FY in June 1998 and under the new arrangement he will move to appropriate these dollars.

NEW BUSINESS

#1. Commissioner Vasi said that one of the members of the groups that attend the Commissioners meetings, handed to her a Petition that is being circulated which she felt was an excellent idea and hope they get enough signatures to take to Washington regarding the Conrail merge.

Lola Robertson stated that they were concerned about eight or nine specific crossings of the railway system, and they have decided to actively Petition for which we have over 1,000 signatures now. This copy will be forwarded to Rep. Gilmore's office, Sherrod Brown, Ohio Rail Commission, the PUCO and are requesting split grade crossings on these intersections as listed. They are also working with "BOLD", and have scheduled a meeting, tentatively for Sunday evening . A meeting was scheduled for another location, but Commissioner Blair asked for it to be scheduled at St. Patrick's Church in Wellington, Ohio.

There will also be another meeting on Tuesday, at St. Patrick's' Church in Wellington from 5 - 7:00 PM.

Mrs. Robertson also said that they will be meeting with Fred Alspach, Rev. Wheeler, Betty Farnsworth, the Fire Chief Bob Walker, Ambulance Director, and Mary Beth Derikito on Sunday to coordinate efforts with "BOLD". Mrs. Robertson asked for the Commissioner support and to sign the Petition. Commissioner Ross said that this Board has registered its support and this issue has been battered about on the proposed increase in rail traffic. Commissioner Ross felt that it was commendable that the citizens are engaged, because after all, it is all in our backyards! This Board urges everyone to register their voice regarding this issue, so that not only we as a County join with our allies in Cuyahoga County to make sure that these rail companies will b e responsive to the safety issues.

Commissioner Blair wanted to clarify with Mrs. Robertson, that she mentioned a meeting with BOLD on Sunday, 4- 29-98. Mrs. Robertson responded that this is only a meeting between the BOLD Director and a portion of their group, not a public meeting. Commissioner Blair wanted to clarify a meeting location proposed for 3/31/98 at St. Patrick's Church. There was a meeting at LCCC, Monday morning and Mayor O'Keefe was present. Commissioner Blairs' office received a call from the Ohio Rail Development Commission for help in setting up this

meeting that they agreed to host, subsequent to the meeting a week ago in Wellington. Commissioner Blair stated that all she was doing was to facilitate between the Mayor and the Ohio Rail Dev. Comm, so St. Patrick's Church was not her choice, it was the choice of Mayor O'Keefe and her office related that information to the Ohio Rail Dev. Comm and they are preparing for this meeting.

Mrs. Robertson said she did not mean that as a negative. Commissioner Blair stated that she just wanted to make it clear. Commissioner Blair applauded Mrs. Robertson and her group for circulating the Petitions.

Commissioner Vasi requested Mrs. Robertson put copies of the Petition on the back table in the Public Hearing Room, then anyone interested in signing and she offered to also help circulate the Petitions.

Discussion followed.

#2. Commissioners will conduct an Executive Session on Tuesday, March 31, 1998 at 9:30 am regarding personnel/new hires.

#3. Howard Reynolds, Office Service Manager, submitted the 4th quarter 1997 report indicating a savings of $4,280.73 in postage and savings of $9,907.54 for paper supplies and $428.79 for Xerox supplies. A total savings for 1997 for combined services is in the amount of $30,459.86.

G. BOARD CORRESPONDENCE

Motion by Ross, seconded by Vasi to waive the reading of the same for Board Correspondence. Ayes: All.
Motion carried.

#1. Monthly-itemized account of the actual cost of keeping and feeding prisoners and other persons placed in Sheriffs' charge pursuant to ORC 311.20 for the month of February 1998 was 14,699 meals served at a cost per meal of $1.292.

#2. Permit granted by County Engineer to GTE North, Inc., to bore Kipton Nickle Plate and install a buried cable along said road in Pittsfield Township.

#3. LORCO report dated March 12, 1998.

#4. Copy of letter from the Huntington Township Trustees to Mr. Andersen, LCSWMD Coordinator relative to contribution to MetroHealth Medical Center Burn Unit Aluminum Cans for burned children. The Township has donated monies received from the last two loads of aluminum cans collected in the township to them, which totals $476.42.

JOURNAL ENTRY

Pauline LeBoda wanted a clarification on an item listed under Old Business with regards to the Children and Families First council. At the last meeting the Commissioners took back the Children & Families First council and took it over, and if my understanding is correct today, this has not happened.

Commissioner Ross replied that there was a meeting held on Tuesday wherein the Board of Commissioners on the advice of Council from the Prosecutor's Office, rescinded the Resolution adopted last Thursday at a public meeting.

Mrs. LeBoda asked if this meeting was announced in the newspaper so we could have attended. She stated she was not aware of this public meeting. What happened to H.B. 215 that states the Board of Commissioners is to be over the Children & Families First Council. Commissioner Ross said H.B. 215 is still in effect, and this Bill does not state that the Board of Commissioners is supposed to be over the Children & Families First Council. Commissioner Ross said he would give her a copy of H.B. 215, which indicates that the Board of Commissioners is a part of the Council. The way it stands, the President of the Board of Commissioners has a vote on the Council. If the Council has chosen the Human Services Dept. and/or the Board of Commissioners to serve as its Admin/Fiscal Agent that gives the Board an additional responsibility to the Council to administer its personnel as well as to serve as Fiscal/Administrative Agent for the dollars.
They are not a department of County government, they are a collaborative entity set up by the State Statute to serve the Children and Families and make the Board of Commissioners a part of the Council.

Mrs. LeBoda stated that her understanding from the State is that the Board of Commissioners was supposed to be in control of this, and maybe she would make a trip to Columbus to **find** out about this.

Commissioner Ross said also to look at a copy of H.B. 215.

Commissioner Ross moved, seconded by Commissioner Vasi to adjourn. Ayes: All.
Motion carried.

Meeting #14 April 2, 1998

The Board of Commissioners of Lorain County, Ohio met this day in a regular meeting in the J. Grant Keys Administration Building, 226 Middle Avenue, Elyria, Ohio, with the following members present: Commissioner Michael A. Ross, President, Commissioner Betty Blair Vice-president, Commissioner Mary Jo Vasi and Roxann Blair, Clerk.

JOURNAL ENTRY

The Clerk announced that Judith Lozano from the Urban Minority Alcoholism and Drug Abuse Outreach Program, was not able to be present at today's meeting, and Mitch Carlisle, Director of the Addiction and Recovery Services board, is attending in her absence, to receive a Proclamation, Proclaiming the month of April as Alcohol Awareness Month in Lorain County. Commissioner Ross read and presented the Proclamation to Mr. Carlisle.)A photo was taken for the Services Board's annual report.)

Mr. Carlisle thanked the Commissioners for this recognition and stated that he wanted to thank all the people who did the "real" work on the alcoholism Awareness Month for Lorain County which included public service announcements on TV, billboards, radio. Some of these people who deserve recognition are Evelyn Vasant from the Addiction Recovery Services Board, Paul Williams, Executive Director of LCADA, Lise Genednda, Executive Director of Big Brothers & Big Sister of Lorain County, Bill Goins, Executive Director UMADOT, Judy Petrosevek and Rebecca Gonso, from the Lorain County Board of Health.

Mr. Carlisle indicated that these directors were in the audience and asked them to stand for recognition and thanked them for all their hard work. Mr. Carlisle stated that there are an estimated 18,000,000 Americans addicted to alcohol. 28,000 of these people live in Lorain County for which 16% are adolescents, 35% are women. Alcohol remains the number one drug in Lorain County. In the public treatment system, costs to residents in the County for treatment is staggering, about $1,000.00 per year which makes up for loss productivity, criminal justice charges, etc. The good news is that for every dollar spent, we save about seven dollars.

Alcohol and other drug treatment is every bit as effective as treatment for other chronic illness, i.e., heart disease, diabetes and many others. The bottom line is that it works, is cost effective and these agencies with the support of the Commissioners have done a very good job.

Commissioner Vasi commented to Evelyn Vasant that she has a video from Wyandot County, showing a mock accident and wanted to give it to Evelyn for their Library to use for kids around prom time.

Evelyn responded that their library does contain videos with mock trial/accident and training video and this is provided to all schools in Lorain County.

Commissioners thanked everyone for attending.

JOURNAL ENTRY

Sally Giovanozzo, Public Informations Officer and Bill Kruger, County Manager from the Ohio Dept of Transportation were present to update the Commissioners on State transportation issues and projects.

Mr. Kruger stated he was appointed July 1997 as Lorain County's Transportation Administrator and this is the last step of the Vision 2000 project by the State of Ohio/Dept of Transportation started in 1995. This project was started because of inefficiency, on accountability. We have 7 other Counties in the district, 88 counties all together. Budgets will be in each County, which is good for accountability.

Mr. Kruger said that Vision 2000 is that it requires quality from contractors, and maintenance forces. There is a new program that has been implemented, for complaints. When a complaint is received, there is a 24 hour requirement on all complaints coming into the County. We want to answer all public questions and Commissioners questions, these will not be "put aside", when you have a complaint from a citizens it should be answered, one way or another.

The new maintenance superintendents and construction supervisors that overlooks all areas of the County. They track costs, never been done before, on a daily and weekly basis. We will compare costs from contractors compared with ODOT's costs.

Mr. Kruger discussed the **five** (5) most important projects over the summer which are:

1. 4th Street, Elyria, Ohio Project running on time
2. SR 10 Will probably be completed in October 1998
3. I-90 On schedule for completion of May 1999
4. SR 20/Lorain Road in N. Ridgeville Completed November 1998
5. Bikeway in Lorain County On schedule for completion July 31, 1998

Major jobs for maintenance:

1. SR 511 by Gifford Road to replace culvert
2. 2. SR 2 by the parks, full deck repairs
3. 3. SR 57 by the Airport, relocating a ditch by the railroad tracks

This is only a partial list of projects.

Sally Giozanazzo displayed maps of the County showing various construction areas. Three (3) projects-District 3 will be night jobs along 1-71.

Mr. Kruger stated that he would like to start holding meetings the first week of May each year, with the Township Trustees and the Commissioners, at a Lorain County facility for information on what is coming up during the year.

Commissioner Ross stated that about six months ago, the Commissioners voted to form a Transportation Improvement District in Lorain County, and have been waiting for the State Legislature to appoint their appropriate representation. Commissioner Ross asked if Mr. Kruger had any information regarding this from ODOT's stand point as far as the dollars we have been trying to attract and if it will benefit Lorain County.

Mr. Kruger said he does not have the answer, but Ms. Giozanazzo may be able to address that issue. Sally said that the Track Committee has been appointed and they are having regional meetings, there will be one in the Lorain-Cleveland area in the future. Any of the projects for Lorain County would have to be submitted for consideration. Projects are then ranked by formula

Commissioner Blair asked if the Track committee is being facilitated through NOACA. Bill Eltrich of Lorain County Transit has volunteered to serve on this Track committee through NOACA so we will have some local participation.

Ms. Giozanazzo said she does not know, but will have someone contact the Commissioners with information.

Commissioner Ross thanked them for attending todays meeting and applauded them for the work being performed and appreciates our relationship with ODOT and hope Lorain County will have additional projects added to the current list.

Commissioner Blair asked Mr. Kruger to comment on the safety issue along the 1-90 project, this office has received several calls. Mr. Kruger stated that ODOT has placed a safety force there which is a 24 hour safety zone for any motorist that may be broke down; a computer board has been located along 1-90 that gave messages to the traveling public on what was going on. Commissioner Blair thanked Mr. Kruger for their efforts.

Discussion continued.

Commissioner Ross again thanked them for their attendance and the update.

JOURNAL ENTRY

Glen Pratt from Peck, Shaffer & Williams and David Goodman from Squires, Sanders & Dempsey, were present for the Commissioners to adopt resolution for the issuance and sale of Healthcare Facilities, Revenue Refunding Bonds, Series 1998-A and 1998-B and 1998-C for Kendal at Oberlin, in the amount not to exceed $28,000,000.00.

Mr. Pratt also introduced Barb Thomas, Executive Director of Kendal at Oberlin. Mr. Pratt reviewed this re-funding project. Proceeds of the bonds will be used to Refund the 1992 financing, approximately $550,000.00 will also be used to finance the installation of certain energy reduction equipment, which will save Kendall some money for their heating/air-conditioning. Bonds will be issued at a fixed-rate under 5 1/2%.

Mr. Goodman stated that he did review the proposed resolution and all documents prepared by Peck, Shaffer & Williams to make sure that these are limited obligations of the County only secured payable from the payments of rent received from Kendall; and there is protection for the county that they would be compensated if they used up some of the $10,000,000.00 in QTEO status.

Commissioner Ross asked how many residents are currently at Kendal. Mrs. Thomas replied just over 300 residents. Commissioner Ross said these was a lovely facility directly off SR 58 in Oberlin, Ohio with a number of recreational activities, theater and dining etc right on the grounds.

With no further questions or comments, the following resolution was adopted:

The Board of County Commissioners of the County of Lorain, Ohio met in regular session on the 2nd day of April, 1998, with the following members present:

Michael A. Ross
Elizabeth C. Blair
Mary Jo Vasi

Commissioner Blair introduced the following resolution and moved its adoption, which motion was seconded by *Commissioner Vasi*:

RESOLUTION NO. 98- *259*

A RESOLUTION DETERMINING THE NECESSITY OF AND AUTHORIZING THE ISSUANCE AND SALE OF HEALTH CARE FACILITIES REVENUE REFUNDING BONDS, SERIES 1998A (KENDAL AT OBERLIN), ADJUSTABLE RATE HEALTH CARE FACILITIES REVENUE REFUNDING BONDS, SERIES 1998B (KENDAL AT OBERLIN) AND ADJUSTABLE RATE HEALTH CARE FACILITIES REVENUE BONDS, SERIES 1998C (KENDAL AT OBERLIN PROJECT) OF THE COUNTY OF LORAIN, OHIO IN AN AGGREGATE PRINCIPAL AMOUNT NOT TO EXCEED $28,000,000, AUTHORIZING THE EXECUTION AND DELIVERY OF AN AGREEMENT OF LEASE AND A SUBLEASE IN CONNECTION THEREWITH; AUTHORIZING THE EXECUTION AND DELIVERY OF A TRUST INDENTURE TO SECURE SUCH SERIES 1998 BONDS; AUTHORIZING EXECUTION OF AN ESCROW DEPOSIT AGREEMENT; AUTHORIZING EXECUTION OF A BOND PURCHASE AGREEMENT WITH RESPECT TO SAID SERIES 1998 BONDS; AND AUTHORIZING A PRELIMINARY OFFICIAL STATEMENT AND A FINAL OFFICIAL STATEMENT AND OTHER DOCUMENTS IN CONNECTION WITH THE ISSUANCE OF THE SERIES 1998 BONDS.

WHEREAS, this Board of County Commissioners has determined to authorize the issuance of Health Care Facilities Revenue Refunding Bonds, Series 1998A (Kendal at Oberlin), Adjustable Rate Health Care Facilities Revenue Refunding Bonds, Series 1998B (Kendal at Oberlin) (the "Series 1998B Bonds") and Adjustable Rate Health Care Facilities Revenue Bonds, Series 1998C (Kendal at Oberlin Project) (together with the Series 1998B Bonds, the "Adjustable Rate Bonds") of the County of Lorain, Ohio (collectively, the "Series 1998 Bonds"), for the purpose of, together with other available moneys, (1) advance refunding the outstanding principal amount of the County of Lorain, Ohio First Mortgage Revenue Bonds, 1992 Series A (Kendal at Oberlin Project), dated February 15, 1992, in the initial principal amount of $20,500,000 (the "Prior Bonds"), the proceeds of which financed the acquisition, construction, equipping and installation of certain Hospital Facilities, as that term is defined in Section 140.01, Ohio Revised Code, owned and operated by Kendal at Oberlin (the "Corporation"), (2) financing the acquisition, construction, renovation, installation and equipping of additional Hospital Facilities and housing facilities, as that term is used in Section 133.51, Ohio Revised Code (the "Project"), to be owned and operated by the Corporation, including reimbursement for such costs previously incurred by the Corporation; (3) funding a debt service reserve fund for the Series 1998 Bonds, and (4) paying certain costs and expenses of the County of Lorain, Ohio (the "County") and the Corporation incurred in connection with the issuance of the Series 1998 Bonds; and

WHEREAS, the advance refunding of the Prior Bonds and the acquisition, construction, installation and equipping of the Project will be in the best interests of the County and will provide hospital facilities and housing facilities to service the residents of the County, which hospital facilities and housing facilities will be available for the service of the general public without discrimination by reason of race, creed, color or national origin; and

WHEREAS, this Board is authorized by the authority contained in Chapter 140 and Section 133.51, Ohio Revised Code, to issue health care facilities revenue bonds and housing revenue bonds for the aforesaid purposes; and

WHEREAS, this Board has determined to authorize such Series 1998 Bonds and to award the sale thereof to Herbert J. Sims & Co., Inc. (the "Underwriter"); and

WHEREAS, the County will acquire a leasehold interest in the Existing Facilities, as defined in the Trust Indenture authorized below, and will sublease the Existing Facilities to the Corporation, an Ohio corporation not for profit, no part of the net earnings of which inures or may lawfully inure to the benefit of any private shareholder or individual and which has authority to operate Hospital Facilities; and

WHEREAS, it is necessary in connection with the issuance of such Series 1998 Bonds, the advance refunding of the Prior Bonds and the financing of the Project to provide for the authorization of an Agreement of Lease, a Sublease, a Trust Indenture and an Escrow Deposit Agreement; and

WHEREAS, it is necessary in connection with the issuance of such Series 1998 Bonds to also provide for the authorization of a Bond Purchase Agreement and distribution of a Preliminary and Final Official Statement for the Series 1998 Bonds and to authorize certain other documents in connection with the issuance of the Series 1998 Bonds;

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of the County of Lorain, Ohio:

SECTION 1. That for the purpose of better providing for the health and welfare of the people of the State of Ohio by enhancing the availability, efficiency and economy of Hospital Facilities and housing facilities and facilitating the financing of Hospital Facilities and housing facilities to be available to or for the service of the general public without discrimination by reason of race, creed, color or national origin, this Board, acting on behalf of the County of Lorain, Ohio, hereby determines that revenue bonds shall be issued pursuant to Sections 140.06 and 133.51, Ohio Revised Code, in a principal amount not to exceed $28,000,000 for the purposes set forth in the preambles hereto. Such bonds shall be designated County of Lorain, Ohio, Health Care Facilities Revenue Refunding Bonds, Series 1998A (Kendal at Oberlin), Adjustable Rate Health Care Facilities Revenue Refunding Bonds, Series 1998B (Kendal at Oberlin) and Adjustable Rate Health Care Facilities Revenue Bonds, Series 1998C (Kendal at Oberlin Project). The Series 1998 Bonds shall be issued in the form and denomination and shall be executed, dated, be subject to redemption prior to maturity on the dates and at the prices, bear interest at the rate or rates, and be payable on the dates as provided in the Trust Indenture and Bond Purchase Agreement hereinafter authorized.

SECTION 2. That the Series 1998 Bonds shall be retired either at stated maturity or by mandatory sinking fund redemption over a period not to exceed 30 years and shall bear interest at a weighted average bond yield not to exceed 7.00% per annum (calculated based upon the initial interest rate on the Adjustable Rate Bonds), final maturities and rates to be determined and set forth in the Bond Purchase Agreement hereinafter authorized and conclusively evidenced by the execution and delivery thereof by the authorized officers of this Board. The Series 1998 Bonds shall be payable at the corporate trust office of The Fifth Third Bank, Cincinnati, Ohio (to be referred to as the "Trustee"), or any successor trustee.

SECTION 3. That each of the Series 1998 Bonds authorized hereby shall bear on its face a statement that the Series 1998 Bonds are not general obligations, debt or bonded indebtedness of the County of Lorain, Ohio or the State of Ohio or any political subdivision thereof, and the holders or owners of the Series 1998 Bonds are not given the right, and have no right, to have excises or taxes levied by the County of Lorain, Ohio or the State of Ohio or any political subdivision thereof, for the payment of the debt service on such Series 1998 Bonds and that the right to such payment is limited to the revenues and funds pledged for such purpose under the Trust Indenture herein authorized.

SECTION 4. That any two members of this Board be and they are hereby authorized and directed to execute on behalf of the County a Trust Indenture with the aforesaid Trustee, in substantially the form presented to this Board and on file with the Clerk of this Board, and the Revenues as therein defined shall be pledged and the other agreements, covenants and promises therein made on behalf of the County shall be conclusively binding upon the County and in full force and effect from and after delivery of the aforesaid Series 1998 Bonds to their purchasers pursuant to the terms of said Indenture. Said Indenture shall be subject to such changes, insertions and omissions, not inconsistent with this Resolution and not substantially adverse to the County, as may be approved by the members who execute the Indenture on behalf of the County, which approval shall be conclusively evidenced by the execution of said Indenture as aforesaid.

SECTION 5. That the several officers of the County and said Trustee are hereby authorized and directed to do all the acts and things required of them by the provisions of the Series 1998 Bonds and the Indenture to the end that full and complete performance of all of the terms, covenants and agreements of the Series 1998 Bonds and Indenture shall be effected, including taking all actions necessary to complete the sale of the Series 1998 Bonds under the "Blue Sky" laws of any jurisdiction; provided that the County shall not be required to submit to service of process in connection with any such "Blue Sky" action in any state except Ohio.

SECTION 6. That this Board hereby determines that the leasing of the Existing Facilities from the Corporation and the subleasing of the Existing Facilities to the Corporation, which will operate the Existing Facilities, providing health care and housing to the general public without discrimination by reason of race, creed, color or national origin is undertaken for and will serve the public purpose of better providing for the health and welfare of the people of the State of Ohio by enhancing the availability, efficiency and economy of Hospital Facilities and housing facilities and the services rendered thereby.

SECTION 7. That any two members of this Board be and they are hereby authorized and directed to execute and enter into, on behalf of the County, an Agreement of Lease (the "Lease") with the Corporation to acquire a leasehold interest in the Existing Facilities. The Lease shall be substantially in the form presented to this Board and on file with the Clerk, subject to such changes, insertions and omissions, not inconsistent with this Resolution and not substantially adverse to the County, as may be approved by the members who execute the Lease on behalf of the County, which approval shall be conclusively evidenced by the execution of said Lease as aforesaid. It is hereby determined that such Lease will promote the public purpose stated in Sections 140.02 and 133.51, Ohio Revised Code, and the County of Lorain will be duly benefited thereby.

SECTION 8. That any two members of this Board be and they are hereby authorized and directed to execute and deliver on behalf of the County a Sublease (the "Sublease") with the Corporation. The Sublease shall be substantially in the form presented to this Board and on file with the Clerk, subject to such changes, insertions and omissions, not inconsistent with this Resolution and not substantially adverse to the County, as may be approved by the members who execute the Sublease on behalf of the County, which approval shall be conclusively evidenced by the execution of said Sublease as aforesaid. It is hereby determined that such Sublease will promote the public purpose stated in Section 140.02 and Section 133.51, Ohio Revised Code, and the County of Lorain will be duly benefited thereby.

SECTION 9. That any two members of this Board be and they are hereby authorized and directed to execute and deliver on behalf of the County an Escrow Deposit Agreement with the Corporation and The Fifth Third Bank, Cincinnati, Ohio, as Escrow Trustee, which Escrow Deposit Agreement will provide for the payment when due, either at maturity or by optional or mandatory sinking fund redemption, of the principal of, premium, if any, and interest on the Prior Bonds. Such Escrow Deposit Agreement shall be substantially in the form presented to this Board and on file with the Clerk, subject to such changes, insertions and omissions, not inconsistent with this Resolution and not substantially adverse to the County, as may be approved by the members who execute the Escrow Deposit Agreement on behalf of the County, which approval shall be conclusively evidenced by the execution of said Escrow Deposit Agreement as aforesaid.

SECTION 10. That any two members of this Board be and they are hereby authorized and directed to execute and deliver on behalf of the County a Bond Purchase Agreement providing for the sale of the Series 1998 Bonds substantially in the form heretofore presented to this Board by the Underwriter, so long as the terms of purchase contained therein are within the limitations established in Sections 1 and 2 of this Resolution, subject to such changes, insertions and omissions, not inconsistent with this Resolution and not substantially adverse to the County, as may be approved by the members who execute the Bond Purchase Agreement, which approval shall be conclusively evidenced by the execution of said Bond Purchase Agreement as aforesaid. Such Bond Purchase Agreement shall set forth the underwriting discount, principal amount, maturities and interest rate or rates on the Series 1998 Bonds, and the execution and delivery of the Bond Purchase Agreement by such members of this Board shall be conclusive evidence of the authorization by this Board of such underwriting discount, principal amount, maturities and interest rate or rates on the Series 1998 Bonds.

SECTION 11. That this Board, for and on behalf of the County, hereby covenants that it will restrict the use of the proceeds of the Series 1998 Bonds hereby authorized in such manner and to such extent, if any, as may be necessary, after taking into account reasonable expectations at the time the debt is incurred, so that they will not constitute "arbitrage bonds" under Sections 103(b)(2) and 148 of the Internal Revenue Code and the regulations prescribed thereunder. The County Auditor, any member of this Board or any other officer having responsibility with respect to the issuance of said Series 1998 Bonds is authorized and directed to give an appropriate certificate on behalf of the County, on the date of delivery of said Series 1998 Bonds for inclusion in the transcript of proceedings, setting forth the facts, estimates and circumstances and reasonable expectations pertaining to the use of the proceeds thereof and the provisions of said Section 148 and regulations thereunder.

SECTION 12. That the Preliminary Official Statement with respect to the Series 1998 Bonds, a draft copy of which is on file with the Clerk, is hereby approved. The use and distribution of the Preliminary Official Statement by the Underwriter and the Corporation prior to the date of adoption of this Resolution is hereby expressly ratified and confirmed, and said Preliminary Official Statement shall be deemed "near final" by this Board in accordance with Securities Exchange Commission Rule 15c2-12 prior to or simultaneously with the execution of the Bond Purchase Agreement authorized above in Section 10 of this Resolution.

SECTION 13. That the President of this Board be and he is hereby authorized to execute and deliver on behalf of the County an Official Statement for the Series 1998 Bonds, which final Official Statement shall be substantially in the form of the Preliminary Official Statement approved and authorized in Section 12 of this Resolution. The County, at the expense of the Corporation or as a cost of issuance to be paid from the proceeds of the Series 1998 Bonds, will cause the Bond Purchase Agreement to require the delivery of final Official Statements to the Underwriter within seven (7) days of the date of the Bond Purchase Agreement in accordance with SEC Rule 15c2-12.

Except to the extent described in the Bond Purchase Agreement, the County has not confirmed, and assumes no responsibility for, the accuracy, sufficiency or fairness of any statements in the Preliminary Official Statement or the Official Statement or any amendments thereof or supplements thereto, or in any reports, financial information, offering or disclosure documents or other information relating to the Corporation, the Existing Facilities or the history, business, properties, organization, management, financial condition, market area or any other matter relating to the Corporation or contained otherwise in the Official Statement.

SECTION 14. That the appropriate officers of the County, including the appropriate officers of this Board, be and they hereby are authorized to execute and deliver on behalf of the County such other certificates, documents and instruments in connection with the issuance and public sale of the Series 1998 Bonds, the refunding of the Prior Bonds and the acquisition, construction and equipping of the Project as may be required, necessary or appropriate, including, without limitation, any documents which are necessary or appropriate in order to provide that the Series 1998 Bonds constitute "qualified 501(c)(3) bonds" under the Internal Revenue Code of 1986, as amended, and including any releases, cancellations, termination statements or other documents necessary in connection with the advance refunding of the Prior Bonds. Such documents, including the ones specifically authorized hereby, shall be subject to such changes, insertions and omissions as may be approved by the appropriate officers of this Board, which approval shall be conclusively evidenced by the execution thereof as aforesaid. Nothing in this Resolution or in any contract, agreement, indenture, certificate or other instrument or document authorized hereby shall be construed as requiring the County or this Board to operate any Hospital Facilities or housing facilities or to use any money from any sources other than Series 1998 Bond proceeds or moneys pledged by the Indenture. Any expenses incurred by the County in connection with the issuance of the Series 1998 Bonds shall be paid by the Corporation or from proceeds of the Series 1998 Bonds.

SECTION 15. That in connection with the refunding of the Prior Bonds, Peck, Shaffer & Williams LLP or the Trustee is hereby authorized to file subscriptions for United States Treasury Obligations - State and Local Government Series, on behalf of the County.

SECTION 16. That it is found and determined that all formal actions of this Board concerning and relating to the adoption of this Resolution were adopted in an open meeting of this Board, and that all deliberations of this Board and of any of its committees that resulted in such formal action, were in meetings open to the public, in compliance with the law, including Section 121.22 of the Ohio Revised Code, and the rules of this Board in accordance therewith.

SECTION 17. That all resolutions or parts thereof in conflict with the provisions of this Resolution are, to the extent of such conflict, hereby repealed.

SECTION 18. That this Resolution shall be effective from and after its passage.

RESOLUTION NO. 98-268

In the matter of scheduling a Continued Public Hearing for the)
Straw-Haag Ditch to be held on Thursday, April 30, 1998 at)April 2, 1998
11:00 am amend original petition to include 62 additional parcel)

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated February 26, 1997 submitted the following:

"As stated in our letter of September 24, 1996, we indicated that, after survey work was completed, the outlet of the Straw-Haag Ditch petition project needed to be extended 1800 feet north of State Route 113. The prosecutor's office, by letter of October 28, 1996, indicated that the best way to proceed would be to amend the petition.

Attached is a list of owners affected by the extension. There are an additional 62 parcels in the additional watershed (approximately 35 owners), with 9 parcels abutting the additional section of ditch (approximately 7 owners).

After studying this project further, it appears that a detention basin is going to be needed as part of the project. The culvert under state Route 113 is a 96" concrete pipe, the culvert under the Turnpike is an 8'x7' box culvert, the culvert under Lake Avenue is an 8'x6' box culvert. The culvert under State Route 57, near Sommers Mobile Home Park is only a 72" concrete pipe. It appears that detention will be needed in the area south of Lowell Street.

We therefore, recommended that the petition be amended to include the rest of the outlet ditch and a hearing to be held to discuss this project.

Thank you for your cooperation in this matter.

Sincerely yours, S/Kenneth P. Carney, Lorain County Engineer"

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that based upon the request of Kenneth P. Carney, Lorain County Engineer by letter dated February 26, 1997 we hereby scheduled a continued hearing for the Straw-Haag Ditch to be held on Thursday, April 30, 1998 at 11:00 am to amend original Petition to include 62 additional parcels.

BE IT FURTHER RESOLVED, notices will be sent to all property owners and published in the Chronicle Telegram on April 14, 1998.

Motion by Vasi, seconded by Blair, to adopt Resolution. Ayes: All.
Motion carried.

RESOLUTION NO. 98-274

In the matter of approving revisions to the Lorain County Prevention, Retention, Contingency Plan (ORC Section 5108, effective retroactive to April 1, 1998

April 2, 1998

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby approve revisions to the Lorain County Prevention, Retention, Contingency Plan (ORC Seciton5108), effective retroactive to April 1, 1998.

Said revisions are as follows:

FE/SS POLICY & PROCEDURE MEMO # 01
(REVISED)
LORAIN COUNTY
PREVENTION, RETENTION, CONTINGENCY PLAN
ORC Section 5108

Revised effective 4/1/98 , Lorain County Prevention, Retention, and Contingency (PRC) Program is as follows:

- Services that have no direct monetary value to an individual family and that do not involve implicit or explicit income support; or
- One-time, short-term assistance which is limited to the amount actually required to meet the presenting need, up to the maximum allowed for the presenting need or $1000.00 per 12 consecutive month period of eligibility.

Any number of individual payments can be made during this 12 month period as long as they are distinctive, non-ongoing occurrences and do not exceed $1000.00 for Assistance Group (AG) over a 12 month period .

- PRC assistance shall be authorized with a demonstrated expectation that the family will then be able to function without additional agency help.

A family may receive customized assistance, goods or services, as determined necessary by the County Department of Human Services:

- Services may be provided to a family with employment, or a bonafide offer of employment, to PREVENT and divert them from ongoing cash assistance by meeting employment-related needs.
- Services may be provided to an OWF family to the required participants in the Work Activity Program, who are currently fulfilling obligations as outlined in the Self-Sufficiency Contract and Self-Sufficiency Plan, thereby allowing them to obtain the goal of self-sufficiency and PREVENT reliance on ongoing cash assistance.
- Services may also be provided to a family to help members RETAIN employment and, thereby, to achieve self-sufficiency.
- In addition, services may be provided to a family to meet a CONTINGENT need which, if not satisfied threatens the safety, health or well-being of one or more family members. The contingent need must not have arisen from any failure on the part of the family to utilize its own income or resources; or failure to participate in required work activity or voluntary reduction in work effort.

A PRC service is not ongoing Ohio Works First (OWF, formerly TANF) assistance.

A PRC Assistance Group (PRC AG) is a group of individuals containing at least one minor child and treated as a unit for the purposes of determining eligibility for the PRC Program according to HB 408 Section 5108.01

ELIGIBILITY AND APPLICATION

Eligibility for PRC is dependent upon the PRC AG's demonstration and verification of the need for financial assistance and / or services, and whether the county determines that provision of PRC will satisfy the need. In order for the PRC AG to be found eligible, the PRC AG's income must be at or below 133% of the Federal Poverty Guidelines (FPG) in effect July 1 and updated annually. PRC assistance is only available to members who haven't received PRC assistance above the monetary cap during the previous 12 consecutive months. Families receiving assistance under another Federal or State Program may receive PRC assistance if found eligible.

The county is responsible for using objective criteria when determining eligibility and approving or denying the application within 10 business days after receiving a completed and signed PRC Application (PRC-1).

The application is to be processed in a fair and equitable manner, which includes verification of all information and completion of a face to face interview. The CDHS reserves the right to extend the 10 business days period for consideration of a PRC application for reasons it determines, in its sole judgment, to constitute "good cause" for delay in the provision of need. Should additional needs be presented during the pending of the application process, they may be considered without the filing of a new application. PRC funds will not be used to pay for repairs, services or goods already received prior to the authorization of the PRC application. Eligibility will be carefully evaluated on a case-by-case basis. Immediate needs and whether or not the PRC Program can be of benefit will be determined by CDHS. This program is designed to help people overcome immediate barriers to achieving or maintaining self sufficiency and personal responsibility, thereby preventing the need for ongoing public assistance. However, the fact that an ongoing Medicaid, OWF, or Disability Assistance (DA) AG is active is not a determining factor in the consideration of eligibility for the PRC Program. In addition, the CDHS must inform individuals about other programs (i.e. Medicaid and Food Stamps) that are available and hearing rights that are applicable.

The CDHS will enter the PRC AG into CRISE for statewide clearance and registration of the application.

DETERMINATION OF PROGRAM ELIGIBILITY

- All income which has been received by any member of the PRC AG during the 30 day budget period is considered when determining financial need. The 30 day period begins 30 days prior to the date of application and ends on the application date. The income received during this period is used in the computation of financial eligibility. This includes all income which is normally exempt or disregarded when determining eligibility for OWF or DA.

- The total gross income, both earned and unearned, of all the PRC AG members must be counted.

- There are no deductions or exclusions allowed from any type of countable income.

- Written or verbal verification of income is required. For any verification which is obtained by phone, there must be clear documentation in the PRC AG record concerning the name and position of the supplier of the information, the date the verification was obtained, the amount of the verified income, and the name of the individual who obtained the verification.

- The gross amount of the PRC AG's countable income is totaled and compared to the 133% of the Federal Poverty Guidelines (FPG) amount for the PRC AG size. If the total PRC AG income is equal to or less than 133% of the FPG amount for the applicable PRC AG size, the PRC AG meets the income requirement.

INELIGIBLE APPLICANTS

- Fugitive felons and probation and parole violators;

- Individuals with any outstanding OWF, PRC fraud overpayment balance;

- Individuals that have an outstanding cash overpayment or over issuance of FS and currently failing to make regular payments under an established Repayment Agreement;

- Individuals ineligible for other programs due to deliberate non-compliance with the terms of their assistance;

- AG's who are under sanction on the OWF PROGRAM;

- An unmarried, non-graduate parent under 18 years of age not attending high school or equivalent;

- An unmarried parent under 18 years of age and not living in an approved adult supervised setting;

- A person found to have fraudulently misrepresented residence in order to obtain assistance in two or more states is ineligible for 10 years;

- Families who do not use their own resources or available income to help meet their need. Families currently employed and with a minimum of one year of employment history will be required to arrange and utilize credit if available and within their means;

- If the family caused their own emergent need.

EXPLORING COMMUNITY RESOURCES

Every effort must be made to explore the availability of resources within the local community prior to the authorization of PRC. For the purposes of PRC, the "community" could be defined to include areas beyond the county's boundaries. A PRC AG is required to apply for and utilize any program benefit, or support system which may reduce or eliminate the presenting need. County personnel determining eligibility for PRC should be aware of community resources which may be contracted for or otherwise utilized to help meet the need. The PRC application provides a section for written documentation of the agency's attempt to locate and utilize community resources.

PRC may not be authorized to prevent utility cutoffs or restore utility services during the "Winter Heating Season" when the HEAP program is an available resource that will meet the need.

EXPLORING PERSONAL RESOURCES

Liquid assets (cash, bank accounts, CD's, stocks and bonds) must be counted and verified as of the date of application. Amounts held and needed to meet routine expenses coming due in the next 30 days (such as rent/house payment or car payment) shall not be considered an available personal resource.

The total personal resources held by all AG members above $50 must be utilized to meet presenting needs before resorting to PRC funds.

AMOUNT AND TYPES OF ASSISTANCE

PRC payments are limited to the amount actually required to meet the presenting needs (to the extent personal resources are not sufficient) up to $1000.00 during the 12 month period. In no event can the total amount of PRC assistance in an 12 month period exceed $1000.00.

Any PRC assistance received from another county will effect the 12 month period of eligibility period and that amount will be subtracted from the $1000.00 limit. The date PRC was filed & benefits received in another county (verified) starts the 12 month period for Lorain County.

Any number of individual payments can be made during this period as long as they are distinctive, non-ongoing occurrences and do not exceed $1000.00 during a 12 month period.

PRC may be issued to supplement personal or community resources. A paid receipt, certified check or money order must be produced for that portion that is the AG's responsibility before the PRC assistance will be authorized.

Examples of general categories of assistance, goods and services that may be provided via PRC include, but not limited to:

- SHELTER

  1. Emergency Shelter, Security Deposit and/or one months rent to assist the AG in obtaining a permanent living arrangement when homeless and/or relocation is necessary due to employment.

     Any specialized emergency shelter facilities within the community should be utilized whenever possible prior to the issuance of PRC.

     Emergency shelter payments are not to be issued to a family currently living in a place where they can remain while waiting to receive an ongoing assistance payment and/or regular income.

2. PRC payment can be issued to make rent payment only when there is a legal court ordered eviction pending or when the conditions of the home causes it to be uninhabitable as certified by an appropriate government agency .

   - A written court-ordered notice of such eviction or proposed eviction action. showing the date of any scheduled court appearance, is necessary verification. The PRC rent payment must be an amount sufficient to prevent the eviction and will not include court costs.

   - PRC can be issued for rent payment when a family is in need of new living arrangements because of uninhabitable conditions of their home due to a natural or chemical disaster, or uninhabitable condition as certified by a city, county, township, or state agency having the legal authority to declare a residence uninhabitable. If this certification is unobtainable or untimely, and this delay would not be in the best interest of the client, an uninhabitable household determination from Children Services Bureau or Metropolitan Housing is acceptable.

3. Interest and not the Principal of a Mortgage making the minimum payment to forestall foreclosure when no other arrangement can be made. The amount must be verified by the lending institution and written verification that payment will prevent foreclosure.

4. Home Repairs or replacement of certain basic structures in the home is allowed only when the home is owned by an AG member and is responsible for maintenance of the home, as in the case of a life lease. Ownership or the responsibility for maintenance must be documented in writing.
   The repair or replacement of items would be limited to those affecting the basic structure of the home including a wall, roof. flooring, plumbing, water supply, electric, heating, and water/sewage system.

   The requested repair or replacement must be necessary because the condition of the home is causing such a serious threat to the family AG that the home is not a safe or healthy place to live. Replacement is allowed only if repair is not cost-effective.

   The possibility of payment of the repair cost by a homeowner's insurance policy must be considered prior to the issuance of PRC.

5. Shelter payments will not be made to move a family from one Federal Subsidized housing arrangement to another.

6. Shelter payments will not be made to maintain or obtain housing which is in excess of the AG's income.

- UTILITIES

The minimum necessary to maintain service and avoid shut off of service. Prior to issuance of any PRC payment for utilities, it must be verified that the amount is sufficient to prevent the shut-off or restore service, or ensure a continuation of services when there is a serious threat to the safety and health of the AG. A maximum of $300.00 within the 12 month PRC year may be used for utilities.

Utility payments will not be made to maintain or obtain housing which is in excess of the AG's income.

- FOOD

In case of a natural disaster or the individual is not eligible for Food Stamps and can verify a presenting need, PRC for food may be authorized. Any resources within the community that may be able to provide a limited amount of food must be fully explored and utilized.

The amount will be limited to the actual need until normal income is received. The amount is determined by consulting the FSP-12 "Basis of Coupon Issuance Table" found in the Appendix of ODHS 7444, Food Stamp Certification handbook. Prorate the monthly allotment according to the number of persons eligible and the number of days for which food is needed. In no case can the PRC authorization exceed the monthly amount of the FS allotment for the household size.

- HOUSEHOLD EXPENSES

Necessary appliances are limited to repair or replacement of a cooking stove and/or a refrigerator. Effective 10/1/97, $300 maximum allowance per appliance may be given in a life time for appliances.

- CLOTHING & SHOE EXPENSES:

A limit of $150 per PRC year per individual may be used for clothing and shoes.

1. Uniforms - A maximum of 2 uniforms with 1 pair of shoes may be authorized for employment or employment-related education.

2. Professional Attire - when required for employment or Work Activity Assignment. A maximum of 3 outfits may be authorized which includes 1 pair of dress shoes.

3. Special Clothing or shoes required by the employer, not to exceed 2 outfits and 1 pair of shoes.

- TRANSPORTATION EXPENSES

PRC funds may be used to repair a vehicle for the AG member if the vehicle has been titled to the AG member for a period of not less then 3 months. In addition the vehicle registration must be produced to verify county and state of residence.

Vehicle Repair or Related Expenses:
- Tires
- Batteries
- Major Repairs
- Brakes
- Exhaust Systems
- Car Insurance/ minimum required

Car Payment or Lease Payment

Bus Passes

Supplement WEP allowance for out of county educational required testing for licensure or other exam.

The PRC Program will not pay for License Fees, Fines or Reinstatement Fees.

- SHORT-TERM EDUCATIONAL EXPENSES

1. Required lab, supplies, books, tools, fees as required by the school.

2. Drivers Education Training for adults in order to maintain employment.

3. Testing fees

4. Cost of licensure or certification if required by the institution or program of study and fees are not already included in the cost of the program or study.

5. GED test fees and costs

6. Fingerprinting and Police background check necessary for school practicum.

JOB-RELATED EXPENSES

1. Required Tools, Equipment & Safety Equipment as required by the employer.

2. PRC funds cannot be used to set up an individual in their own business.

3. Fingerprinting and police background check necessary for WEP (Work Experience Program) and employment.

OVERPAYMENT COLLECTIONS

Any erroneous payments issued under the PRC Program due to client error, misrepresentation, intentional program violation, fraud, or agency error constitute an overpayment. All PRC overpayments are subject to recovery according to established agency collection policy and procedure.

PROGRAM INTEGRITY AND CONTROL

Once eligibility for PRC is established, the CDHS director or designee will authorize and generate payment for the assistance, goods, and/or services. Authorization may occur at any time during a period beginning on the date that PRC is approved. As long as payment is authorized within the appropriate period, actual payment may be made to vendors according to the procedures in place a the agency. All PRC payments are made by the CDHS to the vendor or in rare situation to the PRC AG. The county will ensure that its policies meet all auditing requirements.

Notice of Approval/Denial: If it is determined that an application for PRC is approved, the CDHS shall mail or otherwise deliver the ODHS 4074, "Notice of Approval of Your Application for Assistance." If it is determined that an application for PRC is denied, the CDHS shall mail or otherwise deliver the ODHS 7334, "Notice of Denial of Your Application for Assistance."

This plan my be amended or modified at any time. All amendments will be submitted to ODHS with an effective date of amendment.

Loran County Department of Human Services agrees to implement the PRC program as provided above.

JOURNAL ENTRY

Commissioner Ross commented that he vote 'nay', not because he felt there should not be any tightening-up, but HB408 charged the Commissioners to put together a committee to make these decisions, and he does not feel this plan has been taken to that committee, and this committee should take that charge and do this work and come forth with the plan to the Board of Commissioners. Commissioner Ross stated that he felt this approval was "piece-mealing" the plan and after the committee reviews the plan, it may be changed again, and we will have 3 or 4 plans that has been put together over a 6 month period.

Commissioner Vasi said that the Board of commissioners can always go back and amend this plan at any time, and she is glad we are tightening-up on the plan at this time.

Commissioner Blair stated she feels the abuse, if any, has been minimal, the number of families that has been assisted is good and if you need help this is the place to go for this type of assistance.

Commissioner Vasi said that this plan would continue to be monitored, because if the county runs out of funds, it will be taken from the General fund.

E. OLD BUSINESS

JOURNAL ENTRY

#1. Commissioner Vasi stated that the Children Services Union Contract expired March 31, 1998; amendments were made and the union ratified the amended contract last week. Commissioner Vasi spoke with Dr. Crow, Kevin Reynolds of CAN and reviewed the amendments and she is ready to vote on the Lorain County Children Services contract.

Commissioner Blair stated she would like to discuss this briefly. Several representatives from the UAWQ are in attendance today. When we voted to reject the contract there were were several items of concern by the commissioners. Commissioner Blair commented that we have a Human Resources Director who is not here because of vacation leave, but he should have a change to review these changes on our behalf. We have hired individuals to present us on these issues.

Commissioner Ross stated that when this Board rejected this contract, it was based on advice and information he had share with us and concerns this Board needed to look at as how it relates to other contracts within the county. This Board wanted those questions answered. Commissioner Ross referred to a letter from CNA dated March 30, 1998 who was the lead negotiation for the county, but the letter does not see a thorough answer to some of the questions Mr. Cordes has raised.

Commissioner Ross said that at this time, he would be willing to hold this until Mr. Cordes returns from vacation on Monday and have some discussion with him on this issue.

Grant Grace, President of UAW, representing Children Services employees, who stated that they have met twice and reached an agreement with the representatives of the commissioners. They have negotiated each item with a tentative agreement. The first item it was rejected, those rejections were brought back. Again, we met in negotiations, addressed those concerns, and felt it was important this Contract be established. The UAW was willing to address each concern that was brought forward and make the concessions asked of the UAW, and felt they had reached a tentative agreement.

Mr. Grace said that now, if we have bargained in good faith with these representatives that those representatives were not authorized to represent your position, or Mr. Cordes was never authorized to be at these negotiations or ever part of negotiations. We are now working without a contract; this is a problem because we entered into negotiations working very diligently to reach an agreement. It is a fair agreement for all involved, and ask the Commissioners to consider the agreement today.

Mr. Grace stated that we do not like the prospect of the employees being forced to work without a contract, just because someone is on vacation. The issues were brought to us and we addressed each and every one and agreed to each and every point. We did not try to reach a "middle-ground" with the Commissioners position. We adopted these changes as proposed. The changes proposed were adopted by the county in the first place, and now the county came back and said yes we did offer that, but we have changed our mind!

Commissioner Vasi said she agreed with Mr. Grace. The negotiator was Kevin Reynolds not Jim Cordes. Jim Cordes had concerns that were addressed and it came back with the amendments, and she does not see what the concern is. Commissioner Vasi said she had talked with Dr. Crow and if Dr. Crow is in agreement and the Union are in agreement, why are we holding this item.

Commissioner Ross said that if you are talking with Dr. Crow, maybe Dr. Crow should have been talking with the entire Board of commissioners. He agrees with the fact Children Services needs a contract and if there are real issues to be settled, we should be settling them before it is time for us to vote. We should have had these discussions yesterday, not today. Commissioner Ross stated that f he knew the Union representatives would be at todays meeting, and had these concerns we could have discussed these earlier.

Mr. Cordes is our link between Union and Management and the first time Commissioner Ross had heard anything was from Mr. Heffeliginger.

Discussion followed:

Commissioners commended the union for their participation and cooperation in these negotiations. Commissioner Blair asked for one (1) additional week to meet with Mr. Cordes to review the amendments. This Board will meet next Thursday and either accept what is here or tell you what we have a concern with. There are 18 bargaining units in the County and not all of these are as speedily negotiated as yours were, so a lot of times contracts are extended for a period and she felt there should not be any problem with extending the contract one week.

Commissioner Ross stated that until this issue is resolved, which will not be at todays meeting, this item is placed on hold until next weeks Board meeting.

Commissioner Vasi had made a motion to approve the Union contract. With no support to Commissioner Vasi's motion, died due to a lack of a second.

#2. JOURNAL ENTRY

Commissioner Vasi discussed the Comprehensive Land Use Plan.

Commissioner Blair stated that at the Lorain County Community Alliance meeting tomorrow, a slide presentation will be given by Jeff Skeeles, Lorain County agriculture Extension Agent, on how Chester County, PA, developed a strategy for developing their comprehensive land use plan. Everyone that is interested should attend, this may be a good tool to see what another area similar to us have accomplished.

Commissioner Vasi said that was her concern that everyone is trying to do something different and we have a plan sitting here collecting mold while the townships are waiting. The townships will be going ahead on their own and coming to the county requesting the money for it.

Commissioner Ross stated that the ball is in his court and he will follow-up with Patricia Knight and make sure this will be on the agenda.

NEW BUSINESS

#1. Commissioners will conduct an Executive Session on Tuesday, April 7, 1998 at 9:30 am regarding personnel/new hires.

The Board of County Commissioners of the County of Lorain, Ohio met in regular session on the 9th day of April 1998, with the following members present:

Michael A. Ross
Elizabeth C. Blair
Mary Jo Vasi

Commissioner Vasi introduced the following resolution and moved its adoption, which introduced the following resolution and moved its adoption, which

RESOLUTION NO. 98- *275*

RESOLUTION WITH RESPECT TO ISSUANCE OF COUNTY OF LORAIN, OHIO HEALTH CARE FACILITIES REVENUE BONDS, SERIES 1998 (KENDAL AT OBERLIN)

WHEREAS, the County of Lorain, Ohio (the "Issuer') is authorized pursuant to Chapter 140 and Section 133.51 of the Ohio Revised Code (collectively, the "Act") to issue revenue bonds to finance and refinance the "costs of hospital facilities" and "housing" as defined in the Act; and

WHEREAS, the Issuer proposes to issue Health Care Facilities Revenue Refunding Bonds, Series 1998A (Kendal at Oberlin), Adjustable Rate Health Care Facilities Revenue Refunding Bonds, Series 1998B (Kendal at Oberlin) and Adjustable Rate Health Care Facilities Revenue Bonds, Series 1998C (Kendal at Oberlin Project) (collectively, the "Bonds") in an aggregate principal amount amount presently anticipated not to exceed $28,000,000 in order to (1) advance refund the outstanding principal amount of the $20,500,000 County of Lorain, Ohio First Mortgage Revenue Bonds, 1992 Series A (Kendal at Oberlin Project), dated February 15, 1992 (the "Prior Bonds"), the proceeds of which financed the cost of certain Hospital Facilities, as that term is defined in Section 140.01, Ohio Revised Code, and (2)

WHEREAS, Section 147(f) of the Internal Revenue Code of 1986, as amended "Code"), requires that prior to their issuance, the Bonds must be approved by the "applicable elected representative" of the Issuer (as defined in such Section 147(f) of the Code);

WHEREAS, this Board of County Commissioners is the applicable elected representative of the Issuer;

NOW, THEREFORE, BE IT RESOLVED by the Board Commissioners of the County of Lorain, Ohio:

SECTION 1. That this Board, as the "applicable elected representative" of the County of Lorain, Ohio for purposes of Section 147(f) of the Code, hereby approves the issuance of the Bonds in the currently estimated amount of $28,000,000 pursuant to Chapter 140 and Section 133.51 of the Ohio Revised Code. The proceeds of **the** Bonds would be used, in to advance refund the outstanding principal amount of the Prior Bonds, the proceeds of which financed a portion of the cost of the acquisition, construction, installation and equipping of a continuing care retirement community constituting "hospital facilities", as that term is defined in Section 140.01 of the Ohio Revised Code, consisting of 192 residential living units,42 nursing care beds and 24 rest home (assisted living) units and related facilities (the "Facility") located at 600 Kendal Drive, Oberlin, Ohio and known as Kendal at Oberlin. A portion of the proceeds of the Bonds will also be used to finance certain improvements to the Facility, including, without limitation, energy reduction equipment. The primary user of the Facility is Kendal at Oberlin, an Ohio **nonprofit** corporation.

SECTION 2. That it is found and determined that all formal actions of this Board concerning and relating to the passage of this resolution were passed in an open meeting of this Board, and that all deliberations of this Board and of any of its committees that resulted in such formal action, were in meetings open to the public, in compliance with the law, including Section 121.22 of the Ohio Revised Code, and the rules of this Board in accordance therewith.

Upon roll call, the vote for adoption was as follows:

Mrs. Blair - aye, Mrs. Vasi - aye, Mr. Ross – aye,

The undersigned certifies that this is a true and correct copy of the original resolution of the Board of Lorain County Commissioners, duly enacted on April 9, 1998.

A.2 JOURNAL ENTRY

Mark Stewart, Lorain County Auditor and Mr. Dan Talarek, Lorain County Treasurer were to be present to receive a Certificate of Achievement for excellence in financial reporting. (Mr. Dan Talarek was not present to receive the Certificate, his was out of town)

Commissioner Ross stated it was with great pleasure and honor that this Board present this Certificate to Auditor, Mark Stewart, and read a letter from the Government Finance Office Association for the Comprehensive Annual Financial Report for fiscal year ended December 31, 1996.

Commissioner Ross stated this shows teamwork and how it is placed in Lorain County and Leadership.

Mark Stewart said this type of work is called team work and would like to commend the County Commissioners who helped in achieving this. Kim Treadway, which has since taken employment on the West Coast who accomplished this award along with Craig Snodgrass, Assistant Chief Deputy who worked diligently together and all departments, because it takes team work. Thank you to everyone, this will help in our bond ratings.

RESOLUTION NO. 98-284

In the matter of receiving and accepting the 1998 Bridge Report) Submitted by the Lorain County Engineer) April 9, 1998

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated March 30, 1998 submitted the following:

"This report is intended to summarize the condition of bridges (structures over 10 feet in clear span) on County and Township roads. We have 229 bridges ranging in span from 10 feet to 3-5 feet, with 8 being inspected by adjacent county engineers (county-line roads). 33 are less than 20 feet wide and 26 are truss bridges. Our inspection summary is as follows:

3 bridges rated 4 indicating marginal condition
5 bridges rated 5 indicating generally fair condition
163 bridges rate 7 indicating generally good condition
3 bridges rate 8 indicate good condition
14 bridges rated 9 indicating new condition

Last year we completed the following projects:

1. Island Rd. Bridge #0645 widen for federal aid road project $30,532.00
2. Stocking Rd. Bridge deck replacement – force account $15,000.00

This year, we received an OPWC loan to replace the two bridges on Oberlin Road, north of S.R. 113 and the bridge on Mills Rd., just west of S.R. 83 at a total cost of $302,688.00.

We applied for an OPWC grant to replace the truss bridge on Osborne Road, east of Jaquay Rd., at a cost of $115,000.00. This project was placed at the top of the unfunded list and may receive funding this year.

We also have plans prepared to replace Baird Road Bridge #0655, Jones Road Bridge #0341, Peck Wadsworth Rd., Bridge #0494 and Peck Wadsworth Rd., Bridge #0565, four narrow deteriorating truss bridges.

As you can see by the above list, we are attempting to replace our larger truss bridges that are narrow and aging using OPWC funds wherever possible. These are very expensive projects and would not be affordable without OPWC funds.

In addition to the above, we also perform maintenance work on the bridges as needed. The bridges are inspected thoroughly once per year and inspected monthly for any needed maintenance work.

Thank you for your cooperation in this work.

Sincerely S/Kenneth P. Carney, Lorain County Engineer"

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon Kenneth P. Carney, Lorain County Engineer by letter dated March 30, 1998 we hereby receive and accept the 1998 Bridge Report submitted by the Lorain County Engineer.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All.
Motion carried.

In the matter of awarding contract to D.B. Concrete, Inc., in the) Amount of $21,610.00 for repairing a section of Lake Avenue,) April 9, 1998 County Road 204)

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated March 30, 1998 submitted the following:

"We have reviewed and tabulated the bids that were received on March 24th for the repair of a section of Lake Avenue, County Road 204. They are as follows:

D.B. Concrete Inc., P.O. Box 171, New London, OH 44851 $ 21,610.00

D.B. proposes to begin work on or before April 1998 and to complete all work on or before May 1998:

Smith Paving & Excavating, 4426 N. Old State Road, Norwalk, OH 44857 $ 24,677.95

Smith Paving proposes to begin work on or before May 1, 1998 and to complete all work on June 15, 1998.

Resolution No. 98-287 cont. April 9, 1998

J.L. Reichert, Inc., P.O. Box 1266, Elyria, OH 44036 $ 27,473.00

Reichert proposes to begin work on or before Mary 15 and to complete all work on or before July 15, 1998.

S.E. Johnson Co, Inc. 1539 Lowell Street, Elyria, OH 44035 $ 31,758.00

S.E. Johnson proposes to begin work on or before June 15 and to complete all work on or before September 15, 1998

Having reviewed all the bids, we can see no reason why this bid cannot be awarded to the low bidder, D.B. Concrete if they can convert the letter of Credit used for a bid bond to an acceptable Performance Bond.

Thank you for your cooperation with this project.

Sincerely, S/Kenneth P. Carney, Lorain County Engineer"

Said bid was the lowest and most responsive bid received complying with specifications.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the review and recommendation of Kenneth P. Carney, Lorain County Engineer by letter dated March 30, 1998 we hereby award contract to D.B. Concrete, Inc., in the amount of $21,610.00 for repairing a section of Lake Avenue, County Road 204.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All.

B.13 RESOLUTION NO. 98-288

In the matter of Instructing the Clerk to advertise for bids for)
Installation of paved berms along various county roads) April 9, 1998

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated April 3, 1998 submitted the following:

"We have received preliminary notification from the Ohio Public Works Commission of the funding if installation of paved berms along various county roads, at an estimated cost of $236,117.00. The project will be financed with 89% Ohio Public Works resources.

We request that competitive bids be received on this project at the earliest possible date. We have included the notice to Contractors with this letter.

Thank you for your cooperation with these projects.

Sincerely, S/Kenneth P. Carney, Lorain County Engineer"

NOW, THEREFORE BE IT RESOLVED, the Lorain County Board of Commissioners do hereby Instruct the Clerk to advertise for bids for installation of paved berms along various county roads. Said Notice will be published in the Chronicle Telegram and Morning Journal on April 13 & 20, 1998 as follows:

Sealed bids will be received until 2:00 p.m., Monday ,April 27, 1998 in the Lorain County Commissioners, Purchasing Department, 226 Middle Avenue, 4th Floor, Elyria, Ohio 44035, for the furnishing all labor, material and equipment for the installation of paved berms along various roads in Lorain County; using various materials in accordance with specifications prepared by the office of Kenneth P. Carney, Lorain County Engineer. All interested parties are welcome to attend the bid opening, to be held immediately following the deadline in the Commissioners Public Hearing room.

All materials and equipment must meet the specifications of the Ohio Department of Transportation and shall include all necessary barricades, signs, lights, watchmen, etc., and work performed shall be under the supervision of the Lorain County Engineer. All contractors involved with this project will, to an extent practicable, use Ohio products, materials, services and labor in implementation of this project. Bidders shall submit a list of equipment available and labor shall be paid not less than the prevailing wage as determined by the Ohio Department of Employment Services for Lorain County. Bidders are hereby notified that partial funding of these projects is being furnished by the Ohio Public Works Commission.

E. OLD BUSINESS

#1. Commissioner Vasi stated she spoke with Pat Knight, Acting Community Development Director regarding the Comprehensive Land Use Plan and she stated she has not yet heard from Commissioner Ross.

Commissioner Ross stated he has met with Pat Knight and there is a follow up meeting next Wednesday, April 15, 1998.

JOURNAL ENTRY

Commissioner Ross stated there was some clarifications regarding this contract which was received on March 30, 1998. He stated this Board did not act on this agreement last week because we did not have time to look over it, either did Mr. Cordes, Human Resource Director, he was on vacation.

Mr. Howard Heffelinger & Kevin Reynolds, representatives from Clemans, Nelson & Associates were here, maybe they could shed light on this mis-communication because it was not this Board's intend to stall this agreement.

Mr. Heffelinger, wanted to thank this Board for approving the Children Services contract today. The modifications that have been made are satisfactory and the confusion to have contract resubmitted behalf of Lorain County Children Services and certainly on behalf of Clemans, Nelson & Associates, I will take full responsibility on the blame of mis-communication. He also apologized to the Board of Commissioners for any embarrassment this may have caused this board and hope they can now find support to approve this.

JOURNAL ENTRY

Mr. Robert Kish, stated there is nothing on the agenda, he would like to speak of but would like to speak to the Commissioners. Commissioner Ross instructed him to call the Clerk and set up an appointment.

Mary Beth Derikito, asked about the sign in sheet stating there is a place asking do you wish to speak, why is this done because this sheet never goes up front, so the people who have marked yes can speak.

Commissioner Ross stated he will look into this and make sure the rules for speaking and bringing issues in front of this board are very clear. We will modify them so everyone may speak and express their issues and have this worked out by next week to what is and is not appropriate.

Commissioner Vasi said this sign in sheet has always been in place in the past for all to speak, not just what is on the agenda.

Commissioner Ross said in the past this works fine, but when campaign season starts and people use this form for reasons which are in appropriate we have to look into this for everyone. He stated he has not seen the sign-in sheet and who modified with what authority but would take a look into this.

Commissioner Ross moved, seconded by Commissioner Blair to adjourn. Ayes: All.

JOURNAL ENTRY

Pat Knight, Acting Community Development Director was present to address the Board on the Enterprise Zone Agreement for Maroon Corporation.

Ms. Knight introduced representatives from the City of Avon; Bob Hamilton, Finance Director, Patricia Vierkorn, Clerk of council and Lenore M. Smith, Mayor James Smith's Assistant. Also introduced representative from Maroon Inc.,: Cheryl Vercillo, David Higgins & Michael Nassis.

Ms. Knight stated on March 11, 1998 Maroon Inc., received a relocation waiver from Ohio Department of Development to relocate from Westlake, Ohio to Avon, Ohio. The company will build a new warehouse on corner of Jaycox and Chester Road, Avon, Ohio, which is a $4 million dollar project with $1.450,000.00 payroll annually. City of Avon did approve a 40% abatement for 10 years on personal property and limited 40% abatement for 10 years on real property. There will be 12 new jobs created, 27 relocating from Westlake for a total of 39 jobs in Avon.

Cheryl Vercillo, Office Manager has been employed for 17 years at Maroon and the company is 21 years old. Company has raw materials produced into paint parts, etc with a Midwest base; 7 sales representative with 2 in Ohio.

Mr. Kelly, Architect stated it will be a 128,000 sq. ft. warehouse and this location suited the company for flammable liquid storage or they could have moved to Kentucky where a warehouse was already available. They decided it was best to stay in Ohio.

Discussion followed and the following resolution was adopted:

RESOLUTION NO. 98-291

In the matter of approving Enterprise Zone Agreement between)
the City of Avon and Maroon Corp.) April 16, 1998

WHEREAS, Ohio Revised Code Section 5709.61 through 5709.66 authorized counties with the consent and agreement of affected municipalities and townships therein, to designate as Enterprise Zone; and

WHEREAS, effective May 24, 1994, the Director of Development of the State of Ohio determined that the aforementioned area designated in said Ordinance 44-94 contains the characteristics set forth in Section 5709.61(A) of the Ohio Revised Code and certified said areas as an Enterprise Zone under said Chapter 5709.63 of the Ohio Revised Code; and

WHEREAS, the City of Avon, Ohio, having the appropriate authority for the stated type of project is desirous of providing Maroon Incorporated/Maroon Limited with incentives available for development of the PROJECT in said Enterprise Zone under Chapter 5709 of the Ohio Revised Code; and

WHEREAS, Maroon Incorporated/Maroon Limited has submitted a proposed agreement application (herein attached as Exhibit A) to the City of Avon, Ohio, said application (hereinafter referred to as "APPLICATION"); and

-314

WHEREAS, Maroon Incorporated/ Maroon Limited has submitted the required state application fee of $500.00 made payable to the Ohio Department of Development with the application to be forwarded with the final agreement; and

WHEREAS, the City of Avon has investigated the application of Maroon Incorporated/Maroon Limited and has recommended the same to Council and/or the Board of Commissioners of Lorain County on the basis that Maroon Incorporated/ Maroon Limited is qualified by financial responsibility and business experience to create and preserve employment opportunities in said Enterprise Zone and improve the economic climate of the City of Avon, Ohio; and

WHEREAS, the project site as proposed by Maroon Incorporated/Maroon Limited, is located in the Avon School District and the Board of Education of the Avon School District and Lorain County Joint Vocational School have been notified in accordance with Section 5709.83 and been given a copy of the APPLICATION; and

WHEREAS, pursuant to Section 5709.63(E) and in conformance with the format required under Section 5709.631 of the Ohio Revised Code, the parties hereto desire to set forth their agreement with respect to matters hereinafter contained;

NOW, THEREFORE, in consideration of the mutual covenants hereinafter contained and the benefit to be derived by the parties from the execution hereof, the parties herein agree as follows:

1. Maroon Incorporated/Maroon Limited shall construct a new 128,000 square foot facility on corner of Jaycox Road and Chester Road, Avon, Ohio, to house its office and warehouse operation. Said facility shall be constructed on the corner of Jaycox Road and Chester Road, in the City of Avon, Lorain County, Ohio.

The PROJECT will involve a total investment by Maroon Incorporated/Maroon Limited of Four Million Eight Hundred Eight Thousand ($4,808,000.00) Dollars. Included in this investment are Four Million ($4,000,000.00) Dollars for the construction of the facility; Two Hundred Twenty Thousand ($220,000.00) Dollars to purchase machinery and equipment; One Hundred Thirty Eight Thousand ($138,000.00) Dollars for furniture and fixtures and Four Hundred Fifty Thousand ($450,000.00) Dollars for new inventory.

The PROJECT will begin during the second (2nd) quarter of 1998, and all acquisition, construction and installation will be completed during the fourth (4th) quarter of 1998.

The total investment of this project, establishing a new facility, represents a "significant" new investment.

2. Maroon Incorporated/Maroon Limited shall create within a time period not exceeding thirty-six (36) months after the completion of construction of the aforesaid facility, the of twelve (12) new full-time permanent job opportunities. Maroon Incorporated/Maroon Limited will retain twenty-seven (27) existing full-time jobs and two (2) part-time existing jobs at the new Avon facility.

Maroon Incorporated/Maroon Limited schedule for hiring is as follows: create four (4) new full-time permanent jobs in year one; four (4) full-time permanent jobs in year two; four (4) permanent full-time jobs in year three.

Maroon Incorporated/Maroon Limited currently has twenty-seven (27) full-time permanent employees and two (2) part-time permanent employees in the State of Ohio.

The increase in the number of employees will result in approximately One Million Four Hundred Fifty Thousand ($ 1,450,000.00) Dollars.

3. Maroon Incorporated/Maroon Limited shall provide to the property Tax Incentive Review Council any information reasonably required by the Council to evaluate the Enterprise's compliance with the agreement, including returns filed pursuant to Section 5711.02 of the Ohio Revised Code if requested by the Council.

4. The City of Avon, Ohio , hereby grants a tax exemption pursuant to Section 5709.62, 5709.63 or 5709.632 of the Ohio Revised Code for eligible personal property acquired in conjunction with the PROJECT and described as a forty (40%) abatement for a ten (10) year period.

5. The City of Avon, Ohio, hereby grants Maroon Incorporated/Maroon Limited a tax exemption for real property improvements made to the PROJECT site pursuant to Section 5709.62, 5709.63 or 5709.632 of the Ohio Revised Code and shall be in the following amounts:

A forty (40%) percent for a period of ten (10) years. The exemption commences the first year for which the real property would first be taxable were that property not exempted from taxation. No exemption shall commence after the second (4th) quarter of 1998, nor extend beyond the second (4th) quarter 2008.

Maroon Incorporated/Maroon Limited must file the appropriate tax forms (DTE 23) with the County Auditor and (#913) with the State Department of Taxation to effect and maintain the exemptions covered in the agreement. The #913 Ohio tax form must be filed annually.

6. Continuation of this agreement is subject to the validity of the circumstances upon which Maroon Incorporated/Maroon Limited applied for, and the Director of the Ohio Department of Development issued, the waiver pursuant to Section 5709.633 of the Ohio Revised Code. If, after formal approval of this agreement by the City of Avon, the Director of the Ohio Department of Development or the City of Avon discovers that such a circumstance did not exist, Maroon Incorporated shall be deemed to have materially failed to comply with this agreement. A copy of the formal waiver document is hereby incorporated as an exhibit to this Agreement and made a part of this Agreement by reference.

7. Maroon Incorporated shall pay an annual fee equal to the greater of one percent of the dollar value of the incentives offered under the agreement or Five hundred ($500.00) Dollars; provided however, that if the value of the incentive exceeds Two Hundred Fifty Thousand Five Hundred ($250,000.00) Dollars, the fee shall not exceed Two Thousand Five Hundred ($2,500.00) Dollars.

The fee shall be payable to the Lorain County Commissioners once per year for each year the agreement is effective on the days and in the following form: certified check. The fee shall be deposited in a special fund created for such purpose and shall be used exclusively for the purpose of complying with Section 5709.68 of the Ohio Revised Code and by the Tax Incentive Review Council created under Section 5709.85 of the Ohio Revised Code exclusively for the purposes of performing the duties prescribed under that Section.

8. Maroon Incorporated/Maroon Limited shall pay such real and tangible personal property taxes as are not exempted under this agreement and are charged against such property and shall file all tax reports and returns as required by law. In the event that Maroon Incorporated/Maroon Limited fails to pay such taxes or file such returns and reports, all incentives granted under this agreement are rescinded beginning with the year for which such taxes are charged or such reports or returns are required to be filed and thereafter.

12. Maroon Incorporated/Maroon Limited hereby certifies that at the time of this Agreement is executed, Maroon Incorporated/Maroon Limited does not owe any delinquent real or tangible personal property taxes to any taxing authority of the State of Ohio, and does not owe any delinquent taxes for which Maroon Incorporated/Maroon Limited is liable under Chapter 5733., 5735., 5739., 5741., 5743., 5747., or 5753., of the Ohio Revised Code, or, if such delinquent taxes are owed, Maroon Incorporated/Maroon Limited currently is paying the delinquent taxes pursuant to an undertaking enforceable by the State of Ohio or an agent or instrumentality thereof, has filed a petition in bankruptcy under 11 U.S.C.A. 101, et seq., or such a petition has been filed against Maroon Incorporated/Maroon Limited. For the purposes of certification, delinquent taxes are taxes that remain unpaid on the latest day prescribed for payment without penalty under the Chapter of the Ohio Revised Code governing payment of those taxes.

13. Maroon Incorporated/Maroon Limited and the City of Avon, Ohio acknowledge that this Agreement must be approved by formal action of the legislative authority of the City of Avon, Ohio and the County of Lorain, Ohio, as condition for the Agreement to take effect. This Agreement takes effect upon such approval.

14. The City of Avon, Ohio has developed a policy to ensure recipients of Enterprise Zone tax benefits practice non-discriminating hiring in this operation. By executing this Agreement, Maroon Distributors commits to following non-discriminating hiring practices acknowledging that no individual may denied employment solely on the basis of race, religion, sex, disability, color, national origin, or ancestry.

15. Exemptions from taxation granted under this Agreement shall be revoked if it is determined that Maroon Incorporated/Maroon Limited, any successor enterprise, or any related members (as those terms are defined in Section 5709.61 of the Ohio Revised Code) has violated the prohibition against entering into this Agreement under Division (E) of Section 3735.671 or Section 5709.62, 5709.63 or 5709.632 of the Ohio Revised Code prior to the time prescribed by that division or either of those Sections.

16. This Agreement is not transferable or assignable without the express, written approval of the City of Avon, Ohio.

IN WITNESS WHERE OF, the City of Avon,
by James A. Smith, its Mayor and pursuant to Ordinance No.
Has caused this instrument to be executed this 14TH day
of APRIL, 1998 and Maroon Incorporated/maroon Limited by
Anthony Maroon, the President and CEO, has caused this instrument to

WHEREAS, the North Ridgeville School District has been officially notified of the dates of both the City Council meeting and the Board of Commissioners meeting within fourteen (14) days of these meetings, as required by substitute Senate Bill 19 (SSB) and approved on March 16, 1998 by Resolution #98-3-66 Abatement Agreement with Beckett Gas and Beckett, Inc.; and

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that after reviewing said agreement between the City of North Ridgeville and Beckett Gas, Incorporated we do and hereby amend Resolution No. 97-1090, adopted on December 18, 1997 Enterprise Zone Agreement between the City of North Ridgeville and Beckett Gas, Incorporated as follows:

AMENDED
OHIO ENTERPRISE ZONE AGREEMENT

This agreement made and entered into by and between the City of North Ridgeville, Ohio, a municipal corporation with its main offices located at 7307 Avon Belden Road, North Ridgeville, Ohio 44039 (hereinafter referred to as the City) and Beckett Gas, Incorporated, an Ohio Corporation with its main offices located at 38900 Taylor Parkway, North Ridgeville, Ohio 44039 (hereinafter referred to as Beckett Gas), and R.W. Beckett Corporation, an Ohio Corporation with its main office located at 38251 Center Ridge Road, North Ridgeville, Ohio 44035 (hereinafter referred to as Beckett)

WITNESSETH:

WHEREAS, The City has encouraged the development of real property and the acquisition of personal property located in the area designated as an Enterprise Zone; and

WHEREAS, Beckett is desirous of building a manufacturing facility (hereinafter referred to as the "Project") within the boundaries of the aforementioned Enterprise Zone, provided that the appropriate development incentives are available to support the economic viability of said Project; and

WHEREAS, Beckett Gas is desirous of adding additional machines, tools and dies, and inventory (hereinafter referred to as the "Project") within the boundaries of the aforementioned Enterprise Zone, provided that the appropriate development incentives are available to support the economic viability of said Project; and

WHEREAS, the Council of the City of North Ridgeville, Ohio by ordinance Number 1465-90 adopted June 18, 1990, designated the area as an "Urban Jobs and Enterprise Zone" pursuant Chapter 5709 of the Ohio Revised Code; and

WHEREAS, effective August 27, 1990, the Director of Development of the State of Ohio determined that the aforementioned areas designated in said Ordinance Number 1465-90 contains the characteristics set forth in Section 5709.61(A) of the Ohio Revised Code and certified said area as an Urban Jobs and Enterprise Zone under Chapter 5709; and

WHEREAS, Beckett Gas has submitted a proposed agreement application (herein attached as Exhibit A) to the City pursuant to Section 5709.62(B) of the Ohio Revised Code, said application (hereinafter referred to as Beckett Gas Application); and

WHEREAS, Beckett has submitted a proposed agreement application (herein attached as Exhibit B) to the City pursuant to Section 5709.62(B) of the Ohio Revised Code, said application (hereinafter referred to as Beckett Application); and

WHEREAS, the Mayor of the City of North Ridgeville has investigated the applications of Beckett Gas and Beckett and has recommended the same to the Council of the City on the basis that both Beckett Gas and Beckett are qualified by financial responsibility and business experience to create and preserve employment opportunities in said Enterprise Zone and improve the economic climate of the City; and

WHEREAS, and pursuant to Section 5709.62(C) of the Ohio Revised Code, the parties hereto desire to set forth their agreement with respect to matter hereinafter contained;

NOW THEREFORE, in consideration of the mutual covenants hereinafter contained and the benefit to be derived by the parties from the execution hereof, the parties herein agree as follows:

1. Beckett shall erect a manufacturing facility in the "Urban Jobs and Enterprises Zone" designation in Ordinance Number 1465-90. The Project will involve a total investment by Beckett of approximately ($5,000,000) Five Million Dollars, at the new Taylor Parkway site.

The Project will begin October 1, 1997 and all acquisitions, construction, and installation will be completed by December 31, 1998.

2. Beckett Gas shall complete the Project. The Project will involve a total investment by Beckett Gas of ($6,550,000) Six Million Five Hundred and Fifty Thousand Dollars, plus or minus 10%, at the new Taylor Parkway site. Included in this investment are ($5,000,000) Five Million Dollars to purchase first used machinery, tools, dies, and equipment ($1,300,000) One Million Three Hundred Thousand Dollars for new inventory, and ($250,000) Two Hundred and Fifty Thousand Dollars for new furniture and fixtures.

3. Beckett shall cooperate with and provide necessary information to the designated Tax Incentive Review Council to enable the Council to review and determine the compliance of Beckett with the terms of this Agreement annually during the period this agreement is in effect.

4. Beckett Gas shall use its best efforts to create or cause to be created within a time period not exceeding one hundred and twenty (120) months after the completion of construction of the aforesaid facility, the equivalent of fifty (50) new full-time permanent job opportunities. And Beckett Gas will use its best efforts to retain one hundred and ninety-seven (197) existing full-time equivalent jobs at the new Taylor Parkway facility.

This increase in the number of employees will result in approximately ($1,219,000) One Million Two Hundred Nineteen Thousand Dollars of additional payroll for Beckett Gas. The retention of the existing jobs will maintain the current annual payroll of ($4,575,000) Four Million Eight Hundred Seventy-Five Thousand Dollars.

A schedule for the creation of the fifty (50) new full-time, permanent job opportunities over the next ten (10) years is as follows:

Year	Number of Jobs
1	0
2	0
3	5
4	10
5	20
6	30
7	35
8	40
9	45
10	50

5. Beckett Gas shall cooperate with and provide necessary information to the designated Tax Incentive Review Council to enable the Council to review and determine annually during the period this agreement is in effect, the compliance of Beckett Gas with the terms of this Agreement.

6. The City hereby grants a tax exemption for the new tangible personal property acquired in conjunction with the Project equal to ($6,550,000) Six Million Five Hundred Fifty Thousand Dollars and shall be in the following amounts:

Years of Tax Exemption	Tax Exemption Amount
1998 through 2007	100%

11. The City hereby grants a tax exemption for the real property improvement acquired in conjunction with the Project equal to ($5,000,000) Five Million Dollars

12. The City hereby grants Beckett a tax exemption for the real and personal property improvements made to the Project are pursuant to Section 5709.62(C) (2) of the Ohio Revised Code and shall be in the following amounts:

Years of Tax Exemption	Tax Exemption Amount
1998 through 2007	100%

Beckett must annually file the appropriate tax forms (DTE 23) with the County Auditor and (#913) with the State Department of Taxation to maintain the exemptions covered in the agreement.

13. Beckett shall, during the exemption period and thereafter continue to pay all the taxes due on the land portion of the real estate tax bill for the Project, and all other applicable taxes.

14. The City shall perform all such acts and deeds as may be necessary or appropriate to effect, claim, reserve and maintain the real property tax exemption provided in Items #3 and #4 herein above including, without limitation, joining in the execution of all documentation and providing any necessary certificates required in connection with said tax exemption.

15. If for any reason said Enterprise Zone designation expires, or the North Ridgeville Council revokes the designation of the Enterprise Zone, or if the Director of Development for the State of Ohio revokes certification of the Enterprise Zone, any entitlement to tax exemptions as set forth in Items #3 and #4 above, shall continue to be enjoyed by Beckett for the number of years specified in said Items #3 and #4 above, provided Beckett fulfills the terms of this agreement.

Should Beckett fail to fulfill the terms of this Enterprise Zone Agreement by moving, relocation any portion of its operation, ceasing operation or otherwise fail to preserve employment opportunities within the City of North Ridgeville, Ohio as contemplated by this Enterprise Zone Agreement, then in that event, any and all tax exemptions (tangible personal property improvements) shall immediately cease and, in addition thereto, Beckett shall forthwith repay any and all tax exemptions received during the contract exemptions period. In that event, the City of North Ridgeville may record a Certificate of Non-Compliance with the Lorain County Recorder's Office which shall serve, in addition to the remedies which may be available by law or in equity, as a lien or charge against the affected personal property until repayment of taxes has been made in full.

16. If Beckett fails to fulfill the terms of this agreement, the City shall have the right to terminate or modify the tax exemptions set forth in Items #3 and #4 above.

17. If Beckett Gas fails to fulfill the terms of this agreement, the City shall have the right to terminate or modify the tax exemptions set forth in Items #4 and #5 above.

18. Beckett and the City acknowledge that this Enterprise Zone Agreement must receive legislative approval by the City Council and the Board of Commissioners of Lorain County and be forwarded to the Ohio Department of Taxation and Development within fifteen (15) days of approval to be finalized.

19. Beckett Gas and Beckett shall jointly pay an Application Fee of $500.00 to the Ohio Department of Development at the time of the application. Beckett Gas and Beckett shall also jointly pay an annual fee equal to the greater of five hundred dollars ($500.00) or one per cent (1%) of the remaining value of the incentive offered under the agreement; provided, however, that if the value of the incentives exceed two hundred and fifty thousand ($250,000.00), the fee shall not exceed two thousand five hundred dollars ($2500.00). This fee shall be made payable to the Lorain County Commissioners once per year for each year of the Agreement, it shall be paid by certified check and shall be deposited in a special fund created for such purpose and shall be used exclusively for the purpose of complying with Section 5709.68 of the Ohio Revised Code and by the Tax Incentive Review Council created under Sec. 5709.85 of the Ohio Revised Code.

20. Beckett Gas and the City acknowledge that this Enterprise Zone Agreement must receive legislative approval by the City Council and the Board of Commissioners of Lorain County and be forwarded to the Ohio Department of Taxation and Development within fifteen (15) days of approval to be finalized.

IN WITNESS WHEREOF, the City of North Ridgeville, Ohio by Deanna L. Hill, its Mayor, and pursuant to Resolution No. 341-97 has caused this instrument to be executed this 14 day of April, 19 98 and Beckett Gas, Inc. by Robert S. Cook, its President, and R.W. RESOLUTION NO. 98-300

In the matter of Instructing the Clerk to advertise for bids for the)
Demolition of the old Engineer's building and old storage build-)April 16, 1998
ing located at 247 Hadaway Street, Elyria, Ohio)

BE IT RESOLVED, by the Lorain County Board of Commissioners we hereby Instruct the Clerk to advertise for bids for the demolition of the old Engineer's Building and old storage building located at 247 Hadaway Street, Elyria. Ohio.

Said Notice will be published in the Chronicle Telegram and Morning Journal on April 21 and 28, 1998 as follows:

"Sealed bids will be received until 2:00 p.m., Tuesday, May 5, 1998 by the Lorain County Board of Commissioners, Purchasing Department, 226 Middle Avenue, Elyria, Ohio 44035 for the furnishing of all labor, material and equipment for the Demolition of the Old Engineer's Building and Old Storage Building located at 247 Hadaway Court, Elyria, Ohio using various materials in accordance with specifications prepared by Lorain County. All interested parties are welcome to attend the bid opening to be held immediately following the deadline in the Commissioners' Public Hearing Room located on the fourth floor of the Lorain County Administration Building.

All materials and equipment must meet the specifications of the Ohio Department of Transportation and shall include all necessary barricades, signs, lights, watchmen, etc., and performed shall be under the supervision of the Lorain County Engineer. All contractors involved with this project will be to the extend practicable, use Ohio products materials, services and labor in the implementation of this project. Bidders shall submit a list of equipment available and all labor shall be paid not less than the prevailing wage rate as determined by the Ohio Bureau of Employment Services for Lorain County.

Specifications can be obtained at the office of the Lorain County Board of Commissioners, Purchasing Department, Lorain County Administration Building, Fourth Floor, 226Middle Avenue, Elyria, Ohio 44035, between the hours of 8:00 am and 4:30 pm, Monday through Friday. Bids must be accompanied by a bid bond, certified check, cashiers check, or letter of credit equal to ten (10%) of the amount bid or a contact bond for the full amount of the bid, as a guarantee that if the bid is accepted, a contract will be entered into and a contract bond properly secured. Should any bid be rejected, such instrument will be forthwith returned upon proper execution of a contract.

The Board of Commissioners reserves the right to reject any and all bids and to waive any informalities or irregularities if it is deemed in the best interest of Lorain County to do so.

Motion by Blair, seconded by Ross to adopt Resolution. Ayes: All. with Exception of Vasi "absent attending outside office meetings." Motion carried.

B.15 RESOLUTION NO. 98-306

In the matter of authorizing Human Services Department to purchase computer hardware additions, including setup and installation not to exceed $30,000.00) April 16, 1998

WHEREAS, Mary Lou Golski, Director, Lorain County Human Services by letter dated April 2, 1998 we submitted the following:

"I am requesting that a Commissioners' Resolution be passed approving the purchase of computer hardware additions for Lorain County Human Services. The costs of the additions, including setup and installation is not to exceed $30,000.00. The purchase will be made utilizing State of Ohio Purchasing, State Term Schedule No. 533150-0. The vendor will be Erie Shores Computer, which is a listed MBE dealer authorized for Compaq Computer. The resolution is needed in order to receive State and Federal reimbursement.

In an effort to assist persons seeking employment, which is one of the main focuses of Lorain County Human Services, we are proposing adding a network of five PC's, a file server, and a laser printer to be used for clients to prepare resumes. Our agency is also in need of adding an additional five PC's and four printers onto our current network. These will be used for tracking of statistical and quality assurance monitoring through our Staff Development area. Staff Development is also in need of an overhead projection system and laptop computer that would enable training and presentations to larger groups of personnel. This is becoming increasingly more important with the addition of more software upon which the staff needs training.

This entire proposal has already been presented to the Lorain County Data Board and has been approved. Attached please find a copy of this proposal with the signature of Mark Stewart, Chairman.

If you have any questions on this purchase, please contact Tom Matotek, Fiscal Administrator.

I look forward to your consideration and approval of this purchase.

Sincerely, S/Mary Lou Golski, Director, LCHS"

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that based upon request of Mary Lou Golski, Director, LCHS by letter dated April 2, 1998 we hereby authorize Human Services Department to purchase computer hardware additions, including setup and installation not to exceed $30,000.00.

Motion by Ross, seconded by Blair to adopt Resolution. Ayes: All with Exception of Vasi "absent attending outside office meetings." Motion carried.

In the matter of Instructing the Clerk to advertise Notice of) a Public Hearing on the State of Ohio Small Cities) April 16, 1998
Community Development Block Grant (CDBG) Programs)
available for FY98)

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby Instruct the Clerk to advertise Notice of a Public Hearing on the State of Ohio Small Cities Community Development Block grant (CDBG) Programs available for FY98.

Said Notice will be published in the Chronicle Telegram and Morning Journal on April 18, 1998 as follows:
"The Board of Lorain County Commissioners will conduct a public hearing on the State of Ohio Small Cities Community Development Block Grant (CDBG) Programs available for Fiscal Year 1998.

Two public hearings will be held before the County submits an application for funding under any of the State's CDBG programs. The first public hearing is scheduled for Thursday April 30, 1998 at 10:30 am in the Commissioners Public Hearing Room, located on the fourth floor of the County Administration Building, 226 Middle Avenue, Elyria, Ohio.

The purpose of the hearing is to provide information on the programs for which the State has CDBG funding during the 1998 Fiscal year. The County will explain the types of activities which can be undertaken; the eligibility requirements for applications for funding; and deadlines for such applications.

In addition to providing relevant information to the public, the Board would appreciate hearing about community needs, which may be addressed with Block Grant funding.

The Community Development Block Grant Program can fund a broad range of activities, including: economic development projects; streets, water supply, drainage and sanitary sewer improvements; demolition of unsafe structures; and the rehabilitation and repair of housing units and certain neighborhood facilities. To be eligible for funding, the activity must be designed to (1) primarily benefit low-and moderate income persons and households; (2) aid in the prevention and elimination of slums or blighting conditions; or (3) meet an urgent community need.

Motion by Ross, seconded by Blair to adopt Resolution. Ayes: All with Exception of Vasi "absent attending outside office meetings." Motion carried.

Genesis House Rehabilitation)

BE IT RESOLVED, by the Lorain County Board of Commissioners we hereby approve and enter into Agreement between the Board of Commissioners and City of Lorain for the purpose of facilitating rehab/expansion work on the Genesis House Rehabilitation.

FURTHER BE IT RESOLVED, said agreement is based upon Resolution No. 97-992, adopted November 6, 1997 authorizing a warrant of $25,000.00 from the Revolving Loan Fund from Premier Bank & Trust to be payable to the City of Lorain.

Said Agreement is as follows:

JOINT DEVELOPMENT AGREEMENT

THIS AGREEMENT made this 16th day of April 1998, by and between The County of Lorain and the City of Lorain is for the joint funding of an expansion of a residential shelter facility located in the City of Lorain, owned and operated by Lorain County Safe Harbor, Inc.; and

WHEREAS the City of Lorain and the County of Lorain both desire to provide financial assistance to the Lorain County Safe Harbor, Inc. for the expansion of a residential shelter facility owned and operated by Lorain County Safe Harbor, Inc.; and

WHEREAS, this activity is eligible for Community Development Block Grant (CDBG) funding by the City and County of Lorain under Title I of the Housing and Community Development Act of 1974, as amended, according to 24CFR 570.207 (b)(3), serving a special needs population including shelters for battered women; and

WHEREAS the County of Lorain, Board of Commissioners has passed Resolution Number 97-992 (see Attachment 1) agreeing to provide $25,000.00 to the City of Lorain for the Lorain County Safe Harbor, Inc. project; and

WHEREAS the City of Lorain Council has passed Ordinance Number 221-97 (see Attachment 2) agreeing to accept $25,000.00 from the County of Lorain and provide $25,000.00 in City CDBG funds for the construction of an addition to a residential shelter facility owned and operated by Lorain County Safe Harbor, Inc.

THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES AND CONVENATS HEREIN CONTAINED AND PARTIES AGREE AS FOLLOWS:

SECTION 1: The County of Lorain will transfer to the City of Lorain $25,000.00 as specified in Resolution No. 97-992 for the purposes of constructing an addition to the Lorain County Safe Harbor, Inc. shelter. This money will be deposited into City of Lorain, Department of Community Development Public Facilities Account Number 2260-R226-7110-6300-1600 not later than 30 days after execution of this Agreement, to be set aside exclusively for the Lorain County Safe Harbor, Inc. project. The City of Lorain will transfer $25,000.00 of its 1998 CDBG funds into this account as specified in Ordinance No. 221-97, matching the County's contribution and making a total of $50,000.00 available to this project.

SECTION 2: The City of Lorain, Department of Community Development will act as lead agency for this project, ensuring compliance with all Community Development Block Grant regulations. The City of Lorain will contract for all necessary construction work through the City's Central Purchasing Office according to local and Federal requirements.

SECTION 3: The City of Lorain, Department of Community Development will make available copies of all documents demonstrating compliance with Community Development Block Grant regulations to the County of Lorain, Board of County Commissioners, and will make required public information concerning this project avoidable to the general Public.

SECTION 4: The term of this Agreement shall begin upon the execution of Agreement and terminate upon the completion of said construction which shall be considered completed upon issuance of a certificate of occupancy for the residential shelter facility.

JOURNAL ENTRY

Clerk submitted Commissioner Ross with the sign-in sheet. Commissioner Ross asked who made sign-in sheet and who authorized, adapted, etc. Clerk stated this has been the procedure long before she was here and Commissioner Blair stated before her also.
Commissioner Ross asked if there was anyone present to address the Board this morning;

Mary Beth Derikito, Huntington Township asked Commissioner Ross as to what decision he has made regarding people addressing the Board. He stated this Board has always had the opportunity to hear from the public and appreciate concerns you raise and we have curtailed to some extend the opportunity because he did seem to get out of hand and we our going to come back and try this to open up to public for comments and concerns and caution you that if an issue requires the Board's action we ask that these be submitted prior to the board meeting to be properly placed on the agenda and limited comments.

Mr. Robert Douglas Kish, stated on January 8, 1998 addressed this Board questioning a culvert and non-maintenance of such culvert on Hughes Road. I was told by this Body and would not get the run around, Township claims they do not own it, Railroad claims they do not own it and County claims they do not own it, run around continues and many other questions, but I will just be brief and would like some answers.
Commissioner Blair asked the clerk to send a letter to the County Engineer outlining Mr. Kish's problems and asked him to respond as to what the County's responsibility would be in this issue and how we could help.

JORUNAL ENTRY

Lola Robertson, stated microphones are not always working and we ask that you check them, so we can hear.

JOURNAL ENTRY

Mr & Mrs Holcomb, Carlisle Township stated he has been involved with Township and County for many years and asked Commissioner Ross to help him in this situation because there is a drain pipe on the side of his property which has been there since 1963 and is stopped up, but the township said there is no pipe there and he has a swamp. Would like someone to look at it and gave Commissioner Ross copy of his property with the information.
Commissioner Ross said he would forward this to the County Engineer to see what he can do.

JOURNAL ENTRY

Debbie Horvatter, question the demolition of the old engineer building and does this mean the expansion of the dog pound will move forward. Commissioner Ross stated that this Board is going to at some time discuss the expansion of the dog pound for either this location or another.

JORUNAL ENTRY

Commissioner Ross moved, seconded by Commissioner Blair to recess into Executive Session to discuss possible purchase of real estate and personnel/new hires. Upon roll call the vote taken thereon, resulted as Ayes: All with Exception of Vasi "absent attending outside office meetings."

Motion carried.

JOURNAL ENTRY

Commissioner reconvened from Executive Session and the following resolutions were adopted:

Drainage Project)

WHEREAS, Dr. Ellen Payner, Superintendent, MRDD by letter dated April 22, 1998 submitted the following:

"At the April 21, 1998 meeting of the Lorain County Board of Mental Retardation and Developmental Disabilities, the Board approved going out for bid (with the revised cost estimate from K.E. McCartney and Associates) for Phase 1, Infirmary Road Complex Pavement and Drainage Project and awarding the contract to the lowest bidder.

The estimated cost of this project was previously Board approved at $172,205.00 at the October 13, 1997 Board meeting, and has been revised to an estimated cost of $183,956.19. The increased estimated is due to the costs required for extended concrete pavement to facilitate truck and bus turning and the cost of a sump pump being higher than originally determined

The following Q project Account has been designated for this project: QBCP583ATC400-35- 001-00-00-02110-35.

If you have any questions, please let me know.

Thank you for your attention to this matter

Sincerely, S/ Ellen L. Payner, Ph.D. Superintendent"

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the request of Dr. Ellen Payner, MRDD Superintendent by letter dated April 22, 1998 we hereby Instruct the Clerk to advertise for bids for the MRDD, Phase I, Infirmary Road Complex Pavement and Drainage Project.

RESOLUTION NO. 98-330

In the matter of accepting the Tax Incentive Review Council)
Recommendations on various Enterprise Zone Agreements) April 23, 1998

WHEREAS, the Lorain County Tax Incentive Review council conducted its annual meetings on March 10, 11 and 12, 1998 and did evaluate the abatement agreements and;

WHEREAS, the Council determined that all Companies except one (1) were in compliance with their Abatement Agreements and recommends the continuance of all but Northridge Plaza, North Ridgeville be terminated. The Council further recommends an official "no action" with Metokote, Sheffield Village.

Said report is considered a part hereof to this resolution by reference thereto and can be found on file in the Commissioners/Economic Development Department.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that the Economic Development Director is authorized to file the annual report with Mr. Robert Stempfer, Director of Enterprise Zone Development of the Ohio Department of Development.

Motion by Blair, seconded by Ross to adopt Resolution. Ayes: All.
Motion carried.

F. NEW BUSINESS

Commissioner Vasi stated last Thursday she attended a seminar in Richfield viewing training project with Carpenters Union – apprenticeship training center, excellent idea and more information in forthcoming and try to incorporate this with Lorain County's welfare to work program and work with ETA. People train under union contract 1week/year for 4 years, attend this $1.9 million dollar center to learn and receive jobs at no costs. Commissioner Ross said maybe this could be implemented with the St Joes Project in Lorain.

#2. Commissioners will conduct an Executive Session on Tuesday, April 28,1 998 at 9:30 am regarding personnel/new hires.

#3. Petition for proposed Annexation was filed with this office on April 21, 1998 for approximately 15.432 acres in New Russia Township and 14.055 acres in Pittsfield Township to the City of Oberlin, Ohio. Attorney Richard T. Laux is acting on behalf of Richard Reno, Agent. Petition and map were filed with the County Auditor and Engineer. After the Engineer reviews and submits report indicating no discrepancies, a public hearing will be scheduled.

G. BOARD CORRESPONDENCE

Motion by Ross, seconded by Blair to waive the reading of the same for Board Correspondence. Ayes: All.
Motion carried.

#1. Permit granted by the County Engineer to GTE North, Inc., to bore under and install buried cable along Law Road in Grafton Township.

#2. Publications: "Concrete Pressure Pipe Digest"; "Lake Erie Shore Lines";

JOURNAL ENTRY

Commissioner Ross held a moment of silence for William "Andy" Andersen, LCSWMD Coordinator who passed on Friday, April 17, 1998. He did an excellent job as the County's coordinator and we became good friends, it will be a sad lost to this County.
Commissioner Blair commented that Andy was a big effect on Lorain county residents as a 'can do person' which described him well and he did whatever was asked of him.

JOURNAL ENTRY

Mary Beth Derikito said Andy Andersen started great programs within this County for recycling and this Board will find a person to take the position but no one could fill his spot and dedication to this county.

JOURNAL ENTRY

Pauline LeBoda stated last year on clean up day there were 6 truck loads (150) of tires removed from Casper Foundry but according to EPA reports no one knows where these tires were disposed of and the Health Department stated it was not her business, but she thinks it is because it is hazardous waste and what can be done.

JOURNAL ENTRY

Debbie Horvatter said she inquired about the Hadaway problem last week and in following day's paper it stated that these buildings will be demolished for the mass transit turn route, which is fine but there are about 100+ people who will petition for the expansion of the dog pound.
Commissioner Vasi said the money is available to the dog pound to expand. Commissioner Ross said the issue of the dog pound is not about expanding it about the location as to where it will be expanded. Discussions have been said to get with the APL, build by them and/or stay on Hadaway some time in 1998.

JOURNAL ENTRY

Mr. Kish stated he was informing the Board of the culvert situation underneath railroad tracks that was not discussed on January 8, 1998 and is still not had any kind of official reply. This culvert tile, that no one will admit to responsibility of ownership. It has been stated that it does not belong to Pittsfield Township, or railroad. He was told it will be taken care of but the circle remains unbroken it has just gotten bigger and now the Commissioners are involved with it. As far as the railroad tracks go there is a recommendation that there is a 30" culvert designed by engineer and every 50 years it should be updated so it should have been done in 1956, recommendation now is it should be a 42". Now that the railroad has there $1.8 million they are running, no brush has been cleared, etc., nothing has been done, are they still existing but do want the 42" culvert put in so it will elevate the flooding problem and we are inviting this board to attend our meeting on the 13 & 14 of May.

JOURNAL ENTRY

Lola Robertson stated there has been a lot of publicity on the airport and possible expansion & development and was wondering if there will be a public hearing before any decisions have been made to have residents hear concerns.

JOURNAL ENTRY

John Hamilton, Engineer's office stated that a report and survey work was completed on ditch and some alternations have been comprised on how to possibly solve the problem. Railroad has been cooperative at this point with this office. Commissioner Ross asked John to give Mr. Kish an official response to his problem with this ditch.

JOURNAL ENTRY

Mr. Kish stated he sent a certified letter asking how he can be placed on the agenda because he was taken off last week, with no explanation. Commissioner Ross said last week we loosened the procedures of residents wanting to speak and if you would like to speak everyone is welcome to do so, but if answer need to be given, we might not have them at that time

---

JOURNAL ENTRY

Airport not on agenda, but how long is proposal for runway to be expanded and 2) is this going to be a taxing district. Commissioner Ross said Dan Abfall is present and maybe he would like to discuss this issue. Mr. Abfall said a feasibility study is being composed on 2,000 ft runway expansion and is about 60 days from being compiled and taxing situation is up to the Board of Commissioners.

Commissioner Vasi said this is the 1st phase what is next. Mr. Abfall said once the feasibility study is completed and a need is shown then we have an EPA study done.

JOURNAL ENTRY

Commissioner Ross moved, seconded by Commissioner Vasi to recess into Executive Session to discuss possible purchase of real estate. Upon roll call the vote taken thereon, resulted as Ayes: All.

Motion carried.

JOURNAL ENTRY

Commissioners reconvened from the Executive Session and the following resolution was adopted:

RESOLUTION NO. 98-331

In the matter of purchasing real estate located at 333 Third Street)
Elyria, Ohio further known as permanent parcel #06-26-055-000-) April 23, 1998
005 from Serazin & Deery (An Ohio Paternership) in amount of)
$200,000.00 which includes all moving and relocation expenses)

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby purchase real estate located at 333 Third Street Elyria, Ohio further known as permanent parcel #06-26-055-000-005 from Serazin & Deery (An Ohio Paternership) in amount of $200,000.00 which includes all moving and relocation expenses.

Said Agreement is considered a part hereof to this resolution by reference thereto and can be found on file in Commissioners Office as follows:

OFFER TO PURCHASE REAL ESTATE

Now comes the Board of Commissioners of Lorain County, Ohio hereafter called "Buyer", and hereby offers to purchase from Serazin & Deery (An Ohio Partnership) hereafter called "Seller", the following property:

The parcel of property having permanent parcel number 06-26-055-000-005 in the City of Elyria, Lorain County, Ohio and being located at 333 Third Street, Elyria, Ohio.

The property shall include the land, together with all improvements thereon, and all appurtenant rights, privileges and easements.

I. PURCHASE PRICE

The purchase price for said property shall be One Hundred Forty-Seven Thousand Dollars ($147,000.00) plus an additional Fifty-Three Thousand Dollars ($53,000.00) to cover all moving and relocation expenses. In addition, Seller shall obtain "salvage rights" to remove any items they desire from the building until such time that the property is transferred to the County. Lorain County will deposit a check for $1,000.00 as earnest money with Lorain County Title; balance to be placed in escrow and paid to Seller as provided in Article IV.

II. WARRANTIES

Seller shall warrant that it has good and marketable title to the property and there are n
no liens (excepting tax liens) or encumbrances concerning said property, or restrictions, casements or conditions except matters of record, and that it has not received nor is aware of any notification from the Building and Safety Department or Health Department of the City, County or State regarding any work done on said property.

III. TAXES

All real estate taxes will be prorated to the date of transfer.

IV. ESCROW

Lorain County Title will provide the title insurance, and shall act as escrow agent for this transaction. The parties will equally divide escrow fees. Seller shall provide buyer with sixty days written notice of its intent to vacate the premises and close this transaction. Said notice shall occur no later than **August 1, 1998.**

Seller shall deposit in escrow a warranty deed conveying its right, title, and interest to the premises to Buyer, within thirty days of giving notice of its intent to vacate and close.

Buyer shall deposit in escrow the balance of the purchase price within thirty days of receiving Seller's notice of intent to vacate and close.

V. CLOSING COSTS

Seller shall pay the following:

1. ½ escrow fee.
2. Preparation of warranty deed and other documents necessary to complete transfer of the property are to be prepared by Seller at no cost to Lorain County.
3. Real estate taxes as prorated to the date of transfer
4. Any conveyance or transfer fee which may be payable.

Buyer shall pay the following:

1. ½ escrow fee.
2. Cost of recording the warranty deed.
3. Cost of owners' fee policy of title insurance.

Said closing costs shall be deposited in escrow within twenty days after the respective parties are notified the title examination has been completed.

VI. POSSESSION

Closing of this transaction, transfer of title and surrender of possession of the premises to Buyer shall under no circumstances occur later than October 1, 1998.

Seller is aware that Buyer has a series of property purchases and construction projects connected with this agreement, and the failure of Seller to close, transfer title and surrender possession of the premises vacant of all tenants no later than October 1, 1998 jeopardize said purchases and projects. Seller acknowledges that its failure to timely perform pursuant to this agreement will cause Buyer foreseeable incidental and consequential damages, for which Seller accepts responsibility.

VII. MISCELLANEOUS

A) This offer shall remain open until 30 days after the date indicated below as the offer date. If not accepted by said date, the within offer is withdrawn and any acceptance thereafter shall be null and void. Acceptance of said offer must be made in writing to Virgil J. Muntean, County Administrator, Lorain County Board of Commissioners, 4,h Floor, Lorain County Administration Building, 226 Middle Avenue, Elyria, Ohio 44035.

B) Time is of the essence. In the event any of the conditions contained herein have not been performed within the time limits specified, any agreement herein formed shall be deemed null and void, unless the parties agree in writing to waive the performance of a condition, or to an extension of time.

C) This document contains the sole and entire offer of the Buyer, and there are no other representations, or warranties, which form the basis of this offer. This offer supersedes any prior written or oral understandings or agreements between the parties respecting the aforesaid subject matter.

D) This offer subject to formal approval by resolution passed in open public meeting as **required** by law, and shall not be canceled after acceptance by Seller and approval by resolution.

E) This offer subject to formal approval by resolution passed in open public meeting as **required** by law, and shall not be canceled after acceptance by Seller and approval by resolution.

Commissioner Ross would like to see an application put together for FY99 on the CHIP and see if Lorain County is able to receive Economic Development Assistance, as a public sector.

Ms. Knight asked for questions/comments from persons present. Questions were asked, discussion was held.

With no additional questions or comments, Ms. Knight formerly closed this public hearing.

JOURNAL ENTRY

Clerk stated that this day was duly noted and advertised for the continued Public Hearing on the Straw-Haag Ditch. A viewing of the Straw-Haag Ditch was held on October 23, 1995 at 10:00 AM and the first public hearing was held January 18, 1996 at I 1:00 AM pursuant to a Petition filed with this office by the City of Elyria, Ohio for the proposed cleaning of the Straw- Haag Ditch and its laterals.

At the conclusion of the Public Hearing, Resolution No. 96-59 adopted January 18, 1996 instructed the County Engineer to provide the necessary survey, plans for the structures, maps showing the location of the land proposed to be assessed, and profiles showing the cuttings and gradient of the improvement and make an estimate of the cost of the construction of said improvement.

The County Engineer by letter dated February 26, 1997 indicated that after survey work was completed, the outlet of the Straw-Haag Ditch petition project needed to be extended 1800 feet north of SR 113. There are an additional 62 parcels in the additional watershed (approx. 35 owners), with 9 parcels abutting the additional section of ditch.

After studying the project further, it appears that a detention basin is going to be needed as part of the project in the area south of Lowell Street.

Resolution No. 98-269 adopted April 2, 1998 amended the previous resolution and scheduled the continued hearing for April 30, 1998 at 11:00 AM based upon the Engineer's report. Notices were forwarded to all property owners along with a published notice in the Chronicle-Telegram on April 14, 1998.

Commissioner Ross turned the meeting over to John Hamilton, Engineers office who gave a further review of the project and detailed drawings.

The survey begins north of SR113 by 1,600-1,800 feet and possibility of a detention basin south of Lowell Street. The survey with the initial petition ended at new SR113 and there is 2-2 ½ feet silt at the bottom of pipe. In order to properly drain this ditch system, the pipe must be opened up. There is also a lateral which extends to Murray Ridge Road which is included in the estimate. When you go down stream there is a 96" pipe under new SR113 with 8x7 box under turnpike and 8x6 box under Lake Avenue and the mall has a 72" pipe. Would like to look into incorporating detention basin in design to save money with pipe size under Lowell Street and Murray Ridge, and to avoid flooding downstream.

Bill Imblum, 7635 Murray Ridge Road never seen water get to banks, why would you clean and how much will this cost. John Hamilton stated the City of Elyria petitioned for the ditch to be cleaned and to get water out it has to be cleaned at the correct level of grade for the flow north. The cost is not yet determined until the last survey work is completed.

John Hart, Engineer-City of Elyria stated the City would like to proceed with this project.

Ed Pavilich, 7870 Murray Ridge said he has lived here for 20+ years and has no problem with the ditch. He will be assessed, only because they want to sell up north with dry lots and his property should not be torn up for this and the City of Elyria will profit, not us, he is against this. He invited everyone to come look at his property to see there is no problem.

Ken Sommer representing Sommers Mobile Park stated the creek is maxed out now, siphon is on property under easement with 5ft pipe going through, in order for water to go through main backs up because it is to small, Presented pictures.

Bruce Boyd, Business Administrator-Church of Open Door asked where the location of the detention basin would be on the property. John Hamilton stated if we are authorized to do survey we would meet with the Church and discuss this. John Hart said the sanitary sewer will not be built for a couple of years.

Debbie Horvatter, LaGrange Township asked if there was grant money available that would lessen the hardship for these people. John Hamilton said there is little grant money for drainage except Issue 2. Commissioner Vasi asked Pat Knight if CDBG monies could be looked into for usage and maybe even Corp of Engineers and National Guard could help in this matter.

Commissioner Ross said once survey is completed we could look at the financial situations and spread it around to make it fair.

Commissioner Ross asked if Elyria City Council would look at an ordinance that would make developments address run off water and drainage. Mr. Hart said it will be taken to Council

Fred Eppley stated he was not against a cleaned ditch but Mr. Schuster has had water on property 60+ years. The ditch water is accelerated through railroad tracks and backs up on south side but the north side pipe is to small so it floods the street. With more development, it is getting worse for us, more concrete makes water flow faster because thee is no more natural absorbent. The wetlands should be increased because natural forest can be cleaned but no increase in size of tile for sewers, illegal to increase diameter, but flooding can continue.

Commissioner Blair asked for background as to why this project was started. Mr. Hart stated that there has been several flooding problems with a subdivision on Turner Street with water just laying there, which is a health and safety issue, this is why City of Elyria has petitioned.

John Hamilton said the 36" pipe under Lowell Street was collapsed and is now cleaned.

Don Shuster said water just sits on Turner Street and the 5 acres I own is a lake, losing crop after crop each year with the development being here.

Mr. Kish said ditches need to be cleaned. Here are jobs for people, with 52 miles along Hughs Road railroad needs to be cleaned because of a ditch restriction of 30" opposed to 42" pipe that is required. The CCC dug by hand Findlay Park.

Commissioner Ross said consensus is that the ditch needs to be cleaned and only action required by this Board today is to instruct the Engineer to perform survey and come up with cost and have another public hearing in the fall to discuss this further after the survey is completed.

Commissioner Vasi asked who would pay for this cost estimates and survey. John Hamilton said if the project goes through it is assessed as part of the project but if it doesn't go through it will come out of the petitioners bond. Commissioner Vasi asked if there is not enough monies will the City of Elyria bear the cost.

John Hart said the City would comply with the ORC. Commissioner Vasi said before she will vote she would like an answer from the City to see if they will bear any excess cost if there is any.

Commissioner Ross said we need to find a lesser burden for homeowners but we should not hold up on the survey being done. Commissioner Vasi said this county should not bear the cost when it should come from the City of Elyria.

Bill Imblum stated he has not heard a consensus for project, more people have said no and not fair to be assessed when it is the City of Elyria's problem.

Phillip Pauly, 7848 N. Murray Ridge Road said the recent rain has only consumed 1/3 of ditch. When this is cleaned what will happen to the material that is taken out, will the yard look like it did before it was destroyed, also what is the costs. Mr. Hamilton said material will be spread out and reseeded and if trees need to be taken out they will be and roughly the estimate is $175/acre not including 800 ft. pipe under Lowell street and culvert under Murray ridge with a detention basin.

Charles Nagel, 42830 Telegraph Road, owner of lumber company said he has never seen more than 1' of water in the ditch the 36" culvert has 2" of silt in it and the 1,100 ft on north and does not look overgrown. When you talk about assessing frontage, the developments on Fowl Rd this is a problem; there is too much run off and apartment renters don't pay taxes so therefore it goes to the homeowners.

Commissioner Ross stated he stands corrected on consensus but willing to support getting survey completed to see how much this will cost the homeowners and what more needs to be done

Commissioner Blair asked about public hearing. Mr. Flanagan said hearing will have to advertised and letters sent to all property owners again.

Commissioner Vasi said cleaning the south side ditch is the problem and should be cleaned because it sounds like the north side has no problem, but they might if the ditch is cleaned.

John Hamilton said there are 2 options at this point: 1) clean and proper grade with new bigger pipes (which will flood Mr. Sommers) or 2) minimum excavating on top and try to reuse 36" sewer and have detention basin to help Mr. Schuster out. Because no matter what is done the ditch up stream has a 36" outlet that will back up on Mr. Shusters' property, Church of Open Door because it is not big enough. The intention was to reuse the 36" brick sewer and clean it out thoroughly.

Commissioner Blair asked for an estimate cost for preliminary work. John Hamilton said there is 1800 ft of main and 2000 ft lateral back to Murray Ridge and about a week for a survey and another for drafting should be around $1500-2,000 for survey and preliminary.

Mr. Kish said he would talk about a different railroad and different flood, Lakeshore Railroad. There was $1.8 million that is apparently unused and should be available perhaps use towards this and if we default, County owns the ditch.

Journal entry cont. April 30, 1998

Susan Carr, 42985 Telegraph Road said she owns 1.57 acres with no flooding problem and it looks like more people are getting assessed then profiting. John Hamilton said if you drain into the ditch you would be assessed.

Russ Stanislawski, 7807 N. Murray Ridge Road said he has 3 parcels, 1 parcel drains ½ Murray Ridge ½ W. Ridge will this be surveyed before assessed. John Hamilton said maps are available.

Commissioner Ross said this Board will continue hearing on Straw Haag Ditch until Mr. Hamilton can get with the City officials to determine whether or not they are willing to pay the $1500+ it will take to complete the survey in short order and follow up on the assessments and another hearing will be held in September or October.

Mr. Flanagan, Assistant County Prosecutor said to continue hearing to see what the city will do you will have to reconvene to vote on weather or not to authorize them to proceed. Commissioner Vasi asked if we have to give notice.

Commissioner Blair said continue hearing to next week, so Mr. Hamilton and Mr. Hart could discuss this matter and have a determination by then to report back at which time we could take action.

Discussion followed.

Commissioner Vasi moved to agree with the survey on the condition that the City agrees to pay the additional cost and if they do not, this Board will rescind the motion. Ross seconded. Ayes: All.

Motion carried.

RESOLUTION NO. 98-332

In the matter of continued Public Hearing on)
The Straw-Haag Ditch) April 30, 1998

WHEREAS, a viewing of the Straw-Haag Ditch was held on October 23, 1995 at 10:00 AM and the first public hearing was held January 18, 1996 at 11:00 AM pursuant to a Petition filed with this office by the City of Elyria, Ohio for the proposed cleaning of the Straw- Haag Ditch and its laterals; and

WHEREAS, Resolution No. 96-59 adopted January 18, 1996 instructed the County Engineer to provide the necessary survey, plans for the structures, maps showing the location of the land proposed to be assessed, and profiles showing the cuttings and gradient of the improvement and make an estimate of the cost of the construction of said improvement; and

WHEREAS, the County Engineer by letter dated February 26, 1997 indicated that after survey work was completed, the outlet of the Straw-Haag Ditch petition project needed to be extended 1800 feet north of SR 113. There are an additional 62 parcels in the additional watershed (approx. 35 owners), with 9 parcels abutting the additional section of ditch; and

WHEREAS, after studying the project further, it appears that a detention basin is going to be needed as part of the project in the area south of Lowell Street; and

WHEREAS, Resolution No. 98-269 adopted April 2, 1998 amended the previous resolution and scheduled the continued hearing for April 30, 1998 at 11:00 AM based upon the Engineer's report. Notices were forwarded to all property owners along with a published notice in the Chronicle-Telegram on April 14, 1998.

WHEREAS, John Hamilton, Engineer's Office gave a overview of the project; and

WHEREAS, many property owners voiced their concerns and comments.

WHEREAS, the Engineer's office shall perform a survey to extend the limits of the plan area and prepare estimates of cost.

NOW, THEREFORE, BE IT RESOLVED, the Lorain County Board of Commissioners hereby agree to proceed with the survey on the condition that the City of Elyria pays the additional cost and if they do not, this Board will rescind the motion.

Motion by Vasi, seconded by Ross to adopt Resolution. Ayes: All.
Motion carried.

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated April 21, 1998 submitted the following:

We have received notification from the Ohio Public Works Commission for funding of the following project: Oberlin Road Bridge #0619 replacement, estimated at $82,257.00 This project will be financed 89% by the Ohio Public Works Commission. The grant should be received July I and we would like to prebid in order to start construction as soon as the grant is received.

Please take the necessary action to receive competitive bids for these projects. We have included the Notice to Contractors, and we will forward the bid books once they are completed.

Thank you for your cooperation in this project.

Sincerely, S/Kenneth P. Carney, Lorain County Engineer"

Said Notice will be published in the Chronicle Telegram and Morning Journal on May 14 & 21, 1998 as follows:

"Sealed separate bids will be accepted in the office of the Lorain County Commissioners, Purchasing Department, 226 Middle Avenue, Elyria, Ohio 44035 until 2:00 p.m., Thursday, May 28, 1998, for furnishing all labor, material and equipment for the replacement of Oberlin Road Bridge #0619 in Amherst Township, in Lorain County; using various materials in accordance with specifications prepared by the office Kenneth P. Carney, Lorain County Engineer. All interested parties are welcome to attend the bid opening, to be held immediately following the deadline in the Commissioners Pubic Hearing Room.

All materials and equipment must meet the specifications of the Ohio Department of Transportation and shall include all necessary barricades, signs, lights, watchmen, etc., and work performed shall be under the supervision of the Lorain County Engineer. All contractors involved with this project will, to an extend practicable, use Ohio products, materials, services and labor in implementation of this project. Bidders shall submit a list of equipment available and labor shall be paid not less than the prevailing wage as determined by The Ohio Department of Employment Services for Lorain County. Bidders are hereby notified that partial funding of these projects is being furnished by the Ohio Public Works Commission.

Bidders are required to comply with Minority Business Enterprise (MBE) requirements set forth in Section 164.07 of the Ohio Revised Code and Rule 164-1-32 of the Ohio Administrative Code. In part, this means that any bidder, to the extend that he subcontracts work, shall award subcontracts to certified Minority Business Enterprise in an aggregate dollar value of no less than five percent (5%) of the prime contract. Bidder procurement activities, to the extent that it procures materials and/or services, will result in the award of procurement contracts to certified Minority Business Enterprises in an aggregate dollar value of no less than two percent (2%) of the prime contract. The bid specifications provide further details on these requirements. Additionally, contractor compliance with the equal employment requirements of Ohio Administrative Code Chapter 123, the Governor's Executive Order of 1972 and Governor's Executive Order 84-9 shall be required.

Resolution No. 98-341 cont. April 30, 1998

Specifications can be obtained at the office of The Lorain County Engineer, 247 Hadaway Street, Elyria, Ohio between the hours of 8:00 a.m. and 4:00 p.m., Monday through Friday. Bids must be accompanied by a bid bond, certified check, cashier's check or letter of credit equal to ten percent **(10%)** of the amount of bid or a contract bond for the full amount of the bid, **as** a guarantee that if the bid is accepted a contract will be entered into and a performance bond properly secured. Should any bid be rejected, such instruments will forthwith be returned upon proper execution of a contract.'

A non-refundable deposit of $18.75 is required for each set of bidding documents.

The Board of County Commissioners reserves the right to reject any and all bids and to waive any informalities or irregularities if it is deemed in the best interest of Lorain County to do so."

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that based upon the request of Kenneth P. Carney, Lorain County Engineer by letter dated April 21, 1998 we hereby Instruct the Clerk to advertise for bids for the replacement of the Oberlin Road Bridge #0619 in Amherst Township.

B.11 RESOLUTION NO. 98-342

In the matter of authorizing the Lorain County Human Services)
Department to purchase a Xerox 610 plain paper fax machine) April 30, 1998

WHEREAS, Mary Lou Golski, Lorain County Human Services by letter dated April 7, 1998 submitted the following:

"I am requesting a Commissioners' Resolution approving the purchase of a Xerox 610 Plain Paper FAX. Ohio State Term Schedule No. 778096K will be utilized for this equipment purchase which will cost $1,895.00. The vendor will be Xerox, The Document Company. A resolution is needed to allow us to use State Purchasing for this equipment and to receive State and Federal reimbursement for its purchase.

At present time, the agency has a thermal fax in the Administrative/Personnel area which is mainly for both confidential paperwork and Administrative updates from the State. The agency has, at times, received fax transmissions on this machine totaling more than twenty pages which can be difficult to deal with on thermal roll paper. The plain paper fax machine will replace this older thermal fax.

I look forward to your consideration and approval of this purchase."

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the request of Mary Lou Golski, Director, Lorain County Human Services by letter dated April 7, 1998 we hereby authorize the Lorain County Human Services Department to purchase a Xerox 610 Plain Paper fax machine.

Motion by Blair, seconded by Ross to adopt Resolution. Ayes: All.

Contractor-Building Access Policy effective April 30, 1998) April 30, 1998

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby approve and adopt the "After Hour Contractor-Building Access Policy", effective April 30, 1998.

Said policy applies to all contractors, sub-contractors or any vendor who performs construction, maintenance, repair or service for Lorain County and requires access to any Lorain County owned/leased or occupied building after hours, week-end or holidays to perform such work.

FURTHER BE IT RESOLVED, said policy is considered a part hereof to this resolution by reference thereto and can be found on file in the Commissioners/Personnel Department as follows:

PURPOSE

The Board of Lorain County Commissioners is committed to reducing the probability and severity of loss; to protect the physical assets of the County from fortuitous loss and to establish a system of internal procedures providing constant reassessment of fluctuating exposure to loss.

SCOPE

This policy applies to all contractors, sub contractors or any vendor who performs construction, maintenance, repair or service for Lorain County and requires access to any Lorain County owned/leased or occupied building after hours, week-ends or holidays to perform such work.

RESPONSIBILITIES

The Safety/Risk Management Office will:

1. Review this policy on at least an annual basis.
2. Determine after hour access areas to all County owned/leased or occupied buildings in cooperation with occupants.
3. Will develop written instructions covering each of the basic elements in this policy, and only the Board of Commissioners may authorize amendments to these instructions. This Board of Commissioners has expressly authorized the Safety/Risk Manager to halt any operation where there is danger of serious personal injury.

Elected/Appointed Official, Department Head, Supervisor and/or designee will be responsible for implementing this policy in areas under their jurisdiction including:

1 . Employee awareness training of this policy.
2. File a copy of current contract with Lorain County Purchasing Department.
3. Coordinate with contractors/sub-contractors/vendors to ensure that all who will be performing construction, maintenance, repair or services comply with OSHA Standard 29 CFR 191 0 and 29 CFR 1926.
4. Coordinate with contractors/sub-contractors/vendors to ensure that all who will be performing construction, maintenance, repair or service comply with all Lorain County Occupational Safety and Health Policies and Procedures.
5. Elected/Appointed Official, Department Head, Supervisor and/or designee will accompany at all times any person or persons during the performance of contractual services.

ELIGIBLE CONTRACTORS

Any contractor/vendor who has a contract on **file** with Lorain County Purchasing Department for construction, maintenance, repair or service.

PROCEDURE

FOR ALL LORAIN COUNTY OWNED/LEASED **OR** OCCUPIED BUILDINGS:

Elected/Appointed Official, Department Head, Supervisor and/or designee will:

1. Gain access to the building and admit contractor.
2. Accompany contractor to area necessary to perform contracted duties and will remain within general area until scheduled duties are completed or suspended.
3. At no time prop open and leave unattended any door to gain access to the building.
4. Escort contractor to exit and secure building.
5. Call/Page Maintenance Department On Call Employee if there is a problem with building mechanicals, electrical, plumbing, etc.
6. In case of emergency, call 91 1.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All.
Motion carried.

JOURNAL ENTRY

Commissioner Vasi said there was a letter in Correspondence from Lorain County Transit stating they were going to buy 3 new buses, do these retire 3 old or are they additional. If they are expanding the service, not sure how far the funding will go but they should not come back to us. They should look at the services provided and can this money be used for shelters. Commissioner Ross said the Transit has a governor board so it does not require this board to take action this letter was for information purposes. Commissioner Vasi has requested a line item account of expenditures and should be forthcoming.

_____

JOURNAL ENTRY

Senator Alan Zaleski was present and distributed copies of a start-up checklist for the Lorain County Transportation Improvement District.

Commissioner Vasi stated to move ahead under the condition Prosecutor's office review information as to how it relates to the county and Prosecutor Innes has not seen anything. Senator Zaleski said this is an independent organization does not involve county prosecutor's office. Legally TID is an independent political subdivision and is not a county government. However it is created by County Commissioners. Commissioner Ross stated that the resolution has been adopted, but we were waiting for a Legislator to appoint its members from the Senate and House.

Senator Zaleski said there needs to be a formalized calling of the TID, called by State Legislator with greatest seniority and Mr. Zaleski being that, would like to know who the members are and have they been sworn in. Commissioner Blair said 3 Commissioners, Engineer, Pat Knight, Senator Zaleski with ex-officio members and they have not been sworn in.

Commissioner Ross said call meeting, have members sworn in, establish agenda and then inquire about applying for money from ODOT to determine project that will be pursued.

Commissioner Vasi stated this is another bureau of bureaucracy and there are no other local elected officials. Senator said you couldn't get money if you don't follow this rule and it makes getting projects easier.

Commissioner Ross said he has been monitoring Butler County and Lorain County should move on to determine what needs to be done and hope Senator Zaleski will continue to serve.

Senator Zaleski went through the checklist as follows:

1. Legally, a transportation improvement district ("TID") is an independent political subdivision and it is not a unit of county government. However, it is created by the County Commissioners. If the county Commissioners have not yet created the Lorain County TID, please see the draft resolution attached which may be used for this purpose.
2. Once the TID is created by the County Commissioners, Ohio Revised Code, Chapter 5540.02(G) stipulates that an organizational meeting of the Board of Trustees of TID shall be held at the time and place designated by the board member who has served the most years as a member of the General Assembly. I understand, with your recent appointment to the Lorain County TID, that you would be the member of the General Assembly authorized to call this first meeting.
3. A TID, as a Ohio political subdivision, is subject to the Ohio Sunshine laws set forth under ORC 121.22. Accordingly, the organizational meeting shall be open to the public and notice of the time, place and purpose of the meeting should be given by advance notification of the news media and by publication in a newspaper of general circulation at least 24 hours in advance of the organizational meeting. For your convenience, I have enclosed a draft notice for this purpose.
4. Conducting the Organizational Meeting:
   a. I would suggest that you administer an oath to the board members of the TID. It is my understanding that the County Commissioners has determined to utilize the 5-member voting board, which members are appointed by the Board of County Commissioners under ORC 5540.02©(2). The other Board members are the non-voting members appointed by the Speaker of the House and the President to the Senate, to wit: you.

Journal entry cont. April 30, 1998

b. The next point of order is to discuss the form of bylaws to govern the board and its actions. I have enclosed for your review a copy of bylaws that we have drafted for the butler County TID. Of Course, these bylaws can be modified to better serve the Lorain County TID, as may be appropriate and according to law. We can discuss what changes or modifications might be required. Some version o bylaws should probably be adopted, with the understanding that they may be modified.

c. The next point of discussion should be the projects the TID intends to pursue in the county and formulation of a master plan for presentation to the Ohio Department of Transportation and the Federal Highway Administration, if appropriated, to facilitate these projects. I would anticipate the County Engineer playing a role in this discussion. The Board should also consider what other project funding from the private sector might be available as well as contributions from other local political subdivision and economic development issues.

d. The Board should consider retaining legal counsel to provide counsel for the TID to assist with governance issues, project development issues and the pursuit of available state aid, including but not limited to Ohio Department of Development grants and loans form the State Infrastructure Bank, for the TID. I have enclosed a resolution that we propose the TID use to retain legal counsel, which the TID is authorized to do under 5540.02(a)(9). (the county Prosecutor does not represent the TID, which is separate from and not a part of the Lorain County Government).

e. Lastly, the Chairman should assign Board members with tasks concerning development of relations with the local political subdivisions within the TID boundaries so as to foster cooperation and potential funding of projects.

f. Scheduled the next TID Board meeting.

He stated that the board has 4-5 members-being an umbrella and bringing other members in as advisory but this is up do the Board. Have legal counsel (county prosecutor) and then the Chairman would assign members to the task and how it would relate to projects for that political subdivision within TID and arrange money for the projects.

Commissioner Ross stated this Board thinks TID to worth pursuing for infrastructure projects within County and a meeting will be called with an agenda.

Commissioner Vasi stated she has not agreed with this, unless the contingency was fulfilled.

Senator Zaleski will contact Commissioner Ross to set this meeting up.

Commissioner Ross moved, seconded by Commissioner Blair to adjourn. Ayes: All.
Motion carried.

JOURNAL ENTRY

Commissioner Blair read the following in observance to National Prayer Day;

Lord Jesus, help me do *one thing today that brings* someone *farther a-way from a problem and closer to a solutions* -*Gina* Bridgeman

THU 7

After this manner therefore pray ye: Our Father...

-MATTHEW 6:9

"Please, let's not talk about this anymore," I said to my mother. Then I hung up, angry. A relative with a fondness for rnisery had said some mean, hurtful things to Mother. No matter what kind deed my mother might perform, Aunt Nana will find some way to criticize her. No matter what good thing happens to her, Aunt Nana will find a way to dampen Mother's happiness. "She's not like you," I had said to my mother. "Why can't you shut her out of your life?"

Now, I sought out a comfortable corner of the living room and sat down to pray away my irritation, but no words came. Finally, I settled on reciting the Lord's Prayer: "Our Father," I began.

I imagined a father with his children gathered about him. Some of them loving and kind, others bickering and fighting. Sometimes they even hurt each other. And does the good father love one child more than the other? No. The father loves each of them, even the misery- makers, as if he or she were his only child.

Today has been set aside as the National Day of Prayer, and all around the country, many of God's children are praying, "Our Father." Their differences might frighten, even irritate me. But no matter what their political choices, language or style of dress, all of them, rich and poor, well-educated and unlettered, are praying, "Our Father."

I want to be a part of this day of prayer. I want to pray for under- standing, forgiveness and peace. I want to ask our Father to show me how I can love all my brothers and sisters, the way He loves. But, first, I must go back to the beginning:

Our *Father, I need to* remember *that You're not only my Father, You are Aunt Nana's Father, too. Let me live as though I know that's true.* -PamKidd

RESOLUTION NO. 98-360

In the matter of Issuing Notice to Proceed letter to D.B.)
Concrete Inc., for the Lake Avenue Pavement Repair Project) May 7, 1998

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby Issue Notice to Proceed letter to D.B. Concrete, Inc. for the Lake Avenue Pavement Repair Project.

Said Notice is effective May 11, 1998 to be completed within 30 working days. Contract was awarded by Resolution No. 98-287, adopted April 9, 1998.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All.
Motion carried.

B.11 RESOLUTION NO. 98-361

In the matter of authorizing the purchase of concrete materials) for the improving the Conrail crossing at West Ridge Road,) May 7, 1998 north of S.R. 113)

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated April 23, 1998 submitted the following:

"In answer to your letter of March 10th, we contacted Conrail regarding improving the crossing at West Ridge Rd., north of S.R. 113 Marie Ward from Conrail indicated that they have a program, as follows:

1. Lorain County supplies the material, barricades and follow-up asphalt work.
2. Conrail will level the tracks as much as possible, install the new concrete or rubber crossing, and reinstall the tracks.

Ms. Ward recommended a concrete crossing because of longer life and said it was also better for truck traffic. We contacted Century Precast, P.O. Box 220, Sulphur, LA 70664 and obtained a price quote of $I 5,507.00 for the material for this crossing.

Please take the necessary action to authorize this purchase and we will coordinate this project with Conrail. The funds are available in the A & G Account K-16.

Sincerely yours, S/Kenneth P. Carney, Lorain County Engineer"

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the recommendation of Kenneth P. Carney, Lorain County Engineer by letter dated April 23, 1998 we hereby authorizing the purchase of concrete materials for improving the Conrail crossing at West Ridge Road, north of S.R. 113.

Motion by Vasi, seconded by Blair to adopt Resolution. Ayes: All.
Motion carried.

B.12 RESOLUIOTN NO. 98-362

In the matter of awarding Contract to Kokosing Construction Co.) in the amount of $216,129.50 for the Lorain County Engineer's) May 7, 1998 1998 Paved Berm Project)

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated April 28, 1998 submitted the following:

"We have reviewed and tabulated the bids that were received on April 27, 1998 for the 1998 Paved Berm Project. They are as follows:

Kokosing Construction Co. P. 0. Box 226, 17531 Waterford Road
Fredericktown, Ohio 43019 $216,129.50

Kokosing Construction proposes to begin work on or before September 1st, and to complete all work on or before October 15, 1998. They have included 7.6% MBE participation with their bid proposal.

S.E. Johnson Co., Inc., 1539 Lowell Street,
Elyria, Ohio 44035 $229,482.00 Submitted
$229,482.50 actual

S.E. Johnson proposes to begin work on or before August 15th, and to complete all work on or before October 30, 1998. They have included MBE participation of 7.6% with their bid proposal.

Eric Blacktop, Inc. 4507 Tiffin Avenue
Sandusky, Ohio 44870 $235,153.00

Erie proposes to begin work on or before June 1st, and to complete all work on or before September 15, 1998. They have included MBE participation of 7.0% with their bid proposal.

Having reviewed the bid proposals, we can see no reason why this bid cannot be awarded to Kokosing Construction Co. for $216,129.50. Our estimate for this project was $236,117.00,

Any award at this time should be made contingent upon receipt of the OPWC Grant, which is expected about July 1st, and the approval of the Request to Proceed. Once these are received, we will notify the Board, and a formal award of this contract can be made.

Thank you for your cooperation with this project.

Sincerely yours, S/Kenneth P. Carney, Lorain County Engineer"

Said bid was the lowest and most responsive bid received complying with specifications.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that based upon the review and recommendation of Kenneth P. Carney, Lorain County Engineer by letter dated April 28,1 998 we hereby award contract to Kokosing Construction Co., in the amount of $216,129.50 for the Lorain County engineer's 1998 Paved Berm Project.

FURTHER BE IT RESOLVED, this award is contingent upon receipt of the OPWC grant and the approval of the request to proceed.

Motion by Blair, seconded by Ross to adopt Resolution. Ayes: All.
Motion carried.

EXHIBIT A

TO

SUBDIVIDER'S AGREEMENT

ESCROW AGREEMENT

KNOW ALL MEN BY THESE PRESENTS:

That Norris Builders, Inc., 170 Mallard Creek Run, LaGrange, Ohio 44050 as Principal, hereinafter referred to as the Subdivider, are held and firmly bound unto the County of Lorain, Ohio, hereinafter called the County, in the full and just sum of FIVE HUNDRED THREE THOUSAND FIVE HUNDRED FIFTY AND NO/100 dollars ($ 503,550.00) good and lawful money of the United States of America and to the payment of which sum of money well and truly to be made and done, the undersigned binds itself, its successors, representatives, agents and assigns firmly to these presents.

The condition of this obligation is such that:

WHEREAS, the Subdivider has presented to the County a plat of a Subdivision of land to be known as Carlisle Woods, #455726 Volume 58, Pages 58, 59, 60 filed March 13, 1997 @ 2:40 P.M. which said plat being located in the Township of Carlisle, Lorain County, Ohio, and having being prepared by Saundon, Simon Cahl & Associates, Inc. for Norris Builders, Inc. of which the Subdivider is a duly authorized agent, and/or owner, and said Subdivider is praying that said plat of Phase II of be approved and accepted by it; and

WHEREAS, as a condition of the approval of said plat, the said County has required:

A. The completion of the construction and installation of certain improvements - aeration systems, screens, water, storm sewers, grading and retention pond, all as shown on the approved improvement plans, and specifications heretofore furnished to said County;

B. That the completion of said construction and installation of said improvements shall be in accordance with the County Standard Construction Drawings, County Construction and Material Specifications, approved project plans to the profile and at the grades approved by the Lorain County Engineer, under his inspection and to his satisfaction;

C. That all of the expense of the construction of said improvements of whatever kind and nature and any legal, engineering, layout surveying, inspection and other expense to be incurred by the County in connection with the performance of such work or the enforcement of legislation of said County applicable thereto shall be borne by the Subdivider and that the Subdivider shall hold the County harmless therefrom;

D. That the Subdivider shall indemnify and save harmless the County from any and all injury and damages which the County may suffer or be subject to from either adjoining property owners or downstream property owners, or new owners within the area of the subdivision by reason of the construction of said improvements; and that the Subdivider shall indemnify and save harmless the County from any and all injury and damages which the County may suffer or be subject to by reason of acts of the Subdivider, his agents, the condition of the incompleted or unplaced improvements, until said improvements have been completed and have also been accepted by the Board of County Commissioners, Lorain County, Ohio;

5. Compliance with the terms and conditions of the approved Subdividers Agreement for the named development, between the Subdivider and the County dated April , 1998

NOW, THEREFORE, in order to secure to the County the prompt performance of the terms, conditions and obligations hereinabove set forth, the Subdivider has deposited with Northern Savings & Company

of (address) 100 Middle Avenue, Elyria, Ohio, in construction account

in the sum of Five Hundred Seven Thousand Seven Hundred Fifty-five and 50/100 dollars, ($ 507,755.50 *(See Exhibit A) Subdivider for improvements to Phase II, to be held and disbursed by said as hereinafter provided and the Subdivider agrees and undertakes as follows:

1. Upon certification by the Lorain County Engineer of invoices for labor and materials and equipment furnished for the installation and construction of said improvements from time to time, during the progress of construction and installation of said improvements, the Subdivider shall pay to the person or persons designated in said certificate the amount so certified for payment by said Engineer. Prior to asking any payments from the said construction loan account under this provision said Engineer shall furnish a copy of such certification to the Subdivider.

2. Until final completion of the said improvements and acceptance thereof by the Board of County Commissioners, no certificate by the County Engineer or authorization of payment to any contractor, subcontractor or person furnishing labor or materials for or upon such work shall operate or be construed as an acceptance of said improvements by or on behalf of the County.

3. In the event the Subdivider fails to perform any or all of the conditions or obligations herein required of him to be performed, then said Subdivider is directed to disburse any balance of said Construction Loan Account 122255-2 as authorized or instructed in writing by the Board of County Commissioners for the completion of said improvements and in the discharge of any obligations imposed upon the undersigned by this Escrow Agreement and by the Subdividers Agreement referred to in Paragraph 6 above. In the event that the balance in the said construction loan account should not have a sufficient balance to complete the improvements to the satisfaction of the County, this condition shall not release the Subdivider from his obligation to the County as stated hereinabove.

4. To be responsible for and to complete all the conditions set forth in Paragraphs A, B, C and D above.

5. The construction inspection fees shall be paid by the Escrow Agent to the Lorain County Engineer upon receipt of an invoice.

6. All costs and expenses in connection herewith, or with the Agreement aforesaid, shall be paid by the Subdivider.

7. The provisions of this Escrow Agreement and any acts thereunder by any of its officers or employees shall not constitute or be construed as constituting the County or the agent of the Subdivider, Northern Savings & Loan or any Contractor, Sub-Contractor or person or persons furnishing labor or material on or for the improvement referred to herein, and said County and its officers or employees are hereby relieved and discharged from any liability or responsibility therefore except for fraud or willful misconduct in the performance of such acts.

Upon completion of all required improvements, the Subdivider shall forward to the Board of County Commissioners a written request for acceptance of said improvements. The County Engineer shall within 90 days of receipt of request either advise the Subdivider in writing of a final list of items needing completion or corrections, or shall forward his request to the Board of County Commissioners with a letter report certifying that all improvements have been completed in compliance with the County regulations and standards. If corrections were requested, said corrections shall be made by the Subdivider within 120 days. If not made within said 120 days, the County may draw such funds as may be needed from the escrow agent to make any such corrections or completion of required improvements.

NOW, THEREFORE, if Norris Builders, Inc.

shall honestly and faithfully perform all of the conditions herein and in said Subdividers Agreement required of it to be performed, then this obligation shall be null and void, otherwise to remain in full force and effect.

IN WITNESS WHEREOF, said Norris Builders, Inc.

have caused this Escrow Agreement to be executed this 14th day of April 19 98.

#3. Grand Jury Report – Judge McGough.

JOURNAL ENTRY

Mary Beth Derikito asked once the Executive Session is completed, would the Board return to take action. The Board stated yes once the executive session has been completed.

JOURNAL ENTRY

Debbie Horvatter said last week the contact for United Heath Care was entered into and on July 24 a journal entry states that "Mary Jo Vasi stated that employees have been having problems with Diabetic Strips. She would like to see that these are paid items and what does the Board need to do to accomplish this. Mr. Virgil J. Muntean replied that we would add this as a covered benefit. Commissioner Betty Blair stated that Jim Cordes has been working on this and before the Board adopts a resolution, we need to meet with him and discuss this issued.

Commissioner Vasi stated she would like this resolved and take Board action by next week. This is costing people and the County more money!" She was wondering if the Board had ever followed through on this because this is a concern of many employees within this county.

Commissioner Ross said the employees that are affected by this should contact the benefits office and they would look into this.

Mr. Muntean said this benefit is totally different from what the contact was entered into, but the benefit schedules are being looked at, because Blue Cross was paying these strips in error and was not a covered benefit at that time, so therefore it would have to be negotiated with United Health Care.

Ms. Horvatter said you have employees who are diabetics working here for 15+ years and it has been a mistake this long, Mr. Muntean will check with Mr. Cordes.

Commissioner Vasi said it is up to this Board what we will and will not pay.

Mr. Muntean said there have been many changes with insurance companies and benefits within the last 15 years.

Commissioner Vasi moved that we pay for this coverage.

Commissioner Ross said we need to look at all benefits to see how it will affect the cost and have a report issued to this Board.

JOURNAL ENTRY

Mr. Kish asked if this Board has been in contact with the Railroad Commission. Commissioner Ross said he has not been informed. Mr. Kish said there will be a meeting at Pittsfield Hall on May 14, 1998 at 7:00p.m. and we are inviting the Board.

JOURNAL ENTRY

Mrs. LeBoda said this is sad that the Commissioners have to argue over diabetic strips, they are very important as well as taxpayers, we will be showing that over the next few meetings. These strips are necessary and she thought the Board should solve this before the Commissioners adjourn. Commissioner Ross said we are not arguing over these strips and you are not hired to represent these people. Mrs. LeBoda stated maybe she will represent them.

May 7, 1998 JOURNAL ENTRY

Commissioner Blair moved, seconded by Commissioner Ross to recess into an Executive Session to discuss pending litigation of Mechanics Lien, negotiations of the Law Library and personnel issues.
Upon roll call the vote taken thereon, resulted as Ayes: All.
Motion carried.

Commissioner reconvened the executive session at 12p.m. to recess again at 2:00p.m.

They reconvened and the following resolutions were adopted:

B.9 RESOLUTION NO. 98-379

In the matter of awarding bid to B&C Communications in the) amount of $44,400.00, minus optional warranty for the) May 14, 1998
purchase of sixty (60) portable radios and associated equip-)
ment for the Lorain County Sheriff's Department)

WHEREAS, Sheriff Martin Mahony by letter dated April 22, 1998 submitted the following:
"The Sheriff s Office has reviewed the below three (3) bids for portable radios and related accessories.

1. First Communications Tallahassee, Florida
   Total bid minus optional warranty - $ 43,620.00
2. B & C Communications Parma, Ohio
   Total bid minus optional warranty - $ 44,400.00
3. Vasu Communications Avon, Ohio
   Total bid (cannot separate warranty) $ 46,884.00

We recommend the number 2 bid, B&C Communications. Though they are $780.00 higher then the number I bid (First Communications) we believe the package bid by B&C Communications is the better bid for the below listed reasons

- RADIO PROGRAMMING - B&C will program and reprogram (if necessary) the radios on site as opposed to all programming being done in Florida. B&C will also program the man-down feature in each portable and our main (Zetron) console at no additional charge.
- AFTER WARRANTY REPAIR - It will cost $8.33 (one way) to mail each portable radio to Florida with "declared value/insured" as opposed to local pick-up by B&C Communications. B&C has repair technicians living in and working out of Lorain Co. If we UPS a portable radio to First Communications (Florida) said unit will be out of service for a significant period of time leaving the officer without the use of a vital piece of equipment. A local dealer will significantly reduce the down-time.

Respectfully submitted, S/Martin J. Mahony, Sheriff'

Said purchase will be paid from the Local Law Enforcement Block Grant.

NOW, THEREFORE BE IT RESOLVED, the Lorain County Board of Commissioners based upon the request of Sheriff Mahony by letter dated April 22, 1998 we hereby award bid to B&C Communications in the amount of $44,400.00 minus optional warranty for the purchase of sixty (6) portable radios and associated equipment for the Lorain County Sheriff's Department.

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby Instruct the Clerk to advertise Notice of Intent to Request Release of Funds with the State of Ohio Section 104(g) of Title I of the Housing and Community Development Act of 1974, to be used for various projects located in Sheffield Township, Amherst City, Grafton Township and city of Oberlin for a total estimated CDBG Cost of $137,900.00.

Said Notice will be published in the Morning Journal and Chronicle Telegram on Wednesday, May 20, 1998 as follows:
"To all interested agencies and groups:
On or about May 28, 1998, The Board of Lorain County Commissioners will request the State of Ohio to release Federal Funds under Section 104 (g) of Title I of the Housing and Community Development Act of 1974, as amended; Section 288 of Title 11 of the Cranston Gonzales National Affordable Housing Act (NAHA), as amended; and/or Title IV of the Stewart B. McKinney Homeless Assistance Act, as amended; to be used for the following projects:

Resolution No. 98-388 cont. May 14, 1998

PROJECT NAME	ACTIVITIES	SOURCE OFFUNDS	LOCATION	ESTIMATED CDBG COST
Flood & Drainage Facility	Replace 850 LF of storm sewer	CDBG	Twp of Sheffield Fleming Avenue	$ 67,200
Removal of Architectural Barriers	One (1) Ramp, One (1) One (1) Restroom Facility One (1) Elevator/Door	CDBG	City of Amherst	$ 28,900
Removal of Architectural Barriers	One (1) Restroom Facility	CDBG	Twp of Grafton, Township Hall/ Fire Station Complex	$ 10,300

An Environmental Review Record (ERR) for the Project listed above has been prepared by the County of Lorain. The ERR documents the environmental review of the project. The ERR is on file and available for the public's examination and copying, upon request, between 8:00 a.m. and 4:30 p.m. at the above address.

The County of Lorain will undertake the project described above with Federal funds cited above. Any interested person, agency, and/or group which has any comments regarding the environment, are invited to submit written comments for consideration to the County of Lorain at the address above listed prior to May 28, 1998.

The County of Lorain is certifying to the State of Ohio that the County and Michael Ross, in his capacity as President of the Board of Lorain County Commissioners, consent to accept the jurisdiction of the Federal courts if an action is brought to enforce responsibilities in relation to environmental reviews, decision-making, and action; and that these responsibilities have been satisfied.

The legal effect of the certification is that upon its approval, the County of Lorain may use the Federal funds, and the State of Ohio will have satisfied its responsibilities under the National Environmental Policy Act of 1969, as amended.

The State of Ohio will accept an objection to its approval of the release of funds and acceptance of the certification only if it is on one of the following bases: (a) the certification was not in fact executed be the County's Chief Executive Officer; or other officer of the County approved by the State of Ohio; or (b) that the County's environmental review record for the project indicates omission of a required decision, finding, or step applicable to the project in the environmental review process.

Written objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58), and must be addressed to the: State of Ohio, Environmental Officer; Community Development Division; P.O. Box 1001; Columbus, Ohio 43266-0101.

Objections to the Release of Funds on bases other that those cited above will not be considered by the State of Ohio. No objections received after June 16 1998, (which is 15 days after it is anticipated that the State will receive a request for release of funds), will be considered by the State of Ohio.

Said Mumford litigation case attachments are as follows:

2-25-98

COMPLETE SETTLEMENT AND RELEASE

WHEREAS, DAVID M. MUMFORD, hereinafter "Mumford", sued the HONORABLE JOSEPH C. ZIEBA, hereinafter "Judge Zieba", and others, in the matter of David M. Mumford vs. Joseph C. Zieba, et al., United States District Court, Northern District Of Ohio, Eastern Division, Case Number 1:90CV2243, hereinafter "Zieba Litigation"; and

WHEREAS, Mumford sued the HONORABLE DAVID A. BASINSKI, hereinafter "Judge Basinski", and others, in the matter of David M. Mumford vs. David A. Basinski, et al., United States District Court, Northern District Of Ohio, Eastern Division, Case Number 1:96CV2182, hereinafter "Basinski Litigation"; and

WHEREAS, the Zieba Litigation was decided in favor of Lorain County, Ohio and Judge Zieba; and was decided adverse to Mumford; and

WHEREAS, Judge Zieba's and Lorain County's Motion For An Award Of Prevailing Party Attorneys' Fees And Expenses is still pending in the Zieba Litigation; and

WHEREAS, the Basinski Litigation was decided in favor of Lorain County, Ohio and Judge Basinski; and was decided adverse to Mumford; and

WHEREAS, Judge Basinski and Lorain County obtained a judgment against Mumford in the Basinski Litigation for prevailing party attorneys' fees and expenses, hereinafter "Fee Judgment"; and

WHEREAS, Mumford appealed the Fee Judgment in the Basinski Litigation; and

WHEREAS, Mumford, Lorain County, Judge Zieba and Judge Basinski are mutually desirous of resolving all remaining justiciable issues in both the Zieba Litigation and the Basinski Litigation via a negotiated settlement.

NOW, THEREFORE, in consideration of the mutual promises and covenants hereinafter contained, Mumford, Lorain County, Judge Zieba and Judge Basinski mutually agree as follows: to wit:

ITEM ONE (1): In consideration of Mumford paying Lorain County, Ohio the sum of Six Thousand Dollars ($ 6,000.00), as hereinafter specified; and in consideration of Mumford forthwith dismissing his appeal of the Fee Judgment in the Basinski Litigation, Lorain County and Judge Zieba shall forthwith withdraw their Motion For An Award Of Prevailing Party Attorneys' Fees And Expenses in the Zieba Litigation; and Lorain County and Judge Basinski shall forebear from executing upon the Fee Judgment in the Basinski Litigation.

Mumford shall pay Lorain County, Ohio the sum of One Hundred Fifty Dollars ($ 150.00) per month, commencing on March 10, 1998 and terminating on July 10, 2001. Mumford shall have a five (5) day grace period with respect to the payment of each monthly installment. The monthly installments shall be payable by check, made payable to "Daniel J. Talarek, Lorain County, Ohio Treasurer". The monthly installments shall be mailed to Lorain County, Ohio in care of M. Robert Flanagan, Assistant County Prosecutor, Lorain County, Ohio Prosecutor's Office, 226 Middle Avenue, 3d Floor, Elyria, Ohio, 44035.

Mumford may, at his option and without any pre-payment penalty, prepay all and/or any portion of the Six Thousand Dollar ($ 6,000.00) settlement.

In the event that any one (1) monthly installment is unpaid for a period of sixty (60) days after the due date, then, Lorain County, at its option, may declare the within Complete Settlement And Release null, void and of no legal effect; and may seek an award of prevailing party attorneys'

fees and expenses in the Zieba Litigation and/or execute upon any remaining balance of its Fee Judgment that was recovered in the Basinski Litigation. In the event that Lorain County should declare the within Complete Settlement And Release null, void and of no legal effect and may attempt to seek an award of prevailing party attorneys' fees and expenses in the Zieba Litigation and/or execute upon any unpaid portion of its Fee Judgment that was recovered in the Basinski Litigation, then with respect to any prevailing party fee award that may be recovered in the Zieba litigation and/or any execution upon the Fee Judgment recovered in the Basinski Litigation, Lorain County shall credit any prevailing party fee award that may be recovered in the Zieba Litigation and/or any execution upon the Fee Judgment recovered in the Basinski Litigation in an amount equal to the total amount of monthly installments paid by Mumford prior to the time at which Lorain County declared the within Complete Settlement And Release null, void and of no legal effect and attempts to seek legal relief regarding the within Complete Settlement And Release having been declared null, void and of no legal effect.

No portion of Mumford's Six Thousand Dollar ($ 6,000.00) payment to Lorain County shall be dischargeable in any bankruptcy or insolvency proceeding.

ITEM TWO (2): Mumford, Judge Zieba, Judge Basinski and Lorain County, Ohio, individually, and for their respective heirs, devisees, successors and/or assigns, shall forever and completely release, remise and discharge one another, their respective agents, employees, servants, officers, directors, board members, successors and/or assigns, of and from any and all past, present and/or future liabilities, claims, demands, obligations, actions, causes of actions, whether known or unknown, whether arising in contract, in tort, in statute or otherwise, which may or may not have resulted in the alleged acts and/or alleged omissions, as set forth in the Complaints filed in the Zieba Litigation and the Basinski Litigation, as well as any and all alleged claims which could have, but were not, set forth in said Litigations.

ITEM THREE (3): That the within Complete Settlement And Release is made in compromise of disputed and doubtful claims; and the payment of money and mutual exchange of other good and valuable consideration shall not be construed as an admission of liability on the part of any party to the within Complete Settlement And Release, which parties expressly deny any and all liability alleged against one another in the Zieba Litigation and in the Basinski Litigation.

ITEM FOUR (4): Mumford fully understands, acknowledges and agrees that it is the purpose of the within Complete Settlement And Release to compromise and terminate all claims for damages and injuries of whatever nature, both known and unknown, including any future developments thereof in any way growing out of and/or arising from the matters set forth and/or which could have, but were not, set forth in the Zieba Litigation and in t

he Basinski Litigation.

ITEM FIVE (5): Mumford agrees, acknowledges, represents and warrants: that no promise or inducement has been offered except as herein set forth; that the within Complete Settlement And Release is executed without reliance upon any statement or representation by Judge Zieba, Judge Basinski and/or Lorain County or its representatives concerning the nature and extent of the alleged damages or legal liability therefor; that Mumford is of legal age and is legally competent to execute the within Complete Settlement And Release, and accepts sole and full responsibility therefor.

ITEM SIX (6): That the terms and conditions of the within Complete Settlement And Release contain the entire agreement by and between the parties hereto; and that said terms and conditions are contractual in nature, not mere recitals;.

ITEM SEVEN (7): Mumford acknowledges that: he and his legal counsel have read the foregoing Complete Settlement And Release before executing same; he and his legal counsel understand and agree to all of the terms, conditions and provisions of the foregoing Complete Settlement And Release; and he executes the foregoing Complete Settlement And Release as his own free act and deed.

ITEM EIGHT (8): That the foregoing Complete Settlement And Release shall be construed and interpreted in accordance with the laws of the State of Ohio; and shall be executed in duplicate.

IN WITNESS WHEREOF, we have voluntarily hereunto set our hands, in duplicate, on the dates opposite our respective signatures, as our respective voluntary free acts and deeds.

Case Number 1:90CV2243

Dear Mr. Kuzel,

This is to confirm our May 12, 1998 telephone conversation regarding the above referenced matter wherein AIG and Lorain County have mutually agreed to vary the payment terms from those originally set forth in the attached Letter Of Understanding due to governmental accounting requirements. Specifically, rather than alternating receipt of Mr. Mumford's One Hundred Fifty Dollar ($ 150.00) monthly installments, Lorain County will issue one (1) check a year to AIG each December until AIG has received the sum of Two Thousand Dollars ($ 2,000.00). The amount of each December check shall be fifty percent (50%) of all monies received by Lorain County from Mr. Mumford during the year. Mr. Mumford began making payments to Lorain County in March of 1998. Thus, it is anticipated that the amount of the December, 1998 payment to AIG will be Six Hundred Seventy Five Dollars ($ 675.00). It is anticipated that the amount of the December, 1999 payment to AIG will be Nine Hundred Dollars ($ 900.00). Once Lorain County receives Mr. Mumford's 2000 installment payments in the amount of Eight Hundred Fifty Dollars ($ 850.00), Lorain County will be able to issue a final payment to AIG in the amount of Four Hundred Twenty Five Dollars ($ 425.00) in the Summer of 2000.

Please acknowledge AIG's approval of the above payment variation by signing this original correspondence and returning same to the undersigned at your earliest convenience.

Please do not hesitate to contact me should you have any additional questions or comments concerning the above referenced matter.

Sincerely,

GREGORY A. WHITE

JOURNAL ENTRY

Commissioner Ross stated that today's' meeting was rescheduled due to a meeting he had with Governor Voinovich in Lake County and primarily because he thought Commissioner Blair would be on vacation today, and there would not be a quorum in the morning. Commissioner Ross stated that he was addressing Governor Voinovich and his Cabinet at 10:00 am, regarding Economic Development issues taking place in Lorain County. He informed the Governor that while we have been enjoying a period of growth and expansion in Lorain County, there is still much work to be done. Governor Voinvoich invited Commissioner Ross or a representative of the board to meet with him and discuss infrastructure improvement and economic development initiative for Lorain County. A follow-up with the Governor for this meeting will be done within the next few weeks. Commissioner Vasi stated that we could prioritize a list of issues to discuss.

JOURNAL ENTRY May 14, 1998

Commissioner Blair read a Certificate of Recognition awarded to Lorain County Local Corrections Planning Board for achieving a system-wide approach and planning and development community corrections in the local justice system, received from the Ohio Department of Rehabilitation and Corrections.

Commissioner Blair acknowledged Mike Willets, Director, Adult Probation Department receiving this award. Mr. Willets said this was an annual award. We have assisted other counties in some of their grant planning and planning programs. Mr. Willets said he and Judge McGough go to other counties to speak on how the Community Corrections Board need to be set up and how Lorain County's Board works together on a common cause.

The Commissioners congratulated Mr. Willets and the Community Corrections Board for this "well-deserved" award.

JOURNAL ENTRY

Mr. Robert Kish, Pittsfield Township resident, spoke to a group pertaining to his water problem. He stated that some of the landowners are not at all affected with flooding problems. Through the years, the Township had a ditch on the north side, but we are still talking.

Mr. Kish said he found out something amazing, that the 12" culvert he has been complaining bout, that when it was installed in 1907 it was 18" square and made out of wood, so this has been down-sized and filled the ditch besides, so that is why he has a water problem!

JOURNAL ENTRY

Commissioner Blair moved, seconded by Commissioner Ross to recess into an Executive Session to discuss new hires/personnel issues.
Upon roll call the vote taken thereon, resulted as Ayes: All.
Motion carried.

Commissioners reconvened and no action will be taken.

JOURNAL ENTRY

Mark Stewart, Lorain County Auditor along with Dick Ackerman, Elyria City School District were present to address the Board for support and to endorse the "School To Work Transcript" Program.

Mr. Stewart stated that the Business Advisory Council and the Elyria City Schools are offering a valuable tool to use when evaluating a job applicant currently in high school or has no prior work record since high school. The program is called "School To Work Transcript". This document will provide you, as employers, a record of the applicants grades and attendance during his/her high school years.

Mr. Ackerman said that this can greatly enhance the employer's interviewing process and assist in evaluating the best candidate to meet the company's employment needs. The job applicant should have a copy of their "School To Work Transript"or they can get one to the employer. Currently there are nearly 50 Lorain County businesses utilizing this program. Alltel Telephone Company, Avon Oaks Nursing Home and Nordson are only a small number of the current employers using this program.

Mr. Stewart stated that not only Elyria High School participants in this program, all schools within the County participate in the "School To Work Transcript" Program. Mr. Stewart requested the Board of Commissioners consider supporting and endorsing this program.
Commissioner Ross asked how employers would utilize this data.
Mr. Stewart responded that the employer could review the students grades, tardiness and their attendance record which is very important. Mr. Stewart said if he saw a student that had a problem with tardiness, during the interview he could stress the fact that in school being tardy is one thing, but when you have a job you must be to work on time, and if there is a problem in that area the employer could work with that student.

Commissioner Blair asked Mr. Cordes, Human Resources Director for his comment. Mr. Cordes stated that he has known about this program, but the Commissioners/Personnel Department has not yet been involved at this point, but could see it being used as a valuable tool for interviews.

Discussion continued.

RESOLUTION NO. 98-394

In the matter of supporting and endorsing)
the "School to Work Transcript" Program)
and encourage County Departments to) May 21, 1998
utilize this program when considering)
the employment of personnel)

WHEREAS, Mark Stewart Lorain County Auditor and Dick Ackerman, Elyria City School District distributed information to the Board of Commissioners with reference to the "School To Work Transcript" Program which indicates the following:

"The Elyria Schools and the Business Advisory Council is pleased to offer your staff a valuable tool to use when evaluating a job applicant currently in high school or has no prior work record since high school. **The** "School To **Work Transcript."**

This document will provide your employment specialists with a record of the applicant's grades and attendance during his/her high school years. We believe this can greatly enhance your company's interviewing process and assist in evaluating the best candidate to meet your company's employment needs. Best of all, your company does not have to **fill** out any form to request the transcript. The job applicant should have a copy of their "School To Work Transcript" or they can get one to you.

But this tool is of no value to your company or the applicant if no one requests it. Currently, nearly 50 Lorain County businesses are utilizing the "School To Work Transcript." Will you join them? The transcript and the information it contains will only become valuable to the student if they know their potential employer places value in it and will be asking for a copy.

On behalf of the schools, businesses, parents and students, thank you for your support.

Sincerely S/Joe Myor, York International President, BAC
S/Jo Toth, Development Consultant, Co-Chairman, BAC
S/Lois Koehler, EMH Regional Medical Center, Committee Member
S/Kevin Hyatt, D.DS., Elyria Dental Arts Committee Member"

NOW, THEREFORE, BE IT RESOLVED by the Lorain County Board of Commissioners we do hereby support and endorse the "School To Work Transcript" Program as introduced by the Lorain County Auditor and the Elyria City Schools as a valuable tool when interviewing potential employees.

FURTHER BE IT RESOLVED, this Board of Commissioners hereby encourages the Human Resources Department and other County Departments to utilize this program which will provide a record of the applicants grades and attendance during his/her high school years.

BE IT FURTHER RESOLVED, that departments when utilizing this program, also coordinate with the JTPA Department when seeking Summer Employees as well.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All. Commissioner Mary Jo Vasi, absent, attending outside office meeting.

Motion carried.

E. OLD BUSINESS

#1. Jim Cordes, Human Resources Director submitted memo to the Commissioners dated May 8, 1998 relative to the Diabetic Test Strips which was questioned at the meeting of May 7, 1998. The memo reads as follows:

"It has come to my attention that there was some concern as to whether the issue of diabetic test strips availability under the health are plan was rectified. Please be advised that test strips are a covered benefit as stated in the Summary Plan Document (SPD).

I believe this matter may have escaped the Board as we discussed this issue almost one year ago. It was agreed that because Medical Mutual of Ohio (MMO) had previously covered the test strips, that United Health Care (UHC) should also.
This was in response to the United Auto Workers complaint. I was instructed by the Board to correct the matter with UHC, which I did."

Medical transportation services for Human Services)
Clients in Lorain County)

WHEREAS, Mary Lou Golski, Director, Lorain County Human Services by letter dated May 8, 1998 submitted the following:

"I am requesting a Commissioners' Resolution be passed approving a Medical Transportation Agreement between Lorain County Human Services and Life Care Ambulance, Inc.. The time frame for the contract will be from July 1, 1998 through June 30, 1999. The terms of this agreement will be for a period of twelve (12) months or a maximum of $24,000 whichever comes first. It may be renewed at the same terms and conditions providing the agreement of all parties and the availability of funds.

The Lorain County Purchasing Department advertised for bids and the only bid was received from Life Care Ambulance, Inc. The bid packet received was judged to be complete and is on file in the purchasing department for your review. Life Care Ambulance, Inc. is our agency's current provider for this transportation service (and is utilized mainly for transportation, which cannot be scheduled through LCT).

Enclosed please find three (3) copies for this Medical Transportation Agreement. Please keep one fully executed copy for your files and return the others to me for distribution.

Thank you for your cooperation in this matter.
Sincerely, S/Mary Lou Golski, Director, LCHS

Said Agreement is effective July 1, 1998 through June 30, 1999 with terms of a twelve (12) month or a maximum of $24,000.00 whichever comes first with a 30 day written cancellation clause. This Agreement is considered a part hereof to this resolution by reference thereto and can be found on file in the Commissioners/Human Services Department and said bid was the only one received and complied with all specifications.

NOW, THEREFORE BE IT RESOLVED, the Lorain County Board of Commissioners based upon the request of Mary Lou Golski, Director, Lorain County Human Services by letter dated May 8, 1998 we hereby approve and enter into Medical Transportation Agreement between the Lorain County Human Services and Life Care Ambulance, Inc. for Medical transportation services for Human Services Clients in Lorain County.

Motion by Vasi, seconded by Blair to adopt Resolution. Ayes: All
Motion carried.

B.16 JOURNAL ENTRY

In the matter of awarding contract to Donley's Inc. of Cleveland)
Ohio for the Lorain County Parking Garage repairs in amount of) May 28, 1998
$1,080,220.00)

Commissioner Ross stated that these bids have been reviewed by the Design Engineering Firm, Desman and Associates and they have made this recommendation. Although Donley's Inc., was not the lowest bid, but the most responsive bid.

Mr. Muntean stated that time is critical on the repair of the parking deck. The fabric that is applied is temperature sensitive. The Design firm does not want to stretch the project over this summer and winter, and perform these repairs and have rock salt spread into the parking deck and penetrate the unsealed concrete.

Mr. Bartholomew, Desman & Associates stated that one of the things they reviewed when these bids were submitted, was the completion time. Most of the bidders had completion dates of around the first of 1999 or later. The last item of work performed is the installation of a water-proofing membrane, which is temperature sensitive, so the faster you can get the job done the better off you are going to be. If you leave the deck bare over the winter and have the contractor return and finish repairs during the summer, why do the work at all. We felt it was better to have the work done now and be completed in one construction season, you also eliminate the inconvenience of people and safety hazards by making them park in other places then the garage.

Mr. Muntean stated that one other issue a contractor qualified their bid was requesting a larger work area, but the specs determined we would be able to give them no more than 1/2 of the garage because parking is limited in the area. By qualifying their bid, they disqualified themselves, plus the days they were requesting to complete the work was by far to long.

The Commissioners were satisfied with the information given and the following resolution was adopted:

RESOLUTION NO. 98-424

In the matter of awarding contract to Donley's Inc. of Cleveland)
Ohio for the Lorain County Parking Garage repairs in amount of) May 28, 1998
$1,080,220.00)

WHEREAS, on date of April 29, 1998 bids were received, opened and tabulated for repairs to the Lorain County Parking Garage; and

Resolution No. 98-424 cont. May 28, 1998

WHEREAS, four (4) bids were received and Donley's Inc. was determined to be the most responsive bid based on the recap and information supplied by Desman & Associates, the Design Engineer firm, who have prepared plans and specifications for this project.

NOW, THEREFORE BE IT RESOLVED, we do hereby award Contract to Donley's Inc., of Cleveland, Ohio for the Lorain County Parking Garage repairs in the amount of $1,080,220.00 based upon recap and information supplied by Desman and Associates, the Design Engineering firm.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All.
Motion carried.

JOURNAL ENTRY

Commissioner Ross stated that it should be noted that Donley's, Inc. is a Union contractor. Mr. Muntean said that he has talked to the President of Donley's, Inc. and they would be using Lorain County residents for employment.

Commissioner Ross asked that they consider using, as this Board has requested in the past, some applicants form the pool of welfare-to-work applicants.

A representative from Donley's Inc. was present and indicated yes, they have done that previously.

JOURNAL ENTRY

In the matter of awarding Contract to Sprint for the Nortel)
Meridian 1 PBXs and Norstar Key Systems in amount of) May 28, 1998
$1,603,102.00 to provide a "turn key" implementation of a)
telephone system, cable and station equipment for the County)

Commissioner Ross stated that he has had an opportunity to review the bids in great detail, and in his opinion, the Sprint bid was not the most responsive bid and even through Sprint bid was lower, but would request further discussion, and that our data personnel review those bids to confirm if his thoughts on this bid award is correct. After reviewing the bids, Commissioner Ross felt that the most responsive bid was that of GTE, even though it was not the lowest bid received.

Mr. Dave Keener the way the specifications were written, did not include all the data information that goes along with phone cables which could save the County money over a period of time, because you can pull two cables at once versus one.
Mr. Keener said the Sprint bid does include pulling cables through the wall. The bid from GTE went a little further then what was specified, by including alot of equipment and options that are standard where Sprint had listed as options. The data department looked over all the bids and it was their determination that GTE had the more complete bid if you were looking at the data side.

Commissioner Ross stated that has had talked with Bob Milovich today and Sheriff Mahony who has some concerns with the phone system. He told Sheriff M that we are also looking at his short-term needs so that in the event of a safety crisis the phones at the so are not done and they can respond.

Commissioner Ross said that Nancy Bryant, our Telecommunications person was at the Sheriffs Department, otherwise she would have been asked to attend today's meeting. He had talked with her about this and she indicated that she would like to get this moving, but also concurred that the data piece was lacking in the Sprint bid and that she had made that input some time before when the bids had gone out.
He said he would at this time move to award the bid to GTE and it is now open for discussion. Comm Vasi seconded the motion for sake of discussion.

Commissioner Blair asked what would be accomplished for the data department after the hook- up is there for each of the sites, and the hook-up is provided by the Sprint bid. What additional is going to be done after the hook-up. Commissioner Blair said she does not believe we asked for that, it is not identified. Why would we be awarding a bid for a higher amount of money before we identify what the actual use is going to be.

Commissioner Vasi stated that it was her impression that when this Board spoke with the Consultant, that they had everything they needed from Data and now Dave is saying that there is some optional items through Sprint, what type of items.

Dave Keener responded that the items had to deal mainly with the "wide-area network" that goes out to certain buildings of the County that presently have very sub-standard data connections to this building, which is the heart of the data center for the County. Their bid included special equipment that would help make those connections to those buildings better and faster which will elevate us having to get separate bids or vendors to make those runs for us. This was already put into the GTE section.

Commissioner Vasi stated that the Consultant talked about "black boxes", is that what you are talking about, he said those were not included to pull the wires at the same time that Sprint included that item. Dave said yes, they are talking about pulling wires from the closets. Every floor in this building and the Courthouse as well as other buildings has a closet, pulling from the closet to the work station that is included in the Sprint bid. What he was talking about is the wire-area network having to do with the entire county network as a whole, i.e. Cooks Building, Sheriff's Department, Juvenile, Detention Home etc. GTE did include the special networking.

Commissioner Ross commented that we have history with GTE for example at 9-1 - 1. WE are using their equipment and living by it. If I have to make a choice and go with someone we have a track record with, the fact that it is a slightly higher bid, we just awarded a higher bid for the parking garage repair. Our telecommunications and data equipment is of such a nature to get a better product and more comprehensive product, we could award to a higher bid.

Commissioner Blair said she was not averse to doing that if the benefit is outlined and definitive, but it has not been made definitive as far as she is concerned. This is something we did not ask for in the specifications, and what is the benefit to the County and where are we going with this. Commissioner Blair stated that she was not satisfied with the explanation and wanted to know what is the difference between the two bids.

Commissioner Ross it is $1.8 million as opposed to $1.6 bare bones bid, but we have to go out and get some of those options. We will be spending a lot more than $200,000.00 difference in the bids. Commissioner Ross said he prides himself in that fact that he does have some computer and telecommunications literacy and he took the liberty to go thoroughly the documents that were sent by the consultant and talked to experts right here in house like the data personnel. Even though we did not ask for it in the bids, we do need it and this County needs a comprehensive approach to our data/tele-communications issue.

Commissioner Blair said that she is not sure that is what we are getting. With all due respect to our in-house people, why did we hire CRA and pay them a fee to do this project for us, if we are going to ignore their recommendation.
Commissioner Ross responded that CRA did a fine job in preparing this information.

Commissioner Blair said that Commissioner Ross mentioned that none of us are experts in this field, and she is looking to someone that supposedly is an expert who has given us a recommendation. We better have some strong concrete information before we reject that recommendation and award a bid to a company for a larger amount of money.

Commissioner Vasi stated that we had asked the consultant to speak with the data people and Bob and maybe we rushed to put this on the agenda to fast before they came back and gave us additional information. I agree that with Commissioner Ross that if this is going to be done, lets do it right.

Commissioner Blair commented that she agrees with that, but who decides what is right. This is a technical piece of equipment and she said she is not an expert to decide on what is the right way. Commissioner Blair stated that she was not willing to vote on this from that point of view.

Commissioner Vasi asked Mr. Keener is the consultant has talked with him. Mr. Keener said yes they did. Commissioner Vasi said that they have not gotten back with the Commissioners about your conversation. She suggested that we hold upon this vote at this time, because we need to see if they come up with the same results as Commissioner Ross did.

Commissioner Ross said he does not discount the work the consultant has done for this Board, they compiled the information in a way we could understand. He does not come to the same conclusion as the consultant!

Commissioner Vasi stated that the consultant should come back to this Board after their conversation with data. Commissioner Blair said she agrees.

Commissioner Ross said that we will need to come to 2 basic conclusions: either we go out for some additional bids to include the data piece so that all bidders have an opportunity to tell us how to adjust their bids in a way that reflects the broader picture; or we award to the one bidder that has already done that!

Commissioner Vasi stated she agrees with that, and maybe we need more time to hear form the consultants. Commissioner Vasi asked Mr. Cordes if the consultant has talked with him after they talked with data personnel.

Mr. Cordes responded that they have. The feedback they received from talking with the data personnel was they had reconciled themselves with the data department, and he is hearing something different at this meeting!

Mr. Cordes said he had talked with Mr. Keener on the cat 5 and cat 3 cables situation. Mr. Keener and Mr. Milovich have some concerns, but he thought these issues were resolved. Mr. Cordes stated that he does not know what pieces the data people are saying are missing that they need. He does not know where they are getting their information. because there is a summary of the proposal and the data personnel do not have a copy of the proposal, so how could they know what was proposed accept the overall information that was put into the summary. It was not detailed in the summary the exact specific individual piece of equipment was.

Commissioner Ross responded that he does not know if that is the issue. When he spoke with Nancy Bryant she concurred that there was no input or discussion from data, and maybe that is where we got off to the wrong direction from the start. It is very critical that these two areas be linked.

Mr. Cordes stated absolutely. When he discussed this with the Board about a year ago, he asked for only voice capability money be put aside for the new PBX, we did not look at the data element. Some data elements came into the picture later on, but he thought that was addressed by getting a separate bid for a category 5 cable. If there are additional things needed.

Commissioner Vasi said that this could create another problem, because if it was not included in the specs we may have to go out for another bid.

Mr. Cordes said that this was his concern. If we did not bid something and we awarded the bid because someone else threw something into the bid, we could potentially expose ourselves to some problems.

Commissioner Ross stated that maybe the issue them becomes throwing out the bids and starting over and get a fair bid on the entire package. I will withdraw my motion to award bid to GTE and review further and consult with the County Prosecutor with regards to whether or not we need to withdraw altogether. Commissioner Blair commented that we also need to identify the comprehensive issues to clarify the technical areas.

Mr. Keener stated that the data side of this phone bid is not that large of a module, what we basically were looking at was to take care of some of the problems with reaching some of the outlining areas/buildings in the County. This is one part of the GTE specifications that they addressed to Nancy and the Consultant. They agreed that GTE did have that in their bid, but it was not in the specifications. This is something as a data department we can not do, to run fiber cable or phone lines from here to the jail or to the Cooks building etc. So if the Company can do this at the same time they install the phone system, will save the County money and time.

Commissioner Blair asked if the Data Department had defined what the cabling had to encompass or the needs of the Data department. Mr. Keener replied no, the data department was not consulted originally.

Mr. Cordes interjected that he differs with that statement. The phone people met with the Data Department before the specs were prepared. Meetings were held with everyone in this building including the Data department, and they did not make their needs known.

Commissioner Ross said he talked with Nancy today, and she told him that she asked that the Data input be given, but was told it was not to be included. There seems to be a division between the Data and Communications Departments that further hampers further communications between these two. This is something the Board needs to take a look at as to how this relationship co-exists.

Discussion continued.

The following Resolution was adopted:

RESOLUTION NO. 98-425

In the matter of placing the award of Contract to Sprint)
To provide a "turn-key" implementation of a telephone)
System, cable and station equipment for Lorain County) May 28, 1998

B.18 RESOLUTION NO. 98-426

In the matter of authorizing the formation of a Financial Report)
Review Committee as recommended by the Auditor of State) May 28, 1998

WHEREAS, Mark Stewart, Lorain County Auditor by letter dated April 21, 1998 submitted the following:

"In recent years, Lorain County has received management comments in it annual audit report issued by the Auditor of State's office for the need of a Financial Report Review committee. I have enclosed a copy of their comments from last year's report for your reference. It is my understanding that any County that does not have a committee in place will continue to receive such comments and recommendations.
I strongly urge the formation of such a committee to be put in place for Lorain County. I believe the organization of such a committee will benefit Lorain County in its fiscal management and help keep the County's management informed on fiscal issues that may affect us. The committee will have a number of duties and functions, a few of which are mentioned in the comment letter issued by the auditor of State. Obviously, these comments do not fully encompass all the functions and duties this committee may serve, but it does provide use with a starting point.

As mentioned in the management comment, it is recommend that a member of the Board of Commissioners be designated as one of the review committee members. With this, I respectfully request your attention in this matter and would entertain a formal recommendation of a respective from the Board of Commissioners to serve on this committee.

I kindly await your response to this request. If you have any questions, do not hesitate to contact me at extension 5170.
Sincerely, S/Mark R. Stewart, Lorain County Auditor"

Said members of board are: Michael A. Ross, County Commissioner, Mark Stewart, County Auditor and Dan Talarek, County Treasurer.

NOW, THEREFORE BE IT RESOVLED, by the Lorain County Board of Commissioners based upon the request of Mark Stewart, Lorain County Auditor by letter dated April 21, 1998 we hereby authorize the formation of a Financial Report Review committee as recommended by the Auditor of State.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All.

Mary Beth Derikito, Huntington Township Trustee was present and expressed here concern with the privatized prison going into Grafton, Ohio. Her concern is that they will not have adequate staffing at the county sheriff's Dept if they have to spend a lot of time out there, which would penalize the rest of the county.

Commissioner Ross asked if Mrs. Derikito has talked with the Sheriff's about her concern, because he is not aware of the prisons.

Mrs. Derikito said she talked with someone from the State and she asked who had jurisdiction in case there was an escape or a riot at the prison, because ordinarily at a State prison the State patrol has jurisdiction. He responded that they had really not yet determined what would happen at that location.

Mrs. Derikito stated that Grafton has a Police Department, but is relatively small. She is assuming there would be a inter-related agreement with the Sheriff's Department, but also she would hate to see the Sheriff's Department become a law enforcement department for that operation.

Commissioner Ross said here comments were duly noted and he would make mention of this to the County Sheriff and if there is something we may need to do formally we will look at that.

Motion by Ross, seconded by Blair to adjourn. Ayes: All.

Motion by Blair, seconded by Ross to adopt Resolution. Ayes: all with exception of Commissioner Vasi "abstaining to Req#2013-98. Ross said he also had an exception to the same Req. #. Discussion was held on that **specific** Requisition as follows:

Commissioner Ross stated that this requisition deals with the tire clean-up application in Eaton Township. Attorney John S, Keressi, Jr., was present to address this issue and answer any questions.

Mr. Keressi thanked the Commissioners for reviewing this so quickly. They have applied for funding last Friday, and he would like to explain why they waited so long and why this approval is so urgent at this time.

The Board of Health has applied for Solid Waste funds in order to clean up a tire dump in Eaton Township off of Capel Road. They are concerned because this is a mosquito hazard and imminent threat to public health. The application is for $38,000.00, but if we can accomplish the project this week, the money requested is $32,000.00.

Mr. Keressi stated that there was a question as to why this project did not go out for bid. The Solid Waste Department has a contract with Ohio Central Contractors, this is the 3rd year of that contract. This Contract was awarded through the bid process and Central Ohio Contractor was the lowest and best bid, as a result Ohio Central Contractors is obligated to provide at least one (1) tire collection per year, but they can provide additional collections per year if the Commissioners/Solid Waste Department requests.

Mr. Keressi said that the rate upon which the contract was awarded was $149.00 per ton, which is approximately 100 tires per ton, and after speaking with Brian Hatfield, Ohio Central Contractors contact person, because they are already mobilized, they can offer a rate on-site to clean up these tires at $125.00 per ton which is a substantial savings for the County, but this must be accomplished within this week or early next week.

If the Board would like to review, he has a five minutes video on health hazards, and with this being a mild winter, and a large amount of rain in April we expect a large mosquito population, and we would like to clean up as many tires as we can at this site.

Commissioner Vasi said that speaking of mosquitoes, doesn't the Health Dept. have authority to go out and spray. Why hasn't the spraying been done?

Mr. Keressi said they have sprayed several locations throughout the County. Spraying tires is not particularly effective because the water that sits in the tires, you would need to place pellets in each tire. It is better to clean up the area.

Commissioner Vasi asked in speaking of the Contract with Central Ohio Contractors, isn't there a difference between a tire clean-up and a tire collection.

Mr. Keressi responded that they were proposing this be a part of the tire collection program.

Commissioner Vasi asked who monitors the tire collection with this company. It is her understanding that this company is allowing more than 8 tires to be picked up.

Mr. Kerresi said that Solid Waste Dept. has its own tire collection program. He does not represent the Solid Waste Dept on a day-to-day basis. They set policies on tire collections as part of the tire collection program 2 years ago.

Commissioner Vasi asked Mr. Keressi if they are intending to place a lien on the property.

Mr. Keressi said that they do not have any present intent to lien the property because their research shows that the lady who lives there is elderly and has very little income and very little assets. The lien on the property far exceed the value of the property. Mortgages on the property are approximately $200,000.00.

Commissioner Vasi commented that she could pay for the mortgages but she can not pay for the tire cleanup, and did not go after the people who placed the tires on the property.

Mr. Keressi said the people who had put the tire there are no longer available, they can not be located. One of the persons who placed the tires there is on probation and has no assets! The property owner's ex-husband left her. Even if there were foreclosure action taken, he would not anticipate the County would gain any money.

Mr. Keressi stated that the Solid Waste Department has made $50,000.00 available for clean-up such as these, and each department in the County has the option to apply for these funds, $50,000.00 every 6 months. The Health Department has not applied for Solid Waste funds under this clean-up fund since early 1990 or maybe late 1980's when the Health Department did the Steve Perry clean-up.

Commissioner Vasi asked if the Board of Health seized the Perry property. Mr. Keressi responded no. They did place a lien on the property, but there were so many mortgage liens on the property for more than the value of the property. The Board of Health was 3rd in line, and as a result did not recover anything.

Commissioner Blair asked if it was possible that the grant be given to the clean-up and pursue that a lien be put on the property that in the future if in fact, the list of people do recover, we could recoup the money and then be reapplied to the Solid Waste District.

Mr. Keressi answered yes, if that is what the Commissioners ask us to do, we will attempt to do that through the Court process.

Commissioner Blair said she would hate to see the opportunity to save $6,000.00 to get the tires cleaned and not proceed. This is a health hazard and can not see why the Board would not proceed on this issue given the set of circumstances.

Commissioner Ross commented that his question is centered on the Contract with Central Ohio Contractors at a rate per ton. Regardless of how many tons are cleaned up the County pays $149.00 per ton. The Contract is on a "scale. Now we want to clean up the tires and the Central Ohio Contractors says the Contract says $149.00 but since you have been such a good customer, we will pick these up at $129.00 per ton.

Commissioner Vasi said there is a difference between a tire clean-up and tire collection. Cuyahoga County does tire collections differently then Lorain County They make people sign their name and get a license plate number and record how many tires are being picked up and they are not commercial businesses bringing in tires. Lorain County does not do this. We let dump trucks full to be picked up by the Central Ohio Contractors, no one monitors it.

Commissioner Vasi said she will make this statement now, that the Lorain County Health Dept hinders one business and helps other out of the county. This happens to often in this county.

Commissioner Ross asked if there was a cap on the contract as to how much money the County will spend for tire clean-up. Sally Pecora, Solid Waste Coordinator said not that she is aware of. Commissioner Ross said if Central Ohio Contractors goes out and picks up 1,000 tons we have to pay them or 1,000 tons at the contract rate of $149.00 per ton, is there a ceiling. Mr. Keressi said for this particular project, the 25,000 tires that we estimate to be on this site. Commissioner Vasi asked how do we know, that is only an estimate. Mr. Keressi said that this was in a statement from the owner and we can do estimate of tires. There is a possibility that it is being under estimated.

Commissioner Ross asked if we have someone from the Solid Waste Dept to go out and inspect these sites and determine an in-house perspective on tires for this site.

Mr. Keressi stated that when the County conducted the Perry clean-up several years ago, they had a county employee and health department employee to monitor the number of tires being picked up. So, that is a possibility to do this if Solid Waste does not have an employee.

Commissioner Vasi said they could tell how many tires by the weight or tonnage.

Mr. Keressi said Central Ohio Contractors has a disposal in Ohio. Commissioner Ross asked if the County has direct contact with the actual disposal site that could give such verification that Central Ohio Contractors has brought in so many loads of tires from a certain location. Mr. Keressi said yes, we could arrange that. Commissioner Ross said we just need to tighten up the verification process so if Central Ohio Contractors would not.

Mr. Keressi said he denied the opportunity to use Solid Waste funds. Commissioner Vasi said, so you could lien his property, I guess he would. Commissioner Blair asked that the lien process be done, so that if it is possible we get back any money **fine,** but if not at least we have been able to clean up the site for the benefit of the public.

Commissioner Ross asked if there was an agreement in place with the commercial tire vendors, to dispose of their tires. Sally Pecora answered no. The plan allows them to help residents only, commercial people are on their own.

Commissioner Ross said they are still residents! These are people who employ other people in this county and we need to broaden the spectrum a little. Even if they pay a small fee for it, but we could be passing along our contract price if nothing else we keep the commercial tire people from getting into hot water.

Sally Pecora said this is something we can look at, but the current plan binds us to help only residents.

Commissioner Ross said maybe we need to go back to the Policy Committee and explore this option. Discussion continued.

Motion by Ross, seconded by Blair to adopt Resolution. Ayes: All with the Exception of Commissioner Vasi to Req#2013-98 "abstained".

Motion carried.

RESOLUTION NO. 98-439

In the matter of amending Resolution No. 98-404,)
Adopted May 21, 1998 Instructing the clerk to)
Advertise for bids for the installation of storm sewers)
Along Fleming Avenue, Sheffield Township)

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby amend Resolution No. 98-404, adopted on May 21, 1998 Instructing the Clerk to advertise for bids for the installation of storm sewers along Fleming Avenue, Sheffield Township.

This amendment is to reflect a change in advertising dates from May 28 and June 4, 1998 to May 29 and June 5, 1998 and will be published in the Chronicle Telegram and Morning Journal as follows:

Sealed bids will be accepted until 2:00 p.m., Friday, June 12, 1998 in the office of the Lorain County Commissioners, Purchasing Department, for the installation of a storm sewer along Fleming Avenue and ditch excavation in Sheffield Township, using various materials, in accordance with the specifications prepared by Kenneth P. Carney, Lorain County Engineer. All materials and equipment must meet the specifications of the Ohio Department of Transportation and shall include all necessary barricades, signs, lights, watchmen, etc., and work performed shall be under the supervision of Lorain County. Bidders shall submit a list of equipment available and all labor shall be paid not less than the prevailing wage rate determined by the U.S. Department of Labor for Lorain County. Bidders are hereby notified that Community Development Block Grant Funds will be used to pay for this improvement. All interested parties are welcome to attend the bid opening, to be held immediately following the 2:00 p.m. deadline, in the Lorain County Commissioners' Public Hearing Room.

Specifications can be obtained at the office of the Lorain County Engineer, 247 Hadaway Street, Elyria, Ohio 44035, between the hours of 8:00 a.m. and 4:00 p.m., Monday through Friday. Bids must be accompanied by a Certified Check, Cashier's Check, or Letter of Credit equal to ten percent (10%) of the amount bid, or a bond for the full amount of the bid as a guarantee that if the bid is accepted, a contract will be entered into and a performance bond properly secured. Should any bid be rejected such instruments will be forthwith returned upon proper execution of a contract.

The Board of County Commissioners reserves the right to reject any and all bids and to waive any informalities or irregularities if it is deemed in the best interest of Lorain County to do so.

Motion by Vasi, seconded by Blair to adopt Resolution. Ayes: All
Motion carried.

RESOLUTION NO. 98-440

In the matter of granting sewer service to Midview Plaza)
For the proposed addition of a 14,280 sq. ft. retail store) June 4, 1998
Located along SR82 in Eaton Homes Sanitary Sewer)
Service area)

WHEREAS, Fred Nelson, Lorain County Sanitary Engineer Department by letter dated May 15, 1998 submitted the following:

"Enclosed is a copy of a letter from Mr. George Csanda representing Midview Plaza located along Route 82 in the Eaton Homes Sanitary Sewer service area.

Midview Plaza is proposing an addition to their retail store area, with the construction of 14,280 sq. ft of new building. The new structure will house 5 or 6 additional units. They are requesting sanitary sewer service from the existing 10" sanitary sewer located to the rear of the existing retail complex and agree to pay the tap-in fees for the new unites.

Based on the original costs and revisions to the Eaton Sanitary Sewer system, the tie-in fee per unit is $1,100.64 per unit; plus a $40.00 permit fee per unit.

Charges for wastewater service will be based on the type of commercial use; with a minimum of $20.00 per month per unit.

Food service units will require an installation of an outside grease trap to be maintained by the owner-operator.

As stated, the land is located within the limits of the Eaton Homes Sanitary Sewer Service area; if the board has not questions on this request, would you please pass a resolution granting Midview Plaza sewer service to their proposed addition upon receipt of the required tap-in and permit fees. Also enclosed is a schematic of the proposed Plaza improvement.

Sincerely, S/Fred Nelson, Lorain County Sanitary Engineer's Department"

BE IT FURTHER RESOLVED, Midview Plaza has agreed to pay the tap-in fees for the new units at $1,100.64 per unit; plus a $40.00 permit fee per unit and charges for wastewater service will be based on the type of commercial use, with a minimum o f$20.00 per month per unit.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon Fred Nelson, Lorain County Sanitary Engineer's Department by letter dated May 15, 1998 we hereby granting sewer service to Midview Plaza for the proposed addition of a 14,280 sq. ft. retail store located along SR82 in Eaton Homes Sanitary Sewer Service area.

Motion by Vasi, seconded by Ross to adopt Resolution. Ayes: All.

OLD BUSINESS

#1. Commissioner Vasi stated that she wanted to discuss the telephone system. She wanted the Board to move on this issue, especially with the fact there would not be a Commissioners meeting next week (June 11, 1998) and she does not want to prolong this issue. Commissioner Vasi said that she knows we have received some letters regarding the data questions the Board had.

Commissioner Ross said that Nancy Bryant has sent letters requesting information from the bidders, and we have not received the responses as of this date. Last week when we discussed this, we agreed to sit down and review all of the information, and get together with the Data department and discuss the information from the consultant and the addendum type of information.

Commissioner Vasi stated that we have received a letter from Bob Milovich of the Data Department and he has quote satisfied. Commissioner Ross said yes, we did received a letter from Bob and heard from Dave last week. But Bob's letter conflicts with his earlier conversation he had with Bob. Now he is on vacation and we can not meet with him at this time, Commissioner Ross said he has received a letter from Sprint and he has not had sufficient time to review all the information and is not ready to render a decision today.

Representatives form Sprint were present and said they were not told this would be an agenda item or discussed today, but they felt that they wanted to be present at today's meeting if in fact this was discussed and if they cold answer any questions they could be happy to do so.

Commissioner Blair stated that these bids are now six (6) moths old and we can not afford to place on hold any longer.

Commissioner Ross responded that she is welcome to her own opinion, but he does not feel this Board has all the data it needs to award the contact.

JOURNAL ENTRY

#2.

The Commissioners discussed the Children and Families First project. Commissioner Vasi asked Commissioner Ross that since he is on the Children & Families First council, to please move them along, they have not adopted by-laws and have not elected their officials, ie., Chair, Secretary, etc. They have no direction.

Commissioner Ross said yes, since Ken Pearce resigned as Chairperson, Terry Tomaszewski Lorain Health Department, has been designated the recruiter to prepare a slate of candidates. Commissioner Ross is meeting with Mr. Tomaszewski and Nick Hutlock at 8:00 am to present the committee with results of their discussions with council members as to who will serve as the new slate of officers and have this prepared at the next meeting and have those officers installed, and to go over by-laws.

Commissioner Vasi said also the general membership has not been established, the Council has not been established. There are a lot of loose ends that have to be cleaned up.

Commissioner Ross said that we will have to deal with who is going to be the Executive Director. He suggests we appoint a personnel committee within the council so they have input as to whom that director will be. Commissioner Ross said he suggested to Mr. Tomaszewski to contact Mr. Cordes, our Human Resource Director, to talk about advertising and job description to properly advertise in the media. It will probably be between 30-60 days before we get someone in place.

Commissioner Blair said it was her understanding that the Children and Families First Council determines whom the Executive director should be. Commissioner Ross said yes and no. Being that the person works directly for the Administrative Agent, this gives us an opportunity to have input.

Commissioner Vasi said is there enough money in the Administrative Grants to pay for this director or any other staff, if not what happens, she understands some of the agencies have been pitching in money for this position.

Commissioner Ross commented that after this position gets advertised, we need to look at the appropriate salary, and what we are looking for and what level of pay that person(s) will receive.

Commissioner Vasi asked Mr. Rokasy when he reviews this information with Mr. Neff, to look into the Grants and see how much allowable administrative funds are available. Each one may have a different percentage, check to see what they would be complied.

F. NEW BUSINESS

10 Commissioner Blair commented that the board has received thank-you letters from teachers and students at Brush School in Grafton, Ohio.

The 6th grade classes at Brush School visited the Lorain county regional Airport, as part of their science unit about flight and the language arts studies on the Wright Brothers and aviation.

The students were able to watch planes take-off and land and observed a small plane being restored plus the care and maintenance of Planes. Tour guides were Dan Abfall and Dorothy Vance who provided a very meaningful experience to the students and teachers.

The teachers commented in their letter that the Airport affects us only not only economically, but educationally and they are grateful to have such a resource in Lorain County. The students also were able to tour the Carlisle Recycling Center and commented that the Lorain County Metro parks also gets an A+ in our book!."

#2. The Commissioners Board meeting for Thursday, June 11, 1998 has been cancelled due to lack of a quorum.

#3. Sally Pecora, Solid Waste Management District Acting coordinator by memo dated May 27,1 998 advised that the HHW collection day held on Saturday, May 2, 1998 at LCCC and JVS was a success. A total of 291,469 pounds or 147 tons of material was collected at a cost of $128,170.10. Over 2,400 vehicles participated in this one-day collection. The highest volume of material collected continues to be motor oil.

G. BOARD CORRESPONDENCE

Motion by Ross, seconded by Blair to waive the reading of the same for Board Correspondence. Ayes: All. Motion carried.

JOURNAL ENTRY

11 Mary Beth Derikito, Huntington Township Trustee was present and advised the Commissioners that they have delegates from Wellington, Ohio heading to Washington, D.C. to testify the impact on Wellington and surrounding communities on the problems of the railroad merger. It does not seem probable they will get an consensus. She hopes the Commissioners would check with the matter they return and find out what their experience was. Mrs Derkitio said that with Lakewood and Cleveland's impact on the rail situation, it seems will be penalized severely, and if the Commissioners have any suggestions or input to this situation it would be helpful.

Commissioner Ross commented that the Board of Commissioners have already gone on record in supporting the concerns of the southern part of the county as well as the lake shore train traffic. Commissioner Ross said the board appreciates Mrs Derikito in keeping close tabs on the following issue. This Board will pay close attention in many way we can register our collective voice.

Commissioner Vasi said she has talk with Representative Sherrod Brown, he has no jurisdiction for the Wellington area. Representative Gillmore would be the person to speak to on this issue.

A. JOURNAL ENTRY

Mary Duffy, of Peck Shaffer & Williams (Bond Counsel) and Kip Wahlers from Squire, Sanders & Dempsey were present for the public hearing on the Catholic Healthcare Partners-Mercy Hospital refinancing project in the amount of $3 1,500,000.00.

Mary Duffy gave a brief review of the project stating the structure of the Bonds is identical to the Bond issue that was approved in May 1997. This is simply to refund to prior issues to take advantage of the interest cost savings.

Commissioner Vasi asked if this would affect the County's QTEO. Ms. Duffy replied that the Qualified Tax Exempt Obligation (QTEO) rates will not affect the County's ability to issue debt under the debt limits, but it does affect the ability to issue debt as a qualified tax exempt obligation. However, that was also affected by some bonds the County issued earlier for Kendal at Oberlin. If both bond issues, if the County does issue debt this year, both Kendal and Catholic Healthcare Partners are obligated to pay the County the present value of that inability to designate. This is stipulated in the sublease.

Mr. Wahlers said he wanted to note the letter that he distributed this morning before the meeting, which states that Squire, Sanders & Dempsey have reviewed the legislation and resolution and found it to be consistent with what the County has done in the past. It is acceptable for passage today.

With no further questions, the following resolution was adopted:

RESOLUTION NO. 98-449

The Board of County Commissioners of the County of Lorain, Ohio met in regular session on the 18th day of June 1998, with the following members present:

Commissioner Michael A. *Ross, President*
Commissioner *Betty Blair,* Vice-president
Commissioner Mary Jo Vasi

RESOLUTION DETERMINING THE NECESSITY OF AND AUTHORIZING THE ISSUANCE OF HOSPITAL FACILITIES REVENUE REFUNDING BONDS, SERIES 1998 (CATHOLIC HEALTHCARE PARTNERS), IN ONE OR MORE SERIES, IN A PRINCIPAL AMOUNT NOT TO EXCEED $31,500, 000; AUTHORIZING THE EXECUTION AND DELIVERY OF AN INDENTURE OF TRUST SECURING SAID BONDS; AUTHORIZING THE EXECUTION AND DELIVERY OF AN AGREEMENT OF LEASE; AUTHORIZING THE EXECUTION AND DELIVERY OF AN AMENDED AND RESTATED SUBLEASE; CONFIRMING AND APPROVING THE SALE OF SAID BONDS TO THE PURCHASERS THEREOF; AUTHORIZING THE EXECUTION OF CONTRACTS OF PURCHASE; APPROVING PRELIMINARY OFFICIAL STATEMENTS AND EXECUTION OF OFFICIAL STATEMENTS IN RESPECT OF SAID BONDS; AND TAKING OTHER RELATED ACTION.

WHEREAS, Catholic Healthcare Partners, is a nonprofit Ohio corporation (the "Corporation") that, through its subordinate and affiliated corporations, owns and operates healthcare facilities at various locations in Ohio, including facilities in Lorain County, Ohio (the "Issuer") commonly known as Lorain Community/St. Joseph Regional Health Center (the "Local Facilities"), and the Corporation has organized under a master trust indenture (the "Master Indenture") the financing of certain debt incurred for the benefit of the corporations affiliated with the Corporation (the "Affiliates"), including debt incurred for the benefit of the Local Facilities; and

WHEREAS, the Counties of Butler, Lucas, Mahoning, Summit, Trumbull and the Issuer (collectively, the "Participating Public Hospital Agencies") and the Issuer entered into a Public Hospital Agencies Agreement dated as of May 1, 1997 (the "Public Hospital Agencies Agreement"), pursuant to Section 140.03, Ohio Revised Code, for the purpose of financing certain capital equipment and construction needs of the Affiliates located within the jurisdictions of the Participating Public Hospital Agencies, including the reimbursement for costs advanced for those purposes, and refunding and retiring or advance refunding certain outstanding indebtedness incurred for those purposes; -and

WHEREAS, the County of Lucas, Ohio issued its $25,500,000 Hospital Refunding Revenue Bonds, Series 1986 (Riverside Hospital Project) dated December 1, 1986 (the "Prior Riverside 1986 Bonds"), the proceeds of which Prior Riverside 1986 Bonds refunded a portion of its $17,155,000 Hospital Improvement Revenue Bonds (Riverside Hospital Project), dated June 1, 1983 and its $8,750,000 Hospital Improvement Revenue Bonds, Series 1985 (Riverside Hospital Project), dated December 1, 1985 which were issued to pay costs of acquiring, constructing, furnishing, equipping and improving Hospital Facilities; and

WHEREAS, the County of Lucas, Ohio issued its $10,000,000 Hospital Improvement Revenue Bonds, Series 1991 (Riverside Hospital Project), dated September 1, 1991 (the "Prior Riverside 1991 Bonds" and, together with the Prior Riverside 1986 Bonds, the "Prior Bonds"), the proceeds of which Prior Riverside 1991 Bonds were used to pay a portion of the costs of making acquisitions, improvements and replacements to Hospital Facilities and equipment pertaining thereto; and

WHEREAS, the improvements financed and refinanced with the proceeds of the Prior Bonds are located within the jurisdiction of the Participating Public Hospital Agencies, and are commonly known as Riverside Mercy Hospital; and

WHEREAS, the Issuer intends to issue its Hospital Facilities Revenue Refunding Bonds, Series 1998, in one or more series (the "Bonds"), for the purpose of (i) refunding on a current basis the outstanding portion of the Prior Bonds and (ii) paying costs in connection with the issuance of the Bonds (collectively, the "Bond Purposes"); and

WHEREAS, it is necessary to enter into (i) a certain Agreement of Lease dated as of June 1, 1998, with Riverside Mercy Hospital, a nonprofit Ohio corporation which is an Affiliate of the Corporation, and (ii) an Amended and Restated Sublease dated as of May 1, 1998 with the Corporation, to reflect the issuance of the Bonds and the addition of Riverside Mercy Hospital; and

WHEREAS, it is necessary in connection with the issuance of the Bonds to also authorize a Contract of Purchase for the sale of the Bonds and the use and distribution of Preliminary Official Statements and Official Statements for the Bonds, and to authorize certain other documents in connection with the issue and sale of the Bonds;

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of the County of Lorain, Ohio:

SECTION 1. That for the purpose of better providing for the health and welfare of the people of the State of Ohio by enhancing the availability, efficiency and economy of hospital facilities and facilitating the financing of hospital facilities to be available to or for the service of the general public without discrimination by reason of race, creed, color or national origin, this Board acting on behalf of the Issuer, hereby determines that revenue bonds shall be issued pursuant to Section 140.06 of the Ohio Revised Code, in a principal amount not to exceed $31,500,000, to carry out the Bond Purposes. The Bonds shall be designated "County of Lorain, Ohio Hospital Facilities Revenue Refunding Bonds, Series 1998 (Catholic Healthcare Partners) (the "Series 1998 Bonds"). The term of the Series 1998 Bonds shall not exceed thirty (30) years and the maximum interest rate on the Series 1998 Bonds shall not exceed 15. *00* % per annum. The Bonds shall be issued in the form and denomination and shall be executed, be subject to redemption on the dates and at the prices, and bear interest and be payable on the dates, all as provided in the Indenture of Trust hereinafter authorized.

The Bonds shall be payable at the corporate trust office of The Fifth Third Bank (the "Trustee"), which shall be the Trustee under the Indenture of Trust hereinafter authorized unless and until a successor trustee is appointed in the manner provided in such Indenture of Trust.

SECTION 2. That each of the Bonds authorized hereby shall bear on its face a statement that the Bonds are not general obligations, debt or bonded indebtedness of the Issuer or the State of Ohio or any political subdivision thereof, and the holders or owners of the Bonds are not given the right, and have no right, to have excises or taxes levied by the Issuer or the State of Ohio or any political subdivision thereof, for the payment of the bond service charges on such Bonds and that the right to such payment is limited to the revenues and special funds pledged for such purposes under the Indenture of Trust herein authorized.

SECTION 3. That pursuant to the Lease, as hereinafter defined and authorized, the Issuer shall have a real property interest in the Hospital Facilities financed and refinanced under the Public Hospital Agencies Agreement and shall sublease such Hospital Facilities to the Corporation, for an aggregate lease rental greater than or equal to the debt service on the Bonds.

SECTION 4. That any two members of this Board be and they are hereby authorized and directed to execute on behalf of the Issuer, the Indenture of Trust (Bond Indenture) (the "Indenture of Trust"), substantially in the form now on file with the Clerk of this Board, with such changes as are not inconsistent with this Resolution and not substantially adverse to the Issuer and as have been approved by the Issuer's legal counsel and by the officers executing the same on behalf of the Issuer, such approval to be conclusively evidenced by the execution thereof. The revenues, as defined in the Indenture of Trust, shall be pledged and the other agreements, covenants and promises therein made on behalf of the Issuer, shall be conclusively binding upon the Issuer and in full force and effect from and after delivery of the Bonds to their purchasers pursuant to the terms of the Indenture of Trust.

SECTION 5. That the several officers of the Issuer are hereby authorized and directed to do all the acts and things required of them by the provisions of the Bonds, the Indenture of Trust and the Contract of Purchase hereinafter authorized, to the end that full and complete performance of all of the terms,-covenants and agreement of the Bonds, Indenture of Trust and the Contract of Purchase shall be effective, including taking all actions necessary to qualify the sale of the Bonds under the "Blue Sky" laws of any jurisdiction; provided, however, that the Issuer shall not be required to agree to service of process or qualify to do business in any state except the State of Ohio.
