SECTION 6. That the President of this Board and the Clerk are hereby designated as Issuer Representative and alternate, respectively, for the purposes of the Indenture of Trust authorized in Section 4 of this Resolution.

SECTION 7. That any two members of this Board be and they are hereby authorized and directed to execute and deliver, on behalf of the Issuer, an Amended and Restated Sublease with the Corporation, substantially in the form presented to this Board (the "Sublease"), and an Agreement of Lease with Riverside Mercy Hospital, substantially in the form now on file with the Clerk of this Board, with such changes as are not inconsistent with this Resolution and not substantially adverse to the Issuer and as have been approved by the Issuer's legal counsel and by the officers executing the same on behalf of the Issuer, such approval to be conclusively evidenced by the execution thereof, to reflect the issuance of the Bonds, and it is hereby determined, based upon the representations of the Corporation, that the Sublease and the Lease are undertaken for and will serve the public purpose of better providing for the health and welfare of the people of the State of Ohio by enhancing the availability, efficiency and economy of hospital facilities and the services rendered thereby, and will promote the public purpose stated in Section 140.02 of the Ohio Revised Code, and the Issuer will be duly benefited thereby.

SECTION 8. That any member of this Board be and they are hereby authorized to approve the use of a Preliminary Official Statement and are hereby authorized and directed to execute and deliver on behalf of the Issuer an Official Statement for the Bonds for use in marketing the Bonds. Draft copies of the Preliminary Official Statement shall be deemed "final" as of their date except for permitted omissions, but only as to those portions regarding the Issuer, in accordance with SEC Rule 15c2-12, by any member of this Board prior to or simultaneously with the execution of the Contract of Purchase hereinafter authorized, if said SEC Rule 15c2-12 is determined to be applicable to the sale of the Bonds. The Issuer, at the expense of the Corporation or as a cost of issuance to be paid from proceeds of the Bonds, will provide final Official Statements to Bear, Stearns & Co. Inc., as representative of the underwriters for the Bonds, within seven (7) days of the date of the Contract of Purchase, if such action is determined to be necessary in order to comply with SEC Rule 15c2-12.

Except to the extent described in the Contract of Purchase, the Issuer has not confirmed, and assumes no responsibility for, the accuracy, sufficiency or fairness of any statements in the Preliminary Official Statement or the Official Statement or any amendments thereof or supplements thereto, or in any-reports, financial information, offering or disclosure documents or other information relating to the Corporation, its Affiliates, the Existing Facilities, the 1998 Project or the history, businesses, properties, organization, management, financial condition, market area or any other matter relating to the Corporation or contained otherwise in the Official Statement.

SECTION 9. That the Contract of Purchase for the sale of the Bonds substantially in the form heretofore presented to the Issuer by Bear, Steams & Co. Inc., as representative of the underwriters for the Bonds, is hereby approved, and any two members of this Board be and they are hereby authorized to execute and deliver the Contract of Purchase in substantially the form now on **file** with the Clerk of this Board, with such changes as are not inconsistent with this Resolution and not substantially adverse to the Issuer and as have been approved by the Issuer's legal counsel and by the officers executing the same on behalf of the Issuer, such approval to be conclusively evidenced by the execution thereof.

SECTION 10. That this Board, for and on behalf of the Issuer, hereby covenants that it will restrict the use of the proceeds for the Bonds in such manner and to such extent, if any, as may be necessary, after taking into account reasonable expectations at the time of the delivery of and payment for the Bonds, so that they will not constitute obligations the interest on which is subject to federal income taxation or "arbitrage bonds" under Sections 103 and 148 of the Internal Revenue Code of 1986, as amended (the "Code") and the regulations prescribed thereunder. The Clerk, the County Auditor, any member of this Board or any other officer having responsibility with respect to the issuance of the Bonds is authorized and directed to give an appropriate certificate on behalf of the Issuer on the date of delivery of the Bonds for inclusion in the transcript of proceedings, setting forth the reasonable expectations of the Issuer and the facts, estimates and circumstances pertaining to the use of the proceeds of the Bonds, and to execute and deliver on behalf of the Issuer one or more IRS Forms 8038 (or other similar applicable form) with respect to the Bonds. Any two members of this Board are authorized to execute and deliver on behalf of the Issuer one or more Tax Regulatory Agreements in connection with the certifications authorized herein in such form as shall be approved by such officers and by the Issuer's legal counsel, such approval to be conclusively evidenced by the execution thereof.

SECTION 11. That the Clerk, the County Auditor, any member of this Board or any appropriate officers of the Issuer be and they hereby are authorized to execute and deliver on behalf of the Issuer such other certificates, documents and instruments in connection with the issuance and public offering of the Bonds and the refunding of the Prior Bonds as may be required, necessary or appropriate, including, without limitation, escrow agreements, DTC letter of representations, conveyances of title to real and personal property, terminations of financing statements and other releases of security and interests in property, cancellations of leases, and any insurance commitment or other documents to be executed and delivered to provide that the Bonds be insured by a financial guaranty company or insurance company of recognized standing. Such documents, including the ones specifically authorized hereby, shall be subject to such changes, insertions and omissions as may be approved by this Board, which approval shall be conclusively evidenced by the execution thereof as hereinabove provided. Nothing in this resolution or in any contract, agreement, indenture, certificate or other instrument or document authorized hereby shall be construed as requiring the Issuer or this Board to operate any Hospital Facilities or to use any money from any sources other than Bond proceeds or moneys pledged by the Indenture of Trust. Any expenses incurred by the Issuer in connection with the issuance of the Bonds shall be paid by the Corporation or from proceeds of revenue bonds.

SECTION 12. That in connection with the refunding of the Prior Bonds, Peck, Shaffer & Williams LLP, the Trustee or the trustee pursuant to any escrow agreement for the Prior Bonds is hereby authorized to **file** subscriptions for United States Treasury Obligations - State and Local Government Series, on behalf of the Issuer.

SECTION 13. That this Board, as the "applicable elected representative" of the Issuer for purposes of Section 147(f) of the Internal Revenue Code of 1986, as amended, hereby approves the issuance of the Series 1997 Bonds in the maximum principal amount of $31,500,000. The proceeds of the Bonds will be used to refund all or a portion of certain outstanding hospital revenue bonds which financed and refinanced the costs of Hospital Facilities at the following locations in the State of Ohio: *1500 N.* Superior Street, Toledo, Ohio, 1530 N. Superior Street, Toledo, Ohio, and 1600 N. Superior Street, Toledo, Ohio, the primary user of each of which is expected to be Riverside Mercy Hospital, an Ohio nonprofit corporation.

SECTION 14. That all documents and certificates, the execution and delivery of which are authorized by this Resolution, are subject to the approval of the County Prosecutor.

SECTION 15. That the provisions of this Resolution are hereby declared to be severable and, if any section, phrase or provision shall, for any reason, be declared invalid, such declaration of invalidity shall not affect the validity of the remainder of this Resolution.

SECTION 16. All ordinances, resolutions, orders or parts thereof in conflict with the provisions of this Resolution are, to the extent of such conflict, hereby repealed.

SECTION 17. That it is found and determined that all formal actions of this Board concerning and relating to the adoption of this Resolution were taken in an open meeting of this Board, and that all deliberations of this Board and of any of its committees that resulted in such formal action, were in meetings open to the public, in compliance with the law, including Section 121.22 of the Ohio Revised Code, and the rules of this Board adopted in accordance therewith.

Commissioner Vasi seconded the motion and the roll being had upon the question of the adoption of the foregoing resolution the vote thereon resulted as follows:

AYES: Three (3); Blair, Vasi & Ross
NAYS: Zero (0)
ABSTAIN: Zero (0)
Adopted this 18th day of June 1998.

JOURNAL ENTRY

Scott Keller, President and Kate Hubben, Sr. Account Manager from Dynamis Health Care Advisory were present to update the Commissioners on the St. Joseph's Project.

Mr. Keller thanked the Commissioners for the opportunity today to bring the Board up to date on the St. Joseph's Project. Mr. Keller stated that they attended a Commissioners meeting back in November 1997 and at that time a lot of planning was in place. Today, a HUD Grant has been received by the City of Lorain for $800,000.00 for which the City will be administering the Grant and issue bids for construction of the first Phase of development, which is a very proud moment for Lorain.

Mr. Keller said that they are also here to ask for Commissioners support. We have a confirmed interest or support from every level of government except for the County. We have on going discussions with the State for funding on the second phase and the City of Lorain is involved and are putting a precinct in one of the old emergency rooms! We feel this is a wonderful opportunity for all levels of government, social service agencies, educational entities i.e. LCCC and Lorain City Schools. Mr. Keller said they would like to sit down with the Commissioners and strategize in the coming months on what opportunities may exist for the County to work on this project.

Ms. Hubben indicated that they are looking for a commitment today from the Commissioners that says yes, the County will consider having a presence there and being one of the partners in this project. Commissioner Vasi asked what type of entities are there. Mr. Keller said we have education entities such as pre-school all the way up to adult education. Pre-school is the Lorain Community Action Agency, Headstart and

Daycare, Lorain City Schools and to operate an adult training center and are in the **final** stages of negotiating the lease with LCCC for the operation of the adult education center which will be electronically linked back to LCCC.

Mr. Keller indicated that hopefully the 3rd Phase of the project to be discussed may be an assisted living project for elderly people and adult day care, and we have medical and health care as well. This is truly a one-stop facility for people who live in that vicinity, and is a central point in Lorain. Ms. Hubben said presently there is 300,000 sq. ft. in negotiations out of a 400,000 sq. ft facility so things are moving along well. This facility will leave a large crater in the City if it does not reach the large "hub" of activity we anticipate it to be. One of the vehicles of making it a "hub" of activity is financing and a good group of tenants and a lot of tenants are already in the facility.

Commissioner Ross commented that he has said from the very beginning that the County should be a part of the Corp group of tenants and partners in making sure the facility does not become a "crater" in the City. Commissioner Ross said he is prepared to ask his colleagues to make a commitment to become part of that project in some way, and leaving it open to decide exactly what part. We need to look at what County services could realistically become part of that facility.

Commissioner Ross moved to support a commitment from the Board of Commissioners to this project, and place this under discussion.

Commissioner Blair asked what does the commitment entail. Commissioner Ross said the commitment would entail us to actively and aggressively sitting down with the group and other partners and determining what role physicaland/or financial that the County can play in revitalization of the St. Joseph's Project. That means obviously some commitment of dollars and perhaps some commitment of some type of service. The ideal of transportation is one that we ought to pursue. He has talked briefly with Bill Eltrich, Lorain County Transit General Manager, about this and perhaps there is transportation dollars available to create a hub in that area with some County seed dollars and support. He discussed the ETA One-Stop training centers with Bill Ogle, ETA Director and create a hub for job training at that location. These Boards would have to actively pursue the relationship as part of the County's commitment.

Ms. Hubben said that the Commissioners might want to attend one of the Board meetings to get the ball rolling that would be good. Commissioner Ross said that if we are going to be partners, we want a seat on the Board, we want to be actively involved for the long run, so that the County's voice is heard. Ms. Hubben said that this project will not be a success without everyone's voice, and that request is a fair one.

Commissioner Vasi said she would like to see something in writing to see what tenants, what the costs would be and to what extent we would agree to a partnership before she would make a decision. Ms. Hubben responded that is no problem. She will send a status report of what is going on, what tenants are there, who are signing leases etc. Mr. Keller said that probably the first step would be to sit down together with the consultants and other tenants and talk about what areas make sense to the County, and this would only be an expression of interest, not a commitment. At that point we would engage our architects to come up with the proper spot for the County at the facility, then at that time we could give the Commissioners an idea of cost.

Commissioner Ross commented that this could be a model for communities across the Country as they move and try to restore these type of potential dinosaurs i.e. shopping centers, stores etc.

Discussion continued.

Ms. Hubben said she would forward the information to the Commissioners for their review at this time and will schedule a meeting with each Commissioner to answer any questions they have.

Commissioner Ross said he would at this time, withdraw his motion pending further review of the information.

RESOLUTION NO. 98-459

In the matter of approving the amendment to the Solid Waste Grant FY98-1719 as requested by the City of Lorain, Ohio to transfer $1,500.00 from line item Contracts to Equipment

June 18, 1998

WHEREAS, Sally Pecora, Acting District Coordinator, Lorain County Solid Waste Management by memo dated June 5, 1998 submitted the following:

"The City of Lorain is requesting an amendment to the solid Waste Grant FY98-1719.
Lorain is requesting a transfer of $1,500.00 from the line item contracts to be moved to the equipment line item.
Since the city is now a registered Ohio EPA Class IV compost Facility, the $1,500.00 originally appropriated for disposal of leaves is no longer needed.
Lorain would like to use the appropriated $1,500.00 to purchase recycled content refuse containers for the Cemetery.
The Acting District Coordinator asks that the Board of Commissioners approve this amendment.
If I can be of further assistance, please don't hesitate to call me at extension 5440.
Thank you."

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby approve amendment to the Solid Waste Grant FY98-1719 as requested by the City of Lorain, Ohio to transfer $1,500.00 form the line item contracts to equipment. These appropriated funds will be used to purchase recycled content refuse containers for the Cemetery.

BE IT FUTHER RESOLVED, we hereby authorize the President to execute on behalf of the Board.

RESOLUTION NO. 98-466

In the matter of approving and entering into Participation)
agreement with the Ohio Department of Transportation for) June 18, 1998
the purchase of rock salt for the 1998-1999 winter season)

Commissioner Blair moved.

Commissioner Ross asked if all jurisdictions have been notified for their opportunity to participate in this purchase. Commissioner Blair said yes. Commissioner Ross asked how they were notified. Commissioner Blair responded that she had sent a letter to all political subdivisions. Commissioner Ross said he raised the question, because in the past it was understood that only the members in the alliance were participating, and there was a question as to whether the other jurisdictions that were not in the alliance were participating. He suggested that in order so no one could make that link to us, we enforce her letter with something form the Board of Commissioners. Commissioner Blair said she would provide a copy of her letter to the Commissioners so they can determine if they want something more to follow.

Commissioner Ross said he just felt that this should be official action from the Board of Commissioners, this letter should be from the Board as on official body, to let them know they are entitled to participate.

Commissioner Blair stated that the criticism came the first year, this is the 3rd year of the program and last year we saw that each of the entities were made aware of this, and there are participants of this program are not members of the Alliance, such as the City of Lorain who did participate last year. She felt sending another letter was a duplication and not necessary, but whatever is the boards' pleasure.

Commissioner Ross said that we should ask them, in order to have some feedback, to ask them to sign off whether or not if they are or are not interest in participating. If they are not participating are they getting a better deal elsewhere, why wouldn't the political subdivision want to participate in a cost-savings opportunity.

With no second to Commissioner Blair's motion, died for a lack of a second.

Commissioner Vasi moved to amend the previous motion for the approval of the Agreement and have the Clerk send a letter out on behalf of the Board to include a survey requesting they respond if they are not participating in this agreement, why. (Said agreement can be found on file in the Purchasing/Engineers Department).

Commissioner Ross seconded the amended motion. Upon roll call; Ayes: All.
Motion carried.

RESOLTUION NO. 98-467

In the matter of Instructing the Clerk to re-advertise for bids)
for the Lorain County Human Services Welfare to Work) June 18, 1998
transportation program)

Commissioner Blair asked why there were no bids received on this item originally. Yvonne Newton, Purchasing Director, stated that when she first advertised for this bid, there were two (2) separate bids on this, the Medical Transportation bid and the Work Program. When the bidders came to pick up the specifications, they did not know that it was separate, so none of the bidders picked up the Welfare-to Work Transportation specifications. That is why we are having to re-advertise this bid.

Commissioner Blair asked who picked up specifications. Ms. Newton responded that the Cab companies picked up the specifications. Commissioner Blair asked if the Transit Authority picked up an specifications. Ms. Newton said they did not come to pick up the specifications. Commissioner Blair said that perhaps it would be advantageous for the purchasing department to contact some of these people to let them know these specifications are available.

Ms. Newton commented that usually the Lorain County Human Services Department contact them. Commissioner Blair asked Ms. Newton to check out with the Human Services Dept.

Commissioner Ross asked why not have the Transit Authority just do this type of service, they are a governmental agency. Why have a governmental agency compete with private enterprise.

Mr. Muntean said the Transit Authority are already working on a program with the Human Services Department for Welfare to Work but this may be a different type of program or an additional program. This may be for individual transportation for people who have a medical situation.

Commissioner Blair said that some people who may have a handicap should be able to ride the bus if the bus is equipped for the handicapped.

Commissioner Ross suggested we hold this item until the Board could set up a meeting with Mary Lou Golski and Bill Eltrich to see what this is supposed to address.

Commissioner Vasi withdrew her motion and Mr. Muntean will follow through to find out the details of this project.

RESOLUTION NO. 98-468

In the matter of Instructing the Clerk to advertise for bids to)
Replace Osborne Road Bridge #0215 in Columbia Township) June 18, 1998

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated June 10,1 998 submitted the following:

"We have received notification from the Ohio Public Works Commission that Osborne Road Bridge #0215 replacement project has been approved for funding. The existing deteriorating warren steel truss will be replaced with a galvanized steel truss on the existing substructure. The estimated cost of this work is $110,000. 00, with the Ohio Public Works Commission supplying 89% of the funds.

Please take the necessary action to authorize the clerk to receive bids on this work as soon as possible so this work can be performed this summer.

Thank you for your cooperation in this matter.

Sincerely, S/Kenneth P. Carney, Lorain County Engineer"

Said Notice will be published in the Chronicle-Telegram on June 22 and 29, 1998 as follows:

Sealed bids will be accepted until 2:00 p.m., Monday, July 6, 1998 by the Lorain County Board of Commissioners, Purchasing Department, 226 Middle Avenue, Elyria, Ohio for furnishing all labor, material and equipment for the replacement of Osborne Road Bridge #0215 in Columbia Township, in Lorain County, using various materials in accordance with specifications prepared by the office of Kenneth P. Carney, Lorain County Engineer. All interested parties are welcome to attend the bid opening to be held immediately following the 2:00 p.m. deadline in the Commissioners Public Hearing Room.

All materials and equipment must meet the specifications of the Ohio Department of Transportation and shall include all necessary barricades, signs, lights, watchmen, etc., and work performed shall be under the supervision of the Lorain County Engineer. All contractors involved with this project will, to an extent practicable use Ohio products, materials, services and labor in implementation of this project. Bidders shall submit a list of equipment available and labor shall be paid not less than the prevailing wage as determined by The Ohio Bureau of Employment Services for Lorain County. Bidders are hereby notified that partial funding of this project is being furnished by The Ohio Public Works Commission.

Bidders are required to comply with the Minority Business Enterprise (MBE) requirements set forth in section 164.07 of Ohio Revised Code and Rule 164-1-32 of Ohio Administrative Code. In part, this means that any bidder, to the extent that he subcontracts work, shall award subcontracts to certified Minority Business Enterprise in an aggregate dollar value of no less than five percent (50/o) of the prime contract.

Bidders procurement activities, to the extent that if procures materials and/or services, shall result in the award of procurement contracts to certified minority business enterprises in an aggregate dollar value of no less than two percent (2%) of prime contact. The bid specifications provide further details on these requirements. Additionally, contractor compliance is within the equal employment requirements of Ohio Administrative Code Chapter 123, Governor's execute order of 1972 and Governor's Executive Order 984-9 shall be required.

Specifications can be obtained at the office of The Lorain County Engineer, 247 Hadaway Street, Elyria, Ohio between the hours of 8:00 a.m. and 4:00 p.m., Monday through Friday. Bids must be accompanied by a bid bond, certified check, cashier's check or letter of credit equal to ten percent (100/o) of the amount of bid or a contract bond for the full amount of the bid, as a guarantee that if the bid is accepted a contract will be entered into and a performance bond properly secured. Should any bid be rejected, such instrument will forthwith be returned upon proper execution of a contract.

The Board of County Commissioners reserves the right to reject any and all bids and to waive any informalities or irregularities if it is deemed in the best interest of Lorain County to do so.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby Instruct the Clerk to advertise for bids to replace Osborne Road Bridge #0215 in Columbia Township.

Motion by Vasi, seconded by Blair to adopt Resolution. Ayes: All.
Motion carried.

JOURNAL ENTRY

In the matter of discussing the contract of Sprint for the Nortel)
Meridian 1 PBX's and Norstar Key Systems, in the amount of)
$1,603,102.00 to provide a "turn-key" implementation of a) June 18, 1998
telephone system, cable and station equipment for Lorain County)

Commissioner Ross commented that he asked that the language for this resolution as it was listed on the agenda, not be added because he felt it was misleading and inappropriate due to the fact we did not decide to award the contract to anyone.

Commissioner Ross said that par of the issue on the original specifications did not include all of the things that we possibly need in Lorain County so as a result the bids did not address all of these needs. After speaking with the consultant, he indicated that at some point along the way he did agree with the idea of prolonging the specifications but that information never got to this Board. This is a sore subject as far as how long the time has taken in receiving the proposals.

Commissioner Ross said he would move to re-bid this project. We have asked the Assistant County Prosecutor Mr. Innes to give us some direction on what would be the most fair and proper way to get the additional information into the bid process.

Mr. Innes stated that the Board could not expand the current contract to include additional services without re-bidding the entire package.

Commissioner Ross said he talked with Jim Cordes about the possibility of re-bidding this project, and he indicated that we will not be starting at ground zero, a lot of ground work has already been performed in studying the county's needs and that CRA could be useful in revising and update the needs in terms of the specifications. The re-bidding process would not be a duplication of al the work that has already been done; but it would result in a 3-60 day additional time frame in getting this contract awarded.

Commissioner Blair asked if anyone has identified the additional items that we supposedly need in this process. Commissioner Ross said he believes they have been identified through our data personnel.

Commissioner Blair said she does not share Commissioner Ross' opinion and heard that when the consultant outlined that the wiring needs to be done in unison so that there will be a savings of labor at that time, and anything we want after that time can be determined.

Commissioner Blair asked that his board act expeditiously to ward this contact at this time as recommend by the consultant, that Sprint company has given us the best bid.

Commissioner Vasi said she would second Commissioner Ross' motion to re-bid this project, because if there is some cost effect related to this, we want to make this the best that we can and not have to go back and spend additional money in the future.

The following resolution was adopted:

RESOLUTION NO. 98-471

In the matter of rejecting bids received for the implementation) of a telephone system, cable and station equipment for Lorain) June 18, 1998 County and re-advertise for bids with revised specifications)

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby reject bids received for the implementation of a telephone system, cable and station equipment for Lorain County and re-advertise for bids with revised specifications.

Motion by Ross, seconded by Vasi to adopt Resolution. Ayes: all with the Exception of Blair "nay"
Motion carried.

JOURNAL ENTRY

Commissioner Vasi said that even though she had abstained in the motion for the resolution to clean-up the Mullins property, she would like to bring this up at this time.

Commissioner Ross recognized Atty. John Keressi, Jr in attendance, and stated that we have had some discussions regarding the Mullins property on several issues as it relates to the contract.

Mr. Keressi said he has had an opportunity to clarify these issues with each Commissioner and he was present at today's meeting to answer any questions the board may have. John Sabo, County Sanitarium who worked with this case is also present as well as Mrs. Mullins, property owner.

Mr. Keressi stated that the contractor is scheduled to go out next week to begin work on the tire removal.

Commissioner Vasi said she would like to see this project move forward and does not feel that the property should be liened. Commissioner Vasi stated that there is money set aside for that purpose and already collected for that purpose. Resident of Lorain County have paid taxes or paid for this purpose and feel like it is double dipping.

Commissioner Ross moved to proceed with this project remove the lien because this does waste additional dollars and legal fees and time in pursuing the lien against Mrs. Mullins. If we can identify a culprit in this matter, which is a different story which is something for law enforcement to deal with, and use these funds to go forth with the clean up.

Commissioner Ross said there were other questions with the 3-year contract, but we need to move forward with this issue.

Mr. Keressi pointed out, that he took a deposition from Mrs. Mullins and it is very obvious and clear that she does not have the resources to pay, and if we did have a lien we would be 3rd in line. It does not make sense to use resources and time and money to chase after an offender that does not have the resources to pay the judgement, and the Board of Health would support the Commissioners in terminating the option to pursue a lien.

The following resolution was adopted:

RESOLUTION NO. 98-471a

In the matter of clarifying the resolution adopted) June 4, 1998 eliminating the pursuance of a lien) against Mrs. Mullins property and authorize the) June 18, 1998 funds from Solid Waste District to assist in the) tire clean-up)

BE IT RESOLVED, the Lorain County Board of Commissioners do hereby clarify Resolution No. 98-434 (Req#2013-98), adopted June 4, 1998 eliminating the pursuance of a lien against Mrs. Mullins property and authorize the funds from the Lorain County Solid Waste District to the Lorain County Board of Health District to assist in the tire clean up. Ohio Central Contractors will be providing the services for the tire clean up in the amount of $32,000.00

Motion by Commissioner Ross, seconded by Commissioner Blair to adopt Resolution. Ayes: All with exception of Commissioner Vasi "abstained".
Motion carried.

Commissioner Ross moved, seconded by Commissioner Blair to recess into Executive Session to discuss personnel issues/new hires and pending litigation. Upon roll call the vote taken thereon, resulted as follows: Ayes: All.
Motion carried.

Commissioners reconvened from the Executive Session and the following resolutions were adopted:

RESOLUTION NO. 98-473

In the matter of amending Resolution No. 98-325, with regard to) Compensation paid to Law Directors prosecuting violations of) June 18, 1998 state law in municipal courts)

WHEREAS, pursuant to Resolution 98-235, some prosecutors in the County have elected to receive direct payment of the compensation authorized in said resolution, and some prosecutors have elected to have the compensation paid through the municipality; and

WHEREAS, those prosecutors receiving direct payment will net greater amounts than those directing payment through the municipality, and

WHEREAS, payment through the municipality results in a savings to the County in employee contributions and administrative costs,

THEREFORE, BE IT RESOLVED, in order to achieve a more equitable distribution of compensation, the compensation schedule authorized in Resolution No. 98-235 is modified retroactively to January 1, 1998 to provide that law directors/prosecutors electing to receive payment directly will be compensated in an amount 10% lower than the amounts authorized by Resolution 98-235; said reductions reflect additional costs being borne by the County.

Resolution No. 98-235 is further amended to delete the following language:

Said payment shall represent gross compensation and is inclusive of tax withholding and employer/employee PERS contributions."

Commissioner Vasi moved, seconded by Commissioner Blair to adopt Resolution. Ayes: All. (with the Exception of Ross, absent, out of office emergency).
Motion carried.

B-18

RESOLUTION NO. 98-491

In the matter of approving and entering into Contract between the Lorain County Human Services and Lorain County Cab Company for Taxi-Medical Transportation for Human Service Clients effective July 1, 1998 through June 30, 1999) June 25, 1998

WHEREAS, Mary Lou Golski, Director, Lorain County Human Services by letter dated June 17, 1998 submitted the following:

"I am requesting a Commissioners' Resolution to award the recent bid for Taxi-Medical Transportation to the Lorain County Cab Company. A resolution is necessary to receive State and Federal reimbursement.

There were two taxi companies, which submitted bids on this transportation agreement, with Lorain County Cab Company being the one with the lower base rate in its package. Its bid package and the one submitted by Safe & Reliable Cab Company were received by the Lorain County Purchasing Department and are available there for review. This agreement will be utilized for medical transportation, which cannot be scheduled through LCT.

The agreement will be for a period of 12 months or a maximum amount of $24,000.00, whichever comes first. The initial payment period will be for July 1, 1998 through June 30, 1999. It can be renewed at the same terms and conditions providing the agreement of all parties and the availability of funds.

Enclosed are three copies of the agreement. Please keep one fully executed copy for your files and return two to me for distribution.

I look forward to your consideration and approval of this matter.

Sincerely, S/Mary Lou Golski, Director, LCHS"

Said bid was the lowest and most responsive complying with specifications and is considered a part hereof to this resolution by reference thereto and can be found on file in the Commissioners/Human Services Department.

Contract is effective July 1, 1998 through June 30, 1999 in the amount of $24,000.00 or for a period of 12 months whichever comes first.

JOURNAL ENTRY

In the matter of approving and entering into Contract with PKG Consultants in collaboration with Clarion Associates Inc., and Davey Resource Group to complete the Model Township Comprehensive Plan) June 25, 1998

Ron Twinning-Planner, Community Development Department introduced David Street, Carlisle Township Trustee and Linda Lagunzad, Black River RAP and briefly reviewed this project.

This project is a major part of the $71,000.00 grant received for which the Board of Commissioners entered into in September 1997. $41,660.00 has been received to begin this project and the Consultant has submitted this bid along with three (3) other consultants for $40,000.00. The Carlisle Steering Committee has met with the Consultant through an evaluation process and review, and have selected Pflum, Klausmeier & Gehrum Consultants (PKG) based on a written and oral presentation.

Mr. Twinning said they are asking and recommend the Board of Commissioners allow the Community Development Department to enter into agreement on behalf of Carlisle Township. Mr. Twinning said the Agreement would only be with PKG Consultants.

Mr. Twinning said the actual contract has not been prepared, awaiting the Commissioners official action. This contract will be submitted to the County Prosecutor for review before it is brought to this Board for signature.

Commissioner Vasi stated she was not comfortable entering into a contract the Board has not reviewed. Commissioner Blair said we have authorized contracts and the formal verbiage has not been determined. This Board could approve this contingent upon the actual document submission.

Commissioner Blair stated that they need direction as to whether or not we are willing to accept this recommendation.

Commissioner Ross said the recommendation is fine, but he wants to see the actual contract we are entering into.

Commissioner Vasi said that the grant is for $71,000.00 and this contract portion is for $40,000.00, and wanted to know about the other $3 1,000.00. Mr. Twinning responded that there are other costs involved i.e. an internship, mailings, adoption of actual zoning changes etc.

Commissioner Vasi said that will this cost $71,000.00 for each Township. Linda Lagunzad wanted to clarify the $40,000.00, there is $25,000.00 authorized for the creation of the plan itself and the extra was for the Community Guide.

Discussion continued and the following resolution was adopted:

RESOLUTION NO. 98-493

RESOLUTION NO. 98-508

In the matter of approving the financial arrangement with the City of Lorain and authorize the Lorain County Engineer to issue a purchase order in the amount of $119,492.00 from MVGT funds to K.E. McCartney & Associates) July 2, 1998

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated June 17, 1998 submitted the following;

"This office has been working with the City of Lorain since 1994 on improving Colorado Avenue from Henderson Drive East to the Corporation Limits. At the present time, the traffic counts have been approved by O.D.O.T., the lane configurations and signal warrants have been approved by O.D.O.T., and the environmental submittal has been reviewed. Up to this time, Lorain County has been funding this project and the City of Lorain has been repaying the loan at $10,000.00 per year. A tabulation follows:

AUTHROIZED WORK		PAYMENTS FROM CITY OF LORAIN
Preliminary Development	$26,940.55	$40,000.00
Environmental Work	$32,000.00	
Drainage Study	$ 7,200.00	
	$66,140.55	

The city has issued a purchase order for 1998, but the payment has not yet been received. The city therefore has three payments left, as follows:

1998 $10,000.00
1999 $10,000.00
2000 $ 6,140.55

We are presently at the point where additional work needs to be authorized. O.D.O.T. has required Phase I environmental site assessments on 23 sites at the cost of $33,993.00. We have also obtained a proposal from K.E. McCartney and Associates for the next phase of the design work. This will include the field survey work and preparation of plans sufficient to be submitted for a line, grade and typical section review through O.D.O.T. The total cost of this work is $85,500.00.

We offered to loan this to the City of Lorain with a payback over 4 years, beginning in 1999. The payback would be as follows:

TOTAL AUTHROIZED WORK	PAYBACK	
$119,493.00	1999	$29,873.25
	2000	$29,873.25
	2001	$29,873.25
	2002	$29,873.25

The City of Lorain has reviewed and approved this arrangement. They passed an ordinance on June 15, 1998.

This project, estimated at $2.5 million, is to be funded with 80% federal funds and 20% O.D.O.T. funds. The project is important to the City of Lorain and also the County, especially with the continued development of the Industrial Park off of Root Road and the proposed development of the old shipyards.

Please take the necessary action to approve the financial arrangement with the city of Lorain and authorize this office to issue a purchase order in the amount of $119,493.00 to K.E. McCartney and Associates, 52 N. Diamond Street, Mansfield, Ohio, 44902. This would be part of Part III Final Design portion of their agreement. The funds are available in A & G Account CONSTRUCTION SERVICES 22001-1102-440701.

Thank you for your cooperation in this matter.
Sincerely, S/Kenneth P. Carney, Lorain County Engineer"

This is for Part III Final Design portion of the agreement for improving Colorado Avenue form Henderson Drive East to the Corporation Limits and City of Lorain has agreed to repay this loan over a four (4) year period in the sum of $29,873.25 per year. Said project, estimated at $2.5 million is to be funded with 80% federal funds and 20% ODOT funds.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby approve the financial arrangement with the City of Lorain and authorize the Lorain County Engineer to issue a purchase order in the amount of $119,492.00 from MVGT funds to K.E. McCartney & Associates.

B.12 RESOLUTION NO. 98-511

In the matter of authorizing South Shore Electric, Inc. to with-)
draw their bid submitted for electrical work at the Lorain) July 2, 1998
County Parking Garage as indicated in their letter dated)
June 26, 1998)

WHEREAS, Paul Zielazienski, President, South Shore Electric Inc., by letter dated June 26, 1998 submitted the following:
"We, South Shore Electric, inc., hereby formally request to withdraw our proposal for the electrical work at the Lorain County Parking Garage project. After the bid opening, we discovered an error in our proposal. The error was that we did not carry the material costs down on our recap sheet to the proper place so that it would be included in our total bid. As our material costs are $54,052.00, our total bid should have been $127,512.00. If desired, we can produce our worksheets for your examination. Please advise us of any other documentation you may need.
Sincerely, Paul Zielazienski, President"

The said corrected bid was $127,512.00 instead of $73,460.00.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby authorize South Shore Electric, Inc., to withdraw their bid submitted for electrical work at the Lorain County Parking Garage as indicated in the above letter dated June 26, 1998.

Motion by Vasi, seconded by Ross to adopt Resolution. Ayes: All.

JOURNAL ENTRY

Commissioner Vasi stated she was concerned about Hilary Burge, hired for Children and Families First Council being at Human Services. She should be her to work with John Rokasy and transaction of this whole council.
Mr. Muntean stated arrangements have been made with Mr. Rokasy to have her here.

E.

NEW BUSINESS

#1. Commissioner Vasi would like Mr. Innes to review the open appointments on the Lorain County Planning Commission pertaining to Fred Alspach who has been mentioned to serve on this committee.

#2. Commissioner Vasi stated more and more people are really frustrated with government and she would like to build a trust and look into establishing a local ethics commission and maybe for the welfare department have an action committee.
Commissioner Ross didn't understand the intend at this point but would like to have more discussion on this.

Commissioner Vasi has asked Prosecutor's office to review this. Mr. Innes stated there is a letter in route stating there is a State Ethics Commission to which the Governor appoints and the only organization that will have a legal authority to do anything. If we have a local committee, it would have to be a voluntary recommendation with no authority to make any legally forcible decisions.

Commissioner Vasi said if people find wrongdoing they could put a complaint into the Prosecutors office then forward it to the Ohio Ethics Commission.
Commissioner Vasi asked if there was anything prohibiting us from doing this, Mr. Innes said no you could form it but couldn't legally enforce anyone to cooperate with investigation or issue would have a force.
She said there is a Ombudsman in Children Services, does he not have legal authority.
Mr. Innes said an ethics officer could be hired to review activity of employees, but other elected officials would have to be a voluntary thing, then forward review to the state. He also stated that the State Ethics Commission investigates, have subpoena powers and can demand people to cooperate with their investigation and can't see employees with elected officials respond or cooperate.
Mr. Innes said it is hard to find people who are interested enough or neutral to serve on this committee and this is why the State has established this committee and won't have local people involved. If it is local people they would be connected to someone somehow.
Commissioner Vasi asked about an Ombudsman and would like to have Board think about this and review it some more.

JOURNAL ENTRY

Commissioner Ross said an Administration Clerk has been hired to assist with transition to keep Children and Families First Council flowing and in talking with Mr. Rokasy he will be doing fiscal aspect and other fiscal agents have been determined that monies need to be advanced to keep some programs going while transition takes place and the following resolution was adopted;

JOURNAL ENTRY

Mary Beth Derikito, commented on letter send by Lorain County Association of Township Trustees and Clerks dated June 29, 1998 to all Commissioners about an appointment to the local planning board.

"On behalf of the LCATT&C Policy Committee, I am writing you to address the Lorain County Planning Commission. It is our understanding that a vacancy exists on this Commission and that historically the seat is filled by the appointment of the Mayor of Lorain, Ohio. However, it appears that the metropolitan/northern portion of Lorain County is very well represented by the remaining Commission members. Since the Lorain County Planning Commission deals primarily with land issues in the unincorporated portion of the County, we ask you to consider filling this vacancy with a southern Lorain County representative.

You are aware of the work, in various areas of the Townships, that Fred Alspach is involved in. We are recommending that the Lorain County Commissioners consider the appointment of Fred Alspach to the Lorain County Planning Commission. We would support this action wholeheartedly.

Yours truly, S/Mary Beth Derikito, President, LCATT&C"

Commissioner Vasi stated Mr. Innes is reviewing because there was a concern about a Township person sitting on the County Planning. Mrs. Derikito stated that Wellington has there own planning commission so it would not be a problem.

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated July 2, 1998 submitted the following:

Resolution No. 98-529 cont. July 9, 1998

"The Groot, Davidson, Lewis Ditch which is under County Maintenance is in need of repairs. The ditch was cleaned last year and a layer of sand was exposed, causing erosion damage. The Soil Conservation Service and this office have prepared plans to install rock and filter fabric. We have obtained two quotes for this work, which are attached. We recommend the bid be awarded to the low bidder, Wise Construction and Excavating, 17383 Mennell Road, Grafton, Ohio 44044, in the amount of $5,600.00. The funds are available in the Groot, Davidson, Lewis Maintenance Ditch account.
Thank you for your cooperation in this amount.
Sincerely, S/Kenneth P. Carney, Lorain County Engineer"

Said quote was the lowest and most responsive received and the funds are available in the Groot, Davidson, Lewis Maintenance Ditch account. Also the plans have been prepared by the Soil Conservation Service and the County Engineer.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the review of and recommendation of Kenneth P. Carney, Lorain County Engineer by letter dated July 2, 1998 we hereby award contract to wise construction and Excavating, Grafton, Ohio in the amount of $5,600.00 for installing rock and filter fabric for the Groot, Davidson, Lewis Ditch, which is under county maintenance and is in need of repairs.

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby amend Resolution No. 98-311, adopted on April 16, 1998 approving and entering into Agreement between the Board of Commissioners and the City of Lorain for the purpose of facilitating rehab/expansion work on the Genesis House Rehabilitation (language changes).

Said amended Agreement is as follows:

JOINT DEVELOPMENT AGREEMENT

THIS AGREEMENT made this 28th day of May 1998, by and between The County of Lorain and the City of Lorain, an Ohio municipal corporation, is for the joint funding of an expansion of a residential shelter facility located in the City of Lorain, owned and operated by Lorain County Safe Harbor, Inc. a not for profit Ohio corporation; and

WHEREAS this activity is eligible for Community Development Block Grant (CDBG) funding by the City and County of Lorain under Title I of the Housing and Community Development Act of 1974, as amended, according to 24CFR 570.207(b)(3), serving a special needs population including shelters for battered women; and

WHEREAS the Lorain County Board of Commissioners passed Resolution Number 97-992 (see Attachment 1) agreeing to provide $25,000.00 to the City of Lorain for the Lorain County Safe Harbor, Inc. project; and

WHEREAS the Lorain City Council has adopted Ordinance Number 221-97 (see Attachment 2) agreeing to accept $25,000.00 from the County of Lorain and provide $25,000.00 in City CDBG funds for the construction of an addition to a residential shelter facility owned and operated by Lorain County Safe Harbor, Inc.

THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES AND COVENANTS HEREIN CONTAINED THE PARTIES AGREE AS FOLLOWS:

SECTION 1: The County of Lorain will deliver to and deposit with the City of Lorain $25,000.00 as provided by Lorain County Resolution No. 97-992, for the purposes of constructing an addition to the Lorain County Safe Harbor, Inc. Shelter. This money will be deposited with the City of Lorain, Department of Community Development Public Facilities Account Number 2260-R226-7110-6300- 1600 not later than 30 days after execution of this Agreement, to be set aside exclusively for the Lorain County Safe Harbor, Inc. project. Upon receipt of the County's share of funding the City of Lorain will transfer $25,000.00 of its 1998 CDBG funds into this account as specified in Ordinance No. 221-97, matching the County's contribution and making a total of $50,000.00 available to this project.

SECTION 2: The City of Lorain, Department of Community Development will act as lead agency for this project, ensuring compliance with all Community Development Block Grant regulations. The City of Lorain will contract for all necessary construction work through the City's Central Purchasing Office according to local and Federal requirements.

SECTION 3: The City of Lorain, Department of Community Development will make available copies of all documents demonstrating compliance with Community Development Block Grant regulations to the Lorain County Board of County Commissioners.

SECTION 4: The term of this Agreement shall begin upon the execution of Agreement and terminate upon the completion of said construction which shall be considered completed upon issuance of a certificate of occupancy for the residential shelter facility.

JOURNAL ENTRY

Lola Robertson commented on Commissioner Vasis' idea from last week regarding the establishment of an Ethics Commission to oversee activities within the County. There are several reasons why this would be good; 1) October 1987 there was a heated debate over joining the County Alliance and no where on tape or in minutes was there a vote or consensus to join but 2 ½ months later county paid dues-unethical action; 2) railroad-some residents tried numerous times to acquire information from the Commissioners office for their support and or non-support of railroad issue but had to go to Columbus to receive; 3) hiring consultant firm out of Columbus to review expansion of airport, no decision in the minutes or on the tapes to see if voted decision ; 4) dog pound on 4/16 Comm. Ross said this would be discussed at later date, on 4/23 this deal was . The question is has there been a legal opinion rendered on the establishment of an Ethics Commission. Mr. Innes said an opinion was issued and Ethics Commission is in the jurisdiction of the state but a local commission could be established on a volunteer basis, no legal authority, could not have people answer, nor issue subpoenas or have cooperation from citizens.

JOURNAL ENTRY

Alan Ahlgrin, Citizens Committee, Amherst Township known as Citizens for Economic Growth asked about the delay in construction for the RT58 interchange. This has been delayed for 5 years, which has also delayed economic growth for Lorain County, wages, tax dollars have been lost. Under Plan A the Turnpike Interchange could have been build within 5 years, Question is what has been this delay and we hope and encourage the Commissioners to construct this interchange immediately.

Commissioner Ross stated he did not know what has caused the delay and the meeting for Turnpike Commission is July 20, 1998 to see how they will proceed. A meeting with John Bender, State Representative and others was to be today at 11:00 am but Rep. Bender cancelled. Motion by Vasi to have this Board send a letter to the Ohio Turnpike Commission and encourage them to move forward with the original plan of Plan A –RT58 Exit. (due to a lack of second, motion died)

Commissioner Ross said he would support a letter to Turnpike Commission encouraging them to move forward to construct the interchange immediately in whatever they decide and Board of Commissioners would like to see the interchange constructed without further delay. Commissioner Blair seconded.

Commissioner Vasi said Plan A would eliminate railroad bridge and Plan B would construct bridge, which would have it, delayed longer because there is no money.

Discussion continued and the following resolution was adopted:

RESOLUTION NO. 98-532

In the matter of supporting and encouraging)
The Ohio Turnpike Commission to move) : July 9, 1998
forward with a plan to construct the RT58)
Interchange in Lorain County, Ohio)

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby support and encourage the Ohio Turnpike Commission to move forward with a plan to construct the RT58 Interchange in Lorain County, Ohio.

FURTHER BE IT RESOLVED, this construction should proceed immediately without any further delay.

Motion by Ross, seconded by Blair to adopt Resolution. Ayes: all.
Motion carried.

JOURNAL ENTRY

Mary Beth Derikito would like to know if there was progress on the appointment to the Lorain County Planning Commission. Commissioner Ross said there is a meeting this afternoon to discuss this committee and the membership.

JOURNAL ENTRY

Steve Luca stated he appreciated the motion to support and encourage the interchange at RT58. He represents a group of investors within that area and hopes this motion will move this show on the road, it has been 5 years to long. We also encourage the Ohio Turnpike Commission to follow through with no more delays and support Plan A the original submission.

Commissioner Vasi stated that Plan A does not include the railroad overpass. Mr. Luca said yes, the original plan A has been drawn up and is ready to go with no delay. Plan B would be alternate co-existing plan with the railroad group, which would take additional engineering and design work, putting project beyond spring of coming year.

JOURNAL ENTRY

Ed Mullinax, Plan A was designed 5 years ago millions of tax dollars have been wasted. If we don't have support of Plan A we will never have an interchange in this lifetime, unless someone would come up with $30 million dollars in government funds for railroad development. According to newspaper reports, Lakeshore railroad has received a total of $3,923,000.000 and bulk of this is loans, rest is to come from government. No more wasted time or money.

JOURNAL ENTRY

Mary Beth Derikito said she agrees and since Norfolk Southern/CSX merger we have had a lot of increase train traffic throughout the county there are no overpasses. If tax dollars are going to be used it should go towards these overpasses.

Commissioner Ross said we are not considering using tax dollars.

Mr. Innes said as a point of interest-3 years ago, Brownhelm Township was involved with a litigation issues regarding Baumhart Road exit and during testimony before railroad issue came up during course of testimony they already admitted they were waiving on their commitment with time lines, in putting in the 58 exit. It is not just the railway causing this delay, there should be caution when contacting the turnpike.

JOURNAL ENTRY

Commissioner Ross asked if there is any value to this corridor aside from the money issue and what would happen if it were abandoned.

A Resident of Pittsfield Township said this rail corridor has been vacant, unattended for many years, ditches washed out, weeds overgrown, tracks suspend in air, rails missing and these people had years to obtain financing for their dream. When they received the monies they were out there cleaning every weekend and now there is nothing, they should be accountable just like us citizens. I will not support any railway that can not get funding, tired of this waste.

JOURNAL ENTRY

John Penton said Amherst will become nationally and internationally known throughout the world community. His concern is not all the money being invested, it is the representation of this growth something other than an interchange for Amherst which is beside an abandoned railroad. This will take millions of our tax dollars to ever make it presentable to a worldwide community.

Commissioner Ross said even when the turnpike is there the corridor will not disappear would like to know if there are ideas out there to see what will become of the corridor.

JOURNAL ENTRY

Mr. Larry Mullinax said there is no hazard to anyone, but if the railroad is built it will be a bigger problem. Plan A is the fastest way to go, if this exit is lost-it will kill the county. We have already had one big lost (FORD), don't need another.

JOURNAL ENTRY

Mr. Luca said railroad abandoned in 1982 and left to decay

Mr. Ahlgrin asked if there was any consideration in future to open and make available walking/bike trails.

Mr. Mullinax said RT58 is the north/south highway, not talking about Amherst, Amherst Township talking about Oberlin, Oberlin College, Wellington this exit is 5 minutes from airport and goes to I71, there is a true opportunity for the whole county. The Baumhart exchange is a road to nowhere, waiting 2 ½ hours to collect funds. On RT58 there would be no waiting and it take a good 15 minutes to cross the street now, this would be very beneficial.

Plan B would be a waste of time and money – started out as bike bath, scenic railroad now we have non-profit organization railroad.

Commissioner Ross said effort has been made and now we have to encourage turnpike to move forward with no additional delays.

Commissioner Vasi said maybe the unions could support they were to be here today.

Mr. Kish said north/south corridor in 1974-1975 railroad was proposed to elevate some debts occurring on RT58. RT20, try to cross road at east/west bound. Increase traffic on RT58, Oberlin would choke, railroad was to be bypass, nothing has been done since and the fatalities that are occurring is from a poorly designed road now from 4 lanes to 2 lanes.

Said contract is as follows:

AGREEMENT BETWEEN
THE ALCOHOL AND DRUG ADDICTION SERVICES BOARD
OF LORAIN COUNTY
AND
THE BOARD OF LORAIN COUNTY COMMISSIONERS

THIS AGREEMENT is entered into by and between the Alcohol and Drug Addiction Services Board of Lorain County, 4950 Oberlin Avenue, Lorain, Ohio 44053 (hereinafter ADAS BOARD) and the Board of Lorain County Commissioners, 226 Middle Avenue, Elyria, Ohio 44035 (hereinafter COMMISSIONERS).

WHEREAS the ADAS BOARD is charged, pursuant to ORC 340, with the coordination of alcohol and drug addiction services for the residents of Lorain County and to collaborate with other enterprises which share such interests; and

WHEREAS the COMMISSIONERS are the legally designated Administrative Agent, effective July 1, 1998, pursuant to H.B. 215, for the Lorain County Children and Families Council (hereinafter COUNCIL); and

WHEREAS the Family Stability Incentive Project (hereinafter FSIP), is a funded initiative of the COUNCIL, approved by the Governor's Family and Children First Initiative, with the stated purpose of reducing the number of Lorain County children and adolescents in out of home placements; and

WHEREAS the ADAS BOARD and the COUNCIL share a mutual interest in assuring that parents who abuse alcohol and other drugs in ways that may impair their ability to safely and appropriately raise their children are afforded clinically-appropriate and cost-effective alcohol and other drug treatment services in accordance with the applicable provisions of ORC 340; and

WHEREAS the COUNCIL by resolution and vote, at the COUNCIL meeting held on April 22, 1998, approved the allocation of $37,096 in FSIP funding to the ADAS BOARD for the purposes of contracting with Recovery Resources for the operation of alcohol and drug addiction treatment services for Lorain County Children's Services clients for the period beginning on July 1, 1998 and terminating on June 30, 1999;

NOW THEREFORE, in consideration of the foregoing, the ADAS BOARD and the COMMISSIONERS agree as follows:

1. That the ADAS BOARD contract, pursuant to the provisions of ORC 340, with Recovery Resources, Inc., an Ohio Department of Alcohol and Drug Addiction Services certified provider of alcohol and drug addiction treatment services with experience in the provision of such services to public children's services agencies. Specifically, that the ADAS BOARD shall reimburse to Recovery Resources, pursuant to a contract by and between Recovery Resources and the ADAS BOARD, an amount not to the amount of $37,096 in FSIP funds during the period commencing on the 1st day of July, 1998 and terminating on the 30th day of June, 1999.

2. That the ADAS BOARD agrees, as the fiscal agent for $37,096 in FSIP funds, to follow and abide by all requirements of FSIP which serves as Exhibit I of this agreement as though fully re-written within this agreement. Additionally, the ADAS BOARD agrees as follows: A) To guarantee that all FSIP funds shall be expended in a manner consistent with the laws and regulations that govern their use; B) To maintain records of the use of FSIP funds sufficient to guarantee the proper use of the funds, and that these records be made available at any time deemed reasonable by the COMMISSIONERS or by any legally designated successor as Administrative Agent for the COUNCIL, for review or audit by officials of the State of Ohio, Lorain County, or the COUNCIL; C) To prepare all reports as may be required pursuant to Exhibit I or by the COUNCIL and to provide copies of these reports to the COMMISSIONERS or to any legally designated successor as Administrative Agent for the COUNCIL; and, D) To provide quarterly reports on the use of FSIP funds to the COMMISSIONERS or to any legally designated successor as Administrative Agent for the COUNCIL.

3. The ADAS BOARD agrees that if, at the pleasure of the COMMISSIONERS, or any legally designates successor as Administrative Agent for the COUNCIL, and/or of the COUNCIL, the ADAS BOARD is requested to relinquish administrative and/or fiscal agency duties for this agreement, the ADAS BOARD shall cooperate with the transfer of such duties to any such legally designated entity or entities.

4. The COMMISSIONERS agree, as Administrative Agent for the COUNCIL, to request funds from the granting authority on a timely basis in accordance with the requirements of the grant and based upon the reports submitted by the ADAS BOARD. The COMMISSIONERS furthermore agree to disperse these grant funds to the ADAS BOARD in a timely manner once such funding has been received.

IN WITNESS WHEREOF, the parties have executed this Agreement on the dates set forth and caused their names to be subscribed by the duly authorized representatives of the ADAS BOARD and the COMMISSIONERS.

The Board of County Commissioners of Lorain County, Ohio met in regular session on July 16, 1998 in the hearing room of the Board, with the following members present:

Commissioner Michael A. Ross, President *Commissioner Betty Blair, Vice-president*

Commissioner Mary Jo Vasi

Commissioner *Blair* moved for adoption of the following resolution and *Commissioner Vasi* seconded the motion:

RESOLUTION NO. 98-*547*

A RESOLUTION AUTHORIZING THE EXECUTION OF AN AGREEMENT WITH OHIO METALLURGICAL SERVICE, INC. IN CONNECTION WITH FINANCING A COMMERCIAL FACILITY WITHIN THE BOUNDARIES OF THE COUNTY

WHEREAS, Ohio Metallurgical Service, Inc. (the "Corporation") has requested this Board of County Commissioners to assist the Corporation in financing the costs of acquiring, constructing, installing and equipping real and personal property constituting an industrial facility to be used by the Corporation in its business of heat treating steel (the "Project") by issuing revenue bonds of the County in the principal amount now estimated not to exceed $2,050,000; and

WHEREAS, the Lorain County Economic and Industrial Development Corporation ("CIC") has certified to the County that the Project is in accordance with the plan for the industrial, commercial, distribution and research development of the County heretofore prepared and approved by the CIC and confirmed by the County pursuant to Chapter 165 and Section 1724.10, Ohio Revised Code.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Lorain County, Ohio:

SECTION 1. This Board finds and determines the following, based on the representations of the Corporation contained in its application to the CIC:

(a) The Project is a "project" within the meaning of that term as defined in Section 165.01(H), Revised Code.

(b) The Project is consistent with the purposes of Section 13 of Article VIII, Ohio Constitution to create or preserve jobs and employment opportunities and to improve the economic welfare of the people of the State of Ohio.

(c) All formal actions of this Board relating to the enactment of this resolution were taken in an open meeting of this Board. All deliberations of this Board that resulted in those formal actions, were in meetings open to the public in compliance with all legal requirements, including Section 121.22, Revised Code.

SECTION 2. This Board agrees to authorize and issue revenue bonds (the "Bonds") of the County to provide funds to pay costs of the Project, in accordance with Chapter 165, Revised Code, subject to the conditions contained in and upon the terms provided in the Agreement to Issue Bonds between the County and the Corporation (the "Agreement"), a form of which is attached as Exhibit 1. This Board authorizes and directs any two County Commissioners to sign the Agreement, substantially in that form, with such changes, not substantially adverse to the County, as the Prosecuting Attorney and the County Commissioners signing the Agreement approve. The signing will constitute conclusive evidence of that approval. This Board further authorizes and directs any County Commissioner, the County Auditor, the Prosecuting Attorney, the Clerk of this Board and any other official or employee of the County to take the actions required of the County by the Agreement.

SECTION 3. If for any reason the Bonds are not issued, or if the amounts which can be paid from the proceeds of the Bonds for issuance expenses are insufficient for that purpose, the Corporation will, from its own funds, pay all fees, costs and expenses of the Project, including without limitation, the fees of, Bond Counsel, the underwriter for the Bonds and Squire, Sanders & Dempsey, L.L.P. as special counsel to the County and any other consulting, legal or professional fees, costs or expenses. The County will have no obligation for those fees, costs or expenses.

SECTION 4. This resolution will be in full force and effect immediately on its enactment.

Upon roll call on the adoption of the resolution the vote resulted as follows:

Mary Jo Vasi *'aye'* Michael A. Ross *'aye'*

The Board of County Commissioners of the County of Lorain, Ohio, met in regular session on the 16th day of July, 1998, with the following members present:

Mary Jo Vasi Michael A. Ross

E. C. Blair

Commissioner Vasi moved the adoption of the following resolution and *Commissioner Ross* seconded the motion.

RESOLUTION NO. 98-*548*

A RESOLUTION PROVIDING FOR THE ISSUANCE AND SALE OF $120,000 ADMINISTRATIVE OFFICE BUILDING NOTES, SERIES 1998, IN ANTICIPATION OF THE ISSUANCE OF BONDS, FOR THE PURPOSE OF ACQUIRING AND RENOVATING AN EXISTING BUILDING TO PROVIDE REQUIRED HOUSING FOR ADMINISTRATIVE OFFICES.

WHEREAS, pursuant to Resolution No. 97-683 adopted July 17, 1997, a note (the Outstanding Note) in anticipation of bonds in the amount of $130,000, dated July 25, 1997, was issued for the purpose stated in Section 1, to mature on July 24, 1998; and

WHEREAS, this Board finds and determines that the County should retire the Outstanding Note with the proceeds of the Notes described in Section 3 and other moneys of this County available for that purpose; and

WHEREAS, the County Auditor as fiscal officer of this County has certified to this Board that the estimated life or period of usefulness of the improvement described in Section 1 is at least five years, the estimated maximum maturity of the Bonds described in Section 2 is 17 years, and the maximum maturity of the Notes described in Section 3, to be issued in anticipation of the Bonds, is August 1, 2010;

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of the County of Lorain, Ohio, that:

Section 1. It is necessary to issue bonds of this County in the aggregate principal amount of $120,000 (the Bonds) for the purpose of acquiring and renovating an existing building to provide required housing for administrative offices.

Section 2. The Bonds shall be dated approximately July 1, 1999, shall bear interest at the now estimated rate of 7.00% per year, payable semiannually until the principal amount is paid, and are estimated to mature in 17 annual principal installments that are substantially equal. The first principal installment is estimated to be December 1, 2000.

Section 3. It is necessary to issue and this Board determines that notes in the aggregate principal amount of $120,000 (the Notes) shall be issued in anticipation of the issuance of the Bonds and to retire, together with other funds available to the County, the Outstanding Note. The Notes shall bear interest at a rate of 4.25% per year (computed on a 360-day per year basis), payable at maturity and until the principal amount is paid or payment is provided for.

Section 4. The debt charges on the Notes shall be payable in lawful money of the United States of America, or in Federal Reserve funds of the United States of America if so requested by the original purchaser, and shall be payable, without deduction for services of the County's paying agent, at the main office of The Huntington National Bank, Columbus, Ohio (the Paying Agent). The Notes shall be dated July 24, 1998 and shall mature July 23, 1999.

Section 5. The Notes shall be signed by at least two members of the Board of County Commissioners and by the County Auditor, in the name of the County and in their official capacities, provided that all but one of those signatures may be a facsimile. The Notes shall be issued in the denominations and numbers as requested by the original purchaser and approved by the President of this Board, provided that the entire principal may be represented by a single note. The Notes shall not have coupons attached and shall express upon their faces the purpose, in summary terms, for which they are issued and that they are issued pursuant to this resolution.

Section 6. The Notes are hereby sold at 100% of par at private sale to Huntington Capital Corp., Columbus, Ohio, in accordance with law and the provisions of this resolution. The Clerk shall cause the Notes to be prepared, and have the Notes signed and delivered, together with a true transcript of proceedings with reference to the issuance of the Notes if requested by the original purchaser, to the original purchaser upon payment of the purchase price. Any member of this Board, the Clerk of this Board, the County Auditor, County Administrator and other County officials, as appropriate, are each authorized and directed to sign any transcript certificates, financial statements and other documents and instruments and to take such actions as are necessary or appropriate to consummate the transactions contemplated by this resolution.

Section 7. The proceeds from the sale of the Notes, except any premium and accrued interest, shall be paid into the proper fund or funds and those proceeds are appropriated and shall be used for the purpose for which the Notes are being issued. Any portion of those proceeds representing premium and accrued interest shall be paid into the Bond Retirement Fund.

Section 8. The par value to be received from the sale of the Bonds or of any renewal notes and any excess funds resulting from the issuance of the Notes shall, to the extent necessary, be used to pay the debt charges on the Notes at maturity and are pledged for that purpose.

Section 9. During the year or years in which the Notes are outstanding, there shall be levied on all the taxable property in the County, in addition to all other taxes, the same tax that would have been levied if the Bonds had been issued without the prior issuance of the Notes. The tax shall be within the ten-mill limitation imposed by law, shall be and is ordered computed, certified, levied and extended upon the tax duplicate and collected by the same officers, in the same manner, and at the same time that taxes for general purposes for each of those years are certified, levied, extended and collected, and shall be placed before and in preference to all other items and for the full amount thereof. The proceeds of the tax levy shall be placed in the Bond Retirement Fund, which is irrevocably pledged for the payment of the debt charges on the Notes or the Bonds when and as the same fall due.

Section 10. The County covenants that it will use, and will restrict the use and investment of, the proceeds of the Notes in such manner and to such extent as may be necessary so that (a) the Notes will not (i) constitute private activity bonds, arbitrage bonds or hedge bonds under Sections 141, 148 or 149 of the Internal Revenue Code of 1986, as amended (the Code) or (ii) be treated other than as bonds to which Section 103(a) of the Code applies, and (b) the interest thereon will not be treated as an item of tax preference under Section 57 of the Code.

The County further covenants that (a) it will take or cause to be taken such actions that may be required of it for the interest on the Notes to be and remain excluded from gross income for federal income tax purposes, (b) it will not take or authorize to be taken any actions that would adversely affect that exclusion and (c) it, or persons acting for it, will, among other acts of compliance, (i) apply the proceeds of the Notes to the governmental purposes of the borrowing, (ii) restrict the yield on investment property, (iii) make timely and adequate payments to the federal government, (iv) maintain books and records and make calculations and reports and (v) refrain from certain uses of those proceeds and, as applicable, of property financed with such proceeds, all in such manner and to the extent necessary to assure such exclusion of that interest under the Code.

The County hereby represents that the Outstanding Note (the Refunded Obligation) is treated as a "qualified tax-exempt obligation" pursuant to Section 265(b)(3) of the Code. The County hereby covenants that it will redeem the Refunded Obligation from proceeds of, and within 90 days after issuance of, the Notes, and represents that all other conditions are met for treating the Notes as "qualified tax-exempt obligations" and as not to be taken into account under subparagraph (D) of Section 265(b)(3) of the Code, without necessity for further designation, by reason of subparagraph (D)(ii) of Section 265(b)(3) of the Code. Further, the County represents and covenants that, during any time or in any manner as might affect the status of the Notes as "qualified tax-exempt obligations," it has not formed or participated in the formation of, or benefited from or availed itself of, any entity in order to avoid the purposes of subparagraph (C) or (D) of Section 265(b)(3) of the Code, and will not form, participate in the formation of, or benefit from or avail itself of, any such entity. The County further represents that the Notes are not being issued as part of a direct or indirect composite issue that combines issues or lots of tax-exempt obligations of different issuers.

Each covenant made in this section with respect to the Notes is also made with respect to all issues any portion of the debt service on which is paid from proceeds of the Notes (and, if different, the original issue and any refunding issues in a series of refundings), to the extent such compliance is necessary to assure exclusion of interest on the Notes from gross income for federal income tax purposes, and the officers identified above are authorized to take actions with respect to those issues as they are authorized in this section to take with respect to the Notes.

The County Auditor, as the fiscal officer, or any other officer of the County having responsibility for issuance of the Notes is hereby authorized (a) to make or effect any election, selection, designation, choice, consent, approval, or waiver on behalf of the County with respect to the Notes as the County is permitted to or required to make or give under the federal income tax laws, including, without limitation thereto, any of the elections provided for in Section 148(f)(4)(C) of the Code or available under Section 148 of the Code, for the purpose of assuring, enhancing or protecting favorable tax treatment or status of the Notes or interest thereon or assisting compliance with requirements for that purpose, reducing the burden or expense of such compliance, reducing the rebate amount or payments or penalties, or making payments of special amounts in lieu of making computations to determine, or paying, excess earnings as rebate, or obviating those amounts or payments, as determined by that officer, which action shall be in writing and signed by the officer, (b) to take any and all other actions, make or obtain calculations, make payments, and make or give reports, covenants and certifications of and on behalf of the County, as may be appropriate to assure the exclusion of interest from gross income and the intended tax status of the Notes, and (c) to give one or more appropriate certificates of the County, for inclusion in the transcript of proceedings for the Notes, setting forth the reasonable expectations of the County regarding the amount and use of all the proceeds of the Notes, the facts, circumstances and estimates on which they are based, and other facts and circumstances relevant to the tax treatment of the interest on and the tax status of the Notes.

Section 11. The Clerk of this Board is directed to deliver a certified copy of this resolution to the County Auditor.

Section 12. This Board determines that all acts and conditions necessary to be done or performed by the County or to have been met precedent to and in the issuing of the Notes in order to make them legal, valid and binding general obligations of the County have been performed and have been met, or will at the time of delivery of the Notes have been performed and have been met, in regular and due form as required by law; that the full faith and credit and general property taxing power (as described in Section 9) of the County are pledged for the timely payment of the debt charges on the Notes; and that no statutory or constitutional limitation of indebtedness or taxation will have been exceeded in the issuance of the Notes.

Section 13. This Board finds and determines that all formal actions of this Board concerning and relating to the adoption of this resolution were taken in an open meeting of this Board and that all deliberations of this Board that resulted in those formal actions were in meetings open to the public in compliance with the law.

Section 14. This resolution shall be in full force and effect immediately upon its adoption.

Upon roll call on the adoption of the resolution, the vote was as follows:

Mary Jo Vasi 'aye' Michael A. Ross 'aye'

E. C. Blair 'aye'

The foregoing is a true and correct excerpt from the minutes of the meeting on July 16, 1998, of the Board of County Commissioners of Lorain County showing the adoption of the resolution hereinabove set forth.

RESOLUTION NO. 98-551

In the matter of granting proposed Annexation of approximately) 15.432 acres in New Russia Township and 14.055 acres in) July 16, 1998 Pittsfield Township to the City of Oberlin, Ohio, Attorney) Richard T. Laux, acting on behalf of Richard Reno)

WHEREAS, after due and legal notice of this is the date fixed for the Public Hearing on the proposed annexation of approximately 15.432 acres in New Russia Township and 14.055 acres in Pittsfield Township to the City of Oberlin, Ohio, Attorney Richard T. Laux, acting on behalf of Richard Reno; and

WHEREAS, Commissioner Michael A. Ross opened the meeting and the Clerk read a brief statement on the proposed annexation; and

WHERAS, Assistant County Prosecutor M. Robert Flanagan administered an oath to everyone present that may be giving testimony during the hearing; and

WHEREAS, Commissioner Ross turned the meeting over to Attorney Richard T. Laux for further of the project; and

WHEREAS, Attorney Laux stated that Mr. Reno is the sole owner of the property to be annexed. Mr. Reno owns 62 acres of land immediately adjacent to the west of the corporation line of the City of Oberlin and immediately south of Hamilton Street. The first annexation to Oberlin took one-half of Mr. Reno's property. Mr. Reno's objective is to incorporate the rest of the property into the City of Oberlin to obtain city services. The City of Oberlin has indicated their willingness to provide these services.

Mr. Laux stated that there are presently 19 acres in the City of Oberlin that Mr. Reno owns and 15 additional acres in New Russia Township and 14 acres in Pittsfield Township he wishes to annex; and

WHEREAS, Attorney Laux reported that all Sections of the Ohio Revised Code relating to the annexation proceedings are in compliance; and

WHEREAS, Lorain County Engineer reviewed the accuracy of petition and map and by report dated April 24, 1998 indicated there were no discrepancies. The land is adjacent and contiguous to the City of Oberlin; and

WHEREAS, there were no Township Trustees present to comment on this annexation; and

WHEREAS, the Commissioners entertained questions and/or comments from property owners. There were no residents present; and

WHEREAS, Eric Seavers, Oberlin City Solicitor; the Public Works Director and Planning Director from Oberlin were present. Mr. Severs stated that Ordinance #98-47 indicates the services the City would provide if the annexation were granted. This property is proposed for residential development and a developer has contacted the City. If this property were developed residential, this plan would fit in with the City's strategic plan. The City currently has a residential subdivision that will abut this property being developed by Darryl Norris called Oberlin Reserve. A Railroad crossing separates the Reno property from the North subdivision and (right of way) the city has discussed putting in a roadway on that Railroad right of way. The City supports this annexation.

Mr. Severs addressed the question of the Hendrickson property in their letter concerning drainage. Their property lies west of this annexation. If property is developed there will be storm sewers extended to the property, which will improve the drainage. The City requires any development that goes in, must not increase the run-off from any piece of property. In most cases it improves the drainage.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that we do hereby grant said petition for annexation for the premises as follows:

PETITION FOR ANNEXATION OF 15.432 ACRES IN RUSSIA TOWNSHIP AND 14.055 ACRES IN PITTSFIELD TOWNSHIP TO CITY OF OBERLIN

We, the undersigned, being competent adult individuals seized of a freehold interest in the within described territory, and being all of the owners of the real estate as hereinbefore more fully described, do hereby petition for the annexation of said territory to the City of Oberlin Lorain County, Ohio, to-wit:

Situated in the Township of Russia, County of Lorain and State of Ohio, and being parts of Original Russia Township Lot No. 104, Original Pittsfield Township Lot No. 7 and being more fully described as follows: Beginning at a capped iron pin set at the Southwest corner of Pittsfield Township Original Lot No. 7, said point also being the true place of beginning for the parcel herein described; thence along the West line of said Original Lot No. 7 North 00° 55'00" East for a distance of 1868.60 feet to a 5/8" capped rebar set in the South line of Russia Township Original Lot No. 104; thence along the South line of Russia Township Original Lot No. 104 South 88° 49'48" West for a distance of 548.18 feet to a 5/8" capped rebar set in the West line of land conveyed to Margie G. Walter through Official Record Volume 505, Page 298 of the Lorain County Recorder's Office; thence along the West line of land conveyed to Margie G. Walter North 00° 55'01" East for a distance of 639.47 feet to a 5/8" capped rebar set in the Northeast comer of land owned by the aforesaid Margie G. Walter; thence North 89(53' 42" East for a distance of 628.53 feet to a 1" iron pin found; thence North 18' 52" West along the Easterly line of land conveyed to Dennis Chan and Meredith J. Bradley as recorded in O.R. Volume 241, Page 643 and the Easterly line of land conveyed to Ronald G. and Nancy E. Henderson as recorded in Deed Volume 1410, Page 702 a distance of about 510 feet to the Southerly corporation line of the City of Oberlin; thence Easterly along the corporation line of the City of Oberlin a distance of about 270 feet to an angle point; thence Southerly along the Westerly line of the corporation fine of the City of Oberlin a distance of about 3005 feet to the Southerly line of Original Pittsfield Township Lot No. 7; thence Westerly along the Southerly line of Original Pittsfield Township Lot No. 7 to the place of beginning, containing within said bounds about 15.432 acres in Russia Township and 14.055 acres in Pittsfield Township.

P.P.#09-00-104-000-021 and #09-00-104-000-022

The within territory is adjacent to the City of Oberlin, Ohio.

Petitioner has attached hereto and made a part of this Resolution an accurate map marked Exhibit A showing the boundaries of the territory sought to be annexed marked "Annexation Map".

FURTHER BE IT RESOLVED, the Commissioners hereby determine this is to be for the benefit of the public convenience and welfare, and serves the general good to the territory and that this property to be Annexed is not unreasonably large.

BE IT FURTHER RESOLVED, a certified copy of the final transcript of this Board of Commissioners relating to the finds and orders of this Board together with the accompanying map and petition and all other paper pertaining thereto shall be delivered to the City of Oberlin, Ohio.

Motion by Vasi, seconded by Ross to adopt Resolution. Ayes: All.
Motion carried.

JOURNAL ENTRY

Assistant County Prosecutor M. Robert Flanagan requested the Commissioners pass a resolution to approve the amendment to the contract between the Sheriff and Wexford. The amendment would reflect an anticipated increase in the jail population. Wexford would need to provide more medical care to the inmates and the proposal will phase in the cost increase as follows:

Phase I, effective July 27, 1998 = $9,305.92 per month.
Phase II, when the average daily population exceed 275 = an additional $2,992.50 per month.
Phase III, when the inmate population equals 320 = an additional $3,560.58
This contract would run through September 30, 19999.
Mr. Flanagan indicted that the fees per month would change as the population changes.
Discussion was held. This item is to be placed on hold pending further information from Sheriff Mahony.

RESOLUTION NO. 98-553

In the matter of Approving and Entering into contract between)
Lorain County Commissioners and First Merit/EST Bank) July 16, 1998
for office space)

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby approve and enter into Lease Agreement between the Lorain County Board of Commissioners and FirstMerit EST Bank, for office space.

FURTHER BE IT RESOLVED, that said Lease Agreement is effective July 1, 1998 with an option to renew. The first year of the lease agreement will require a monthly payment of $1,601.54; during the 2nd and 3rd years of the lease, the monthly payment shall be $1,770.13 per moth; if the lease is renewed the monthly payment shall be $1,938.71 per month.

Said agreement contains a ninety (90) day written cancellation clause.

JOURNAL ENTRY

Assistant County Prosecutor Mr. M. Robert Flanagan requested the Commissioners adopt a resolution to accept the voluntary resignation of Mr. James Cordes, Commissioners Human Resource Director. Commissioner Ross requested Mr. Flanagan to read the Memorandum of Understanding aloud. A brief discussion was held; the following resolution was adopted:

RESOLUTION NO. 98-554

In the matter of accepting the resignation)
of a County Employee) July 16, 1998

BE IT RESOLVED, by the Lorain County Board of Commissioner that we do and hereby accept the voluntary resignation of James R. Cordes, Director of Human Resources, effective at 4:30 p.m., on July 17, 1998; and enter into a Memorandum of Understanding regarding Mr. Cordes' voluntary resignation. The Memorandum of Understanding is incorporated into this Resolution by reference, as if fully rewritten herein.

Motion by Ross, seconded by Vasi to adopt Resolution. Ayes: All with the Exception of Blair 'nay'.
Motion carried.

E. OLD BUSINESS

Commissioner Ross stated that due to the recent developments in the Personnel Department, there is a need to discuss the issue of labor negotiations. In the past, our personnel department was involved in these negotiations.

Commissioner Ross said he would ask the board to consider at this time, having an outside agency or firm, or other labor attorney to assist the County recorder in her negotiations. We have in the past used Clemans, Nelson & Associates for this service.

Commissioner Vasi asked if Commissioner Ross wanted to go out for bids for this service. Commissioner Ross would like to receive some quotes and to allow some of the local firms an opportunity to throw their hat in the ring as well.

Mr. Muntean said that the County Recorders negotiations have been started and they were currently in the midst of these discussions, so the County Recorder is going to need to select someone immediately to pick up these negotiations.

Commissioner Vasi asked if CNA has been involved in this also. Mary Ann Jamison, Lorain County Recorder responded that not at this present time, but are familiar with the past contracts. Commissioner Vasi suggested that we go ahead and allow CNA, and asked Mrs. Jamison if that was feasible.

Mrs. Jamison said whatever the Commissioners decide. Mrs. Jamison said the current union contract expires September 1 1998.

Commissioner Ross asked Mrs. Jamison to put some information together on the contact and give this Board some feedback on who she would like to assist in these negotiations so we can move forward.

Commissioner Blair asked Mrs. Jamison if she would be willing to state today, that she would be willing to have CAN assist as they have in the past. Mrs. Jamison responded that this would be fine with her, they are familiar with the previous contract and what has transpired.

Commissioner Vasi said she would like to know what the cost of CNA would be for these negotiations. Commissioner Blair stated she believes they are on a "retainer basis" now with the county at a specified cost, which we have been doing since 1992.

Commissioner Ross said that this would be a good time to review this. Commissioner Blair said she agreed, but we are facing a September 12, 1998 deadline and we have an in-process negotiation and it would behoove us to use the existing resources to assist this department, and there are two (2) other negotiations also in process.

Mr. Muntean said it is an hourly cost based on hours use, and there is now way of knowing how many hours could be used, but he will get the hourly cost to the Board.

Commissioner Ross asked Mr. Muntean that while he is obtaining the hourly costs, pull some of the local firms and let us know who they are and give us some comparison.

Mr. Muntean asked for Board direction on some names to contact. Commissioner Ross responded to check the yellow pages. The firms are listed under labor, there are five or six firms that he could name; i.e. Ken Stumphauzer firm, Pat Riley's firm.

Commissioner Vasi stated that in all fairness, wouldn't we have to go out for bids. Commissioner Ross aid that after the County Administrator finds out who some of the firms are, this is a personal service, and he does not know how the county contracted with CAN in the past.

Commissioner Blair said that CNA has been with the county as consultant for approximately 18 years when collective bargaining first became effective. In 1992 this Board advertised for RFP's but we did not act on accepting any of the proposals received.

Commissioner Vasi said she felt we should use a consultant only on an as needed basis, not open the door to every elected official, department head or employee to just pick up the phone and call CNA. There has to be some stipulation as to who will use CNA and when they will use CNA or whoever.

Commissioner Blair said there was a very good reason why this has occurred, because of the make-up of the elected Officials in the County subject to having the money appropriated by the Commissioners, giving them the right and ability to choose their own consultant. Mr. Muntean said he would gather some names and check out how many firms there are in Lorain County.

JOURNAL ENTRY

Commissioner Ross asked if there were any citizens attending today to address this Board.

Mr. Holcomb, resident of Carlisle Township discussed his concern over a previous vacation process and litigation procedure for property where he resides, specifically Alameda Drive and Ethel Avenue.

Discussion was held. Assistant County Prosecutor M. Robert Flanagan who originally handled this case for Lorain County, commented on the results of this case.

Commissioner Ross stated that there is nothing this Board of Commissioners can do. This was a litigation issue, which was resolved by Judge McGough. If Mr. Holcomb needs to discuss further, he should probably take this up in a Court of law or contact Judge McGough.

JOURNAL ENTRY

Lola Robertson stated that Mary Beth Derikito could not attend todays meeting, but asked Lola if she would ask the Commissioners if they were aware that last Friday (July 10, 1998) that Channel 5 from Cleveland, had a statement on the air that the Lorain County Commissioners had "bailed" out the Lake Shore Railway. Lola said they had called the station that in turn told them they had gotten it off a wire service, and she wanted to know if there was anything official on this issue.

Journal Entry cont. July 16, 1998

Commissioner Ross responded that he had not seen, and this would be news - he knows nothing about this! An official from the LakeShore Railway stood up and said that this was absolutely false.

JOURNAL ENTRY

A gentleman stood up and wanted to know if there is any truth to the fact that on April 17, 1977 Lake Shore Railway purchased from the Lorain County Rural Water, the remainder of the railroad owned by the Rural Water, for the amount of $480,000.00, with a loan from Key Bank for $400,000.00, due and payable October 1, 2000.

Commissioner Ross commented that this question be directed to the Lake Shore Railroad, that this would be a transaction between Lake Shore and Key Bank, and did not involve the County in any way.

The representative that was present from LakeShore Railway said he would address this question to the gentleman after the meeting. Commissioner Ross thanked him for his assistance.

With no further questions or comments, Motion by Ross, seconded by Vasi to adjourn. Ayes: All.
Motion carried.

A1 JOURNAL ENTRY

Dr. Ellen Payner, Superintendent, Lorain County Board of Mental Retardation & Developmental Disabilities was present to discuss the Union Contract between the Mental Retardation and Developmental Disabilities Board and the Ohio Association of Public School Employees, Local 771.

Dr. Payner requested the Board of Commissioners approve the negotiated Agreement for a three (3) year term. These negotiations have been on going since January 1998 and have completed negotiations this month. The Lorain County Board of MRDD met on Tuesday, July 21, 1998 and has tentatively approved this contract.

Commissioner Blair introduced Sandy Conley, from Clemans, Nelson & Associates who handled the negotiations. Mrs. Conley stated that the tentative agreement came in under the parameters that the MRDD Board had set. Negotiations were amicable and the Union has already ratified. Accordingly to Ohio's Collective Bargaining Law, the Board of Commissioners is the last to approve the contract. Commissioner Vasi requested the Commissioners have time to review the contract.

Commissioner Blair reviewed the economic summary provided to the Commissioners, which lists the changes that have been made which are:

1. Article 25: 3.5% increase in wages for 1998-1999 2.0% increase in wages for 1999-2000 2.0% increase in wages for 2000-2001
2. 2. Article 29: Tuition & Coursework Reimbursement

Increase from $300.00 per year to $400.00 per year for full-time employees

3. Article 3 6: Travel Expenses

Increase from $.28 per mile to $.30 per mile

(The travel expenses have been brought up to the amount the County currently allows, along with the IRS)

Commissioner Blair thanked Dr. Payner and Mrs. Conley for their input, and said the Board of Commissioners would take this under advertisement.

JOURNAL ENTRY

In the matter of establishing a "County Probation Services)
Fund" in the County Treasury, pursuant to ORC 321.44 and) July 23, 1998
Amended Substitute House Bill No. 406)

Mr. Willets, Chief Probation Officer was present and explained to the Commissioners the need for establishing this new fund. The person being place don probation would pay a "service fee". If they were not able to pay, they would in turn provide community service in lieu of the probation fee. Fees generated would go on to support community service program. Our current program is limited and can not support community service on weekends on in evening hours. These fees could help provide for additional staff members to have work crews for weekends and evenings.

Commissioner Vasi asked if the fee wold is $50.00 per month for everyone, or would the fee vary. Mr. Willets said the proposal currently is the Court for decision, but Mr. Willets indicated that the $50.00 was suggested on a monthly basis. We could also look at charging the person $100.00 per year, such as Cuyahoga County currently charges.

With no additional questions, the following resolution was adopted:

RESOLUTION NO. 98-569

In the matter of establishing a "County Probation Services)
Fund" in the County Treasury, pursuant to ORC 321.44 and) July 23, 1998
Amended Substitute House Bill No. 406)

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby establish a "County Probation Services Fund" in the County Treasury, pursuant to ORC 321.44 and Amended Substitute House Bill No. 406.

Said fund would capture fees received from offenders place don community control sanction (probation) which would be separate from county general fund with assistance to set up fund as requested by Honorable Edward M. Zaleski, Lorain County Court of Common Pleas and Michael Willets, Chief Probation Officer.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All. Commissioner Michael A. Ross, President, absent on vacation leave. Motion carried.

JOURNAL ENTRY

In the matter of approving amendment to the Contract between)
Wexford and the Lorain County Sheriff for medical services)
at the Lorain County Correctional Facility)

Sheriff Mahony and Lt. Newman were present to review the Contract amendments with the Commissioners for Agreement between the Sheriff and Wexford Medical Services.

Sheriff Mahony prepared a letter and talked with each Commissioner on their concerns with the contract amendment to increase services with Wexford Medical Services. The Sheriff has met with Wexford and has prepared the changes that the Commissioners wanted in the "draft". Sheriff read the following letter:

"I and my staff have had several meetings with Wexford Health Sources reference the need to increase their services in conjunction with the anticipated increased population of the Lorain County Jail. These meetings also addressed the associated costs, which are considered reasonable. Wexford has submitted a drafted amendment addressing these needs and concerns.

I respectfully request the Commissioners to authorize the Prosecutor to prepare the agreement for signature based upon Wexfords drafted amendment and inclusive of the Commissioners' desired changes.

Sincerely, S/Martin J. Mahony, Lorain County Sheriff"

Sheriff Mahony indicated the changes dealt with the start date, and rather then having a specific date, for Phase I wherein medical services would be increased, would be based on the average daily population of the Jail at 200 per day, for a two-week consecutive period. Wexford would then be authorized to increase their services at that point and time.

Phase II would go into operation when the Jail achieves the average daily population of 275 and Phase III would go into place when the average daily population reaches 320.

Sheriff Mahony said Phase I and the following phases are necessary to meet the minimum jail standards for health care services. Wexford has agreed to include in the final draft for signature that would state that should the average daily population fall below one of those watermarks for each phase, that it would be mutually agreeable between Wexford and the County, that we would re-negotiate the staffing levels of the Medical Services provider resulting in reduced costs.

Sheriff Mahony also requested the Agreement with Wexford which expired 9/30/98 be extended for one (1) year so the Sheriff can move into the new facility and not encounter any difficulties in changing health care providers. We are satisfied with their services to this point and have worked well with the Sheriff and his staff.

Commissioner Blair said she understands in her conversation with Sheriff Mahony, that these services are not on a per person or consumer basis, and are services that are provided general. Sheriff Mahony said yes. We do not pay per inmate as our population escalates, we are required to provide additional services or services on a more regular basis available to the entire population. Some inmates in jail never require any medical services, other inmates have had medical services that cost up to $50,000.00.

With no further questions, the following Resolution was adopted:

RESOLUTION NO. 98-577

In the matter of authorizing the County Prosecutor to)
prepare an amended Contract between the Lorain)
County Sheriff and Wexford Medical Services for) July 23, 1998
Board review before final approval based upon Wex-)
ford's drafted amendment and inclusive of the)
Commissioners desired changes)

BE IT RESOLVED, by the Lorain County Board of Commissioners that based upon the need to provide medical services to inmates at the Lorain County Correctional Facility based upon the minimum jail standards, we do hereby authorize the County Prosecutor to prepare an amended Contract between the Lorain County Sheriff and Wexford Medical Services to address the associated costs with the increase of jail population and return to the Board of Commissioners for final review prior to contract acceptance and approval.

JOURNAL ENTRY

Sheriff Martin Mahony stated he had an additional item to discuss and request the Commissioners authorize the sheriff to file application with the Bureau of Justice for a Local Law Enforcement Block Grant-FY98. This would be the same type of grant as we have previously received.

The amount of Grant is in the sum of $37,970.00 with a county match of $4,219.00, which must be submitted no later than July 31, 1998.

Sheriff Mahony said he is currently looking into the legalities if he has money in his budget could he use those funds for the local match. As in the prior grants we would again need to schedule a public hearing at the appropriate time using the Advisory Board that has been appointed to review the items to be purchased and the amount for these items.

Sheriff Mahony discussed the items he would like to see purchased from this grant:

ESTIMATED ITEM			UNIT COST	TOTAL

		TOTAL		$ 42,189.00

Sheriff Mahony indicated that Commissioner Vasi should be required to execute this grant application, as she was the President of the Board when the previous grant was obtained.

Commissioner Vasi stated she would move to approve this grant filing, and if Sheriff Mahony can use the local match funds out of his budget that would be fine, if not, for all the items he could purchase from this grant we could provide funding from the general fund.

With no more discussion, the following resolution was adopted:

RESOLUTION NO. 98-578

In the matter of authorizing the filing of Grant Application) to the Governor's Office of Criminal Justice Services, for) FY98 Local Law Enforcement Block Grant, in the amount) of $39,970.00 with local match of $4,219.00) July 23, 1998

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby authorize the filing of a Local Law Enforcement Block Grant Application for FY98 to the Governor's Office of Criminal Justice Services in the amount of $39,970.00 with a local match of $4,219.00.

The Local Law Enforcement block Grant will be used for computer and various items s for law enforcement support.

FURTHER BE IT RESOVLED, we hereby authorize Commissioner Vasi to executive grant application on behalf of the board.

Motion by Vasi, seconded by Blair to adopt Resolution. Ayes: All. Commissioner Michael A. Ross, President, absent on vacation leave. Motion carried.

JOURNAL ENTRY

Commissioner Vasi advised Sheriff Mahony that she had talked with Cindy at 9-1-1 Dept. on the emergency call box, and they do have one.

Sheriff Mahony responded that he has been contacted by Camden Township wanting a substation in that area. We are currently in discussion with them about providing them space and various accouterments necessary to operate that substation. We presently have substations in Eaton, Penfield and Amherst Township. This would provide a substation on the far west area and we would re-configure our community policing districts and add two (2) more community policing officers from our current staff who would be reassigned to this program. It has been very successful and the community in general has praised the substation concept.

Sheriff Mahony stated that the Board of Commissioners has always worked well with his department in cooperating to establish these substations.

JOURNAL ENTRY July 23, 1998

Mary Beth Derikito, Huntington Township Trustee commented on Sheriff Mahony's comments that the community policing officers are doing a fantastic job and can not commend him enough for getting this program off the ground! It has done wonders for the community and there is tremendous rapier with the community and officers.

Also on August 18, 1998 Huntington Township will sponsor a children/student safety meeting form 1:00 – 4:00 pm and the Sheriff's department is supporting this as well as the fire department. We do appreciate this support form Sheriff Mahony and Mrs. Derikito asked the Commissioners for their continued support and to support the Sheriff in anyway they can!

Commissioner Vasi asked where this would be held. Mrs. Derikito said it would be in Huntington on the square at State Routes 58 and 162.

Commissioner Blair commented that this shows what can be accomplished when everyone works together.

Meeting #30 July 30, 1998

The Board of Commissioners of Lorain County, Ohio met this day in a regular meeting in the J. Grant Keys Administration Building, 226 Middle Avenue, Elyria, Ohio, with the following members present: Commissioner Michael A. Ross, President, Commissioner Betty Blair Vice-president, Commissioner Mary Jo Vasi and Roxann Blair, Clerk.

The following business was transacted:

A. JOURNAL ENTRY

Bill Eltrich, General Manager of Lorain County Transit was present to promote the August, 1998 food drive and the County Fair Service with Second Harvest Food Bank.

Mr. Eltrich announced August 1998 is the annual food drive being held in conjunction with Second Harvest Food Bank. There are **five** (5) days in August where food is collected, which dates are August 7, 13, 19, 25 and 31, 1998. On these days, citizens can ride the Transit's fixed-route service free, by donating canned food or a non-perishable item. Last year the Transit collected over 600 lbs. of food and they are hoping this year that will increase.

Also during the County Fair service, where the fixed-route service is extended to the Fairgrounds in Wellington, Ohio during August 24 - 30, 1998.

Mr. Eltrich distributed brochures listing the dates and times of the fixed-route service during this week.

Mr. Eltrich also distributed a brochure entitled, "A Vision for the Future", which Transit developed and was funded by the Nord Family Foundation. This brochure condenses the transportation plan and highlights the items that need to be done as a service program. This was a way to reach the public in an easy fashion and present information to them. This brochure went to every household in Lorain County.

The Lorain County Transit received an award on this brochure from the Ohio Public Transit Association in June 1998 as their recognition in promoting public transportation in Ohio.

The Commissioners thanked Mr. Eltrich for this information and congratulated him on the award.

JOURNAL ENTRY

M. Sandra McKew, Director of Northern Ohio Operations along with representative from Pflum, Klausmeir & Gehrum (PKG) Consultants.

Ms. McKew distributed copies of their proposal for the Comprehensive Land Use Plan. PKG is a multi-disciplined engineering, planning and landscape architecture firm that specializes in development of comprehensive plans for communities, and they perform a great deal of fiscal impact analysis connected with the planning.

Ms. McKew introduced other representatives Jay Ambercromby and Laura Arnold from the Davis Resource Group, partners in their proposal. They will be looking at the environmental components of the land use planning process that will include farm land retention concepts, black river preservation concepts and wrapping the Black River RAP into the entire plan.

Also Dr. Tom Bier, Housing Policy Research Center for CSU is assisting in gathering data on where development is occurring is Lorain County, and what kind of development is moving from when and where.

Ms. McKew said that developing the Comprehensive Land Use Plan is unique in that it blends the policies with the Commissioners with other elected officials in the County, down to the unincorporated areas in terms of the land use and zoning policies of the Townships.

In their proposals they have placed a lot of citizen participation in the townships involved in this process. They have carefully outlined a plan form committee that will have representations from each township, so there can be a seamless development of issues from the lower level of the Township to the highest policy level of the Commissioners.

Ms. McKew stated that if was not clear in the RFP, what the role of the Co Commissioners will be in this process. There needs to be specific roles the Commissioners play in implementing the plan, and to bring each Commissioner along with the comprehensive planning committee so that the Commissioners are comfortable with the direction of the discussions and policies.

PKG have reviewed the County's 1968 plan, and a lot of the concepts in that plan are very valid today. What has changed today is where a lot of the development is occurring and this needs a closer look. This Plan will offer the County, Cities, Villages and Townships an intergovernmental partnership opportunity to work together and build a high quality of life for the residents of Lorain County. PKG will provide the following in assisting to prepare the Comprehensive Land Use Plan:

<u>Pflum, Klausmeier & Gehrum</u>

- Citizen Participation
  - Staff coordination Session
  - Media Plan
  - Plan Forum
  - Development of Discussion Issues
  - Planning Seminar
  - Kick-off Meeting
  - Township, Municipal Facilitation Sessions
  - Community Leader Input
  - Newspaper Survey
  - Elected Officials Roundtable
- Basic Inventories
  - Review existing plans, studies, policies, ordinances, regulations, comprehensive plans and practices for present & future impact on growth and development
  - Research infrastructure conditions
  - Land Use Survey
- Development Trends & Demand Analysis
  - Past & Present patterns of growth
  - Capital improvement planning
  - Population & employment projections
  - Economic and demographic analysis

Journal Entry cont. July 30, 1998

- Development Capacity Analysis
  - Analyze developmental land and potential impacts of future land use
  - Preservation for natural ecosystem sand agricultural lands
  - Analyze property rights and legislation, zoning
- Future Development Policies Document
  - Policies workshop/public hearing
- Alternate Plan Scenarios
- Comprehensive Plan
- Implementation

PKG will spend approximately 15 - 18 months to complete.

Ms. McKew stated that PKG suggests in putting together the Planning Committee, which consists of a rather large group of citizens, to break down the Committee into sub- committees by geographically and topic areas such as development standards, utility extension policies, overall local economic development intergovernmental policies, farmland preservation. People will have specific interests in certain key issues and they will feel their time is well spent in the areas where they have a strong commitment.

Commissioner Ross asked how far along PKG was with the Carlisle Township Model Comp Land Use Plan. Ms. McKew said they are not far along at all, they have not signed a final contract as of this date. Something that would have also helped for the basis of the Plan, was to utilize the GIS System, but that is system is not yet completed for access.

Commissioner Vasi asked what geographic area does their cost include. McKew responded that the primary focus would be the unincorporated areas, but special projects in the Villages and Townships. Townships that have recently completed comprehensive plans on their own, such as Amherst Township, those plans would be folded into this process, and not re-created to the depths the others would be.

Commissioner Vasi wanted to know if the cost would be reduced because of the Carlisle Township Model Plan. Ms. McKew said no, the cost would not be reduced because the Grant that is related to Carlisle Township was for a specific focus, meaning the plan has to be geared toward replicable goals of environmental sustainability. This means that it has to have a focus requiring a great deal of scientific analysis on environmental issues.

Discussion continued.

With no additional comments, the following resolution was adopted:

RESOLUTION NO. 98-587

In the matter of Instructing the Clerk to advertise for bids for) the construction of temporary Court facilities located at) 308 Second Street, 348 Second Street, Elyria, Ohio) July 30, 1998

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby Instruct the Clerk to advertise for bids for the construction of temporary Court facilities located at 308 Second Street (Court house) and 348 Second Street (Bobels), Elyria, Ohio.

Said Notice will be published in the Chronicle Telegram and Morning Journal on August 4 and 11, 1998 as follows:

Sealed bids will be received until 1:00 P.M. on August 25, 1908 by the Lorain County Board of Commissioners; Purchasing Department; 226 Middle Avenue, Elyria, Ohio 44035, for the furnishing of labor, material and equipment for the CONSTRUCTION OF LORAIN COUNTY COMMISSIONERS, TEMPORARY COURT FACILITIES, 308 SECOND STREET AND 348 SECOND STREET, ELYRIA, OHIO, using various materials in accordance with Bidding Documents prepared by the Architect.

All interested parties are welcome to attend the bid opening to be held immediately following the deadline in the Commissioners' Public Hearing Room located on the fourth floor of the Lorain County Administration Building.

A Pre-Bid meeting will be held at 8:00 A.M. On August 13, 1998 at 348 Second Street. Attendance is not mandatory but is recommended.

All contractors involved with this project shall, to the extent practicable, use Ohio products, materials, services and labor in the implementation of this project.. Bidders shall submit a list of equipment available and all labor shall be paid not less than the prevailing wage rate as determined by the Ohio Bureau of Employment Services for Lorain County.

The Bidding Documents, consisting of Bidding Requirements, Contract Forms, General Conditions, Specifications and drawings may be examined at the following locations.

Lorain County Board of Commissioners 226 Middle Avenue Elyria, Ohio 44035

The Office of Clark & Post Architects, Inc. 6125 South Broadway Lorain, Ohio 44053

Bidding Documents may be obtained from the office of the Architect upon deposit of $ 50.00 per set. Deposit shall be made by check, payable to the Architect. Bidders, upon returning Bidding Documents complete and in good condition to the office of the Architect within 14 days after bid opening, will be refunded the full deposit.

Bids must be accompanied by a bid bond, certified check, cashier's check or Letter of Credit equal to ten percent (10%) of the amount bid or a Bid Guaranty and Contract Bond in the form bound in the Project Manual for the full amount of the bid. Should any bid be rejected, such instrument will be forthwith returned upon proper execution of a contract.

The Board of Commissioners reserves the right to reject any and all bids and to waive any informalities or irregularities if it is deemed in the best interest of Lorain County to do so

Motion by Vasi, seconded by Ross to adopt Resolution. Ayes: All
Motion carried.

B)1 RESOLUTION NO. 98-588

In the matter of awarding contract to Maintenance Unlimited in)
the amount of $118,540.55 for the replacement of Osborne) July 30, 1998
Road Bridge #0215 in Columbia Township)

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated July 8, 1998 submitted the following:
"We have reviewed and tabulated the bids that were received on July 6, 1998 for the replacement of Osborne Road Bridge #0215 in Columbia Township. They are as follows:

J.L. Reichert, Inc., $116,133.72
P.O. Box 1266, Elyria, OH 44035 5.6% above estimate
J.L. Reichert proposes to begin work on or before August 15 and to complete all work on or before November 15, 1998. They have included MBE participation of 5.17% with their bid.

Maintenance Unlimited $118,540.55
14800 Flotz Industrial Parkway, Strongsville, OH 44136 7.8% above estimate
Maintenance Unlimited proposes to begin work on or before July 13 and to complete all work on or before September 4, 1998. They have included MBE participation of 9.03% with their bid.

Kelcorp Construction Co., $119,783.00
P.O. Box 159, Burbank, OH 44214 8.9% above estimate
Kelcorp proposes to begin work on or before November 5 and to complete all work on or before December 4, 1998. They have included MBE participation of 7.18% with their bid.

In reviewing the bids that were submitted we notice that the bid submitted by the low bidder, J.L. Reichert, Inc., has MBE participation of only 5.17% which satisfies the OPWC requirement of 5% for subcontracting. However, OPWC also require 2% MBE participation for purchasing to the extent that the contractor purchases any material or services. Additional the Notice of Requirement to Ensure Minority Business Enterprise Opportunity, contained in the bid documents, requires a total MBE participation of not less than 7%. The Board may wish to refer this to the Prosecutor's Office to determine if since J.L. Reichert did attempt to comply with the MBE requirements, the remaining 2% participation may be fulfilled prior to the signing of any contracts of if this bid must be awarded to the second bidder, Maintenance Unlimited.
Since this project is funded with an OPWC grant covering 89% of the cost, no formal award of this bid can be made until the Request to Proceed has been approved. IN order to complete this, we will need the above question answered so that we can have the proper contractor fill out the contractor/Supplier Designation Form that must be file with the Request to Proceed.
Thank you for your cooperation with this project.
Sincerely, S/Kenneth P. Carney, Lorain County Engineer"

WHEREAS, Gregory A. White, Lorain County Prosecutor by Gerald Innes, Assistant by letter dated July 24, 1998 submitted the following:
"Commissioners may waive a defect in a bid under very limited circumstances. When state moneys are involved, waiver must be construed even more strictly. A defect in the bid may be waived only by determining that the defect is minor and immaterial, and clearly did not affect the competitiveness of the bidding process.
With respect to MBE participation such consideration might exist when the variance of the required participation level is small, compared to a large difference n the bids. Under those circumstances it would be possible for the Commissioners to determine that compliance with the requirement would not have changed the award of the bid.
In the present instance the variance from the MBE participation was 2%. The difference between the lowest two bidders was approximately $2,300.00. It appears to this office that compliance with MBE participation requirements not only could have affected the outcome of the bid, but most probably did. This office does not perceive any basis on which a clear determination can be made that this defect was immaterial.
Further, upon review of the bid documents, I note that the MBE requirement was highlighted. It would be difficult to declare this requirement to be minor, after so emphasizing it in the bid specifications.
It is the conclusion and opinion of this office that waiver of the MBE defect would be extremely difficult to justify and does not lend itself to waiver under the circumstances. It is the opinion of this office that the bid of J.L. Reichert is not responsive and should be rejected.
Very truly yours, S/Gerald A. Innes, Assistant County Prosecutor"

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the review and recommendation of Gerald Innes, Assistant County Prosecutor by letter dated July 24, 1998 we hereby award contract to Maintenance unlimited in the amount of $118,540.55 which was the lowest and most responsive bid that met all MBE requirements for the replacement of Osborne Road Bridge #0215, Columbia Township.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All
Motion carried.

B)2 RESOLUTION NO. 98-589

In the matter of approving Change Order No. 2 in the amount)

E. OLD BUSINESS

JOURNAL ENTRY

Commissioner Ross stated that this would be the appropriate time to discuss the issue of the Lake Shore Rail line. There are many people present today about this issue which was not placed on the agenda today. This Board has received a letter from State Representative John Bender to make a presentation along with citizens in the audience. (Commissioners received a note that Mr. Bender was in route to the meeting and would arrive shortly. The Commissioners recessed for 5 minutes).

Commissioner Ross introduced Mr. Bender who apologized for arriving late. Mr. Bender indicated that he had distributed copies of his letter to the Clerk upon his arrival.

Mr. Bender basically was advocating the Commissioners to support and help in any way, to preserve the corridor so that we can have economic development that would come from the railroad track going from Wellington, Ohio to Lake Erie. (Notation: letters were also received from USS/Kobe and the LakeShore Railway Association supporting this project)
Mr. Bender's letter spells out the details and why he is so interested in this project, and he would answer any questions the Board may have.

Commissioner Ross asked if there were anyone else present that would like to speak on this issue.

Commissioner Ross stated that this Board does not have a formal request to co-sign for the loan, but this is clear that this is what we are talking about.

Mr. Tom O'Leary from the Ohio Rail Commission was present and gave a brief statement on this project. Mr. O'Leary stated that he was present representing the Lorain County Chamber of Commerce, USS/Kobe and Lake Shore Railway and was basically attending the meeting to answer any questions regarding the collateral support in securing the $1.8 million commitment that the Ohio Rail Development Commission has made to the Lake Shore. There are specific issues that must be completed before the loan can be executed, such as a loan agreement to be executed and secure the real estate and fix a price with the Turnpike Commission and make sure the $1.8 million is secured.

Commissioner Vasi asked if they were focusing only on the bridge.
Mr. O'Leary responded, yes, that the $1.8 million would allow funding for the Lake Shore Turnpike agreement and funding for the acquisition of the real property necessary to build the interchange in a manner that a co-existence could be accomplished.

Commissioner Vasi asked if the Railroad Commission was willing to advance money to get the railroad from Wellington to this interchange and from the interchange to Lorain.

Mr. O'Leary said that if the agreements could be completed we would step forward to participate in this process.

Commissioner Vasi stated that if this were true, then why would anyone need the Commissioners to co-sign. Mr. O'Leary said that the need is that any loan that the Rail Commission undertakes, the logic behind this is to provide low-rate financing, but on the other side we take no risks in this financing.

Commissioner Vasi commented that they are asking the County to take the risk. Mr. O'Leary said absolutely. In exchange for that, they would be willing to negotiate in the event of default; a transaction of the real estate of that corridor so that this could be what the County would get from that guarantee.

Commissioner Blair stated that as a clarification of what Mr. O'Leary said was the corridor, not necessarily the railroad. In past discussions, we talked about a value that was established to the County on that corridor for something other than the railroad if it would not turn out to be a railroad. Mr. O'Leary indicated that to suggest the County is putting up money and getting nothing back is skirting the issue. The county would get 18 miles of a real estate corridor in the event of default.

Timothy Smith, General Chairman and Legislative Representative from United Transportation Union, Local 1391 was present along with members of the Transportation Workers. Mr. Smith said there are approximately 100 workers on Lake Terminal, and are in opposition to the County underwriting this loan. All of the information has not come forward, and he asked if the County guarantees the loan, and the line is rehabilitated, is the lakeshore group going to operate this, or is a contract going to be granted to another common carrier such as the Wheeling-Lake Erie.

Mark Chappo, Lake Shore Railway Association responded that Lake Shore is a non-profit excursion operator and will always remain as such, and as owners of the property they are willing to facilitate what would be called an open-access corridor to any common carrier willing to service the plant.

Mr. Smith stated that Lake Terminal has serviced USS/Kobe for 103 years, the service agreement is up. Kobe is threatening or putting forward different scenarios as to what is going to happen to the Lake Terminal Railroad. Part of the protections written into that service agreement 10 years ago, has to do with access to the USS/Kobe Steele Plant. Part of that involves arbitration between the parties of TransStar, which owns Lake Terminal, and USS/Kobe Steele. We are opposed at this time for the county becoming involved in a loan to a separate entity, not named at this time, which would gain access if the line were rehabilitated. There is nothing there now, the line ends in a washout. The only way if it is the Wheeling-Lake Erie they can gain access, if the line is rehabilitated is from Wellington to South Lorain yard. There is no South Lorain yard it was abandoned in 1982; we stopped service to the yard in 1980 because of the unsafe conditions. If Kobe feels that because of Conrail acquisition, that they would be a capped-shipper, they have regress under current law to apply to the Surface Transportation Board, for relief or protection. We do not know if they have done that. This is basically a $30 million screw up for one customer! If the companies want to finance this themselves, that is fine, that is business, but not to bring in the government, the County to guarantee the loan at the expense of other peoples jobs. There is no guarantee that if the loan would go through, that this would ever take place. If they get the $1.8 million, where would they get the 30. Can you base this revenue on one customer-coke business, because that is the only customer there is.

Representative Bender stated that Lake Erie is a union railroad. He has been reassured that the LakeShore Railway will remain hobbyist and would continue to run excursion. We are talking about Union jobs, not only railroad workers but also steelworkers.

Mr. Smith said that Lake Erie is only partially unionized - they not unionized in their non-ops and right now they claim to be broke and cannot give employees a pay raise. They have a good deal on state subsidies. On one occasion they acquired track acquisition over existing railroad and formed a non-union entity on that railroad. They offered protection to a minimum number of employees and people lost their jobs.

Mr. Smith stated that most of area will go Norfolk Southern Conrail ceases to exist, but all shippers have protection under existing federal statutes to apply to the Surface Transportation Board as shipper if they believe they will be placed in a non-competitive position because of the Conrail acquisition. Wheeling-Lake Erie themselves applied for trackage rights over Norfolk Southern. We would not be sitting here today if they got it. If you would have gave them the $1.8 million when they first asked, that bridge would be sitting there, because if Wheeling-Lake Erie would have gotten trackage rights over Norfolk Southern, that is the way they would go. They would not need the bridge or 30 miles of rail. Why would the County choose to step in and fund something that may not be used.

Bob Graham was present who works with industrial real estate, they have more than one industrial park in the county. He disagrees with Mr. Smith in that they have a park right along that line, and in terms of a rail line we are in favor of this because it is always helpful to an industrial park.

Mr. Chappo stated that some things need clarification. He keeps hearing and reading about $30 million, which is absurd. We are dealing with numbers less than $10 million. The Surface Transportation Board arbitration for the Conrail acquisition is finished. Wheeling-Lake Erie asked for access for certain ports and did not get it. They got interchange with the Ann Arbor and Toledo. This is finished. They cannot work out trackage rights with Norfolk Southern. Norfolk Southern continues to keep Wheeling-Lake Erie from Lake Erie.

Mr. Chappo said that the carrier on our rail line could be Lake Terminal railway. If they choose to use our rail line, we would more than entertain this. If this corridor is severed, it is severed forever. We have received letters from World Color Direct (formerly Alden Press) and BFI-Lorain County Resource Recovery facility interested in shipping on this line as well as USS/Kobe. Oberlin has lost rail service forever. There is nothing there now but a bike path.

Mr. Chappo stated that people cut down the economic impact of what an excursions mean. This could have a $ 7 - 8 million impact on the County alone. The rail access has more far reaching effects than just the County carriers. We can reach the Lorain City Port Development with this, and can get to the County airport and link the Lake Port to the County Airport. We are talking a commuter rail for the City of Lorain, this corridor could link the rest of the County together for commuter rail.

Alice Robertson said she was not present representing anyone, she owns property about 1 mile north of SR 511 on Pyle-South Amherst road. The tracks in question are behind her property a distance less than the length of this room from her back door. Mrs. Robertson asked if anyone could give her reassurance that the peace and tranquility for which they purchased this property over 25 years ago, her safety, and safety of her house will not be compromised, or would anyone be willing to work with her so that she does not have freight trains running up and down her back yard. When this originally started there was going to be excursion trains and she was fine with that. How many trains will there be, how often, how fast are they going to be allowed to travel. Mrs. Robertson said she could end up with a freight train/box car in her kitchen if there would be a derailment. She stated she is scared to death.

Commissioner Vasi commented that this seems to be the problem, in that we do not have any information to base any decision on. She said she is hearing a lot of talk, but she does not see anyone backing anything up in writing, no facts or figures. We have a difference already of how much we are talking about. Commissioner Vasi stated that this group is coming to the Commissioners asking them to back up hundreds of thousands of dollars here, and she does not understand, it does not make sense to me.

Mary Beth Derikito, Huntington Township Trustee stated that we are all very much aware of what is going on with the rail merger in the southern part of the County. It is my strong feeling that if any tax money should be used for anything for the railroad, it should be used for upgrading the crossings that will be affected by the rail merger. This County should not be investing in anybody's hobby.

Mr. O'Leary responded that the State has committed to upgrade gates and lights along that corridor. There are 9 or 10 locations in Lorain County, such as LaGrange, Wellington, Grafton areas so we are very aware of this and the fact that the community is aware of the situation. In terms of safety in Huntington Township and the Conrail becoming CSX corridor, the State has already committed to that, about $800,000.00 to be spent in Lorain County to improve safety.

John Penton said he was representing himself, and he asked Mr. O'Leary about a loan in February, 1998 granted by the Ohio Rail Commission, that the County would not have to be responsible for this loan guarantee. In March 1998 a second loan came through and it was stated the County would not be held responsible for that loan. Now they are looking for a co-signer, why did the Rail Commission change their mind. Why are they now asking for a co-signer.

Mr. O'Leary said there has only been one resolution passed by the Rail Commission. There has never been a change in the resolution. The confusion here is in the local reporting of an on again, off again of the County's involvement. The first issue is that as the LakeShore proceeded to contract with the Turnpike Commission, the Turnpike Commission required that all of the funds be supplied up front. The second issue is that there has been a difference in the projected amount required to purchase the real estate from private property owners. If they have gone above the $1.4 million collateral that the appraisal provides, they needed to find some sort of security from that loan.

Ed Mullinax was present and said he is really confused. He stated that 5 years ago this same conversation had taken place, now it is starting all over again. It appears that we are talking about a government railroad and the investment and equity will all come from the Government. We have not heard from any investors. Where will the next loan come from.

Mr. O'Leary commented that if the line were rebuilt to serve USS/Kobe or other industrial customers, the funds for the reconstruction would be derived from the Transportation contract that would be put in place.

Mr. Dave Diedrich, General Manager of Bar Products from USS/Kobe, who stated that USS/Kobe has always supported this project, even more now with the recent merge between Conrail and NS. Mr. Diedrich said that their business is a bar and steel producer and the only integrated producer of this product left in this country. Their competition is from 3 areas: 1 - Imports, 2 - Mini Mills, and 3 - Reconstituted Mills.

In 1996, 1997 and currently Bar Products have lost money, due to the GM strike and to the Asian Flu and also due to the recent price of oil which have hurt their pipe markets. We need the competition, a couple of years ago, Norfolk Southern tried to increase our rates just with the threat of this railroad we have been able to hold our costs. This is one of the avenues available to us to reduce costs. If this Railroad does not go through we are not going to go out of business, but if we do go out of business, this is an area where we could have kept this a viable company

Mayor Koziura, City of Lorain stated that 5 years ago when this issue was brought to his attention when he was in the Legislature, he felt the same way that it wasn't feasible. But the more information he has received, the more he felt strongly that this was a durable project and something we should undertake. This is not a loan from the County and taxpayers. No one is asking the Commissioners for a check. Someone talked about the government subsidizing business. The government subsidizes business every day. Look at Chrysler Corp. in the City of Toledo, Ohio. Toledo gave Chrysler $50 million to keep the plant there. The railroads are the worst people to negotiate with in this County. We have been trying to talk to C SX to get access just to pay for a fair amount of property for the Port Authority to work on the riverfront. Until the merger started with NS, did CSX want to sit down and talk. At least some things have started to move. Once you stop this potential for this rail line it is gone. There is a move all over the country to go back to rail, because it is cheaper, economical and safe. This is a project the Commissioners should seriously consider, pass the resolution of guarantee and work with both of these groups.

Mary Beth Derikito said that time and again she sees the Lorain County Transit buses go through Wellington with no more than half a dozen people, and said she is not looking forward to seeing a train go by with half a dozen passengers on it.

Frank DeTillio, Executive Director of the Lorain County Chamber of Commerce commented that if the Commissioners are looking at economic development in Lorain County, they need to look at business and industry that is already here, such as USS/Kobe.

Nick Abraham, an independent businessman said he has lived most of his life in Lorain County and stated that if Commissioners want to do something, they should forget the railroad and get their sewers hooked up that are already in the ground. He has had several people contact him with good jobs, but without sewers they can not get them. If they want a railroad, let it go from RT 58 to Wellington. We do not need to be hauling freight, if they want an excursion railroad, it should be an excursion railroad. If they want to be in business like every other business person here, you have to step up to the bar, put up the collateral, make the payments. You don't get it from the government - if they want their hobby, let them pay for it.

Ken Carney, Lorain County Engineer, stated that he is reminding the Commissioners that they have entered into an agreement with Envirotech Consulting Engineering, to review this area for the actual placement of a wastewater treatment facility plant. This encompasses from about 50 - 70 acres of wetlands. There is a neighborhood of 20 - 25 acres of wetlands in the r.r. area owned by them. Any decision the Commissioners make, please contact that firm and make them aware of the fact that there are acres of wetlands available, which may decrease the cost of the wastewater treatment plant facility considerably and enhance the placement of that consideration. There is a value of the wetlands to the County.

Alex Oljeko (former Mayor, City of Lorain) stated that this has been going on since 1983. He was Mayor at that time and met with Mayor Koziura when he was in the legislature. They met with Mr. Fidele, Chairman of the Turnpike Commission, he asked where they would like the interchange. They agreed it should be on Baumhart Road because of Ford Motor Co. - 8/10 miles to the present Gate 8. Ford Motor did not take any action because they did not want to be the bad guys. Now, until yesterday, USS/Kobe was the bad guys. The guys that will benefit the most sit back. It is good that USS/Kobe finally came out and supported the railroad. This interchange has been delayed for 2 years, if we talk about this railroad it will be delayed another 2 years. We need economic development and we need the interchange at SR 58.

Steve Luca, represents Consolidated Investors Group, who speak in opposition of the Lorain County Commissioners guaranteeing this loan. Mr. Luca stated that it is their opinion that this railroad will never be built. The Organization during the past 5 years was not able to obtain $1.8 million, how will they obtain $30 million to build the railroad in the final analysis and then compete with the existing carrier hauling freight into USS/Kobe. It is going to cost this RR alot of money to begin providing services with USS/Kobe on a competitive basis. During the 50's and 60's, the Norfolk & Western RR ceased operations, why - probably no business. In 1978 their group put together an organization and invested in property along SR 58 in Amherst Township. In 1982, the RR we are speaking of was abandoned. At the present time, there is growth, rail tracks are missing, and a lot of improvement needs to be made.

Mr. Luca said that it is interesting to know that Norfolk and Western sold their property to USS/Kobe in 1986, why. In 1991 USS/Kobe sold their rail to Rural Water Authority, why. Because they already gained a competitive edge with Columbia Gas to supply fuel to the plant. In 1994, when the Turnpike Interchange was announced, Rural Water Authority sold property to the Ohio Turnpike Commission and in 1997 Rural Water- Lake Shore transaction, Lake Shore purchased property back in effect, USS Steel has their own property back they sold in 1991. We would like to know what is going on. From 1994 - 1996 LakeShore RR petitioned almost every Court in the land in an attempt to declare that RR historical, they lost at all levels. In 1997 - 1998, the LakeShore changed its strategy. It was now going to be a freight hauling line. What it costs to develop the Ohio Turnpike Interchange grows drastically, because of the five-year delay in construction costs. The County, State of Ohio and Developers has lost revenues during this period of time.

Mr. Luca said that from 1994 - 1998 Lake Shore never at one time communicated with their Organization. They refused to respond to their questions and always referred them back to public record. We had to research the books for answers, and their favorite comments were no comment.

On July 13, 1998 Mr. Luca personally requested Representative Bender to meet with him prior to the scheduled meeting of July 20, 1998 with the Ohio Turnpike Commission, he refused to do so, citing a full calendar, and told him the next week would be OK, and he has never been in contact since them. On July 20, the Ohio Turnpike Commission established deadlines of August 3, 1998 for the Contract and August 10, 1998 for final vote on the issue. Finally, on July 14, 1998 we had our first communication from representatives from LakeShore Railroad in regard to purchase of our property. Now the heat comes on - we have a 2-week window to determine what we want to do, the prices etc. We rejected their first offer, it was not fair market value. On July 17, 1998 we again received a second offer. We were dealing in confidence with these people, and all of a sudden we read the price in the newspaper. Are we dealing in confidence and being told what is going on, I do not think so. July 28, 1998 he received a call from the legal representative of LakeShore indicating another offer. Finally on July 28, 1998 he received a call from Commission Ross, we had a very nice discussion, and basically it boiled down to getting all the people together and get this thing done for the benefit of Lorain County. Our final decision will be based on shared information - we can not cooperate in economic development in Lorain County if we do not know what is going on.

Mr. Luca asked about the various roles the following people play, who will benefit and who will pay: the Commissioners, USS/Kobe, Ohio Rail Dev. Assn., Lake Shore Railway, Wheeling & Lake Erie Railroad, Lorain County Chamber, West Virginia Rail line, Norfolk Southern and other investors along SR58, Ohio Turnpike Commission.

Mr. Luca wanted to know why the Investors Group are being blamed as the possible fall- guy for killing this co-existence plan. We are not going to be blamed for this. Mr. Luca asked if this is being done this just to pacify USS/Kobe.

Discussion continued.

Commissioner Blair said that it was her understanding at the Turnpike Commission meeting she attended, because of the interest expressed by the businesses in the SR 58 area, including Consolidated Investors, this Board of Commissioners is on record as wanting to see this Interchange be constructed as soon as possible. It can not be constructed until 1999 whether we do Plan A or Plan B. She indicated there was a lot of convincing testimony today from many people, that Lorain County needs to come together. Alan Plain, Exe Director of the Turnpike Commission said that Lorain County needs to come together and resolve how they want this issue to proceed. If we do not do something to address what Lake Shore Railway has put forth, then the Turnpike Commission will go forward, but we will miss an opportunity that will never come this way again.

This Board needs to make a decision to say yes, we will support Lake Shore or no, we will not.

Commissioner Ross stated that since he began looking at this issue 6 months ago, where he attended a hearing December 15, 1997 at the Holiday Inn. There was a discussion as to what role the public entity would play i.e. County, City of Elyria and Lorain etc. At that time, he was not in favor as he is not in favor today. County government putting money into a private non-profit for this profit, however, I am in favor of economic development initiatives of infrastructure improvement initiatives, but we need a very well thought out plan.

Commissioner Ross asked people of Lake Shore Railway Association and others involved in this project, what this would mean to Lorain County and he would be willing to consider the County co-signing or guaranteeing the loan. These questions still have not been resolved in a clear way. This Board does not know how this will impact Lorain County, even though USS/Kobe has stepped up to the plate and said it will have some economic impact for their operations.

Commission Ross indicated that this is not enough for us to commit public resources for a project that we can not see the total picture. He said he was not prepared to commit public dollars, and will not be prepared to do so unless all the business interests in Lorain County get together along with the Lorain County Chamber, City of Lorain, Lorain County Comm. Dev. Dept. and come up with a clear plan of how this initiative will impact other economic development initiatives in the County. He stated he is in support of the Turnpike Interchange, which is an economic development tool for Lorain County. He stated that he would like to support Lake Shore Railroad, because he feels that this project overall may have some merit, and long-term economic development opportunity for Lorain County.

Commissioners thanked everyone for attending todays meeting and for their comments.

Commissioner Ross commented that if we are going to have a Government railroad, then he is going to be fully responsible so he might be willing to suggest that this Board buy-out Lake Shore Railway and make it a division of the Lorain County Port Authority, but this again is just an idea which deserves study and feasibility to determine what the costs and the benefit relationship would be. $1.8 million is not enough to get the railroad up and running, there will be a phase II, III and maybe a Phase IV and we would have to get to the final phase before their contract can be executed or utilized. He stated he put this on the table before the Lakeshore Railway Association for consideration. He is not in favor of requesting an extension of time from the Turnpike commission, but needs to know the construction table.

Commissioner Vasi stated that everyone knows her feelings that she is not in favor of co-signing a loan for the LakeShore Railway Association and Commissioner Ross has indicated the same, so with that the following resolution was adopted:

RESOLUTION NO. 98-591

In the matter of determining not to guarantee the loan as co-signer) on behalf of the Lake Shore Railway Association in conjunction) with the Ohio Rail Development Commission, to reconstruct the) Rail line from Wellington to Lorain, Ohio) July 30, 1998

BE IT RESOLVED, by the Lorain County Board of Commissioners that we do and hereby determine not to guarantee the loan in conjunction with the Ohio Rail Development Commission as requested to the Lake Shore Railway Association.

Motion by Vasi, seconded by Ross to adopt Resolution. Ayes: All with the Exception of "Blair-Nay".
Motion carried.

JOURNAL ENTRY

Commissioner Vasi stated that some of the Human Services Dept. employees are concerned about tornadoes and do not know what to do if there would be one. Commissioner Vasi would like the board to approve instructing Rita McPhee to go tot he Human Services Dept. to instruct these people on what to do in this situation.

Mr. Muntean added that it would be helpful to include Tom Kelly, EMA Coordinator. He has attended numerous seminars on various weather emergencies and procedures. All Commissioners agreed to have Rita and Tom work together to create a tornado/emergency plan for Human Services Agency.

JOURNAL ENTRY

Commissioner Vasi also stated that Human Services employees are concerned about security. Windows have been shot at or shot out. Mr. Muntean said that over the weekend some windows were shot at with a pellet gun. The Maintenance Dept was handling this situation.

Commissioner Vasi said that the employees are concerned that the security guards at the Human Services building were not "real" security guards and they are concerned for their safety, Commissioner Ross asked who raised that issue. Commissioner Vasi responded that some of the employees at the Human Services Agency. Commissioner Ross asked if they have brought that forward in the form of a grievance.

Mr. Muntean commented that this should be worked out through their Union negotiations.

JOURNAL ENTRY

Commissioner Vasi asked if through the Solid Waste Department could get a "goat eater", the machine to recycle aluminum cans. People would put more effort into recycling if we had something like this.

Mr. Muntean stated that Mr. Anderson was involved in the recycling of aluminum cans with a company that had several of these sites in Lorain County. Commissioner Vasi said we should look into this and maybe we could help through Solid Waste funding for difference machines, whatever they would be used for i.e. glass, plastic, aluminum, paper. She does not feel that the bluebag on the curb recycling is getting a lot of attention.

Commissioner Vasi also commented on the Solid Waste "Draft Plan". She said she had noticed that we are taking double the out-of-county waste into the landfill as we are Lorain County's waste. The entire thing was to preserve the life of the landfill that we have in this County for our residents.

We are taking double from Cuyahoga County what Lorain County is putting into the landfill. Maybe it is because of the tipping fees, we are only $2.00 per ton, and Cuyahoga County is paying $4.00 per ton. Commissioner Vasi asked if this is the reason BFI is taking more out of county waste then Lorain County. We should review this plan thoroughly, because this is a very important document. She also stated that she noticed in the Plan that if you look at the Plan, Mrs. Mullins was listed as 100,000 tires on her property. They came in here and told us they wanted money to cleanup 25,000tires. They have my son listed as 110,000 tires, who is inflating these figures. Something is wrong with this plan and tear it apart to see what else we are being deceived on.

JOURNAL ENTRY

Mary Lou Golski, Director, Lorain County Human Services was present to address the Board on the Food Stamp Accuracy Award.

Mrs. Golski stated that on July 29, 1998 Louis Floyd, Income Maintenance Administrator attended a Food Stamp Accuracy Conference, Columbus on behalf of department an award was received for low error rate. Error rate was reviewed from April 1997 to March 1998 and had 129 cases pulled with 22 errors which gave us an error rate of 6.96% which is below federal tolerance level of 9.88% and therefore department will receive $999,775. to be used for food stamp related issues and plan will be submitted to Columbus by August 15 and moneys can be added to quality assurance personnel, computers, etc. once state approves. We are proud of this and also each employee will receive pins from the State stating "A+ job done" and workers will appreciate these things.

Commissioner Ross stated he is proud of this agency and my father has the contract for the food stamps, which he abstains too, but he proud because he played a part in this.

Commissioner Blair commented Mrs. Golski on a fine job and stated Lucas and Trumball counties both comparable size to Lorain County did not receive anything.

RESOLUTION NO. 98-602

In the matter of Instructing the Clerk to advertise Notice of)
Intent to Request Release of Funds with the State of Ohio)
Section 104(g) of Title I of the Housing and Community) August 6, 1998
Development Act of 1974, for acquisitions of six (6) vacant)
Parcels in the city of Oberlin for future low-to-moderate)
Income housing)

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby Instruct the Clerk to advertise Notice of Intent to Request Release of Funds with the State of Ohio Section 104(g) of Title I of the Housing and Community Development Act of 1974, for acquisitions of six (6) vacant parcels in the City of Oberlin for future low-to-moderate income housing

Said Notice will be published in the Chronicle Telegram on August 8, 1998 as follows:

NOTICE OF PUBLIC OF FINDING OF NO SIGNIFICANT IMPACT ON ENVIORNMENT COMBINED NOTICE (FONSI)

On or about August 25, 1998, The Board of Lorain County Commissioners will request the State of Ohio to release Federal Funds under Section 104 (g) of Title I of the Housing and Community Development Act of 1974, as amended; Section 288 of Title 11 of the Cranston Gonzales National Affordable Housing Act (NAHA), as amended; and/or Title IV of the Stewart B. McKinney Homeless Assistance Act, as amended; to be used for the following projects

PROJECT NAME	ACTIVITIES	SOURCE OF FUNDS	PURPOSE	SINGLE OR MULTI-YEAR PROJECT	LOCATION	EST. CDBG COST
Acquisition	6 vacant parcels	1997 formula	acquisition	multi-year	city of oberlin Future LMI housing	$31,500

It has been determined that such Request for Release of Funds will not constitute an action significant affecting the quality of the human environment and accordingly the county has decided not to prepare an Environmental Impact Statement under the National Environmental policy Act of 1969, as amended.

Environmental Review Record(s) (ERR) for the Project(s) listed above has been prepared by the County of Lorain. The ERR documents the environmental review of the project(s) and more fully sets forth the reasons why such statement is not required. The ERR(S) is on file and available for the public's examination and copying, upon request, between 8:00 a.m. to 4:30 p.m., Monday through Friday (except holidays) at the above address.

No further environmental review of such project is proposed to be conducted, prior to the request for release of Federal Funds.

The County of Lorain will undertake the project described above with Federal funds cited above. Any interested person, agency, and/or group who have any comments regarding the environment or who disagree with its finding of No Significant Impact decision, are invited to submit written comments for consideration to the County of Lorain at the address above listed prior to 4:30 p.m. on August 24, 1998, which is at least 15 days after the publication of this combined notice.

NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS (NOIIRROF)

On or about August 25, 1998, The Board of Lorain County Commissioners will request the State of Ohio to release Federal Funds under Section 104 (g) of Title I of the Housing and Community Development Act of 1974, as amended; Section 288 of Title 11 of the Cranston Gonzales National Affordable Housing Act (NAHA), as amended; and/or Title IV of the Stewart B. McKinney Homeless Assistance Act, as amended; to be used for the project(s) described above.

The County of Lorain is certifying to the State of Ohio that the County and Michael Ross, in his capacity as President of the Board of Lorain County Commissioners, consent to accept the jurisdiction of the Federal courts if an action is brought to enforce responsibilities in relation to environmental reviews, decision-making, and action; and that these responsibilities have been satisfied.

The legal effect of the certification is that upon its approval, the County of Lorain may use the Federal funds, and the State of Ohio will have satisfied its responsibilities under the National Environmental Policy Act of 1969, as amended.

The State of Ohio will accept an objection to its approval of the release of funds and acceptance of the certification only if it is on one of the following bases: (a) the certification was not in fact executed be the County's Chief Executive Officer; or other officer of the County approved by the State of Ohio; or (b) that the County's environmental review record for the project indicates omission of a required decision, finding, or step applicable to the project in the environmental review process.

Written objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58), and must be addressed to the: State of Ohio, Environmental Officer; Community Development Division; P.O. Box 1001; Columbus, Ohio 43266-01 01.

Objections to the Release of Funds on bases other than those cited above will not be considered by the State of Ohio. No objections received after September 14, 1998, (which is 15 days after it is anticipated that the State will receive a request for release of funds), will be considered by the State of Ohio.

Motion by Vasi, seconded by Blair to adopt Resolution. Ayes: All

RESOLUTION NO. 98-605

In the matter of approving and entering into Subdividers Agreement) Between the Lorain County Board of Commissioners and Richard) Beran, president-Bradley Development Company for the Riverglen) Subdivision in Columbia Township) August 6, 1998

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated July 24, 1998 submitted the following:

"Please find the Subdividers and Escrow Agreement for the Riverglen Subdivision in Columbia Township.

Please pass a resolution entering into agreement with Bradley Development Company, Incorporated, along without recommended approval.

Sincerely, Kenneth P. Carney, Lorain County Engineer"

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the request of Kenneth P. Carney, Lorain County Engineer by letter dated July 24, 1998 we hereby approve and enter into Subdividers Agreement between the Board of Commissioners and Bradley Development company for Riverglen Subdivision in Columbia Township.

FURTHER BE IT RESOLVED, said Agreement is considered to be a part hereof to this resolution by reference thereto and can be found on file in the Commissioners office as follows:

ESCROW AGREEMENT

KNOW ALL MEN BY THESE PRESENTS:

That BRADLEY DEV. CO. INC. as Principals, hereinafter referred to as the Subdivider, are held and firmly bound unto the County of Lorain, Ohio, hereinafter called the County, in the full and just sum of TWO HUNDRED FIFTY SIX THOUSAND FOUR HUNDRED SIXTY EIGHT AND 80/100 dollars ($ 256,468.80) good and lawful money of the United States of America and to the payment of which sum of money well and truly to be made and done, the undersigned binds itself, its successors, representatives, agents and assigns firmly to these presents.

The condition of this obligation is such that:

WHEREAS, the Subdivider has presented to the County a plat of a Subdivision of land to be known as RIVER GLEN SUBDIVISON (16) LOTS with said plat being located in the Township of COLUMBIA, Lorain County, Ohio, and having being prepared by GILES NELSON AND ASSOC. for BRADLEY DEV. CO. INC. of which the Subdivider is a duly authorized agent, and/or owner, and said Subdivider is praying that said plat be approved and accepted by it; and

WHEREAS, as a condition of the approval of said plat, the said County has required:

A. The completion of the construction and installation of certain improvements CONCRETE PAVEMENT, STORM SEWER, EXCAVATION, WATER LINE all as shown on the approved improvement plans, and specifications heretofore furnished to said County;

B. That the completion of said construction and installation of said improvements shall be in accordance with the County Standard Construction Drawings, County Construction and Material Specifications, approved project plans to the profile and at the grades approved by the Lorain County Engineer, under his inspection and to his satisfaction;

C. That all of the expense of the construction of said improvement of whatever kind and nature and any legal, engineering, layout surveying, inspection and other expense to be incurred by the County in connection with the performance of such work or the enforcement of legislation of said County applicable thereto shall be borne by the Subdivider and that the Subdivider shall hold the County harmless therefrom;

D. That the Subdivider shall indemnify and save harmless the County from any and all injury and damages which the County may suffer or be subject to from either adjoining property owners or downstream property owners, or new owners within the area of the subdivision by reason of the construction of said improvements; and that the Subdivider shall indemnify and save harmless the County from any and all injury and damages which the County may suffer or be subject to by reason of acts of the Subdivider, his agents, the condition of the incompleted or completed improvements, until said improvements have been completed / and have also been accepted by the Board of County Commissioners, Lorain County, Ohio;

E. Compliance with the terms and provisions of an executed Subdividers Agreement for the named development, between the Subdivider and the County dated August 6, 1998.

NOW, THEREFORE, in order to secure to the County the prompt performance of the terms, conditions and obligations hereinabove set forth, the Subdivider has deposited with STRONGSVILLE SAVINGS of (address) 14092 PEARL ROAD, STRONGSVILLE, OHIO 44136 as Escrow Agent, cash or other securities, in the sum of: TWO HUNDRED FIFTY SIX THOUSAND, FOUR HUNDRED EIGHTY SIX AND 80/100 dollars, ($256,486.80) to be held and disbursed by said Escrow Agent as hereinafter provided and the Subdivider agrees and undertakes as follows:

1. Upon certification by the Lorain County Engineer of invoices for labor and materials and equipment furnished for the installation and construction of said improvements from time to time, during the progress of construction and installation of said improvements, the Escrow Agent shall pay to the person or persons designated in said certificate the amount so certified for payment by said Engineer. Prior to making any payments from the Escrow Funds under this provision said Engineer shall furnish a copy of such certification to the Escrow Agent.

2. Until final completion of the said improvements and acceptance thereof by the Board of County Commissioners, no certificate by the County Engineer or authorization of payment to any contractor, sub-contractor or person furnishing labor or materials for or upon such work shall operate or be construed as an acceptance of said improvements by or on behalf of the County.

3. In the event the Subdivider fails to perform any or all of the conditions or obligations herein required of him to be performed, then said Escrow Agent is authorized and directed to disburse any balance of said Escrow Account as authorized or instructed in writing by the Board of County Commissioners for the completion of said improvements and in the discharge of any obligations imposed upon the undersigned by this Escrow Agreement and by the Subdividers Agreement referred to in Paragraph E above. In the event that the balance in the Escrow Account should not have a sufficient balance to complete the improvements to the satisfaction of the County, this condition shall not release the Subdivider from his obligation to the County as stated hereinabove.

4. To be responsible for and to complete all the conditions set forth in Paragraphs A, B, C and D above.

5. The construction inspection fees shall be paid by the Escrow Agent to the Lorain County Engineer upon receipt of an invoice.

6. All costs and expenses in connection herewith, or with the Agreement aforesaid, including the fee of said Escrow Agent, shall be paid by the Subdivider.

7. The provisions of this Escrow Agreement and any acts thereunder by any of its officers or employees shall not constitute or be construed as constituting the County as the agent of the Subdivider the Escrow Agent or any Contractor, Sub-Contractor or person or persons furnishing labor or material on or for the improvement referred to herein, and said County and its officers or employees are hereby relieved and discharged from any liability or responsibility therefore except for fraud or willful misconduct in the performance of such acts.

Upon completion of all required improvements, the Subdivider shall forward to the Board of County Commissioners a written request for acceptance of said improvements. The County Engineer shall within 90 days of receipt of request either advise the Subdivider in writing of a final list of items needing completion or corrections, or shall forward his request to the Board of County Commissioners with a letter report certifying that all improvements have been completed in compliance with the County regulations and standards. If corrections were requested, said corrections shall be made by the subdivider within 60 days. If not made within said 60 days, the County may draw such funds as may be needed from the escrow agent to make any such corrections or completion of required improvements.

In the matter of Instructing the Clerk to advertise for bids for)
the replacement of the Mills Road Bridge #01514 in Avon) August 6, 1998
and North Ridgeville, Ohio)

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby Instruct the Clerk to advertise for bids for the replacement of the Mills Road Bridge #01514 in Avon and North Ridgeville, Ohio.

Said Notice will be published in the Chronicle Telegram and Morning Journal on August 13 & 20, 1998 as follows:

Sealed bids will be accepted in the office of the Lorain County Commissioners Purchasing Department, 226 Middle Avenue, Elyria, Ohio 44035 until 2:00 p.m., Thursday, August 27, 1998 for furnishing all labor, material and equipment for the replacement of Mills Road Bridge #01514 in Avon and North Ridgeville in Lorain County; using various materials in accordance with specifications prepared by the office of Kenneth P. Carney, Lorain County Engineer. All interested parties are welcome to attend the bid opening to be held immediately following the deadline in the Commissioners Public Hearing Room.

All materials and equipment must meet the specifications of the Ohio Department of Transportation and shall include all necessary barricades, signs, lights, watchmen, etc., and work performed shall be under the supervision of the Lorain County Engineer. All contractors involved with this project will, to an extent practicable use Ohio products, materials, services and labor in implementation of this project. Bidders shall submit a list of equipment available and labor shall be paid not less than the prevailing wage as determined by The Ohio Bureau of Employment Services for Lorain County. Bidders are hereby notified that partial funding of this project is being furnished by The Ohio Public Works Commission.

Bidders are required to comply with the Minority Business Enterprise (MBE) requirements set forth in section 164.07 of Ohio Revised Code and Rule 164-1-32 of Ohio Administrative Code. In part, this means that any bidder, to the extent that he subcontracts work, shall award subcontracts to certified Minority Business Enterprise in an aggregate dollar value of no less than five percent (5%) of the prime contract. Bidder procurement activities, to the extent that if procures materials and/or services, will result in the award of procurement contracts to certified minority business enterprises in an aggregate dollar value of no less than two percent (2%) of prime contact. The bid specifications provide further details on these requirements. Additionally, contractor compliance is with the equal employment requirements of Ohio Administrative Code Chapter 123, Governor's execute order of 1972 and Governor's Executive Order 84-9 shall be required.

Specifications can be obtained at the office of The Lorain County Engineer, 247 Hadaway Street, Elyria, Ohio between the hours of 8:00 a.m. and 4:00 p.m., Monday through Friday. Bids must be accompanied by a bid bond, certified check, cashier's check or letter of credit equal to ten percent (10%) of the amount of bid or a contract bond for the full amount of the bid, as a guarantee that if the bid is accepted a contract will be entered into and a performance bond properly secured. Should any bid be rejected, such instrument will forthwith be returned upon proper execution of a contract.

A non-refundable deposit of $21.75 is required for each set of bidding document.

The Board of County Commissioners reserves the right to reject any and all bids and to waive any informalities or irregularities if it is deemed in the best interest of Lorain County to do so.

Motion by Vasi, seconded by Blair to adopt Resolution. Ayes: All.
Motion carried.

E. OLD BUSINESS

JOURNAL ENTRY

Commissioner Ross acknowledged a letter received from Huntington Township Trustees to the Board dated August 4, 1998 and read aloud the following:

"The Huntington Township Trustees request that the Commissioners do not get involved with purchasing the former Lorain and West Virginia Railroad, which would be used as an excursion line as well as a limited freight line.

We feel it would not be in the best interest of the county to spend that much money on a project such as this and we urge you to consider the safety factor of the residents of Lorain County. The fire and ambulance service in our area will have problems with the new CSX/Conrail merger's increased traffic and this would just add to this problem.

Please consider these factors when making your decision."

Commissioner Ross thanked the Trustees and we the Commissioners do join with everyone for rail safety throughout the county in light of the CSX merger. Anything that happens with the rails in Lorain County to the extent that we have local control we will work very diligently to work to see that it is safe, and all the facts/information regarding the idea discussed last week are not yet in as to wheather or not Lorain County is involved is still a question and still needs more discussion but safety issues will be taken into consideration and appreciate anyones input.

Fred Alspach, on behalf of Wellington Village, (Mayor was unable to attend due to a prior commitment but Barb Leiby, Director of South Lorain County Ambulance District is present) and he read the following Resolution No. 1998-22, adopted August 3, 1998;

WHEREAS, the Village of Wellington currently has two main railroad lines operating within its municipality, namely the CSX/Conrail and the Wheeling and Lake Erie Railroads, and;

WHEREAS, there is a proposal by the Lorain County Commissioners to fund a third rail line, known as the former Lorain and West Virginia Railroad to be used as an excursion line as well as limited freight line, and;

WHEREAS, said proposal will utilize Lorain County Taxpayers money and increase the safety risk factors already observed by the Wellington Fire District, the South Lorain County Ambulance District, the Wellington Police Department and the Wellington Exempted School District and;

WHEREAS, the above named concerns are compounded by rail switching and poorly maintained grade crossings, and the County Commissioners need to recognize and support safety concerns to the entire population of Lorain County as the majority of County citizens utilize State Route 58 through Wellington as the access corridor to Interstate-71.

NOW THEREFORE BE IT RESOLVED THAT:

1) The Mayor and Village Council of Wellington, Ohio strongly oppose any proposal by the Lorain County Commissioners to purchase or otherwise subsidize any revival of the Lorain and West Virginia Railroad line.
2) Utilize the allocation of money for this proposal and apply said funds to secure a single rail road grade separation to alleviate the detriment of a four hundred percent increase of rail traffic through Wellington on the CSX/Conrail line.
3) That it is found and determined that all formal actions of this VillageCouncil concerning and relating to the adoption of this Resolution were adopted in an open meeting of this Village Council, and that all deliberations of the Village Council and of any of its committees resulting in such formal action were in meetings open to the public, in compliance with the law, including Section 121.22 of the Revised Code of Ohio.

Commissioner Ross stated that perhaps these responses are a little in haste because not all the facts are in and he asked that the Township and Village and get some more information as to what is being discussed before a hasty decision is made for or against. He recognizes the biggest concern is the great separation because this is where the rubber meets the road and this is where the traffic problem will come into effect. Right now, come to the table with an open mind to solve these issues rather than taking a pro or con before all the facts are in.

Fred Alspach said they do have the opportunity to work with the Ohio Railway Development Commission on the Conrail/CSX deal, however, this other proposal being a perpendicular rail it increases our crossing hazards from 4 to 8 and this should be paramount in the discussions.

Mary Beth Derikito stated this is the summer convention for the OTA there are no Trustees from New Russia Township, but it is her understanding that they passed a resolution in opposition to this. Also a lot of talk about the bridge on RT58, but nobody has mentioned RT20, RT113 and RT303 and these are also roads that get heavy traffic.

Commissioner Ross stated that all these issues will be discussed along with the bridges and road crossing.

Barb Lieby, Director of South Lorain County Ambulance District stated she agreed with Mr. Alspach and the great separation in Wellington is the dire necessity for us is to be able to provide emergency services to people within the area and we need to be in on the planning.

Commissioner Ross said this is the first time we have talked about addressing the safety issues of the rail locally and no county monies will be expended. We are looking at accessing state and federal monies, which are available for mass transportation to make the rail line more safe and solve safety issues and county government can access these funds better and more conveniently than a non-profit organization, it's our duty to look into this and how we can resolve a) safety problem and b) create a better economic development within the County.

Commissioner Vasi said realistically we all have a fear that growth and development, jobs are often health and safety issues are sacrificed in the name of growth and development and don't want to see this happen.

#2. JOURNAL ENTRY

Commissioner Ross stated that the bond underwriting services need to be discussed and thanked Mr. Rokasy, Budget Director that obtained these RFP's and have provided the Board with several ways on analyzing best ways for Lorain County and am prepared today to vote, since there are some pending note issues that are due.

I propose to enter into Agreement with Key Bank/SBK Brooks to proceed with the county note issues.

Commissioner Blair said these note issues should be combined because one is due at the end of August and the other at the 1st of September, which would be $5.2 million issue.

Discussion continued and the following resolution was adopted:

RESOLUTION NO. 98-616

In the matter of combining the issues of Eaton/RT83 Interceptor,)
Amherst Planning, Amherst Sewer Construction and Sewer #106) August 6, 1998
Sheffield Township totaling approximately $5.2 million that are)
due August 28 and September 1, 1998)

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby combine the issues of Eaton/RT83 Interceptor, Amherst Planning, Amherst Sewer Construction and Sewer #106, Sheffield Township totaling approximately $5.2 million that are due August 28 and September 1, 1998.

Motion by Ross, seconded by Blair to adopt Resolution. Ayes: All.
Motion carried.

JOURNAL ENTRY

Commissioner Ross moved to accept proposal from Key Bank/SBK Brooks

He stated that the cost overall is lower and would be more responsive locally to Lorain County and Seasongood and Mayer was in Cincinnati and SBK is a minority firm and has a broader picture.

Commissioner Blair said as a note issue she believes the request from AG Edwards was lower than Key Bank/SBK Brooks.

John Rokasy said on the note AG Edwards was the lowest submitter overall in cost but bond issues Key Bank was the lowest.

Commissioner Blair said this is a note issue, Commissioner Ross said yes, but could be refinanced into a bond issue

Commissioner Blair asked what point of time, Ross said could be done now.

Commissioner Vasi seconded with a 30-day escape clause if not satisfied with services.

Commissioner Blair asked what the length of the contract was, thought it was just for this issue.

Commissioner Ross said can't recall what the proposal said if we entered into a contract put a certain contact out to these firms, to get cost and firm capability but we certainly have the opportunity on any project to hire a different underwriter.

Commissioner Ross said the overall objective was to establish a relationship with an underwriter that was closer to home that has more access to Lorain County and would be more responsive to our efforts in the County to grow.

Commissioner Blair stated with all due respects Commissioner Ross this might have been his objective but does not necessarily been her objective and for a point of information when we voted to terminate the contract with Seasongood & Mayer, she voted "nay" and wanted to be clear with your motion to do this issue.

Commissioner Ross said we need a underwriter to call, since we don't have one on staff and could leave the time period opened.

Commissioner Blair said all notes and issues should be looked at.

Discussion continued and the following resolution was adopted:

RESOLUTION NO. 98-617

In the matter of accepting proposal and entering into contract with Key)
Bank/SBK Brooks for underwriting services similar to the previous) August 6, 1998
Contact of Seasongood & Mayer with a 30-day escape clause)

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby accept proposal of Key Bank/SBK Brooks for underwriting services and agree to enter into a contract with said underwriter, similar to the previous contract with Seasongood & Mayer.

Said contract will contain a thirty (30) day escape clause.

Motion by Ross, seconded by Vasi to adopt Resolution. Ayes: All with exception of "Blair-nay".
Motion carried.

F. NEW BUSINESS

JOURNAL ENTRY

#1. Commissioner Blair distributed copies of the agenda for the County Community Alliance meeting to be held on Friday, August 7, 1998 at 9:30 a.m, Commissioners Public Hearing Room.

Presentations include Ken Wright, Planning Administrator for District 3 of the Ohio Department of Transportation (ODOT), and Shara Davis of the Joint Center for Policy Research at Lorain County Community College. Ken Wright, has a 17-year tenure with ODOT. He and his staff have worked closely with Lorain County officials to build projects on US20, I-90, and SR57. They have also coordinated one of three pilot design/build projects in Ohio, The SR252 Bridge on the Lorain/Cuyahoga County border. A major project planned for the future in Lorain County is the replacement of the Garfield Bridge on SR254. Ken's subject for the alliance meeting will be: "Ohio Department of Transportation today."

Shara Davis will be reporting to alliance attendees on the recently Completed Attitude Survey Question posed by the Alliance.

Commissioner Ross asked if there has been any discussion on the county wide transportation matters. Commissioner Blair said at various times throughout the past year The Surface Transportation Board hearings that were held and the alliance went on record along with the Commissioners to bring to their attention the matters that were pertinent within Lorain County.

Commissioner Ross asked what issues were these, Lakeshore Railway.

Commissioner Blair said Lakeshore Railways proposals or the proposal that appears to come from Commissioner Ross has not been clearly discussed but this body only meets every other month and these discussions are a new concept.

Commissioner Ross said with Mr. Wright, ODOT that will be attending the Alliance meeting tomorrow has there been any discussion of the TID or any other transportation issues.

Commissioner Blair said Senator Zaleski made his initial presentation to this Board of Commissioners and believe several of the alliance members would be interested in this transportation improvement district but don't believe it has had formal discussion at the Alliance meetings.

Commissioner Ross asked if it was appropriate to ask the Alliance that bring all these community leaders together, he would like to request that they have some discussion on the transportation issues in Lorain County and get a consensus of where they stand. Just like the rail issues, how do they stand on this.

Commissioner Blair said that the Alliance would be delighted to discuss anything that Commissioner Ross would bring forward.

Mary Beth Derikito stated that the Alliance participants is just a small portion of the jurisdiction of the county and if you would like to know were we are coming from just ask us, we will tell you.

Commissioner Ross said he was interested in what the Alliance, had to say and get a good consensus.

Mary Beth Derikito stated she is not a member and don't believe anyone from the southern part of the county is and if these people can not do their jobs without another form of bureaucracy, then you should get out of office.

Commissioner Blair said that is bad, in her opinion Lorain County Association of Township Trustees and Clerks does monthly what the Alliance is trying to do on county basis every other month, and she said it before and will say it again, if you don't join you are stingy, by not sharing ideas that are around.

Mary Beth Derikito said we don't have fair/equal representation and you would be clinically brain dead to join the Alliance.

Commissioner Blair said (3) Townships have joined and you should tell them that they are clinically brain dead.

Mary Beth Derikito said that is fine they all have a vote and Commissioner Blair said there has been no votes taken on issues they have all been on a consensus basis. The voting structure that you are concerned with has never been brought into active play and #2 Fran Bostwick, Outgoing Exe. Dir. of 2020 did a survey of all entities that are or are not involved with the Alliance and has been proposal to look at by-laws and hopefully this committee will have some kind of recommendation in October. If we sit if her opinion – wailing and nashing about the voting structure the world is passing us by and Lorain County is long overdue and better start looking at ourselves as one entity even though we have separate issues that we need to address in our individual political subdivisions we better start looking as one entity otherwise we won't be around to have a voice in what goes on.

Mary Beth Derikito said we might not have same entity, Commissioner Blair asked if she was suggesting a new one, Mary Beth Derikito said yes and when she has it worked out she would let her know.

#2. Petition and map were filed with this office on Friday, July 31, 1998 for the proposed Annexation of approximately 7.74 acres in Amherst Township to the Village of South Amherst, Ohio. Attorney Thomas Januzzi, Agent for Petitioners. Petition was filed with the County Auditor and Engineer. After the Engineer has reviewed and submits report indicating no discrepancies, a public hearing will be scheduled.

G. BOARD CORRESPONDENCE

Meeting #32 August 13, 1998

The Board of Commissioners of Lorain County, Ohio met this day in a regular meeting in the J. Grant Keys Administration Building, 226 Middle Avenue, Elyria, Ohio, with the following members present: Commissioner Michael A. Ross, President, Commissioner Betty Blair Vice-president, Commissioner Mary Jo Vasi and Roxann Blair, Clerk.

The following business was transacted:

A. JOURNAL ENTRY

Mary Duffey- Peck, Shaffer and Williams was present along with David Goodman of Squires, Sanders & Dempsey for the public hearing on the Humility of Mary Health Partners Nursing and Assisted Living Facility for the amount of $10,000,000.00.

Mrs. Duffey gave a brief review of the project. Approximately one month ago, the County adopted a Resolution authorizing the Bonds and various documents necessitated by the Bond Issue. Since that time, it has become apparent that it makes economic and fiscal sense to increase that Bond by $10 million for the construction of a nursing home in Austintown in Mahoning County, which is part of the public hospital agencies agreement with Lorain County. This project will be closer in cost to $8 million with the entire maximum amount of the Bonds to be $37 million.

Mrs. Duffey stated that in order to accomplish this, we are asking the Commissioners to amend the previous resolution to provide for these facilities and increase the maximum amount of borrowing. This does not affect the credit of Lorain County, and does not affect the ability of Lorain County to issue its debt and no revenues of Lorain County are pledged for this Bond issue.

Mr. Goodman stated that he has reviewed the proposed, revised resolution and Bond documents. None of the revisions in any way effect provisions that limit the pledge of revenues to those other than revenues of the County and would not alter the protections the County requires to be included in the Bond documents. Mr. Goodman said that Squires, Sanders & Dempsey recommend the Commissioners approval.

Commissioner Blair asked if the County's good bond rating have any affect on this issue. Mrs. Duffey said it does not. The rating agency looks at the underlining credit of the health system itself, and looks to a credit enhancement, stand-by purchase agreement from MDB Bank. Since no revenues of the County will ever be touched for payment of the Bonds, the rating agency does not look at the rating of the County.

Mrs. Duffey stated that the initial reason these Bonds are being issued by Lorain County, is that historically this County has issued debt for Humility of Mary Healthcare Partners who became part of the Catholic Healthcare Partners Health System.

With no further questions, the following resolution was adopted:

The Board of County Commissioners of the County of Lorain, Ohio met in regular session on the 13th day of August 1998, with the following members present:

Commissioner Michael A. *Ross, President*
Commissioner Betty Blair, Vice-president
Commissioner Mary *Jo Vasi*
Commissioner Blair its adoption: introduced the following resolution and moved

RESOLUTION 98-619

A RESOLUTION AMENDING RESOLUTION NO. 98-449 TO INCREASE THE AUTHORIZED ISSUANCE OF ADJUSTABLE RATE HOSPITAL FACILITIES REVENUE BONDS, SERIES 1998 A (CATHOLIC HEALTHCARE PARTNERS) OF THE COUNTY OF LORAIN, OHIO, TO NOT TO EXCEED $41,500,000; AND TAKING OTHER RELATED ACTION.

WHEREAS, the County of Lorain, Ohio (the "Issuer"), by action of this Board of County Commissioners, adopted on June 18, 1998, Resolution No. 98-449 (the "Prior Resolution") (a) authorizing the issuance of not to exceed $31,500,000 Adjustable Rate Hospital Facilities Revenue Refunding Bonds, Series 1998 (Catholic Healthcare Partners) (the "Bonds") of the Issuer, the proceeds to be loaned to the Borrower to (i) refund on a current basis the outstanding portion of the Prior Bonds, as defined in the Prior Resolution, and (ii) pay costs in connection with the issuance of such Bonds; (b) provide for the pledge of revenues for the payment of such Bonds; (c) authorize a lease, amended and restated sublease, contract of purchase, tax regulatory agreement, preliminary official statement and official statement; and (d) authorize other actions in connection with the issuance of such Bonds; and

WHEREAS, Humility of Mary Health Partners, an Ohio nonprofit corporation affiliated with Catholic Healthcare Partners (the "Corporation") has determined to acquire, construct, install and equip a nursing and assisted living facility to be located at 755 Ohltown Road, in Austintown, Mahoning County, Ohio, commonly known as Humility House (the " 1998 Project"), the owner and primary user of which is anticipated to be Humility of Mary Health Partners and, therefore, the Corporation has requested the Issuer to increase the authorized principal amount of the Bonds to a total principal amount of not to exceed $41,500,000 to pay costs associated with the 1998 Project, and the purpose for such increase is consistent with the provisions of Chapter 140 of the Ohio Revised Code; and

WHEREAS, pursuant to the representation of the Corporation, this legislative Authority has determined that the amount necessary to finance the costs of or related to the acquisition, construction, equipping and installation of the 1998 Project and the refunding on a current basis the Prior Bonds (as defined in the Prior Resolution), including the financing thereof, will require the issuance, sale and delivery of its Adjustable Rate Hospital Facilities Revenue Bonds, Series 1998 A (Catholic Healthcare Partners) (the "Bonds") in the aggregate principal amount of not to exceed $41,500,000; and

WHEREAS, in connection with the financing of the 1998 Project and the issuance of the Bonds, it will be necessary to authorize a Lease with Humility of Mary Health Partners with respect to the 1998 Project.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of the County of Lorain, Ohio:

SECTION 1. Amended Sections of the Prior Resolution.

a. This Legislative Authority hereby determines that the six and seventh WHEREAS clauses of the Prior Resolution shall be deleted in their entirety and the following WHEREAS clauses shall be substituted therefor:

WHEREAS, the Issuer has determined to finance the acquisition, construction, installation and equipping of Hospital Facilities within the jurisdiction of the Participating Public Hospital Agencies, comprised of a nursing and assisted living facility to be located at 755 Ohltown Road, in Austintown, Mahoning County, Ohio, commonly known as Humility House (the " 1998 Project"), the owner and primary user of which is anticipated to be Humility of Mary Health Partners, an Ohio nonprofit corporation affiliated with the Corporation; and

WHEREAS, the Issuer intends to issue its Hospital Facilities Revenue Bonds, Series 1998 A, in one or more series (the "Bonds"), for the purpose of (i) refunding on a current basis the outstanding portion of the Prior Bonds, (ii) financing the acquisition, construction, installation and equipping of the 1998 Project, including the reimbursement of costs therefor; and (iii) paying costs in connection with the issuance of the Bonds (collectively, the "Bond Purposes"); and

WHEREAS, it is necessary to enter into (i) a certain Agreement of Lease dated as of August 1, 1998, with Riverside Mercy Hospital, a nonprofit Ohio corporation which is an Affiliate of the Corporation, (ii) a certain Agreement of Lease with Humility of Mary Health Partners, a nonprofit Ohio corporation which is an Affiliate of the Corporation, and (iii) an Amended and Restated Sublease dated as of August 1, 1998 with the Corporation, to reflect the issuance of the Bonds and the addition of certain real property of Riverside Mercy Hospital and Humility of Mercy Health Partners; and

b. The Legislative Authority hereby further determines that SECTION I of the Prior Resolution shall be deleted in its entirety, and the following SECTION I shall be substituted therefor:

SECTION 1. That for the purpose of better providing for the health and welfare of the people of the State of Ohio by enhancing the availability, efficiency and economy of hospital facilities and facilitating the financing of hospital facilities to be available to or for the service of the general public without discrimination by reason of race, creed, color or national origin, this Board acting on behalf of the Issuer, hereby determines that revenue bonds shall be issued pursuant to Section 140.06 of the Ohio Revised Code, in a principal amount not to exceed $41,500,000, to carry out the Bond Purposes. The Bonds shall be designated "County of Lorain, Ohio Hospital Facilities Revenue Bonds, Series 1998 A (Catholic Healthcare Partners) (the "Series 1998 Bonds"). The term of the Series 1998 Bonds shall not exceed thirty (30) years and the maximum interest rate on the Series 1998 Bonds shall not exceed 15. *00* % per annum. The Bonds shall be issued in the form and denomination and shall be executed, be subject to redemption on the dates and at the prices, and bear interest and be payable on the dates, all as provided in the Indenture of Trust hereinafter authorized.

The Bonds shall be payable at the corporate trust office of The Fifth Third Bank (the "Trustee"), which shall be the Trustee under the Indenture of Trust hereinafter authorized unless and until a successor trustee is appointed in the manner provided in such Indenture of Trust.

c. The Legislative Authority hereby further determines that SECTION 3 of the Prior Resolution shall be deleted in its entirety, and the following SECTION 3 shall be substituted therefor:

SECTION 3. That pursuant to the Leases, as hereinafter defined and authorized, the Issuer shall have a real property interest in the Hospital Facilities financed and refinanced under the Public Hospital Agencies Agreement and shall sublease such Hospital Facilities to the Corporation, for an aggregate lease rental greater than or equal to the debt service on the Bonds.

d. The Legislative Authority hereby further determines that SECTION 7 of the Prior Resolution shall be deleted in its entirety, and the following SECTION 7 shall be substituted therefor:

SECTION 7. That any two members of this Board be and they are hereby authorized and directed to execute and deliver, on behalf of the Issuer, an Amended and Restated Sublease with the Corporation (the "Sublease"), and an Agreement of Lease with Riverside Mercy Hospital and an Agreement of Lease with Humility of Mary Health Partners (collectively, the "Leases"), substantially in the forms now on file with the Clerk of this Board, with such changes as are not inconsistent with this Resolution and not substantially adverse to the Issuer and as have been approved by the Issuer's legal counsel and by the officers executing the same on behalf of the Issuer, such approval to be conclusively evidenced by the execution thereof, to reflect the issuance of the Bonds, and it is hereby determined, based upon the representations of the Corporation, that the Sublease and the Leases are undertaken for and will serve the public purpose of better providing for the health and welfare of the people of the State of Ohio by enhancing the availability, efficiency and economy of Hospital Facilities and the services rendered thereby, and will promote the public purpose stated in Section 140.02 of the Ohio Revised Code, and the Issuer will be duly benefited thereby.

e. The Legislative Authority hereby further determines that SECTION 13 of the Prior Resolution shall be deleted in its entirety, and the following SECTION 13 shall be substituted therefor:

SECTION 13. That this Board, as the "applicable elected representative" of the Issuer for purposes of Section 147(f) of the Internal Revenue Code of 1986, as amended, hereby approves the issuance of the Bonds in the maximum principal amount of $41,500,000. A portion of the proceeds of the Bonds will be used to refund all or a portion of certain outstanding hospital revenue bonds which financed and refinanced the costs of Hospital Facilities at the following locations in the State of Ohio: *1500 N.* Superior Street, Toledo, Ohio, 1530 N. Superior Street, Toledo, Ohio, and 1600 N. Superior Street, Toledo, Ohio, the primary user of each of which is expected to be Riverside Mercy Hospital, an Ohio nonprofit corporation. The balance of the proceeds of the Bonds will be used to finance the acquisition, construction, installation and equipping of Hospital Facilities, comprised of a nursing and assisted living facility to be located at 755 Ohltown Road, in Austintown, Mahoning County, Ohio, commonly known as Humility House, the owner and primary user of which is anticipated to be Humility of Mary Health Partners, an Ohio nonprofit corporation.

Section 2. Severability. If any section, paragraph or provision of this Resolution shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such section, paragraph or provision shall not affect any of the remaining provisions of this Resolution.

Section 3. Sunshine Law. B.14 RESOLUTION NO. 98-632

In the matter of Instructing the Clerk to advertise Notice of) Intent to Request Release of Funds with the State of Ohio) Section 104(g) of Title I of the Housing and Community) Development Act of 1974, for repairs to 4 low income) Housing units within the City of Avon Lake, CDBG funded) In the amount of $21,200.00) August 6, 1998

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby Instruct the Clerk to advertise Notice of Intent to Request Release of Funds with the State of Ohio Section 104(g) of Title I of the Housing and Community Development Act of 1974, for for repairs to 4 low-income housing units within the City of Avon Lake, CDBG funded in the amount of $21,200.00.

Said Notice will be published in the Morning Journal on August 14, 1998 as follows:

On or about August 14, 1998, The Board of Lorain County Commissioners will request the State of Ohio to release Federal Funds under Section 104 (g) of Title I of the Housing and Community Development Act of 1974, as amended; Section 288 of Title II of the Cranston Gonzales National Affordable Housing Act (NAHA), as amended; and/or Title IV of the Stewart S. McKinney Homeless Assistance Act, as amended; to be used for the following projects:

PROJECT NAME	ACTIVITES	SOURCE OF FUNDS	LOCATION	EST CDBG COST
Home/Building Repair	Repairs to 4 Low income Housing units	CDBG	City of Avon Lake	$21,200.00

An Environmental Review Record (ERR) for the Project listed above has been prepared by the County of Lorain. The ERR documents the environmental review of the project. The ERR is on file and available for the public's examination and copying, upon request, between 8:00 a.m. and 4:30 p.m. at the above address.

The County of Lorain will undertake the project described above with Federal funds cited above. Any interested person, agency, and/or group which has any comments regarding the environment, are invited to submit written comments for consideration to the County of Lorain at the address above listed prior to August 24,1998.

The County of Lorain is certifying to the State of Ohio that the County and Michael Ross, in his capacity as President of the Board of Lorain County Commissioners, consent to accept the jurisdiction of the Federal courts if an action is brought to enforce responsibilities in relation to environmental reviews, decision-making, and action; and that these responsibilities have been satisfied.

The legal effect of the certification is that upon its approval, the County of Lorain may use the Federal funds, and the State of Ohio will have satisfied its responsibilities under the National Environmental Policy Act of 1969, as amended.

The State of Ohio will accept an objection to its approval of the release of funds and acceptance of the certification only if it is on one of the following bases: (a) the certification was not in fact executed be the County's Chief Executive Officer; or other officer of the County approved by the State of Ohio; or (b) that the County's environmental review record for the project indicates omission of a required decision, finding, or step applicable to the project in the environmental review process.

Written objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58), and must be addressed to the: State of Ohio, Environmental Officer; Community Development Division; P.O. Box 1001; Columbus, Ohio 43266-0101.

Objections to the Release of Funds on bases other that those cited above will not be considered by the State of Ohio. No objections received after September 14, 1998, (which is 15 days after it is anticipated that the State will receive a request for release of funds), will be considered by the State of Ohio.

Motion by Vasi, seconded by Blair to adopt Resolution. Ayes: All.
Motion carried.

In the matter of accepting Petition and Map for proposed) Annexation of approximately 7.74 acres in Amherst) August 20, 1998
Township to the Village of South Amherst, Ohio Attorney) Thomas Januzzi, Agent for Petitioners)

WHEREAS, the Clerk gave notice to the Lorain County Board of Commissioners on the filing on the date of July 31, 1998 an Annexation petition request for approximately 7.74 acres in Amherst Township to the Village of South Amherst, Ohio – Attorney Thomas Januzzi, Agent for the Petitioners.

Said Petition reads as follows:

PETITION FOR ANNEXATION TO VILLAGE OF SOUTH AMHERST, OHIO
OF 7.74 ACRES MORE OR LESS IN AMHERST TOWNSHIP

The undersigned ("Petitioners") petition for the annexation of the real property described in Exhibit "A" attached to this Petition (the "Territory") to the Village of South Amherst, Lorain County, Ohio (the "Village"). The Territory consists of 7.74 acres, more or less located adjacent to and contiguous with the Village. Petitioners have attached as Exhibit "B" and made a part of this Petition an accurate map (or plat) showing the boundaries of the Territory. The number of owners of real estate in the Territory is four (4).

Thomas A. Januzzi, Attorney at Law, is appointed agent for Petitioners as required by Section 709.02 of the Ohio Revised Code and is granted full power and authority to amend, alter, change, correct, withdraw or re-file this Petition, increase or decrease the size of the territory and do any and all things necessary essential to this Petition and take any other action necessary pertaining to the granting of this Petition.

Petitioners: S/Dennis L. Abraham
S/Linda L. Abraham
S/Daniel L. Abraham
S/Melody S. Abraham

Situated in the Township of Amherst, County of Lorain and State of Ohio, and bounded and described as follows:

Beginning at the intersection of the Southerly line of said Original Lot No. 10 and the Southeast corner of an 8.40-acre parcel conveyed to Ervin E. Wragg and Mary Ann Wragg, Trustees by deed recorded in O.R. Volume 1016, page 665 of Lorain County Records; thence Northerly along the Easterly line of said Wragg land a distance of about 522.80 feet to a point on the Corporate boundary line of the Village of South Amherst; thence Easterly along the corporate boundary line of the Village of South Amherst a distance of about 650 feet to the Northwest corner of a 2.22-acre parcel of land conveyed to South Amherst Village by deed recorded in Deed Volume 1037, page 138 of Lorain County Records; thence Southerly along the Westerly line of said South Amherst Village land a distance of about 515.96 feet to a point in the Southerly line of said Lot No. 10; thence Westerly along the Southerly line of said Lot No. 10 a distance of about 650.38 feet to the place of beginning and containing within said bounds about 7.74-aces of land. Being further identified as Permanent Parcel No. 05-00-010-102-052.

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated August 3, 1998 submitted the following:

"This office has reviewed the petition for annexation of 7.74 acres of land in Amherst Township Original Lot 10 to the Village of South Amherst. The petition was presented by Thomas A. Januzzi, Agent for the Petitioners.

The description of land follows the map attached to the petition.

The area is adjacent and contiguous to the Village of South Amherst.

The property is owned by four persons and all have signed the petition.

If you have any questions contact this office.

Sincerely yours, S/Kenneth P. Carney, Lorain County Engineer"

NOW, THEREFORE, BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the Engineer's report indicating there being no discrepancies in the petition and map, we do and hereby accept said petition and provided for a public hearing on Thursday, October 8, 1998 at 11:00 a.m.

FURTHER BE IT RESOLVED, that said petitioner shall cause notice containing the substance of said petition and the time and place where hearing will be had thereon to be published in a newspaper of general circulation in Lorain County for a period of four consecutive weeks prior to the time fixed for the hearing and shall deliver a copy of the notice to the Clerk of each township and portion of which is included within the Village or territory sought to be annexed to which annexation is proposed.

B.15 RESOLUTION NO. 98-649

In the matter of authorizing North Ridge Road to be closed to)
one way traffic, during the Lorain County Metropolitan) August 20, 1998
Park District Pioneer Festival Days; September 13-13, 1998)

WHEREAS, Dan Martin, Director, Lorain County Metro Parks by letter dated June 30, 1998 requested the following:
"With the upcoming Pioneer Days Festival September 12 & 13, 1998, the Lorain County Metropolitan Park District would respectfully request the Commissioners allow North Ridge Rd., to be closed to one way traffic in order to enhance public safety.
As you know, the Pioneer Days Festival draws a large number of visitors to that area. Between vehicular and pedestrian traffic North Ridge Rd., at Mill Hollow gets extremely congested. By closing the road during the even hours of 11 a.m.-7 p.m., we will be able to reduce the possibility of an unfortunate incident.
The Park District has secured additional busses to efficiently handle the anticipated festival visitors.
We have also been in contract with the Lorain County Engineer's Office. They stated that they have no objection to the closure. Last year, during the bridge replacement, this closure to one way considerably helped with the congestion.
Thank you for your timely consideration of this matter.
Sincerely, S/Dan Martin, Director, Lorain County Metro Parks"

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the request on Dan Martin, Director, Lorain County Metro Parks letter dated June 30, 1998 and the review of the Lorain County Engineer's Office we hereby authorize that North Ridge Road be closed to one way traffic, during the Lorain County Metropolitan Park District Pioneer Days Festival September 12 & 13, 1998 between 11:00 am until 7:00 pm.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All

RESOLUTION NO. 98-650

In the matter of awarding bid to Erie Shores Computer in the) amount of $32,820.00 for the purchase of ten (10) computers) and affiliated equipment for the Lorain County Sheriffs Dept) August 20, 1998

WHEREAS, Sheriff Martin Mahony, by letter dated August 14, 1998 requested the following:
"The Lorain County Sheriff's Office request the Lorain County Commissioners' award Erie Shores computer the public bid (as advertised) for the following items.:

Ten (10)	- HP#D5739T, Vectra VL, 333 MHzm Computers	$20,760.00
Ten (10)	- HP#17" VGA 1280X1024 Monitors, D2835A #ABA With cables and connectors	$ 4,830.00
Ten (10)	- Hewlett Packard Laserjet Printers, 6px1 Mod. C4213A, With cables and connectors	$ 7,230.00
	TOTAL	$32,820.00

A second bid was submitted by the Endrizzi's Computer co., which was lower then the above bid submitted by Erie Shores. Endrizzi's bid did not meet the official bid specs on item #1 (above). Instead, their bid entails a special built unit. Though we believe said unit would be a quality piece of equipment, it does not follow our overall computer plan as initiated through our computer consultant. It is the LCSO's objective to maintain consistency throughout our computer environment.
Respectfully submitted, S/Martin J. Mahony, Lorain County Sheriff"

Said funding for these items will be paid for from the Local Law Enforcement Block Grant #97LBVX4314, and Erie Shore was the most responsive bid received complying with specifications.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that based upon the request of Sheriff Martin Mahony, by letter dated August 14, 1998 we hereby award bid to Erie Shores computer in the amount of $32,820.00 for the purchase of ten (10) computers and affiliated equipment for the Lorain County Sheriff's Department.

Motion by Vasi, seconded by Ross to adopt Resolution. Ayes: All
Motion carried.

RESOLUTION NO. 98-651

In the matter of approving the following Certificates of) Substational Completion and acceptance of the additions) and alterations to the Lorain County Correctional Facility) August 20, 1998

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby approve the following Certificates of Completion and acceptance of the additions and alterations to the Lorain County Correctional Facility.

Said Certificates are considered a part hereof to this resolution by reference thereto and can be found on file for; R.P. Carbone Construction, Inc.,; S.A. Comunale Co., Inc.,; Lucas Mechanical, Inc. and the Pauley Jail Building Co., Inc..

FURTHER BE IT RESOLVED, we hereby authorize the President to execute on behalf of the Board.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All
Motion carried.

Commissioner Blair commended these contractors on a fine job and they were finished ahead of schedule.

RESOLUTION NO. 98-652

In the matter of authorizing the filing of the 1999 Ohio) Department of Natural Resources Recycle, Ohio! Grant)

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby authorize the filing of the 1999 Ohio Department of Natural Resources Recycle, Ohio! Grant.

Said Grant is considered a part hereof to this resolution by reference thereto and can be found on file in the Commissioners/Solid Waste Management District Office and the City of Elyria and Lorain have joined in this grant to increase the amount of grant dollars available and they each will receive $56,600.00.

FURTHER BE IT RESOLVED, we hereby authorize the President to execute on behalf of the Board.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All.
Motion carried.

The Board of County Commissioners of the County of Lorain, Ohio, met in regular session on the 20th day of August, 1998, with the following members present:

E. C. Blair Michael A. Ross

Mary Jo Vasi

Commissioner Blair moved the adoption of the following resolution and *Commissioner Ross* seconded the motion.

RESOLUTION NO. 98-*653*

A RESOLUTION PROVIDING FOR THE ISSUANCE AND SALE OF $1,074,000 NOTES, IN ANTICIPATION OF THE ISSUANCE OF BONDS, FOR THE PURPOSE OF (I) PREPARING THE PLANS, SPECIFICATIONS, SURVEYS AND MAPS FOR SANITARY SEWER IMPROVEMENT NO. 104 NECESSARY TO PLAN FOR THE COLLECTION AND TREATMENT OF SEWAGE WITHIN THE COUNTY, AND (II) PREPARING THE PLANS, SPECIFICATIONS, SURVEY AND MAPS FOR THE EATON TOWNSHIP AREA SEWAGE SYSTEM.

WHEREAS, pursuant to Resolution No. 97-758 adopted August 14, 1997, notes in anticipation of bonds in the amount of $1,074,000, dated August 29, 1997 (the "Outstanding Notes"), were issued for the purpose stated in Section 1, to mature on August 28, 1998; and

WHEREAS, this Board finds and determines that the County should retire the Outstanding Notes with the proceeds of the Notes described in Section 3 and other funds available to the County; and

WHEREAS, the County Auditor as fiscal officer of this County has certified to this Board that the estimated life or period of usefulness of the improvement described in Section 1 is at least five years, the estimated maximum maturity of the Bonds described in Section 1 in clauses (i) and (ii) is 10 years, and the maximum maturity of the Notes described in Section 3, to be issued in anticipation of the Bonds described in clauses (i) and (ii) is fifteen years from September 1, 1993 and September 1, 1995, respectively.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of the County of Lorain, Ohio, that:

Section 1. It is necessary to issue bonds of this County in the aggregate principal amount of $1,074,000 (the Bonds) for the purpose of (i) preparing the plans, specifications, surveys and maps for Sanitary Sewer Improvement No. 104 necessary to plan for the collection and treatment of sewage within the County, and (ii) preparing the plans, specifications, survey and maps for the Eaton Township area sewage system; it being hereby determined that the funds allocated for general operating expenses of the County are insufficient to pay such operating expenses for 1998 and the costs of the aforesaid preparation.

Section 2. The Bonds shall be dated approximately October 1, 1998, shall bear interest at the now estimated rate of 7% per year, payable semiannually until the principal amount is paid, and are estimated to mature in 10 annual principal installments that are substantially equal. The first principal installment is estimated to be December 1, 1999.

Section 3. It is necessary to issue and this Board determines that notes in the aggregate principal amount of $1,074,000 (the Notes) shall be issued in anticipation of the issuance of the Bonds and to retire, together with other funds available to the County, the Outstanding Notes. The Notes shall bear interest at the rate of 4.25% per year (computed on a 360-day per year basis), payable at maturity or at any date of earlier prepayment as provided for in Section 4 of this resolution and until the principal amount is paid or payment is provided for.

Section 4. The debt charges on the Notes shall be payable in lawful money of the United States of America, or in Federal Reserve funds of the United States of America if so requested by the original purchaser and shall be payable, without deduction for services of the County's paying agent, at the principal office of the County Treasurer of the County (the Paying Agent). The Notes shall be dated August 28, 1998 and shall mature on September 28, 1998. The Notes shall be prepayable in whole without penalty or premium at the option of the County at any time and prior to maturity as provided in this resolution. Prepayment prior to maturity shall be made by deposit with the Paying Agent of the principal amount of the Notes together with interest accrued thereon to the date of prepayment. The County's right of prepayment shall be exercised by mailing a notice of prepayment, stating the date of prepayment and the name and address of the Paying Agent, by certified or registered mail to the original purchaser of the Notes not less than seven days prior to the date of that deposit, unless that notice is waived by the original purchaser of the Notes. If money for prepayment is on deposit with the Paying Agent on the specified prepayment date following the giving of that notice (unless the requirement of that notice is waived as stated above), interest on the principal amount prepaid shall cease to accrue on the prepayment date, and upon the request of the County Auditor the original purchaser of the Notes shall arrange for the delivery of the Notes at the designated office of the Paying Agent for prepayment and surrender and cancellation.

Section 5. The Notes shall be signed by at least two members of the Board of County Commissioners and by the County Auditor, in the name of the County and in their official capacities, provided that all but one of those signatures may be a facsimile. The entire principal amount of the Notes shall be represented by a single note. The Notes shall not have coupons attached and shall express upon their faces the purpose, in summary terms, for which they are issued and that they are issued pursuant to this resolution.

Section 6. The Notes shall be sold to the County at a price of par for investment. The County Treasurer and any other appropriate officers of the County are hereby authorized and directed to take such actions as necessary to effect the County's purchase of the Notes as their original purchaser in accordance with law and the provisions of this resolution. The Clerk of this Board shall cause the Notes to be prepared and have the Notes signed and delivered, together with a true transcript of proceedings with reference to the issuance of the Notes if requested by the original purchaser, to the original purchaser upon payment of the purchase price. The County waives any right to notice of prepayment of the Notes under Section 4. Any member of this Board, the Clerk of this Board, the County Auditor, County Administrator and other County officials, as appropriate, are each authorized and directed to sign any transcript certificates, financial statements and other documents and instruments and to take such actions as are necessary or appropriate to consummate the transactions contemplated by this resolution. The County Auditor is authorized, if it is determined to be in the best interest of the County, to combine the issue of Notes with one or more other note issues of the County into a consolidated note issue pursuant to Section 133.30(B), Ohio Revised Code.

Section 7. The proceeds from the sale of the Notes, except any premium and accrued interest, shall be paid into the proper fund or funds and those proceeds are appropriated and shall be used for the purpose for which the Notes are being issued. Any portion of those proceeds representing premium and accrued interest shall be paid into the Bond Retirement Fund.

Section 8. The par value to be received from the sale of the Bonds or of any renewal notes and any excess funds resulting from the issuance of the Notes shall, to the extent necessary, be used to pay the debt charges on the Notes at maturity and are pledged for that purpose.

6446

Section 9. During the year or years in which the Notes are outstanding, there shall be levied on all the taxable property in the County, in addition to all other taxes, the same tax that would have been levied if the Bonds had been issued without the prior issuance of the Notes. The tax shall be within the ten-mill limitation imposed by law, shall be and is ordered computed, certified, levied and extended upon the tax duplicate and collected by the same officers, in the same manner, and at the same time that taxes for general purposes for each of those years are certified, levied, extended and collected, and shall be placed before and in preference to all other items and for the full amount thereof. The proceeds of the tax levy shall be placed in the Bond Retirement Fund, which is irrevocably pledged for the payment of the debt charges on the Notes or the Bonds when and as the same fall due.

Section 10. The County covenants that it will use, and will restrict the use and investment of, the proceeds of the Notes in such manner and to such extent as may be necessary so that (a) the Notes will not (i) constitute private activity bonds, arbitrage bonds or hedge bonds under Sections 141, 148 or 149 of the Internal Revenue Code of 1986, as amended (the Code) or (ii) be treated other than as bonds to which Section 103(a) of the Code applies, and (b) the interest thereon will not be treated as an item of tax preference under Section 57 of the Code.

The County further covenants that (a) it will take or cause to be taken such actions that may be required of it for the interest on the Notes to be and remain excluded from gross income for federal income tax purposes, (b) it will not take or authorize to be taken any actions that would adversely affect that exclusion and (c) it, or persons acting for it, will, among other acts of compliance, (i) apply the proceeds of the Notes to the governmental purposes of the borrowing, (ii) restrict the yield on investment property, (iii) make timely and adequate payments to the federal government, (iv) maintain books and records and make calculations and reports and (v) refrain from certain uses of those proceeds and, as applicable, of property financed with such proceeds, all in such manner and to the extent necessary to assure such exclusion of that interest under the Code.

The County hereby represents that the Outstanding Notes were treated as "qualified tax-exempt obligations" pursuant to Section 265(b)(3) of the Code. The County hereby covenants that it will redeem the Outstanding Notes from proceeds of, and within 90 days after issuance of, the Notes, and represents that all other conditions are met for treating the Notes as "qualified tax-exempt obligations" and as not to be taken into account under subparagraph (D) of Section 265(b)(3) of the Code, without necessity for further designation, by reason of subparagraph (D)(ii) of Section 265(b)(3) of the Code. Further, the County represents and covenants that, during any time or in any manner as might affect the status of the Notes as "qualified tax-exempt obligations", it has not formed or participated in the formation of, or benefited from or availed itself of, any entity in order to avoid the purposes of subparagraph (C) or (D) of Section 265(b)(3) of the Code, and will not form, participate in the formation of, or benefit from or avail itself of, any such entity. The County further represents that the Notes are not being issued as part of a direct or indirect composite issue that combines issues or lots of tax-exempt obligations of different issuers.

Each covenant made in this section with respect to the Notes is also made with respect to all issues any portion of the debt service on which is paid from proceeds of the Notes (and, if different, the original issue and any refunding issues in a series of refundings), to the extent such compliance is necessary to assure exclusion of interest on the Notes from gross income for federal income tax purposes, and the officers identified above are authorized to take actions with respect to those issues as they are authorized in this section to take with respect to the Notes.

The County Auditor, as the fiscal officer, or any other officer of the County having responsibility for issuance of the Notes is hereby authorized (a) to make or effect any election, selection, designation, choice, consent, approval, or waiver on behalf of the County with respect to the Notes as the County is permitted to or required to make or give under the federal income tax laws, for the purpose of assuring, enhancing or protecting favorable tax treatment or status of the Notes or interest thereon or assisting compliance with requirements for that purpose, reducing the burden or expense of such compliance, reducing the rebate amount or payments or penalties, or making payments of special amounts in lieu of making computations to determine, or paying, excess earnings as rebate, or obviating those amounts or payments, as determined by that officer, which action shall be in writing and signed by the officer, (b) to take any and all other actions, make or obtain calculations, make payments, and make or give reports, covenants and certifications of and on behalf of the County, as may be appropriate to assure the exclusion of interest from gross income and the intended tax status of the Notes, and (c) to give one or more appropriate certificates of the County, for inclusion in the transcript of proceedings for the Notes, setting forth the reasonable expectations of the County regarding the amount and use of all the proceeds of the Notes, the facts, circumstances and estimates on which they are based, and other facts and circumstances relevant to the tax treatment of the interest on and the tax status of the Notes.

Section 11. The Clerk of this Board is directed to deliver a certified copy of this resolution to the County Auditor.

Section 12. This Board determines that all acts and conditions necessary to be done or performed by the County or to have been met precedent to and in the issuing of the Notes in order to make them legal, valid and binding general obligations of the County have been performed and have been met, or will at the time of delivery of the Notes have been performed and have been met, in regular and due form as required by law; that the full faith and credit and general property taxing power (as described in Section 9) of the County are pledged for the timely payment of the debt charges on the Notes; and that no statutory or constitutional limitation of indebtedness or taxation will have been exceeded in the issuance of the Notes.

Section 13. This Board finds and determines that all formal actions of this Board concerning and relating to the adoption of this resolution were taken in an open meeting of this Board and that all deliberations of this Board that resulted in those formal actions were in meetings open to the public in compliance with the law.

Section 14. This resolution shall be in full force and effect immediately upon its adoption.

Upon roll call on the adoption of the resolution, the vote was as follows:

Meeting #34 August 27, 1998

The Board of Commissioners of Lorain County, Ohio met this day in a regular meeting in the J. Grant Keys Administration Building, 226 Middle Avenue, Elyria, Ohio, with the following members present:, Commissioner Betty Blair Vice-president, Commissioner Mary Jo Vasi and Roxann Blair, Clerk. Commissioner Michael A. Ross, President, absent personal matters.

The following business was transacted:

A. JOURNAL ENTRY

Commissioner Blair welcomed the 27 all-male Italian singing group, Coro G.E.S. touring the State of Ohio in celebrating their 50th Anniversary. They are from the City of Schio in Veneto County, Italy. Also present were: Mayor Joseph Koziura (City of Lorain), Father Giampietro Gasparin, formerly from Elyria Catholic High School and currently at Lorain Catholic High School.

Commissioner Blair asked Mayor Koziura if he would like to welcome these dignitaries. Mayor Koziura said he had the great pleasure along with his wife, Father "G" and Debbie Bradley picking up the Coro G.E.S. singing group at the airport and welcoming them to Lorain County.

They were taken to various "host" families in the community they are staying with during their visit to Lorain County. They Mayor of Schio is also traveling with them and is present at today's meeting. They entertained with song at the airport and will be in the area performing at various places as well as doing some sightseeing.

Father "G" said that he has been in Lorain County since 1993 and these people are from his hometown in Italy and he knows many of the families. This is the 4th time they have visited the United States.

Core G.E.S sang the American National anthem in English along with 3 other selections. Commissioner Blair announced their scheduling while in Ohio: At the IABC in Sandusky, Ohio on August 29, 1998 at no cost; Holy Spirit Catholic Church on Sunday, August 30, for the 10:00 am Mass, Avon Lake; Youth Retreat on Case Road, from 2:30 pm – 5:00 pm (Brothers of St Joseph); September 1 at the IAV on Oberlin Avenue at 8:30 pm (Steak Fry 6:00 pm-8:00 pm); September 2 at Lorain Catholic at 7:30 pm for presentation. Cost is $10.00, which will go towards the Lorain Catholic scholarship fund.

Father "G" stated the group and Mayor wanted to make a presentation. Each Commissioner received a bottle of wine, a book of the country and a book of the history of the Group, a replica of their Flag, a wooden polato board, a ceramic decorated plate and a CD of their music. They Mayor described each item and what significance it had to their City.

Presentation were made by the Group and the Mayor with interpretations by Father "G".

A member of Coro G.E.S. made a presentation to Father "G" because they felt he was the greatest person of Schio in the World!

The Mayor presented Father "G" with a pin of the City and a book of Venice.

They sang a closing song. Commissioners thanked everyone for coming today and for their performance and hope they enjoy their visit to Ohio.

Commissioner Vasi displayed the items on the table for everyone to view.

In the matter of approving $16,950.00 from Solid Waste)
Management District funds for the final phase of recycling) August 27, 1998
Reconstruction effort to improve the Metro Parks System)

WHEREAS, Sally Pecora, Acting Coordinator, Lorain County Solid Waste Management District by memo dated August 17,1 998 submitted the following:

"Enclosed please find a request for the final phase of a recycling, reconstruction , effort to improve the Metro Parks system.

This was a program initiated by Mr. Andersen. The fees, which fund the Solid Waste District come from the residents of this and neighboring counties. What better way to give back to the public than to provide the parks with touch needed improvements

As stated in the accompanying letter, a total of $16,950 is requested for this project. The District requests your approval on this project.

If I can be of further assistance, please don't hesitate to contact me."

Said Resolution No. 97-378, adopted May 22, 1997 authorized funds from the Solid Waste Management District and formed a partnership in recycling with the Metro Parks. These funds will provide for trash receptacles and recycling containers for the Duck Pond picnic area, Mill Hollow and the golf Course, Carlisle Visitor Center, French Creek nature Center and the Forest Hills Golf Course.

NOW, THEREFORE BE IT RESOLVED, we hereby approve $16,950.00 from Solid Waste Management District funds for the final phase of recycling, reconstruction effort to improve the Metro Parks System.

In the matter of approving and entering into Subdividers)
Agreement between the Board of Commissioners and) August 27, 1998
Calvin Smith-David Development for the Rodak Ridge)
Subdivision in LaGrange Township)

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated August 4, 1998 submitted the following:

"Rodak Ridge Subdivision is a 20 lot subdivision located off Whitehead Road in LaGrange Township. This subdivision was approved the Lorain County Planning Commission in July.

Attached, please find the Escrow Agreement and Subdivider's agreement for the above-referenced subdivision. Please take the necessary action to approve these agreements.

Thank you for your cooperation in this matter.

Sincerely yours, S/Kenneth P Carney, Lorain County Engineer"

NOW, THEREFORE BE IT RESOLVED, the Lorain County Board of Commissioners based upon the request of Kenneth P. Carney, Lorain County Engineer by letter dated August 4, 1998 that we hereby approve and enter into a Subdividers Agreement between the Board of Commissioners and Calvin Smith-David Development for the Rodak Ridge Subdivision in LaGrange Township.

FURTHER BE IT RESOLVED, said Agreement is considered to be a part here of to this resolution by reference thereto and can be found on file in the Commissioners Office as follows:

SUBDIVIDER'S AGREEMENT

This Agreement executed on this 24th day of July, 19 98 by and between CALVIN SMITH (DAVID DEVELOPMENT) Subdivider, as evidenced by the RODAK RIDGE Plat filed with the County Recorder of Lorain County and the Board of Commissioners of Lorain County, Ohio, is governed by the following conditions and considerations, to wit:

Subdivider shall not transfer any lot, parcel or tract therefrom nor proceed with any construction work on the proposed subdivision including grading that may affect the arrangements of streets or other public improvements until he or it has obtained approval of the plat from the Lorain County Planning Commission as authorized by Section 711.10 of the Ohio Revised Code, and further until the plat of said subdivision has been recorded with the County Recorder of Lorain County, Ohio.

Said Subdivider is to construct, install or otherwise make all public improvements shown and set forth to be done and performed in accordance with the engineering drawings and specifications, all of which are a part of this agreement, subject to the inspection and approval of the County Engineer.

Subdivider shall furnish a performance bond or is to have on deposit with an Escrow Agreement at an approved Bank or Savings and Loan Company sufficient funds to cover 100 percent of the engineer's estimated construction cost amounting to $ 345,000. , and inspection fees amounting to $ 6,900. based on Engineer's estimate of cost of improvements furnished or acceptable to the County Engineer, and to the satisfaction of the Board of County Commissioners to insure the faithful performance of the agreement. Aforesaid engineer's estimate of cost shall be attached hereto as Exhibit A. If Subdivider provides a deposit with an Escrow Agreement at a Bank or Savings and Loan, said account shall be assigned to the County of Lorain for the purpose of paying the construction costs and inspection fees.

The County Engineer will inspect the improvements ROAD CONSTRUCTION Road drainage and bill the Subdivider for said inspections. The total inspection fees must be paid to Lorain County Engineer prior to final acceptance of said improvements.

The Subdivider shall pay the entire cost and expense of said improvement. Should the amount of the deposit or bond be insufficient to pay the cost thereof, the Subdivider shall immediately, upon demand, deposit such additional sums as are estimated by said Engineer to be necessary. Upon completion and acceptance of the improvement, any unexpended balance remaining from such deposit or deposits shall be released to Subdivider.

The Subdivider shall hold Lorain County free and harmless from any and all claims for damages of every nature arising of growing out of the construction of such improvement.

The Subdivider shall begin work within 30 days from the date of this agreement and all improvements are to be performed within a period of one year from the date of this agreement, which is hereby fixed by said County as a reasonable period, but an extension of time may be granted if approved by the Board of County Commissioners.

The Subdivider shall furnish such insurance as is deemed necessary by the Board of County Commissioners which shall indemnify and save harmless the County from any and all liability arising by reason of conditions which may arise or grow out of the construction or installation of such facilities. The insurance shall be of such duration as determined by the Board of County Commissioners, but shall in no case be allowed to expire earlier than the effective period of any performance or maintenance bond. A copy of the insurance policy shall remain at all times with the Clerk of the Commissioners.

The Subdivider shall furnish a Title Guarantee to the Board of Commissioners to guarantee title of the lands to be dedicated to be as indicated on the final plat. A certification showing that current taxes are paid shall also be submitted to the Board of Commissioners.

Upon completion of all improvements, the Subdivider shall forward to the Board of Commissioners a written request for acceptance of said improvements.

At the time of final acceptance of the improvements within the subdivision, the Subdivider shall furnish the Board of Commissioners a maintenance guarantee for a period of twelve (12) months to insure that the improvements are in satisfactory condition. The amount shall be ten (10) percent of the engineer's estimate of cost of improvements and amounts to $ 34,500.

The Subdivider further agrees that any violation of or non-compliance with any of the problems and stipulations of this agreement shall constitute a breach of contract and the Lorain County Engineer acting as agent for the Board of County Commissioners shall have the right to stop the work forthwith and hold the bonding company responsible for the completion of the improvement, or use the assigned funds on deposit for such purpose.

Upon approval and acceptance of the improvement, the original construction drawings shall become the property of Lorain County and shall be on file in the office of the Lorain County Engineer.

In consideration whereof, the Board of County Commissioners of Lorain County, Ohio, hereby grants the Subdivider or his agent the right and privilege to make the improvement stipulated herein.

ESCROW AGREEMENT

KNOW ALL MEN BY THESE PRESENTS:

That DAVID DEVELOPMENT INC. as Principals, hereinafter referred to as the Subdivider, are held and firmly bound unto the County of Lorain, Ohio, hereinafter called the County, in the full and just sum of Three Hundred Forty-Five Thousand, and ——— NO/100 dollars ($345,000.00) good and lawful money of the United States of America and to the payment of which sum of money well and truly to be made and done, the undersigned binds itself, its successors, representatives, agents and assigns firmly to these presents.

The condition of this obligation is such that:

WHEREAS, the Subdivider has presented to the County a plat of a Subdivision of land to be known as RUDAK RIDGE SUBDIVISION with said plat being located in the Township of LAGRANGE, Lorain County, Ohio, and having being prepared by LAWDON-SIMON-CAHL (RODGER-SIMON) for CALVIN SMITH of which the Subdivider is a duly authorized agent, and/or owner, and said Subdivider is praying that said plat be approved and accepted by it; and

WHEREAS, as a condition of the approval of said plat, the said County has required:

A. The completion of the construction and installation of certain improvements ROAD CONSTRUCTION, WATER LINE, STORM WATER LINE, ELECTRIC all as shown on the approved improvement plans, and specifications heretofore furnished to said County;

B. That the completion of said construction and installation of said improvements shall be in accordance with the County Standard Construction Drawings, County Construction and Material Specifications, approved project plans to the profile and at the grades approved by the Lorain County Engineer, under his inspection and to his satisfaction;

C. That all of the expense of the construction of said improvement of whatever kind and nature and any legal, engineering, layout surveying, inspection and other expense to be incurred by the County in connection with the performance of such work or the enforcement of legislation of said County applicable thereto shall be borne by the Subdivider and that the Subdivider shall hold the County harmless therefrom;

D. That the Subdivider shall indemnify and save harmless the County from any and all injury and damages which the County may suffer or be subject to from either adjoining property owners or downstream property owners, or new owners within the area of the subdivision by reason of the construction of said improvements; and that the Subdivider shall indemnify and save harmless the County from any and all injury and damages which the County may suffer or be subject to by reason of acts of the Subdivider, his agents, the condition of the incompleted or completed improvements, until said improvements have been completed and have also been accepted by the Board of County Commissioners, Lorain County, Ohio;

E. Compliance with the terms and provisions of an executed Subdividers Agreement for the named development, between the Subdivider and the County dated July 24, 1998.

NOW, THEREFORE, in order to secure to the County the prompt performance of the terms, conditions and obligations hereinabove set forth, the Subdivider has deposited with LORAIN COUNTY TITLE COMPANY of (address) 424 MIDDLE AVENUE ELYRIA, OH 44035 as Escrow Agent, cash or other securities, in the sum of Three Hundred Forty-Five Thousand And ——— No/100 dollars, ($ 345,000.00) to be held and disbursed by said Escrow Agent as hereinafter provided and the Subdivider agrees and undertakes as follows:

1. Upon certification by the Lorain County Engineer of invoices for labor and materials and equipment furnished for the installation and construction of said improvements from time to time, during the progress of construction and installation of said improvements, the Escrow Agent shall pay to the person or persons designated in said certificate the amount so certified for payment by said Engineer. Prior to making any payments from the Escrow Funds under this provision said Engineer shall furnish a copy of such certification to the Escrow Agent.

2. Until final completion of the said improvements and acceptance thereof by the Board of County Commissioners, no certificate by the County Engineer or authorization of payment to any contractor, sub-contractor or person furnishing labor or materials for or upon such work shall operate or be construed as an acceptance of said improvements by or on behalf of the County.

3. In the event the Subdivider fails to perform any or all of the conditions or obligations herein required of him to be performed, then said Escrow Agent is authorized and directed to disburse any balance of said Escrow Account as authorized or instructed in writing by the Board of County Commissioners for the completion of said improvements and in the discharge of any obligations imposed upon the undersigned by this Escrow Agreement and by the Subdividers Agreement referred to in Paragraph E above. In the event that the balance in the Escrow Account should not have a sufficient balance to complete the improvements to the satisfaction of the County, this condition shall not release the Subdivider from his obligation to the County as stated hereinabove.

4. To be responsible for and to complete all the conditions set forth in Paragraphs A, B, C and D above.

5. The construction inspection fees shall be paid by the Escrow Agent to the Lorain County Engineer upon receipt of an invoice.

6. All costs and expenses in connection herewith, or with the Agreement aforesaid, including the fee of said Escrow Agent, shall be paid by the Subdivider.

7. The provisions of this Escrow Agreement and any acts thereunder by any of its officers or employees shall not constitute or be construed as constituting the County as the agent of the Subdivider the Escrow Agent or any Contractor, Sub-Contractor or person or persons furnishing labor or material on or for the improvement referred to herein, and said County and its officers or employees are hereby relieved and discharged from any liability or responsibility therefore except for fraud or willful misconduct in the performance of such acts.

Upon completion of all required improvements, the Subdivider shall forward to the Board of County Commissioners a written request for acceptance of said improvements. The County Engineer shall within 90 days of receipt of request either advise the Subdivider in writing of a final list of items needing completion or corrections, or shall forward his request to the Board of County Commissioners with a letter report certifying that all improvements have been completed in compliance with the County regulations and standards. If corrections were requested, said corrections shall be made by the subdivider within 60 days. If not made within said 60 days, the County may draw such funds as may be needed from the escrow agent to make any such corrections or completion of required improvements.

NOW, THEREFORE, if CALVIN SMITH (DAVO DEVELOPMENT) shall honestly and faithfully perform all of the conditions herein and in said Subdividers Agreement required of it to be performed, then this obligation shall be null and void, otherwise to remain in full force and effect.

JOURNAL ENTRY

Commissioner Ross discussed establishing a "Task Force" to review the needs of Senior Citizens within Lorain County. Commissioner Ross stated that having his own personal experience with his Grandmother in a nursing home, the County needs to review these needs and set a standard in Lorain County for the care of our elderly.

As part of this committee, he would like to appoint Mary Lou Golski, Director, Lorain County Human Services; Patricia Littleton, Director, Senior Citizens Association, and William Glowacki, Administrator, Golden Acres County Home to assist in the needs assessment, and do some kind of comprehensive review of how our elderly is being taken care of in Lorain County to identify opportunities to help enhance the quality of their life and what often what becomes the final stages of their life.

Commissioner Ross stated that a lot of talk on welfare reform addresses the needs of children which is very important, but does not seem to focus on the needs of the elderly.

He stated that we could appoint six or seven people to this Task Force and give them a chance to look into this issue.

Commissioner Vasi commented that this is an excellent idea and we should also have some seniors involved. Patricia Littleton could get some people she knows involved in this committee that participate with her agency, and find out the areas where the needs are. Commissioner Vasi stated she felt we are doing a good job through the Seniors and also through the Human Services Department, but we do have to follow up.

Commissioner Ross said there is a lot falling through the cracks. Sometimes we can get upset with the workers, the Nurses Aides and LPN's. This is a tough job to care for the elderly, especially if they are sick. We increased the salary for Nurses Aides at Golden Acres, and he feels they still do not make enough money for the job they have to do around the clock. We also need to look at how this mingles with the Medicare and Medicaid provisions.

Commissioner Ross stated we need to help educate people of how to access local care and local dollars to help care for their elderly in these kinds of facilities.

Commissioner Blair asked Mrs. Golski is she knew of any other County that has an agency like this. Mrs. Golski responded that she does not know of any, but there is an Area Office on Aging in Cleveland that Lorain County is part of where they bring together a variety of social service agencies and talk about issues like these. Mrs. Golski said the Commissioners could look at the area of Adult Day Care.

Commissioner Ross said that a lot of facilities he has been in contact with seem to be concerned with the nursing home being "just a business". They only care about the dollar issues and forget about the human issues.

Commissioner Blair commented that some of these facilities are State regulated, but you can not regular compassion. This is not just the nursing home operators who are responsible for the "mental care" of these patients, this is where the community comes in Commissioner Blair stated that even though she thinks this is a good idea, she does not want anyone including the existing nursing home operators to think that she as a Commissioners want to come in and tell them what to do, they are already being told what to do by the State.

If there are some volunteer groups to come together to pay more attention to the mental well-being of these persons who have to be confined is a good idea. There is also nursing services provided to people in their own homes. Her father-in-law is one of those recipients who are able to live in his own home at the age of 95 because of these services. Commissioner Ross said he knows the State does regulate, but we have to be the link between the State and the residents. I am not saying this to complain, but in some cases the State or Federal regulations tie the facilities hands, but we need to understand them and provide the local face to them.

Commissioner Vasi said with this Task Force we can have results come back to maybe make changes or ask the Legislators to make changes in the laws. Adult Day Care is another area, which has to be looked into. This Task Force is long over due.

Mary Beth Derikito, Huntington Township Trustee, commented that having worked in nursing homes in the last 20 years, that although it may not seem obvious now, there have been a lot of improvements as far as quality care and staffing. It is not perfect by any means, but better than it has been. It would help cut down the cost for some of these people who are in nursing home facilities, if they could receive the day care in their own homes.

Commissioner Ross said this would be one thing we could do at the local level and help access Human Services dollars, or at least to boost the dollars.

Commissioner Blair stated that this is probably the hardest thing a person has to get accustomed to in going to a nursing home facility, it is not like being in your own home.

Commissioner Vasi commented that there are a lot of needs the elderly have, like her mother can not stay home alone at night. There are a lot of needs we could not even imagine, but this Task Force could discern these needs and find out what they are so we could better assist these people.

Commissioner Ross said that since we are in the "nursing home" business, we need to start with ourselves. We should make sure we are setting the standard for quality of a facility, pay for employee's etc.

Discussion continued and the following resolution was adopted:

RESOLUTION NO. 98-691

In the matter of creating a Task Force to review the needs)
Of the seniors citizens in Lorain County) September 3, 1998

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby create a Task Force to review the needs of senior citizens in Lorain County. The Board of Commissioners will appoint fifteen (15) members consisting of senior citizens in Lorain County as well as leaders in the community will be given a period of six (6) months to complete their review and report back to the Commissioners their findings.

FURTHER BE IT RESOLVED, duties will be given to these members at a later date. The news media was requested to issue a public service announcement stating that any person interested in serving on this Task Force contract the Board of Lorain County Commissioners.

Motion by Ross, seconded by Vasi to adopt Resolution. Ayes: All.
Motion carried.

#2. After completing the board business, Commissioners will recess into Executive Session to discuss personnel/new hires.

#3. Commissioners will hold a Special meeting on Tuesday, September 8, 1998 at 9:30 am and recess into Executive Session to discuss contract negotiations.

*Note: County Offices will be closed on Monday, September 7,1 998 in observance of Labor Day. Have a safe and happy holiday!

JOURNAL ENTRY

Commissioner Ross asked if there were any citizens present to address the Board.

Mary Beth Derikito, Huntington Township Trustee said she has talked with Tom Kelley, EMA Coordinator and there seems to be a concern about the fire station in Elyria where the Hazmat equipment is being stored. The fire station may be sold, and Mr. Kelley has sent a letter to the Elyria City Council asking they hold off making a decision on this for three (3) years. Mrs. Derikito stated that she is going to ask the Township Association to support Mr. Kelley in his request. With the increased train traffic and increased freight going through Lorain County that our chances of having a serious problem, are far greater than before. This equipment should be stored in one central location so it could be found easily in case of an emergency.

Mrs. Derikito wanted the Commissioners to be aware of this and for Commissioners support.

Mr. Kelley commented that we currently have a lease with the City of Elyria to pay the utilities. There seems to be some movement to have the station appraised and have it sold, so he sent a letter to every councilperson to hold off on this.

Commissioner Vasi asked what about the LEPC purchasing this building. Mr. Kelley said that there are certain funds in the LEPC that can be used for specific items, but he could check into this.

Commissioner Blair said maybe the County might be interested in buying this facility. Mr. Kelley said this is also worth looking into. The problem with this is we have two or three vehicles and a county bomb trailer and other equipment that has been stored all over the County, and it is hard if something broke down, we would have to drive to Avon to pick up a trailer, drive to Wellington to pick up a drum, etc.

Commissioner Vasi asked if all communities shared this equipment. Mr. Kelley said yes. Commissioner Blair commented that sometimes there are grants available for rural fire departments, and she wondered if we could put something together and check this out.

Commissioner Vasi requested Mr. Kelley talk to the other communities and see if they would be willing to purchase the building at a shared expense.

JOURNAL ENTRY

Norman Bliss, FirstMerit/EST Bank was present and wanted the Commissioners to know there is a strategic planning process currently going on for the delivery of community based development in Lorain County and Dr. Church form LCCC will be hosting a dinner meeting at LCCC which is open for the Commissioners attendance. The dinner/meeting will be held On September 9, 1998 at 5:30 pm at the Presidential meeting room, Spitzer Conference Center, Elyria, Ohio.

Commissioner Ross asked who was involved in this process. Mr. Bliss responded Dr. Church, Frank DeTillio, himself, Frank Frederick-Community Foundation are part of the sponsoring committee. There is a consultant coming to the meeting who has years and years of experience in community based development who will give his insights and thoughts. The idea is to piggy-back on the Coalition of Re-Invesment in Lorain County.

Commissioner Ross said he hoped this information would be shared with our Community Development Department. Mr. Bliss said it has been sent to them.

Mr. Ross thanked Mr. Bliss for the invitation to this dinner/meeting.

JOURNAL ENTRY

Commissioner Ross moved, seconded by Commissioner Vasi to recess into Executive Session to discuss personnel issues/new hires. Upon roll call the vote taken thereon, resulted as follows: Ayes: All.

Motion carried.

B.10 RESOLUTION NO. 98-703

In the matter of approving the amendment to the 1998 Recycling)
Grant FY98-1726 for the City of Sheffield Lake, to transfer)September 10, 1998
$3,000.00 originally earmarked for home composting unites to)
be used to purchase a rotary tiller for communal compost area)

WHEREAS, Sally Pecora, Lorain County Solid Waste Management District, Acting District Coordinator by memo dated September 1, 1998 submitted the following:

"The City of Sheffield Lake is requesting an amendment to the 1998 Recycling Grant FY98-1726 in accordance with the grant agreement.

As stated in the enclosed correspondence, the city is requesting $3,000.00 originally earmarked for more home composting units be used to purchase a rotary tiller for communal compost area. A Total of 100 home unites were purchased and distributed. There is equal interest in the communal composing area, so a tiller will speed up the decomposition process so that the compost will be available for residential use sooner.

The District recommends that the Board of Commissioners approve this transfer of monies.

If I can be of further assistance, please don't hesitate to contact me."

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that based upon the memo dated September 1, 1, 1998 and recommendation of Sally Pecora, Acting District Coordinator for LCSWMD we hereby approve amendment to the 1998 Recycling Grant FY98-1726 for the City of Sheffield Lake, to transfer $3,000.00 originally earmarked for home composting units to be used to purchase a rotary tiller for communal compost area.

FURTHER BE IT RESOVLED, we hereby authorize the President to execute on behalf of the Board.

Motion by Blair, seconded by Ross to adopt Resolution. Ayes: All Commissioner Mary Jo Vasi, absent attending a Justice Center Conference, Ontario Canada.

Motion carried.

In the matter of awarding bid to Moore Document Solutions)
In the amount of $14,184.00 for purchase of 150,000 child) September 10, 1998
Support program heat sealed checks)

WHEREAS, Mary Lou Golski, Director, Lorain County Human Services by letter dated August 31, 1998 submitted the following:

"I am requesting a Commissioners' Resolution to purchase 150,000 Child Support Program heat sealed checks from Moore Document Solutions. A Commissioners' Resolution is necessary in order to receive State and Federal reimbursement.

Yvonne Newton, Lorain County Purchasing Director, advertised for bids of this supply of checks. Moore Document Solutions was the only vendor to submit a timely and complete bid. The bid package is on file in the county purchasing department and is available for your review.

Moore Document bid $94.56 per thousand checks which is exactly the cost of the last check order placed with them. The total cost of the package will be $14,184.00. Due to the changes in the SETS implementation date, a check order needs to be made to insure that the agency has a supply on hand until the issuance of child support checks is no longer a county responsibility.

Thank you for your consideration in this matter.

Sincerely, S/Mary Lou Golski, Director, LCHS"

Said bid was the only vender to submit a timely and complete bid.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that based upon Mrs. Golski, Director, LCHS by letter dated August 31, 1998 we hereby award bid to Moore Document Solutions in the amount of $14,184.00 for purchase of 150,000 child support program heat sealed checks.

Motion by Ross, seconded by Blair to adopt Resolution. Ayes: All. Commissioner Mary Jo Vasi, absent attending a Justice Center Conference, Ontario Canada.

Motion carried.

In the matter of approving and entering into a Medical) Transportation Agreement between the Lorain County) Human Services and Lorain County Transit) September 10, 1998

WHEREAS, Mary Lou Golski, Director, Lorain County Human Services by letter dated September 1, 1998 submitted the following:

"I am requesting a Commissioners' Resolution approving and entering into a Medical Transportation Agreement between Lorain County Human Services and Lorain County Transit. Transportation will be provided to Lorain County Human Services' clients in need of diagnostic and preventative medical treatment. A Commissioners' Resolution is needed for the shared reimbursement from State and Federal funds.

This agreement will cover a period from September 15, 1998 through September 14, 19999. The trip rate charge will remain the same as last year at $12.75 per authorized passenger trip (one-way). The $6.00 charge for anyone failing to show for a scheduled trip, including those with ADA vouchers and the $1.00 charge for each authorized family member will also remain the same. Please refer to the enclosed copy of a letter from William R. Eltrich, General Manger, Lorain County Transit explaining the costs.

Enclosed are copies of the new Medical Transportation Agreement for your signatures. Please return two (2) fully executed copies of the agreement and a copy of the resolution to my office for distribution.

Thank you for your consideration in this matter.

Sincerely/S Mary Lou Golski, Director, LCHS"

Said Agreement is considered a part hereof to this resolution by reference thereto and can be found on file in the Commissioners/Lorain County Human Services Office and will cover a period from September 15, 1998 through September 14, 1999 with a trip rate charge to stay the same as last year at $12.75 per authorized passenger; $6.00 charge for anyone failing to show for scheduled trip, including those with ADA vouchers, and the $1.00 charge for each authorized family member. Also resolution is required for State and Federal reimbursement.

NOW, THEREFORE BE IT RESOLVED, the Lorain County Board of Commissioners based upon the letter dated September 1, 1998 by Mary Lou Golski, Director, LCHS we hereby approve and enter into a Medical Transportation agreement between the Lorain County Human Services and Lorain County Transit.

The Board of County Commissioners of the County of Lorain, Ohio, met in regular session on the 10th day of September, 1998, with the following members present:

E.C. Blair Michael A. Ross

Commissioner Blair moved the adoption of the following resolution and Commissioner Ross seconded the motion.

RESOLUTION NO. 98-712

A RESOLUTION PROVIDING FOR THE ISSUANCE AND SALE OF $700,000 NOTES, IN ANTICIPATION OF THE ISSUANCE OF BONDS, FOR THE PURPOSE OF CONSTRUCTING THE SANITARY SEWERS AND APPURTENANCES IN LORAIN COUNTY GENERAL SEWER DISTRICT, AS DESCRIBED IN RESOLUTION NO. 97-785 ADOPTED ON AUGUST 21,1997.

WHEREAS, this Board has determined to issue notes in anticipation of the issuance of bonds; and

WHEREAS, the County Auditor as fiscal officer of this County has certified to this Board that the estimated life or period of usefulness of the improvement described in Section 1 is at least five years, the estimated maximum maturity of the Bonds described in Section 1 is 40 years, and the maximum maturity of the Notes described in Section 3, to be issued in anticipation of the Bonds, is 240 months from their original date of issuance;

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of the County of Lorain, Ohio, that:

Section 1. It is necessary to issue bonds of this County in the aggregate principal amount of $700,000 (the Bonds) for the Purpose of constructing the sanitary sewers and appurtenances in Lorain County General Sewer District, as described in Resolution No. 97-785 adopted on August 21, 1997.

Section 2. The Bonds shall be dated approximately September 1, 1999, shall bear interest at the now estimated rate of 6% per year, payable semiannually until the principal amount is paid, and are estimated to mature in 20 annual principal installments that are substantially equal.
The first principal installment is estimated to be December 1, 2000.

Section 3. It is necessary to issue and this Board determines that notes in the aggregate principal amount of $700,000 (the Notes) shall be issued in anticipation of the issuance of the Bonds. The Notes shall be designated "Various Purpose Improvement Notes, Series 1998A" and shall bear interest at a rate of 3.75% per year (computed on a 360-day per year basis), payable at maturity and until the principal amount is paid or payment is provided for.

Section 4. The debt charges on the Notes shall be payable in lawful money of the United States of America, or in Federal Reserve funds of the United States of America if so requested by the original purchaser and shall be payable, without deduction for services of the County's paying agent, at the principal Cleveland, Ohio Office of The Huntington National Bank, Columbus, Ohio (the Paying Agent). The Notes shall be dated September 16, 1998, and shall mature on September 16, 1999.

Section 5. The Notes shall be signed by at least two members of the Board of County Commissioners and by the County Auditor, in the name of the County and in their official capacities, provided that all but one of those signatures may be a facsimile. The Notes shall be issued in the denominations and numbers as requested by the original purchaser and approved by the County Administrator, provided that the entire principal amount may be represented by a single note. The Notes shall not have coupons attached and shall express upon their faces the purpose, in summary terms, for which they are issued and that they are issued pursuant to this resolution.

Section 6. The Notes are hereby sold at not less than par at private sale to Key Capital Markets, Inc., Cleveland, Ohio, in accordance with law and the provisions of this resolution. The Clerk shall cause the Notes to be prepared and have the Notes signed and delivered, together with a true transcript of proceedings with reference to the issuance of the Notes if requested by the original purchaser, to the original purchaser upon payment of the purchase price. The Clerk shall cause the Notes to be prepared and have the Notes signed and delivered, together with a true transcript of proceedings with reference to the issuance of the Notes if requested by the original purchaser, to

the original purchaser upon payment of the purchase price. Any member of this Board, the Clerk of this Board, the County Auditor, the County Administrator and other County officials, as appropriate, are each authorized and directed to sign any transcript certificates, financial statements and other documents and instruments and to take such actions as are necessary or appropriate to consummate the transactions contemplated by this resolution. It is hereby determined to be in the best interest of the County to combine the issue of Notes with one or more other note issues of the County into a consolidated note issue pursuant to Section 133.30(B), Ohio Revised Code.

Section 7. The proceeds from the sale of the Notes, except any premium and accrued interest, shall be paid into the proper fund or funds and those proceeds are appropriated and shall be used for the purpose for which the Notes are being issued. Any portion of those proceeds representing premium and accrued interest shall be paid into the Bond Retirement Fund.

Section 8. The par value to be received from the sale of the Bonds or of any renewal notes and any excess funds resulting from the issuance of the Notes shall, to the extent necessary, be used to pay the debt charges on the Notes and the Bonds and are pledged for that purpose.

Section 9. During the year or years in which the Notes are outstanding, there shall be levied on all the taxable property in the County, in addition to all other taxes, the same tax that would have been levied if the Bonds had been issued without the prior issuance of the Notes. The tax shall be within the ten-mill limitation imposed by law, shall be and is ordered computed, certified, levied and extended upon the tax duplicate and collected by the same officers, in the same manner, and at the same time that taxes for general purposes for each of those years are certified, levied, extended and collected, and shall be placed before and in preference to all other items and for the full amount thereof. The proceeds of the tax levy shall be placed in the Bond Retirement Fund, which is irrevocably pledged for the payment of the debt charges on the Notes or the Bonds when and as the same fall due.

Section 10. The County covenants that it will use, and will restrict the use and investment of, the proceeds of the Notes in such manner and to such extent as may be necessary so that (a) the Notes will not (i) constitute private activity bonds, arbitrage bonds or hedge bonds under Sections 141, 148 or 149 of the Internal Revenue Code of 1986, as amended (the Code) or (ii) be treated other than as bonds to which Section 103 of the Code applies, and (b) the interest thereon will not be treated as an item of tax preference under Section 57 of the Code.

The County further covenants that (a) it will take or cause to be taken such actions that may be required of it for the interest on the Notes to be and remain excluded from gross income for federal income tax purposes, (b) it will not take or authorize to be taken any actions that would adversely affect that exclusion and (c) it, or persons acting for it, will, among other acts of compliance, (i) apply the proceeds of the Notes to the governmental purposes of the borrowing, (ii) restrict the yield on investment property, (iii) make timely and adequate payments to the federal government, (iv) maintain books and records and make calculations and reports and (v) refrain from certain uses of those proceeds and, as applicable, of property financed with such proceeds, all in such manner and to the extent necessary to assure such exclusion of that interest under the Code.

The County Auditor, as the fiscal officer, or any other officer of the County having responsibility for issuance of the Notes is hereby authorized (a) to make or effect any election, selection, designation, choice, consent, approval, or waiver on behalf of the County with respect to the Notes as the County is permitted to or required to make or give under the federal income tax laws, including, without limitation thereto, any of the elections provided for in Section 148(f)(4)(C) of the Code or available under Section 148 of the Code, for the purpose of assuring, enhancing or protecting favorable tax treatment or status of the Notes or interest thereon or assisting compliance with requirements for that purpose, reducing the burden or expense of such compliance, reducing the rebate amount or payments or penalties, or making payments of special amounts in lieu of making computations to determine, or paying, excess earnings as rebate, or obviating those amounts or payments, as determined by that officer, which action shall be in writing and signed by the officer, (b) to take any and all other actions, make or obtain calculations, make payments, and make or give reports, covenants and certifications of and on behalf of the County, as may be appropriate to assure the exclusion of interest from gross income and the intended tax status of the Notes, and (c) to give one or more appropriate certificates of the County, for inclusion in the transcript of proceedings for the Notes, setting forth the reasonable expectations of the County regarding the amount and use of all the proceeds of the Notes, the facts, circumstances and estimates on which they are based, and other facts and circumstances relevant to the tax treatment of the interest on and the tax status of the Notes

Section 11. The Clerk of this Board is directed to deliver a certified copy of this resolution to the County Auditor.

Section 12. This Board determines that all acts and conditions necessary to be done or performed by the County or to have been met precedent to and in the issuing of the Notes in order to make them legal, valid and binding general obligations of the County have been performed and have been met, or will at the time of delivery of the Notes have been performed and have been met, in regular and due form as required by law; that the full faith and credit and general property taxing power (as described in Section 9) of the County are pledged for the timely payment of the debt charges on the Notes; and that no statutory or constitutional limitation of indebtedness or taxation will have been exceeded in the issuance of the Notes.

Section 13. This Board finds and determines that all formal actions of this Board concerning and relating to the adoption of this resolution were taken in an open meeting of this Board and that all deliberations of this Board that resulted in those formal actions were in meetings open to the public in compliance with the law.

Section 14. This resolution shall be in full force and effect immediately upon its adoption.

Upon roll call on the adoption of the resolution, the vote was as follows:

The Board of County Commissioners of the County of Lorain, Ohio, met in regular session on the 10th day of September, 1998, with the following members present:

E.C. Blair Michael A. Ross

Commissioner Blair moved the adoption of the following resolution and Commissioner Ross seconded the motion.

RESOLUTION NO. 98-713

A RESOLUTION PROVIDING FOR THE ISSUANCE AND SALE OF $4,574,000 NOTES, IN ANTICIPATION OF THE ISSUANCE OF BONDS, FOR THE PURPOSE OF (I) PREPARING THE PLANS, SPECIFICATIONS, SURVEYS AND MAPS FOR SANITARY SEWER IMPROVEMENT NO. 104 NECESSARY TO PLAN FOR THE COLLECTION AND TREATMENT OF SEWAGE WITHIN THE COUNTY; (II) PREPARING THE PLANS, SPECIFICATIONS, SURVEYS AND MAPS FOR THE EATON TOWNSHIP AREA SEWAGE SYSTEM; AND (III) PAYING, IN ANTICIPATION OF THE LEVY AND COLLECTION OF SPECIAL ASSESSMENTS, THE PROPERTY OWNERS' PORTION AND THE COUNTY'S PORTION OF THE COSTS OF CONSTRUCTING SANITARY SEWER IMPROVEMENT NO. 104 IN LORAIN COUNTY GENERAL SEWER DISTRICT.

WHEREAS, pursuant to Resolution No. 98-653 adopted August 20, 1998, notes in anticipation of bonds in the amount of $1,074,000, dated August 28, 1998 (the "Outstanding Sewer Notes"), were issued for the purpose stated in clauses (i) and (ii) of Section 1, to mature on September 28, 1998; and

WHEREAS, pursuant to Resolution No. 97-809 adopted August 28, 1997, notes in anticipation of bonds in the amount of $6,800,000, dated September 18, 1997 (the "Outstanding Public Improvement Notes" and together with the Outstanding Sewer Notes, the "Outstanding Notes"), were issued in part for the purpose stated in clause (iii) of Section 1, to mature on September 17, 1998; and

WHEREAS, this Board finds and determines that the County should retire the Outstanding Notes with the proceeds of the Notes described in Section 3 and other funds available to the County; and

WHEREAS, the County Auditor as fiscal officer of this County has certified to this Board that the estimated life or period of usefulness of the improvement described in Section I is at least five years, the estimated maximum maturity of the Bonds described in Section I is 13 years, and the maximum maturity of the Notes described in Section 3, to be issued in anticipation of the Bonds for the purpose of clause (i) of Section I hereof is 15 years from September 1, 1993, for the purpose of clause (ii) is 15 years from September 1, 1995, and for the purpose of clause (iii) of Section I hereof is December 31, 2000.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of the County of Lorain, Ohio, that:

Section 1. It is necessary to issue bonds of this County in the aggregate principal amount of $4,574,000 (the Bonds) for the purpose of (i) preparing the plans, specifications, surveys and maps for Sanitary Sewer Improvement No. 104 necessary to plan for the collection and treatment of sewage within the County; (ii) preparing the plans, specifications, surveys and maps for the Eaton Township area sewage system; and (iii) paying, in anticipation of the levy and collection of special assessments, the property owners' portion and the County's portion of the costs of constructing Sanitary Sewer Improvement No. 104 in Lorain County General Sewer District.

Section 2. The Bonds shall be dated approximately September 1, 1999, shall bear interest at the now estimated rate of 6% per year, payable semiannually until the principal amount is paid, and are estimated to mature in 20 annual principal installments that are substantially equal with the first such installment payable on December 1, 2000.

Section 3. It is necessary to issue and this Board determines that notes in the aggregate principal amount of $4,574,000 (the Notes) shall be issued in anticipation of the issuance of the Bonds, and to retire, together with other funds available to the County, the Outstanding Notes. The Notes shall be designated "Various Purpose Improvement Notes, Series 199813" and shall bear interest at a rate of 3.75% per year (computed on a 360-day per year basis), payable at maturity and until the principal amount is paid or payment is provided for.

Section 4. The debt charges on the Notes shall be payable in lawful money of the United States of America, or in Federal Reserve funds of the United States of America if so requested by the original purchaser and shall be payable, without deduction for services of the County's paying agent, at the principal Cleveland, Ohio office of The Huntington National Bank, Columbus, Ohio (the Paying Agent). The Notes shall be dated as of September 16, 1998 and shall mature on September 16, 1999.

Section 5. The Notes shall be signed by at least two members of the Board of County Commissioners and by the County Auditor, in the name of the County and in their official capacities, provided that all but one of those signatures may be a facsimile. The Notes shall be issued in the denominations and numbers as requested by the original purchaser and approved by the County Administrator, provided that the entire principal amount may be represented by a single note. The Notes shall not have coupons attached and shall express upon their faces the purpose, in summary terms, for which they are issued and that they are issued pursuant to this resolution.

Section 6 The Notes are hereby sold at not less than par at private sale to Key Capital Markets, Inc., Cleveland, Ohio, in accordance with law and the provisions of this resolution. The Clerk shall cause the Notes to be prepared, and have the Notes signed and delivered, together with a true transcript of proceedings with reference to the issuance of the Notes if requested by the original purchaser, to the original purchaser upon payment of the purchase price. Any member of this Board, the Clerk of this Board, the County Auditor, the County Administrator and other County officials, as appropriate, are each authorized and directed to sign any transcript certificates, financial statements and other documents and instruments and to take such actions as are necessary or appropriate to consummate the transactions contemplated by this resolution. It is determined to be in the best interest of the County to combine the issue of Notes with one or more other note issues of the County into a consolidated note issue pursuant to Section 133.30(B), Ohio Revised Code.

Section 7. The proceeds from the sale of the Notes, except any premium and accrued interest, shall be paid into the proper fund or funds and those proceeds are appropriated and shall be used for the purpose for which the Notes are being issued. Any portion of those proceeds representing premium and accrued interest shall be paid into the Bond Retirement Fund.

Section 8. The par value to be received from the sale of the Bonds or of any renewal notes and any excess fands resulting from the issuance of the Notes shall, to the extent necessary, be used to pay the debt charges on the Notes at maturity and are pledged for that purpose.

Section 9. During the year or years in which the Notes are outstanding, there shall be levied on all the taxable property in the County, in addition to all other taxes, the same tax that would have been levied if the Bonds had been issued without the prior issuance of the Notes. The tax shall be within the ten-mill limitation imposed by law, shall be and is ordered computed, certified, levied and extended upon the tax duplicate and collected by the same officers, in the same manner, and at the same time that taxes for general purposes for each of those years are certified, levied, extended and collected, and shall be placed before and in preference to all other items and for the full amount thereof. The proceeds of the tax levy shall be placed in the Bond Retirement Fund, which is irrevocably pledged for the payment of the debt charges on the Notes or the Bonds when and as the same fall due.

Section 10. The County covenants that it will use, and will restrict the use and investment of, the proceeds of the Notes in such manner and to such extent as may be necessary so that (a) the Notes will not (i) constitute private activity bonds, arbitrage bonds or hedge bonds under Sections 141, 148 or 149 of the Internal Revenue Code of 1986, as amended (the Code) or (ii) be treated other than as bonds to which Section 103(a) of the Code applies, and (b) the interest thereon will not be treated as an item of tax preference under Section 57 of the Code.

The County further covenants that (a) it will take or cause to be taken such actions that may be required of it for the interest on the Notes to be and remain excluded from gross income for federal income tax purposes, (b) it will not take or authorize to be taken any actions that would adversely affect that exclusion and (c) it, or persons acting for it, will, among other acts of compliance, (i) apply the proceeds of the Notes to the governmental purposes of the borrowing, (ii) restrict the yield on investment property, (iii) make timely and adequate payments to the federal government, (iv) maintain books and records and make calculations and reports and (v) refrain from certain uses of those proceeds

and, as applicable, of property financed with such proceeds, all in such manner and to the extent necessary to assure such exclusion of that interest under the Code.

The County hereby represents that the Outstanding Notes were designated as "qualified tax-exempt obligations" pursuant to Section 265(b)(3) of the Code. The County hereby covenants that it will redeem the Outstanding Notes from proceeds of, and within 90 days after issuance of, the Notes, and represents that all other conditions are met for treating the Notes as "qualified tax- exempt obligations" and as not to be taken into account under subparagraph (D) of Section 265(b)(3) of the Code, without necessity for further designation, by reason of subparagraph (D)(ii) of Section 265(b)(3) of the Code. Further, the County represents and covenants that, during any time or in any manner as might affect the status of the Notes as "qualified tax-exempt obligations," it has not formed or participated in the formation of, or benefited from or availed itself of, any entity in order to avoid the purposes of subparagraph (C) or (D) of Section 265(b)(3) of the Code, and will not form, participate in the formation of, or benefit from or avail itself of, any such entity. The County further represents that the Notes are not being issued as part of a direct or indirect composite issue that combines issues or lots of tax-exempt obligations of different issuers.

Each covenant made in this section with respect to the Notes is also made with respect to all issues any portion of the debt service on which is paid from proceeds of the Notes (and, if different, the original issue and any refunding issues in a series of refundings), to the extent such compliance is necessary to assure exclusion of interest on the Notes from gross income for federal income tax purposes, and the officers identified above are authorized to take actions with respect to those issues as they are authorized in this section to take with respect to the Notes.

The County Auditor, as the fiscal officer, or any other officer of the County having responsibility for issuance of the Notes is hereby authorized (a) to make or effect any election, selection, designation, choice, consent, approval, or waiver on behalf of the County with respect to the Notes as the County is permitted to or required to make or give under the federal income tax laws, for the purpose of assuring, enhancing or protecting favorable tax treatment or status of the Notes or interest thereon or assisting compliance with requirements for that purpose, reducing the burden or expense of such compliance, reducing the rebate amount or payments or penalties, or making payments of special amounts in lieu of making computations to determine, or paying, excess earnings as rebate, or obviating those amounts or payments, as determined by that officer, which action shall be in writing and signed by the officer, (b) to take any and all other actions, make or obtain calculations, make payments, and make or give reports, covenants and certifications of and on behalf of the County, as may be appropriate to assure the exclusion of interest from gross income and the intended tax status of the Notes, and (c) to give one or more appropriate certificates of the County, for inclusion in the transcript of proceedings for the Notes, setting forth the reasonable expectations of the County regarding the amount and use of all the proceeds of the Notes, the facts, circumstances and estimates on which they are based, and other facts and circumstances relevant to the tax treatment of the interest on and the tax status of the Notes.

Section 11. The Clerk of this Board is directed to deliver a certified copy of this resolution to the County Auditor.

Section 12. This Board determines that all acts and conditions necessary to be done or performed by the County or to have been met precedent to and in the issuing of the Notes in order to make them legal, valid and binding general obligations of the County have been performed and have been met, or will at the time of delivery of the Notes have been performed and have been met, in regular and due form as required by law; that the full faith and credit and general property taxing power (as described in Section 9) of the County are pledged for the timely payment of the debt charges on the Notes; and that no statutory or constitutional limitation of indebtedness or taxation will have been exceeded in the issuance of the Notes.

Section 13. This Board finds and determines that all formal actions of this Board concerning and relating to the adoption of this resolution were taken in an open meeting of this Board and that all deliberations of this Board that resulted in those formal actions were in meetings open to the public in compliance with the law.

Section 14. This resolution shall be in full force and effect immediately upon its adoption.

B.11 RESOLUTION NO. 98-726

In the matter of awarding contract to Kelcorp Construction in) the amount of $137,288.00 for the replacement of the Mills) September 17, 1998 Road Bridge #1514 in the cities of Avon and North Ridgeville)

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated September 4, 1998 submitted the following:
"We have reviewed and tabulated the bids that were received on August 27, 1998 for the replacement of Mills Road Bridge #1514, in the cities of Avon and North Ridgeville. They are as follows:

Kelcorp Construction, P.O. Box 159, Burbank, OH 44214 $137,288.00
Kelcorp proposes to begin work on or before October 1, 1998 and to complete all work on or before December 10, 1998. They have included MBE participation of 8.38% with their bid. The bid they submitted was 4.99% above our estimate. They have also included a proposed subsituation, using an aluminum box culvert in place of the reinforced concrete box culvert that was specified, with a reduction their bid of $5,000.00. We do not wish to consider this alternate for this project. While the aluminum is a good product, the project was designed with our recommendation of a concrete box. Considering the lateness of the year, we feel strongly that the concrete box is the best choice.

Akil, Inc., 2525 W. Monroe Street, Sandusky, OH 44870 $195,337.00
Akil proposes to begin work on or before March 1, 1999 and to complete all work on or before May 15, 1999. They have included MBE participation of 7.17% with their bid. The bid that Akil submitted was 49.38% above our estimate.
Having reviewed both bids that were submitted, we recommend that this project be awarded to Kelcorp Construction Company for $137,288.00. This project is financed with $116,381.74 of OPWC funds and $20,906.26 in MVGT funds. Please take the necessary action to award this contract to Kelcorp Construction Company.
Thank you for your cooperation with this matter.
Sincerely yours, S/Kenneth P. Carney, Lorain County Engineer"

Said bid as the lowest and most responsive received complying with specifications and will be financed by $116,381.74 by OPWC funds and $20,906.26 in MVGT funds.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon Kenneth P. Carney, Lorain County Engineer by letter dated September 4, 1998 we hereby award contract to Kelcorp Construction Co., in the amount of $137,288.00 for the replacement of Mills Road Bridge #1514 in the cities of Avon and North Ridgeville.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All.

JOURNAL ENTRY

In the matter of authorizing the filing of an Ohio Juvenile)
Accountability Incentive Based Block Grant Program with)
The Ohio Criminal Justice Services which is a new federal) September 17, 1998
funded program in Ohio in amount of $113,459.00)

Commissioner Vasi commented the Domestic Relations Court for their assistance and support in filing this grant application. Commissioner Vasi stated that there have been several grants the County has been able to apply for and receive and she is grateful to the Judges and their staff for helping to obtain these grant funds.

Commissioner Vasi said she would move on this resolution but would also like to mention that these funds would be used to pay for the salaries of the Judges. Commissioner Blair commented that it might be better to leave this open-ended so if there are different areas where we can utilize this money, we should decide at that time.

Judge Glavas-Common Pleas Court was present and commented that the county pays the Judges $14,000.00 per Judge and the rest of the salary comes from the Supreme Court.

Commissioner Ross agreed that we should leave it open-ended at this time and make a decision at a later date for the use of these funds.

The following resolution was adopted:

B.16

RESOLUTION NO. 98-731

In the matter of authorizing the filing of an Ohio Juvenile)
Accountability Incentive Based Block Grant Program with)
The Ohio Criminal Justice Services which is a new federal) September 17, 1998
Funded program in Ohio in amount of $113,459.00)

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby authorize the filing of an Ohio Juvenile Accountability Incentive Based Block Grant Program with the Ohio Criminal Justice Services, which is a new federal funded program in Ohio in the amount of $113,459.00.

Lorain County Domestic Relations court lends its support to apply for these funds and would collaborate with other units of government to pool resources and thereby maximize impact.

Said Grant is considered a part hereof to this resolution by reference thereto and can be found on file in the Commissioners/Domestic Relations Court and legislation permits the use of funds for any of 12 purpose areas; hiring of Judges, establishment of drug courts; construction and renovation of detention facilities. 10% of total program costs would be in local cash match or 50% if funds are used for construction.

FURTHER BE IT RESOLVED, we hereby authorize the President to execute on behalf of the Board.

Motion by Vasi, seconded by Ross to adopt Resolution. Ayes: All.
Motion carried.

JOURNAL ENTRY

Mr. Flanagan requested on behalf of Assistant Prosecutor Innes, an executive session after the Commissioners have completed their regular business to discuss pending litigation.

D. OLD BUSINESS

RESOLUTION NO. 98-735

In the matter of authorizing a contingency fund of 5% of the total contracts ($16,798.00) be established for job changes to be approved by the County Administrator during the remodeling construction of the temporary court facilities) September 17, 1998

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby of authorize a contingency fund of 5% of the total Contracts ($16,798.00) be established for job changes to be approved by the County Administrator during the remodeling/construction of the temporary court facilities.

FURTHER BE IT RESOLVED, Clark & Post Architects have requested this approval to expedite the construction, due the very limited time available to complete this renovation.

Motion by Ross, seconded by Blair to adopt Resolution. Ayes: all.
Motion carried.

JOURNAL ENTRY

Commissioner Ross mentioned an item that is not listed on the agenda but should have been placed under old business, regarding the Mental Health contract.

The Clerk stated that she had received a telephone call from Amy Levin, Director, Board of Mental Health requesting this item be placed under Old Business on the agenda for September 24, 1998. No one from her office would be able to be present at today's meeting, but would be available on September 24, 1998.

JOURNAL ENTRY

Commissioner Vasi stated that at one time this Board had discussed getting an Appraisal of Midwest at the Lorain County Airport. She was inquiring if we had received an appraisal.

Commissioner Ross said he had been looking into this and had solicited proposals and hopefully this will arrive before next Thursday, and we can move on getting this appraisal completed.

JOURNAL ENTRY

The Clerk introduced Akida Sabaku, Executive Director of the Jeffrey D. Heard HIV/AIDS Counseling & Outreach Center, along with Mary Reed, Branch Liaison who will oversee the Branch opening in Lorain, Ohio on October 5, 1998.

Mr. Sabaku stated that their International Headquarters is based in Cleveland, Ohio. They are a full service organization HIV/AIDS counseling and outreach center where they provide case management, supportive services to anyone who is infected with HIV and the AIDS virus. We also provide one-on-one counseling, extensive food and clothing programs, will begin testing for HIV/AIDS by an oral method.

Mr. Sababu said that the Jeffrey D. Heard Center has been requested to come to this area by the Community Health Care Partners Hospital, the Lorain City and the Lorain County Board of Health Department because this community is not currently served as far as HIV/AIDS.

The Jeffrey D. Heard Center will open October 5, 1998 at 2835 Pearl Avenue, Lorain, Ohio. Mr. Sabaku distributed brochures describing the Center. Our center in Lorain will be open five (5) days per week, from 9:00 am to 5:00 pm, some of the pharmaceutical companies are working with them to open this facility.

Mr. Sabaku said he would be meeting with the Lorain County Task Force on September 22, 1998 at 7:00 pm at 1800 Livingston Avenue, Lorain, Ohio to discuss the center and HIV/AIDS issues.

He has met with several Ministers from South Africa and Zimbabwe who asked them to go to those areas and distributed medication. They have agreed to travel to those locations and open a center.

Mr. Sabaku thanked the Commissioners for their time on today's agenda and was available to answer any questions. With no questions, Commissioner Ross thanked Mr. Sabaku for his presentation.

E. NEW BUSINESS

#1. Commissioner Vasi distributed a copy of her notes she had compiled from the Workshop attended by her, Mr. Muntean, Judge Glavas (who was present at today's meeting) and Judge Lilly in Toronto, Canada regarding Justice Centers.

Commissioner Vasi wanted to point out one section of her notes, which she read, "to establish a user committee to examine the many issues that affect the planning process, included in this is the need to establish a User Committee to over see the project selection of Consultants and Architects, and the five phases of a facilities project: Planning, Design, Bidding, Construction and Occupancy."

Commissioner Vasi moved to establish this User Committee appointing the following members: Commissioners, Judges, Prosecutor, Clerk of Courts, County Administrator, Budget Director, Auditor and Sheriff.

Commissioner Vasi stated that she would also like to discuss the hiring of a construction firm and an architect. Mr. Muntean has prepared an RFP for "Construction Manager Firm" in a draft form for the Boards' review. Mr. Muntean said that the Commissioners would have to conduct an evaluation process once the RFP's are submitted. The Board would then choose three (3) and interview, rank and negotiate fees with the first choice.

If the negotiations do not lead to a satisfactory contract amount on the County's part, then we would drop back to No. 2 and negotiate that proposal. This will be a lengthy process to get to a final contract to be awarded.

Commissioner Vasi commented that she would like to see the Committee be a part of this process. Commissioner Ross asked Judge Glavas if there is a committee already organized by the Judges to discuss the Justice Center. Judge Glavas responded there was not an organized committee, but the Judges have met at their monthly meetings to discuss this issue.

Judge Glavas stated that time is of the essence for the construction with another Judge coming in 1999. Judge Glavas commented that the members of the Committee that Commissioner Vasi suggested overall encompasses a good group, but the Commissioners may want to consider appointing a citizen on the Committee.

Commissioner Ross said he appreciated Judge Glavas's input, and in the interest of moving this Justice Center forward he would support the formation of this committee and do this as expediently as possible and set the first meeting in the next week or so, then we can move forward in selecting the construction manager, get the bids out for the architect, choose the site and get these issues to the committee for discussion.

Commissioner Vasi said in this motion for approval, she suggested the Clerk schedule the meeting for this committee.

(Commissioner Vasi briefly discussed an item she found at the conference on plastic, stackable or inter-locking chairs and perhaps the Board could look into the purchase for the Hearing room)

Commissioner Vasi stated that this conference stressed public interest and space for the public for civic purposes and to educate the youth. Judge Glavas said one thing that was discussed was providing space for children's day care.

Commissioner Vasi said that they stressed the Justice Center space should be open, not intimidating, quiet areas. Maybe we could have a one floor for mediation/facilitation. The Judges could put on mock trials for education purposes.

Commissioner Ross acknowledged Bob Post from Clark & Post Architects, and was glad to see him at today's meeting to hear these comments and would like to have him give his input to this committee and be available to bring them up-to-date on the current space needs estimates etc . Mr. Post said he would like to do that.

With no further discussion at this time, the following resolution was adopted:

RESOLUTION NO. 98-736

In the mater of creating a "User Committee" to act in an) Advisory capacity to participate in the planning, design) and construction of the new Criminal Justice Center) September 17, 1998

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby create a "User Committee" to act in an Advisory capacity to participate in the planning, design, bidding, construction and occupancy of the new Criminal Justice Center effective September 17, 1998.

The committee members will consist of the following:

Commissioner Michael A. Ross	Commissioner E.C. Blair	Commissioner Mary Jo Vasi
Gregory White, County Prosecutor	Donald Rothgery, Clerk of Courts	Sheriff Martin Mahony
Mark Stewart, County Auditor	John Rokasy, Budget Director	Virgil J. Muntean, County Administrator
Common Please Court Judges:	Kosma Glavas	Edward Zaleski
	Lynett McGough	Thomas Janas
Domestic Relations Court Judges:	David Basinski	Paulette Lilly
Probate Court Judges:	Frank Horvath	

BE IT FURTHER RESOLVED, that the Commissioners Clerk is hereby requested to schedule the first User committee meeting within the next few weeks.

Motion by Vasi, seconded by Ross to adopt Resolution. Ayes: All.
Motion carried.

#2. Immediately following the Board Business, Commissioner will recess into executive session to discuss personnel/new hires.

#3. JOURNAL ENTRY

In the matter of appointing Commissioner Michael A. Ross) as a member to the Lorain County Investment Initiative) Oversight Committee) September 17, 1998

Clerk noted that this item was placed on the agenda for discussion purposes unless the Board was ready to take action. We received a letter a few days prior indicating their request for a Commissioner to sit on this committee because the meeting is scheduled for Tuesday, September 22, 1998.

Discussion was held and the following was adopted:

RESOLUTION NO. 98-737

In the matter of appointing Commissioner Michael A. Ross) as a member to the Lorain County Investment Initiative) Oversight Committee) September 17, 1998

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby appoint Commissioner Michael A. Ross as a member on the Lorain County Investment Initiative/Oversight Committee.

Said meeting will be held on Tuesday, September 22, 1998 at 10:00 am., at Grassroots Leadership development Program Office.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All.
Motion carried.

G. BOARD CORRESPONDENCE

Motion by Blair, seconded by Ross to waive the reading of the same for Board Correspondence. Ayes: All
Motion carried.

#1. #6. Grand Jury Report – Judge Glavas

JOURNAL ENTRY

Lola Robertson asked that with all this discussion of the new Justice Center, when was the meeting where the Commissioners voted to offer $1.16 million to St. Mary's for their property.

Mr. Muntean said that Real Estate negotiations are under the ORC is conducted in Executive Session and all real estate negotiations are of a confidential nature until the real estate sale in consummated.

Mrs. Robertson said she understands that portion of the ORC, but her question was if there was a vote taken, and Mrs. Blair has declined to sign the offer at what public meeting if it was decided that this offer would be made.

Commissioner Vasi commented that it was discussed in Executive Session and this is allowed because it gives an unfair advantage to others if you are going out for bids so you do not have to disclose the cost you are offering.

What happened after that, is the Purchase Agreement goes through the Board Business from one Commissioner to another and we can sign off on it or we do not.

Mr. Muntean stated that until we would have an agreement in principal from the Seller, at that point we would have a formal agreement, then we would have a resolution and it would be journalized in the Journal, but right now we are in the negotiating stages.

Mrs. Robertson responded that it is rather frightening that the newspapers get a hold of these figures.

Commissioner Vasi said that is, because it gives us an unfair advantage and it does create a problem.

Commissioner Ross stated that probably the Seller could always disclose the information once they receive it. This is called negotiating the media!

Mr. Jack Baird commented on this same subject, that he had not seen anything in the newspaper on the time frame this offer would be open and when did the Commissioners expect a response.

Commissioner Ross said he was prepared to discuss this.

Mr. Muntean responded that there was a time frame established in the contract, which was either 30 or 60 days that the offer was on the table.

Commissioner Vasi said that it might take longer because they take it to the Diocese and St. Mary's also wanted to obtain an appraisal.

Elizabeth Romig said she could understand that the offer to purchase and the price would be discussed in Executive Session, but would there have been a resolution to purchase this area. Would there have been a general resolution on the purchase of a parking are not from who or how much, just hat you were considering the purchase.

Commissioner Ross responded that just because they are purchasing property does not mean they are purchasing it for a particular purpose she had suggested.

Mr. Muntean said that this is the nature of the confidential real estate negotiation. If you pass a resolution it would be just a resolution that we are going to do something, the resolution needs to be specific and needs to name a parcel of property and price. So until you negotiate an agreement and both parities have accepted you do not have an agreement there is no resolution and nothing to journalize.

Mrs. Romig also asked for people not living in the area that would like to know what is going to be on the Commissioners Agenda, is there an E-mail address to obtain.

Commissioner Ross said we are currently working on this and we hope in the near future you will be able to obtain this information.

JOURNAL ENTRY

Commissioner Ross asked Fred Alspach how the meeting went with CSX representatives.

Mr. Alspach said we had a good contingency of State and Federal and local representatives at this meeting with CSX. In their acquisition of the Conrail and Willard line through Wellington they were ordered by the Surface Transportation Board to mitigate the concern of Wellington and the area. Mr. Alpsach submitted to the Clerk the unofficial minutes from the meeting to all participants. This is a good beginning but will be along drawn out process and is an up-hill battle. Our primary concern is that within in the municipal limits of Wellington because of the excess of 400% increase in train traffic, from a safety stand point, we do get CSX on board with a grade separation, namely under the rail at some point where design is best for them. We see that as an on going process over the next several years. Representative Taylor and Bender have been very helpful and in terms of financing in the future. Congressman Gillmore's office has also will be helpful in the future.

Mr. Alspach stated that on the County level, thete will be on going meetings and we will certainly advise the Commissioners of those meetings. If participation is brought to the meeting on a countywide level we can bring our concerns of safety, and the goal is a grade separation. How we get there will be the long-term process. We appreciate the Commissioners concern and will keep you updated.

Commissioner Ross said that he wants to go on record as saying that this one project he has no problem in co-signing. We all recognize there is a safety issue here. Mary Beth Derikito has been ringing this bell for quite a while on this because of the increased rail traffic. We have to be alarmed about this and as you know we had passed a resolution early on supporting the efforts in helping the process a Wellington issue.

Commissioner Ross stated that whatever the Commissioners can do to help entertain any efforts we can for the safety issue and make it our primary concern.

JOURNAL ENTRY

Commissioner Ross moved, seconded by Commissioner Vasi to recess into executive session to discus pending litigation and personnel/new hires. Upon roll call the vote taken thereon, resulted as; Ayes: All.

Motion carried.

Commissioner reconvened from Executive Session and the following resolution was adopted:

Meeting #38 September 24, 1998

The Board of Commissioners of Lorain County, Ohio met this day in a regular meeting in the J. Grant Keys Administration Building, 226 Middle Avenue, Elyria, Ohio, with the following members present:, Commissioner Michael A. Ross, President, Commissioner Betty Blair Vice-president, Commissioner Mary Jo Vasi and Roxann Blair, Clerk.

The following business was transacted:

A. JOURNAL ENTRY

Jack Kilroy, Executive Director of the Grassroots Leadership Development Program was present and thanked the Commissioners for their time today.

Mr. Kilroy said he has forwarded a proposal to the Commissioners regarding the development of a public/private/non-profit partnership to develop a system to promote community based development within Lorain County which would include both the capacity building for community based organizations to be effective participants in this activity as well as to gather funds necessary within and outside of the County such as low income housing tax credits. Also to obtain funding that Lorain County is currently not taking advantage of. These funds would allow community development corporations get proper training and support needed to carry out development activities, and it would be a system to create affordable housing and jobs for a long time to come and have the ability to rebuild the urban corps!

Mr. Kilroy said they have engaged the Development Training Institute from Baltimore, Maryland which is known as the "Premier Training Organization" for community based development in the country. Locally some of the members on this community are Congressman Sherrod Brown, Dr. Roy Church from LCCC, Teresa McCoy from the Public Services Institute, Executive Directors of the Nord Family Foundation/Community Foundation and several other leaders of the community.

Mr. Kilroy asked the Commissioners for them personally or through an appointed representative to participate in the Planning meeting to be held October 6, 1998 to be held at the Spitzer Conferencing Center.

Commissioner Ross thanked Mr. Kilroy for his presentation and making this Board aware of this meeting and is planning on attending this session. The session is being held on Thursday, the same day as the Commissioners Board meeting, but he will attend after our meeting is finished.

With no further comments, the Commissioners thanked Mr. Kilroy for this presentation.

Commissioner Vasi stated she would like at this time to pull the item as listed for Solid Waste on the Mullins tire clean up. There seems to be some confusion on this item. Commissioner Vasi said when Attorney John Keressi was present several months ago to address this clean-up he kept telling the board we would be cleaning this site up for $32,000.00 and the invoice came in at $38,000.00 I believe the requisitions was also for $32,000.00 and she would like to get this straightened out because thee is a difference of $6,000.00.

Mr. Flanagan, Assistant County Prosecutor stated that when Mr. Keressi was present to request this fund for the clean-up he did indicate this was an "estimate" based on how many tires were on the site, but he did state that the $32,000.00 estimate could be less or more. They cleaned up the tires and found more tires than they had anticipated so this cost an additional $6,000.00 for this clean up.

Commissioner Vasi commented that our Resolution would need to be amended to reflect the total cost. She said she would abstain from voting on this issue, but would like to see the Resolution reflect the actual cost.

Mr. Flanagan responded that the prior Resolution could be amended to reflect this amount.

Sally Pecora, Acting Director, LCSWMD stated that originally it was quoted as a clean up and assumed there wee 25,000 tires that would cost $38,000.00. Since they were here in Lorain County because we had our tire clean up, they would do it for a reduced amount at $32,000.00 if it could be done Friday, June 5, 1998. There was some controversy among the Commissioners at that time, and they were told to hold up on this clean up so they did not cleanup the tires until the following month, when they were given approval to do so. They still held tight to their original bid of $1.22/ton, but there ended up being 32,000 tires instead of 25,000 so the entire project has ended up costing more money even though they are doing it at the amount originally quoted.

Mrs. Pecora stated that the requisition was approved in the amount of $38,000.00, which they submitted at the higher amount because they were afraid it would not be approved in time.

Discussion followed and this item was placed on hold for further clarification.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All with the Exception of "Vasi to Lorain County General Health District tire collection in amount of $38,000.00

Motion carried.

JOURNAL ENTRY

In the matter of authorizing Frank Stuller who resides at)
6430 Linda Drive, Amherst Township to tie into sanitary) September 24, 1998
sewer service form the Oberlin Road Airport Sewer System)

Fred Nelson from the County Sanitary Engineer's Office was not present to address this issue. Gail Shinsky addressed the Commissioners pertaining to this sewer tie-in. She stated that she has been working on this for the past three months to get this resolved, and she had two questions:

1. What kind of an agreement has been prepared with the Commissioners
2. The City of Lorain is requesting them to make the two permanent parcels into one and she has contacted the County Tax Map Dept, who advised her they no longer combine them into one, she would have to do a deed restriction. She has no problem with doing either request, but if at a later date they would construct a sewer on Linda Drive, Mr. Stuller has agreed he would disconnect off the Oberlin sewer line, and connect into that one, at that point he should be free then to separate those two parcels into two separate lots again if he would like to sell the other lot at a later date. She wanted to make sure that was agreeable with everyone.

Commissioner Vasi asked Mr. Flanagan if he felt we might have problems with the City of Lorain. Mr. Flanagan responded that this is the first he has heard of this project and his office would have to review the contract.

Commissioner Blair stated that it would have been advantageous if some one would have been at todays meeting that has been working on this project to answer your questions, but no one is here today. She would ask the Board to hold this today until we have an opportunity to get answers to your questions.

Mrs. Shinsky said that the reason Mr. Stuller wanted to do this was, the septic system needs to be totally repaired, but the County Health Department said they can no longer hook up into the ditch along Linda Drive that we have to go across this lot to go into the storm sewer on Oberlin Road. We would have to trench all the way along this lot and the sewer line is right there, why not let us tap into the sewer.

Commissioner Vasi requested the Clerk forward this information to the County Prosecutor's Office for their review and place this item on hold.

Mrs. Shinsky thanked the Commissioners for their input.

COUNTY ADMINISTRATOR

Mr. Muntean had no issues for this day.

D. ASSISTANT COUNTY PROSECUTOR

Mr. Flanagan requested an executive session on behalf of Jerry Innes, regarding the possible purchase of real estate as soon as the commisisoners have completed the board business.

JOURNAL ENTRY

Mr. Flanagan stated that at the Commissioners meeting of July 16, 1998 a resolution was placed on the agenda to authorize payment to a Construction, Co., to place construction sealer on paved berms after installation of the 1998 paved berm project which was awarded to Kokosing as the lowest bid received, by Resolution No. 98-362. Commissioners were concerned that if a change order was approved, it may violate the bidding process or impeded the fairness to all bidders.

Mr. Flanagan advised that after looking into this project and reviewing this matter, this change order will not benefit the low bidder and the bidding process was fair to all bidders. This change order would have gone to any low bidder. In the future the County Engineer will include this specific item in the original bid specifications. This was not done in this particular instance because the engineer was not sure he wanted to add this to these projects after the specifications had been distributed. The Commissioners can at this time approve this Change Order to Kokosing Construction Co.,

The following resolution was adopted:

RESOLUTION NO. 98-752

In the matter of approving Change Order No. 1 in the amount) of $11,424.00 to Kokosing Construction Co, to place a) September 24, 1998 construction sealer on the paved berms)

WHEREAS, by Resolution No. 98-362, the Lorain County Board of Commissioners awarded the 1998 paved berm project to Kokosing Construction Co, in the amount of $216,129.50. This project is being funded by 89% OPWC funds and 11% local funds. The original estimate for the project was $236,117.00. The Lorain County Engineer has obtained a quotation from Kokosing Construction Co., to place a construction sealer on the paved berms after installation. This material is used to extend the life of the asphalt concrete. The price quotation is $0.70/S.Y. for a total of $11,424.00; and

WHEREAS, the Board of Commissioners requested Assistant County Prosecutor M. Robert Flanagan to review this information and determine if approving a change order for the construction sealer which was not part of the bid specifications, would not benefit the low bidder and that the bidding process was fair to all bidders.

WHEREAS, Mr. Flanagan reported to this Board that after his review of the bid documents and bidding process, the Commissioners could approve a Change Order to the original contract (as awarded by Resolution No. 98-362) to Kokosing Construction Company as it would not benefit the low bidder and that the bidding process was fair to all bidders.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that based upon recommendation of the Lorain County Assistant Prosecutor, M. Robert Flanagan, we do hereby approve Change Order No. 1 in the amount of $11,424.00 to Kokosing Construction Co., for the placement of a construction sealer on paved berms after installation.

Motion by Vasi, seconded by Blair to adopt Resolution. Ayes: All.
Motion carried.

D. OLD BUSINESS

In the matter of approving and entering into an Open End) Mortgage Note and Contract between the Board of) Commissioners and the State of Ohio/Department of Mental) September 24, 1998 Health for the construction of a Mental Health Facility) On Infirmary Road, Elyria, Ohio)

Mrs. Amy Levin, Director, Mental Health Board requested this item be placed on hold with no action to be taken at this time and a letter of explanation would follow.

Mr. Muntean commented that the Board of Mental Health would be sending a letter to the Commissioners to re-advertise for bids because they were not satisfied with the bids as received. Bids were quite a bid higher than the estimate and there may be some deletions of the building plans in the project.

JOURNAL ENTRY

Commissioner Ross stated that in last weeks Board there was discussion on locating a firm to engage in the evaluation and appraisal of the base operators at the County Airport. Commissioner Ross requested the Commissioners consider authorizing the firm of Dingus and Daga, CPA, to engage in this evaluation so this Board can consider the purchase of that operation.

Commissioner Vasi asked if there is a cost included in their proposal. Commissioner Ross responded there is no cost in the information that was provided. It was noted they would bill the County on an hourly basis. This firm has considerable experience in transportation systems including regional airports.

Commissioner Blair asked if their hourly rate was included in the proposal. Commissioner Ross said he did not think it was included. Commissioner Blair asked if we could hold approval at this time. Commissioner Ross said that would be fine, in the mean time he will try and contact this firm to get additional information on their fees.

E. NEW BUSINESS

#1. Immediately upon completion of the Board Business, Commissioners will recess into Executive Session to discuss Contract negotiations and personnel issues/new hires.

#2. Commissioners will conduct a Special Meeting on Tuesday, September 29, 1998 at 9:30 am and recess into Executive Session to discuss personnel/new hires.

#3. Commissioner Vasi commented that she has been concerned about the numerous accidents at the corner of SR 58 and Russia Road. She has written to the Ohio Department of Transportation and requested they perform a traffic study. A letter has been received from ODOT stating they have completed the traffic study and this area does warrant a traffic signal, so eventually we will have a signal installed. ODOT's letter dated September 14, 1998 indicates this work should be completed during the year 2000. (Copies of this letter were distributed to interest parties) Commissioner Vasi said if anyone has any ideas as how we could speed up the installation because it is desperately needed in that area, to please let her know.

#4. Commissioner Vasi commended on the County Government booklet prepared by her Administrative Assistant, Sarah Steele, who resigned on September 18, 1998, that she did an excellent job putting this together. Commissioner Vasi felt this booklet is valuable to the public as it lists Government agencies along with their telephone numbers and she encouraged anyone from the public to please take a copy with them.

G. BOARD CORRESPONDENCE

Motion by Blair, seconded by Ross to waive the reading of the same for Board Correspondence. Ayes: All
Motion carried.

#1. Copy of letter from the Ohio Dept. of Rehabilitation and Correction to Sheriff Mahony stating the Walk-through of the Lorain County Correctional Facility addition/alterations project has been performed and has extended its approval for the jail to become operation.

#2. Report of Grand Jury – Judge Glavas

#3. NOACA Project Notification & Response Forms

#4. Information from the Federal Reserve system, regarding approval of the proposed merge of Bank One Corporation of Columbus with First Chicago NBD Corporation.

#5. Publications: "Tax Data Series"

RESOLUTION NO. 98-764

In the matter of awarding contract to Cross Roads Asphalt) Recycling in the amount of $143,896.50 to crack seal) various roads within Lorain County) October 1, 1998

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated September 17, 1998 submitted the following:
"Bids were received on August 10th to crack seal various roads. The tabulation as follows:
1. Cross Roads Asphalt Recycling, 13421 Hawke Road, Columbia Station, OH 44028 $143,896.50
They proposed to begin work by September 8th and complete work by October 9th.
Due to the lateness of the construction season, we contacted Cross Roads to see if they would construct this project next year. They agreed to hold their price until next year.
We recommended this contract be awarded to Cross Roads Asphalt Recycling in the amount of $143,896.50 with the understanding that this project will be constructed next year.
Thank you for your cooperation in this matter.
Sincerely yours, S/Kenneth P. Carney, Lorain County Engineer"

Said bid was the only one received complying with specifications.

NOW, THEREFORE BE IT RESOLVED, by Lorain County Board of Commissioners that based upon the review and recommendation of Kenneth P. Carney, Lorain County Engineer by letter dated September 17, 1998 we hereby award contact to Cross Roads Asphalt Recycling in the amount of $143,896.50 to crack seal various roads within Lorain County.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All.
Motion carried.

October 1, 1998

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby approve and enter into Lease Agreement between the Board of Commissioners (Lessor) and the Lorain County Transit (Lessee) to lease property known as, Corner of Hadaway Street & Oberlin Road, Carlisle Township for the operation of a park-n-ride lot.

Said construction is being paid with ODOT grant funds and lease is for ten (10) years, unless terminated sooner as provided under this lease agreement as follows:

LEASE

This lease agreement is entered into on this 1st day of October, 1998, at Elyria, Ohio by and between Lorain County Transit, hereinafter called "Lessee" and the Board of Commissioners of Lorain County, Ohio, hereinafter called "Lessor".

RECITALS

NOW THEREFORE, In consideration of the mutual promises herein contained, the parties hereto agree and covenant as follows:

ARTICLE I:

1.1 Description of premises

Lessor hereby does remise and let unto Lessee, and Lessees does take, a parcel of property, hereafter called the leased premises, situated in the Carlisle township, S, County of Lorain and known as Corner of Oberlin & Hadaway Streets, and more fully described in Exhibit A attached hereto and made a part hereof.

1.2 Use of premises

The leased premises shall be used exclusively for the operation of a park-n-ride lot, however Lessee shall be permitted to allow private advertisement on the location and obtain a fee for such advertisement.

1.3 Preparation of the premises

Lessor shall demolish two buildings presently located on the premises. Lessee shall reimburse Lessor for the cost of the demolition. Lessor shall submit invoices to Lessee as the demolition proceeds. Lessee will pay said invoices within thirty days.

Lessor shall construct the park-n-ride lot. Lessee shall reimburse Lessor for the cost of constructing said lot. Lessor shall submit invoices to Lessee as the construction process. Lessee will pay said invoices within thirty days.

All demolition and construction performed by Lessor shall comply with the rules and regulations set forth in FTA Circular 9030.1B, attached hereto as Exhibit B, and made a part hereof.

Article II:

Term

Lessee shall have and hold the leased premises for a term of 10 years commencing October 1, 1998 and terminating on September 30, 2008, unless terminated sooner as provided herein under this lease. Said term may be renewed upon mutual written agreement of the parties.

Article III:

Rental

Lessee agrees to pay to Lessor as rent for the leased premises the sum of $1.00 per year due on or before the 1st day of each year.

Article IV:

Utilities

Lessee shall be solely responsible for all utilities expenses at the leased premises, including electric, gas, water, sewage and phone incurred as the result of LCT's use.

E. OLD BUSINESS

#1. Commissioner Vasi moved to advertise for a Construction Manager for the Justice Center. Seconded by Ross. Commissioner Blair asked for discussion.

Commissioner Blair requested the board hold this item until after the meeting with the User committee on Monday, October 6, 1998. Commissioner Blair thought this was one of the areas the committee would be working with us. Commissioner Ross wanted to clarify Commissioner Vasi's motion in that it was only intended to allow this process of the advertise to take place. Commissioner Ross stated that we will need a Construction Manger on the project and perhaps after we get this advertise, we can meet with the committee who can assist in selecting the Construction Manger and we can move along together in getting this accomplished.
Mr. Muntean asked if the draft of the Construction Mangers responsibilities satisfactory to all the Board members.
Commissioner Vasi stated she was satisfied wand felt we should move forward.
The following resolution was adopted:

RESOLUTION NO. 98-779a

In the matter of Instructing the Clerk to Advertise for) Proposals for a Construction Manager for the Lorain) October 1, 1998
County Justice Center Project)

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby Instruct the Clerk to Advertise for Proposals for a Construction Manager for the Lorain County Justice Center Project.

Said Notice will be published in the Chronicle Telegram and Morning Journal on October 26 and November 2, 1998 as follows:

The Lorain County Board of Commissioners is seeking proposals from qualified interested parties to serve as a construction manager for the design and construction of a new approximately 120,000 square foot criminal justice /office building, which will house offices for the Lorain County Court of Common Pleas, Lorain County Prosecutor and Lorain County Clerk of Courts, and other County offices. In addition, there is a possibility that the building will also house the City of Elyria Municipal Court.

Proposals will be received until 2:00 p.m., Monday, November 30, 1998 for a construction manager to consult with, advise, and make recommendations to the Lorain County Board of Commissioners or its designee, and the architect on all aspects of project planning of the Lorain County Justice Center. The selected construction management firm will participate in the design phase, bid phase, construction phase, design/construction timetable and selection procedure.

If you wish to be considered as the construction manager for this project, please complete and return the request for proposal, and any other information required, no later than 2:00 p.m. on Monday, November, 30, 1998. Interested construction management firms will be ranked on past experience and their proposal. Applicants with apparent capability for handling this project will be reviewed by a selection board, a "short-list" compiled, and from these construction management firms the final selection will be made after a personal interview.

PROJECT DESCRIPTION

A 120,000 square foot (approximate) criminal justice/office building, which will house offices for the Lorain County Court of Common Pleas, Lorain County Prosecutor and Lorain County Clerk of Courts, and other County offices. In addition, there is a possibility that the building will also house the City of Elyria Municipal Court.

The Request for Proposal can be obtained at the office of the Lorain County Board of Commissioners; Purchasing Department; Lorain County Administration Building, Fourth Floor; 226 Middle Avenue, Elyria, Ohio, 44035 between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday.

Each proposal must be submitted in a sealed envelope addressed to Mr. Virgil J. Muntean, Lorain County Administrator, 226 Middle Avenue, Elyria, Ohio 44035. Each sealed envelope containing a proposal must be plainly marked on the outside as "Construction Management Services for the Lorain County Justice Center", and the envelope should bear on the outside the name of the proposer, address and telephone number. If forwarded by mail, the sealed envelope containing the proposal must be enclosed in another envelope address to the Lorain County Commissioners, 226 Middle Avenue, Elyria, Ohio 44035, Attention: Mr. Virgil J. Muntean, Lorain County Administrator. Envelope should be marked as "Construction Manager - Lorain County Justice Center". No proposal may be withdrawn after the above scheduled time for the receipt.

The Board of Commissioners reserves the right to reject any and all proposals and to waive any informalities or irregularities if it is deemed in the best interest of Lorain County to do so.

Motion by Vasi, seconded by Ross to adopt this Resolution. Ayes: All with exception of "Blair-nay"
Motion carried.

JOURNAL ENTRY

Fred Nelson from the Lorain County Sanitary Engineer's Office was present to address this issue. Mr. Nelson explained the reason for this tie-in request in the sub lot on Linda Drive is occupied by a home with an on-site system that has failed. The County health Dept. has ordered the to build a new on-site system. After they began looking into this new system, the found they owned a lot in the same subdivision fronting Oberlin Road which has a sanitary sewer and requested they be allowed to go through his other sub lot on Oberlin Road to tie into this sanitary sewer. The sewer on Oberlin Road is not designed for service on Linda Drive, which has no sewer. The Lorain County Sanitary Engineer' Office had rejects this proposal. The property owner then contacted the City of Lorain who had not objection to this tie-in if they would do two things; combine the two sub lots in the subdivision into one parcel number; and sign an agreement with the Board of Commissioners. By doing this they forfeit the right for sublot 24 on Oberlin Road to tie into the sewer by using that tee for the home on Linda Drive. The County Sanitary Engineer' Office approved this condition if the City of Lorain would agree, however, the owner must sign an agreement that in the future, if there is a sewer constructed in Linda Drive, they would pay their portion of an assessment of that street. If that would happen, the agreement would be null and void and they would be able to use the Oberlin Road sewer for sublot 24 again.

Discussion continued and the following resolution was adopted:

RESOLUTION NO. 98-780

In the matter of authorizing Mr. Frank Stuller who resides at) 6340 Linda Drive, Amherst Township to tie into sanitary) October 1, 1998
sewer service from the Oberlin Road Airport Sewer System)

WHEREAS, Fred Nelson, Lorain County Sanitary Engineer's Department by letter dated August 25, 1998 submitted the following:

"Enclosed are copies of letters from the Lorain County Health Department and the City of Lorain Engineering Department regarding a request from Mr. Frank Stuller of 6430 Linda Drive, Amherst Township for sanitary sewer service from the Oberlin Road Airport sewer system.

Mr. Stuller owns both sub lots 24 and 22; with sub lot 22 fronting along Oberlin Road and sub lot 24 located on Linda Drive and being occupied by a dwelling with an address of 6430 Linda Drive, Lorain, Ohio (map enclosed).

The City of Lorain has no objections to the proposed sanitary sewer tie-in providing that the tie-in be considered temporary; that the owner combine the two sub lots into one permanent parcel number; and the owner executes an agreement with the Lorain County Board of Commissioners regarding future sanitary sewer construction in Linda Drive.

Enclosed also is a copy of a proposed agreement between the Board and Mr. Stuller. If the board has no objections to this proposal would you please pass a resolution approving the same.

If you have any questions on this proposal please call our office.

Sincerely, S/Fred Nelson, Lorain County Sanitary Engineer's Department"

BE IT RESOLVED, Mr. Stuller will combine the two sub lots into one permanent parcel number and will execute the following agreement which can be found on file in the Commissioners/Sanitary Engineer's Department regarding future sanitary sewer construction on Linda Drive as follows:

Resolution No 98-780 cont. October 1, 1998

This agreement is made by and between the Board of Lorain County Commissioners, 226 Middle Avenue, 4th floor County Administration Building, Elyria, Ohio and Frank J. Stuller with a mailing address of 6430 Linda Drive, Lorain, Ohio 44053.

I, Frank I Stuller, owner of sub lots no. 22 and 24 of the Bechtel Subdivision No. 1 located in Amherst Township and recorded in Lorain County Plat volume 18, page 29, of the Lorain County Plat Records, my heirs and assignees, do hereby agree to pay our proportionate share of the costs of a future sanitary sewer improvement designed to serve Linda Drive located in Amherst Township and the aforementioned sub lot no. 24 in the Bechtel Subdivision No. 1.

I, Frank I Stuller, my heirs and assignees further agree to raise no objection to or against a future sanitary sewer improvement designed to serve Linda Drive, in Bechtel Subdivision No. 1, Amherst Township.

It is further agreed that Frank J. Stuller will pay all necessary permit and sanitary sewer tie-in for a sanitary sewer connection to the Oberlin Road Airport Sewer system; along with combining sub lot 22 and sub lot 24 into a single permanent parcel number.

For consideration of this agreement, the Lorain County Board of Commissioners hereby grants sanitary sewer service to sub lot 24 of the Bechtel Subdivision No. 1. Said sanitary sewer service to be received from an existing sanitary sewer in and along the easterly right-of-way of Oberlin Road.

JOURNAL ENTRY

In the matter of amending Resolution No. 98-471A, adopted)
June 18, 1998 for funds from the Lorain County Solid Waste) October 1, 1998
District in the amount of $32,000.00 to the Lorain County)
Board of Health, to assist in a tire clean-up)

Mrs. Marilyn Pileski was present from Solid Waste Office and stated the resolution adopted previously was for $32,000.00 and at that time, Ohio Central Contractors were in Lorain County performing a tire clean-up. They presented us with an estimate of $32,000.00 when they were here. The tire clean-up was not approved at that time, and Ohio Central Contractors left town and when they came back the amount went up to $38,000.00. Then there were actually more tires then estimated so this is the reason for the invoice at the amount of $2,581.00 additional.

Commissioner Vasi commented that she knows they did not leave town, because she was in North Eaton and has a video tape they were still in town a week later. Commissioner Vasi stated that this amount was "capped" at $32,000.00 when we originally started with this amount estimated by the owner. John S. Keressi stated that this was the cap when Commissioner Ross asked if there was a ceiling.
Commissioner Blair said that at the last meeting there was a per ton charge, and the charge per ton did not change, so the difference amount is because of the number of tires that were removed.

Commissioner Vasi asked if there were weigh slips that come from the property. Mrs. Pileski responded yes. Commissioner Vasi said how do we know for a fact that those weight slips are the tires that were picked up off that property, we do not. Commissioner Ross asked if we had someone there to monitor the project. Mrs. Pileski said she thought that was provided in the documentation from the Health District that they would have someone there to count the tires. Commissioner Ross stated that there is no way to accurately count the tires, and no way to accurately estimate the tires.

Discussion continued.

Commissioner Ross requested Mrs. Pileski talk with Mr. Rokasy and review the documentation and also to speak with a representative from Ohio Central Contractors and the County Board of Health and resolve this before next week.

This item was placed on hold for further review.

JOURNAL ENTRY October 1, 1998

Commissioner Vasi said she had information she wanted to share as a point of interest. She has talked with Father Weigand from St. Mary's Church this morning, and the Board should be expecting a letter from the Diocese's Attorney. Contrary from what the newspapers are saying, it is not going to take as long as they are saying to make a decision. This letter will consist of their cost estimates of the property and what their intentions are.

F. NEW BUSINESS

#1. Commissioner Vasi discussed a central location in the Administration Building for office supplies/janitorial supplies. She would like to see the board move along with this project because it may save us some money. We may have to hire someone to run this department, but the amount we may save would probably pay for this employee. We could purchase in volume and have better control.

Commissioner Ross suggested we refer this to the purchasing department and get some feedback from them on how this relates to the supplies and perhaps where the elected officials are and get better data and see if we are experiencing any problems. Commissioner Vasi said she has discussed this with John Rokasy and asked him to provide some figures for us on how much the county is spending on office supplies.

Commissioner Vasi said she wants to authorize Mr. Muntean to review and move forward on this. We may have a location in the lower level for a store room, etc.

Mr. Muntean stated he will contact the Purchasing Director and Budget Director to see what the costs have been annually in purchasing supplies and determine what the wages and benefits would be if we needed to hire a person as a "store keeper" to monitor and distribute these supplies and compare to see fi there would be a cost savings.

Commissioner Blair stated that the Purchasing Director has been working with an office supply company that would provide "next day service" for office supplies. We may not need a place to store supplies if we can enter into some kind of purchasing arrangement.

Discussion continued.

Mr. Muntean was instructed to follow through, review and report back to this Board his findings.

#2. A special meeting will be held on Tuesday, October 6,1998 at 8:30 am in the Public Hearing Room of the "User committee" to discuss the future Justice Center Project.

Commissioner Blair asked the Board to consider at this time, adding a member to the User Committee representing the City of Elyria.

Commissioner Blair suggested the Mayor and/or his designee and moved to authorize this appointment.

Commissioner Ross stated that this Board has discussed adding a member from the City of Elyria, and he supported this motion.

Commissioner Vasi asked if this means by adding a member form the City of Elyria it includes them in the project. Commissioner Ross and Blair both stated no, this is only to invite a representative from the City to attend the meetings.

Discussion continued and the following resolution was adopted:

RESOLUTION NO. 98-781

In the matter of appointing the Mayor and/or the Designee) from the City of Elyria to be a member on the User) October 1, 1998
Committee for the Justice Center Project)

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby appoint the Mayor and/or Designee from the City of Elyria to be a member on the User Committee for the Justice Center Project.

Motion by Blair, seconded by Ross to adopt Resolution. Ayes: all.
Motion carried.

G. BOARD CORRESPONDENCE

Motion by Blair, seconded by Ross to waive the reading of the same for Board Correspondence. Ayes: All
Motion carried.

#1. Permit granted by the County Engineer to GTE North, Inc., to bore Betts Road 940' west of Baird Road in Camden Township; and to Jackmas Plumbing and Heating to open cut a part of Elyria Avenue in Sheffield Township.

#7. Memo from the Ohio Department of Natural regarding the third cycle of the Ohio Coastal Management Program Assistance Grants (CMAG) Program.

JOURNAL ENTRY

Elizabeth Romig stated she picked up the new Lorain County Brochure last week at the meeting and asked if additional copies were available and how can other people receive a copy, do the Commissioners mail these out. Commissioner Vasi said years ago she started this and here Sectary has been keeping the brochure updated. There is also a small directory of all the county departments with their telephone numbers and a brief description of each department.

Commissioner Vasi said she uses these brochures when she goes to the local schools and different places such as senior organizations and businesses. If we want to provide copies to more individuals that would be a great idea. It is tax dollars and it should be used and given to the tax payers, but this would be up to this Board. Mrs. Romig also stated that the League of Women Voters has also distributed a county government publication, but that was in 1984.

Josephine Rhodes said she is a tour guide for the Commissioners Office, taking school students through the Admin Bldg. and she hands these brochures out and are very helpful, and the students take them back to their schools and use them for information. Mrs. Rhodes said she was very happy to have these to use as a tool.

Commissioner Ross stated that the Lorain County Visitors Bureau also has a countywide publication as well. Lake County as well as other Counties also provide brochures and this Board will look into an official publication that would be made available to the public and keep it updated.

JOURNAL ENTRY

Robert Post, from Clark & Post Architects was present and updated the Commissioners on the temporary Court facilities project. They were able to get started two weeks ago through the cooperation of Bobel's in getting a jump start on the project. All the demolition is completed, front steps have been replaced, the back door has been installed

Mr. Post stated he does not feel there will be any problems and it looks like they will be in good shape to be finished by January 1, 1999.

The Commissioners thanked Mr. Post for the update.

JOURNAL ENTRY

Mary Ann Jamison, Lorain County Recorder said that with the interest rates have come down bringing in tremendous amount of work to their department. The Board of Commissioners is welcome to come down and visit her office and see what they are accomplishing.

JOURNAL ENTRY

George Belinsky, Lorain County Dog Warden said he had forwarded a requisition to see if the Board would approve his request to go to local schools and distribute literature and coloring books in trying to educate children about the care of dogs etc. Mr. Belinsky stated that they have had numerous bites this year involving children.

Commissioner Vasi asked Mr. Belinsky if he had input with this brochure. Mr. Belinsky said he had very little, but he will make sure the Commissioners names will be added to the brochure. Commissioner Vasi asked for several of the coloring books to hand out to the kids in school. Commissioner Vasi felt this was a very good idea to educate children.

Commissioner Vasi asked where we are with the construction of the new Dog Pound. Mr. Muntean commented that we are very close to going out for bid. Commissioner Vasi asked if we would be able to construct this late in the year due to bad weather. Mr. Muntean replied yes.

JOURNAL ENTRY

Commissioner Ross moved, seconded by Commissioner Blair to recess into executive session to discus pending litigation and personnel/new hires. Upon roll call the vote taken thereon, resulted as; Ayes: All.

Motion carried.

Commissioner reconvened from Executive Session and the following resolution was adopted:

JOURNAL ENTRY

Commissioner reconvened meeting on Friday, October 2, 1998 at 4:00 p.m.

Nancy Bryant, Telecommunications Supervisor warned the Board of Commissioners on Monday, September 28,1 998 that the Counties telephone system was on the verge of collapse and that a back up stand by system is needed on a temporary basis. This standby system will allow the county maintains its current telephone services while going through the bidding process for a new state of the art telephone system. It will take approximately 10 months before a new telephone system can be installed. On September 29 the County's telephone system collapsed leaving the Sheriff's Department, Criminal Justice System, 9-1-1 facilities, Emergency Management Agency and the County Engineer as well as all other Departments without any form of telecommunications. The telephone system was out of service for approximately six (6) hours. When the system was brought back on line a warning was issued that there would be no guaranty on how long the system will stay operating. Mrs. Bryant reminded the Board of the urgency of the situation.

Therefore, the Board of Commissioners hereby declares an emergency and enter into a lease agreement with MAC Source, Inc., of Syracuse New York for a minimum of twelve (12) months oat $4,165.00 per month. MAC Source has indicated that they will immediately start working on the installation of the stand by telephone system.

Three quotes were received and are listed as follows:

TNT Communications	-	Total cost for 12 months plus expenses	$64,620.00
Laketec Communications	-	total cost for 12 months plus installation	$87,228.00
MAC Source	-		$49,980.00

MacSource was the lowest quote received.

Discussion continued and the following resolution was adopted:

"USER COMMITTEE" MEETING
for the proposed Lorain County Justice Center Project
Tuesday, October 6, 1998 at 9:30 a.m.
Commissioners Public Hearing Room
County Administration Building

Commissioner Betty Blair, Vice-President, opened the meeting in the absence of Commissioner Ross (arrived later). Persons present: Commissioner Mary Jo Vasi; County Administrator Virgil J. Muntean; Budget Director John Rokasy; Honorable Judges: Kosma Glavas, Lynett McGough, Paulette Lilly; Prosecutor Gregory A. White; Clerk of Courts Donald Rothgery and Sally Pack; County Auditor Mark Stewart; Sheriff Martin Mahony; Mayor Michael Keys and Tim Coey, Service Director-City of Elyria; Architect Bob Post and Dan Weaver from Clark & Post Architects

Commissioner Blair commented there is no formal agenda, but the Clerk put a few ideas together for the committee's discussion such as: 1) Discussion of Architectural Firm 2) RFP for Construction Manager 3) Choose the site for the Justice Center 4) Further Business and 5) Adjournment.

Commissioner Blair mentioned that on Thursday, October 1,1998 the Board of Commissioners authorized the Administrator to send out RFP's for a Construction Manager. Mr. Muntean distributed copies of the RFP and the advertisement for the newspaper, which shows the procedure for the selection process.

Judge McGough asked why use a construction manager to help design the building, could we look at the architectural firm as the construction manager. Mr. Muntean responded that the construction manager would be involved in the design along with the architect, they both work together jointly with input from the construction manager.

Judge Glavas stated that since the space needs and requirements of the Court have already been determined, what more can a construction manager add. He added that it would be OK to hire a construction manager to push the project along and get the responsible parties to get things done, but as far as the site is concerned, unless he is another architect, what would be the purpose.

Mr. Muntean responded that it could be an architect. Judge McGough said that their concern is that any changes in the building once it is under construction requires the architect's signature. Architects generally provide field supervision and she felt hiring a construction manager was redundant.

Mr. Muntean replied that the Board has chosen to select a construction manager. Judge Glavas said he would go along with that, but lets get things going!

Discussion continued. The general opinion from the Judges seemed to be that a lot of the work now being done on this project is repetitive. Judge McGough stated that we keep going over and over the same issues. The Judges requested the Commissioners determine the site for the Justice Center to be located at 3rd and Court Street and to retain an architectural firm and begin this project. Judge McGough felt that since the drawings, records, notes etc have been prepared, the User Committee is not necessary.

Bob Post said that the report that has been prepared is already two years old and needs to be confirmed and maybe altered, but the basics are there. Each Department was interviewed, space allocations were determined and approved and the study was performed with the new Judges in mind.

Greg White asked if the City of Elyria was involved in this process. Mr. Post said no.

Mr. White felt that an important decision in this process would be to determine if the City of Elyria would be included in a "joint" venture. Judge McGough responded that when this project was first discussed, the consensus was that it would not be advantageous to engage in a joint venture.

Judge Glavas said that an amount was discussed for a "leased" Courtroom in the new building and the City of Elyria felt that amount was excessive and would not agree.

Mayor Keys said that he had received a xerox copy of the Griffith Report. There was no cover letter or offer from the Commissioners, but there was an amount mentioned of approximately *$500,000.00.*

Commissioner Vasi stated that we have been making decisions. We had to wait for the Griffith report, we had to purchase the last parcel of land which we recently got title to. We are not dragging our feet, things are being done whether you see or hear about them or not. We have been working on temporary space for the new Judges.

Greg White said that we all want to see this project move forward, but lets discuss the site location. Mayor Keys commented that it was never the City's intent to slow this process down. The City agrees that the Common Pleas Court is in desperate need of space and it makes sense that while the County is in need of space the Municipal Court could upgrade a little bit. We could look at those two common functions of government together. Almost every urban county in the state has a form of a joint justice center. Either they have Common Pleas and the Municipal Court in the same building or connected, Cleveland, Columbus, Montgomery County and Lucas County all have this type of facility. In many cases they were buildings already beside each other and were connected for convenience or for whatever purpose.

Greg White asked Mayor Keys how he sees that process working and how long would it take.

Mayor Keys replied first you need an indication that it works or it does not work. Judge Glavas said that once we determine that this could work, how long would it take the City of Elyria to come up with what their contributions would be, how it would be paid etc. Mayor Keys responded said it should only take from 60 - 90 days. Judge McGough said this is not a decision of the Judiciary, it is the Commissioners decision.

Mr. White said he thought it was a part of this committee to assist in some of these decisions, and he does not want to take his time to meet if their recommendations would not be considered. Mayor Keys said he felt that the footprint of the Justice Center would fit on the 3rd and Court Street location. Mayor Keys felt that if the City is going to pay $500,000.00, they want some ownership/interest. This is not fair to the taxpayers in Elyria to make a $500,000.00 payment each year and at the end of the lease be on the street with no equity.

Mr. Muntean stated that in this over all cost there are many county services involved in the package price, not just space rent i.e. custodial services, Sheriff's security.

Judge McGough said that the concern of the Common Pleas Bench is the projected growth for the County. Mayor Keys said the Elyria City Council recognizes the problems-of growth. The County will need additional space for the future, but it should not be difficult in the document to make a provision that 20 years from now, the County has the opportunity to buy the City out and take over that space. The City could then use that money and go out and construct its own building, hopefully close to the Justice Center and may even be connected

Bob Post said in order to make an intelligent site selection, with this issue of the City being involved needs to be considered. There needs to be some basic design of what the City needs to see how it impacts the entire project, not just cost wise but the site, parking and everything that functions.

Mayor Keys commented that the City would need 20,000 - 25,000 sq. ft. Judge McGough said that it would now take the City 60 - 90 days, and another two - three months for the needs study.

Discussion continued.

Commissioner Vasi asked if we thought about "public space". Judge McGough said they were very careful in designing those to make sure the public space is there, i.e. meeting rooms, mediation rooms, victim/witness lounge. Mr. Post said he does not have "day care" space available.

Mr. White said he thought it was a part of this committee to assist in some of these decisions, and he does not want to take his time to meet if their recommendations would not be considered.

Mr. Post said 3rd and Court Street site would be able to accommodate 200,000 square feet, but the issue is parking. Commissioner Vasi said the Board has been criticized as well as herself for holding things up and talking about purchasing St. Marys, but the parking is an issue. Whether the building goes across the street or next door we need parking and we are going to have to buy it. Surface parking is a lot cheaper then deck parking. Whatever St. Mary's may cost, we need the parking. Judge Glavas commented that if St. Mary's is available, then the Board should continue to negotiate to purchase that parcel. However, I do not know if the St. Mary's property can adequately take care of 200,000 square feet.

Mayor Keys said if the County is holding firm that the City should pay the $500,000.00 per year for 20 years, then the City is not interested.

Mr. White said whether the City is in or out, we can agree that the 3rd and Court Street site is something we can deal with, and at this point, there is no other appropriate site. If we talk about the St. Mary's site, we are talking about a substantial delay. I think we could vote and make a recommendation to the Commissioners on the feelings of this committee.

Mayor Keys said that within three months the City could determine their space needs and discuss the agreement with the Commissioners. Mayor Keys excused himself from the meeting to give a speech to renew the sale's tax issue for the City. Mr. White asked if the passage of this tax would have an impact on their participation in this project. Mayor Keys said in the short-term maybe.

Judge Glavas moved, seconded by Judge McGough to recommend to the Board of Commissioners, the site selection to construct the new Justice Center should be the 3rd and Court Street location.

Discussion. Commissioner Vasi asked what is the problem if we can get St. Marys, for parking and letting the public use this parking deck with a skywalk to the Justice Center. Judge Glavas said other than what Mr. Post said that site at 3rd and Court Street will work, he does not know if St. Mary's site would work. Judge McGough also stated that it would delay this project at least another year or more. Sally Pack said that someone needs to say that the parking deck is filled up now, how are we going to accommodate additional cars.

Mr. White said no matter where the building is constructed, you are not going to have all the parking adjacent to the structure. Don Rothgery commented that the 3rd and Court Street site is vacant where the St. Mary's site is not.

Discussion continued.

Mr. White asked if the City needs time to decide their participation for 30 days, what is the purpose for making the decision today on the site location. Judge Lilly commented so we can finish that issue. Mr. White said he can not see any reason to decide the site today, if the other things we need to decide are 30 days away, and we may have an alternative we should be looking at. Judge McGough said once you have the site selection, then you can move with other issues on parallel tracks.

Commissioner Ross stated that it is fair to say that the 3rd and Court Street site is the leading site under consideration for the Justice Center today - we do not have another site.

Judge Glavas called for a vote and a show of hands. The majority of the committee voted in favor of recommending to the Board of Commissioners the 3rd and Court Street location for the construction of the Justice Center.

John Rokasy said he would vote in opposition to this proposal at this time. Motion carried

Judge Glavas moved to retain the architectural firm of Clark & Post to provide services for the design of the Justice Center. Commissioner Blair said there is a statutory process for professional services above $25,000.00. Mr. Muntean commented that on October 1, 1998 the Board instructed him to advertise for construction manager. The statute calls for a publication in the newspaper and 30 days after that to receive proposals. Those proposals will then be evaluated, come up with a short list of three (3), and negotiate with No. 1, if that fails, negotiate with No. 2 or 3. This exact same process has to be used to select an architect.

Discussion continued regarding construction manager vs. field supervision through an Architect. Mr. Post said that basically construction management is when you can relate it to a general contractor who participates in the design, budgeting, cost estimate process and when the job is ready to go out for bidding. He will then bid it out to various sub- contractors who are now prime contracts breaking this down into various contractors. Architect - designs the job, providing the cost estimate and bids out to prime contractors and oversees that process, not on a daily basis unless contracted out on a daily basis.

Mr. White said we should recommend to the Commissioners to prepare the RFP for an Architect with field supervision and without field supervision and get a feel for the respective costs. Judge McGough said she feels when you have both the Architect and construction manager you set yourself up for a conflict.

Judge Lilly asked why in this particular project do we need a construction manager when the most recent projects we have had did not have a construction manager and have been completed successfully. This will only add to the delay and cost of the project.

User Committee Meeting #1 October 6, 1998

Motion made by Judge Lilly seconded by Judge McGough to advertise for bids for an architect with field supervision and without field supervision. The majority of the committee voted to approve.

Motion carried.

Commissioner Ross asked for some feedback on juror parking. Judge McGough said she would find out and call this afternoon, because Judge Glavas and Judge Janas have jury this morning.

Mr. White wanted to know when this committee would meet again. Judge McGough said she does not want to meet again until this committee has something to meet and discuss. Judge McGough said the judiciary appreciates being invited as a part of this committee. If the City of Elyria will become part of this project, this is between the Board of Commissioners and the City, we do not want to be a part of that decision. This project has been delayed to many times and we want it to move forward.

Discussion was held.

A decision was made to hold the next User Committee meeting on Tuesday, November 10, 1998 at 8:30 AM in the Commissioners Public Hearing Room.

Commissioner Blair said the Clerk would send out notices for the next meeting.

B.14 RESOLUTION NO. 98-795

In the matter of authorizing the Lorain County Engineer to)
install proper signs at the intersection of West Road and) October 8, 1998
Kipton Nickel Plate Road in Pittsfield Township)

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated September 17, 1998 submitted the following:
"We recently received two letters from motorists and a request from the Pittsfield Township Trustees to review the sight distance at the Kipton Nickel Plate Rd. / West Rd. Intersection

This is a jog intersection with West Rd. North and West Rd. South being about 150 feet apart. There was a narrow truss bridge at this location which was replaced with a much wider prestressed beam bridge several years ago. When construction of the new prestressed beam bridge was completed, this Office did not believe that there was any sight distance problems; and the configuration of the job area and related signage fully complied with the requirements of the Uniform Manual Of Traffic Control Devices.

After further investigation, this Office can understand that an inattentive driver or a speeding motorist might experience sight distance difficulties. A profile is attached.

Although there are no significant engineering concerns regarding potential sight distance difficulties, in the interests of public safety, and erring on the side of motorist safety, the job area in question could benefit from a 3-way stop at the intersection of West Rd. South and Kipton Nickel Plate Rd. Please take the necessary action to authorize this Office to install the necessary signing at this intersection

Thank you for your cooperation in this matter.

Sincerely yours, S/Kenneth P. Carney, Lorain County Engineer"

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon review and recommendation of the Kenneth P. Carney, Lorain County Engineer letter dated September 17, 1998 and review and recommendation of the Prosecutor's Office we hereby authorize the Lorain County Engineer to install proper signs at the intersection of West Road and Kipton Nickel Plate Road in Pittsfield Township

Motion by Blair, seconded by Ross to adopt Resolution. Ayes: All. with exception of Vasi, absent on vacation leave.
Motion carried.

(discussion was held on the above)

E. NEW BUSINESS

JOURNAL ENTRY

Commissioner Blair stated that the Lorain County Engineer's Office delivered a letter this morning regarding the Packard Ditch in Sheffield Township. The letter requests a Resolution to approve change order for $6,224.00 added to the original contract of $67,696.00 and the total amount would than be $73,920.00. The additional has already been approved by a letter from the Community Development Department. The contractor would be paid contingency monies of $3,976.00, for a total of $10,200.00 to excavate 1,700 linear feet of the ditch within Sheffield Township. The County Engineer has been working in that area together with the City of Lorain to clean this section of ditch.

John Hamilton from the County Engineer's Office was present and said they have been working on this project for quite some time, when they put in the Fleming Avenue Storm Sewer and cleaned a portion of the ditch with CDBG money this left water laying in the ditch. This work would be down stream from that to get that water moving. This would involve cleaning the ditch about 600 more feet of ditch with Consumers Ready Mix Paint paying for a portion; the City of Lorain will supply trucks to help haul material away. The contractor has a break in their schedule and wanted to start this on Monday, October 12, 1998 and Mr. Hamilton asked if the Commissioners would approve this today.

Commissioner Ross questioned the contract amount and if it included the hauling away of appliances, bicycles various misc., items if located in the ditch area to be cleaned. Mr. Hamilton responded it did not include this cost, we would have to see how much is there. The BFI fees would be the ones in question. If this could not be paid from Solid Waste funds the Township could probably pay the cost.

Sally Pecora, Acting Director, Solid Waste Management District asked if Mr. Hamilton knew how much money would be required from the Solid Waste Department. Commissioner Ross responded that it has not yet been determined.

Discussion continued. The following resolution was adopted:

RESOLUTION NO. 98-800

In the matter of approving Change Order in the amount of $6,224.00 to excavate 1700 linear feet of the Packard Ditch, Sheffield Township under CDBG Project Grant Number B-F-97-043-1

October 8, 1998

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated October 7, 1998 submitted the following"

"Please pass a Resolution for a change order on the above mentioned project The change order would involve $6,224.00 added to the original contract of $67,696.00. This total amount would then be $73,920.00. The additional has already been approved by letter from Community Development Department.

The contractor would be paid an additional $6,224.00 plus contingencies money of $3,976.00 for a total amount of $10,200.00 to excavate 1700 linear feet of the subject ditch within Sheffield Township.

Also include in the resolution the board's approval to have any excavated debris dumping fees paid by the Lorain County Solid Waste Management Department. This would consist of appliances, bicycles, etc.

Sincerely yours, S/Kenneth P. Carney, Lorain County Engineer"

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners we hereby approve Change Order in the amount of $6,224.00 to excavate 1700 linear feet of the subject ditch within Sheffield Township under CDBG Project Grant Number B-F-97-043-1.

Motion by Ross, seconded by Blair to adopt Resolution. Ayes: All. with exception of Vasi, absent on vacation leave.
Motion carried.

JOURNAL ENTRY

Sally Pecora, Acting Director, Solid Waste Management District said last week there was a grant amendment to the City of Elyria for their District Grant and she understands this had been placed on hold because there was some questions. Mr. Vanco from the City of Elyria is present to answer any questions. Commissioner Ross commented that this item was not on today's agenda. Commissioner Blair said the question was weather or not the intended use the City of Elyria had was one that came under the Plan. This Board has received additional information. Commissioner Ross stated that Commissioner Vasi had raised this question last week, which was referred to our County Prosecutor for further review.

Mr. Vanco said there was only an line item change in which they were requesting some funding for recycled carpeting for their Judges Offices and for rubber mulch which are tires that have been ground up. They have been very successful with this product at the playground equipment and feel it is much safer, and we are not asking for additional money only transferring money from one fund into this one.
Mrs. Pecora said she has received a copy of letter from Mr. Innes on this. (copies of the letter were distributed to each Commissioner)
Commissioner Ross read Mr. Innes letter as follows:

Journal Entry cont. October 8, 1998

"This office has been asked to review the propriety of item 18 on the October 1, 1998 agenda providing for appropriation of Solid Waste grant funds to the City of Elyria for the purchase of recycled carpeting for city hall and recycled rubber mulch for city parks.

Section 3734.55 of the Revised Code provides for adoption of a solid waste management plan by the policy committee of the County. Pursuant to that statue, the Lorain County Solid Waste Policy Committee has adopted a plan that allows grant moneys to be directed to local political subdivisions for the purpose of procuring recycled and recyclable projects. This plan is approved by the Director of Environmental Protection.

Section 3734.57(G) sets forth the ten allowable uses for solid waste fees noted by Commissioner Vasi, Section 3734.57(G)(10) allows for the payment of expenses incurred under 3734.55, which means authorized by the local Solid Waste Plan.
It is the opinion of this office that the Solid Waste Plan of the Policy Committee does authorize the distribution of moneys to local subdivisions for the purchase of recycled materials. The request appears to be in line with that authorization. It is therefore the opinion of this office that the request of the City of Elyria is proper under Chapter 3734 of the Revised Code.

Very truly yours, Gregory A. White, Lorain County Prosecutor, S/Gerald A. Innes, Assistant County Prosecutor"

Commissioner Blair said that in view of the Prosecutor's Opinion she would move to approve the request for amendment by the City of Elyria.

The following Resolution was adopted:

RESOLUTION NO. 98-801

In the matter of authorizing the amendment to the)
Lorain County Solid Waste Management District)
Grant FY98-1711 for the City of Elyria to re-) October 8, 1998
Appropriate $17,000.00 originally earmarked for)
Disposal fees)

WHEREAS, the amendment to the Lorain County Solid Waste Management District Grant FY98-1711 for the City of Elyria to re-appropriate $17,000.00 originally earmarked for disposal fees was placed on hold October 1, 1998 for a Prosecutor's opinion.

WHEREAS, Gerald A. Innes, Assistant County Prosecutor by letter dated October 7, 1998 submitted the following:

"This office has been asked to review the propriety of item 18 on the October 1, 1998 agenda providing for appropriation of Solid Waste grant funds to the City of Elyria for the purchase of recycled carpeting for city hall and recycled rubber mulch for city parks.

Section 3734.55 of the Revised Code provides for adoption of a solid waste management plan by the policy committee of the County. Pursuant to that statue, the Lorain County Solid Waste Policy Committee has adopted a plan that allows grant moneys to be directed to local political subdivisions for the purpose of procuring recycled and recyclable projects. This plan is approved by the Director of Environmental Protection.

Section 3734.57(G) sets forth the ten allowable uses for solid waste fees noted by Commissioner Vasi, Section 3734.57(G)(10) allows for the payment of expenses incurred under 3734.55, which means authorized by the local Solid Waste Plan.
It is the opinion of this office that the Solid Waste Plan of the Policy Committee does authorize the distribution of moneys to local subdivisions for the purchase of recycled materials. The request appears to be in line with that authorization. It is therefore the opinion of this office that the request of the City of Elyria is proper under Chapter 3734 of the Revised Code.

Very truly yours, Gregory A. White, Lorain County Prosecutor, S/Gerald A. Innes, Assistant County Prosecutor"

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the review and recommendation of Gerald A. Innes, Assistant County Prosecutor by letter dated October 7, 1998 we hereby amend the Lorain County Solid Waste Management District Grant FY98-1711 for the City of Elyria to re-appropriated $17,000.00 originally earmarked for disposal fees to purchase recycled carpet and recycled rubber mulch.

Motion by Blair, seconded by Ross to adopt Resolution. Ayes: All. with exception of Vasi, absent on vacation
Motion carried.

JOURNAL ENTRY

A public hearing was held at 11:00 a.m., for the Proposed Annexation of approximately 7.74 acres in Amherst Township to the Village of South Amherst, Ohio, Attorney Thomas Januzzi, Agent for Petitioners.

RESOLUTION NO. 98-802

In the matter of granting the proposed Annexation of approximately)
7.74 acres in Amherst Township to the Village of South Amherst,) October 8, 1998
Ohio, Attorney Thomas Januzzi acting as Agent for the Petitioners)

WHEREAS, after due and legal notice, this is the day fixed for the Public Hearing on the proposed annexation of approximately 7.74 acres in Amherst Township to the Village of South Amherst, Ohio; and

WHEREAS, in the absence of the County Prosecutor, Commissioner Michael Ross administered an oath to everyone present that may be giving testimony during the hearing; and

WHEREAS, Commissioner Michael A. Ross opened the meeting and turned it over to Attorney Thomas Januzzi, acting as Agent for the Petitioners to review the proposed Annexation; and

WHEREAS, Attorney Thomas Januzzi reported that all Sections of the Ohio Revised Code relating to the Annexation proceedings are in compliance; and

WHEREAS, Attorney Januzzi stated that the Petitioners property is back land. There is common ownership in the property in front on SR 113 in the Village of South Amherst. If the owners would like to develop this whole area, they would be dealing with two jurisdictions. There is no frontage on the 7.74 acres, it is back land that can not be properly utilized unless they have the one jurisdiction so that the same building/zoning requirements can be used; and

WHEREAS, John Hamilton from the Lorain County Engineer's Office stated that they have reviewed the Petition and Map which are accurate, and this property is surrounded on three sides by the Village of South Amherst; and

WHEREAS, David Urig, Amherst Township Trustee was present and stated that this property proposed to be annexed indicates only a jurisdictional issue and feels if a decision has to be made for the benefit of that property, he feels there is none, and it would behoove the property to stay in the Township. Mr. Urig said he is not in favor of Annexation, every time you annex, you lose less and less; and

WHEREAS, Commissioner Ross asked if there was anyone present in favor of the proposed Annexation. Attorney Januzzi stated that Mr. Urig has always opposed annexation. Although the Petitioner is also an Amherst Township Trustee, he has chosen not to speak in this matter because of the potential conflict of interest; and

WHEREAS, Commissioner Ross asked if there was anyone present in opposition to this proposed annexation. Mary Beth Derikito, Huntington Township Trustee stated that as a Township official she would like to state that the annexation laws need to be revamped to make it fair to townships. She does not see any benefit to have this area annexed to South Amherst. Mrs. Derikito said she could not see why they will not get good service from the Township as they would from the Village; and

WHEREAS, Commissioner Ross said the issue of service to the property i.e. sewer and other utilities has been raised, and asked Attorney Januzzi to respond; and

WHEREAS, Attorney Januzzi stated that he might agree with people who are opposing the annexation if this were frontage or a large parcel with frontage in Amherst Township. If the property owners wanted to construct a building on this back land or on the area where the two lines meet between the Village of South Amherst and the Township, they would have to go to the Village of South Amherst and comply with their building requirements as well as the building requirements of the Township. It is logical and fair to only have to deal with one jurisdiction; and

WHEREAS, Commissioner Blair asked if this property has frontage. Attorney Januzzi responded it has no frontage. This property can not be improved in the Township, because you have to have frontage to improve in the Township. As this sits in the Township it is dead land; and

WHEREAS, Petitioner, Dennis Abraham stated that this parcel is a complete island and if this stays in the Township, most communities deny utilities to the township unless they annex. It is very possible they would not provide water to this parcel, and this is the only source of water he would have if it stays in the Township. Mr. Abraham said that for the full enjoyment and use of this property, staying in Amherst Township not only restricts it but completely nullifies it; and

WHEREAS, Commissioner Ross commented that this Board recognizes Mr. Abraham's conflict and appreciate the disclosure that he is a Township Trustee and that his comments are not on behalf of the Township in this matter. Discussion continued.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners, based upon the Annexation Petition provided and report from the County Engineer, which stated there were no discrepancies, we do hereby grant said petition for annexation for the premises as follows:

Situated in the Township of Amherst, County of Lorain and State of Ohio, and bounded and described as follows: Beginning at the intersection of the Southerly line of said Original Lot No. 10 and the Southeast corner of an 8.40-acre parcel conveyed to Ervin E. Wragg and Mary Ann Wragg, Trustees by deed recorded in O.R. Volume 1016, page 665 of Lorain County Records, thence Northerly along the Easterly line of said Wragg land a distance of about 522.80 feet to a point on the Corporate boundary line of the Village of South Amherst; thence Easterly along the corporate boundary line of the village of South Amherst a distance of about 650 feet to the Northwest corner of a 2.22-acre parcel of land conveyed to South Amherst Village by deed recorded in Deed Volume 1037, Page 138 of Lorain County Records; thence Southerly along the Westerly line of said South Amherst Village land a distance of about 515.96 feet to a point in the Southerly line of said Lot No. 10; thence Westerly along the Southerly line of said Lot No. 10 a distance of about 650.38 feet to the place of beginning and containing within said bounds about 7.74 acres of land. Being further identified as Permanent Parcel No. 05-00-010-102-052.

FURTHER BE IT RESOLVED, the Commissioners hereby determine this to be for the benefit of the public convenience and welfare, and serves the general good to the territory and that this property to be annexed is not unreasonably large.

BE IT FURTHER RESOLVED, a certified copy of the final transcript of this Board of Commissioners relating to the findings and orders of this Board together with the accompanying map and petition and all other papers pertaining thereto shall be delivered to the Village of South Amherst, Ohio.

Motion by Ross, seconded by Blair to adopt Resolution. Ayes: All. with exception of Vasi, absent on vacation
Motion carried.

With no further questions or comments, Motion by Ross, seconded by Blair to adjourn. Ayes: All with exception of Vasi, absent on vacation leave.
Motion carried.

Meeting #41 October 15, 1998

The Board of Commissioners of Lorain County, Ohio met this day in a regular meeting in the J. Grant Keys Administration Building, 226 Middle Avenue, Elyria, Ohio, with the following members present:, Commissioner Michael A. Ross, President, Commissioner Betty Blair Vice-president and Roxann Blair, Clerk. Commissioner Mary Jo Vasi, absent, attending an Ohio Family 1st Conference.

The following business was transacted:

A. JOURNAL ENTRY

The Public Hearing was held as duly advertised, for an Industrial Development bond Issue for Ohio Metallurgical Services, Inc., in the amount not to exceed $1,650,000.00. Steven Hammersmith, Buckingham, Doolittle & Boroughs and Katherine Petrey, Squire, Sanders & Dempsey were present. Mr. Hammersmith gave a brief review of this project indicating the CIC approved the Inducement Agreement as well as the Board of Commissioners in July 1998. Mrs. Petrey stated that all documents have been reviewed and are in order. The County has no obligation to pay debt service on the bonds.

Commissioner Ross said he has not had sufficient time to review what documents and requested this item be placed on hold until next week, if this will fit into their time frame.

Mr. Hammersmith responded that it would not be a problem to hold this for an additional week.

Commissioner Ross asked for any public comment.

Elizabeth Romig asked about the matter of procedure in this hearing. If there is to be a continuation of this hearing next week and the representatives are not present and there will only have been conversation between these individuals, which are not made public, does this fall within the guidelines of the public hearing.

Commissioner Ross said that we are not proposing to continue this public hearing, we are proposing to conclude this hearing today, but the Board will not take official action until next week.

With no further questions, or public comment this hearing is closed.

B.13 RESOLUTION NO. 98-815

In the matter of Instructing the Clerk to advertise for bids for) the construction of the Lorain County Transit Park-n-Ride lot) October 15, 1998
located at the corner of Oberlin Road and Hadaway Street)
Elyria, Ohio)

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby instruct the Clerk to advertise for bids for the construction of the Lorain County Transit Park-n-Ride Lot located at the corner of Oberlin Road and Hadaway Streets, Elyria, Ohio.

Said Notice will be published in the Chronicle Telegram and Morning Journal on October 19 and 26, 1998 as follows:

Sealed bids will be received until 2:00 pm., November 2, 1998 by the Lorain County Board of Commissioners; Purchasing Department, 226 Middle Avenue, Elyria, Ohio 44035, for the furnishing of all labor, material, and equipment for the Lorain County Transit Park-n-Ride Lot located at the corner of Oberlin Road and Hadaway Street, Elyria, Ohio, using various materials in accordance with the specifications prepared by Lorain County. All interested parties are welcome to attend the bid opening to be held immediately following the deadline in the Commissioners' Public Hearing Room located on the fourth floor of the Lorain County Administration Building.

All materials and equipment must meet the specifications of the Ohio Department of Transportation and shall include all necessary barricades, signs, lights, watchmen, etc., and work performed shall be under the supervision of the Lorain County Engineer. All contractors involved with this project will to the extent practicable, use Ohio products, materials, services and labor in the implementation of this project. Bidders shall submit a list of equipment available and all labor shall be paid not less than the prevailing wage rate as determined by the Department of Development for Lorain County. Bidders are hereby notified that the Department of Transportation is furnishing partial funding of this project.

Specifications can be obtained at the office of the Lorain County Commissioners, Purchasing Department; Lorain County Administration Building; Fourth Floor; 226 Middle Avenue, Elyria, Ohio 44035 between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday. Bids must be accompanied by a bid bond, certified check, cashier's check, or Letter of Credit equal to ten (10%) of the amount bid or a contract bond for the full amount of the bid, as a guarantee that if the bid is accepted, a contract will be entered into and a contract bond properly secured. Should any bid be rejected, such instrument will be forthwith returned upon proper execution of a contract.

Bidders are required to comply with the Disadvantaged Business Enterprise (DBE) requirements set forth by the Department of Transportation. In part, this means that any bidder, to the extent that he subcontracts work or uses material suppliers, shall award subcontracts to certified Disadvantaged Business Enterprises. DBE participation of 10% subcontractors, 2% materials and services purchased will be required. It is the position of Lorain County that DBE participation be obtained prior to bid opening. Contractors are required to submit DBE forms C and D with their bid proposal. DBE participation must equal a minimum of 12% of the total contract.

The Board of Commissioners reserves the right to reject any and all bids and to waive any informalities or irregularities if it is deemed in the best interest of Lorain County to do so.

Motion by Blair, seconded by Ross to adopt Resolution. Ayes: All with exception of Vasi, absent, attending an Ohio Family 1st Conference.

Motion carried.

D. OLD BUSINESS

Commissioner Ross moved to approve the blanket requisition in the amount of $15,000.00 for the remainder of 1998 for funds needed to complete tires clean-ups for this quarter. Discussion was held. Sally Pecora, Acting Director – Solid Waste Management District stated that these funds would assist in the tire clean up for the last quarter of 1998. We will probably look at handling the tire clean up for 1999 in a different manner. Mrs. Pecora stated that there have been comments of possible abuse in these clean-ups. These four (4) locations have not had people to monitor the drop offs to see who is bringing in the tires. There is a sign in sheet but not all of the people will sign, so this is something that we do need to look at if we want to continue next year. Commissioner Blair said she would rather see the tires at a clean up site than by the roadside.

Commissioner Ross commented that we need some form of accountability until the end of the year during these clean-ups until we can review this matter. Mrs. Pecora said yes, they will be happy to send some personnel out to monitor the clean up.

Discussion continued and the following resolution was adopted:

RESOLUTION NO. 98-817

In the matter of amending Resolution No. 98-471a, adopted)
June 18, 1998 for the Mullins Tire Clean-up) October 15,1998

WHEREAS, Sally Pecora, Acting Solid Waste Coordinator by memo dated October 9, 1998 submitted the following:

"Resolution No. 98-471a was passed on June 18, 1998 for the amount of $32,000.00. This resolution authorized the clean-up of scrap tires on the Mullins property on Capel Road. This figure was based on an **estimate** of 25,000 tires at $129.00 per ton (250 tons x $129.00 = $32,000.00)

An intern was hired by the Health Department to count the tires during the clean-up. A total of 32,465 tires which translates into 324.15 tons was in fact removed from the property (see attached letter).

This increase of the cost of this project to $40,581.25 (324.15 tons x $129.00 = $40,581.25).

In order to pay the contractor who has completed the work the District is requesting a new resolution be passed, in the amount of $8,581.25 **($32,000.00 + $8,581.25 = $40,581.25).**

Thank you for your timely consideration of this request. If I can answer questions, please don't hesitate to contact me at extension 5440."

Said original estimate of $32,000.00 was based upon the clean-up of approximately 25,000 tires at $129.00 per ton. A total of 32,465 tires, which translates in 324.15 tons, were in fact removed from the property, increasing the cost of the project to $40,581.25.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the review of Sally Pecora, Acting Solid Waste Coordinator by memo dated October 9, 1998 we hereby amend Resolution No. 98-471a, adopted June 18, 1998 for the Mullins Tire Clean-up to reflect an increase from $32,000.00 to $40,581.25.

Motion by Ross, seconded by Blair to adopt Resolution. Ayes: All with exception of Vasi, absent, attending an Ohio Family 1st Conference.

Motion carried. _____(discussion was held on the above)

B.10 RESOLUTION NO. 98-829

In the matter of accepting improvements for the Haystacks) Subdivision-Stace Development, Abe Little Developer,) October 22, 1998
Grafton Township)

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated October 9, 1998 submitted the following:

"Haystacks Subdivision, containing twenty-eight (28) lots and asphalt pavement with drainage improvements were constructed. A final field inspection was made on September 10, 1998 by our office. The Grafton Township Trustees have given their acceptance of the improvements (see attached letter). The inspection fees have been paid by the developers on August 6, 1996, and our office will be returning the remainder of $6,640.15 to the developer.

This office recommends that the Board pass a resolution accepting the improvements, the return of remaining inspection fees and the entering into a one year maintenance agreement on behalf of the Grafton Township Trustees for the subject subdivision as recorded in Plat Volume 57, Page 74 in the Lorain County Record of Plats, and accept as follows:

Haystacks Lane, with an assigned Road Number T-250. easterly from the centerline of Mennell Road, CR 154, to the center point of a cul-de-sac, 3,070.33 feet or 0.5 82 miles.

Harvest Lane, with an assigned Road Number T-251, southerly from the centerline of Haystacks Lane, T-250, to the center point of a cul-de-sac, 1,051.75 feet or 0.199 miles.

Please assign Haystacks Lane and Harvest Lane to be part of the Grafton Township Road System.

As soon as the necessary resolution has been passed, please forward a copy to " office so that it may be inserted into the Lorain County Road Records.

Also included are original maintenance bonds for the subdivisions improvements naming the Commissioners as obligee.

If you have any questions, please contact this office.

Sincerely, S/Kenneth P. Carney, Lorain County Engineer"

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the review and recommendation of Kenneth P. Carney, Lorain County Engineer by letter dated October 9, 1998 we hereby accept the improvements for the Haystacks Subdivision-Stace Development, Abe Little Developer, Grafton Township.

FURTHER BE IT RESOLVED, we hereby enter into a one (1) year maintenance agreement on behalf of the Township which is considered a part hereof to this resolution by reference thereto and can be found on file in the Commissioners/Engineer's Office.

BE IT FURTHER RESOLVED, said roads will be added to Grafton Township road system as follows:

1. Haystacks Lane, with an assigned Road Number T-250, easterly from the centerline of Mennel Road, CR 154 to the center point of a cul-de-sac, 3,070.33 feet or 0.582 miles
2. Harvest Lane, with an assigned Road Number T-251, southerly from the centerline of Haystacks Lane, T-250, to the center point of a cul-de-sac, 1,051.75 feet or 0.199 miles.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All.
Motion carried.

B.11 RESOLUTION NO. 98-830

In the matter of accepting Petition and Map for proposed) Annexation of approximately 5.88 acres in Amherst) Township to the city of Amherst, Ohio, Attorney Robert) October 22, 1998
Gargasz is acting as Agent for Petitioners)

WHEREAS, the Clerk gave notice to the Lorain County Board of Commissioners on the filing with her on October 5, 1998 an Annexation petition request for approximately 5.76 acres in Amherst Township to the City of Amherst, Ohio, Attorney Robert Gargasz, Agent for Petitioners; and

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated October 14, 1998 submitted the following:

"On October 7, 1998 this office reviewed the petition mentioned above. We found three (3) issues that needed to be addressed.

A letter was sent to Mr. Robert Gargasz, agent for the petitioner, listing our concerns. A copy of that letter is enclosed.

Mr. Gargasz made the recommended changes in the description of the area to be annexed. The revised description was sent to our office for review.

Upon review the amended description and petition follows the map enclosed and includes two areas that would have created islands of township land within the City of Amherst. It now includes part of P.P.N. 5-00-016-101-070, which is owned by Don Buchs, DBA, Sandusky Salvage. Mr. Buchs is not a signatory to the annexation petition. The map and description are now accurate and do not create any islands.

If you have any questions, please contact this office.

Sincerely, S/Kenneth P. Carney, Lorain County Engineer"

In the proposing to cooperate with the Director of)
Transportation to replace the old stone arch on E.) October 22, 1998
Bridge Street located at Spitzers)

Commissioner Blair moved the adoption of the following resolution:

WHEREAS, the public interest demands the improvement hereinafter described.

NOW, THEREFORE BE IT RESOLVED, by the Board of Commissioners of Lorain County, Ohio, hereinafter referred to as the county, that:

Total length of the improvement is approximately 0.064 kilometer

SECTION I.

The public interest demands the improvement, under the provisions of Chapter 5521 Ohio Revised Code, of that part of State Route No. 20, situated in the County of Lorain, State of Ohio, and described as follows:

Situated in the City of Elyria, on US State Route 20 (East Bridge St.)

The project improvement is to place a deficient structure (SFN4702107) over the East Branch of the Black River. The work is to include minor approach work, grading and miscellaneous construction items.

SECTION II.

The County does hereby propose to cooperate with the Director of Transportation in said improvement as follows:

1) Consent is given by the County for the above improvement, and further the county will assume and bear one hundred percent (100%) of the total cost of those features requested by the County which are not necessary for the improvement, as determined by the State and Federal Highway Administration.

SECTION III.
The County Engineer is hereby empowered and directed on behalf of the County to enter into agreements with the Director of Transportation necessary to complete the planning and construction of this improvement.

SECTION IV.
Resolution passed by the County on July 28, 1988, is hereby rescinded.

Thereupon, Commissioner Vasi seconded the said motion and upon the roll being called the result of the vote was as follows:
Ayes: All

Commissioner Betty Blair

B.14 RESOLUTION NO. 98-833

In the matter of approving and entering into Agreement between)
The Board of Commissioners, the Public Utilities Commission) October 22, 1998
Of Ohio (PUCO) and the Ohio Rail Development Commission)
(ORDC) to improve the vertical alignment of railroad crossings)

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated September 30, 1998 submitted the following:
"In June, this office was notified that there was a new program available that would reimburse the local agency $10,000 per railroad crossing for doing work that improves the vertical alignment of the crossing. We applied for several of these projects and have received notification that three of our projects were selected there were 20 selected statewide. The crossings selected are as follows:

1. Quarry Rd. Conrail Crossing – 0.75 miles north of Griggs Rd. in Brighton Township
2. Ptits Rd. Wheeling and Lake Erie Crossing – sough of S.R. 18 in Wellington Township
3. Pitts Rd. Conrail Crossing – 0.35 miles north of Jones Rd. in Wellington Township

We have prepared plans for these improvements, copies of which are attached. The material costs for these crossings are as follows:

Quarry Rd.	-	$7,000.00
Pitts Rd. (W & LE)	-	$3,450.00
Pitts Rd. (Conrail)	-	$9,000.00

At this time, we are planning to perform this work with our own crews. The material, labor and equipment costs are reimbursable up to $10,000, any additional costs will come from our road and bride accounts. These projects will be constructed next spring or summer.
Please take the necessary action to authorize this work and also authorize the President of the Board to enter into the attached agreements. Thank you for your cooperation in this matter.
Sincerely yours, S/Kenneth P. Carney, Lorain County Engineer"

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that based upon the request of Kenneth P. Carney, Lorain County Engineer by letter dated September 30, 1998 we hereby approve and enter into Agreement between the Board of Commissioners, the Public Utilities Commission of Ohio (PUCO) and the Ohio Rail Development Commission (ORDC) to improve the vertical alignment of railroad crossings.

FURTHER BE IT RESOLVED, we hereby authorize the President to execute on behalf of the Board.

RESOLUTION NO. 98-835

In the matter of Instructing the Clerk to advertise for Request) for Proposals for Architectural Services for the construction) of the Lorain County Justice Center) October 22, 1998

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby Instruct the Clerk to advertise for Request for Proposals for Architectural Services for the construction of the Lorain County Justice Center.

Said Notice will be published in the Chronicle Telegram and Morning Journal on October 23 and 30, 1998 as follows:

The Lorain County Board of Commissioners will receive proposals until 2:00 p.m., Monday, December 7, 1998 for architectural assistance in the planning, design and construction of the Lorain County Justice Center.

The selected design firm will participate in program development, facility and landscape design, management of site development and facility construction.

If you wish to be considered as the architect for this project, please complete and return the request for proposal, and any other information required, no later than 2:00 p.m. on Monday, December 7, 1998. Interested architects will be ranked on past experience and their proposal. Applicants with apparent capability for handling this project will be reviewed by a selection board, a "short-list" compiled, and from these architects the final selection will be made after a personal interview.

PROJECT DESCRIPTION

A 120,000 square foot (approximate) criminal justice/office building, which will house offices for the Lorain County Court of Common Pleas, Lorain County Prosecutor and Lorain County Clerk of Courts, and other County offices. In addition, there is a possibility that the building will also house the City of Elyria Municipal Court.

The Request for Proposal can be obtained at the office of the Lorain County Board of Commissioners; Purchasing Department; Lorain County Administration Building, Fourth Floor; 226 Middle Avenue, Elyria, Ohio, 44035 between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday.

Each proposal must be submitted in a sealed envelope addressed to Mr. Virgil J. Muntean, Lorain County Administrator, 226 Middle Avenue, Elyria, Ohio 44035. Each sealed envelope containing a proposal must be plainly marked on the outside as "Architectural Services for the Lorain County Justice Center", and the envelope should bear on the outside the name of the proposer, address and telephone number. If forwarded by mail, the sealed envelope containing the proposal must be enclosed in another envelope address to the Lorain County Commissioners, 226 Middle Avenue, Elyria, Ohio 44035, Attention: Mr. Virgil J. Muntean, Lorain County Administrator. Envelope should be marked as "Architect's Proposal".

The Board of Commissioners reserves the right to reject any and all proposals and to waive any informalities or irregularities if it is deemed in the best interest of Lorain County to do so.

Motion by Ross, seconded by Blair to adopt Resolution. Ayes: All.
Motion carried.

RESOLUTION NO. 98-836

In the matter of authorizing property owned by the Board of) Commissioners known as Permanent Parcel) #03-00-103-121-037 located on Dewitt Street in Sheffield) Township be advertised for public sale through the Lorain) County Auditor's Land sale to be held on Monday,) November 16, 1998) October 22, 1998

WHEREAS, Gerald A. Innes, Assistant Prosecuting Attorney, by letter dated May 19, 1997 submitted the following:

"Your letter of May 7, 1997 makes several inquires regarding County owned property on Dewitt Street in Sheffield Township.

This property was acquired by the County by warranty deed on May 7, 1979. This was a straight conveyance from Arthur and Lilian Dailey. It appears the purchase price was $6500.00.

The property is a lot with 40 feet frontage on Dewitt Street, with a depth of 130 feet. An area alongside of Dewitt Street would be subject to the normal road right of ways and utility line easements. Nevertheless, the land may be sold subject to those easements the same as private property. There is, at least on paper, a 15 foot alley at the rear of the property.

Section 307.09(A) authorizes the sale or lease of County property no longer needed for public use. (307.09 is enclosed with highlighted portions).

Under 307.09(B), the County may grant easements only to other governmental entities, certain utilities, and to a select few not for profit corporations. The County may not grant easements to private citizens.

If the County desires to sell the property it may do so through public auction or by accepting sealed bids after advertisement as required in the statute. (See highlighted portion of 307.10(A), enclosed). The County may lease such property for up to five years without bidding. (The County may have a lease purchase agreement for up to 25 years; but since a sale to a private citizen without bidding is not permissible; this option is not available in the present situation).

Inasmuch as a lease does not solve the Martinez' problem, and granting of an easement is not permitted, the only viable solution here is sale, either through public auction or sealed bid. The auction would seem to be the only method which would guarantee the Martinez' a chance to outbid everyone and obtain the property.

If any further explanation of this procedure would be helpful, please do not hesitate to contact this office.

Ohio Revised Code Section 307.09(A) permits the sale of County property no longer needed for public use.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the letter received from Gerald Innes, Lorain County Prosecuting Attorney by letter dated May 19, 1997 we hereby authorize property owned by the Board of Commissioners known as Permanent Parcel #03-00-103-121-037 located on Dewitt Street in Sheffield Township, be advertised for public sale through the Lorain County auditor's Land sale which will be held Monday, November 16, 1998.

Motion by Vasi, seconded by Blair to adopt Resolution. Ayes: All.
Motion carried.

B10 RESOLUTION NO. 98-846

In the matter of awarding contract to Allied Construction Group)
Inc., in the amount of $9,950.00 for the removal of architectural) October 29, 1998
barriers (rehabilitation of restroom) at the Grafton Township)
Hall and Fire Station, a CDBG funded project)

WHEREAS, Ron Twining, Acting Director, Lorain County Community Development Department by memo dated October 20, 1998 submitted the following:

"Enclosed is a bid tab for Grafton's FY97 CDBG project. This activity is for the removal of architectural barriers (rehabilitation of a restroom) at the Township Hall and Fire Station. Only two (2) contractors submitted quotes in September so we requested additional quotations during the first two weeks of October. This second attempt garnished one (1) new quotation. The State has approved all three (3) contractors as qualified to do work in the State of Ohio.

Dick Esser's company submitted a quote for the plumbing work only. Allied Construction Group, Inc., and Burge Building Company each submitted complete prices.

I recommend that the Board of Commissioners accept the quotation of $9,950.00 as submitted by Allied Construction Group, Inc., as the lowest and best bid. The Architect estimate was $10,300. Therefore, the recommend bid is less the budgeted amount. The construction is scheduled for completion prior to December 31, 1998.

Thank you for your consideration. If you have any questions, please contact me at 329-5302."

Said bid was the lowest and most responsive quote received complying with specifications and was under the Architect's estimate of $10,300.00 Construction is scheduled for completion prior to December 31, 1998.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the tabulation of bids reviewed and recommended by Ron Twining, Acting Director, Lorain County Community Development Department by memo dated October 20, 1998 we hereby award contract to Allied Construction Group, Inc., in the amount of $9,950.00 for the removal of architectural barriers (rehabilitation of restroom) at the Grafton Township Hall and Fire Station, a CDBG funded project.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All. with Exception of Ross, absent due to a death in the family.

Motion carried. _____(discussion was held on the above)

B11 RESOLUTION NO. 98-847

In the matter of authorizing salary increase for Sue Danielson)
Bailiff, Lorain Municipal Court) October 29, 1998

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby authorize salary increase for Sue Danielson, Bailiff, Lorain Municipal Court.

Said lump sum payment in the amount of $455.80 for bonus pay for 1998.
Lump sum payment in the amount of $19.40 for longevity pay for 1998.
Salary increase effective October 23, 1998 for longevity will change the bi-weekly rate from $584.36 to $595.44.

This reflects the County's 2/5 share.

Motion by Vasi, seconded by Blair to adopt Resolution. Ayes: All. with Exception of Ross, absent due to a death in the family.
Motion carried.

In the matter of authorizing the Ohio Department of Transpor-)
tation to review the revised speed study prepared by the)
County Engineer and declare a safe speed limit along Wheeler) October 29, 1998
Road in LaGrange Township)

WHEREAS, a request has been made to this Board that the statutory vehicular speed limit established by Sec. 4511.21, Revised Code of Ohio is greater (or less) than that considered reasonable and safe speed limit along Wheeler Road in LaGrange Township; and

WHEREAS, this Board has caused to be made an engineering and traffic investigation upon the section of road described above; and

WHEREAS, it is the belief of this Board that such investigation confirms the allegation that the statutory speed limit should be set at a safe and reasonable speed limit. The requested speed limit should be at 35 MPH not 55 MPH.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners, that,

Section 1. By virtue of the provisions of Sec. 4511.21, Revised Code of Ohio the Director of Transportation is hereby requested to review the engineering and traffic investigation and to determine and declare a reasonable and safe Prima facie speed limit along Wheeler Road in LaGrange Township.

Section 2. That when this Board is advised that the Director of Transportation has determined and declared a reasonable and a safe speed limit on the section of road described in Section 1 hereof, standard signs, properly posted and giving notice thereof will be erected.

Passed this 29th Day of October 1998.

C. COUNTY ADMINISTRATOR

Mr. Virgil J. Muntean had no issues for this day.

D. ASSISTANT COUNTY PROSECUTOR

Mr. Innes requested an executive session upon completion of the Board Business regarding pending litigation.

E. OLD BUSINESS

#1. Note: The $1,6500,000.00 Industrial Development Bond Issue that was to be placed under old business for review and approval has been withdrawn. Buckingham, Doolittle & Burroughs, Bond counsel for Ohio Metallurgical Services has forwarded a letter requesting this be cancelled at this time. Bond Counsel has indicated they will need to amend the previous Issue amount to $2,050,000.00 and the Commissioners will conduct a public hearing on Thursday, November 5,1998 at 10:30 am to initiate the process again.

NEW BUSINESS

RESOLUTION NO. 98-853

In the matter of encouraging the Ohio Department of) Transportation to reconsider the decision to keep the) newly-constructed third lane of I-90 closed to traffic) until a future date uncertain) October 29, 1998

WHEREAS, Avon Lake Senior High School students have questioned the wisdom of restricting the use of this third lane now that area residents and users have endured the orange-barrel construction season; and

WHEREAS, there are many areas across the state where highways converge from two to three lanes and back again, that do not impede safe highway travel when properly marked; and

WHEREAS, the Lorain County Visitors Bureau has also passed a resolution encouraging the Ohio Department of Transportation to reconsider their decision to keep this lane closed to traffic at this time.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners we hereby encourage the Ohio Department of Transportation to reconsider the decision to keep the newly-construction third lane of I-90 closed to traffic until a future date uncertain, when a third lane is constructed in Cuyahoga County.

BE IT FURTHER RESOLVED, this board believes in the importance of travel between Lorain and Cuyahoga Counties for residents, tourists and businesses. To deny the use of this third lane is not a common sense approach to the wise use of tax dollars.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All: with exception of Ross, absent, due to a family death
Motion carried.

#2. Immediately following the Board business, Commissioners will recess into Executive Session to discuss personnel/new hires.

Meeting #44 November 5, 1998

The Board of Commissioners of Lorain County, Ohio met this day in a regular meeting in the J. Grant Keys Administration Building, 226 Middle Avenue, Elyria, Ohio, with the following members present:, Commissioner Michael A. Ross, President, Commissioner Betty Blair, Vice-president, Commissioner Mary Jo Vasi and Roxann Blair, Clerk.

The following business was transacted:

A. JOURNAL ENTRY

Commissioner Ross opened the Public Hearing on the Industrial Development Bond Issue for Ohio Metallurgical Services in the amount of $2,050,000.00, and turned the meeting over to Attorney Steven Hammersmith from Buckingham, Doolittle and Burroughs, Bond Counsel. Mr. Hannnersmith indicated that the reason for this second public hearing is that the previous hearing had requested Bond financing in the amount of $1,650,000.00. Since that last hearing, they had received bids that have come in higher than expected and need to increase the Bond request for $2,050,000.00 which is the same amount as approved in the original inducement agreement by the CIC. The issue remains unchanged.

Mr. Hammersmith stated that this project is for the expansion of Ohio Metallurgical Services facility located at 1033 Clark Street. This was approved in July 1998 by the CIC as well as this Board of Commissioners.

Commissioner Vasi said that several people have asked her why companies come to the County for Industrial Bonds. Mr. Hammersmith stated that the Bonds are issued through the County, none of the County's resources are pledged for repayment. The Bank, in this case is First Merit EST, puts up a letter of credit to pay the principle and interest on the bonds as it comes due. The benefit to the company is that because the Bonds are issued through the County, they are tax exempt. The Bond holders purchase the Bonds and they accept lower rates of interest because they expect to be tax exempt.

Commissioner Ross asked Mr. Gaydosh about the company and information in general. Mr. Gaydosh said the Company was founded in 1947. His family purchased the company in 1977 with a partner. We are a commercial heat-treating company, and provide services to other metal working companies, i.e. foundries, machine shops, metal industries. We currently have 36 full-time employees and are in the process of adding more. We will be adding to the current structure approximately 17,000 square feet and will purchase new equipment to go into this expanded area.

Discussion was held. Commissioner Vasi requested that when Ohio Metallurgical employs additional personnel, to please work with Bill Ogle, Director-ETA and Mary Lou Golski, Director-Human Services Departments to assist people on welfare get off that program and have productive employment. Mr. Gaydosh said they would, as long as the people want to work he has no problem in working with those two agencies. Commissioner Ross commented that this Board requests all companies that expand their business or relocate within the County to work with these agencies to assist people to go from welfare-to-work and we thank you for your cooperation. Commissioner Ross also suggested

Mr. Gaydosh contact Ron Twining, Acting Community Development Director if we could help in any way for you to expand your business.

Mr. Goodman from Squires, Sanders and Dempsey, stated they have reviewed all the documents and are satisfied on the County's behalf that it contains the entire standard protections and limitation for the county's purposes. These are limited resource obligations, they do not expose any of the County's own assets, resources or obligations to repay debt, and the interest on these Bonds are tax-exempt.

With no further comment, the following Resolution was adopted:

The Board of County Commissioners of Lorain County, Ohio met in regular session on November 5, 1998 in the hearing room of the Board, with the following members present:

Michael A. Ross Betty Blair Mary Jo Vasi

Commissioner Betty Blair moved for adoption of the following resolution and Commissioner Ross seconded the motion:

Any reference herein to the Issuer, to the Legislative Authority, or to any officers thereof, shall include those which succeed to their functions, duties or responsibilities pursuant to or by operation of law or who are lawfully performing their functions. Any reference to a section or provision of the Ohio Constitution or to a section, provision or chapter of the Ohio Revised Code shall include such section or provision or chapter as from time to time may be amended, modified, revised, supplemented, or superseded; provided, that no such change in the Constitution or laws shall be deemed applicable by reason of this provision if such change would in any way constitute an impairment of the rights or obligations of the Issuer, the Borrower, the Trustee, or a Holder under this Bond Legislation, under the Indenture or with respect to the Bonds.

Unless the context shall otherwise indicate, words importing the singular number shall include the plural number, and vice versa. The terms "hereof', "herein", "hereby", "hereto", "hereunder", and similar terms, mean this Bond Legislation as a whole and not any particular section or subsection. Words of the masculine and neuter genders shall be deemed and construed to include correlative words of the masculine, feminine and neuter genders.

Section 2. Determinations of Legislative Authority. It is hereby determined, based upon the representations of the Borrower contained in its application to the CIC, that (a) the Project is, a "project" as defined in the Act and is consistent with the purposes of Section 13 of Article VIII. Ohio Constitution; (b) the proposed use of the Project is in furtherance of the purposes of the Act and will benefit the people of the Issuer and of the State of Ohio by creating and preserving jobs and employment opportunities and improving the economic welfare of the people of the Issuer and of the State of Ohio; and (c) the provision of loan assistance in financing costs of the Project will require the issuance, sale and delivery of the Series 1998 Bonds in the principal amount not to exceed $2,050,000, and hereafter may require the Issuer's best efforts to issue, sell and deliver Additional Bonds for the purposes set forth in Section 2.11 of the Indenture.

Section 3. Authorization and Terms of Series 1998 Bonds.

(a) Purpose and Designation. The Issuer shall issue, sell and deliver the Series 1998 Bonds in the principal amount not to exceed $2,050,000 for the purpose of making a loan to assist the Borrower in the financing of costs of acquiring, installing and equipping the Project for the Project Purposes. The Series 1998 Bonds shall be designated County of Lorain, Ohio, Variable Rate Industrial

Development Revenue Bonds, Series 1998 (Ohio Metallurgical Service, Inc. Project): The designation for the Series 1998 Bonds may also include the terms "Taxable" or "Tax- exempt" to clarify the status of the Series 1998 Bonds for federal income tax purposes. The principal amount of Series 1998 Bonds to be issued will be as set forth in the Certificate of the Executive or Fiscal Officer, based upon advice from the Borrower and the Underwriter.

(b) Form and Numbering. The Series 1998 Bonds shall be initially issued in fully registered form, shall be exchangeable in the manner and on the terms provided in the Indenture, and shall be numbered as determined by the Trustee. The Series 1998 Bonds shall be in the denominations permitted or required by the Indenture and shall be dated as provided in the Indenture.

(c) Maturity and Interest Rate. The Series 1998 Bonds shall mature on the date or dates and shall initially bear interest from their dates at the rate per annum, payable on each Interest Payment Date, as shall be set forth in a certificate of the Executive or the Fiscal Officer, based on advice from the Borrower and the Underwriter. Thereafter the Series 1998 Bonds shall bear interest at the rates as determined in the Indenture.

(d) Redemption of Bonds. The Series 1998 Bond shall be subject to optional redemption, extraordinary optional redemption and mandatory redemption upon a Determination of Taxability, all as defined and set forth in the Indenture. The Terms, conditions, a manner and the times for the various types of redemption are provided in Article III of the Indenture. The Issuer hereby authorizes the Borrower to act as its agent in directing optional redemption of the Series 1998 Bonds at the times and in the matter determined by the Borrower to act as its agent in directing operational redemption of the Series 1998 Bonds at the times and in the manner determined by the Borrower.

(e) Tender Provisions. The Series 1998 Bonds shall contain the optional and mandatory tender provisions as are provided in the Indenture

(f) Payment Bond Service Charges on the Series 1998 Bonds shall be payable as provided in the Indenture.

(g) Execution. The Series 1998 Bonds shall be executed on behalf of the Issuer by the Executive, provided such signature may be by facsimile.

(h) Registrar. The Trustee shall be the initial Bond Registrar and may resign, be removed, or a successor Bond Registrar may be appointed, 0 according to the provisions of the Indenture.

Section 4. Security for the Bonds. To the extent provided in, and except as otherwise permitted under the Indenture, the Bonds shall be equally and ratably (i) payable solely from the Revenues, and (ii) secured by the Indenture, including the assignment of and grant of a security interest in the Loan Agreement, except for Unassigned Issuer's Rights as defined in the Indenture. The Bonds shall be further secured by the Letter of Credit and the proceeds therefrom and may be paid from the proceeds of the Letter of Credit.

Anything in this Bond Legislation or the Bonds to the contrary notwithstanding, neither this Bond Legislation, the Bonds, the Loan Agreement nor the Indenture shall constitute a debt or a pledge of the faith and credit of the Issuer, and each Bond shall contain on the face thereof a statement to that effect and that such Bond is payable solely from the Revenues; provided, that nothing herein shall be deemed to prohibit the Issuer, of its own volition, from using to the extent lawfully authorized to do so any other resources for the fulfillment of the terms, conditions or obligations of the Indenture, this Bond Legislation or the Bonds.

Section 5. Sale of the Series 1998 Bonds. The Series 1998 Bonds shall be sold in accordance with the terms of the Bond Purchase Agreement. The Executive, the Fiscal Officer and the Clerk are authorized and directed to make the necessary arrangements with the Underwriter to establish the date, location, procedure and conditions for the delivery of the Series 1998 Bonds, and to take all steps necessary to effect due execution, authentication and delivery of the Series 1998 Bonds under the terms of this Bond Legislation and the Indenture to the extent not provided in the Bond Purchase Agreement. It is hereby determined that the price for and the terms of the Series 1998 Bonds and of the sale thereof, all as provided in this Bond Legislation and the Bond Purchase Agreement, are in the best interest of the Issuer and in compliance with all legal requirements.

Section 6. Allocation of Proceeds of the Series 1998 Bonds. The proceeds of the sale of, the Series 1998 Bonds should be deposited in the Special Funds as provided in the Indenture and loaned to the Borrower as provided in the Loan Agreement.

Section 7. Documents and Transcripts. In order to secure the payment of the Bond Service ,

Charges as the same shall become due and payable, the Executive, in the name and on behalf of the Issuer, is hereby authorized and directed to execute and deliver the Loan Agreement, the Indenture, the Tax Regulatory Agreement, and the Bond Purchase Agreement in substantially the forms submitted to this Legislative Authority, with such changes therein not inconsistent with this Bond Legislation and not substantially adverse to the Issuer as may be permitted by the Act and approved by such officers. The approval of such changes by such officers, and that such changes are not substantially adverse to the Issuer, shall be conclusively evidenced by their execution of such instruments.

Any Commissioner, the County Administrator, the Fiscal Officer and the Clerk, as appropriate, are hereby fin-ther authorized and directed to execute such certifications, financing statements, assignments and instruments as are, in the opinion of the Legal Officer, Issuer counsel and bond counsel to the Issuer, necessary or appropriate to perfect the pledges set forth herein and in the Indenture and to consummate the transactions provided for herein, in the Loan Agreement, the Indenture, the Tax Regulatory Agreement and the Bond Purchase Agreement.

The Clerk, or other appropriate officer of the Issuer, shall furnish to the Trustee a true transcript of proceedings, certified by the Clerk or said officer, of all proceedings had with reference to the issuance of the Series 1998 Bonds along with such information from the records as is necessary to determine the regularity and validity of the issuance of the Series 1998 Bonds.

Section **8.** Federal Tax Matters.

(a) Bond Approval. Solely for the purpose of Section 147(f) of the Code, the Legislative Authority hereby approves the Series 1998 Bonds.

(b) Arbitrage and Federal Guarantees. The Executive and the Fiscal Officer, alone or in conjunction with the other, are hereby authorized and directed to provide such certificates and to take such other action as may be necessary and requested by the Borrower in order to comply with the Issuer's covenants relating to arbitrage and federal guarantees.

(c) Average Maturity of Series 1998 Bonds. The Executive and the Fiscal Officer, alone or in conjunction with the other, are hereby authorized to certify, which certificates shall be based on certifications supplied by the Borrower for the benefit of the Issuer, that in accordance with Section 147(b) of the Code, the average maturity of the Series 1998 Bonds does not exceed 120% of the average reasonably expected economic life of the project. of the Project.

(d) Information Reporting. The Executive, the Fiscal Officer, and the Clerk, as appropriate, are hereby authorized and directed to execute and file such documents, including any forms prescribed by the Internal Revenue Service, as are necessary in the opinion of bond counsel to the Issuer, to comply with the information reporting requirements of Section 149(e) of the Code.

(e) Bond Registration. In compliance with Section 149(a) of the Code, the Series 1998 Bonds shall only be issued as fully registered bonds as provided in the Indenture.

(f) Tax Exempt Conversion. The Issuer acknowledges that it has been advised that the Series 1998 Bonds are being issued upon the basis that the interest on the Bonds is not excludable from the gross income of the holder of the bonds for federal income tax purposes because the State of Ohio has exhausted its 1998 volume cap for private activity bonds under Section 146 of the Code. When the Series 1998 Bonds receive an allocation of volume cap from the State of Ohio, a "Tax Exempt Conversion" of the Series 1998 Bonds will occur as described in Section 2.12 of the Indenture.

(g) Private Activity Bond Limit. Upon the request of the Borrower, the Executive, the Fiscal Officer or the Clerk is hereby authorized and directed to seek and obtain a portion of the State of Ohio's allocation of private activity bond limits under Section 146 of the Code with respect to the Series 1998 Bonds.

(h) $10,000,000 Election. This Legislative Authority hereby elects to have the $10,000,000 limitation specified in Section 144(a)(4) of the Code applied to the Series 1998 Bonds.

Section 9. Prevailing Wage Rates. As provided in Section 165.031 Revised Code, all wages paid to laborers and mechanics employed on the Project will be paid at not less than the prevailing rates of wages for laborers and mechanics for the class of work called for by the Project, which wages shall be determined in accordance with the requirements of Chapter 4115, Revised Code, for determination of prevailing wage rates; provided that should the Borrower undertake, as part of the Project, construction to be performed by the Borrower's regular bargaining unit employees who are covered under a collective bargaining agreement which was in existence prior to the date of the commitment instrument undertaking to issue the Bonds then, in that event, the rate of pay provided under the collective bargaining agreement may be paid to such employees.

Section 10. Compliance with Open Meeting Requirements. It is hereby found and determined that all formal actions of this Legislative Authority concerning and relating to the enactment of this Bond Legislation were taken in an open meeting of this Legislative Authority and that all deliberations of this Legislative Authority and of any of its committees that resulted in' such formal action, were in meetings open to the public, in compliance with all legal requirements, including Section 121.22 of the Ohio Revised Code.

Section 11. Effective Date. This resolution will be in full force and effect immediately on its enactment.

Upon roll call on the adoption of the resolution the vote resulted as follows:

A.2 JOURNAL ENTRY

Alice Webber, Emergency Management Specialist was present to receive Proclamation. Commissioner Ross read and presented the Proclamation declaring the week of November 8 - 14, 1998 as "Winter Safety Week" in Lorain Co.

Mrs. Webber thanked the Commissioners for this declaration

Commissioner Blair stated that as a matter of information, the County has a cooperative salt purchasing agreement with the Ohio Dept of Transportation, and we received a call from the Elyria City Schools that their salt shed had been dismantled and they have been put in contact with the County Engineer's Office. The Elyria Schools are going to get their salt from the County and be billed at the same rate the County pays, so this is another thing we have been able to do through this office and is a plus for the Commissioners office!

B.12 RESOLUTION NO. 98-867

In the authorizing the Lorain County Solid Waste Management) District Community Grants for 1999) November 5, 1998

WHEREAS, Sally Pecora, Acting Director, Lorain County Solid Waste Management District by memo dated October 23, 1998 submitted the following:

"Attached please find a complete list of the communities requesting funding for the 1999 grant year. As provided in the LCSWMD Plan, we are tasked with assisting comminutes with their recycling and composting programs. These programs divert recycables and yard waste from the landfill, leaving valuable space in the landfill for materials that can not be recycled.

Two communities did not apply for funding for 1999. They are Elyria Township and Village of South Amherst. Without these communities we still offer recycling opportunities to 90% of the county population, a stipulation set by Ohio EPA.

There has been an increase in funds requested by a few communities. This is a reflection of the rate increase by Browning Ferris Industries (BFI). This is the first increase BFI has instituted for recycled materials in five (5) years.

The total award of the 1999 District Grants will be $1,392,962.00. As defined in the grant guidelines, the District will notify participating communities by November 8, 1998. Your timely consideration of this matter is much appreciated.

If I can be of further assistance, please don't hesitate to contact me.

Said awarded amounts are as follows:

Amherst City	$ 127,500.00
Amherst Township	$ 73,175.00
Avon City	$ 83,280.00
Avon Lake City	$ 75,000.00

Motion by Vasi, seconded by Blair to adopt Resolution. Ayes: all.
Motion carried.

JOURNAL ENTRY

Commissioner Vasi stated that-quite some time ago she talked with Andy Andersen about a warehouse for recycling, and she had prepared a "rough sketch" that was displayed for view and asked the Board for dialogue. Commissioner Vasi said the Solid Waste Plan may prevent the County from doing some of these things, but she is concerned about them and the finances. There currently is over $2 million in the Solid Waste Budget and we are now granting about $1.3 million to the townships and municipalities and we do have the funding available. The State of Ohio can question the Commissioners on the money we have in the solid waste budget and can reduce that if not spent. We do have a need to spend these funds, and she was proposing a recycled center by building a pole barn. Mr. Muntean and Mr. Andersen at one time had looked into the cost to build a pole barn, but she felt these figures would need to be updated.

Commissioner Vasi said we could expand this pole barn to have the Solid Waste offices in one section; used appliances-drop off for the Human Services Dept. in another section. These appliances could be repaired and given to people that need them who are on welfare. Another section would be a County Maintenance warehouse for used equipment, office equipment and could share equipment with other departments/townships/municipalities or as a trade-off. We could have a paint center where paint could be recycled. Another area could be for newspapers and office papers(white paper) to be recycled. Cardboard/battery and oil drop- off/household goods and furniture. We could have trailers in the back to discard furniture that would not be in good shape, or we could have people that could repair the furniture.

Maintenance offices could also be there along with parking. Possibly, goat-eaters could be placed there so people could have an incentive to recycle. Commissioner Vasi commented James Ross for his research and ideas on this project.

Commissioner Vasi stated that we would probably run into some obstacles, i.e. someone has to clean the goat-eaters, the pop cans draw bees and flies. James said that he has gotten some feedback from apartment owners who indicated that they would be willing to maintain the bins.

Commissioner Vasi said she would like to be authorized by the Board to move along with this project with the assistance of Mr. Muntean and the Solid Waste Department.

Commissioner Ross felt this was a good idea and Solid Waste Department could identify potential locations. Commissioner Vasi stated that all this would help in savings the landfill. The one thing that concerns her is that most of the waste going in there is not from Lorain County. BFI is also talking about an expansion of the landfill of about 102 - 107 acres. We are supposed to be reducing what goes into the landfill, not expansion of the landfill.

Commissioner Vasi said there is some land available along Russia Road to Murray Ridge Road that the County owns.

Commissioner Blair asked if there were other counties that have this type of recycling center. Commissioner Vasi said she did not know of any that have gone this far. Some counties do have swap programs and recycle paint.

Discussion continued.

Mary Beth Derikito, Huntington Township Trustee commented this was a wonderful idea and if the Commissioners get to the point where you are ready for a kick-off celebration she would be willing to help and bring her goats up!

Commissioner Ross said he did not really feel a resolution was necessary. If we can get together with the Solid Waste/Job Training and Senior Citizens Departments and come back with additional information as to location and look at budget issues we can move forward.

The Commissioners all agreed that this is a good project and starting point and gave Commissioner Vasi the approval to go ahead and obtain this information and bring back the results at the earliest time permissible.

November 10, 1998

The Board of Commissioners of Lorain County, Ohio, met this day in a special meeting in the J. Grant Keys Administration Building, 226 Middle Avenue, Elyria, Ohio, with the following members present: Commissioner Michael A. Ross, President, Commissioner Betty Blair, Vice-president, Commissioner Mary Jo Vasi and Roxann Blair, Clerk.

The following business was transacted:

JOURNAL ENTRY

Commissioner Ross moved, seconded by Commissioner Vasi to recess into Executive Session to discuss personnel issues/new hires. Upon roll call all voted in favor of the motion.
Motion carried.

JOURNAL ENTRY

Commissioners reconvened from Executive Session relating to personnel issues/new hires and no action is to be taken at this time.

JOURNAL ENTRY

The Board of Commissioners have called an emergency meeting for 11:00 am to discuss electrical repairs at the Lorain County Correctional Facility located on Murray Ridge Road, Elyria, Ohio.

Mr. Muntean, County Administrator stated that the Board of Commissioners has scheduled this emergency meeting to deal with the electrical problem at the Correctional Facility.

At the older portion of the jail, the high voltageswitchgear has blown up and arced out. The County has called a contractor in to "Band-Aid" the present equipment. The equipment is unsafe for employees to be around, and the "band-aided" situation may hold for a short period of time, but the electrical contractors have determined this needs to be replaced immediately or we may have a black out disaster situation at the facility

Mr. Muntean said the Lorain County Sheriff has received three (3) informal quotations and the lowest of these was Atlas Electrical Construction, Inc., of Elyria, Ohio to replace the high voltage switch gear and to replace underground cabling to the County owned substation is $29,575.60. As a result of this, there is an additional situation where we will need emergency stand-by power. Atlas Electric has indicated with an informal quote, they would provide this stand-by power for up to one (1) week while the equipment is removed and replaced and the installation and tie-in of this stand-by equipment and rent will total $6,727.50 and this will be on a separate purchase order.

The two (2) additional informal quotations received for the high voltage switch gear replacement were:

Lorain Television and Electrical Systems	$38,224.00
Higgins Electric Co.	$33,250.00

Sheriff Mahony stated that the electric power enters at the old portion of the jail, but this electric controls the entire jail. When this electric equipment arced and exploded there were people around it, this was a concern. They had to shut the jail down to incoming inmates during this period because we had no power. We had minimal lighting in the new portion of the jail. We can not operate our booking department because without power we are in total darkness. This is why we need an emergency generator.

Sheriff Mahony said that at the time we had the power outage we also experienced problems with inmates, such as cell flooding to disrupt the operations even more. We have a stand-by generator, but it does not meet the needs of the present facility as it has been expanded.

Discussion continued. The following resolution was adopted:

RESOLUTION NO. 98-878

In the matter of authorizing Atlas Electrical Construction,)
Inc. in the amount of $29,575.60 to proceed with emergency) November 10, 1998
electrical repairs at the Lorain County Correctional Facility)

BE IT RESOLVED, by Lorain County Board of Commissioners that based upon the emergency electrical situation at the Lorain County Correctional Facility, and the informal quotations received, we do hereby authorize Atlas Electrical Construction, Inc. to proceed with emergency electrical repairs in the amount of $29,575.60.

Motion by Vasi, seconded by Blair to adopt Resolution. Ayes: All.
Motion carried.

With no further business, Vasi moved, seconded by Ross to adjourn the meeting. Ayes: All.

B.15 RESOLUTION NO. 98-891

In the matter of awarding contract to Universal Excavating)
Company, Avon, Ohio in the amount of $19,432.00 for the) November 12, 1998
City of Avon Flood and Drainage Project)

WHEREAS, Ronald F. Twining, Planner III/Acting Director, Lorain County Community Development Department by memo dated November 9, 1998 submitted the following:

"The City of Avon has recently opened bids for their FY97 CDBG, Flood and Drainage Project. Attached is their bid tabulation sheet.

Ms. Karen L. Davis, County's Wage and Contract Compliance Officer and I have reviewed the information submitted concerning this project.

The bid amount is $19,432.00. The Engineer's estimate for this project was $20,000, $17,900 was to be provided by CDBG funds with the City of Avon paying the balance of the bid ($1,532).

It is my recommendation that the Board of County Commissioners and the City of Avon award the bid to Universal Excavating Company, 4040 Stoney Ridge Road, Avon, Ohio.

Your consideration is greatly appreciated."

There were nine (9) bids received and Universal Excavating was the lowest and most responsive complying with specifications. Said amount was $19,432.00 with CDBG funds of $17,900.00 and the City of Avon will pay balance of $1,532.00.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the memo dated November 9, 1998 submitted by Ron Twining, Planner III/Acting Director, Lorain County Community Development Department we hereby award contract to Universal Excavating Company, Avon, Ohio in the amount of $19,432.00 for the City of Avon Flood and Drainage Project.

Motion by Vasi, seconded by Ross to adopt Resolution. Ayes: All with Exception of Blair, absent, attending a Land Use Design Seminar in Indiana.

Motion carried.

B.15 RESOLUTION NO. 98-909

In the matter of awarding bid to G.R. Osterland Company in the)
amount of $69,133.50 to construct the Lorain County Transit) November 19, 1998
Park-n-Ride project)

WHEREAS, William R. Eltrich, General Manager, Lorain County Transit by letter dated November 12, 1998 submitted the following:

"I have reviewed the bid submittals with Mr. John Hamilton, Assistant Director, Lorain County Engineers Office, regarding the Lorain County Transit's park-n-ride project.

I would like to recommend that the G.R. Osterland Company be awarded the contract in the amount specified in the bid at $69,133.50. The G.R. Osterland Company's bid met all bid requirements and specifications. Their bid of $69,133.50 was also the lowest amount bids received. The cost to perform this project is within our budgeted amount.

None of the bidders indicated that they could complete the project this year because the construction season is ending, However, the time frame offered by G.R. Osterland Company is satisfactory to LCT and is consistent with our funding program.

In discussing the bids with Mr. Hamilton, we both agreed that G.R. Osterland Companys' bid was the best overall bid submitted on the project.

I look forward to your response to my recommendation.
Sincerely, William R. Eltrich, General Manager, LCT"

There were three (3) bids received as follows:

G.R. Osterland Company, 2100 West Third Street, Cleveland, Ohio 44113	$69,133.50
Erie Blacktop, Inc., 4507 Tiffin Avenue, Sandusky, Ohio 44870	$70,904.75
Kokosing Construction Co., Inc., P.O. Box 226, Fredericktown, Ohio 43019	$83,436.25

G.R. Osterland Company was the lowest and most responsive bid complying with specifications.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners we hereby award bid to G.R. Osterland Company in the amount of $69,133.50 to construct the Lorain County Transit Park-n-Ride project.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All

RESOLUTION NO. 98-910

In the matter of Instructing the Clerk to advertise for bids for the)
Construction of a new Lorain County Dog Pound Facility)November 19, 1998

BE IT RESOLVED, by the Lorain County Board of Commissioners we hereby Instruct the Clerk to advertise for bids for the construction of a new Lorain County Dog Pound Facility.

Said Notice will be published in the Morning Journal and Chronicle Telegram on November 27 and December 4, 1998 as follows:

Sealed bids will be accepted until 2:00 p.m., local time on December 1, 1998 by the Lorain County Board of Commissioners, Purchasing Department, 226 Middle Avenue, Elyria, Ohio for the furnishing of all labor, material and equipment to construct the "DOG POUND FACILITY" located at 301 Hadaway Street, Elyria, Ohio in accordance with specifications, prepared by RWL Architects, Inc., 5320 Hoag Drive, Elyria, Ohio. Work performed shall be under the observation of the Architects. Bidders shall be paid not less than the prevailing wage rate determined by the Ohio Bureau of Employment Services, Wage and Hour Division for Lorain County. Current wage rates are to be used for the duration of the project. A Bid Guaranty/Contract Bond is required.

Bid Documents can be obtained at the office of the Architect, RWL Architects, Inc. 5320-C Hoag Drive, Elyria, Ohio 44035. A deposit of $100.00 per set is required, limit of two (2) sets per "General" Contractors, one set for other Bidders, refundable to contractors if plans and specifications are returned in good condition with ten (10) days after bid opening. Prime Contractors may purchase extra sets or portions of specifications upon request. (Amount paid will be the direct cost of reproduction paid to the Printer.)

TOTAL ALL WORK CONTRACT BIDS will be received from General Contractors to include: General Contract Work, Plumbing, HVAC, Electrical, and Fire Suppression work. Demolition Work of existing structure NOT included.

Proposals must contain the full name of the party or parties submitting the proposal and all persons interested therein. Each Bidder must submit a complete listing of all sub- contractors to be used, and further documentation as required in the bid document proposal as outlined in the specifications.

In lieu of the Bid Guaranty and Contract Bond referred to on the above paragraph, the Bidder may submit the Bid Guaranty provided in Section 153.54 of the Revised Code in the form of a Certified Check, Cashiers Check or Letter of Credit pursuant to Chapter 1305 of the Revised Code. The amount of the Certified Check, Cashiers Check or Letter of Credit shall be equal to ten percent (10%) of the bid, including additive alternates.

A 100% Contract bond (example form included in specifications) shall be properly secured if a 10% Check or Letter of Credit was used as the Bid Guaranty and Contract is awarded.

Should any bids be rejected, such Cashiers Check, Certified Check, Letter of Credit or Bid Bond will be forthwith returned upon proper execution of the Contract.

LEAD OR GENERAL WORK - ESTIMATE OF COSTS $286,800.00

Each bid shall contain the full name or names of persons and company submitting the bid and shall be enclosed in a bid envelope and marked by the Bidder as follows: LORAIN COUNTY DOG POUND FACILITY 301 Hadaway Street, Elyria, Ohio.

The Lorain County Board of Commissioners reserves the right to reject any and/or all bids and to waive any informalities or irregularities if it is deemed in the best interest of Lorain County to do so.

Motion by Vasi, seconded by Ross to adopt Resolution. Ayes: All.
Motion carried.

B.21 RESOLUTION NO. 98-914

In the matter of authorizing the Lorain County Auditor to)
close out purchase order #LC05363-98 to Oracle) November 19, 1998
Corporation in the amount of $42,413.60 and amend the)
current purchase order #LC06610-98 to Finsys Corporation)
in the same amount of $42,413.60)

WHEREAS, Mark Stewart, Lorain County Auditor by letter dated November 13, 1998 submitted the following:

"We kindly request purchase order number LC 05363 98, for Oracle Systems Support be closed. In light of the difficulties, the County has experienced in the implementation of the new Oracle system it appears the County will not be billed by Oracle for technical support in 1998. We have pushed for this reduction in our bill with Oracle and apparently, they have given the County a break for 1998, as we have not been billed for any services.

There is still a necessity for County personnel to receive consultation as far as the accounting, budgetary, and purchasing aspects of the new system. Further assistance and design will be required for year end reports and conversion programs needed to facilitate a bridge between the old Sage system and new Oracle financial system. Certain programs may be needed to produce required reports such as 1099's that must be sent to vendors, as required by the Internal Revenue Service or conversion programs written to produce year end financial reports as required by the State Auditor's office.

We feel that the cost savings, by not being charged for Oracle support, will offset the costs for the consulting work performed by Finsys Consultants, Incorporated as required by these outside agencies and County personnel. Any cost savings to this contract will be returned to the general fund. I thank you in advance for your consideration. If you have any questions do not hesitate to contact me at extension 5170.

Summary

In short, we are kindly requesting the Board of Commissioners approve the following actions:

1. Please close PO No. LC05363 98 (see attached) to Oracle Cooperation for $42,413.60
2. Amend current P.O. No. LC06610 98 with Finsys Corporation for like amount of $42,413.60

If the actions above are approved, all monies ($42,413.60) now unused within the Oracle Purchase Order will be reissued for future services with Finsys.

Sincerely, S/Mark R. Stewart, Lorain County Auditor"

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the request of Mark Stewart, Lorain County Auditor by letter dated November 13, 1998 we hereby authorize the Lorain County Auditor to close out purchase order #LC05363-98 to Oracle Corporation in the amount of $42,413.60 and amend the current purchase order #LC06610-98 to Finsys Corporation in the same amount of $42,413.60.

D. ASSISTANT COUNTY PROSECUTOR

JOURNAL ENTRY

Mr. Innes stated that Mr. William County from the Domestic Relations Court/Juvenile Department was present to request the Commissioners approve an Agreement for the County to give various obsolete furniture and equipment to the Boys and Girls Club of America, in exchange for services.

Mr. County said that there are a lot of items which are no longer used by the county that consists of furniture, video games and decorations, etc., The Boys and Girls Club is a National organization which the Domestic Relations court is affiliated. They have secured a building in Oberlin, Ohio as their first site for the Boys and Girls Club of Lorain County and we expect within the next few years to expand to Elyria and Lorain.

Mr. County stated that he feels this unused equipment/furniture which is currently stored at the old Stepping-Stone facility can be put to great use and help push them along the way to serving the youth in Lorain County. Mr. County appreciates the Commissioners cooperation in this matter.

Mr. Innes said that they were looking at doing an exchange of services for this equipment/furniture. Rather than paying money and having to go out and purchase new items, we could set this up, such as an auction, they could bid pursuant to what we could pay them for their services.

Commissioner Vasi asked what would happen if there were other agencies that would like to bid on these items. Mr. Innes responded that we are in the position for the services they can offer us. All of these items are worth less than $2,000.00. We would post these items for a period of (10) ten days and indicate that anyone, who would like to come in and submit a bid, can do this on a specified date.
Commissioner Vasi said she was concerned about fairness to other agencies that could provide these same services.

Discussion continued and the following resolution was adopted:

JOURNAL ENTRY

The Clerk briefly reviewed the project to date indicating the Petition was filed with this office on August 27, 1998 by the Penfield Township Trustees, to alter the course of the Allison Ditch by constructing a ditch (tile) along the west side of State Route 301.

The Petition was forwarded to the county Engineer for review. The Engineer's Department provided this office with a list of property owners in the area. Commissioners Resolution No. 98-747 adopted September 24, 1998 accepted the Petition and scheduled the public view for October 28,1 998 at 10:30 a.m., and November 19 at 11:00 a.m., for the public hearing.

Notices were published in the Chronicle Telegram on October 1 and 8, 1998 giving notice of the view and hearing.

This office has received two telephone calls from property owners expressing their concern and objection to this improvement.

Mr. Innes, Assistant County Prosecutor administered an oath to everyone present that would be giving testimony at this hearing.

Commissioner Ross turned the meeting over to John Hamilton, County Engineer's Office to review the preliminary engineering report which was filed with the Clerk.

Said report reads as follows:

This office has reviewed the petition for the Allison Ditch system and done preliminary calculations for the watershed. We also walked the outlet ditch from S.R. 301 to Indian Hollow Rd. Penfield Township, the petitioners, have had drainage problems on their property for a number of years. They have had discussions with ODOT and, according to the Trustees, ODOT ha agreed to install a pipe to the next outlet north, provided the pipe is supplied to them. The next outlet north is a 6'x 4'box culvert about 2500 feet away. About 1800 feet of roadside ditch would need to be piped to accomplish this. The petition therefore has two purposes:

1. Alter the course of a portion of the Allison Ditch watershed and drain it to the north to the next outlet.
2. Purchase the pipe necessary to construct this project.

At the viewing for this ditch project, concern was raised for the outlet ditch east of S.R. 301 and it is our understanding that the Trustees are going to amend the petition to include work on the outlet ditch.

A summary of our findings is as follows:

1. Allison Ditch area to be diverted north = 24 Acres. A storm that should happen once every 1O years would produce a flow of about 19 cubic feet per second.
2. The culvert on S.R. 301 at the outlet currently handles about 275 acres which produces a 10-year storm flow of about 125 cfs.
3. The culvert on Indian Hollow Rd. is an 8'x 6'box culvert. It currently handles about 620 acres which produces a 10-year storm flow of about 230 cfs.

If a 24" pipe is installed to the north at 0.2% grade, it will handle about 11 cubic feet per second with the remaining water using the old tile outlet or ponding for a short period of time. This would mean about an 8.8% increase in flow at S.R. 301 and a 4.8% increase in flow at Indian Hollow Rd.

The outlet ditch cast of S.R. 301 goes through farm field for a distance of about I 100 feet and then enters woods for a distance of about 2500 feet to Indian Hollow Road. The ditch in the field area has some restrictions and some water laying in it. The ditch in the woods is well defined with several brush snags. The soil also appears to be erodable.

We would recommend cleaning the outlet ditch from S.R. 301 easterly for a distance of about I 1 50 feet and installing rock channel protection at that point to slow the water down as it enters the woods.

The estimated cost of this project is as follows:

Ditch Cleaning:

Clearing & Grubbing	$ 750.00

Excavation & Spreading	$4,600.00
Seeding & Mulching	$ 600.00
Rock Channel Protection	$ 990.00
TOTAL	$6,940.00

Pipe along S.R. 301 – material only, ODOT installation
1800 L.F. @ $8.50 = $15,300
This does not include any risers or catch basins that ODOT may require.

Total Cost	$22,240.00
Engineering & Inspection	$ 1,000.00
First Year Maintenance (5%) Ditch only	$ 350.00
	$23,590.00
Petitioners Bond	$ 750.00
TOTAL	$24,340.00

The Township has agreed to have a local 4-H or boy scout group clear the brush snags from the wooded area.

This project could be assessed in several ways. The frontage parcels will receive the benefit from the deeper tile being installed across their frontage; the northeast comer of S.R. 301 and S.R. 18 will benefit by less flow through the old Allison system up to S.R. 18; the Township will receive the most benefit by draining their property; the 24 acres at the northwest comer of S.R. 301 and S.R. 18 will benefit from improved drainage; any parcel draining through the culvert on S.R. 301 will have a slight benefit by cleaning the outlet ditch; the property adjacent to the outlet ditch will benefit from the outlet ditch cleaning.

Mr. Hamilton discussed several different ways to assess property owners on this project. The Township Trustees receiving most of the benefit from this project at 75%, would pay $18,255.00. This would leave the 20 acres at the Northwest comer of SR 18 and SR 301, and II 1/2acres at the Northeast comer of SR 301 and SR 18 and people directly behind the ditch. This works out to about $56.00 per acre. There are many ways of assessing the property. You could assess just the frontage; you could assess everyone because they have some benefit.

Commissioner Ross asked for comments from the Township Trustees. Mr. Richard Conrad said that the biggest question from property owners was the assessments. These figures are not set in stone, but since the Township is getting the most benefit, we are willing to pick up 75% of the total project.

Commissioner Ross asked for comments/questions from property owners in favor of the project.

Mrs. Yards stated that she has property on SR 3 0 1, but on the north of this ditch assessment and she also has property on Whitehead Road that does not drain into this ditch, and she was hoping she was not going to be assessed for both properties.

Mr. Conrad responded that they reviewed her property and the way they initially set up the assessment, she would not be assessed anything, because her property is north of the water shed area.

Mr. Al Lieby said that his property abuts the ditch, and they have had a problem over the past 15 years, the water comes 20 - 30 feet into the front yard. We have the situation now where a major portion of the water will drain off, but there still is a lot of water remaining and many times the water will come all the way to the front of the house, along SR 301. Mr. Lieby said he would like to see this project go forward and with the Township Trustees taking 75% of the costs, makes this project favorable.

Several property owners who were not identified questioned the assessment costs.

Jack Underwood, property owner asked a question on behalf of another owner, what the County would do if they dug up his pipe he recently had installed. Mr. Hamilton replied that if the County could take out his pipe and salvage it, and relay it which would help in purchasing less amount of pipe, he would not be assessed. A lot of times it is difficult to get plastic pipe out of the ground and be able to reuse it. They will have to look at it and assess the situation.

Property owner Rich Frolo said he is in the wastewater business in North Olmsted and understands the problems. The first area he felt the County should look at, is to clean out the ditch first, possibly look at constructing a detention basin, and try and find out when the State will be repaving SR 18 and have a larger culvert placed in the ditch at that time.

Mr. Hamilton said the County and Township has been working on this for several years. The first course was to lower the culverts on SR 18. There is an old tile that runs from SR 301 to SR 18 along yards and trees, etc. and this would be expensive to relocate the flow of the ditch. Soil & Water Conservation has looked into this and it will not solve the problem.

Mr. Conrad said the Township has been working on this for several years. It would take a lot of deep grading along SR 18 and have bigger culverts, and we have a landowner who is against this which killed the entire project.

Commissioner Blair said that once this project proceeds, there will be a continuing maintenance fund for the cleaning of this ditch once the project is resolved.

Mr. Hamilton said yes, that the maintenance is 5% of the construction cost of the ditch itself. The Engineer's office walks the ditch every year and make a report to the Commissioners on what maintenance rate is needed. If the County spends money to clean the ditch, the maintenance charge is put on, if it is in acceptable condition and there is enough money in the account then it is taken off. This can build up to 20% of the original cost of the project. This was included in the original estimate for $350.00 which is 5% of the $6,940.00 for the ditch itself.

(Mr. Conrad said that if this Board conducts the second public hearing on this issue, if the Commissioners will schedule a evening meeting. Commissioner Ross said they would take it under advisement)

Discussion continued. With no further comments the following resolution was adopted:

RESOLUTION NO. 98-917

In the matter of the Allison Ditch Petitioned for by the Penfield)
Township Trustees, Lorain County, Ohio) November 19, 1998

The Board of Commissioners of Lorain County, Ohio met in a regular session on the 19th day of November 1998 at the office of said Board with the following members present: Michael A. Ross, President, E.C. Betty Blair and Mary Jo Vasi

Commissioner Blair moved the adopt of the following Resolution:

WHEREAS, this being the day fixed by the Board in its order dated the 24th day of September 1998 (Resolution No. 98-747) for the hearing on the petition in the above named improvement, the said Board met at is office, and conducted the hearing by causing the petition to be publicly read, together with the all applications for and remonstrance's against the improvement and all applications for change or extension of the improvement, previously filed in writing; and

WHEREAS, after proper examination, said Board finds that due and legal notice has been given in the manner and for the length of time required by law, to all owners of land affected by said improvement; and

WHEREAS, said Board has made an actual view of said proposed improvement and has heard either in person or by counsel all evidence offered by any owner of land for or against the grating of the proposed improvement, or against the granting of any laterals, branches, or spurs, or change of route, course, termini, or manner of construction described in the petition, or in any application therefor;

NOW, THEREFORE E IT RESOLVED, by the Lorain County Board of Commissioners that we hereby find that the said proposed improvement petitioned for is necessary and will be conducive to the public welfare and it is reasonably certain that the cost thereof will be less than the benefits, and the prayer of the petition is hereby granted; and it further finds that the following described route and termini of the proposed improvement and of the branches, spurs and laterals thereof, and the manner of constructing the same are the best and the same are hereby adopted and prescribed by said Board:

Commencing;

1) Alter the course of a portion of the Allison Ditch Watershed by installing a storm sewer on the west side of S.R. 301
2) Cleaning the outlet ditch form S.R. 301 easterly for a distance of about 1,150 feet and installing rock channel protection at that point to allow the water down as it enters the woods

FURTHER BE IT RESOLVED, that the County Engineer be and he is hereby directed to cause to be made the necessary survey for he proposed improvement, plans for the structures, maps showing the location of beginning at the upper torminus of the improvement and performs such other duties as require by Section 6131.14 of the Revised Code of Ohio;

BE IT FURTHER RESOLVED, that this hearing on said improvement be and the same is hereby adjourned until such time the County Engineer has complied the survey and filed with this office and thereafter, a public hearing will be schedule and notices forwarded to property owners advising them of the date and time for the public hearing.

Commissioner Vasi seconded by the motion. Ayes: all.
Motion carried.

JOURNAL ENTRY

Fran Baumann, Chairwoman of Oberlin City Council said she has brought a letter for each Commissioner, but chose to read the letter aloud as follows:

"The City Council of Oberlin, Ohio would appreciate being kept informed of the status of any plans to expand Lorain County Airport and extend the runway from its present length. We would also like to know about the proposed role that an Airport Authority and County Port Authority might play. Additionally, we would like to be notified of any public hearings or other special meetings relating to any of these issues, as they are scheduled in the future.

The Council and citizens of Oberlin are quite interested in these matters, and could provide some valuable input to any planning process. Thank you very much for your cooperation."

Commissioner Ross thanked Fran Baumann for her letter and said he understands their concern by the Oberlin City Council as well as New Russia Township. All of the Airport Board meetings are open to the public and encourage her to attend. Commissioner Ross said he would make sure Mr. Dan Abfall, Airport Director also receives a copy of the Council's letter and sees that we all communicate in regards to this issue.

Elizabeth Rumics said she had hand delivered a letter to the Commissioners on Monday morning (11-16-98) but did not see it listed on the Agenda under correspondence, and wanted to know if there was a "lag" in logging correspondence received.

Commissioner Blair responded that normally the Clerk will receive and log the mail, and seeing that the Clerk did not receive a copy was not aware of this letter, and none of the Commissioners gave her a copy thinking the letter was our own copy.

Commissioner Ross said rest assured we did receive your letter, but he has not had an opportunity to respond but will see that the Clerk receives a copy so it is part of the record. Mrs. Rumics said she does not need a response to the letter, it goes to support the City Council and community in this entire matter dealing with the proposed potential reorganization of the various county offices, specifically the Port Authority.

Mrs. Rumics said has there been any economic justification been put forth both for expansion of the airport.
Commissioner Ross thanked Mrs. Rumics and will give real consideration to each of her issues mentioned.

Commissioner Vasi said she wanted to assure everyone that no decisions have been made with respect to the article in Friday's paper. She has received several telephone calls from concerned people, but she wanted to assure everyone no decisions have been made.

Mrs. Rumics said that since she has been attending these meetings, she knows that sometimes the resolution are presented and voted for in public, but sometimes they are not aware of what is behind those resolutions. If and when the potential reorganization is to come forward as a resolution, it would be extremely helpful if a public hearing before the resolution is to be acted on would be most helpful.

Mr. Rokasy, Budget Director indicated that in reference to item number 19 on the Agenda, he spoke with Nick Hutlock and he asked the Commissioners table this issue until December 3, 1998. There would not be a problem in the County losing the grant.

MaryBeth Derikito, Huntington Township Trustee said she did read the article in the Morning Journal and she wondered if this plan goes ahead and there is a department of economic development under the Port Authority what does that do to the local zoning authority and the land use plan being developed at this time. How much control will they have over the local development.

Commissioner Ross said nothing that happens within the economic development department would take away local control.

Mrs. Derikito asked if these changes be incorporated into the comprehensive land use plan. Commissioner Ross responded that the comp land use plan will be just that. We have talked about how that plan needs to come from the localities, it is only as good as the plan that comes from the individual local jurisdictions. The comp land use plan will pull all these together and provide for some common cement to it to appropriately call it Lorain County. We also have to find a way to put this plan into a Northeast Ohio Regional Plan as NOACA is discussing. We need to find out what Lorain County looks like today and what we collectively want it to look like 20 years from now, and this has to come from the communities.

Mrs. Derikito said she and Mr. Alspach attended the Build-Up Lorain County Policy meeting today about projects that need funding within the I" quarter of 1999. We have to many groups all doing their own planning. Commissioner Ross said Lorain County needs the staff and technical expertise to assist in this development, and we need the staff to access the resources from the State and Federal Government and bring home to Lorain County.

Discussion continued relative to the comprehensive land use plan and the Townships meeting schedule with Consultants, PKG.

With no further questions or comments,

Commissioner Blair moved, seconded by Commissioner Ross to recess into Exe Session to discuss pending litigation/the possible purchase of real estate and personnel/new hires. Upon roll call Ayes: All.

Motion carried.

Meeting #47 December 3, 1998

The Board of Commissioners of Lorain County, Ohio met this day in a regular meeting in the J. Grant Keys Administration Building, 226 Middle Avenue, Elyria, Ohio, with the following members present:, Commissioner Michael A. Ross, President, Commissioner Betty Blair, Vice-president Commissioner Mary Jo Vasi and Roxann Blair, Clerk.

The following business was transacted:

JOURNAL ENTRY

The Clerk announced the presence of members of the Southern Lorain County Community Partnership; Fred Alspach Wellington Village Councilman; William Locke, CEO-Lorain County Community Action Agency; Ernest Hartman, Huntington Township Trustee; and Janis McLaughlin, Director of Heartland Circle in Wellington, Ohio.

Mr. Alspach and Mrs. McLaughlin requested the Commissioners consider a request for proposal that that the Southern Lorain County Partnership prepared, to look at the human based needs of the low-to-moderate income families in southern Lorain County. The Southern Lorain County Community Partnership was formed under the umbrella of the Lorain County Community Action Agency.

Heartland Circle was formed four (4) years ago to deal with women and families when there is substance abuse issues. Substance abuse was not the only issue they found as they began their work. Problems also existed such as: children with learning disabilities, grandparents raising their own grandchildren, debt, divorce, and various other problems not being addressed. Heartland Circle that began four years ago, began with no constituency (spelling?) just as a new organization, has served the entire rural population of Lorain County, 700 people are on the mailing list and they have served over 1,000 residents. There is now a time to take a look at the human needs. In working with other organizations and partnerships, we now have counseling available on a sliding scale in Wellington. We have support groups formed and are working with the Lorain County Human Services Department with a Human Services worker now assisting people in the rural community for the first time ever.

Mrs. McLaughlin said they realized this survey needed to be performed in a professional way. Concurrently, the land use survey was sent to residents with the results now in, that survey looks at land use. The entire other side of quality of life-human needs side-is what we are asking of this survey. In the RFP we have not attached a dollar amount. If we could do that, it would mean we would know how to do the survey. We are requesting the Commissioners solicit this survey. This survey would help determine what is needed before offering various programs.

Commissioner Vasi asked if they were requesting funds. Mrs. McLaughlin said yes. We would like the Commissioners to send out the RFP, so that it comes from the Commissioners and not the Southern Lorain County Community Partnership, so that it is a county- based proposal

Commissioner Vasi asked if they have requested assistance from the Nord Family Foundation. Mrs. McLaughlin said no. Commissioner Vasi said this is a project that sounds like something they would be interested in funding.

Commissioner Ross said when they mentioned the "human-needs" he initially thought it was a duplication of the land use plan, but in hearing this it is a different side. Since the Lorain County Human Services Department are now there assisting, it sounds like that is working.

Mrs. McLaughlin said yes, it is working a little bit. We know if there is a little there and is easy to get, what we know is there is a lot more out there and we need to know that. How do we find out how many people are out there that needs food, clothing, basic support, meals-on-wheels, medical needs. We need to quantify numbers.

Commissioner Ross suggested that this discussion should also take place at the Children & Families First Council meeting, which Mr. Locke is a member. These are the social service agencies that come together to talk about issues that cross jurisdiction/agency issues like these. Mrs. McLaughlin responded that you do not get 1,000 people in the door if there is not any needs. We need this survey to take a look at where we are now.

Mr. Locke said his only comment was to the referral from Commissioner Ross for them to attend the Children & Families First Council meeting if the survey would not be adequate or valid, would this proposal be considered by the Commissioners.

Commissioner Vasi asked if they had any idea of the cost. Mr. Alspach responded that the RFP would determine the cost, and this is a step ahead of the cost. The scope of services would determine the cost. The cost in the RFP could be a cost, which would need to bring in other agencies to help fund this study. It may not be feasible for the Commissioners to do alone.

Commissioner Ross said that he would like to see what is going on within the Lorain County Human Services Dept that is addressing this type of issue. Has there ever been this type of survey provided. Mrs. McLaughlin said there was a major survey completed 30 years ago, but was invalid a year after it was completed, which was the land use plan.

With no additional questions or comments, the members of the Southern Lorain County Community Partnership thanked the Commissioners for their time.

RESOLUTION NO. 98-923

In the matter of authorizing the Lorain County Sheriff to) purchase six (6) Ford Crown Victoria's as replacement) vehicles per state purchasing prices of $121,686.00) December 3, 1998

WHEREAS, Sheriff Martin Mahony by letter dated November 10, 1998 submitted the following:
"In 1994 the Board instituted a very effective Fleet Replacement Program for the Sheriff's Office.
As in the past, in order to continue the effectiveness of this program, we must make our annual order for vehicle purchase. I am submitting my request based upon State Purchasing Bids for the 1999 Ford Crown Victoria Police Package Sedan. The cost for outfitting these vehicles with new mobile radios and beacons, a staged replacement of old and less reliable equipment started two years ago by the Commissioners, is also included.
As was listed in my 1998 Annual Budget Request (filed 5/31/97), my request is to purchase six (6) Ford Crown Victoria police vehicles. These new vehicles will allow us to meet the needs of an increased workforce, to phase some of the higher mileage cars (over 140,000 miles) to less demanding duties within the Sheriff's Office and to eliminate some of the older unreliable cars.
The timing of this request is made in conjunction with the new model year, the State Bid Cost announcements and the production schedule for "police package" vehicles. These vehicles are presently in production. Speaking with the dealer representative, we were advised that Purchased Orders should be made as soon as possible to insure delivery of this model. The expected delivery of these vehicles would be between 90 - 120 days from order.
I respectfully request that the Commissioners consider this purchase at their earliest convenience so the County may enjoy the State Pricing of these much needed vehicles. If there are any questions, I would be happy to meet with the Commissioners.
Sincerely, S/M.J. Mahony Sheriff"

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the request of Sheriff Martin Mahony by letter dated November 10, 1998 we hereby authorize the Lorain County Sheriff to purchase six (6) Ford Crown Victoria's as replacement vehicles per state purchasing prices of $121,686.00.

Motion by Blair, seconded by Ross to adopt Resolution. Ayes: All.
Motion carried. (discussion was held on the above)

Commissioner Vasi commented that there was not sufficient support documentation attached with the purchase request.
Commissioner Ross read the Sheriff's letter of request to purchase new vehicles. The Commissioners will instruct the Budget Director to forward a memo to all departments that purchase vehicles, and for any purchase over $1,000.00 they must submit a proper documentation along with their request, for the board's review and approval.

NOTED EXCEPTIONS: 3587-98 approve wagon & one sedan 3593-98 approve only MJV (STATE LOG NUMBERS)

I do not know why these are crown vehicles. Are they in addition to the current fleet?

I'm fine with the above, not sure about the rest of you.

Does anyone know why we need 3 new F0150's plus the 1991 Chev pick up for a total of 4 pick up trucks? Not clear on why we are ordering the extra car and (3) F0150 pick up trucks instead of 2. MJV

RESOLUTION NO. 98-928

In the matter of authorizing the addition of systems furniture for the Lorain County Human Services mail room in the amount of $10,097.83 from Thomas W. Ruff and Co., Index No. MP2/21) December 3, 1998

WHEREAS, Mary Lou Golski, Director, Lorain County Human Services by letter dated November 9, 1998 submitted the following:

"I am requesting that a Commissioner's Resolution be passed approving the addition of systems of furniture in the agency's mail room. The entire system will be purchased from and installed by Thomas W. Ruff and Co., Columbus, Ohio. Ohio State Term Contract Index No. MP2/21 will be utilized for this purchase. Materials and installation of the office system will cost $10,097.83.

This room did not have any systems furniture installed in it during the renovation of the Cook's Building. It is needed at this time to create a more secure area as a number of checks are both mailed from and received in the agency.

A Commissioners' Resolution is needed for our agency to use this state purchasing contract. It is also needed so that this purchase is reimbursable through State and Federal funds.

Your prompt attention to this matter will be greatly appreciated.

S/Mrs. Mary Lou Golski, Director, LCHS"

Said request is required to use the sate purchasing contract and for reimbursement through State and Federal Funds.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that based upon the request of Mary Lou Golski, Director, Lorain County Human Services by letter dated November 9, 1998 we hereby authorize the addition of system furniture for the Lorain County Human Services mail room in the amount of $10,097.83 from Thomas W. Ruff and Co., Index No. MP2/21.

Motion by Blair, seconded by Ross to adopt Resolution. Ayes: All.
Motion carried.

B.12 RESOLUTION NO. 98-929

In the matter of amending Resolution No. 98-848, adopted)
October 29, 1998 accepting the annual report on the) December 3, 1998
condition of maintenance ditches)

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated November 17, 1998 submitted the following:

"This letter is intended to clarify our recently submitted annual Report on the condition of maintenance ditches.

Item 1.

In past years our annual reports dated that the Dewhurst ditch would be needing some maintenance work done on it. At that time we had asked for a 5% maintenance rate to fund the work that we would have to do on this ditch. Since then, the property behind this system has been developed and an additional 36" storm has been added to the existing 30" storm. The contractor has also paid a $1500.00 maintenance fee for repairs to this system. The Engineer's Office requests that the 5% maintenance rate be removed from this system as it is no longer needed. The $3,196.14 in this account should be sufficient for the near future.

Item 2.

Our letter shows a balance in the Law Rd., subdivision detention basin account of $750.00. The amount to be collected, per the schedule of assessments is $725.00.

Thank you for your cooperation in this matter.

Sincerely, S/Kenneth P. Carney, Lorain County Engineer"

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the request of Kenneth P. Carney, Lorain County Engineer by letter dated November 17, 1998 we hereby amend Resolution No. 98-848, adopted October 29, 1998 accepting the annul report on the condition of maintenance ditches.

FURTHER, BE IT RESOLVED, said resolution will be certified to the County Auditor 's Department for correction to the assessment schedule.

Motion by Vasi, seconded by Blair to adopt Resolution. Ayes: All

B.13 RESOLUTION NO. 98-930

In the matter of accepting proposal from Anthem Health &)
Life for life insurance for employees effective January 1,1999) December 3, 1998

WHEREAS, Julie Steele, Benefits Representative by memo dated November 17,1 998 submitted the following:

"The RFP's have been returned for the life insurance for the County employees and the recap is as follows for the current amount of $30,000.00:

Anthem Health & Life	.15/1000	.03/1000 AD&D
The Hoffman Group	.19/1000	.03/1000 AD&D
Custis Insurance	.17/1000	.50/1000 AD&D

Rates are guaranteed for three (3) years with Anthem and Hoffman Group and two (2) years with Custis Insurance.
The current rates are as follows with Hartford:

Hartford	.155/1000	.03/1000 AD&D

We have been with Hartford for the past three years, and they did not submit another request after several phone calls requesting one.
Please make a decision at your earliest convenience due to the fact the current carrier expires on December 31, 1998.
Please note all new applications will have to be made with new carrier.
Thank you for your cooperation."

Said quote was the lowest and most responsive received and will be for a three (3) year period.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the memo submitted by Julie Steele, Benefits Representative dated November 17, 1998 we hereby approve Anthem Health & Life for life insurance for employees effective January 1, 1999.

B.19 JOURNAL ENTRY

In the matter of approving Change Order No. 1 to PKG)
Consultants in the amount of $300.00 to attend a special) December 3, 1998
work session with the County Planning Commission on)
December 7, 1998 at the Amherst Township Hall)

Commissioner Blair moved to approve this Change Order. The motion died for a lack of a second.
Mr. Twining also advised the Commissioners that within the next week he would be asking the Board to consider the purchase of a 1995 aerial photo from a firm that the County has used for these photographs. The last photos of Lorain County that was anticipated to be used were taken in 1988 and there has been a lot of development that has occurred in the past ten years. This 1995 photograph is available of the County, which the base information should be made a part of. The cost for this photo is $6,650.00 for a series of photos that cover the entire County. If we hire a firm to go out and take newer photos, it would cost in the area of $130,000.00 - $200,000.00.

F NEW BUSINESS

Commissioner Vasi stated that LORCO has a $15.3 million fundable grant project pending and has requested a letter of support from the Board of Commissioners to the Northeast Ohio Regional Sewer District.

Fred Alspach, Executive Director of the Lorain County Rural Wastewater District was present and explained that for several months they have been talking with the NEORSD in terms of their capabilities of reaching a long-term wholesale treatment contract with them to package their existing system north of Columbia and North Olmsted Townships, which they have a 54" interceptor 32 feet into the ground. These talks with the NEORSD subsequent with the submission of a feasibility study in reference to Phase 1, which LORCO perceives as the area to be served as Carlisle and Eaton Townships, they have requested they take a look at this issue with their Board.

On the 16' of November, 1998 the NOERSD sent a letter to this Board of Commissioners asking for your official position on LORCO's request for a wholesale treatment agreement. NEORSD would like the Commissioners' official position in writing before they submit this to their Board. They have a number of letters of support from a variety of agencies including the Lorain County Board of Health, the BIA, Commissioner Vasi, various Developers and landowners, and would like a letter from this Board as a body.

Mr. Alspach said Phase I of the LORCO project, is the basic design estimated to cost $17 million. Early in 1998 LORCO went through the process of getting pre-application approval from several funding agencies, i.e. Ohio EPA, Water Pollution Loan Control, and the Ohio Water Development Authority. LORCO has received pre-application approval from all three agencies, but have not gone through the process of seeking those funds and will not, until we have a treatment agreement

Commissioner Vasi moved to send a letter of support to the NEORSD.

Commissioner Ross asked how this would affect the Lorain County Regional Sewer District if they decide to do the same thing. Mr. Alspach said he was not versed in what the Lorain County Sewer Dist. is attempting to do specifically.

Commissioner Blair commented that Mr. Innes has been discussing this subject with the City of Elyria/Carlisle Township.

Discussion continued.

Commissioner Ross said he is in favor of this project and join in the cause for what LORCO has done, and before this letter will be forwarded he would like an opportunity to contact Fred Nelson of the Lorain County Sanitary Engineer's Office and touch base with a few of the issues discussed today.

The following resolution was adopted:

RESOLUTION NO. 98-940

B.10 RESOLUTION NO. 98-948

In the matter of authorizing the Emergency Management)
Agency to file grant application with the Ohio EPA to) December 10, 1998
educate school age children to understand and prepare)
families for a manmade or natural disaster)

WHEREAS, Tom Kelley, EMA Director by memo dated November 20, 1998 submitted the following:

"As part of our required mission to educate and prepare the public, this office has developed a program to educate school-aged children to help understand and prepare their families for a manmade or natural disaster. We feel that the children will be an ideal medium to take home the information learned to disseminate to their families. We have applied for an EPA grant to cover a majority of the cost of implementation.

This environmental/chemical safety campaign will address children from ages K-12 and will be tailored to the specific age group. The younger children (approximately K-3) will be introduced to "Wally the Wiseguy". Wally is a purchased costume that has the appearance of a turtle. The children will be taught that chemicals are a necessity of life, but can be dangerous if handled improperly. The purpose of "Wally" is to show the children how to shelter in place at home should a chemical emergency occur in their area, just as a turtle would pull back into his own shell when being threatened. During a HazMat incident, there are often times that staying in the home with the proper precautions outweighs the need for evacuation. With the large increase in rail traffic planned for Lorain County, this is a very timely idea.

Severe weather awareness and safety will also be addressed. We have placed an order for plans to build a "tornado machine". This portable instrument actually makes a visible tornado in a chamber for students to view. It will be a great teaching tool to show how a tornado develops, and how winds move around it.

This program is a very large undertaking and is the first of its kind in Ohio. The primary instructor will be our Hazardous Materials Compliance Officer, Caroline Hanahoe. All office staff will be able to present these classes should the need arise. The grant response should be received in the spring of 1999. We plan to introduce it starting with Safety Towns in the county during the summer of 1999. 75% of the anticipated costs of the program will be covered by the grant. The Lorain County Local Emergency Planning Committee (LEPC) has pledged the remaining 25%. There will be no general fund monies involved.

I have attached a copy of the grant application. Please contact this office if you should have any further questions or suggestions. We appreciate the continued support.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby authorize the Emergency Management Agency to file grant application with the Ohio EPA to educate school age children to understand and prepare families for a manmade or natural disaster.

BE IT FURTHER RESOLVED, 75% of the anticipated costs of the program will be covered by the grant with the Local Emergency Planing Commission matching the remaining 25%. No general fund monies are requested and the amount of grant is $11,234.60 and if approved, will receive in Sprig, of 1999.

Motion by Vasi, seconded by Blair to adopt Resolution. Ayes: All.
Motion carried. (discussion was held on the above item)

B.14 RESOLUTION NO. 98-952

In the matter of accepting Petition and Map for proposed Annexation of approximately 2.35 acres in New Russia Township to the City of Oberlin, Ohio, Attorney Christine M. Tobin, UAW Legal Services Plan is acting as Agent for Petitioner Elaine Smith-Hill aka Elaine R. Smith) December 10, 1998

WHEREAS, the Clerk gave notice to the Lorain County Board of Commissioners on the filing on the date of November 19, 1998 an Annexation petition request for approximately 2.35 acres in New Russia Township to the City of Oberlin, Ohio, Attorney Christine M. Tobin, UAW Legal Services Plan is acting as Agent for Petitioner, Elaine Smith-Hill aka Elaine R. Smith.

Whereas Petition reads as follows:

PETITION FOR ANNEXATION
TO THE CITY OF OBERLIN OHIO,
OF 2.35 ACRES, ORE OR LESS, IN RUSSIA TOWNSHIP

The Undersigned, ELAINE SMITH-HILL aka ELAINE R. SMITH ("Petitioner"), petitions for the annexation of the real property described in Exhibit "A" attached to this Petition (the "Territory") to the City of Oberlin, Lorain County, Ohio ("the City"). The Territory consists of 2.35 acres, more or less, located adjacent to and contiguous with the City. Petitioner has attached as Exhibit "B" and made a part of this Petitioner an accurate map or plat showing the boundaries of the Territory. WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter December 3, 1998 submitted the following:

"This office has reviewed the petition for annexation of 2.35 acres of land in New Russia Township. The petition was submitted by Christine M. Tobin, agent.

This land is located in original Lot 106 of New Russia Township and is adjacent and contiguous to the City of Oberlin. It will, however, create a peninsula of city land surrounded on three sides by Township.

The description correctly follows the map presented with the petition. There is one owner of this property and that owner has signed the petition. If you have any questions, contact this office.

Sincerely yours, S/Kenneth P. Carney, Lorain County Engineer"

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that based upon the Engineer's report indicating no discrepancies in the petition and map, we do and hereby accept said petition and provide for a public hearing to be held Thursday, February 4, 1999 at 11:00 a.m.

FURTHER BE IT RESOLVED, that said petitioner shall cause notice containing the substance of said petition and the time and place where hearing will be had thereon to be published in a newspaper of general circulation in Lorain County for a period of four consecutive weeks prior to the time fixed for the hearing and shall deliver a copy of the notice tot he Clerk of each Township and portion of which is included within the City or territory sought to be annexed and the Clerk to the legislative authority for the municipal corporation to which annexation is proposed.

RESOLUTION NO. 98-953

In the matter of authorizing the exemption of expenditures) of $750.00 or less, from prior certification requirements) and adopt policy increasing fixed assets from $1,000.00) to $2,500.00 or more (assets currently capitalized will) not be affected.) December 10, 1998

WHEREAS, Mark Stewart, Lorain County Auditor by letter dated November 18, 1998 submitted the following:

"Please find the enclosed copy of minutes from the September 8, 1998 meeting of the Audit Review Committee. A number of issues were discussed at this meeting, with an emphasis placed on audit recommendations made by the Auditor of State office extending from December 31, 1997 year end audit. As acting Chairman of the Audit Review Committee, it is my responsibility to make the board aware of issues that may need their attention.

It is the wish of the Audit Review Committee to submit the following recommendations to the Board for their review. I respectfully submit these recommendations for your consideration and action.

1. The first issue was brought to the Committees' attention from the management comments of the 1997 audit report. The following statement comes from the management comment section:
   - Ohio Revised Code section 5705.41(D), states a Board of County Commissioners, by resolution, may exempt purchases of $750 or less from prior certification requirements. The resolution must specify the dollar limit applicable to such purchases and weather it applies to all purchases is limited to certain classes of purchase, or is limited to specific purchases. The board must notify the County Auditor in writing of its intention to adopt such a resolution in the scope of the resolution.

This Review Committee Board, along with the Auditor of State, encourages the County Commissioners to adopt a resolution exempting certifications of such expenditures and notify the County Auditor as to the scope of this resolution.

2. The second issue is a result general discussion by the review committee members. The county currently follows the policy of capitalizing fixed assets of $1,000.00 or greater. It is the review committees' recommendation the County adopt a policy increasing this amount of $2,500.00 or greater. This policy would not be retroactive and assets currently capitalized will not be affected.

The Review committee Board recommends this policy to be put in affect for 1998. This will accommodate for easier financial reporting for departments and should save the county the time and money spent in tracking these expenditures.

Thank you for your time and attention in these matters, if you have any questions do not hesitate to contact me at extension 5170.

Respectfully yours, S/Mark R. Stewart, Acting Chairman Auditor Review Committee"

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that based upon the review and recommendation of the Audit Review Committee by letter dated November 18, 1998 from Mark Stewart, Lorain County Auditor and Chairman of Audit Review Committee we hereby authorize the exemption of expenditures of $750.00 or less, from prior certification requirements, and adopt policy increasing fixed assets form $1,000.00 to $2,500.00 or more. Said assets currently capitalized will not be affected.

COUNTY ADMINISTRATOR

Mr. Virgil Muntean had no issues for this day.

D.

ASSISTANT COUNTY PROSECUTOR

Mr. Gerald Innes stated that early in the year the County Recorder submitted a proposal to extend the use of the $4.00 recording fee and needs to be acted upon by December 15, 1998. We are ending a 5 year period where the $4.00 recording fee was set aside into a supplemental funds to be used for various expenditures and expired in October. The Recorder is asking that it be reenacted for another 5 years and The Commissioners due have the option in doing this or setting different terms and by statue it address what this fee could be used for.

Commissioner Vasi asked what the total amount would be. Mrs. Jamison said she has reduced this in accordance with the county's economy for 5 years will only raise $1 million and the general budget is over $4 million and will be used for a long range program for back history onto data system, software updated, public area more equipment needed and the internet and need also various other equipment, furniture, etc.

Commissioner Vasi said if this is reduced would go into general fund and if equipment is needed could take it out and be given to you. Mrs. Jamison asked if this could be guaranteed.

Commissioner Blair asked the board to consider a one-year renewal basis and look at additional information, because there still is a check and balance with the Board approving all requisitions.

Commissioner Vasi commented this office on its accomplishments

Discussion continued and the following resolution was adopted:

RESOLUTION NO. 98-958

In the matter of authorizing the Lorain County Auditor to) continue the Special Fund per the Ohio Revised Code) Sections 317.09 and 317.321 for the increase in fees) imposed by the Lorain County Recorder, for the purpose) of supplementing the equipment needs of the County) Recorder Office on an annual basis) December 10, 1998

WHEREAS, Mary Ann Jamison, Lorain County Recorder by letter submitted the following:

"1. I request that beginning October 21, 1998 and ending October 21, 2003, an amount of $4.00 dollars of the fee collected for filing or recording a document for which a fee is charged as required by Sections 317.32(a), 1306.03, 1309.40, 1309.43 and 5310.15 of the revised code be placed in the county treasury and designated as "general fund moneys to supplement the equipment needs of the County Recorder".

2. I request that the monies so designated shall bear such designation for a period of five (5) years.

3. Based upon information available to me, I estimate the total amount of fees that will be generated by the filing or recording documents under Sections 317.32(a), 1306.03, 1309.40, 1309.42 and 1309.43 of the Ohio Revised Code will for the period of my request be $4,250,000.00.

4. Based upon information available to me, I estimate the total amount of fees that will be designated as "general fund monies to supplement the equipment needs of the County Recorder" will for the period of my request to be $1,000,000.00.

5. In addition to the above mentioned acquisition usage, continuance of digitizing/imaging of Lorain County back history will periodically require up- grades in equipment and software.

6. Increase in the off site security storage facility charges must also be factored into this period of time.

7. Increase the public viewing stations to accommodate the general public.

8. Miscellaneous storage cabinets for film, plats and other permanent records for archival purposes.

9. Any and all unknown requirements that will be transpiring pertaining to the operation of the Recorder's office in the future five (5) year period.

As further information, this "fee fund" cannot be used to increase staff employment under the previous described sections of the Ohio Revised Code.

Pursuant to section 317.321, Ohio Revised Code, I anticipate that this proposal will be entered upon the journal; a date established to meet and review this proposal; due consideration given and notice provided to me, all in accordance with subsections (b) and (c) the above referenced statute.

Given the needs of my office, I look forward to establishment of the requested fund under section 5705.12, of the revised code and designation of the monies requested.
Thank you for your considerate attention and cooperation in regard to this request.
Respectfully submitted, s/Mary Ann Jamison, Lorain County Recorder"

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the written proposal of Mary Ann Jamison, Lorain County Recorder we hereby authorize the Lorain County Auditor to continue the Special Fund per the Ohio Revised Code Section 317.09 and 317.321 for the increase in fees imposed by the Lorain County Recorder, for the purpose of supplementing the equipment needs of the County Recorder Office for the calendar year 1999.

BE IT FURTHER RESOLVED, the $4.00 maximum amount from the increase in fees for this special fund will be done for the calendar year 1999 as stated in HB 152 and will be utilized as required for equipment/contract services/contract repairs, and will comply with such requirements as competitive bidding, requirements of a data or microfilm board and certification of availability of funds.

E. OLD BUSINESS

Commissioner Ross said the Board has retained a firm to audit the airport and the information has been received from Dingus & Daga , so he would like the Board to consider entering into a purchase agreement for Midwest Air not to exceed $1.796 million.
Commissioner Vasi stated in her opinion it is important that the airport becomes self-sufficient and has felt this way for the last 10 years and will support Ross motion.
Commissioner Blair asked if it was the intend to purchase Midwest, Commissioner Ross said yes, it was the intend that the Commissioners purchase Midwest Air.
Commissioner Blair said is it the intention to discuss formally or otherwise, the operations and management of Midwest Air, should the Commissioners become the owners.
Commissioner Ross said we will hire personnel to operate and manage the business and consider current personnel there. Commissioner Blair asked if there was an envision of any offer or time frame.
Commissioner Ross amended the motion to include 10 days to accept the proposal of purchase and it would be 30-60 days for all things to transpire. Commissioner Vasi amended to also include all inventory and equipment, etc., we already own the land.
Assistant County Prosecutor Jerry Innes said the offer to purchase details would be looked at.

Elizabeth Rumic said the reason behind buying Midwest Air, is the County generates revenue, but has the audit been completed and how does that match with the purchase price. Commissioner Ross said this audit was competed and is in the range of the $1.7 million which is the low end of the offer.
Commissioner Vasi mentioned the different valuation methods; discounted net cash flow method was $2,217,000.00, discounted future earnings was $2,122,000.00 and capitalization of earnings was $1,796,000.00, this is what we offered and is available for review.
Ms. Rumic asked how will this be paid for, Commissioner Ross said cash from the general fund.
Commissioner Vasi said this would reduce the continuance of monies from the general fund for the maintenance of the airport.

Nancy Roth, Oberlin, asked when will the residents find out what is going and have a chance to speak. One year ago, we met with Commissioner Ross and he stated he would inform us of a countywide plan.
Commissioner Ross said Dan Abfall, Director of Lorain County Airport and the board have monthly meetings. US Grinder did the runway expansion study, which is in the environmental stage with no formal report as of yet.
Students at Oberlin College are protesting, all data has not been composed and there is a group of dissidents that choose not to like the idea of change at the airport, who are stirring emotions needlessly, we ask that all be cautious to what we see or speculate in newspapers, because we don't know at this point what the real potential is. An industrial park has to be analyzed, other land needs assessed and condition of 5,000 ft. runway needs addressed before expanding. A noise issue has arisen and there are 5 airports in the country that have a unique fly pattern that was done back in the 60's for the City of Oberlin and Music Conservatory, so planes fly north of Oberlin, this is by the FAA, which will never change.

Karen Wolff, Dean, Oberlin Music Conservatory stated she has never been characterized as a dissident in her life. Commissioner Ross said this was not directed towards her. Ms. Wolff explained that this Conservatory was founded 137 years ago with 7,000 musicians that have graduated and have achieved a world class enterprise. We are faced with a possibility of cargo plans landing and taken off at 6pm till 6am, we would not be able to stay in business. The total budget of the Conservatory is $12 million, employs eight people and thinks that for all historical reasons, the Commissioners would not like to put this enterprise out of business. The Conservatory is now forced to do recordings between the hours of 12 midnight and 2-4 am in morning to avoid the sounds of ambulance and police sirens that contaminate the work. We can't expect the student to come there to study if they can't have proper concert venues, which is not possible with a lot of airplane noise. Please take it into prime consideration as you speak, there is a group of highly educated non-dissidents individuals who work in this conservatory and the money they spend as well as pay taxes in this county has to be considered or you will kill us. Out of the top 10 conservatories of music in this country , Oberlin has educated more African Americans, which is a very precious legacy we don't want to see spoiled.
Commissioner Ross said he was excited, but nothing that we are discussing has any remote interest in affecting the prize asset we call the Conservatory and it is not responsible to go to the paper and protest with inadequate information about the noise. We spend $247,000 per year at the airport for operations and we could potential use this asset better, but we will do what is best for the county.

David Orr, Oberlin stated last November at a meeting we were promised there would never be anything done until residents where notified, but an environmental study is happening, determining if runway needs expanded and all these things cost money. We are talking about purchasing Midwest Air, no public discussion to see if the public wants this airport expanded. Students are protesting the fact that the promise was broken and the county is spending public money for these studies. Commissioner Ross said these studies have been on going, airport has been there since 1966. Mr. Orr said in 1968 a large public protest was raised to block expansion of airport and again in 1972/1973 both these expansions were blocked by a massive public protest in this County with many people from Elyria, the beast raises its head again. Go back and study this history, lets stop all work on the airport and stop purchasing things and open it up at this point to all public discussions, also provide all information relating to the airport and construction in the County. Commissioner Ross said all meetings are open to the public and the media is notified. Commissioner Vasi said Ron Twining, Director, Community Development could notify these people of the comprehensive land use meetings.
Nancy Roth asked if another meeting could be held to clear the air and get information out, because the media says one thing and this Board says another, people are acting out of fear and passion to protect the County to have a good place to live.
Richard Williams, New Russia Township Trustee asked if the long range planning of the Commissioners is to indulge in undertaking owernship, management, and operation of commercial and industrial business to be profitable, would County buy this company out.
Commissioner Ross said there has been talk about a recycling center at airport.

Resident, stated he was a member on the land use planning committee of Russia Township and growing community sentiment is money goes into the airport, few people use it so why not build a recreation center where all county residents could benefit from. Commissioner Ross said we need to see more residents benefit from the airport, accommodate businesses that could employee jobs, because assets could help there business survive and maintain, this airport is a tool that builds economic development.

Pauline LeBoda said about 1month ago, a group called "Build Up Lorain County" discussed behind closed doors proposals for Ferry's to Canada, International Trade Port and , is this true, Commissioner Ross and Commissioner Blair sit on this committee are we invited to these meetings.
Commissioner Ross said Build Up Lorain County is new and he does participate but the meetings he has attended there has not been discussion of the above mentioned items.

Elaine Rumics said this is where the distrust comes from, why can't someone from this office send a news release when things have been completed, so the public knows and copies can be obtained. Commissioner Ross said there is no guarantee that if this happens, the papers would print. He also stated that when he sits on various committees, he sits as a person, not an elected official, but if there is information useful, it will be brought back to my colleagues.

Commissioner Vasi showed the paperwork that is involved with the Commissioners decision as to the voting issues, it is for public view and the Clerk brings it but sometimes this information is not available days before but is available after the meeting.

Commissioner Blair said the purchase of Midwest was not on the agenda for a topic of discussion today, it was brought up by one of the members, there is no way of knowing what could be discussed at every meeting.

Discussion continued and the following resolution was adopted:

RESOLUTION NO. 98-959

In the matter of entering into an Agreement to purchase)
Midwest Air in the amount not to exceed $1.796 million) December 10, 1998

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby enter into an Agreement to purchase Midwest Air in the amount not to exceed $1.796 million.

FURTHER, BE IT RESOLVED, there shall be formal acceptance to this offer within a ten (10) day period and agreement will include all inventory and equipment, etc.

BE IT FURTHER RESOLVED, said contract is considered a part hereof to this resolution by reference thereto and can be found on file in the Commissioners Office.

A. JOURNAL ENTRY

The Clerk introduced Mayor James Smith of Avon, Patricia Vierkorn-Clerk of Council, Lenore Smith-Mayor Smith's secretary along with Mr. Mitterholzer and Mr. Kalski from Skill Tool & Die requesting Commissioners approval of an Enterprise Zone Agreement.

Mayor Smith indicated that the Enterprise Zone Agreement calls for a 40% abatement for a period of ten (1O) years. There will be a total of forty (40) new job created in Lorain County, not "transferred jobs". Skill Tool is currently located in Cleveland, Ohio where they have approximately 100 positions there now which will remain at that location.

Mayor Smith said the City of Avon is very happy to have Skill Tool & Die located in Avon. This company is a top-notch parts supplier for automotive industry and other industries and are looking forward to their start ir Lorain County.

Mayor Smith said the City of Avon does have a letter from the Schools stating they are in agreement with this enterprise zone agreement. Mayor Smith commented that a member of the School Board is on the Tax Abatement Negotiating Committee so they know from the beginning what is happening. Skill Tool & Die is a very dedicated, community oriented company which is family owned/operated since 1968.

Mr. Mitterholzer from SkillTool & Die stated that they will be hiring employees from Lorain County and will be happy to cooperate with the Department of Human Services and the ETA Office to assist in getting people off welfare and on to work!

Commissioner Ross asked what the salary would be for entry level/skilled trade level. Mr. Kalski replied that for unskilled trade would be approximately $6.00 - $6.50 per hour; and skilled trade up to $15.00 per hour. Commissioner Ross also suggested they work with ETA and the One-Stop Career Centers for training and work towards a coordination of effort between the Company and future employees. Mayor Smith said Skill Tool & Die have already inquired about this program and would be willing to participate.

The Commissioners thanked everyone for their attendance and information, and the following resolution was adopted:

RESOLUTION NO. 98-961

In the matter of approving the Enterprise Zone)
Agreement between the City of Avon and Skill) December 17, 1998
Tool & Die Corporation)

WHEREAS, Ohio Revised Code Section 5709.61 through 5709.66 authorized counties with the consent and agreement of affected municipalities, township and villages therein to designate areas as Enterprise Zones; and

WHEREAS, the City of Avon entered into an Enterprise Zone Agreement on April 7, 1994 with the Lorain County Board of Commissioners by Resolution No. 94-260 and on May 24, 1994, Ohio Department of Development approved this agreement; and

WHEREAS, on October 2, 1998 Skill Tool & Die Corporation submitted an application for an Enterprise Zone Agreement for its project located at 1190 Jaycox Road in the city of Avon, Ohio; and

WHEREAS, this Board has reviewed the information submitted and desires to authorize execution of this Enterprise Zone Agreement; and

WHEREAS, the Avon School District has been officially notified of the Avon City Council meeting and the Board of Commissioners meeting within fourteen (14) days of these meetings, as required by substitute Senate bill 19 (SSB); and

WHEREAS, Avon City Council passed Ordinance No. 194-98 on November 23, 1998 approving said Agreement.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that after reviewing said garments between the City of Avon and Skill Tool & Die Corporation we hereby approve the Enterprise Zone Agreement which reads as follows:

EXHIBIT A

OHIO ENTERPRISE ZONE AGREEMENT

THIS AGREEMENT made and entered into by and between the CITY OF AVON, LORAIN COUNTY, OHIO, a municipal corporation and political subdivision duly organized and existing under the laws of the State of Ohio, (hereinafter referred to as "City") and SKILL TOOL & DIE CORPORATION an Ohio Corporation with its main offices located at 16151 Puritas Avenue, Cleveland, Ohio 44135 (hereinafter referred to as "Enterprise", WITNESSETH;

WHEREAS, the City of Avon has encouraged the development of real property and the acquisition of personal property located in the area designated as an Enterprise Zone;

WHEREAS, "Enterprise" has an option to acquire property located at 1190 Jaycox Road within the City of Avon (hereinafter referred to as the "PROPERTY"), and the construction of a manufacturing plant to supply metal stampings, dies and assembly facility (hereinafter referred to as the "PROJECT") within the boundaries of the aforementioned Enterprise Zone, provided that the appropriate development incentives are available to support the economic viability of said PROJECT; and

WHEREAS, The Council of the City of Avon, Ohio, by Ordinance 44-94 adopted March 28, 1994, designated the area as an "Enterprise Zone" pursuant to Chapter 5709 of the Ohio Revised Code; and

WHEREAS, effective May 24, 1994, the Director of Development of the State of Ohio determined that the aforementioned area designated in said Ordinance 44-94 contains the characteristics set forth in Section 5709.61(A) of the Ohio Revised Code and certified said areas as an Enterprise Zone under said Chapter 5709.63 of the Ohio Revised Code; and

WHEREAS, the City of Avon, Ohio, having the appropriate authority for the stated type of project is desirous of providing SKILL TOOL & DIE CORPORATION with incentives available for development of the PROJECT in said Enterprise Zone under Chapter 5709 of the Ohio Revised Code; and

WHEREAS, SKILL TOOL & DIE CORPORATION has submitted a proposed agreement application (herein attached as Exhibit A) to the City of Avon, Ohio, said application (hereinafter referred to as "APPLICATION") to construct and operate a manufacturing facility, to hire new employees, and to later add additional facilities and hire additional employees; and

928

WHEREAS, SKILL TOOL & DIE CORPORATION has submitted the required state application fee of $500.00 made payable to the Ohio Department of Development with the application to be forwarded with the final agreement; and

WHEREAS, the City of Avon has investigated the application of SKILL TOOL & DIE CORPORATION and has recommended the same to Council and/or the Board of Commissioners of Lorain County on the basis that SKILL TOOL & DIE CORPORATION is qualified by financial responsibility and business experience to create and preserve employment opportunities in said Enterprise Zone and improve the economic climate of the City of Avon, Ohio; and

WHEREAS, the project site as proposed by SKILL TOOL & DIE CORPORATION, is located in the Avon School District and the Board of Education of the Avon School District and Lorain County Joint Vocational School have been notified in accordance with Section 5709.83 and been given a copy of the APPLICATION; and

WHEREAS, pursuant to Section 5709.63(E) and in conformance with the format required under Section 5709.631 of the Ohio Revised Code, the parties hereto desire to set forth their agreement with respect to matters hereinafter contained;

NOW, THEREFORE, in consideration of the mutual covenants hereinafter contained and the benefit to be derived by the parties from the execution hereof, the parties herein agree as follows:

1. SKILL TOOL & DIE CORPORATION shall construct a new facility at 1190 Jaycox Road, Avon, Ohio, to house its manufacturing and assembly operation. Said facility shall be constructed at 1190 Jaycox Road, in the City of Avon, Lorain County, Ohio.

The PROJECT'S first phase will involve investments by SKILL TOOL & DIE CORPORATION of Four Million, Eighty Eight Thousand ($4,088,000.00) Dollars. Included in this investment are Three Million, Two Hundred Thirty-Eight Thousand ($3,238,000.00) Dollars for the construction of the facility; Seven Hundred Fifty Thousand ($750,000.00) Dollars to purchase machinery and equipment; One Hundred Thousand ($100,000.00) Dollars for furniture and fixtures.

The PROJECT will begin during the first (1st) quarter of 2002, and all acquisition, construction and installation will be completed during the fourth (4th) quarter of 2004.

The total investment of this project, establishing a new facility, represents a "significant" new investment.

2. SKILL TOOL & DIE CORPORATION shall create within a time period not exceeding thirty-six (36) months after the completion of construction of the aforesaid facility, the equivalent of Forty (40) new full-time permanent job opportunities.

SKILL TOOL & DIE CORPORATION schedule for hiring is as follows: create Twenty (20) new full-time permanent jobs in year 2002; Eleven (11) full-time permanent jobs in year 2003; Nine (9) permanent full-time jobs in year 2004.

SKILL TOOL & DIE CORPORATION currently has One Hundred Fifty (150) full-time permanent employees in the State of Ohio.

The increase in the number of employees will result in approximately Eight Hundred Eleven Thousand, Two Hundred ($811,200.00) Dollars.

3. SKILL TOOL & DIE CORPORATION shall provide to the property Tax Incentive Review Council any information reasonably required by the Council to evaluate the Enterprise's compliance with the agreement, including returns filed pursuant to Section 5711.02 of the Ohio Revised Code if requested by the Council.

4. The City of Avon, Ohio , hereby grants a tax exemption pursuant to Section 5709.62, 5709.63 or 5709.632 of the Ohio Revised Code for eligible personal property acquired in conjunction with the PROJECT and described as a forty (40%) abatement for a ten (10) year period.

5. The City of Avon, Ohio, hereby grants SKILL TOOL & DIE CORPORATION a tax exemption for real property improvements made to the PROJECT site pursuant to Section 5709.62, 5709.63 or 5709.632 of the Ohio Revised Code and shall be in the following amounts:

A forty (40%) percent for a period of ten (10) years. The exemption commences the first year for which the real property would first be taxable were that property not exempted from taxation. No exemption shall commence after the first (1st) quarter of 2002, nor extend beyond the fourth (4th) quarter 2012.

SKILL TOOL & DIE CORPORATION must file the appropriate tax forms (DTE 23) with the County Auditor and (#913) with the State Department of Taxation to effect and maintain the exemptions covered in the agreement. The #913 Ohio tax form must be filed annually.

6. SKILL TOOL & DIE CORPORATION shall pay an annual fee equal to the greater of one percent of the dollar value of the incentives offered under the agreement or Five hundred ($500.00) Dollars; provided however, that if the value of the incentive exceeds Two Hundred Fifty Thousand Five Hundred ($250,000.00) Dollars, the fee shall not exceed Two Thousand Five Hundred ($2,500.00) Dollars.

The fee shall be payable to the Lorain County Commissioners once per year for each year the agreement is effective on the days and in the following form: Certified Check. The fee shall be deposited in a special fund created for such purpose and shall be used exclusively for the purpose of complying with Section 5709.68 of the Ohio Revised Code and by the Tax Incentive Review Council created under Section 5709.85 of the Ohio Revised Code exclusively for the purposes of performing the duties prescribed under that Section.

7. SKILL TOOL & DIE CORPORATION shall pay such real and tangible personal property taxes as are not exempted under this agreement and are charged against such property and shall file all tax reports and returns as required by law. In the event that SKILL TOOL & DIE CORPORATION fails to pay such taxes or file such returns and reports, all incentives granted under this agreement are rescinded beginning with the year for which such taxes are charged or such reports or returns are required to be filed and thereafter.

8. SKILL TOOL & DIE CORPORATION shall perform such acts as are reasonable, necessary or appropriate to effect, claim, reserve and maintain exemptions from taxation granted under this Agreement including, without limitation, joining in the execution of all documentation and providing any necessary certificates required in connection with such exemptions.

9. If for any reason the Enterprise Zone designation expires, the Director of the Ohio Department of Development revokes certification of the zone, or the City of Avon revokes the designation of the zone, entitlements granted under this Agreement shall continue for the number of years specified under this Agreement, unless SKILL TOOL & DIE CORPORATION materially fails to fulfill its obligations under this Agreement and The City of Avon, Ohio terminates or modifies the exemptions from taxation granted under this Agreement.

10. If SKILL TOOL & DIE CORPORATION materially fails to fulfill its obligations under this Enterprise Zone Agreement, by moving, selling any or all of its business, relocating any portion of its operation, relocating any of its jobs, ceasing operation or otherwise failing to preserve employment opportunities within the City of Avon as contemplated by this Enterprise Zone, then in that event, any and all tax exemptions for SKILL TOOL & DIE CORPORATION shall forthwith repay any and all tax benefits received during the contract exemptions period. In that event, the City of Avon may record a Certificate of Non-Compliance with the Office of the Lorain County Recorder which shall serve, in addition to other remedies which may be available at law or in equity, as a lien or charge against the affected real property until repayment of taxes has been made in full.

If SKILL TOOL & DIE CORPORATION materially fails to fulfill its obligations under this Agreement, or if the City of Avon, Ohio determines that the certification as to delinquent taxes required by this Agreement is fraudulent, the City of Avon, Ohio may terminate or modify the exemptions from taxation granted under this Agreement and require the repayment of the amount of taxes that would have been payable had the property not been exempted from taxation under this Agreement.

11. SKILL TOOL & DIE CORPORATION hereby certifies that at the time of this Agreement is executed, SKILL TOOL & DIE CORPORATION does not owe any delinquent real or tangible personal property taxes to any taxing authority of the State of Ohio, and does not owe any delinquent taxes for which SKILL TOOL & DIE CORPORATION is liable under Chapter 5733., 5735., 5739., 5741., 5743., 5747., or 5753., of the Ohio Revised Code, or, if such delinquent taxes are owed, SKILL TOOL & DIE CORPORATION currently is paying the delinquent taxes pursuant to an undertaking enforceable by the State of Ohio or an agent or instrumentality thereof, has filed a petition in bankruptcy under 11 U.S.C.A. 101, et seq., or such a petition has been filed against SKILL TOOL & DIE CORPORATION. For the purposes of certification, delinquent taxes are taxes that remain unpaid on the latest day prescribed for payment without penalty under the Chapter of the Ohio Revised Code governing payment of those taxes.

12. SKILL TOOL & DIE CORPORATION and the City of Avon, Ohio acknowledge that this Agreement must be approved by formal action of the legislative authority of the City of Avon, Ohio and the County of Lorain, Ohio, as condition for the Agreement to take effect. This Agreement takes effect upon such approval.

13. The City of Avon, Ohio has developed a policy to ensure recipients of Enterprise Zone tax benefits practice non-discriminating hiring in this operation. By executing this Agreement, SKILL TOOL & DIE CORPORATION commits to following non-discriminating hiring practices acknowledging that no individual may denied employment solely on the basis of race, religion, sex, disability, color, national origin, or ancestry.

14. Exemptions from taxation granted under this Agreement shall be revoked if it is determined that SKILL TOOL & DIE CORPORATION, any successor enterprise, or any related members (as those terms are defined in Section 5709.61 of the Ohio Revised Code) has violated the prohibition against entering into this Agreement under Division (E) of Section 3735.671 or Section 5709.62, 5709.63 or 5709.632 of the Ohio Revised Code prior to the time prescribed by that division or either of those Sections.

15. This Agreement is not transferable or assignable without the express, written approval of the City of Avon, Ohio.

IN WITNESS WHERE OF, the City of Avon, by James A. Smith, its Mayor and pursuant to Ordinance No. 194-98 Has caused this instrument to be executed this 17th day of December, 1998 and SKILL TOOL & DIE CORPORATION by Daniel Mittelholzer, its President and CEO, has caused this instrument to be executed on this 17th day of Dec, 1998.

Motion carried.

A.1 JOURNAL ENTRY

Mrs. Golski introduced Mrs. Floyd to discuss the PRC Program. Mrs. Floyd indicated that she would like the Commissioners to sign and approve the PRC Agreement, which has had two (2) revisions. The first change was to reduce the amount of vehicle repairs and related expenses to $600.00, and this brings it in line with ETA and other agencies. The second issue was for individuals that had outstanding over-payments or over issuance of food stamps and not making payment on it, would be excluded from receiving PRC. The sub-committee recommended that removal and the Planning Committee adopted this, because the agency is able to go after over-payments when they are non-fraud, through income tax returns and other methods once per year.

Mrs. Floyd said she would request Commissioners approval so this could go into effect January 1, 1999.

Commissioner Vasi said there has been changes in the PRC and has been a lot of work and she commended their staff and committee for their hard work.

The following resolution was adopted:

RESOLUTION NO. 98-962

In the matter of approving revisions to the Lorain) County Prevention, Retention, Contingency Plan) December 17, 1998 (ORC Section 5108), effective January 1, 1999)

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby approve revisions to the Lorain County Prevention, Retention, Contingency Plan (ORC Section 5108), effective January 1, 1999.

FURTHER BE IT RESOLVED, Lois J. Floyd, FE/SS Administrator, Lorain County Human Services by letter dated December 9, 1998 outlined the changes as follows:

Page 3. Removed: "Individuals that have an outstanding cash overpayment or over issuance of FS and currently failing to make regular payments under an established Repayment Agreement;"

Page 7. Changed: highlighted areas to read: "Vehicle repairs or related expenses are subject to a $600 limit." "Car Insurance/ maximum payment 3 months".

The application has been reviewed and a PRC Worksheet developed to document eligibility

BE IT FURTHER RESOLVED, said revisions are considered a part hereof to this resolution by reference thereto and can be found on file in the Commissioners/Human Services Department.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby approve revisions to the Lorain County Prevention, Retention, Contingency Plan (ORC Section 5108), effective January 1, 1999.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All.
Motion carried.

A.2 JOURNAL ENTRY

Mrs. Golski discussed the Partnership Agreement. She indicated when the State passed House Bill 408, they ended Welfare, as we know it and the entitlement program and created time limited programs. In addition, that changed the way the Human Services Agency would be funded. It created an opportunity for counties to have programs that were individualized instead of it all being State driven. The County would define those services that they need and the vehicle that accomplishes this is the partnership agreement.

Mrs. Golski stated that the Human Services Planning Committee has been working towards developing a partnership agreement. In December, a meeting was held with the State personnel, County Prosecutor and the consultant and negotiated a partnership agreement with the State which she has today. Mrs. Golski requested a Commissioners resolution to approve this agreement. This agreement outlines the responsibilities and duties of the County and the State. Once this is completed, the County will receive a consolidated allocation, so we can direct the funds in the area where it is needed the most.

Commissioner Vasi asked if the County could modify this plan after it is approved. Mrs. Golski said this contract is only good through June 1999 and the law will require a contract be written every two (2) years. Anytime anything, changes the contract allows us to sit down with the State and renegotiate.

Mrs. Golski said this agreement is effective January 1, 1999. The consolidated funding will fall back to the State Fiscal Year, July 1, 1998. The county will be responsible for specific participation rates and the State will hold the county accountable for these.

The Commissioners thanked Mrs. Golski for her update and asked her to thank the Human Services Advisory committee for their assistance. The following resolution was adopted:

RESOLUTION NO. 98-963

In the matter of approving and entering into Partnership) Agreement between the Board of Commissioners and) the Ohio Department of Human Services on behalf of) Lorain County Human Services to show mutual) December 17, 1998 understanding and agreement about the roles of social) services programs and administration of programs in) Lorain County)

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby approve and enter into Partnership Agreement between the Board of Commissioners and the Ohio Department of Human Services on behalf of Lorain County Human Services to show mutual understanding and agreement about roles of social services programs and administration of programs in Lorain County.

FURTHER BE IT RESOLVED, said agreement is considered a part hereof to this resolution by reference thereto and can be found on file in the Commissioners/Human Services Offices and contains a ninety (90) days written cancellation clause, effective January 1, 1999 – expiring June 30, 1999:

Motion by Vasi, seconded by Ross to adopt Resolution. Ayes: All.
Motion carried.

JOURNAL ENTRY

Mrs. Golski also discussed the Contracts between the Lorain County Human Services Department/Child Support Enforcement Agency and the Clerk of Courts, County Prosecutor and the Domestic Relations Court. These are the same as in previous years. The Commissioners approved these contracts and the following resolutions were adopted:

A.3

RESOLUTION NO. 98-964

In the matter of approving and entering into Title IV-D)

expiring December 31, 1999)

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby approve and enter into Title IV-D Service Provider Contracts between CSEA and Lorain county Clerk of Courts, Domestic Relations/Juvenile and the Prosecutors Offices, effective January 1, 1999 – expiring December 31, 1999.

FURTHER BE IT RESOLVED, said contracts are considered a part hereof to this resolution by reference thereto and can be found on file in the Commissioners/Human Services (CSEA), Clerk of Courts, Domestic Relations/Juvenile and Prosecutor's Office, effective January 1, 1999 – expiring December 31, 1999;

Clerk of Courts total contract is $74,995.47, same as last year; $25,498.46 from nonfederal matching funds and $49,497.01 from federal matching funds.

Domestic Relations/Juvenile total contract is $541,325.00; up 44% from last year; $184,051.00 from nonfederal matching funds and $357,274.00 from federal matching funds.

Prosecutors Office total contract is $475,000.00, 1% lower than last year; $161,500.00 from nonfederal matching funds and $313,500 from federal matching funds.

Motion by Vasi, seconded by Blair to adopt Resolution. Ayes: All.
Motion carried.

JOURNAL ENTRY

The final contract Mrs. Golski reviewed was the workforce Institute of Lorain County, who submitted a competitive grant application to the Ohio Dept. Of Human Services. Ohio Department of Human Services in turn granted their request for $198,000.00. The Lorain County Human Services Department is the fiscal agent, which request the Commissioners approval and signature.

This contract is for a period of six (6) months and is to deliver employment and training services through the One-Stop Career Centers. Since the One-Stop Center is not in operation, the Workforce Development Center submitted this grant proposal.

Discussion was held and the following resolution was adopted:

A.4.

RESOLUTION NO. 98-965

In the matter of approving and entering into contract)

RESOLUTION NO. 98-966

In the matter of the Public Hearing on the proposed)
Annexation of approximately 5.88 acres in Amherst) December 17, 1998
Township to the City of Amherst, Ohio)

WHEREAS, the Clerk read a brief statement indicating the date of the filing with her on October 5, 1998 the proposed Annexation of approximately 5.88 acres in Amherst Township to the City of Amherst, Ohio by Attorney Robert Gargasz, Agent for the Petitioners. Petition and Map were filed with the County Auditor and County Engineer. Upon report from the Engineer dated October 8, 1998 revisions were to be made in the map and petition. Based upon review of these modifications, the Lorain County Engineer's letter dated October 14, 1998 indicated revisions have been completed. Resolution No. 98-830 adopted October 22, 1998 accepted Petition and Map and provided this Public Hearing; and

WHEREAS, Assistant Prosecutor Jerry Innes, administered an oath to anyone testifying at todays hearing; and

WHEREAS, Commissioner Ross asked Attorney Gargasz to further review the project. Attorney Gargasz stated the Petitioners wish to annex their property to the City of Amherst, Ohio. The Lorain County Engineer in his report recommended revisions to the Petition and Map which have been completed and submitted to the City of Amherst. All matters of legislation to the petition have been published by law; all notices of the filing of petition and hearing on this petition have been given and delivered as required by law. A majority of the Petitioners, Mr. and Mrs. Papay, Mr and Mrs. Gross are owners of real estate in the territory at the time the petition was filed. The number of the valid signatures on the petition constitute a majority of the owners and none of the signatures have been withdrawn pursuant to any section of the Ohio Revised Code. Attorney Gargasz stated that the territory is not unreasonably large and the property is adjacent and contiguous to the City of Amherst, Ohio. The map and description of the petition is accurate and reflects the recommendations of the Lorain County Engineer The general good of the territory will be served if the petition is granted; and

WHEREAS, Attorney Gargasz indicated that he has a letter from Mr. Don Buchs who indicates that he is aware of the proposed annexation and has no objection to this petition for annexation. Attorney Gargasz stated that Mr. Buchs was approached by someone on behalf of the Amherst Township Trustees trying to tell Mr. Buchs that if the annexation was granted, it would prevent him from the proper use of his property. Attorney Gargasz supplied a copy of this letter to the Clerk for record; and

WHEREAS, the Lorain County Engineer said the petition and map has had the suggested revisions made and is satisfactory; and

WHEREAS, Attorney Gargasz discussed the services the City of Amherst, Ohio could provide to this territory sought to be annexed, as opposed to the services Amherst Township could provide. Attorney Gargasz indicated that in the resolution passed by the City of Amherst, the city would extend municipal services to that area. The Petitioners feel that the Township has not provided a satisfactory service for fire protection. The voters turned down an expensive plan to create a fire department, when economically, the Township was better negotiating the fire protection with the City of Amherst, Ohio. The ambulance service is another area the City of Amherst can provide, and the township did not want to provide, so the Petitioners feel that the general good for the protection of their property, might be served by moving into the municipality; and

WHEREAS, Attorney Gargasz commented that one of the Petitioners, the Papay property part of their parcel resides in the City of Amherst and part of it resides in the Township. The general good for them as a landowner, would be to hand that consolidated into one parcel within the municipality; and

WHEREAS, Attorney Robert Brindza has been retained by the Amherst Township Trustees as well as Mr. Buchs to represent them. Mr. Buchs has signed an affidavit opposing this annexation. Attorney Brindza expressed the feeling of the Township Trustees in their opposition to this annexation. Mr. David Urig, Amherst Township Trustee stated that Attorney Brindza has been employed unanimously by the Township to represent the Township on annexation issues; and

WHEREAS, Attorney Brindza distributed information on his findings for this annexation. A signed affidavit from property owner, Don Buchs is included which indicates at the time he was opposed to this annexation. Attorney Brindza is not aware after speaking with Mr. Buchs on Friday, December 11, 1998 that he had changed his opinion that his property should be annexed. Mr. Buchs could not be at the annexation today because he is in Las Vegas, Nevada.

WHEREAS, Attorney Brindza said that one of the basic requirements in the Petition for annexation state the number of owners in the territory sought to be annexed. It has been represented that there are five (5) owners of land in this territory. There is reason to believe that this number of incorrect. The Petition and map shows the land included in the annexation extends along the border between Amherst and Amherst Township. This crosses into another property owned and subdivided by CJS Development, Inc., Parcel number 32; and

WHEREAS, Attorney Brindza said that he submits that the petition is jurisdictionally Defective for failing to accurately identify the number of owners within the territory as within ORC Section 709.02. This indicates there are six (6) owners of territory, not five (5) as the petition states; and

WHEREAS, Attorney Brindza also states that the petition was amended map was presented to the Commissioners for action, this was never served on the Township Clerk. A point which the Township submits is a procedural error. Attorney Brindza feels this petition and map should be denied. Section 709.031 of the ORC states that within seven (7) days after the Board of Commissioners sets the time and place for the hearing, the Agent for the Petitioners shall deliver a copy of the notice to the Clerk of each Township and legislative authority. He can not speak to whether or not this requirement was satisfied by the Agent with respect to service on the municipal corporation. Mr. Urig will testify that the Clerk of the Township never received notice of this hearing from the Agent. This is clear from the statute that this is a requirement and has not been accomplished; and

WHEREAS, Mr. Urig presented two (2) petitions, one was circulated in 1997 by the residents on Pyle South Amherst Road who do not want to be annexed into the City of Amherst now or in the future; the second Petition was from residents along Pyle South Amherst Road who are against this petition before the Board today because it will be a loss of Township territory and tax base, will bring the City limits closer to area residents and will cause a loss of Township control of zoning to that property. Mr. Urig stated the property will not benefit from a change in services. (Discussion was held)

WHEREAS, Jerry Innes, Assistant County Prosecutor commented that there have been several "legal" challenges presented today, and if some of these things Mr. Brindza discussed are correct, there may be procedural defects. Mr. Innes stated that since there has been various Case Laws presented, he suggested that both sides be given an opportunity to supplement the information they feel may be relevant to this hearing.

WHEREAS, Dennis Abraham and Ron Leoni, Amherst Township Trustees were also present. Mr. Abraham commented that he does support this annexation request, and feels the desire of the owner of the property should be given a great deal of weight. The owners freedom of choice should be allowed unless there is some overwhelming adverse interest to the Township and is his opinion there is not an adverse interest to the Township or Township neighbors; and

WHEREAS, Amherst Township Trustee, Ron Leoni stated that he is opposed to this Annexation. As a Township Trustee, he feels it is his duty to keep as much property in the Township as possible. Mr. Leoni asked Mr. Gross is he was a member of the Amherst City Fire Department. Mr. Gross responded, yes, probationary. Mr. Leoni said he thought you had to be a resident of the City to be on their fire department, and Mr. Gross said probationary. Is that one reason Mr. Gross wants to annex. Mr. Leoni said that if this is the reason he wants to annex, it should be stipulated; and

WHEREAS, Commissioner Ross asked if anyone was present to speak in favor of the Annexation. Mr. Dan Gross, one of the Petitioners was present and is in favor. Mr. Gross commented that he has talked with Mr. Buchs about his concern toward this Annexation, and Mr. Buchs said that he signed the statement opposing the annexation Because he was lead to believe that all of his property would be annexed into the City of Amherst Mr. Gross said after he explained to Mr. Buchs that he was not trying to annex all of the property, he then signed the paper stating he was in favor of the annexation. Mr. Gross said that part of his property is in the City and part of his property is in the Township and he feels it is better to have the property contiguous one way or the other, and he chooses the City of Amherst; and

WHEREAS, Attorney Gargasz commented that under oath, Mr. Urig said that the Amherst Township Clerk did not receive notice of this hearing today. Attorney Gargasz presented evidence of the return receipt executed by John Szevchek who is someone who works for the Township; and

WHEREAS, Mr. Innes recommended the Township Clerk, Mr. Buchs and Mr. Szechek be present to answer these questions. Attorney Gargasz wanted to state for the record, that Mr. Brindza states that he represents Mr. Buchs as well as two (2) Township Trustees who apparently have conflicting interests, and feels Mr. Brindza should be disqualified from representing either of these clients in the future, given that this will be a heater and contested matter.

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of Lorain County, Ohio that based upon the recommendations of the Assistant County Prosecutor, we do hereby continue this public hearing until Thursday, January 21, 1999 at 11:00 AM for additional testimony. Commissioner Ross suggested both counsel review all the evidence and information presented today, and this Board will take all intonation under advisement.

Motion by Commissioner Blair seconded by Commissioner Vasi and upon roll call, the vote resulted as follows: Ayes: All. Motion carried

JOURNAL ENTRY

Terri Case, Vice-President of CompManagement along with Steve Cochran was present, and distributed information and proposal for the administration of the County's worker's compensation. Mrs. Case said that CompManagement represents 70 of the 88 counties in the State of Ohio.

They have reviewed Lorain County's account by working through the CCAO, and CompManagement can save Lorain County a minimum of $ 1 00,000.00 on 1998 worker's compensation experience. CompManagement will put together a group rating program as one service for the CCAO. Lorain County would join together with other counties, and if qualified, Lorain County would save money.

Mrs. Case stated that in looking through Lorain County's claims, the Bureau of Worker's Compensation has made several mistakes on the County's account, especially in the filing an actuarial protest on claims. Lorain County has the ability to obtain money back from the Bureau of Worker's Comp. through what is called, "Handicap reimbursement." There is a statute of limitations to file for reimbursement which is December 31, 1998.

Mrs. Case said if the County would be interest in pursuing this there are two different options: First, would be a full-service contract with CompManagement to handle administration of all claims, process all claims, full settlement department that would attend all hearings, supervisor training etc.

The second option would be an actuarial contract, where CompManagement would only get the County their reimbursement. Mr. Cochran commented that he is sorry for the lateness of this presentation, but there is money Lorain County can receive as reimbursement, but this needs to be completed by December 31, 1998.

Mrs. Case said she was only able to review a small number of claims, where there were mistakes, and feels Lorain County's reimbursement or savings would be in the area of $100,000.00.

Mrs. Case said the full-service contract would cost Lorain County $12,000. 00 plus 1/3 of any reimbursement. The actuarial contract does not have a fee, but has a 1/3 reimbursement.

Discussion continued. Commissioners thanked Mrs. Case and Mr. Cochran for their presentation. The following resolution was adopted:

B.13 RESOLUTION NO. 98-978

In the matter of approving and entering into Contacts between the Board of Commissioners and The Social Security Administration for the Lorain County Correctional Facility) December 17, 1998

WHEREAS, M. Robert Flanagan, Assistant County Prosecutor by memo dated December 10, 1998 submitted the following:
"Several months ago, the Commissioners passed a Resolution that authorized the Sheriff to enter into a contract with the Buckeye State Sheriff s Association Jail Linkage System wherein the Sheriff would submit all booking information to a central computer in Columbus so that other law enforcement agencies in Ohio could have access to Lorain County booking information and so that the Sheriff could have access to other Ohio law enforcement agencies booking information. The annual cost for the Jail Linkage System was approximately $ 1,200.00. The cost of this Jail Linkage System was paid for with jail levy tax funds.
Under federal Social Security law, an SSI recipient who is incarcerated in jail for more than 30 days is not eligible to receive Social Security benefits. The Social Security Administration approached the Sheriff s Department regarding access to Lorain County booking information via the Buckeye State Sheriffs Association Jail Linkage System. If the Sheriff permits the SSA to have access to Lorain County booking information, and if after reviewing Lorain County booking information the SSA determines that an SSI recipient has been incarcerated in the LCCF for more than 30 days, the SSA will immediately stop payment of the inmate's SSI; and will pay the Sheriffs Department $ 400.00 for each inmate whose SSI payments are suspended based upon SSA's review of Lorain County Booking records via the Buckeye State Sheriff s Association Jail Linkage System.
To accomplish this, the SSA has submitted two (2) Contracts, one (1) which grants the SSA access to Lorain County booking information via the Buckeye State Sheriffs Association Jail Linkage System - the Computer Matching And Privacy Protection Act Agreement (CNPPA); and one (1) which authorizes payment of money to the Sheriff's Department when an LCCF inmate ineligible recipient's SSI benefits are suspended - the Incentive Payment Memorandum Of Understanding Agree...ent (RAPOU).

I have reviewed both contracts and have approved them as to form. Both the CNTPA and the RDPOU are attached hereto for your review. The Contracts specify an initial term of 18 months and contain 90 day cancellation clauses. At this point, it is impossible to estimate how much money will be paid to the Sheriff's Department under the CNTPA and EMPOU. Any funds paid to the Sheriff's Department will off-set the cost of the Buckeye State Sheriff's Association Jail Linkage System Contract, and thus would be paid back into the jail tax levy fund."

Said contracts are considered a part hereof to this resolution by reference thereto and can be found on file in the Commissioners/ Sheriff Office and is effective December 17, 1998, for a period of 18 moths and contain a ninety (90) day cancellation clause as follows:

1) Granting the Social Security Administration access to Lorain County booking information via the Buckeye State Sheriff's Association Jail Linkage System
2) Authorizing the payment to the Sheriff's Department when a Lorain County Correctional Facility inmate ineligible recipients SSI benefits are suspended.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the request of M. Robert Flanagan, Assistant County Prosecutor by memo dated December 10, 1998 on behalf of Sheriff Martin Mahony we hereby approve and enter into the above listed contacts between the Board of Commissioners and The Social Security Administration for the Lorain County Correctional Facility.

BE IT FURTHER RESOLVED, we hereby authorize the President to execute on behalf of the Board.

Motion by Vasi, seconded by Blair to adopt Resolution. Ayes: All.
Motion carried.

B.14 RESOLUTION NO. 98-979

In the matter of authorizing the Lorain County Solid Waste)
Management District to receive proposals for tire collection) December 17, 1998

WHEREAS, Sally Pecora, Acting Director, Lorain County Solid Waste Management District by memo dated November 12, 1998 submitted the following:

"Enclosed please find a draft copy of the RFP for tire collections for upcoming years. Please review this document at your convenience. Please feel free to call me with additions or deletions to this RFP. The District request your approval on this matter. Your prompt action on this matter will insure uninterrupted tire collection for Lorain County residents, as our present contract is due to expire on December 31, 1998.

If I can be of assistance, please don't hesitate to contact me."

Said contract will be for a period of one (1) year with thirty (30) day cancellation clause.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the memo dated November 12, 1998 by Sally Pecora, Acting Director, LCSWMD we hereby authorize the Lorain County Solid Waste Management District to receive proposals for tire collection.

Motion by Vasi, seconded by Ross to adopt Resolution. Ayes: All.

Motion by Blair, seconded by Vasi to adopt Resolution. Ayes: All.
Motion carried.

B.17 RESOLUTION NO. 98-982

In the matter of approving and entering into Contract between)
Board of Commissioners and Heritage Environmental to) December 17, 1998
administer a one-day Household Hazardous Waste Collection)
Program contact in the amount of $92,698.00)

WHEREAS, Sally Pecora, Acting Director, Lorain County Solid Waste Management District by memo dated November 24, 1998 submitted the following:

"Enclosed you will find the proposal review that was prepared by the HHVV Committee. Their choice is Heritage Environmental Services. This is the company that Lorain County has used for the last four years.

Although the proposal submitted by EEI was the lowest, it was very generic in nature and not specific to Lorain County. Please read the committee's concerns on page 2.

Clean Harbors addressed many of the committee's concerns, however they did not follow the format of the RFP. A copy of the RFP is also enclosed. My main concern with Clean Harbors is their lack of generator status acceptance (bullet #2 on page **4).** They are willing to "negotiate " a contract with an equal distribution of risks involved.

I agree with the committee that Heritage is the best contractor to suit Lorain County's needs.

Your approval on the matter is greatly appreciated."

Said quote was the lowest and most responsive received.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the memo dated November 24, 1998 by Sally Pecora, Acting Director, LCSWMD we hereby approve and enter into contract between the Board of Commissioners and Heritage Environmental to administer a one-day Household Hazardous Waste collection Program in the amount of $92,698.00.

FURTHER, BE IT RESOLVED, said approval is contingent upon a thirty (30) day cancellation clause.

Motion by Vasi, seconded by Ross to adopt Resolution. Ayes: All
Motion carried. _____(discussion was held on the above)

B.18 RESOLUTION NO. 98-983

In the matter of approving the Lorain County Solid Waste)
Management Plan) December 17, 1998

WHEREAS, Sally Pecora, Acting Director, Lorain County Solid Waste Management District by memo dated September 25, 1998 submitted the following:

"The Lorain County Solid Waste Management Policy Committee (Policy Committee) on September 2, 1998 formally adopted the draft Lorain County Solid Waste Management Plan (Plan). The Policy Committee prepared the Plan in accordance with Section 3734.53 of the Ohio Revised Code. Ohio EPA reviewed the Plan and provided comments to the Policy Committee. The Plan was revised and a 30-day public comment period was held followed by a public hearing on September 2, 1998.

Ohio Revised Code requires the Policy Committee to deliver a copy of the Plan to the Board of Commissioners, the legislative authority of each municipal corporation and township forming the - District within 30 days after formally adopting the Plan. Within **90 days after receiving a copy, each Board and legislative authority shall approve or disapprove the plan by ordinance or resolution and deliver a copy to the Committee.** Payment in the amount of $15,256.00)

The Policy Committee shall declare the draft plan to be ratified as the solid waste management plan of the District upon determining the Board of Commissioners, and the legislative authorities of municipal corporations and townships with a combined population within the District comprise at least sixty percent of the total population have approved the draft plan. The combination of legislative authorities must include the municipal corporation with the largest population.

Once the plan is ratified the Policy Committee submits it to the Director of the Ohio EPA for final review and approval of the requirements of Section 3734.53 of the Ohio Revised Code. The Director shall by order approve or disapprove the Plan within ninety days.

Three copies of the Plan are attached for the review of your Council or Board of Trustees. An Executive Summary is included as Section 11 of the Plan. If you would like additional copies of the Plan please call the Lorain County Solid Waste Management District. If you have questions about the Plan, please call me at 329-5440. Remember your Board or Council must vote to approve or disapprove the plan within 90 **days** of receipt of this letter.

Please forward the resolution or ordinance approving or disapproving the Plan to: Sally Pecora, Acting District Coordinator, LCSWMD, 226 Middle Avenue, Elyria, Ohio 44035"

NOW, THEREFORE, BE IT RESOLVED, by the Lorain County Board of Commissioners that based upon the letter dated September 25, 1998 by Sally Pecora, Acting Director, LCSWMD we hereby approve the Lorain County Solid Waste Management Plan.

B.19 RESOLUTION NO. 98-984

In the matter of renewing the contract between the Board of)
Commissioners and Lorain County Community College for) December 17, 1998
the operation of the Criminalistic Laboratory)

WHEREAS, Joseph A. Sarnovsky, Vice President of Administrative Services, Lorain County Community College by letter dated December 3, 1998 submitted the following:

"The contractual agreement between the Commissioners of Lorain County and Lorain County Community College for the operation of the Criminalisties Laboratory is a continuing agreement and provides for annual renewal to be completed during the month of December and concluded with a memorandum noting acceptance of continuance or amendment as appropriate. The purpose of this letter is to inform you that the College recommends **continuation** of the subject agreement for the period January 1, 1999, through December 31, 1999, in the form and content as documented through this annual process since December 1982.

With regard to the financial situation, presently the Criminalistics Laboratory is operating with an annual budget of $160,000 and with an operating reserve of approximately $290,000. Revenue derived from the continuous levy supporting the Laboratory generates approximately $190,000 per year. Consequently, it appears the Laboratory will be able to continue to function at the current level for the foreseeable future.

We enclose for your information the Minutes of the November 19, 1998 Criminalistics Laboratory Advisory Committee meeting, the Criminalistics Laboratory's Budget for 1999/00 and the Inventory of Equipment completed in November 1998.

Since we are not aware of any operational or service issues, which ought to be integrated into the Criminalisties Laboratory contract, we recommend continuation of the Criminalistics Laboratory contract for **Calendar Year 1999.** Please note your acceptance of continuation for Calendar Year 1999 by Resolution or through execution as noted below. Please return a copy of this letter or the Resolution to me.

Sincerely, S/Joseph A. Sarnovsky, Vice President for Administrative Services"

Said contract is considered a part hereof to this resolution by reference thereto and can be found on file in the Commissioners Office, effective January 1, 1999 – expiring December 31, 1999.

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the letter form Joseph A. Sarnovsky, Vice President for Administrative Services by letter dated December 3, 1998 we hereby renew the contract between the Board of Commissioners and Lorain County Community College for the operation of the Criminalistics Laboratory.

Motion by Blair, seconded by Vasi to adopt resolution. Ayes: All
Motion carried.

RESOLUTION NO. 98-985

In the matter of approving the Grant Agreement B-F-98-043-01)
For CDBG FY'98 Small Cities Formula) December 17, 1998

BE IT RESOLVED, by the Lorain County Board of Commissioners that we hereby approve the Grant Agreement B-F-98-043-01 for CDBG FY'98 Small Cities Formula.

Said projects are as follows for the CDBG FY98, Small Cities Formula:

The Ohio Department of Development's Office of Housing and Community Partnership has awarded Lorain County Four Hundred, Sixty-one Thousand Dollars and no cents ($461,000) for the completion of public services and other projects benefiting low and moderate income citizens of Lorain County, Ohio. The Board of Commissioners made application for these funds in September of 1998, following two (2) public hearings. The first hearing was held in April 1998.

The County will administer the following projects with a completion date of December 31, 1999:

A.) County Projects - *[The Board of Commissioners administers Community Development Block Grant (CDBG) projects to benefit low and moderate residents within Lorain County. The County is limited to no more than six (6) activities within the county per fiscal year. Applications for projects are requested annually. Once evaluated, projects are selected based on meeting the national objectives as developed by the State Department of Development and the U.S. Office of Housing and Urban Development HUD).]*

A project in **Grafton Village's** Willow Park, has been selected to remove spot blight within the Village. This project will include the reconstruction of a restroom facility making it handicapped accessible. This reconstruction project will also provide the community with parking and walkway access and clear floor space for those using the facility. The total cost of this project has been estimated at $48,844.75. The Board of Commissioners and the Ohio Department of Development will provide $31,500 in CDBG funds. The Village of Grafton will provide the balance of funding to complete the project.

In **Eaton Township** the Board of Commissioners are working with the Department of Development to install 3,082 linear feet of 8" and 2,000 linear feet of 6" sanitary sewer lines; 12 manholes; as well as 67 wyes within Eaton Estates Subdivision. This is an old undersized sewer line that needs to be replaced. The estimated cost of the project is $212,328.50. $118,700 will be provided through CDBG funds and $93,600 will be provided through the use of State Issue 2 funds.

An existing restroom facility will be made handicapped accessible in the **Pittsfield Township** Hall. This structure is located on the northwest corner of the intersection of State Routes 58 and 303. This activity is the removal of an architectural barrier. The projected cost is $14,700.

The **Neighborhood House Association** will receive $40,000 to continue their Homeless Shelter(s) operation. This is a public service activity. It is anticipated that some 900 people will be served by this facility during the 1999 year. The total program cost is $279,352.00. The State of Ohio and the Board of Commissioners will provide $40,000 while the balance of $239,a52 will be provided by various other sources.

The Board of Commissioners will provide $11,200 as a public service activity to the **Senior Citizen's Association for Lorain County.** This will provide counseling and other services to our elder citizens in Lorain County. Various other sources will provide $12,800 dollars as a funding match for this program.

A countywide home and building repair program administered by the **County** will receive a total of $52,500 for emergency repairs to five (5) low and moderate-income homeowners. This activity will allow 16 **Sheffield Township** low and moderate-income homeowners to be reimbursed for having paid their sanitary sewer tap-in fees. The State Department of Development and the Board of County Commissioners are pleased to make this assistance available to these eligible households.

The Board of Commissioners and the State of Ohio will provide a Fair Housing Program through the **Urban League of Lorain County.** Brochures concerning Fair Housing will be circulated and on display in several Lorain County locations. In addition, monthly training sessions will be held on topics such as: Disability and Fair Housing Rights, Fair Housing Accessibility , Buyer Rights Under Fair Housing Laws, Identifying the Language of Discrimination, Renters Rights under the Fair Housing Laws, and The Scope of Fair Housing, an Update. $14,600 will be provided from CDBG funds toward this training and counseling effort in Lorain County.

Lorain County will administer the fiscal year 1998 CDBG programs and activities through the use of $42,000 General Administration funds. These dollars cover the cost of advertising, completing the environmental reviews, project bidding, awarding construction contracts, construction supervision and, as needed, construction inspections.

Lorain County received a Farmland Preservation Grant in the amount of $10,000 to complete a Farmland Preservation Report for the County. This was a one-time planning grant offered by the State for the completion of a farmland study. This planning grant is matched with $10,000 in local in-kind services from the Community Development Department and the OSU Extension Office on Russia Road. This work will be completed prior to December 31, 1999.

B.) Acquired City - *[Lorain County provides administrative oversight for five (5) Small Cities that includes: Amherst, Avon, Avon Lake, Oberlin and Sheffield Lake. Each of these Cities selects their own programs to be administered by the County. Each community is limited to no more than three (3) activities per community.]*

The **City of Amherst** has elected to reconstruct Virginia Court as its project. Virginia Court will be increased in width from 17 feet to 19 feet following construction. This street is 884 feet in length. The estimated cost of this project is $34,400. Amherst City will use its entire allocation of $29,800 dollars on this street reconstruction project. The City of Amherst will provide all funds above the $29,800 provided by CDBG.

The **City of Avon** submitted a project, which was deemed to be in eligible. City has elected to concentrate its efforts on their fiscal year 1999 application.

The delivery of meals to several elderly and handicapped citizens living in the **City of Avon Lake** was the first of two (2) CDBG funded activities. Funding for this program has been established at $10,800 for the year of 1999. The City of Avon Lake will also remove architectural barriers from its street intersections. The City will be installing approximately 3,100 square feet of new concrete at various City Street intersections. This work will be completed prior to December 31, 1999. In total the City of Avon Lake has been allocated $34,000 from the Department of Development for these two projects.

Oberlin City is in the process of acquiring vacant property for the construction of low income housing units on scattered sites within its corporate limits. This is the second and final year of this project. At least 12 parcels will be acquired over the two (2) year period. Within three (3) years of property acquisition, the new homes will be constructed on each of the sites. A total of $32,300 will be available to Oberlin City in 1999 to purchase vacant building sites.

Six (6) owner occupied homes will be receive up to $5,000 each for home repairs, based on the income eligibility of the household, in **Sheffield Lake City.** The total amount of CDBG funds allocated for this activity is in the City of Sheffield Lake is $29,700.

FURTHER, BE IT RESOLVED, we hereby authorize the President to execute on behalf of the Board.

A.2 JOURNAL ENTRY

Jason George, Peck, Shaffer & William was present representing Mary Duffey, to request a resolution to effect the Release of Real Property, from Leases and Sublease with Catholic Healthcare partners.

Mr. George stated that the entities within this Bond Issue have determined that it is necessary to release certain properties from the Lease and Sublease for private use.

Commissioner Vasi asked how this would affect the bond issue, and Mr. George responded that it would not effect the issue at all. This reason this is being done in this way is to that will not effect the tax exempt status of the Bonds. The private use of the property is for a medical office building with some of the office space for doctors.

Commissioner Blair commented that this Board has received written memorandum from Squire, Sanders & Dempsey, legal counsel for the
County, who has advised that the resolution as well as the documents are appropriate for the Commissioners to adopt, approve, execute and deliver.

The Commissioners thanked Mr. George for his presentation.

The following resolution was adopted:

RESOLUTION NO. 98-991

The Board of County Commissioners of Lorain County, Ohio met in regular session on the 29th day of December 1998, with the following members present:

Michael A. Ross, President E. C. Blair Mary Jo Vasi

Commissioner Blair introduced the following resolution and moved its adoption:

A RESOLUTION AUTHORIZING THE EXECUTION AND DELIVERY OF A FIRST SUPPLEMENTAL DEED OF EASEMENT AND OF IMPROVEMENTS WITH ST. CHARLES MERCY HOSPITAL AND A FIRST SUPPLEMENTAL AMENDED AND RESTATED SUBLEASE WITH CATHOLIC HEALTHCARE PARTNERS IN ORDER TO RELEASE CERTAIN PROPERTY FROM SUCH EASEMENT AND SUBLEASE.

WHEREAS, St. Charles Mercy Hospital (aka St. Charles Hospital of Oregon, Ohio) ("St. Charles Hospital") has granted an easement under, over, through and upon certain of its property (the "1997 Project") pursuant to and as defined in the Deed of Easement and of Improvements dated as of October 1, 1997, as amended and supplemented to date (the "St. Charles Easement") to the County of Lorain, Ohio (the "County"), and the County has subleased t he 1997 Project (sometimes also called the "St. Charles Hospital Existing Facilities") and certain other hospital facilities comprising in the aggregate the "Existing Facilities" to Catholic Healthcare Partners (the "Corporation") pursuant to and as defined in the Amended and Restated Sublease dated as of August 1, 1998 (the "Sublease"); and

WHEREAS, the Corporation and St. Charles Hospital are each Ohio nonprofit corporations, no part of the net earnings of which inures or may lawfully inure to the benefit of any private shareholder or individual, and which have authority to operate "hospital facilities" as that term is defined in Section 140.01, Ohio Revised Code; and

WHEREAS, the County has determined, and the Corporation and St. Charles Hospital have agreed, that it is in the interest of the better provision of healthcare services to release a portion of the land which is a component of the 1997 Project from the St. Charles Easement and from the Sublease so that St. Charles Hospital may convert such land to a private use, and which such land is not otherwise needed for the operation of the 1997 Project; and

WHEREAS, it is necessary in order to release land from the St. Charles Easement and the Sublease to provide for the authorization of supplements to the St. Charles Easement and the Sublease to amend the definition of the real property subject to such instruments to delete from each the description of the land that will be converted to private use at the 1997 Project.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of the County of Lorain, Ohio:

SECTION 1. That at least two members of the Board of County Commissioners be and they are hereby authorized and directed to execute and enter into, on behalf of the County, a First Supplemental Deed of Easement amending the St. Charles Easement and a First Supplemental Amended and Restated Sublease amending the Sublease (the "Supplemental St. Charles Easement" and "Supplemental Sublease", respectively) with St. Charles Hospital and the Corporation, respectively, to effect the release and removal of certain real property no otherwise needed for the operation of the 1997 Project, a legal description of which real property to be released is attached hereto as Exhibit A. The Supplemental St. Charles Easement and the Supplemental Sublease shall be substantially in the forms presented to this Board of County Commissioners and on file with the Clerk, subject to such changes, insertions and omissions as may be approved by this Board of County Commissioners, which approval shall be conclusively evidenced by the execution of such St. Charles Supplemental Easement and such Supplemental Sublease as aforesaid. It is hereby determined that the St. Charles Supplemental Easement and the Supplemental Sublease will promote the public purpose stated in Section 140.02, Ohio Revised Code, and the County will be duly benefited thereby.

SECTION 2. That the appropriate officers of the County be and they hereby are authorized to execute and deliver on behalf of the County such other certificates, documents and lestruments in connection with the amendments effected by the St. Charles Supplemental Easement and the Supplemental Sublease as may be required, necessary or appropriate. Such documents shall be subject to such changes, insertions and omissions as may be approved by the Board of County Commissioners, which approval shall be conclusively evidenced by the execution thereof by the proper officers of the Board of County Commissioners.

SECTION 3. That it is found and determined that all formal actions of this Board concerning and relating to the adoption of this resolution were adopted in an open meeting of this Board of County Commissioners, and that all deliberations of this Board of County Commissioners and of any of its committees that resulted in such formal action, were in meetings open to the public, in compliance with the law, including Section 121.22 of the Ohio Revised Code, and the rules of this Board of County Commissioners in accordance therewith.

SECTION 4. That all resolutions or parts thereof, in conflict with the provisions of this resolution are, to the extent of such conflict, hereby repealed.

SECTION 5. That this resolution shall be effective from and after its adoption.

Commissioner Vasi seconded the motion and the roll being called for adoption of the foregoing resolution, the vote thereon resulted as follows:

B.10 RESOLUTION NO. 98-999

In the matter of accepting improvements and enter into a one)
year maintenance agreement for Rodak Ridge Subdivision) December 29, 1998
David Development Inc., Calvin Smith, Development)
LaGrange Township)

WHEREAS, Kenneth P. Carney, Lorain County Engineer by letter dated December 9, 1998 submitted the following:

"Rodak Ridge Subdivision, containing twenty (20) lots and concrete pavement with drainage improvements were constructed. A final field inspection was made on December 8, 1998 by our office. The LaGrange Township Trustees have given their acceptance of the improvements (see attached letter). The inspection fees have been paid by the developer on December 10, 1998.

This office recommends that the Board pass a resolution accepting the improvements, and the entering into a one year maintenance agreement on behalf of the LaGrange Township Trustees for the subject subdivision as recorded in Plat Volume 61, Page 30 in the Lorain County Record of Plats, and accept as follows:

Rachael Drive, with an assigned Road Number T-252, easterly from the centerline of Whitehead Road, CR48, to the center point of a cul-de-sac, 2030.00 feet or 0.384 miles.

Rhonda Lane, with an assigned Road Number T-253, southerly from the centerline of Rachael Drive, T-252, to the end of pavement, 420 feet or 0.080 miles. A temporary turnaround was installed.

Please assign Rachael Drive and Rhonda Lane to be a part of the LaGrange Township Road System. As soon as the necessary resolution has been passed, please forward a copy to this office so that it may be inserted into the Lorain County Road Records.;

Also included is a cash deposit guarantee for the subdivision improvement for one year at Lorain National Bank.

If you have any questions, please contact this office.

Sincerely, S/Kenneth P. Carney, Lorain County Engineer"

NOW, THEREFORE BE IT RESOLVED, by the Lorain County Board of Commissioners based upon the review and recommendation of Kenneth P. Carney, Lorain County Engineer by letter dated December 9, 1998 we hereby accept the improvements for the Rodak Ridge Subdivision, David Development, Inc., Calvin Smith Development, LaGrange Township.

FURTHER BE IT RESOLVED, we hereby enter into a one (1) year maintenance agreement on behalf of the Township which is considered a part hereof to this resolution by reference thereto and can be found on file in the Commissioners/Engineer's Office.

BE IT FURTHER RESOLVED, said roads will be added to the LaGrange Township Road System as follows:

In the matter of awarding bids to vendors for supplying various) food items to the Lorain County Detention Home and Golden Acres County Home for a period January 1 – June 30, 1999) December 29, 1998

WHEREAS, Yvonne Newton, Purchasing Director by letter dated December 20, 1998 submitted the following:
"On December 3, 1998, bids were received on various categories of food items for the following Lorain County Facilities:
Lorain County Detention Home
Lorain/Medina C.B.C.F. - **(No Bids were received)** Golden Acres County Home
I have recapped all bids received and with this submit, on the attached sheet, a recommendation to award these bids to the most responsive and best bidders.
Please note that, due to the volatility of food prices, I have instructed the successful bidders to inform the Purchasing Department in writing of any anticipated increases in the products, which they supply. They must notify the facilities, which purchase these food items of any anticipated increase also. Invoices which reflect a price increase which was not approved before delivery will be held for justification. These bids will be for the period January 1, 1999 - June 30, 1999.
Respectfully, S/Yvonne Newton, Purchasing Director"

Said bids were the lowest and most responsive receiving complying with specifications.

JOURNAL ENTRY

Commissioner Ross discussed a request from South Shore Community Development Corporation regarding an urban redevelopment loan program application dealing with the St. Joseph's Hospital project. Commissioner Ross has been in contact with Attorney Tony Giardini and Congressman Sherrod Brown regarding this project. Secretary Donna Shalala promised to pledge her support to redevelop that property in Lorain, Ohio. Commissioner Ross stated that in the very beginning, he was in favor of this project and would ask this Board to consider this project and participate to utilize the re-development of this hospital as a multi-purpose community center with a transportation hub, daycare, job training etc. Commissioner Ross said the County has been asked to guarantee, in conjunction with the City of Lorain, 25% of the redevelopment loan from the State.

Commissioner Ross advised that today was the deadline to make a decision whether or not to participate in this project and asked in a formal motion, to join in partnership with the City of Lorain to guarantee 25% of this loan to support the redevelopment of the St. Joseph Hospital project.

Commissioner Vasi asked the amount of the loan or what the County's 25% would be. Commissioner Ross said that $450,000.00 would be the 25% of the loan the County would need to guarantee. The total amount of the loan was approximately $2 million.

Commissioner Blair said that when the principles visited this Board in the past year, we asked for a seat on the Board, and wanted to know if that has been addressed.

Commissioner Ross responded yes, that it decided either a Commissioner or their representative maintains a seat on the Board. Commissioner Blair asked what are the terms of this guarantee. Commissioner Ross responded that the total potential for the County would be the 25% of the State loan. If the project would default, the County would be in a position to own ¼ of the building.

Discussion continued.

The following resolution was adopted:

RESOLUTION NO. 98-1012

In the matter of expressing intent to participate) in the South Shore Community Development) Corporation Urban Redevelopment Loan) Program and guarantee 25% of the State loan in) the amount of $450,000.00) December 29, 1998

BE IT RESOLVED, we do hereby express intent to participate in the South Shore Community Development Corporation Urban Redevelopment Loan Program and guarantee 25% of the State loan in the amount of $450,000.00.

BE IT FURTHER, RESOLVED, the President of the Board be authorized to execute a letter to the Ohio Department of Development advising of this Board action.

Motion by Ross, seconded by Blair to adopt Resolution. Ayes: All, *with Exception of Vasi voted "nay"!!*
Motion carried.

JOURNAL ENTRY

Commissioner Blair commended John Rokasy, Budget Director who prepared information for the Board on some of the accomplishments of 1998 in conjunction with the passage of the appropriations. Commissioner Ross read a few points such as the Lorain County Correctional Facility project is completed and the $5 million debt has been paid in its entirety;

Interest earned by the County remains strong and in 1998 interest earned totals slightly over $7 million Major renovations to the County Parking Garage are completed and provide safer and more efficient parking accommodations. Properties have been purchased to accommodate the construction of the new Justice Center. The Oracle Computer System is now on-line to upgrade and improve county services. The County's A-1 Moody's Bond Rating has been maintained to enhance lower borrowing costs throughout the year and into the future. The continued set-aside of monies into the budget stabilization account will help guard against the negative consequences of an economic downturn. Revitalization of the Community Development Department/County Planning has been implemented.

Commissioner Ross said we are well underway in making progress

Commissioners thanked Mr. Rokasy and his staff for a job well done.
